# **INDEPENDENT AUDITOR'S REPORT**

To the Honorable Board of County Commissioners and the County Manager Clark County, Nevada

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of Clark County, Nevada, as of and for the year ended June 30, 2012, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of University Medical Center of Southern Nevada, Las Vegas Valley Water District, or Big Bend Water District, which, when combined, represent 32 percent, 28 percent, and 60 percent, respectively, of the assets, net position, and revenues of the Enterprise Funds. Additionally, we did not audit the financial statements of the Regional Transportation Commission of Southern Nevada, a discretely presented component unit. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for University Medical Center of Southern Nevada, Las Vegas Valley Water District, Big Bend Water District, and Regional Transportation Commission of Southern Nevada is based solely on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the County as of June 30, 2012, and the respective changes in financial position and cash flows, where applicable, thereof, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 10, 2013, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and pension and OPEB trend data and related notes on pages 3 through 12 and 135 through 156 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the management's discussion and analysis and pension and OPEB trend data, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The budgetary comparison information and related notes are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements and the information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

# Report on Schedule of Expenditures of Federal Awards

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Clark County, Nevada's basic financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Kafoury, armstrong \$ Co.

Las Vegas, Nevada January 10, 2013 except for our report on schedule of expenditures of federal awards for which the date is March 22, 2013

### Clark County, Nevada

### Management's Discussion and Analysis June 30, 2012

The discussion and analysis of Clark County, Nevada (the County) is designed to, (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the County's financial activities, (c) identify changes in the County's financial position (its ability to address subsequent years' challenges), (d) identify any material deviations from the financial plan (the approved budget), and (e) identify individual fund issues or concerns.

We encourage readers to read this information in conjunction with the transmittal letter, financial statements and accompanying notes to gain a more complete picture of the information presented.

### Financial Highlights - Primary Government

- The auditor's report offers an unqualified opinion that the County's financial statements are presented fairly in all material respects.
- Government-wide net position totaled \$11,679,044,477. Net position of governmental activities totaled \$7,465,020,346 and those of business-type activities totaled \$4,214,024,131.
- The County's total net position decreased by \$167,028,725, resulting from a decrease in net position from governmental activities of \$47,414,719 and a decrease in net position from business-type activities of \$119,614,006. Net position from governmental activities decreased mainly due to an increase in other post-employment benefits liability. Net position from business-type activities decreased due to unrealized losses of the Department of Aviation on derivative investments and dispositions of capital assets.
- Unrestricted net position was \$2,058,250,046, with \$1,267,135,049 resulting from governmental activities and \$791,114,997 from business-type activities. Unrestricted net position from governmental activities decreased by 8 percent from the prior year, and unrestricted net position from business-type activities decreased by 5 percent over the prior year.
- Net capital assets were \$15,127,074,175 of which \$6,415,586,617 were from governmental activities and \$8,711,487,558 were from business-type activities. Major additions for governmental activities during the year included \$141 million toward beltways, roadways, and streets, and \$69 million toward flood control projects and \$69 million towards Parks and Recreation Facilities. Major additions for business-type activities during the year included \$28 million in water system additions, \$265 million for terminal 3 and other additions for the Department of Aviation, and \$64 million in sewer system additions. Depreciation expense attributable to assets of governmental activities amounted to \$257,878,397 for the year, and \$305,864,026 for business-type activities.
- Bonds and loans payable totaled \$10,000,712,571. The following new debt was issued during the fiscal year:

#### Governmental activities:

General obligation bonds: \$85,015,000 in Southern Nevada Water Authority refunding bond bank bonds

#### Business-type activities:

General obligation bonds: \$496,145,000 in bonds for the Las Vegas Valley Water District

Revenue bonds \$200,000,000 in bonds for the Department of Aviation

- The County's primary revenue sources for governmental activities were ad valorem taxes (\$596,242,477) consolidated taxes (\$421,641,628), and sales and use taxes (\$231,643,158). These three revenue sources comprised 23 percent, 17 percent, and 9 percent, respectively, or 49 percent of total governmental activities revenues.
- The County's total expenses were \$4,256,296,523. Governmental activities comprised \$2,563,024,700 of total expenses, the largest functional expenses being public safety (\$1,148,289,674) and public works (\$476,903,001). Business-type activities contributed \$1,693,271,823 to total expenses, the largest components being hospital (\$578,145,268), airport (\$552,924,971), and water (\$382,888,651).
- General government expenses were \$168,284,261, or 10 percent less than the prior year due to continued cost containment.
- Welfare expenses were \$149,211,271 or 5 percent less than the prior year due to a decrease in available property taxes.
- At the end of the fiscal year, the unassigned fund balance for the General Fund was \$166,968,111 or 11 percent of total General Fund expenditures and transfers out.

### Overview of the Financial Statements

• This discussion and analysis is intended to serve as an introduction to the County's basic financial statements which are composed of government-wide financial statements, fund financial statements, and accompanying notes. This report also contains required supplementary information in addition to the basic financial statements.

Government-Wide Financial Statements

- o The government-wide financial statements are designed to provide readers with a broad overview of the County's finances in a manner similar to a private-sector business.
- o The statement of net position presents information on all of the County's assets, deferred outflows, liabilities, and deferred inflows. The difference between assets and deferred outflows less liabilities and deferred inflows is reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.
- o The statement of activities presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation and sick leave).
- o The government-wide financial statements report three types of activities: governmental activities, business-type activities, and discretely presented component units. The government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include general government, judicial, public safety, public works, health, welfare, culture and recreation, community support, other, and interest on long-term debt. The business-type activities of the County include operations of its hospital, airports, water and sewer utilities, and other operations. Discretely presented component units account for functions of legally separate entities for whom the County is financially accountable, but whose governing bodies are not substantially the same as the County. The activities of the discretely presented component units include regional transportation and flood control planning. Complete financial statements of the individual component units can be obtained from their respective administrative offices. Contact information is included in The Reporting Entity section of Note I, Summary of Significant Accounting Policies.
- o The government-wide financial statements include not only the business-type activities of the County itself (known as the primary government), but also those of the legally separate component units: University Medical Center (UMC),

Las Vegas Valley Water District, Big Bend Water District, and the Clark County Water Reclamation District. The Board of County Commissioners acts as the governing board for each of these component units whose activities are blended with those of the primary government because they function as part of the County government. Complete financial statements of the individual component units can be obtained from their respective administrative offices. Contact information is included in The Reporting Entity section of Note I, Summary of Significant Accounting Policies.

### Fund Financial Statements

o A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

### Governmental Funds

- Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financial requirements.
- Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.
- The County maintains individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund and the Las Vegas Metropolitan Police Department fund, both of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds are provided in the combining and individual fund statements and schedules. In accordance with Governmental Accounting Standards Board (GASB) Statement 54, *Fund Balance Reporting and Governmental Fund Type Definitions* certain special revenue funds have been included in the General Fund for financial reporting purposes as shown in the Major Governmental Funds section. These funds are not included for budgetary comparison purposes described below.
- The County adopts an annual appropriated budget for each of its governmental funds. A budgetary comparison statement is provided for each of the County's governmental funds to demonstrate compliance with the budget. The budgetary comparison statements for the major governmental funds are presented as required supplementary information; the budgetary comparison statements for all other governmental funds are included in the fund financial statements accompanying information.

### **Proprietary Funds**

- The County maintains two distinct types of proprietary funds.
  - Enterprise funds are used to report the same functions presented as business-type activities in the governmentwide financial statements. The County uses enterprise funds to account for its hospital, airport, water, sewer, and other activities.
  - Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. Because these services predominately benefit governmental rather than business-

type functions, they have been included within governmental activities in the government-wide financial statements. The County uses internal service funds to account for the following activities:

- \* Construction management
- \* Fleet maintenance
- \* Investment pool operations
- \* Employee benefits
- \* Central printing and mailing
- \* Information systems development
- \* Self-insurance activities, including:
  - + Liability insurance
  - + Workers' compensation
  - + Group insurance
  - + Other post-employment benefits
- Proprietary funds provide the same type of information as the government-wide financial statements, but with more detail. The proprietary fund financial statements provide separate information for UMC, Clark County Water Reclamation District, and the Las Vegas Valley Water District, each of which is a blended component unit and reported as a major fund within the fund financial statements. In addition, separate information is provided for an additional major fund, the Department of Aviation. Conversely, the internal service funds are combined into a single aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the combining and individual fund statements and schedules.

### Fiduciary Funds

The County's fiduciary funds consist of two (2) employee benefit funds, one (1) pension fund, and 41 agency funds. The employee benefit funds are the Medical Insurance Premium Retirement Plan and the County Section 125 Plan. The pension fund is the Las Vegas Valley Water District Pension Plan. The agency funds are used to hold monies for other entities or individuals until disposition.

### Notes to Financial Statements

- The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

### Other Information

- In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Las Vegas Valley Water District's progress in funding its obligation to provide pension benefits to its employees as well as a schedule of funding progress for other post-employment benefits. It also includes a schedule of budgetary comparisons for the following major governmental funds:
  - General Fund
  - Las Vegas Metropolitan Police Department Special Revenue Fund
- The combining statements and individual fund budgetary schedules are presented immediately following the required supplementary information.
- Unaudited statistical information is provided on a ten-year basis for trend and historical analysis, except where data is not available due to the initial year of GASB Statement No. 34 presentation.

## Government-Wide Financial Analysis

• Net position of the County as of June 30, 2012, and June 30, 2011, are summarized and analyzed below:

| Clark County, Nevada | Net Position - Primary | Government |
|----------------------|------------------------|------------|
|                      |                        |            |

| Net position   |   |  |   |   |  |  |  |  |
| Net investment in capital assets<br>Restricted<br>Unrestricted<br>Total net position | 5,327,763,179<br>870,122,118<br><u>1,267,135,049</u><br>\$7,465,020,346 | 5,161,926,856<br>997,318,673<br><u>1,353,189,536</u><br>\$ 7,512,435,065 | 3,117,337,900<br>305,571,234<br><u>791,114,997</u><br>\$4,214,024,131 | 3,108,143,202<br>396,624,708<br><u>828,870,227</u><br>\$4,333,638,137 | 8,445,101,079<br>1,175,693,352<br><u>2,058,250,046</u><br>\$11,679,044,477 | 8,270,070,058<br>1,393,943,381<br><u>2,182,059,763</u><br>\$11,846,073,202 |  |  |
| Total net position   | \$ 7,465,020,346  | <u>\$7,512,435,065</u>   | \$ 4,214,024,131  | \$4,333,638,137   | <u>\$11,679,044,477</u>  |  |  |  |

- As noted earlier, net position may serve over time as a useful indicator of the County's financial position. Assets and deferred outflows exceeded liabilities and deferred inflows by \$11,679,044,477 as of June 30, 2012, and by \$11,846,073,202 as of June 30, 2011, a net decrease of \$167,028,725, or one (1) percent.
- The largest portion of the County's net position (72 percent) reflects its investment in capital assets (e.g., land, buildings, infrastructure, machinery and equipment, etc.), less any related debt outstanding used to acquire those assets (unspent proceeds from long-term debt issues). The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate the debt.
- The County's restricted net position (10 percent) represents resources that are subject to external restrictions on how they may be used. Of restricted net position, 30 percent is for construction of capital assets, 33 percent is for repayment of long-term debt, 16 percent is for police protection, and the balance is restricted for the County's special revenue funds or other purposes.
- The remaining portion of the County's net position (18 percent) is unrestricted and may be used to meet the County's ongoing obligations to citizens and creditors.
- At June 30, 2012, the County had positive balances in all three categories of net position, both for the government as a whole, as well as for separate governmental and business-type activities

# Clark County, Nevada Changes in Net Position - Primary Government

• Program revenues included charges for services, fines and forfeitures, certain licenses and permits, special assessments, and both operating and capital grants and contributions. Program revenues from governmental activities decreased by \$85,862,178, or eight (8) percent, due to decreases in donated infrastructure and decreases in federal grant activity. Program revenues from business-type activities increased by \$34,454,210, or two (2) percent, primarily due to increases in hospital revenue.

- General revenues consisted of taxes and interest not allocable to specific programs. For governmental activities, the largest of these revenues, ad valorem taxes, decreased by \$5,196,302 or one (1) percent. This relatively small decrease reflects the stabilization of assessed values during the fiscal year. Consolidated tax increased by \$17,653,827, or four (4) percent, and sales and use tax increased in governmental activities by \$13,402,436, or six (6) percent, both due to a continued increased in economic activity during fiscal year 2012. Franchise fees decreased by \$14,146,744 or fourteen (14) percent, due to non-recurring audit assessments in FY11. Interest revenue for governmental activities decreased by \$13,928,973 or 41 percent; interest revenue for business-type activities decreased by \$110,610,772, or 187 percent. These decreases were due to lower rates of investment returns and an unrealized loss of \$109 million on Department of Aviation derivative investments.
- County governmental activity expenses increased one (1) percent in fiscal year 2012. Decreases in general government of \$19,264,027 or 10 percent were due to a reduction in grants and election expenses. Public works expenses increased by \$58,496,178, or 14 percent due to increased road construction and financing. Health expenses increased \$21,014,015 or 19 percent due to retroactive payments to the State reimbursing Medicaid and training costs. Welfare support expenses decreased by \$7,614,109, or five (5) percent, due reductions in property taxes available to fund this function. Community support decreased by \$15,021,363 or 38% due to decreased grant activity. Sewer functional area expenses decreased \$17,399,423, or 11 percent, due to a one-time loss of funds invested in the Clean Water Coalition in the prior year.

### Financial Analysis of the County's Funds

• The County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

### Governmental Funds

- o The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements.
- o As of the end of the current fiscal year, the County's governmental funds reported a combined ending fund balance of \$2,068,452,799, a decrease of \$154,593,151, or seven (7) percent, from the prior year primarily due to reduced fund balances in capital projects funds. Fund balance components have been classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the County is bound to observe constraints imposed on the use of the resources of fund. Restricted fund balance is \$869,350,682 or 42% of the total. Spending of these resources is constrained by externally imposed (statutory, bond covenant, or grantors) limitations on their use. Restricted fund balances include \$324,077,683 for capital projects and \$183,843,577 for public safety activities and \$178,159,025 for debt service.

Committed and assigned fund balances combined represent 49% of total fund balance with spending constrained either by the Board of County Commissioners (BCC) (for committed) or senior management (for assigned). Committed balances in the special revenue funds are primarily due to transfers or revenues directed by the BCC to those funds to support the programs. Unassigned fund balance represents the General Fund remaining fund balance and is available to support general operations of the fund.

- o The General Fund is the main operating fund of the County. Nonspendable fund balance consists of long-term receivables. Restricted fund balance of \$57,031,783 includes restricted cash and unspent proceeds from legislatively mandated ad valorem taxes. Unrestricted fund balance, which includes committed, assigned, and unassigned balances, totaled \$251,798,148 at June 30, 2012. Unrestricted fund balance was 17% of expenditures and other financing uses and includes amounts assigned of \$84,830,037. Unassigned fund balance is 166,968,111, or 11% of expenditures and other financing uses.
- o Key factors in the change in fund balance in the General Fund as reported for budget purposes are as follows:
  - Revenues and transfers-in decreased by \$61,700,552, or 17 percent. General fund revenues decreased by \$2,648,477, or one (1) percent. Ad valorem tax revenues decreased only slightly by \$1,024,319, or one (1) percent. Licenses and permits decreased by \$7,024,698 or three (3) percent due to non-recurring franchise fee audit assessments, in FY11. Intergovernmental revenue, the largest component of which is the consolidated tax,

increased by \$10,009,100, or four (4) percent, due to the increased economic activity in the local economy. Charges for services decreased by \$5,818,668 or seven (7) percent, largely due to decreased Recorder, Assessor, and engineering fees. Interest income increased by \$1,164,240, or 139 percent, due to unrealized gain/loss variation between FY11 and FY12.

Transfers in decreased by \$59,052,075, or 17 percent, primarily due to the elimination of transfers in from the Master Transportation Plan special revenue fund and County Capital Projects fund.

- Expenditures and transfers out decreased by \$57,290,471, or five (5) percent. General fund expenditures decreased \$32,968,706, or four (4) percent primarily due to continued cost containment procedures. Transfers out decreased by \$24,321,765, or six (6) percent primarily due to reductions in transfers to the Las Vegas Metropolitan Police Department and Detention funds.
- o Other major fund activity is as follows:
  - The Las Vegas Metropolitan Police Department operates from current year resources and it typically budgets for a lower fund balance than other governmental units. However, it ended the year with a total unrestricted fund balance of \$54,416,626. Total revenues and transfers in were \$470,382,262, which was a decrease of \$40,141,829 or eight (8) percent, over the prior year. This decrease occurred primarily due to a reduction of contributions and property taxes. Expenditures, which are primarily personnel costs, decreased \$3,875,426 or one (1) percent.
  - The non-major governmental funds showed a fund balance of \$1,681,163,474, of which \$812,318,899 or 48% was restricted. All funds have the resources to meet their commitments.

### **Enterprise Funds**

- The County's enterprise funds provide the same type of information found in the government-wide financial statements, but in more detail. Minor differences arise between the enterprise funds and the business-type activities in the government-wide statements due to the effects of consolidation of internal service fund activities related to the enterprise funds. Unrestricted net position of the enterprise funds totaled \$803,807,485, a decrease of \$37,734,173, or 4 percent. Total net position for these funds decreased \$119,592,949, three (3) percent from the prior year. Other factors concerning the finances of these funds have already been addressed in the discussion of the County's business-type activities.

### Internal Service Funds

- The County's internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. Because these services predominately benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. Other factors concerning the finances of the internal service funds have already been addressed in the discussion of the County's governmental activities.

### **Budgetary Highlights**

- The General Fund's legal level of budgetary control is the function level. The final amended budget for expenditure appropriation was \$785,826,869, unchanged from the original budget. Actual expenditures were \$754,490,501, or four (4) percent less than the final budget, primarily due to the County's ongoing cost containment efforts.
- Revenues of the general fund exceeded the final budget by \$12,298,243, or one (1) percent due to a slight increase in consolidated and sales taxes.

### Capital Assets and Debt Administration

### Primary Government

- Capital Assets
  - o The County's investment in capital assets, net of accumulated depreciation at June 30, 2012, was \$15,121,223,344, an increase of \$559,078,659, or four (4) percent. Detail by type of activity and asset is summarized in the table below.

Major additions for this fiscal year are as follows:

| Governmental Activities         |               | Business-Type Activities |    |             |  |  |  |  |
|---------------------------------|---------------|--------------------------|----|-------------|--|--|--|--|
| Roadways and streets            | \$126 million | Water system additions   | \$ | 28 million  |  |  |  |  |
| Flood control projects          | \$ 69 million | Airport land acquisition |    |             |  |  |  |  |
|                                 |               | and construction         | \$ | 265 million |  |  |  |  |
| Parks and Recreation facilities | \$ 69 million | Sewer system additions   | \$ | 64 million  |  |  |  |  |
| Beltway land acquisition        |               | ·                        |    |             |  |  |  |  |
| and construction                | \$ 15 million |                          |    |             |  |  |  |  |

o For additional information on the County's capital assets see note 4 in the accompanying financial statements.

### Long-Term Debt

### Primary Government

• At June 30, 2012, the County had total outstanding bonds and loans of \$10,000,712,571, an increase of \$274,734,252, or three (3) percent, from the prior year. Of this amount, \$1,917,446,765 comprised general obligation debt backed by the full faith and credit of the County, \$2,655,497,162 of general obligation bonds additionally secured by specified revenue sources, \$4,451,155,136 of revenue bonds secured by pledges of various revenue sources, \$400,000,000 of loans, primarily in the form of commercial paper, \$227,261,233 in special assessment debt for which the County is liable in the event of default by the property owners subject to assessment, and \$349,352,275 in capital leases.

o For additional information on the County's debt, see note 6 in the accompanying financial statements.

### **Economic Factors**

- UMC continues to deal with the impact of uninsured patients. UMC's operating loss was \$18,851,664 for the fiscal year 2012 compared to \$94,512,750 in fiscal year 2011. The decreased operating loss was due almost entirely to retroactive collections of State of Nevada Medicaid Upper Payment Limit program (UPL) funds from prior fiscal years. Continued high levels of care for uninsured and underinsured patients, and a decrease in State Medicaid funding will continue to contribute to sustained operating losses in the future. The County will need to fund these continued losses.
- Despite UMC's financial difficulties, the County has positioned itself to meet the needs of its citizens. The decrease in taxable values has leveled out and the remaining tax base will generate adequate revenues to provide basic services. A cost containment program continues to be in place, enforcing a reasonable pace of salary growth and position savings. The County's general fund unassigned ending fund balance remains healthy. Together, these factors have placed the County in an acceptable financial position to mitigate the current economic uncertainty. However, the length of the economic downturn could ultimately result in a continued deterioration of the County's financial condition.

### Requests for Information

• This report is designed to provide a general overview of the County's finances for all interested parties. Questions concerning the information provided in this report or requests for additional financial information should be addressed to Jessica L. Colvin, Comptroller, at 500 South Grand Central Parkway, Las Vegas, NV 89155.

The accompanying notes are an integral part of these financial statements.

# Clark County, Nevada Reconciliation of Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the year ended June 30, 2012

Amounts reported for governmental activities in the statement of activities are different because:

| Net change in fund balances – governmental funds   |   | \$ (154,593,151) |
|--|---|------------------|
| Governmental funds report capital outlays as expenditures.<br>However, in the statement of activities, the cost of those<br>assets is depreciated over their estimated useful lives. Also,<br>capital assets financed by capital leases are not shown in<br>governmental funds. The County does not capitalize items<br>costing less than \$5,000.   |   |                  |
| Capital outlay recorded in governmental funds<br>Less amounts not capitalized  | \$276,000,496<br>(38,147,339)   |                  |
| Capitalized expenditures<br>Capital Lease<br>Less current year depreciation  | 237,853,157<br>182,619,483<br><u>(251,832,012)</u>  | 168,640,628      |
| Revenues in the statement of activities that do not provide<br>current financial resources are not reported as revenues in the<br>governmental funds:  |   |                  |
| Donated capital assets<br>Loss on annexation of infrastructure<br>Loss on sale of capital assets<br>Change in deferred revenue<br>Bond bank operating contribution   | 135,770,369<br>(21,990,000)<br>(1,293,954)<br>(27,446,907)<br>(13,390,000)  | 71,649,508       |
| Bond proceeds provide current financial resources to<br>governmental funds, but issuing debt increases long-term<br>liabilities in the statement of net assets. Repayment of bond<br>principal is an expenditure in the governmental funds, but the<br>repayment reduces long-term liabilities in the statement of<br>net assets. Also capital leases are not shown in governmental<br>funds. This is the net effect of these differences in the<br>treatment of long-term debt and related items. |   |                  |
| Bonds and loans issued<br>Bond issuance and other deferred costs<br>Bond premium<br>Accrued interest<br>Amortized bond costs<br>Principal payment<br>Capital lease<br>Payment to escrow agent  | $(85,015,000) \\ 804,699 \\ (2,034,243) \\ (5,649,891) \\ 1,041,055 \\ 89,928,480 \\ (182,619,483) \\ 86,244,544 \\ (182,614,544) \\ ($ | (97,299,839)     |

# Clark County, Nevada Reconciliation of Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the year ended June 30, 2012

# (Continued)

| Some expenses reported in the statement of activities do not<br>require the use of current financial resources and therefore<br>are not reported as expenditures in governmental funds: |  |                       |
|---|--|-----------------------|
| Change in long-term compensated absences<br>Change in LVMPD OPEB liability<br>Litigation liability  | \$ 1,373,865<br>(38,245,067)<br>(14,000,000) | (50,871,202)          |
| Long-term LVMPD OPEB receivable due from the City of Las Vegas  |  | 14,688,495            |
| Internal service funds are used by management to charge the costs of certain activities to individual funds. The net expense of the internal service funds is reported with             |  |                       |
| governmental activities.  |  | 349,785               |
| Increase to internal balances that are receivable from business-type activities.  |  | 21,057                |
| Change in net assets of governmental activities   |  | <u>\$(47,414,719)</u> |

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### The Reporting Entity

Clark County, Nevada (the County) is a municipality governed by an elected seven-member board. As required by accounting principles generally accepted in the United States of America (GAAP), these financial statements present Clark County, Nevada (the primary government) and its component units.

#### **Blended Component Units**

Included as blended component units are the Las Vegas Valley Water District (Water District), Big Bend Water District, University Medical Center of Southern Nevada (UMC), Clark County Water Reclamation District (Reclamation District) and the Clark County Redevelopment Agency (Redevelopment Agency).

Although each of the above-mentioned governmental units operates as a separate entity, the members of the Board of Clark County Commissioners are also the board members (ex-officio) of each entity. Because each of the component units has substantially the same governing body as the primary government, they are blended into the financial statements. The operations of the Water District, Big Bend Water District, UMC, and the Reclamation District are reflected as enterprise funds. The Redevelopment Agency is reflected as a special revenue fund.

### **Discretely Presented Component Units**

Included as discretely presented component units are the Regional Transportation Commission of Southern Nevada (RTC) and the Clark County Regional Flood Control District (Flood Control District). The RTC and the Flood Control District are governed by two members of the Board of County Commissioners, two members of the City of Las Vegas Council, and one member from the city council of every other incorporated city in Clark County. The County is financially accountable for RTC and Flood Control District, and exclusion of these units would render the financial statements of the County incomplete.

Separately issued financial statements for the component units may be obtained by contacting the component units at the following addresses:

Las Vegas Valley Water District and Big Bend Water District 1001 South Valley View Boulevard Las Vegas, Nevada 89153

University Medical Center of Southern Nevada 1800 West Charleston Boulevard Las Vegas, Nevada 89102

Clark County Water Reclamation District 5857 East Flamingo Road Las Vegas, Nevada 89122

Regional Transportation Commission of Southern Nevada 600 South Grand Central Parkway, Suite 350 Las Vegas, Nevada 89106

Regional Flood Control District 600 South Grand Central Parkway, Suite 300 Las Vegas, Nevada 89106

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the County and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

#### Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, are generally followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board (GASB). Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The County has elected not to follow subsequent private-sector guidance.

#### Government-Wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges for services between the governmental activities and business-type activities. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

# I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

#### **Fund Financial Statements**

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current year or soon enough thereafter to pay liabilities of the current year. For this purpose, the County considers revenues, excluding property taxes, to be available if they are collected within 90 days after the end of the current fiscal year. Property taxes are considered available if collected within 60 days after the end of the current fiscal year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, consolidated taxes, franchise fees, interest revenue, and charges for services associated with the current fiscal year are considered to be susceptible to accrual and have been recognized as revenues in the current year. Only the portion of special assessments receivable due within the fiscal year is considered to be susceptible to accrual as revenue of the current year. Fines and forfeitures, as well as licenses and permits, are not susceptible to accrual as they are generally not measurable until received in cash.

The proprietary fund and employee benefit and pension fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's enterprise funds and internal service funds are charges to customers for sales and services. The County also recognizes as operating revenue the portion of tap fees of the Reclamation District and Water District funds that are intended to recover the cost of connecting new customers to their system. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The County reports the following major governmental funds:

The General Fund is the County's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

The Las Vegas Metropolitan Police Department Fund accounts for the operation of a police department serving the citizens of unincorporated Clark County and the City of Las Vegas and is primarily funded through property taxes, fees for service, grants, an interlocal contract with the Department of Aviation for police services, and contributions from the City of Las Vegas and Clark County.

The County reports the following major enterprise funds:

The University Medical Center Fund is a blended component unit of the County. It accounts for the operations of the County's hospital.

# I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

#### Fund Financial Statements (Continued)

The Water Reclamation District Fund is a blended component unit of the County. It accounts for the operations of the County's sewage treatment facilities.

The Water District Fund is a blended component unit of the County. It accounts for the operations of the County's water distribution system.

The Department of Aviation Fund accounts for the operations of McCarran International Airport, North Las Vegas Airport, Henderson Executive Airport, Jean Sport Aviation Airport, Perkins Field in Overton, Nevada, and Searchlight Airport.

Additionally, the County reports the following fund types:

Internal service funds account for printing and mailing, fleet management, employee benefits, property management, information technology, enterprise resource planning, investment pool costs and self-insurance services provided to other departments or agencies of the County, or to other governments, on a cost reimbursement basis.

Fiduciary funds include the Medical Insurance Premium Retirement Plan fund, the County Section 125 Plan fund, and the Las Vegas Valley Water District Pension Plan fund. These funds account for resources that are required to be held in trust for the members and beneficiaries of the employee benefit plans or for pension benefit payments to qualified employees.

The agency funds are also included as fiduciary funds and they account for assets held by the County as an agent for other governmental entities. The most significant activity in the agency funds is the collection and transfer of taxes to other local governmental entities, primarily ad valorem and room taxes.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

#### Assets, Liabilities, and Net Position or Equity

#### Investments

With the exception of the Water Reclamation District and Water District, the County pools the cash of its individual funds for investment purposes. Each fund in the pool records its own interest earnings. At year end, all the investments in the pool are adjusted to fair value, regardless of the length of time remaining to maturity. The proportionate share of each fund's unrealized gain or loss at year end is adjusted against the interest earnings of the individual funds. The Water Reclamation District and Water District also adjust their investments to fair value, but only to the extent that they are maturing longer than a year from year end. (Also see Note III.1.)

### **Receivables and Payables**

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Assets, Liabilities, and Net Position or Equity (Continued)

### Receivables and Payables (Continued)

governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

The accounts receivable are shown net of any provision for doubtful accounts.

#### Inventories and Prepaid Items

The Water District enterprise fund inventories are valued at the weighted average moving cost. The inventories of the other proprietary funds are valued at the lower of cost, determined by first-in, first-out method, or market. Inventories consist primarily of materials and supplies.

Certain payments to vendors reflect costs benefiting future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

#### Restricted Assets

Restricted assets consist of cash and cash equivalents, investments and certain receivables that are restricted in their use by bond covenants or other external agreements. They are primarily used to pay the cost of capital projects and to meet debt service obligations.

#### Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, sidewalks, bridges, flood control structures, traffic signals, streetlights, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Significant projects in process are depreciated once the projects are placed in service. Prior to that time, they are reported as construction in progress. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant, and equipment of the primary government, as well as the component units, are depreciated using the straight-line method over the following estimated useful lives:

| Assets            | Years |
|-------------------|-------|
| Buildings         | 20-50 |
| Land improvements | 5-75  |
| Infrastructure    | 25-50 |
| Equipment         | 5-20  |

# I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Assets, Liabilities, and Net Position or Equity (Continued)

### **Compensated Absences**

It is the County's policy to permit employees to accumulate earned, but unused vacation and sick leave benefits. Such benefits are accrued when incurred in the government-wide and proprietary financial statements.

### Long-Term Obligations

In the government-wide financial statements and proprietary fund types in fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt, except for the Water District that expenses these costs due to its early implementation of GASB 65, Items Previously Reported as Assets and Liabilities.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources whereas discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

### Net Position or Equity

In the government-wide statements and in proprietary fund statements, equity is classified as net position and displayed in three components.

- Net investment in capital assets Capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets net of unspent financing proceeds.
- Restricted net position Net position with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.
- Unrestricted net position All other net position that does not meet the definition of "restricted" or "net investment in capital assets."

In governmental fund financial statements equity is classified as fund balance and is displayed in up to five components based primarily on the extent to which the County is bound to observe constraints imposed on the use of fund resources. These components are as follows:

- Nonspendable fund balances Amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example, inventories and prepaid amounts. It also includes the long-term amount of loans and notes receivable.
- Restricted fund balances Similar to restricted net position discussed above, these are amounts with constraints placed on their use either by (a) external groups such as creditors, grantors, contributors, or

# I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Assets, Liabilities, and Net Position or Equity (Continued)

### Net Position or Equity (Continued)

- Laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.
- Committed fund balances Amounts with constraints imposed by formal resolution of the Board of County Commissioners (BCC) that specifically state the revenue source and purpose of the commitment. Commitments can only be modified or rescinded through public meeting actions or resolutions by the BCC. Commitments can also include resources required to meet contractual obligations approved by the BCC.
- Assigned fund balances Amounts intended to be used for specific purposes by the Chief Financial Officer as authorized by fiscal directives that do not meet the criteria to be classified as restricted or committed. In the General Fund, the assigned fund balance represents management approved encumbrances that have been re-appropriated in the subsequent year, and amounts necessary to fund budgetary shortfalls in the next fiscal year from unassigned resources.
- Unassigned fund balances Amounts in the General Fund not contained in other classifications. For other governmental funds, the unassigned classification is used only to report a deficit balance resulting from expenditures exceeding those amounts restricted, committed or assigned for specific purposes.

Based on the County's policy regarding the fund balance classification as noted above, when both restricted and unrestricted funds are available for expenditure, restricted funds should be spent first unless legal requirements disallow it. When expenditures are incurred for purposes for which amounts in any unrestricted fund balance classifications could be used, committed funds are to be spent first, assigned funds second, and unassigned funds last.

### Accounting Changes and Restatements

In June 2012, the GASB approved Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position, which changes how governments will organize their statements of financial position (such as the current government-wide statement of net position and the governmental funds balance sheet). Under these new standards, financial statements will include deferred outflows of resources and deferred inflows of resources ("deferrals"), in addition to assets and liabilities, and will report net position instead of net assets. The provisions of Statement 63 are effective for financial statements for periods ending December 31, 2012, and later. The County has elected to early implement GASB Statement No. 63 for the fiscal year ending June 30, 2012.

In April 2012, the GASB approved Statement No. 65, Items Previously Reported as Assets and Liabilities, clarifies the appropriate reporting of deferred outflows of resources and deferred inflows of resources to ensure consistency in financial reporting. Statement 65 reclassifies certain items currently being reported as assets and liabilities as deferred outflows of resources and deferred inflows of resources. In addition, this Statement recognizes certain items currently being reported as assets and liabilities as outflows of Statement 65 are effective for financial statements for periods beginning after December 15, 2012. The Water District has elected to early implement GASB Statement No. 65 for the fiscal year ending June 30, 2012. Clark County and all other component units have not implemented GASB Statement No. 65 for the year ending June 30, 2012 or determined its impact on the financial statements.

#### Statement of Revenues, Expenses and Change in Net Position

| Total Operating Revenues (2) | \$<br>333,104,590  | \$<br>(2,373,364) | \$<br>330,731,226  |
|------------------------------|--------------------|-------------------|--------------------|
| Non-Operating Expenses (1)   | (38,997,212)       | 158,424           | (38,838,788)       |
| Net Loss (1)(2)              | \$<br>(22,248,708) | \$<br>(2,214,940) | \$<br>(24,463,648) |

### Prior Period Adjustments

(1) Following GASB Statements No 63 and No. 65, fiscal year 2011 basic financial statements have been retroactively adjusted to recognize unamortized debt issuance costs, previously classified as noncurrent assets, as a component of interest expense. Further, unamortized debit balances resulting from advance bond refundings, previously reported as deduction to long-term bonds payable, have been reclassified as deferred outflow of resources. The effects of the adjustments on the fiscal year 2011 basic financial statements are summarized in the above table.

(2) In fiscal year 2011, accrued water sales included \$2,373,364 for unbilled Southern Nevada Water Authority (SNWA) regional commodity charges and regional reliability surcharges, but a corresponding expense to the SNWA was not accrued. (SNWA charges are collected for remittance to the SNWA). As discussed in Note 7, on the Statements of Revenues, and Changes in the Net Position, revenue collected for the SNWA is offset is offset against the related remittance to the SNWA. Retroactive adjustments to the fiscal year 2011 basic financial statements are summarized in the above table.

# I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Reclassifications

Certain amounts in the prior year statements have been reclassified for comparison purposes to conform to the current year presentation.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

### II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

#### **Deficit Net Position**

The LVMPD self-funded insurance pool fund had a fund deficit of \$5,510,704 and the Clark County Detention Center "CCDC" self-funded industrial insurance fund had a deficit of \$933,183 at June 30, 2012. Deficit positions are under review by County management and will continue to be addressed during the following fiscal year.

#### Excess of Expenditures Over Appropriations

For the fiscal year ended June 30, 2012, the following funds exceeded appropriations:

The Big Bend Water District nonmajor enterprise fund operating and nonoperating expenses exceeded appropriations by \$19,274. The Other Post-Employment Benefits Reserve internal service fund expenses exceeded appropriations by \$38,715,035. The LVMPD Self-Funded Insurance and LVMPD Self-Funded Industrial Insurance funds expenses exceeded appropriations by \$2,282,287 and \$6,263,777 respectively.

#### III. DETAILED NOTES - ALL FUNDS

#### 1. CASH AND INVESTMENTS

#### **Deposits**

According to state statutes, County monies must be deposited with federally insured banks, credit unions, or savings and loan associations within the County. The County is authorized to use demand accounts, time accounts, and certificates of deposit. State statutes specifically require collateral for demand deposits, and specify that collateral for time deposits may be of the same type as those described for permissible investments. Permissible investments are similar to allowable County investments described below, except that statutes permit a longer term and include securities issued by municipalities within Nevada. The County's deposits are fully covered by federal depository insurance or securities collateralized in the State of Nevada Collateral Pool. Securities used as such collateral must total 102 percent of the deposits with each financial institution. The County monitors the Nevada Collateral Pool to ensure full collateralization.

#### III. DETAILED NOTES - ALL FUNDS (Continued)

#### 1. CASH AND INVESTMENTS (Continued)

#### Deposits (Continued)

All deposits are subject to credit risk. Credit risk is defined as the risk that another party to a deposit or investment transaction (counterparty) will not fulfill its obligations. At year end, the bank balance of deposits held in custody of the County Treasurer was \$56,525,089 and the carrying amount was \$15,914,940. The County utilizes zero balance sweep accounts and there are money market funds available to cover amounts presented for payment.

The bank balance of deposits held in the custody of other officials was \$161,679,244 and the carrying amount was \$150,203,389. The bank balance and the carrying value of deposits with fiscal agent was \$85,684.

At June 30, 2012, the fair value of Countywide deposits, investments, derivative instruments, and loaned securities reinvested consisted of the following:

Total Cash, Investments, Derivative Instruments, and Loaned Securities Reinvested All Entities Combined

|                        |                 | Fair Value             |
|------------------------|-----------------|------------------------|
| Investments            | \$5,137,973,914 |                        |
| Derivative Instruments | 60,472,871      |                        |
| Loaned Securities      | 749,157,560     | \$5,947,604,345        |
| Cash                   |                 | 166,204,013            |
| Water District Pension |                 | 191,023,716            |
| Grand total            |                 | <u>\$6,304,832,074</u> |

#### Investments

When investing monies, the County is required to be in conformance with state statutes and written policies adopted by the Board of County Commissioners designating allowable investments and the safeguarding of those investments. The County invests monies both by individual fund and through a pooling of monies. The pooled monies, referred to as the investment pool, are theoretically invested on the whole and not as a combination of monies from each fund belonging to the pool. In this manner, the County Treasurer is able to invest the monies at a higher interest rate for a longer period of time. Interest is apportioned monthly to each fund in the pool based on the average daily cash balances of the funds for the month in which the investment matures. Cash and investments in the custody of the County Treasurer comprise the investment pool.

Securities purchased by the County are delivered against payments and held in a custodial safekeeping account with the trust department of a bank designated by the County.

As described above, the cash and investments in custody of the County Treasurer are invested as a pool. Entity-wide investment pools are considered to have the general characteristics of demand deposits in that the entity may deposit additional funds at any time and also effectively may withdraw funds at any time without prior notice or penalty.

### III. DETAILED NOTES - ALL FUNDS (Continued)

#### 1. CASH AND INVESTMENTS (Continued)

#### Investments (Continued)

Therefore, cash and investments in custody of the County Treasurer for the proprietary funds are considered cash equivalents for the purposes of the statement of cash flows, in addition to cash in custody of other officials and cash with fiscal agent. Cash received as collateral for loaned securities is not considered a cash equivalent for the purpose of the statement of cash flows.

State statutes authorize the County to invest in the following: obligations of the U.S. Treasury and U.S. agencies not to exceed ten years maturity; negotiable notes or short-term negotiable bonds issued by other local governments of the State of Nevada; negotiable certificates of deposit insured by commercial banks, credit unions or savings and loan associations; nonnegotiable certificates of deposit issued by insured commercial banks, credit unions or savings and loan associations, except certificates that are not within limits of insurance provided by the Federal Deposit Insurance Corporation, unless those certificates are collateralized as is required for uninsured deposits; bankers' acceptances eligible for rediscount with federal reserve banks, not to exceed 180 days maturity and 20 percent of total investments; obligations of state and local governments if the interest on the obligation is tax exempt and the obligation is rated "A" or its equivalent; commercial paper having an "A-1" rating or equivalent, not to exceed 270 days maturity and 20 percent of the total investments; money market mutual funds with "AAA" rating invested only in federal government or agency securities; master notes, bank notes or other short-term commercial paper rated "A-I" or its equivalent, or in repurchase agreements fully collateralized by such securities; notes, bonds, and other unconditional obligations issued by corporations organized and operating in the United States, having an "A" rating or equivalent, not to exceed 5 years maturity and 20 percent of the total investments; collateralized mortgage obligations that are rated "AAA" or its equivalent, not to exceed 20 percent of the total investments; asset-backed securities that are rated "AAA" or its equivalent, not to exceed 20 percent of the total investments; repurchase agreements that are collateralized at 102 percent and are executed with a primary dealer, not to exceed 90 days maturity. State statutes require the County to invest with security dealers who are primary dealers when investing in repurchase agreements. Primary dealers are a group of dealers that submit daily reports of market positions and monthly financial statements to the Federal Reserve Bank of New York and are subject to its formal oversight.

### III. DETAILED NOTES - ALL FUNDS (Continued)

#### 1. CASH AND INVESTMENTS (Continued)

#### Investments (Continued)

At June 30, 2012, the fair value of Countywide investments, derivative instruments, and loaned securities reinvested were categorized by maturity as follows:

Investments with Derivative Instruments and Loaned Securities Reinvested - All Entities Combined

| Investment Maturities (in Years) |                         |                         |                         |                |                      |
|----------------------------------|-------------------------|-------------------------|-------------------------|----------------|----------------------|
| Investment Type                  | Fair Value              | Less than 1             | 1 to 3                  | 3 to 5         | More than 5          |
| Debt Securities                  |                         |                         |                         |                |                      |

### Las Vegas Valley Water District Pension Trust Fund Credit Quality with Credit Exposure as a Percentage of Total Fixed Income Investments (Contracts Not Rated)

|                    |     | 06/30/12 |
|--------------------|-----|----------|
| Domestic Bond Fund | AA  | 62.03%   |
| Money Market Fund  | Aaa | .19      |
| Contracts          | N/A | 37.78    |

The managing institution of the Domestic Bond Fund reports an overall rating of AA at June 30, 2012, for the underlying securities. The Aaa ratings for the Money Market Fund were by Moody's.

The amounts above include investment balances for the RTC and the Flood Control District of \$413,260,889 and \$212,948,184, respectively, which are discretely presented component units and are not broken out separately as they participate in the investment pool.

#### Interest Rate Risk

Interest rate risk is defined as the risk that changes in interest rates will adversely affect the fair value of an investment. Through its investment policy, the County manages its exposure to fair value losses arising from increasing interest rates by limiting the average weighted duration of its investment pool portfolio to less than 2.5 years. Duration is a measure of the present value of a fixed income's cash flows and is used to estimate the sensitivity of a security's price to interest rate changes.

#### Interest Rate Sensitivity

At June 30, 2012, the County invested in the following types of securities that have a higher sensitivity to interest rates:

*Callable securities* are directly affected by the movement of interest rates. Callable securities allow the issuer to redeem or call a security before maturity, one time or generally on coupon dates.

*Fixed-to-floating rate notes* have fixed rate coupons for a specified period of time then a variable rate coupon for the remaining life of the security. The variable rate is generally based on the prime rate or the London Interbank Offered Rate (LIBOR), plus or minus a specified number of basis points.

### III. DETAILED NOTES - ALL FUNDS (Continued)

### 1. CASH AND INVESTMENTS (Continued)

### Credit Risk

Credit risk is defined as the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The County's investment policy applies the prudent-person rule: "In investing the County's monies, there shall be exercised the judgment and care under the circumstances then prevailing which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived." The County's investments were rated by Moody's Investors Service as follows: U.S. Treasury Notes, Aaa; U.S. Treasury Bills, P-1; bonds of U.S. Federal agencies, Aaa; discount notes of U.S. Federal agencies, P-1; municipal bonds issued by state and local governments, Aa; money market funds, Aaa; commercial paper issued by corporations organized and operating in the United States or by depository institutions licensed by the United States or any state and operating in the United States, P-1 or higher; negotiable certificates of deposit issued by commercial banks, insured credit unions or savings and loan associations, P-1 or higher; collateralized mortgage obligations, Aaa; collateralized investment agreements issued by insurance companies rated Aa or its equivalent or higher, or issued by entities rated A or its equivalent or higher; repurchase agreements transacted with primary dealers of the Federal Reserve and collateralized by permissible treasury and agency securities, Aaa; asset-backed securities, Aaa; corporate notes issued by corporations organized and operating in the United States which have a rating of A or its equivalent or higher. The County's investments in non-negotiable certificates of deposit are FDIC insured and do not exceed \$250,000 per insured institution.

#### Concentration of Credit Risk

Concentration of credit risk is defined as the risk of loss attributed to the magnitude of a government's investment in a single issuer. The County's investment policy limits the amount that may be invested in obligations of any one issuer, except direct obligations of the U.S. government or federal agencies, to no more than five percent of the Clark County investment pool.

At June 30, 2012, the following investments exceeded five percent of the total cash and investments for all entities combined:

| Federal Farm Credit Banks (FFCB)               | 12.44% |
|--|--------|
| Federal Home Loan Banks (FHLB)                 | 10.48  |
| Federal Home Loan Mortgage Corporation (FHLMC) | 26.50  |
| Federal National Mortgage Association (FNMA)   | 20.82  |
| Morgan Stanley Money Market Funds (MSGF)       | 5.98   |

#### Securities Lending

Nevada Revised Statute (NRS) 355.178 authorizes the County to participate in securities lending transactions, where the County's securities are loaned to brokers/dealers and other entities with a simultaneous agreement to return the collateral for the same securities in the future. The County's securities lending agent administers the securities lending program and receives cash or other securities equal to at least 102 percent of the fair value of the loaned securities plus accrued interest as collateral for securities of the type on loan at year end. The collateral for the loans is maintained at 102 percent, and the value of the securities borrowed is determined on a daily basis.

At year end, the County had no credit exposure to borrowers because the amount the County held as collateral exceeded the amounts the borrowers owed to the County. The contract with the securities lending agent requires it to indemnify the County for all losses relating to securities lending transactions.

### 111. DETAILED NOTES - ALL FUNDS (Continued)

### 1. CASH AND INVESTMENTS (Continued)

### Securities Lending (Continued)

The County does not have the ability to pledge or sell collateral securities without a borrower default. There were no borrower defaults during the period nor were there any prior period losses to recover.

State statutes place no restrictions on the amount of securities that can be loaned. Either the County or the borrower can terminate all open securities loans on demand. Cash collateral is invested in accordance with the investment guidelines stated in NRS 355.170. The County's securities lending guidelines require that the aggregate reinvestment of the cash collateral may not be mismatched to the aggregate securities loaned by more than fifteen business days. In regard to this calculation, the final maturity or interest rate reset date is utilized. Such amounts are included in loaned securities in investments and liabilities.

The fair value of the securities on loan at June 30, 2012, was \$752,887,730. At June 30, 2012, the County had received cash collateral with a value totaling \$768,152,607. The total collateral received was in excess of the fair value of the investments held by brokers/dealers under the securities lending agreement.

### Custodial Credit Risk

Custodial credit risk is the risk that, in the event of the failure of the counterparty to a transaction, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Consistent with the County's securities lending policy, \$749,209,973 was held by the counterparty that was acting as the County's agent in securities lending transactions, and consisted of obligations of U.S. Federal agencies, U.S. corporate obligations, certificates of deposit, commercial paper, and repurchase agreements.

### <u>GASB 31</u>

GASB Statement No. 31 requires the County to adjust the carrying amount of its investment portfolio to reflect the change in fair or market values. Interest revenue is increased or decreased in relation to this adjustment of unrealized gain or loss. Net interest income in the funds reflects this positive or negative market value adjustment.

### 2. PROPERTY TAXES

Taxes on real property are levied on July 1 of each year and a lien is also placed on the property on July 1. The taxes are due on the third Monday in August, but can be paid in four installments on or before the third Monday in August, first Monday in October, January, and March. In the event of nonpayment, the County Treasurer is authorized to hold the property for two years, subject to redemption upon payment of taxes, penalties, and costs, together with interest at the rate of 10 percent per year from the date the taxes were due until paid. If delinquent taxes are not paid within the two-year redemption period, the County Treasurer may sell the property to satisfy the tax lien.

The Nevada legislature enacted provisions whereby the combined overlapping tax rate was limited to \$3.64 per \$100 of assessed valuation. The Nevada legislature also passed a property tax abatement law that generally caps increases in property taxes received from any owner-occupied residential property to three percent per year, and eight percent per year for all other property.

### III. DETAILED NOTES - ALL FUNDS (Continued)

### 2. PROPERTY TAXES (Continued)

Delinquent taxes receivable not collected within sixty days after year end are recorded as deferred revenue in the governmental funds as they are not available to pay liabilities of the current period. The revenue is fully recognized at the government-wide level. The following delinquent taxes receivable and penalties receivable on delinquent taxes have been deferred as of June 30, 2012:

|              | Las Vegas    | Nonmajor      |               |                  |              |
|--------------|--------------|---------------|---------------|------------------|--------------|
|              | Metropolitan | Special       | Debt          | Nonmajor         |              |
| General Fund | Police       | Revenue Funds | Service Funds | Enterprise Funds | Total        |
| \$19,622,586 | \$2,786,825  | \$ 2,323,702  | \$ 195,601    | \$ 214           | \$24,928,928 |

#### 111. DETAILED NOTES - ALL FUNDS (Continued)

## 5. INTERFUND TRANSACTIONS (Continued)

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

## 6. LONG-TERM DEBT

#### Primary Government

Bonds payable at June 30, 2012, are comprised of the following individual issues:

#### Governmental Activities:

## General Obligation Bonds

#### Low-Level Offender Detention Facility

On September 14, 2007, the County entered in a long-term lease agreement (the "Master Lease") with PH Metro, LLC for the lease of a detention facility of approximately 1,000 beds contained in approximately 139,000 square feet and an administrative building of approximately 60,000 square feet located on 17 acres at the Northeast corner of Sloan and Las Vegas Boulevard, Las Vegas, Nevada (the "Leased Property"). The Leased Property is for the operation of a low level offender facility and administrative offices. The facility is valued at \$17,600,000 for land and \$165,019,483 for buildings. Accumulated depreciation is \$16,043,561 as of June 30, 2012. The term of the lease commenced on August 10, 2009 and continues for a period of approximately thirty years at a monthly base rent of \$945,660 and is subject to a 6% increase every 24 months. The Master Lease provides for the option to extend the lease term by three separate renewal periods, each of five years in duration.

#### Capital Leases (Cont.)

#### Low Level Offender Detention Facility (Cont.)

Clark County has the option to purchase the Leased Property beginning on the date that is the earlier of (i) ten years after the recordation of the deed of trust for the Landlord's permanent loan on the Leased Property, and (ii) ten years and three months from the commencement date (the earlier of such dates shall be the "Option Commencement Date"), and expiring on the date that is twelve months after the Option Commencement Date. The purchase price for the Leased Property if purchased shall be based on the appraised fair value. In accordance with State law, the County may terminate the Master Lease at the end of each fiscal year if the County decides not to appropriate funds to pay amounts due under the Master Lease in the ensuing fiscal year.

#### LVMPD Headquarters Complex

On December 2, 2008, the County entered in a long-term lease agreement (the "Master Lease") with Project Alta II, LLC for the lease of three multi-story office buildings totaling 370,500 square feet located at the Northwest corner of Martin Luther King Boulevard and Alta Drive in Las Vegas, Nevada (the "Leased Property"). The Leased Property is for the operation of the Las Vegas Metropolitan Police Department ("LVMPD") headquarters complex that includes various administrative offices, training and meeting rooms, and investigative bureaus (including specialized evidence processing and storage rooms). The complex is valued at \$5,082,187 for land and \$162,317,813 for buildings Accumulated depreciation is \$5,410,594 as of June 30, 2012. The term of the lease commenced on July 1, 2011 and continues for a period of approximately thirty years at a monthly base rent of \$1,026,649 and is subject to an annual base rent adjustment. The Master Lease provides for the option to extend the lease term by two separate renewal periods, each of ten years in duration. Clark County has the option to purchase the Leased Property during any of the following 12-month periods: (A) the 12-month period beginning upon the earlier of (i) the third annual anniversary of the commencement date of the last building, or (ii) the first day of the forty-seventh month after the commencement date of the first building (the earlier of the two options herein referred to as the "Option Period Reference Date") or (B) the 12 month periods which commence upon the fifth, tenth, fifteenth, twentieth, and twenty-fifth annual anniversaries of Option Period Reference Date. The price to be paid for the purchase of the Leased Property shall be the greater of (i) \$167,400,000, or (ii) fair market value. In accordance with State law, the County may terminate the Master Lease at the end of each fiscal year if the County decides not to appropriate funds to pay amounts due under the Master Lease in the ensuing fiscal year.

On December 15, 2008, the County entered into an interlocal agreement with the LVMPD for the sublease of the Leased Property. The term of the interlocal agreement continues for the entire term of the Master Lease at a monthly rate equal to all rent and other charges required to be paid by the County pursuant to the Master Lease. In the event that the County acquires title to the Leased Property, the term of the interlocal shall not expire, nor will the Master Lease terminate. The County and LVMPD agree that the interlocal agreement and the Master Lease shall survive to govern and control the County's and LVMPD's rights and obligations with respect to the Leased Property, as if they were "landlord" and "tenant" under the Master Lease.

## 6. LONG-TERM DEBT (Continued)

Governmental Activities (Continued):

## Litigation Accrual and Arbitrage Liability

The County is a defendant in various cases (see Note 10). An estimated liability of \$2,500,000 for litigation losses is recorded in the governmental activities column.

When a state or local government earns interest at a higher rate of return on tax-exempt bond issues than it pays on the debt, a liability for the spread is payable to the federal government. This interest spread, known as "rebatable arbitrage," is due five years after issuing the bonds. Excess earnings of one year may be offset by lesser earnings in subsequent years.

The following summarizes activity for the year:

|   | Litigation         | Arbitrage      | Total              |
|---|--------------------|----------------|--------------------|
| Accrual, July 1, 2011<br>Additions<br>Deletions | \$2,500,000        | \$ 100,000<br> | \$ 2,600,000<br>   |
| Accrual, June 30, 2012                          | <u>\$2,500,000</u> | <u>\$</u> -    | <u>\$2,500,000</u> |
| Due within one year                             | <u>\$</u> -        | <u>\$</u>      | <u>\$</u>          |

## III. DETAILED NOTES - ALL FUNDS (Continued)

#### 6. LONG-TERM DEBT (Continued)

Governmental Activities (Continued):

#### Pledged Revenues

The County has pledged certain revenues for the payment of debt principal and interest. The following revenues were pledged as of June 30, 2012:

#### Property Tax Supported Bonds

These bonds are supported by general property taxes. The property tax available to pay these bonds is limited to a \$3.64 per \$100 of assessed valuation statutory limit. The following debt issuances are property tax supported:

|                     | Maturity           |
|---------------------|--------------------|
| Bond Issue          | (Length of Pledge) |
| 2004A Public Safety | 06/01/2017         |

The total remaining principal and interest payments for property tax supported bonds was \$44,755,500 at June 30, 2012. In fiscal year 2012, pledged revenues received totaled \$8,907,250, and required debt service totaled \$8,907,250.

#### Consolidated Tax Supported Bonds

These bonds are secured by a pledge of up to 15 percent of the consolidated taxes allocable to the County. These bonds also constitute direct and general obligations of the County, and the full faith and credit of the County is pledged for the payment of principal and interest. The following debt issuances are consolidated tax supported:

| Bond Issue                     | Maturity<br>(Length of Pledge) |
|--------------------------------|--------------------------------|
| 2004 Government Center         | 01/01/2014                     |
| 2004C Parks and Justice Center | 11/01/2017                     |
| 2005B Parks and Justice Center | 11/01/2024                     |
| 2007A Public Facilities        | 06/01/2019                     |
| 2009A Public Facilities        | 06/01/2019                     |

The total remaining principal and interest payments for consolidated tax supported bonds was \$100,657,609 at June 30, 2012. In fiscal year 2012, pledged revenues received totaled \$41,142,089 (of the total \$274,280,594 of general fund consolidated tax), and required debt service totaled \$13,693,029.

#### Beltway Pledged Revenue Bonds

These bonds are secured by the combined pledge of: 1) a one percent supplemental governmental services (motor vehicle privilege) tax; 2) a one percent room tax collected on the gross receipts from the rental of hotel and motel rooms within the County but outside of the strip and Laughlin resort corridors (non-resort corridor); and 3) a

portion of the development tax. The development tax is \$700 per single-family dwelling of residential development, and 75 cents per square foot on commercial, industrial, and other development. Of this, \$500 per single-family dwelling and 50 cents per square foot of commercial, industrial, and other development is pledged. These bonds also constitute direct and general obligations of the County, and the full faith and credit of the County is pledged for the payment of principal and interest. The following debt issuances are Beltway pledged revenue supported:

|                                  | Maturity           |
|----------------------------------|--------------------|
| Bond Issue                       | (Length of Pledge) |
| 1992A Transportation Improvement | 06/01/2017         |
| 2004A Transportation Improvement | 12/01/2019         |
| 2006A Transportation Improvement | 06/01/2016         |
| 2008A Transportation Improvement | 06/01/2019         |
| 2009A Transportation Improvement | 12/01/2029         |

The total remaining principal and interest payments for Beltway pledged revenue tax supported bonds was \$322,900,115 at June 30, 2012 In fiscal year 2012, pledged revenues received totaled \$52,117,932; consisting of \$45,920,073 of supplemental governmental services tax; \$1,708,728 of non-resort corridor room tax; and \$4,489,131 of the total \$6,700,196 development tax. Required debt service totaled \$31,213,412. As described below, beltway pledged revenues are also pledged to make up any difference between pledged revenues and annual debt service for Laughlin resort corridor room tax supported bonds. During fiscal 2012, \$493,563 of Beltway Pledged Revenues were required to cover the Laughlin Resort Corridor Debt (Series C), representing the difference between fiscal year debt service and Laughlin Room Tax Collections.

#### Strip Resort Corridor Room Tax Supported Bonds

These bonds are secured by a pledge of the one percent room tax collected on the gross receipts from the rental of hotel and motel rooms within the strip resort corridor. This tax is imposed specifically for the purpose of transportation improvements within the strip resort corridor, or within one mile outside the boundaries of the strip resort corridor. These bonds also constitute direct and general obligations of the County, and the full faith and credit of the County is pledged for the payment of principal and interest. The following debt issuances are strip resort corridor room tax supported:

| Bond Issue                       | Maturity<br>(Length of Pledge) |
|----------------------------------|--------------------------------|
| 1992B Transportation Improvement | 06/01/2017                     |
| 2000B Transportation Improvement | 12/01/2012                     |
| 2004B Transportation Improvement | 12/01/2019                     |
| 2006B Transportation Improvement | 06/01/2016                     |

## III. DETAILED NOTES - ALL FUNDS (Continued)

#### 6. LONG-TERM DEBT (Continued)

Pledged Revenues (Continued)

#### Strip Resort Corridor Room Tax Supported Bonds (Continued)

| 2009B Transportation Improvement  | 06/01/2029 |
|-----------------------------------|------------|
| 2009B3 Transportation Improvement | 12/01/2019 |

The total remaining principal and interest payments for strip resort corridor room tax supported bonds was \$184,561,843 at June 30, 2012. In fiscal year 2012, pledged revenues received totaled \$36,529,090. Required debt service totaled \$21,259,380.

#### Laughlin Resort Corridor Room Tax Supported Bonds

These bonds are secured by a pledge of the one percent room tax collected on the gross receipts from the rental of hotel and motel rooms within the Laughlin resort corridor. These bonds also constitute direct and general obligations of the County, and the full faith and credit of the County is pledged for the payment of principal and interest. The following debt issuances are Laughlin resort corridor room tax supported:

| Bond Issue                       | Maturity<br>(Length of Pledge) |
|----------------------------------|--------------------------------|
| 1992C Transportation Improvement | 06/01/2017                     |
| 2008C Transportation Improvement | 06/01/2019                     |

The total remaining principal and interest payments for Laughlin resort corridor room tax supported bonds was \$5,499,415 at June 30, 2012. In fiscal year 2012, revenues from the Laughlin room tax amounted to \$518,841 requiring an additional \$493,563 of beltway revenues to provide the annual debt service of \$1,012,404. As described above, beltway pledged revenues are also pledged to make up any difference between pledged revenues and annual debt service.

#### Court Administrative Assessment Supported Bonds

These bonds are secured by a pledge of the \$10 court administrative assessment for the provision of justice court facilities. These bonds also constitute direct and general obligations of the County, and the full faith and credit of the County is pledged for the payment of principal and interest. The following debt issuances are court administrative assessment supported:

|                         | Maturity           |
|-------------------------|--------------------|
| Bond Issue              | (Length of Pledge) |
| 2007B Public Facilities | 06/01/2019         |
| 2009B Public Facilities | 06/01/2019         |

The total remaining principal and interest payments for court administrative assessment supported bonds was \$10,654,063 at June 30, 2012. In fiscal year 2012, pledged revenues received totaled \$1,612,900. Required debt service totaled \$1,402,374.

## III. DETAILED NOTES - ALL FUNDS (Continued)

#### 6. LONG-TERM DEBT (Continued)

#### Pledged Revenues (Continued)

#### Interlocal Agreement Supported Bonds

These bonds are secured by a pledge through an interlocal agreement with the City of Las Vegas. These bonds also constitute direct and general obligations of the County, and the full faith and credit of the County is pledged for the payment of principal and interest. The following debt issuances are interlocal agreement supported:

| Bond Issue              | Maturity<br>(Length of Pledge) |
|-------------------------|--------------------------------|
| 2007C Public Facilities | 06/01/2024                     |
| 2009C Public Facilities | 06/01/2024                     |

The total remaining principal and interest payments for interlocal agreement supported bonds was \$23,930,608 at June 30, 2012. In fiscal year 2012, pledged revenues received totaled \$1,991,740. Required debt service totaled \$1,991,740.

#### Special Assessment Bonds

Special assessment supported bonds are secured by property assessments within the individual districts. The bonds are identified as special assessment bonds in this note above. The total remaining principal and interest payments for special assessment supported bonds was \$342,023,859 at June 30, 2012. In fiscal year 2012, pledged revenues received totaled \$34,417,036. Required debt service totaled \$32,129,916.

#### Bond Bank Bonds

These bonds are secured by securities issued to the County by local governments utilizing the bond bank. These securities pledge system revenues and contain rate covenants to guarantee adequate revenues for bond bank debt service. These bonds also constitute direct and general obligations of the County, and the full faith and credit of the County is pledged for the payment of principal and interest. The following debt issuances are bond bank supported:

| Bond Issue            | Maturity<br>(Length of Pledge) |
|-----------------------|--------------------------------|
| 2001 Bond Bank (SNWA) | 06/01/2031                     |
| 2002 Bond Bank (SNWA) | 06/01/2032                     |
| 2006 Bond Bank (SNWA) | 06/01/2030                     |
| 2006 Bond Bank (SNWA) | 11/01/2036                     |
| 2008 Bond Bank (SNWA) | 06/01/2038                     |
| 2009 Bond Bank (SNWA) | 06/01/2030                     |
| 2012 Bond Bank (SNWA) | 06/01/2032                     |

The total remaining principal and interest payments for bond bank supported bonds was \$2,208,047,777 at June 30, 2012. In fiscal year 2012, pledged revenues received totaled \$78,071,556. Required debt service totaled \$78,071,556.

Unamortized premium/discount on governmental activity general obligation bonds amounted to \$16,591,765. Unamortized premium/discount on governmental activity special assessment bonds amounted to \$(5,853,767). Unamortized premium/discount on business-type activity general obligation bonds amounted to \$26,736,959.

## III.DETAILED NOTES - ALL FUNDS (Continued)

#### 6. LONG-TERM DEBT (Continued)

## Changes in Long-Term Liabilities (Continued)

Unamortized premium/discount on business-type activity revenue bonds amounted to \$14,812,136. The Water District has implemented GASB Statements No. 63 and No. 65 to recognize unamortized debt issuance costs, previously classified as noncurrent assets as a component of interest expense. These adjustments resulted in a \$10,239,333 difference in unamortized premium/discount on business-type activity for general obligation bonds. There are a number of limitations and restrictions contained in the various bond indentures. Management believes the County is in compliance with all significant limitations and restrictions.

#### Current Year Refunded and Defeased Bond Issues

In August 2011, the County issued \$200 million in AMT weekly variable rate debt obligations. The Series 2011B-1 bonds, for \$100 million in principal, and 2011B-2 bonds, also for \$100 million in principal, mature on July 1, 2022. The Series 2011B bonds were issued to refund the outstanding Clark County, Nevada, Airport System Junior Subordinate Lien Revenue Notes, Series 2008A-1 bonds and 2008B-1 bonds, each with \$100 million in principal. The irrevocable, transferable letter of credit for the 2011B-1 bonds carries a term through 2014. The annual commitment fee to Citibank, N.A. is 85 basis points. The direct pay letter of credit for the 2011B-2 bonds has a term through 2014. The annual commitment fee to Royal Bank of Canada is 85 basis points.

On October 19, 2011, the Water District issued Series 2011B, \$129,650,000 par value general obligation refunding bonds, additionally secured by the SNWA pledged revenues, at par, with a true interest cost of 4.29%. The bonds were dated and delivered October 19, 2011. Proceeds of the bonds, less \$878,685 to pay the costs of issuing the bonds, were deposited into escrow to purchase government securities to advance refund at 100% of par plus accrued interest certain outstanding SNWA bond obligations totaling \$114,960,000 principal.

On October 19, 2011, the Water District issued Series 2011C, \$267, 815,000 par value general obligation refunding bonds, additionally secured by the SNWA pledged revenues, for a net premium of \$24,389,617 and a true interest cost of 4.04%. The bonds were dated and delivered October 19, 2011. Proceeds of the bonds together with \$24,389,617 of SNWA funds, less \$1,663,124 to pay the cost of issuing the bonds, were deposited into escrow to purchase government securities to advance refund at 100% of par plus accrued interest certain outstanding SNWA bond obligations totaling \$286,615,000 principal, including \$188,880,000 principal of the Water District's Series 2003B bonds, additionally secured by SNWA pledged revenues. The average coupon rate of the Series 2003B advanced refunded bonds is 5.10%.

On October 19, 2011 the Water District issued Series 2011D, \$78,680,000 par value general obligation refunding bonds for a net premium of \$8,622,887 and a true interest cost of 3.57%. The bonds were dated and delivered October 19, 2011. Proceeds of the bonds, less \$564,097 to pay the costs of issuing the bonds, were deposited into escrow to purchase government securities to advance refund at 100% of par plus accrued interest \$81,990,000 of the Water District's Series 2003A general obligation water improvement and refunding bonds. The average coupon rate of the Series 2003A refunding bonds is 5.10%.

The partial refunding of the Series 2003A bond issue by the 2011D issue resulted in an accounting loss of \$1,891,072. Following GASB Statement No. 23, the Water District has deferred the accounting loss and will amortize it as a component of interest expense through fiscal year 2027. The Water District reduced its total debt service payments over the current and next 15 fiscal years by \$6,614,618 and obtained a present value economic gain of \$5,204,097.

## III.DETAILED NOTES - ALL FUNDS (Continued)

## 6. LONG-TERM DEBT (Continued)

## Current Year Refunded and Defeased Bond Issues (Cont)

On June 20, 2012, the County issued \$85,015,000 general obligation (limited tax) Bond Bank Refunding Bonds (additionally secured by pledged revenues) Series 2012 at a fixed rate that ranges between 4.00 and 5.00 percent. The bonds were issued for the purpose of refunding \$30,805,000 of the Bond Bank Series 2001 and \$53,980,000 of Series 2002 bonds and to pay certain costs of issuance thereof. The bonds were issued at a premium of \$2,034,243 and resulted in a gain of \$2,086,056. This refunding resulted in a net present value savings of \$10,445,365.

#### **Discretely Presented Component Units**

# <u>RTC</u>

On November 29, 2011 the Clark County issued \$118,105,000 Highway Revenue (Motor Vehicle Fuel Tax) Refunding Bonds at a fixed rate that ranges between 4 and 5 percent for the RTC. The bonds were issued for the purpose of refunding \$124,025,000 of the County's Highway Revenue (Motor Vehicle Fuel Tax) Improvement and Refunding Bonds, Series 2003 and to pay certain costs of issuance thereof. The bonds were issued at a premium of \$17.4 million and resulted in a loss of \$7.8 million. This refunding resulted in a future cash flow savings \$12 million, which has a present value savings of \$10.2 million and a net present value savings of \$8.8 million. The 2011 refunding bonds mature in 2023

## Prior Year Defeasance of Debt

In prior years, the County defeased certain general obligation and revenue bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the County's financial statements. At June 30, 2012, the following were the remaining balances of the defeased bond issues:

#### Conduit Debt Obligations

The County has issued approximately \$1,735,945,000 in economic development revenue bonds since 1990. The bonds have been issued for a number of economic development projects, including: utility projects, healthcare projects, and education projects. The bonds are paid solely from the revenues derived from the respective projects, therefore, these bonds are not liabilities of the County under any condition, and they are not included as a liability of the County.

#### **Derivative Instruments**

#### (a) Interest Rate Swaps

The intention of the Department of Aviation's (Department) implementation of a swap portfolio was to convert variable interest rate bonds to synthetically fixed interest rate bonds. As a means to lower its borrowing costs when compared against fixed-rate bonds at the time of issuance, the Department executed several floating-to-fixed swaps in connection with its issuance of variable rate bonds. The Department also executed forward starting swaps to lock in attractive synthetically fixed rates for future variable rate bonds. Some of the Department's swaps are structured with step-down coupons to reduce the cash outflows of the fixed leg of those swaps in the later years of the swap.

As summarized in the tables below, the Department has 22 outstanding swap transactions as of June 30, 2012, with initial notional amounts totaling \$3,137,170,000. The outstanding notional total as of June 30, 2012, was \$2,410,685,000, comprising \$1,493,340,000 in floating-to-fixed swaps, \$400,364,000 in fixed-to-fixed swaps, and \$516,981,000 in basis swaps. The current mark-to-market value, or fair value, of each derivative instrument is detailed below, with the total valuation of all outstanding swap agreements as of June 30, 2012, being \$(197,578,321).

The mark-to-market value, or fair value, for each swap is estimated using the zero-coupon method. Under this method, future cash payments are calculated either based on using the contractually-specified fixed rate or based on using the contractually-specified variable forward rates as implied by the SIFMA (Securities Industry and Financial Markets Association) Municipal Swap Index yield curve (formerly known as the Bond Market Association Municipal Swap Index yield curve, or BMA Municipal Swap Index yield curve), as applicable. Each future cash payment is adjusted by a factor called the swap rate, which is a rate that is set, at the inception of the swap and at the occurrence of certain events, such as a refunding, to such a value as to make the mark-to-market value of the swap equal to zero. (For this reason, the swap rate is sometimes referred to as the "at-the-market" rate of the swap.) Future cash receipts are calculated either based on using the contractually-specified fixed rate or based on using the contractually-specified variable forward rates as implied by the LIBOR (London Interbank Offered Rate) yield curve or the CMS (Constant Maturity Swap rate) yield curve, as applicable. The future cash payment, as modified by the swap rate factor, and the future cash receipt due on the date of each and every future net settlement on the swap is netted, and each netting is then discounted using the discount factor implied by the LIBOR yield curve for a hypothetical zero-coupon rate bond due on the date of the future net settlement. These discounted nettings are then summed to arrive at the mark-to-market value, or fair value, of the swap.

All the swaps entered into by the Department comply with the County's swap policy. Each swap is written pursuant to guidelines and documentation promulgated by the International Swaps and Derivatives Association ("ISDA"), which include standard provisions for termination events such as failure to pay or bankruptcy. The Department retains the right to terminate any swap agreement at market value prior to maturity. The Department has termination risk under the contract, particularly if an additional termination event ("ATE") were to occur. An ATE occurs either if the credit rating of the bonds associated with a particular swap agreement and the rating of the swap insurer fall below a pre-defined credit rating threshold or if the credit rating of the swap counterparty falls below a threshold as defined in the swap agreement.

With regard to credit risk, the potential exposure is mitigated through the use of an ISDA credit support annex ("CSA"). Under the terms of a master agreement between the Department and the counterparties, each swap counterparty is required to post collateral to a third party when the counterparty's credit rating falls below the trigger level defined in each swap agreement. As long as the Department retains insurance, the Department is not required to post any collateral. Only the counterparties are required to post collateral. As of June 30, 2012, none of the counterparties are required to post collateral. This protects the Department from credit risks inherent in the swap agreements.

\* On A pril 6, 2010, the Department terminated the "on market" (at-market coupon) portion of its floating-to-fixed swaps #03, #05, #10A, #11, and #13. To fund the terminations, the Department fully terminated the "off-market" (step-coupon) portion of swap #11 and partially terminated \$162.2M of \$229.9M notional of the "off-market" portion of swap #03, #05, #10A, #11, and #13. To fund the terminations, the Department fully terminated the "off-market" (step-coupon) portion of swap #11 and partially terminated \$162.2M of \$229.9M notional of the "off-market" portion of swap #03, #05, #16A, #17, and #18, respectively.

† On November 4, 2010, the Department refunded the outstanding principal of its Series 2005 A-1 and A-2 PFC bonds with the Series 2010 F-1 and F-2 PFC bonds. Upon refunding, swap #12B was re-associated with the cash flows of the \$100 million of outstanding principal of the Series 2010 F-2 PFC bonds and became an investment instrument. The remaining \$250 million was re-associated with the 2008 C and 2008 D-3 bonds along with the 2010 E-2 notes.

2 On August 3, 2011, the Department refunded the outstanding principal of its Series 2008 A-1 and B-1 bonds with the Series 2011 B-1 and B-2 bonds, respectively. Upon refunding, swap #7B was re-associated with the cash flows of the \$100 million of outstanding principal of the Series 2011 B-1 bonds, and swap #7A was re-associated with the cash flows of the \$100 million of outstanding principal of the Series 2011 B-1 bonds, and swap #7A was re-associated with the cash flows of the \$100 million of outstanding principal of the Series 2011 B-1 bonds, and swap #7A was re-associated with the cash flows of the \$100 million of outstanding principal of the Series 2011 B-1 bonds, and swap #7A was re-associated with the cash flows of the \$100 million of outstanding principal of the Series 2011 B-1 bonds.

\*\* On July 1, 2011, forward swaps 14A and 14B, both with a trade date of April 17, 2007, became effective as scheduled, \$4.48 million of the entire notional amount of swap 14A, \$73.025 million, was associated with the 2008A general obligation bonds, with the prioripal of the 2008A general obligation bonds are april association of swap 14A, \$73.025 million, was associated with the 2008A general obligation bonds are approximated by a state of a stat

#### 6. LONG-TERM DEBT (Continued)

#### Derivative Instruments (Continued)

As indicated in the previous section, the Department entered into various interest rate swap agreements to hedge financial risks associated with the cost of borrowing and the cash flows associated with the Department's variable interest rate debt. In accordance with the provisions of GASB Statement No. 53, Accounting and Financial Reporting for Derivative Instruments, the Department is required to report the fair value of all derivative instruments on the Statement of Net Position. In addition, GASB Statement No. 53 requires that all derivatives be classified into two basic types: (1) hedging derivatives and (2) investment derivatives. Hedging derivatives are derivative instruments that significantly reduce an identified financial risk by substantially offsetting changes in cash flows or fair values of an associated hedgeable item. Hedging derivatives are required to be tested for their effectiveness. The effectiveness is tested using 1) Consistent Critical Terms method and 2) Regression Analysis method. The Department uses an external consulting firm to perform this evaluation. Investment derivatives either are derivative instruments entered into primarily for income or profit purposes or are derivative instruments that do not meet the criteria of an effective hedging derivative instrument. Changes in the fair value of hedging derivative instruments are presented as deferred inflows or deferred outflows on the Statement of Net Position, and changes in the fair value of investment derivative instruments are recognized as gains or losses on the Statement of Revenues, Expenses, and Changes in Net Position.

• On April 6, 2010, the Department terminated the "on market" (at-market coupon) portion of its floating-to-fixed swaps#03, #05, #10A, #11, and #13. To fund the terminations, the Department fully terminated the "off-market" (step-coupon) portion of swap #11 and partially terminated \$162.2M of \$229.9M notional of the "off-market" portion of swap #03. The agreements related to swaps #03, #05, #10A, and #13 were amended and restated, and the new terms of the swap agreements are presented in the table above as swaps #15, #16, #17, and #18, respectively.

† Hedging component or investment component, as applicable.

2 On August 3, 2011, the Department refunded the outstanding principal of its Series 2008 A-1 and B-1 bonds with the Series 2011 B-1 and B-2 bonds, respectively. Upon refunding, swap #7B was re-associated with the cash flows of the \$100 million of outstanding principal of the Series 2011 B-1 bonds, and swap #7A was re-associated with the cash flows of the \$100 million of outstanding principal of the Series 2011 B-1 bonds, and swap #7A was re-associated with the cash flows of the \$100 million of outstanding principal of the Series 2011 B-1 bonds.

\*\* Hedging component or investment component, as applicable.

## III. DETAILED NOTES - ALL FUNDS (Continued)

#### 6. LONG-TERM DEBT (Continued)

#### Derivative Instruments (Continued)

On November 4, 2010, the Department refunded the outstanding principal of its Series 2005 A-1 and A-2 PFC bonds with the Series 2010 F-1 and F-2 PFC bonds. Prior to the refunding, swap #12B served as a hedge to the cash flows associated with \$100,000,000 in principal of the Series 2005 A-1 PFC bonds. Upon execution of the refunding, swap #12B was re-associated with the cash flows of the \$100,000,000 of outstanding principal of the Series 2010 F-2 PFC bonds, and the fair value of swap #12B was revalued using the forward rates in effect at the time of the refunding. This created an asset, a deferred loss on imputed debt, and an offsetting liability, imputed debt, in the amount of \$12,388,710, and this deferred loss on imputed debt and corresponding imputed debt are amortized against each other on a straight-line basis over the remaining life of the swap. In addition, the term life of the cash flows associated with \$100,000,000 in outstanding notional for swap #12B exceeded the term life of the cash flows associated with the outstanding principal of the Series 2010 F-2 PFC bonds; therefore, the portion of the fair value of swap #12B whose term life matched the that of the Series 2010 F-2 PFC bonds was classified as a hedging derivative, and the remaining portion of the fair value of swap #12B was reclassified from being a hedging derivative to being an investment derivative.

On July 1, 2011, forward floating-to-fixed swaps #14A and #14B, both with a trade date of April 17, 2007, became effective as scheduled. \$4,480,000 of the entire notional amount of swap 14A, \$73,025,000, was associated with the 2008A general obligation bonds, with the excess notional balance of \$68,545,000 classified as an investment derivative. The entire notional amount of swap #14B, \$201,975,000, was associated both with the principal of the 2008A general obligation bonds remaining after the association of swap #14A and with the 2010 E-2 notes and 2011A notes. Although these two notes are deemed to mature in perpetuity, the 2008A general obligation bond matures on July 1, 2027, a date in advance of the maturities of swaps #14A and #14B, which occur on July 1, 2030 and July 1, 2037, respectively. Therefore, those portions of swaps #14A and #14B associated with these excess maturities were classified as investment derivatives. On June 19, 2012, the Department paid down the Series 2011A Note.

On August 3, 2011, the Department refunded the Series 2008 B-1 bonds and the Series 2008 A-1 bonds with the Series 2011 B-2 bonds and the Series 2011 B-1 bonds, respectively. At the time of the refunding, swap #7A, with a notional amount of \$150,000,000, hedged both the 2008 A-2 bonds, with principal of \$50,000,000, and the 2008 B-1 bonds, with principal of \$100,000,000. Also at the time of the refunding, swap #7B, with a notional amount of \$150,000,000, hedged both the 2008 B-2 bonds, with principal of \$100,000,000. Also at the time of the refunding, swap #7B, with a notional amount of \$150,000,000, hedged both the 2008 B-2 bonds, with principal of \$50,000,000, and the 2008 A-1 bonds, with principal of \$100,000,000. When the 2008 B-1 bonds and the 2008 A-1 bonds were refunded, the \$100,000,000 notional components of both swap #7A and #7B, respectively, were also refunded. Upon refunding, the \$100,000,000 notional component of swap #7A and the \$100,000,000 notional component of swap #7B were reassociated with the 2011 B-2 bonds and the 2011 B-1 bonds, respectively. This re-association resulted in a revaluation of swaps #7A and #7B to adjust the overall swap rates of each swap to the market rate, which created an asset, a deferred loss on imputed debt, and an offsetting liability, imputed debt, in the amount of \$10,706,687 for swap #7A and in the amount of \$10,706,687 for swap #7B. This deferred loss on imputed debt and corresponding imputed debt are amortized against each other on a straight-line basis over the remaining lives of the

On July 1, 2012, the Department refunded the \$200,000,000 Series 2010 E-2 Notes by issuing the Series 2012 A-1 Subordinate Lien Revenue Notes for \$180,000,000, along with a contribution by the Department of \$22,631,319 and obtained \$120,000,000 in new proceeds with the issuance of the Series 2010 A-2 Subordinate Lien Revenue Notes. When this refunding occurred, the notional components of swap #14B that were associated with notes 2010 E-2 and 2011A were re-associated with notes 2012 A-1 and 2012 A-2.

## III.DETAILED NOTES - ALL FUNDS (Continued)

#### 6. LONG-TERM DEBT (Continued)

Derivative Instruments (Continued)

(b) Hedging Derivative Instruments

On June 30, 2012, the Department had nine outstanding floating-to-fixed interest rate swap agreements considered to be hedging derivative instruments in accordance with the provisions of GASB Statement No. 53, Accounting and Financial Reporting for Derivative Instruments.

#### Objective:

As a means of lowering its borrowing costs when compared against fixed-rate bonds at the time of issuance, the Department executed floating-to-fixed interest rate swaps in connection with its issuance of variable rate bonds. The intention of implementing these swaps was to convert the Department's variable interest rates on the bonds to synthetic fixed rates. As of June 30, 2012, the Department had six outstanding hedging swaps that had been structured with step-down coupons to reduce the cash outflows of the fixed leg of those swaps in the later years of the swap.

#### Forward Starting Swap Agreements:

On January 3, 2006, the Department entered into five swap agreements (swaps #7A, #7B, #12A, #12B, and #13) to hedge future variable rate debt as a means to lower its borrowing costs and to provide favorable synthetically fixed rates for financing the construction of Terminal 3 and other related projects. Swap #7A, with a notional amount of \$150,000,000, hedged both the 2008 A-2 bonds, with principal of \$50,000,000 and the 2008 B-1 bonds, with principal of \$100,000,000, while swap #7B, with a notional amount of \$150,000,000, hedged both the 2008 B-2 bonds, with principal of \$50,000,000, and the 2008 A-1 bonds, with principal of \$100,000,000. Swaps #12A and #12B, with notional amounts totaling \$550,000,000, became effective July 1, 2009; and swap #13, with a notional amount totaling \$150,000,000, was scheduled to become effective July 1, 2010. Due to the attractive market rates for fixed rate bonds, together with the favorable provisions of the American Recovery and Reinvestment Act of 2009, the Department chose to refinance its outstanding bond anticipation notes and issue fixed rate bonds to complete financing for the construction of Terminal 3. As a result, the planned \$550,000,000 of 2009 series A and B variable rate bonds was not issued on July 1, 2009. In addition, to better match its outstanding notional of floating-to-fixed interest rate swaps to the cash flows associated with its outstanding variable rate bonds, on April 6, 2010, the Department terminated \$543,300,000 in notional amounts of its outstanding floating-to-fixed interest rate swaps (swaps #3, #5, #10A, and #11) and \$150,000,000 in the notional amount of the July 1, 2010, forward starting swap #13. On April 17, 2007, the Department entered into two additional forward starting swaps, swaps #14A and #14B, with notional amounts totaling \$275,000,000, which became effective July 1, 2011, as scheduled.

#### Terms, Notional Amounts, and Fair Values:

The terms, notional amounts, and fair values of the Department's hedging derivatives at June 30, 2012, are included in the table below. The notional amounts of the swap agreements match the principal portions of the associated debt and contain reductions in the notional amounts that are expected to follow the reductions in principal of the associated outstanding

#### † Hedging component only \*\* Hedging component only

.

Due to a decrease in variable rates during FY 2012, none of the Department's hedging derivatives had positive fair values as of June 30, 2012. The fair values are estimated using the methodology discussed above under subnote (a), "Interest Rate Swaps."

## Credit Risk:

The Department is exposed to credit risk in the amount of the hedging derivatives' positive fair values. Since none of the hedging derivatives had a positive fair value as of June 30, 2012, the Department was exposed to no credit risk for these derivatives. Nonetheless, as described earlier, a CSA is in place to provide collateral to protect the value of the swaps under specific circumstances. The counterparty credit ratings for the Department's hedging derivative instruments at June 30, 2012, are included in the table below.

† Hedging component only

\*\* Hedging component only

#### Basis and Interest Rate Risk:

The floating-to-fixed swap #01 is not subject to basis risk or interest rate risk because the variable amount received from the swap counterparty matches the payment due to the bondholders on the 1993A Non-AMT bonds. All the remaining hedging derivative swaps are subject to basis and interest rate risk should the relationship between the LIBOR rate and the Department's bond rates converge. If a change occurs that results in the rates moving to convergence, the expected cost savings and expected cash flows of the swaps may not be realized.

#### Tax Policy Risk:

The Department is exposed to tax risk if a permanent mismatch (shortfall) occurs between the floating rate received on the swap and the variable rate paid on the underlying variable rate bonds due to tax law changes such that the federal or state tax exemption of municipal debt is eliminated or its value is reduced.

#### Termination Risk:

The Department is exposed to termination risk if either the credit rating of the bonds associated with the swap or the credit rating of the swap counterparty falls below the threshold defined in the swap agreement, i.e. if an additional termination event ("ATE") occurs. If at the time of the ATE the swap has a negative fair value, the Department would be liable to the counterparty for a payment equal to the swap's fair value. For all swap agreements, except for swap #06, #08A, and #09A, the Department is required to designate a day between 5 and 30 days to provide written notice following the ATE date. For the exceptions, the designated date is 30 days after the ATE days.

#### III.DETAILED NOTES - ALL FUNDS (Continued)

#### 6. LONG-TERM DEBT (Continued)

Derivative Instruments (Continued)

#### Rollover Risk and Other Risk:

There exists the possibility that the Department may undertake additional refinancing with respect to its swaps to improve its debt structure or cash flow position and that such refinancing may result in hedging swap maturities that do not extend to the maturities of the associated debt, in hedging swaps becoming decoupled from associated debt, in the establishment of imputed debt, or in the creation of losses.

#### (c) Investment Derivative Instruments

As of June 30, 2012, the Department has 13 outstanding interest rate swaps considered to be investment derivate instruments in accordance with the provisions of GASB Statement No. 53, Accounting and Financial Reporting for Derivative Instruments. In addition to these 13 swaps, components of swaps #12B, #14A, and #14B are designated as investment derivatives in accordance with the provisions of GASB Statement No. 53.

#### Terms, Notional Amounts, and Fair Values:

The terms, notional amounts, and fair values of the Department's investment derivatives at June 30, 2012, are included in the table below.

#### Credit Risk:

The Department is exposed to credit risk on the seven interest rate swaps with positive fair values totaling \$60,472,869. The Department is not exposed to credit risk on the remaining interest rate swaps with negative fair values. Should forward interest rates change such that the fair values of the those swaps become positive, the Department would then be exposed to credit risk in the amount of those derivatives' fair values. As described earlier, a CSA is in place to provide collateral to protect the value of the swap under specific circumstances. The counterparty credit ratings for the Department's investment derivative swaps at June 30, 2012, are included in the table below.

|             | Interest Rate Swap                                |                                   | Counte  | <del>r</del> party I | Ratings | Credit Risk   |  |  |

† Investment component only

\*\* Investment component only

#### Interest Rate Risk:

Swaps #02, #04, and #06 are subject to interest rate risk should the relationship between the LIBOR rate and and the SIFMA rate converge. If a change occurs that results in the rates moving to convergence, the expected cost savings and expected cash flows of the swaps may not be realized.

Swaps #08A, #08B, and #08C and swaps #09A, #09B, and #09C are subject to interest rate risk should the relationship between the 10-year CMS rate (Constant Maturity Swap rate) and the LIBOR rate converge. If a change occurs that results in the rates moving to convergence, the expected cost savings and expected cash flows of the swaps may not be realized.

Swaps #12B, #14A, and #14B are subject to interest rate risk should the relationship between the LIBOR rate and the Department's bond rates converge. If a change occurs that results in the rates moving to convergence, the expected cost savings and expected cash flows of the swaps may not be realized.

The investment components of Swaps #15 through #18 are not subject to interest rate risk.

#### Loans Payable

In January 2008, the RTC established a commercial paper program allowing for the issuance of \$200 million in taxexempt commercial paper notes (Series 2008A and Series 2008B) for the streets and highways improvements projects incorporated in Clark County's Master Transportation Plan. As of June 30, 2012, this program has been closed. Expiration date is January 23, 2015; however, the line of credit may be extended from time to time. Interest rates are variable and averaged 0.3 percent at June 30, 2012.

#### Commercial Paper Notes Payable

In February 2008, the RTC established a commercial paper program for the streets and highways improvements projects incorporated in Clark County's Master Transportation Plan. This program is authorized for the issuance of up to \$200 million in tax-exempt commercial paper notes to be paid from pledged motor vehicle fuel tax revenues and additionally secured by an irrevocable letter of credit dated March 5, 2008 (Series 2008A and Series 2008B). As of June 30, 2012, \$ 8 million is outstanding. The commercial paper notes may have a maturity date from 1 to 270 days after their issuance; however, no note may mature after the earlier of March 4, 2018, or five days prior to the line of credit expiration date, currently March 13, 2013. Interest rates are variable and averaged 0.3 percent at June 30, 2012.

As of June 30, 2012, the total amount of commercial paper approved for sale was \$100 million, which was divided equally into two separate issues, Series 2008A and Series 2008B with an aggregate of \$8 million issued and outstanding.

## 6. LONG-TERM DEBT (Continued)

Discretely Presented Component Units (Continued)

RTC (Continued):

## Loans Payable (Continued)

The commercial paper is ordinarily due in various periodic installments of not more than 270 days from date of issue; however, because the commercial paper is subject to an irrevocable letter of credit the obligation is classified as long-term debt in the statement of net position.

The following is the loan payable at June 30, 2012:

| Lender           | Original      | Date of  | Date Final  | Interest | Balance       |
|------------------|---------------|----------|-------------|----------|---------------|
|                  | <u>Amount</u> | Loan     | Payment Due | Rate     | June 30, 2012 |
| Commercial Paper | \$200,000,000 | 03/05/08 | Various     | 0.34%    | \$ 8,000,000  |

This loan is being serviced, principal and interest, by the RTC.

## Compensated Absences

The following is the change in long-term accrued sick leave and vacation benefits as of June 30, 2012:

| Long-term portion of accrued sick leave and vacation benefits at July 1, 2011  | \$ 1,961,861        |
|--|---------------------|

## III. DETAILED NOTES - ALL FUNDS (Continued)

#### 6. LONG-TERM DEBT (Continued)

Discretely Presented Component Units (Continued)

RTC (Continued):

#### Pledged Revenues

Motor vehicle fuel tax revenue bonds issued for RTC purposes are collateralized by a maximum of nine cents per gallon motor vehicle fuel tax levied by the County, except that portion required to be allocated as direct distributions for those political subdivisions not included in the "Las Vegas Valley Area Major Street and Highway Plan."

The bonds are additionally collateralized by the County's share of the three cents per gallon tax levied by the State pursuant to NRS 365.180 and 365.190 and accounted for in other County funds.

The net pledged revenues for the year ended June 30, 2012, were as follows:

| Pledged revenues (net of administrative expenditures)   |                      |
|---|----------------------|
| State motor vehicle fuel tax  | \$ 18,483,425        |
| County motor vehicle fuel tax   | 64,923,105           |
| Direct distributions allocated for certain political subdivisions<br>not included in the Las Vegas Valley Area Major Street | \$ 83,406,530        |
| and Highway Plan  | (2,069,823)          |
|   | <u>\$ 81,336,707</u> |

Sales and excise tax revenue bonds issued for RTC purposes are collateralized by 1/8 percent sales and excise tax and a 1 cent jet aviation fuel tax in Clark County.

The net pledged revenues for the year ended June 30, 2012, were as follows:

| Pledged revenues       |                      |
|------------------------|----------------------|
| Sales and excise tax   | \$ 75,212,662        |
| Jet aviation fuel tax  | 3,712,620            |
| Total pledged revenues | <u>\$ 78,925,282</u> |

The federal Tax Reform Act of 1986 imposes a rebate requirement with respect to some bonds issued by the County for the RTC. Under this act, an amount may be required to be rebated to the United States Treasury (called "arbitrage") for interest on the bonds to qualify for exclusion from gross income for federal income tax purposes. Rebatable arbitrage is computed as of each installment computation date, and as of the most recent such date the RTC's management believes that there is no rebatable arbitrage amount due. Future calculations might result in adjustments to this determination.

## III. DETAILED NOTES - ALL FUNDS (Continued)

## 8. <u>NET POSITION AND FUND BALANCES</u>

### Primary Government

Net Position - Government-wide Financial Statements:

The government-wide Statement of Net Position utilizes a net position presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted. Net investment in capital assets is less the related debt outstanding that relates to the acquisition, construction, or improvement of capital assets.

Restricted assets are assets that have externally imposed (statutory, bond covenant, contract, or grantor) limitations on their use. Restricted assets are classified either by function, debt service, capital projects, or claims. Assets restricted by function relate to net position of government and enterprise funds whose use is legally limited by outside parties for a specific purpose. The restriction for debt service represents assets legally restricted by statute or bond covenants for future debt service requirements of both principal and interest. The amount restricted for capital projects consists of unspent grants, donations, and debt proceeds with third party restriction for use on specific projects or programs. The government-wide statement of net position reports \$1,175,693,352 of restricted net position, all of which is externally imposed.

Unrestricted net position represents financial resources of the County that do not have externally imposed limitations on their use.

Fund Balances - Fund Financial Statements:

## Government Funds

Government fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the County is bound to observe constraints imposed on the use of the resources of the fund. Fund balance classifications by County function consist of the following:

| Fund Balances        | General Funds        | Las Vegas<br>Metropolitan<br><u>Police Department</u> | Nonmajor<br>Governmental<br>Funds | Total                |
|----------------------|----------------------|---|-----------------------------------|----------------------|
| Nonspendable:        |                      |   |                                   |                      |
| Long-term receivable |                      |   |                                   |                      |

## III. <u>DETAILED NOTES – ALL FUNDS (Continued)</u>

## 8. NET POSITION AND FUND BALANCES (Continued)

**Discretely Presented Component Units** 

## Flood Control District

### Net Position:

The government-wide statement of net position reports \$7,536,198 of restricted net position which is restricted by creditors for general obligation debt repayment.

## <u>RTC</u>

## Net Position:

The government-wide statement of net position reports \$255,373,700 of restricted net position, of which \$156,215,295 is restricted by enabling legislation for street and highway projects and other related activities and \$99,158,405 is restricted by creditors for debt repayment.

## 9. RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Over the past three years, settlements have not exceeded insurance coverage. The County maintains the following types of risk exposures:

#### Self-Funded Group Insurance and Group Insurance Reserve

The County has established self-insurance funds for insuring medical benefits provided to County employees and covered dependents. An independent claims administrator performs all claims-handling procedures.

Incurred but not reported claims have been accrued as a liability based upon a variety of actuarial and statistical techniques.

#### Clark County Workers' Compensation

The County has established a fund for self-insurance related to workers' compensation claims. Self-insurance is in effect up to an individual stop loss amount of \$500,000 per occurrence in the first year, \$275,000 in the second year and \$175,000 per year thereafter. Coverage from private insurers is maintained for losses in excess of the claim stop loss amount up to \$100,000,000. Incurred but not reported claims have been accrued as a liability based upon a variety of actuarial and statistical techniques.

## III. <u>DETAILED NOTES – ALL FUNDS (Continued)</u>

### 9. RISK MANAGEMENT (Continued)

## Las Vegas Metropolitan Police Department (LVMPD) and Clark County Detention Center (CCDC) Self-Funded Insurance

The County has established separate self-insurance funds for general liabilities of the LVMPD and CCDC. Loss amounts of \$25,000 or more require approval of the LVMPD Fiscal Affairs Committee. Self-insurance is in effect for loss amounts up to \$2,000,000 per occurrence, accident, or loss. Coverage from private insurers is maintained for losses in excess of the stop loss amount up to \$20,000,000 – an increase from \$10,000,000 of coverage in the prior year. An independent claims administrator performs claims-handling procedures for traffic claims. All other claims are administered through the LVMPD Risk Management Section. Incurred but not reported claims have been accrued as a liability based upon a variety of actuarial and statistical techniques.

#### LVMPD and CCDC Self-Funded Industrial Insurance

The County has established separate self-insurance funds to pay workers' compensation claims of the LVMPD and CCDC. Self-insurance is in effect up to an individual stop loss amount of \$1,000,000 per occurrence in the first year, \$300,000 in the second year, and \$200,000 each year thereafter. Coverage from private insurers is maintained for losses in excess of the claim stop loss amount up to \$10,000,000. Incurred but not reported claims have been accrued as a liability based upon a variety of actuarial and statistical techniques.

#### County Liability Insurance

The County has established a general liability self-insurance fund for losses up to a \$25,000 per occurrence retention limit. Losses in excess of this retention are covered by the County liability insurance pool fund. An independent claims administrator performs all claims-handling procedures. Incurred but not reported claims have been accrued as a liability based upon a variety of actuarial and statistical techniques.

#### County Liability Insurance Pool

The County has established a general liability insurance pool for the benefit of County funds. Self-insurance is in effect for loss amounts over the \$25,000 retention up to \$2,000,000 per occurrence, accident, or loss.

Coverage from private insurers is maintained for losses in excess of the stop loss amount up to \$20,000,000. An independent claims administrator performs all claims-handling procedures. Incurred but not reported claims have been accrued as a liability based upon a variety of actuarial and statistical techniques.

## III. DETAILED NOTES - ALL FUNDS (Continued)

## 10. COMMITMENTS AND CONTINGENCIES

### Encumbrances

The County utilizes encumbrance accounting in its government funds. Encumbrances are recognized as a valid and proper charge against a budget appropriation in the year in which a purchase order, contract, or other commitment is issued. In general, unencumbered appropriations lapse at year end. Open encumbrances at fiscal year end are included in restricted, committed, or assigned fund balance, as appropriate. The following schedule outlines significant encumbrances included in governmental fund balances:

| <u>Major Funds</u>   | Restricted Fund<br>Balance |             | Committed Fund<br>Balance |            | Assigned Fund<br>Balance |           |
|--|----------------------------|-------------|---------------------------|------------|--------------------------|-----------|
| General Fund   | \$                         | -           | \$                        | -          | \$                       | 562,484   |
| Las Vegas Metropolitan Police<br>Department<br>Nonmajor <u>Funds</u> |                            | -           |                           | 2,457,584  |                          | 342,044   |
| Aggregate nonmajor funds   |                            | 200,458,584 |                           | 34,943,845 |                          | 3,682,252 |
|  | \$                         | 200,458,584 | \$                        | 37,401,429 | \$                       | 4,586,780 |

## LVCVA Bonds

In addition to the County general obligation bonds, the County is contingently liable on the Las Vegas Convention and Visitors Authority (LVCVA) general obligation bonds, Series May 31, 2007, August 19, 2008, January 26, 2010, and December 8, 2010, in the amounts of \$29,920,000, \$25,080,000, \$122,210,000 and \$170,745,000 respectively. Although the County is contingently liable for the general obligation bonds of the LVCVA, in the event of a default by the LVCVA, it is anticipated that additional ad valorem taxes would be levied to retire the bonds. Therefore, the County's exposure to this contingent liability is remote.

## Grant Entitlement

The County is a participant in a number of federal and state-assisted programs. These programs are subject to compliance audits by the grantors. The audits of these programs for fiscal year 2012 and certain earlier years have not yet been completed. Accordingly, the County's compliance with applicable program requirements is not completely established. The amount, if any, of expenditures that may be disallowed by the grantors cannot be determined at this time. The County believes it has adequately provided for potential liabilities, if any, which may arise from the grantors' audits.

#### Medicare and Medicaid Reimbursements

UMC's Medicare and Medicaid cost reports for certain prior years are in various stages of review by third-party intermediaries and have not been settled as a result of certain unresolved reimbursement issues. The County believes it has adequately provided for any potential liabilities that may arise from the intermediaries' audits.

## 10. COMMITMENTS AND CONTINGENCIES (Continued)

### Primary Government

**Operating Lease Commitments** 

The following is a schedule of future minimum lease payments primarily for office and storage space (with initial or remaining terms in excess of one year) as of June 30, 2012:

| Years ending June 30:        |                      |
|------------------------------|----------------------|
| 2013                         | \$ 11,348,805        |
| 2014                         | 10,615,802           |
| 2015                         | 9,579,868            |
| 2016                         | 6,892,167            |
| 2017                         | 6,302,177            |
| Thereafter                   | <u>19,079,941</u>    |
| Total minimum lease payments | <u>\$ 63,818,760</u> |

Rental expenditures including nonrecurring items was approximately \$19,810,452 for the year ended June 30, 2012.

The UMC enterprise fund also had future minimum rental commitments as of June 30, 2012, for noncancelable operating leases for property and equipment as follows:

| Years   | ending | June | 30: |
|---------|--------|------|-----|
| 1 Cui S | onung  | June | 50. |

| <b>0</b>   |                      |
|------------|----------------------|
| 2013       | \$ 7,895,667         |
| 2014       | 5,055,340            |
| 2015       | 3,351,864            |
| 2016       | 2,183,569            |
| 2017       | 2,164,212            |
| Thereafter | 1,343,851            |
| Total      | <u>\$ 21,994,503</u> |

The rental expense of UMC for property and equipment was approximately \$9,838,944 for the year ended June 30, 2012.

#### Rentals and Operating Leases

The Department of Aviation derives a substantial portion of its revenues from fees and charges to air carriers and concessionaires. Charges to air carriers are generated from terminal building rentals, gate use fees, and landing fees in accordance with the Lease, or provisions of the County's annual ordinance. The Department of Aviation leases land, building, and terminal space to concessionaires under operating leases that expire at various times through 2048. Under the terms of the agreements, concession fees are based principally on a percentage of the concessionaires' gross sales or a stated minimum annual guarantee, whichever is greater; and land and building rents that are based on square footage rates. The Department of Aviation received \$105,808,789 in FY 2012 and \$85,087,275 in FY 2011 for contingent rental payments in excess of stated annual minimum guarantees.

## III. DETAILED NOTES - ALL FUNDS (Continued)

| Total minimum rents receivable | <u>\$</u> | <u>811,564,613</u> |

## **Discretely Presented Component Units**

<u>RTC:</u>

**Operating Lease Commitments** 

The following summarizes the current operating lease commitments for the RTC:

| Lessor         | Monthly<br>Rental | Date Lease<br>Commenced | Date Lease<br><u>Terminates</u> |
|----------------|-------------------|-------------------------|---------------------------------|
| Live Work, LLC | <u>\$115,533</u>  | 01/05/08                | 01/04/48                        |
| Total          | <u>\$115,533</u>  |                         |                                 |

## Rentals and Operating Leases

The following is a schedule of future minimum lease payments for operating leases as of June 30, 2012:

| Years ending June 30:          |                       |
|--------------------------------|-----------------------|
| 2013                           | \$ 1,449,093          |
| 2014                           | 1,513,669             |
| 2015                           | 1,559,079             |
| 2016                           | 1,605,851             |
| 2017                           | 1,654,027             |
| Thereafter                     | 93,058,477            |
| Total minimum rents receivable | <u>\$ 100,840,196</u> |

The total rent expense for fiscal year 2012 was \$1,386,397.

## III. DETAILED NOTES - ALL FUNDS (Continued)

## 10. COMMITMENTS AND CONTINGENCIES (Continued)

## Litigation

There are various outstanding claims against the County for which a probability of loss exists with a cumulative amount of approximately \$2,500,000. An accrual for litigation losses has been provided in the governmental activities column. Other cases, some of which involve alleged civil rights violations, have been filed against the County. These cases are in the discovery stage and no estimate of the probability or extent of possible losses can be determined at this time.

UMC is involved in litigation and regulatory investigations arising in the ordinary course of business. UMC does not accrue for estimated future legal and defense costs, if any, to be incurred in connection with outstanding or threatened litigation and other disputed matters, but rather records such as period costs when services are rendered.

## 11. JOINT VENTURES

## Southern Nevada Water Authority

The Water District, a component unit (see Note 1), has a joint venture with the Southern Nevada Water Authority ("SNWA"). The SNWA is a political subdivision of the State of Nevada, created on July 25, 1991, by a cooperative agreement between the Water District, the Big Bend Water District, the City of Boulder City, the City of Henderson, the City of Las Vegas, the City of North Las Vegas, and the Reclamation District (the "Members"). SNWA was created to secure additional supplies of water and effectively manage existing supplies of water on a regional basis through the cooperative action of the Members.

The SNWA is governed by a seven-member board of directors composed of one director from each member agency. The Water District is the operating agent for the SNWA; the General Manager of the Water District is the General Manager of the SNWA; and the Director of Finance of the Water District is the Treasurer of the SNWA.

The SNWA has the power to periodically assess the Members directly for operating and capital costs and for the satisfaction of any liabilities imposed against the SNWA. The Water District and other members do not have an expressed claim to the resources of the SNWA except that, upon termination of the joint venture, any assets remaining after payment of all obligations shall be returned to the contributing member. For this reason, the Water District records capital contributions as an operating expense, or as noted below, in some instances as capital projects.

In 1995, the SNWA approved agreements for the repayment of the cost of an additional expansion of the Southern Nevada Water System (SNWS). The agreements required contributions from purveyor members, including the Water District, benefiting from the expansion. In 1996, the Water District approved the collection of regional connection charges, regional commodity charges, and regional reliability surcharges to fund these contributions. The Water District records these charges as operating revenues, and contributions to the SNWA as operating expenses, except for District funded capital projects. On a Water District funded capital project, no regional revenue is collected, but a contribution to SNWA is still required, and it is charged to the capital project instead of operating expenses. The Water District does not act as a collecting agency for the SNWA. If the regional revenue were not collected, the Water District would still have the liability to the SNWA.

## III. DETAILED NOTES - ALL FUNDS (Continued)

#### 11. JOINT VENTURES (Continued)

### Southern Nevada Water Authority (Continued)

The Water District operates the SNWS, a regional system consisting of a water treatment plant and pumping and distribution facilities that supply water to the water purveyors in Southern Nevada for the SNWA.

During fiscal year 2012, the District billed the SNWA \$102.5 million for expenditures made on behalf of the SNWA. The SNWA in turn billed the District for its share of these and other costs, computed at a flat rate per acre-foot of water delivered (wholesale delivery charge). The District records the wholesale delivery charge as a component of purchased water expense.

Audited financial reports for fiscal year 2012 can be obtained by contacting:

Office of the Treasurer Southern Nevada Water Authority 1001 South Valley View Boulevard Las Vegas, Nevada 89153

### **Clean Water Coalition**

The Reclamation District, a component unit (see Note 1) has a joint venture with the Clean Water Coalition (CWC). In December 2009, the Systems Conveyance and Operations Program (SCOP) project was suspended until future assessments of the necessity of the SCOP project could be completed. As of February 2010, the Reclamation District's Board of Trustees approved the termination of the CWC's portion of the Reclamation District's SDA (connection) fees, and on January 25, 2011 the CWC Board terminated the collection of the CWC quarterly user fees from the member agencies effective as of October 1, 2010. On October 1, 2010 the Reclamation District reduced their expenses by \$2,740,307 when the three unpaid quarterly invoices from the CWC were reversed. The Reclamation District reduced its customer's annual sewer service bill which in turn reduced the Reclamation District's sewer service revenue by \$2,748,402.

On May 17, 2011, the Reclamation District's Board of Trustees approved the reduction of the Reclamation District's previously approved sewer service rates to reflect the termination of CWC user fees. The annual sewer service rate effective July 1, 2011 will be reduced by \$6.81 per ERU for a total of \$4,122,808. The annual sewer service rate effective July 1, 2012 will be reduced by \$6.79 per ERU for a total of \$4,110,700.

On August 30, 2011 the CWC Board approved the termination of the SCOP project and the distribution of unspent CWC funds, in the amount of \$62 million, to the member agencies in accordance with their proportionate share of contributions. The CWC's Board has not terminated the CWC as an agency.

## III. DETAILED NOTES - ALL FUNDS (Continued)

#### 11. JOINT VENTURES (Continued)

#### Clean Water Coalition (Continued)

As stated above, the Reclamation District had invested in the capacity rights of the CWC joint venture SCOP project. These capacity rights were considered an intangible asset with a definite useful life and with a value in the amount of \$32,800,740. As such, the asset would have been amortized over the useful life of the project once the project was put into service. Since the SCOP project was terminated, the investment amount was reduced by the anticipated refund from the CWC in the amount of \$11,872,888. The investment balance of \$20,927,853 was then expensed as a loss on the intangible asset. As of July 1, 2012 the total refund of \$19,957,912 from CWC which included \$5,220,252 for sewer service credits, \$2,899,910 for system development approval credits and \$11,837,750 for direct rebates was issued directly to the District rate payers as a rebate and/or issued as a credit against rate payers annual sewer service bills.

Separate audited financial statements for the CWC are prepared annually and can be obtained by contacting the Reclamation District's Financial Services Manager.

### 12. RETIREMENT SYSTEM

Clark County, Nevada employees, with the exception of those of the Water District enterprise fund, are covered by the State of Nevada Public Employees' Retirement System (the "System"). The System was established on July 1, 1948, by the Legislature and is governed by the Public Employees' Retirement Board whose seven members are appointed by the Governor. All public employees who meet certain eligibility requirements participate in the System, which is a cost sharing multiple-employer defined benefit plan. Clark County, Nevada does not exercise any control over the System. Nevada Revised Statute 286.110 states that: "Respective participating public employers are not liable for any obligation of the System."

Benefits, as required by statute, are determined by the number of years of accredited service at the time of retirement and the member's highest average compensation in any 36 consecutive months. Benefit payments to which participants may be entitled under the System include pension benefits, disability benefits, and death benefits.

Monthly benefit allowances for regular members and police and firemen are computed at 2.5 percent for service credits earned prior to July 1, 2001, and 2.67 percent for service credit earned July 1, 2001, and thereafter, of average compensation (36 consecutive months of highest compensation) for each accredited year of service prior to retirement up to a maximum of 90 percent of the average compensation for employees who entered the System prior to July 1, 1985, and 75 percent for those entering after that date. The System offers several alternatives to the unmodified service retirement allowance which, in general, allows the retired employee to accept a reduced service retirement allowance payable monthly during the employee's life and various optional monthly payments to a named beneficiary after the employee's death. Regular members are eligible for full retirement benefits at age 65 with 5 years of service, at age 60 with 10 years of service, or at any age with 30 years of service at age 55, at age 50 with 20 years of service, or at any age with 25 years of service.

Contribution rates are established by NRS 286.410. The statute provides for increases in odd-numbered years to an actuarially determined rate sufficient to amortize the unfunded liability of the system to zero over a 30-year amortization period. The County is obligated to contribute all amounts due under the System. The contribution rate for regular members, based on covered payroll, was 23.75 percent for the year ended June 30, 2012 and 21.5 percent for the years ended June 30, 2011 and 2010. The contribution rate for police and fire was 39.75 percent for the year ended June 30, 2012 and was 37.0 percent and for the years ended June 30, 2010.

## III. DETAILED NOTES - ALL FUNDS (Continued)

#### 12. RETIREMENT SYSTEM (Continued)

The County's contributions to the plan for the years ended June 30, 2012, 2011, and 2010 were \$303,980,018, \$295,183,959, and \$300,559,749, respectively, equal to the required contributions for each year.

An annual report containing financial statements and required information for the System may be obtained by writing to PERS, 693 W. Nye Lane, Carson City, Nevada 89703-1599, or by calling (775) 687-4200.

#### Las Vegas Valley Water District Retirement Plan

The Water District enterprise fund has provided for employee retirement by participation in Social Security and adoption of a supplementary defined benefit pension plan covering substantially all employees.

### A. Plan Description

The Water District contributes to the Las Vegas Valley Water District Pension Plan (the "Plan"), a singleemployer defined benefit pension trust fund established by the Water District to provide pension benefits solely for the employees of the Water District. The Board of Trustees of the Plan, composed of the Water District's board of directors, has the authority to establish and amend the benefit provisions of the Plan and the contribution requirements of the Water District and the employees. Water District employees are not required to contribute to the Plan. Water District employees may, however, under certain conditions, purchase additional years of service for eligibility and increased benefits. For the year ended, June 30, 2012, the contributions for this purpose were \$19,844; for the year ended June 30, 2011, the contributions were \$58,261.

The Plan was amended effective February 15, 2005, to provide the following: (1) Increase the annual service credit of 2 percent to 2.17 percent for years of service after July 1, 2001. (Service credit is the accumulation of pension plan years while an employee was in paid status at the Water District.) (2) Change the benefit formula to increase the calculation of highest average pay by approximately 10 percent as currently prescribed in the Nevada Revised Statutes. (3) Add shift differential and standby pay to the total compensation counted toward the pension benefit.

Other than cost of living adjustments, the Plan does not provide ad hoc post-retirement benefit increases nor does it administer post-employment healthcare plans. The Plan does not issue a stand-alone financial report.

All Water District employees are eligible to participate in the Plan after attaining age 20 and completing six months of employment. Subject to a maximum pension benefit, normally 60 percent of average monthly compensation, Water District employees who retire at age 65 are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 2 percent of their average monthly compensation multiplied by the years of service prior to July 1, 2001, and 2.17 percent of their average monthly compensation multiplied for the years of service after July 1, 2001.

For the purpose of calculating the pension benefit, average monthly compensation means the average of a member's 36 consecutive months of highest compensation, after excluding certain elements, times approximately 110 percent, while participating in the Plan. For participants in the plan as of January 1, 2001, benefits start to vest after three years of service with a 20 percent vested interest; after four years of service,

## III. DETAILED NOTES - ALL FUNDS (Continued)

## 12. <u>RETIREMENT SYSTEM (Continued)</u>

### Las Vegas Valley Water District Retirement Plan (Continued)

## A. Plan Description (Continued)

40 percent; and after five years of service, 100 percent. New participants after January 1, 2001, start to vest at 5 years of service, at which time they are vested 100 percent. The Plan also provides for early retirement and preretirement death benefits. The Plan is not subject to the Employee Retirement Income Security Act (ERISA) of 1974, but is operated consistent with ERISA fiduciary requirements.

The Water District contributes amounts actuarially determined necessary to fund the Plan in order to pay benefits when due and to provide an allowance sufficient to finance the administrative costs of the Plan. Contributions cannot revert to or be revocable by the Water District or be used for any purpose other than the exclusive benefit of the participants.

At June 30, 2012, and 2011, participants in the Plan consisted of the following:

|   | _2012_              | 2011         |
|---|---------------------|--------------|
| Retirees in pay status with unpurchased benefits<br>Terminated employees not yet receiving benefits<br>Active Employees | 272<br>318          | 231<br>315   |

## B. Supplemental Information

The schedule of employer contributions is included in the Required Supplementary Information section in the Comprehensive Annual Financial Report.

### III. DETAILED NOTES - ALL FUNDS (Continued)

#### 12. RETIREMENT SYSTEM (Continued)

#### Las Vegas Valley Water District Retirement Plan (Continued)

#### C. Annual Pension Cost and Net Pension Obligation

It is the policy of the Water District to pay Annual Required Contributions (ARC) when due; therefore, annual pension cost and the ARC are the same and aggregated \$26,721,710 for the year ended June 30, 2012, and \$26,606,950 for the year ended June 30, 2011. The significant actuarial assumptions used to determine the ARC are: (a) rate of return on the investment of present and future assets of 7.50 percent per year compounded annually, (b) individual salary increases of 5.25 percent per year (c) total payroll increases of 5.00 percent, (d) inflation rate of 3.00%.

An actuarial valuation has been performed each plan year since February 1987.

The Plan uses the aggregate actuarial cost method. Because this method does not identify or separately amortize unfunded actuarial accrued liabilities, information about the plan's funded status and funding progress has been prepared using the entry age normal actuarial cost method. The information presented as required supplementary information is intended to serve as a surrogate for the funded status and funding progress of the plan.

## D. Identification of Investments

|                                      | June 30, 2012         | June 30, 2011         |
|--------------------------------------|-----------------------|-----------------------|
| Investments at contract value:       |                       |                       |
| Union Central Life Insurance Company | \$ 1,558,683          | \$ 1,544,965          |
| New York Life Insurance Company      | 40,307,638            | 32,612,352            |
| Total investments at contract value  | <u>\$ 41,866,321</u>  | <u>\$ 34,157,317</u>  |
| Investments at fair value:           |                       |                       |
| Alliance Capital Domestic Equity     | 80,209,897            | 77,218,761            |
| Mellon Bank, Domestic Bond           | 68,738,900            | 71,595,108            |
| Nevada State Bank, Money Market Fund | 208,598               | 227,586               |
| Total investments at fair value      | 149,157,395           | 149,041,455           |
| Total investments at fair value      | <u>\$ 191,023,716</u> | <u>\$ 183,198,772</u> |

#### E. Valuation of Investments

Domestic equity and domestic bond amounts represent units of investments in aggregate indexed accounts. These accounts and the money market account are stated at fair value, measured by the underlying market value as reported by the managing institutions. Insurance contracts are Guaranteed Investment Contracts and pooled accounts, stated at contract value as determined by the insurance companies in accordance with the terms of the contracts, plus an estimated interest accrual for the pooled accounts. Excluded from the plan assets are annuities purchased for retired employees or their beneficiaries from an insurance company rated at least A+ by A.M. Best insurance rating company

## III. DETAILED NOTES - ALL FUNDS (Continued)

### 12. RETIREMENT SYSTEM (Continued)

#### Las Vegas Valley Water District Retirement Plan (Continued)

## F. Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting. Employer contributions are recognized and received when due. Participants do not make contributions except under certain conditions to voluntarily purchase additional years of service. Contributions are non-refundable. Benefits, which are purchased insurance company annuities, are recognized and paid when due.

#### G. Funded Status and Funding Progress

As of July 1, 2011, the most recent actuarial valuation date, the plan was 52.2% funded. The actuarial accrued liability was \$347.9 million, and the actuarial value of assets was \$181.4 million, resulting in an unfunded actuarial accrued liability (UAAL) of \$166.4 million. The covered payroll (annual payroll of active employees covered by the plan) was \$117.2 million, and the ratio of UAAL to the covered payroll was 142.0%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Amounts determined regarding the funded status of the plan and the annual required contributions for the District are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information (RSI) following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of the plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities. However, because fiscal year 2008 was a transition year for calculating the plan's funded status and funding progress using the entry age normal actuarial cost method, only three years are available for display. The reference to the schedule of funding progress presented as RSI does not represent or imply incorporation of the schedule into the notes to the basic financial statements.

#### III. DETAILED NOTES - ALL FUNDS (Continued)

#### 13. RELATED PARTY TRANSACTIONS

The County transfers sales, fuel, and various other taxes and fees deposited in the Master Transportation Plan special revenue fund to the RTC, a discretely presented component unit. Transfers during the fiscal year ended June 30, 2012, totaled \$219,115,854. The balance payable from the Master Transportation Plan fund to the RTC as of June 30, 2012, was \$38,342,929.

The County is reimbursed by the RFCD for construction and maintenance of flood control projects. At June 30, 2012, the County had open interlocal contracts totaling \$163,043,214. Of those contracts, \$107,501,222 was spent, and there remain outstanding contract balances totaling \$55,141,992. Reimbursements during the fiscal year ended June 30, 2012 totaled \$34,739,853. The balance receivable from the RFCD to the County as of June 30, 2012 was \$2,695,097.

### 14. OTHER POSTEMPLOYMENT BENEFITS (OPEB)

#### **Plan Information**

Clark County and the component units described in Footnote I contribute to five different defined benefit health programs:

- 1. Clark County retiree health program (County) the County plan is an agent, multiple-employer defined benefit plan. Retirees may choose between the Clark County Self-Funded Group Medical and Dental Benefits Plan (Self-Funded Plan) and a health maintenance organization (HMO) plan.
- 2. Public Employee Benefit Program (PEBP) an agent, multiple-employer, defined benefit plan;
- 3. Clark County Firefighters Union Local 1908 Security Fund (Fire Plan) a single-employer, defined benefit plan;
- 4. Las Vegas Metro Employee Benefit Trust (Metro Plan) a single-employer, defined benefit plan; and
- 5. Las Vegas Police Protection Association Civilian Employees, Sierra Choice/HPN (Metro Civilian Plan) a single employer, defined benefit plan.

Each plan provides medical, dental, and vision benefits to eligible active and retired employees and beneficiaries. Except for the PEBP, benefit provisions are established and amended through negotiations between the respective unions and the employers. PEBP benefit provisions are established by the Nevada State Legislature.

The Self-Funded Plan is included in the financial reporting entity, as described in the next section. The Public Employee Benefit Plan, Clark County Firefighters Union Local 1908 Security Fund, and the Las Vegas Metro Employee Benefit Trust issue publicly available financial reports that include financial statements and required supplementary information for those plans. Those reports may be obtained by writing or calling the plans at the following addresses or numbers:

Public Employee Benefits Plan 901 South Stewart Street, Suite 101 Carson City, Nevada 89701 (800) 326-5496

Clark County Firefighters Union Local 1908 Security Fund 6200 W. Charleston Boulevard Las Vegas, NV 89146 (702) 870-1908

#### Plan Information (Continued)

Las Vegas Metropolitan Police Department Employees Health and Welfare Trust 700 E. Warm Springs Road, Suite 210 Las Vegas, NV 89119 (702) 269-2591

Sierra Choice/HPN Las Vegas Police Protective Association Civilian Employees 9330 W. Lake Mead, Suite 100 Las Vegas, NV 89134 (702) 382-9121

#### Participating Employers

In addition to the County and its component units included in this report, the following employers participate in one or more of the OPEB plans and are required to disclose separately their funding policy, annual OPEB cost and contributions made, the funded status and funding progress, and actuarial methods and assumptions used:

Las Vegas Convention and Visitors Authority Southern Nevada Health District Henderson District Library Boulder City Library District

#### Funding Policy and Annual OPEB Cost

For all plans other than the PEBP, contribution requirements of plan members and the employer are established and may be amended through negotiations between the various unions and the governing bodies of the employers.

Clark County is required to pay the PEBP an explicit subsidy, based on years of service, for retirees who enroll in this plan. In 2012, retirees were eligible for a minimum subsidy of \$105 per month after 5 years of service with a Nevada state or local government entity. The maximum subsidy of \$575 is earned after 20 years of combined service with any eligible entity. The subsidy is set by the State Legislature.

The annual OPEB cost for each program is calculated based on the annual required contribution to the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years. The County's annual OPEB cost for the current year and the related information for each program are as follows:

| end of year                            | <u>\$ 260,888,993</u>  | <u>\$ 10,107,319</u>        | \$ 38,512,286               | <u>\$ 244,527,709</u>       | <u>\$ 6,720,329</u>         |
|  |  |                             |                             |                             |                             |

(1) The County is responsible for 100 percent of the net OPEB obligation for the Detention Center employees covered under the Metro and Metro Civilian plans in the amount of \$55,727,717. The remaining net OPEB obligation of \$195,520,321 for the Las Vegas Metropolitan Police Department (LVMPD), is jointly funded by the County and the City of Las Vegas. The City currently funds 38.41 percent of the LVMPD and is liable for \$75,582,067 of the Metro net OPEB obligation. A receivable has been established in the government-wide statement of net position for the City's portion.

## III. DETAILED NOTES - ALL FUNDS (Continued)

## 14. OTHER POSTEMPLOYMENT BENEFITS (OPEB) (Continued)

## Funding Policy and Annual OPEB Cost (Continued)

The County's annual OPEB cost, the percentage of annual cost contributed to the program, and the net OPEB obligation for 2010, 2011, and 2012 were as follows:

| Plan           | Year Ended | Annual<br>OPEB Cost | Percent of OPEB<br>Cost Contributed | Net OPEB<br>Obligation |
|----------------|------------|---------------------|-------------------------------------|------------------------|

## Funded Status and Funding Progress (Continued)

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events in the future. Amounts determined regarding the funded status of the plans and the annual required contributions of the employer are subject to continual revision, and actual results are compared to past expectations. Supplementary information will provide multi-year trend information that will show, in future years, whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

### Actuarial Methods and Assumptions

Projections of benefits are based on the substantive plans (the plans as understood by the employer and plan members) and include the types of benefits in force at the valuation date and the pattern of sharing benefit costs between the County and the plan members at this point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. Significant methods and assumptions are as follows:

|                               | County                       | PEBP                           | Fire                           | Metro                         | Metro Civilian                |

## County Net Position in Internal Service Fund

The County uses the Other Postemployment Benefits Reserve internal service fund to allocate OPEB costs to each fund, based on employee count. Each fund incurs a charge for service from the Other Postemployment Benefit

## III. DETAILED NOTES - ALL FUNDS (Continued)

## 14. OTHER POSTEMPLOYMENT BENEFITS (OPEB) (Continued)

#### County Net Position in Internal Service Fund (Continued)

Reserve fund for their portion of the annual OPEB cost. As of June 30, 2012, the Other Postemployment Benefit Reserve fund had \$191,712,173 in cash and investments, and \$118,430,116 in receivables that the County intends to use for future OPEB costs for the net OPEB obligations of the County, PEBP, Fire and Detention portion of Metro and Metro Civilian plans, which total \$365,236,315 as of June 30, 2012. These assets cannot be included in the plan assets considered in the OPEB funding schedules because they are not held in trust.

## Agency Fund

The County established the Other Postemployment Benefits Agency Fund during fiscal year 2011 to comply with governmental accounting standards regarding OPEB assets not held in trust. The beginning balance is equal to the net OPEB obligation (NOO) as of June 30, 2011. Additions consist of the increase to NOO and deletions comprise contributions paid during the fiscal year. The ending balance equals the NOO as of June 30, 2012.

### Clark County Self-Funded Group Medical and Dental Benefits Plan

Clark County administers the Clark County Self-Funded Group Medical and Dental Benefits Plan, an agent, multiple-employer defined benefit plan (the "Self-Funded Plan"). Participants of the Self-Funded Plan include Clark County, University Medical Center of Southern Nevada, the Las Vegas Valley Water District, the Clark County Water Reclamation District, the Las Vegas Convention and Visitors Authority, the Regional Transportation Commission of Southern Nevada, the Regional Flood Control District, the Henderson Library District, and the Southern Nevada Health District. The Self-Funded Plan provides benefits for all full-time active employees of each participant entity effective the first day of the month following two consecutive months of active employment, as well as for retired employees of the entities. As of June 30, 2012, there were 7,641 employee members and 1,487 retired members enrolled in the Self-Funded Plan, with 9,504 additional covered dependents. The Self-Funded Plan provides medical, dental, and vision benefits. The Self-Funded Plan is governed by an interlocal agreement between each of the participant entities, and all Self-Funded Plan benefit changes must be approved by the governing boards of these entities.

The Self-Funded Plan is not administered as a qualifying trust or equivalent arrangement. The Self-Funded Plan is included in this CAFR as an internal service fund (the Self-Funded Group Insurance fund), as required by Nevada Revised Statutes.

<u>Basis of Accounting</u>: The Plan is accounted for using the accrual basis of accounting. Plan member and employer contributions are recognized in the period in which contributions are due. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan.

Method Used to Value Investments: Investments are reported at fair value as described in Note 1.

#### Retirement Health Account Plan

Effective November 1, 2005, Clark County established a retirement health account plan under the provisions of Internal Revenue Code sections 105 and 106. The purpose of the plan is to provide employees a means to save for

### III. <u>DETAILED NOTES – ALL FUNDS (Continued)</u>

### 14. OTHER POSTEMPLOYMENT BENEFITS (OPEB) (Continued)

#### Retirement Health Account Plan (Continued)

the cost of health insurance premiums once they retire. Each participant maintains a separate account within the plan. All contributions come from employees, with the exception that the County provides a 100 percent match up to \$480 annually for a maximum of five years to employees in eligible bargaining units. Retirees are reimbursed from their individual accounts for their out-of-pocket health insurance premium costs as they submit documentation of those costs. As of July 1, 2007, the plan was closed to new participants.

#### Contributions and Reserves

Premium rates for the Plan are established through the previously mentioned interlocal agreement. Each participant entity, through its employee bargaining and budgeting processes, establishes the employer and employee contribution sharing percentages. All administrative costs other than personnel costs are funded through premium rates. Administrative personnel costs are funded through the County Liability Insurance Internal Service fund, which provides general risk management administration. The County pays approximately 90 percent of premiums for active employee coverage, an average of \$8,451 per active employee for the year ended June 30, 2012. County retirees pay the entire cost of their premium. Active and retiree loss experience is combined to create a single, blended premium for each level of coverage (member only, member plus spouse, member plus children, or family), as required by state law. This combining of loss experience creates an implicit subsidy to the retirees who would otherwise pay higher premiums if their loss experience were rated separately.

#### Clark County Regional Flood Control District

The Clark County Regional Flood Control District (the "District") uses the County and PEBP plans, with contribution rates and actuarial assumptions identical to those previously described. The District's annual OPEB cost for the current year is as follows:

|  | County            | PEBP            |
|--|-------------------|-----------------|
| Annual required contribution (ARC)               | \$164,292         | \$ 18,718       |
| Interest on net OPEB obligation                  | 17,704            | (1,426)         |
| Adjustment to annual required contribution       | <u>(30,408)</u>   | 6,874           |
| Annual OPEB cost                                 | 151,588           | 24,166          |
| Contributions made                               | (6,217)           | (16,597)        |
| Increase in net OPEB obligation                  | 145,371           | 7,569           |
| Net OPEB obligation/(benefit), beginning of year | 404,732           | <u>(5,158)</u>  |
| Net OPEB obligation, end of year                 | <u>\$ 550,103</u> | <u>\$_2,411</u> |

#### Clark County Regional Flood Control District (Continued)

The District's annual OPEB cost, the percentage of annual cost contributed to the program, and the net OPEB obligation for 2010, 2011, and 2012 were as follows:

| Plan   | Year Ended | Annual<br>OPEB Cost | Percent of OPEB<br>Cost Contributed | Net OPEB<br>Obligation |
|--------|------------|---------------------|-------------------------------------|------------------------|
| County | 06/30/2010 | 95,478              | 3.6 %                               | 253,248                |
| County | 06/30/2011 | 160,630             | 5.7                                 | 404,732                |
| County | 06/30/2012 | 151,588             | 4.1                                 | 550,103                |
| PEBP   | 06/30/2010 | 17,631              | 109.1                               | (6,705)                |
| PEBP   | 06/30/2011 | 18,367              | 91.6                                | (5,158)                |
| PEBP   | 06/30/2012 | 24,166              | 68.7                                | 2,411                  |

## Funded Status and Funding Progress

The funded status of the plans as of the most recent actuarial valuation date, July 1, 2010, was as follows:

|   | <u>    County    </u> | PEBP*      |
|---|-----------------------|------------|
| Actuarial accrued liability (a)<br>Actuarial value of plan assets (b)                           | \$ 1,339,836          | \$ 323,668 |
| Unfunded actuarial accrued liability<br>(funding excess) (a) – (b)                              | 1,339,836             | 323,668    |
| Funded ratio (b)/(a)  | 0.0%                  | 0.0%       |
| Covered payroll (c)<br>Unfunded actuarial accrued liability<br>(funding excess) as a percentage | 2,373,056             | -          |
| of covered payroll (a) $-$ (b)/(c)  | 56.5%                 | n/a        |

\* PEBP closed to new District participants as of November 1, 2008; therefore, covered payroll is zero.

#### District Assets in Internal Service Fund

Clark County utilizes the Other Postemployment Benefit Reserve internal service fund to allocate OPEB costs to each fund, based on employee count. Each fund incurs a charge for service from the Other Postemployment Benefit Reserve fund for their portion of the annual OPEB cost. As of June 30, 2012, the Other Postemployment Benefit Reserve fund had \$580,015 in cash, investments, and receivables held on behalf of the District. The District intends to use these assets for future OPEB funding. These assets cannot be included in the plan assets considered in the OPEB funding schedules because they are not held in trust.

### III. DETAILED NOTES - ALL FUNDS (Continued)

## 14. OTHER POSTEMPLOYMENT BENEFITS (OPEB) (Continued)

#### Regional Transportation Commission of Southern Nevada

The Regional Transportation Commission of Southern Nevada (RTC) uses the County and PEBP plans, with contribution rates and actuarial assumptions identical to those previously described. The RTC's annual OPEB cost for the current year is as follows:

|  | <u> </u>            | PEBP             |
|--|---------------------|------------------|
| Annual required contribution (ARC)         | \$ 1,750,697        | \$ 141,359       |
| Interest on net OPEB obligation            | 142,872             | 13,718           |
| Adjustment to annual required contribution | (132,119)           | (94,271)         |
| Annual OPEB cost                           | 1,761,450           | 60,806           |
| Contributions made                         | (30,988)            | (73,170)         |
| Increase (decrease) in net OPEB obligation | 1,730,462           | (12,364)         |
| Net OPEB obligation, beginning of year     | 3,831,901           | 82,841           |
| Net OPEB obligation (benefit), end of year | <u>\$_5,562,363</u> | <u>\$ 70,477</u> |

The RTC's annual OPEB cost, the percentage of annual cost contributed to the program, and the net OPEB obligation for 2010, 2011, and 2012 were as follows:

| Plan   | Year Ended | Annual<br>OPEB Cost | Percent of OPEB<br>Cost Contributed | Net OPEB<br>Obligation |
|--------|------------|---------------------|-------------------------------------|------------------------|
| County | 06/30/2010 | \$ 882,970          | 4.7 %                               | 2,302,973              |
| County | 06/30/2011 | 1,561,702           | 2.1                                 | 3,831,901              |
| County | 06/30/2012 | 1,761,450           | 1.8                                 | 5,562,363              |
| PEBP   | 06/30/2010 | 47,503              | 75.5                                | 52,229                 |

## III. <u>DETAILED NOTES – ALL FUNDS (Continued)</u>

### 14. OTHER POSTEMPLOYMENT BENEFITS (OPEB) (Continued)

Regional Transportation Commission of Southern Nevada (Continued)

PEBP closed to new RTC participants as of November 1, 2008; therefore, covered payroll is zero.

### RTC Assets in Internal Service Fund

Clark County utilizes the Other Post-Employment Benefit Reserve internal service fund to allocate OPEB costs to each fund based on employee count. Each fund incurs a charge for service from the Other Postemployment Benefit Reserve fund for their portion of the annual OPEB cost. As of June 30, 2012, the Other Postemployment Benefit Reserve fund had \$222,932 in cash, investments, and interest receivable held on behalf of the RTC. The RTC intends to use these assets for future OPEB funding. These assets cannot be included in the plan assets considered in the OPEB funding schedules because they are not held in trust.

## 15. SUBSEQUENT EVENTS

### Primary Government

On July 1, 2012, the County refunded the Series 1998 PFC bonds, consisting of \$64,360,000 of Non-AMT Fixed Rate Airport Passenger Facility Charge Revenue Bonds, with the 2012B bonds. The new bonds have a maturity that differs from that of the 1998 PFC bonds. The new bonds mature in 2033 with an interest rate of 5 percent per annum.

On July 1, 2012, the County issued Series 2012 A-1 and 2012 A-2 notes for \$180,000,000 and \$120,000,000, respectively. The 2012A-1 Note is an AMT Fixed Rate Airport System Junior Subordinate Lien Revenue Note, and the 2012 A-2 Note is a Non-AMT Fixed Rate Airport System Junior Subordinate Lien Revenue Note. The 2012 A-1 Note proceeds, in conjunction with the Department of Aviation's contribution of \$22,631,319, were used to satisfy the outstanding principal and interest balance of 2010 E-2 Airport System Junior Lien Subordinate Lien Note. The 2012 A-2 Note provided the Department of Aviation with \$119,267,717 in new project proceeds to be used for future capital improvements to the Airport System. Both notes mature on July 1, 2013, and bear an annual interest rate of 2 percent.

The Department of Aviation retained the services of Domingo Cambeiro Professional Corporation ("Cambeiro") for the design and preparation of construction drawings for the CB-1C Gate pedestrian bridge and for the C-1A boarding gate at the Airport. During the course of construction, the contractor requested additional compensation for revised work and delays resulting from alleged design errors and omissions to the construction drawings which resulted in the Department of Aviation paying additional money to the contractor. On August 5, 2009, the Department of Aviation, through the County, filed a lawsuit against Cambeiro asserting claims of damages for design-related errors and omissions. Case No. A09598875C. The parties agreed to mediate the dispute and, on August 13, 2012, reached an agreement subject to Board ratification. The agreement stipulated a settlement in the amount of \$600,000 due to the Department of Aviation. On September 4, 2012, the Board ratified the agreement and released Cambeiro of its retention.

The Department of Aviation retained the services of Lendall Mains Architect ("LMA") for the design and preparation of construction drawings for Bus Plaza Security Expansion at the Airport. During the course of construction, the contractor requested additional compensation for revised work and delays resulting from alleged design errors and omissions to the construction drawings which resulted in the Department of Aviation paying

## 15. <u>SUBSEQUENT EVENTS (Continued)</u>

additional money to the contractor. On July 2, 2009, the Department of Aviation, through the County, filed a lawsuit against LMA asserting claims of damages for design-related errors and omissions. Case No. A09594554. The parties agreed to mediate the dispute and reached an agreement, subject to Board ratification. The agreement stipulated a settlement in the amount \$1,200,000 due to the Department of Aviation. On September 18, 2012, the Board ratified the agreement.

On July 5, 2011 the County made a claim upon the State Board of Examiners for refund of certain ad valorem taxes paid to or retained by the State of Nevada pursuant to AB 543 (2009) and AB 595 (2007) of the Nevada Legistlature. On or about June 6, 2012, the County filed, against the State of Nevada and the members of the Nevada State Board of Examiners a complaint for injunctive and declaratory relief and for damages. In December 2012, both parties agreed to settle this dispute regarding the claim and the related law suit. The State of Nevada has agreed to obligate funding through its Department of Transportation (NDOT) in the amount of thirty-five million dollars to Clark County's McCarran Airport Connector Project, Phase II. In addition, the State of Nevada has amended the interlocal contract for voluntary contributions, inpatient, outpatient, and graduate medical education hospital services with the County. The amendment amends the agreement, reducing the fiscal year 2010 and 2011 voluntary contributions of the County to \$220,000 and \$440,000 respectively. The County voluntary contribution percentage has been set at 56% for fiscal year 2013

On July 13, 2012, the Water Reclamation District issued a \$30 million bond to the State of Nevada as collateral for funding received through the State's revolving loan fund. The original issue amount represents the total amount of authorization. On July 13, 2012, the Water Reclamation District closed on the loan and had its first draw down of approximately \$2.372 million of the authorized \$30 million.

On July 31, 2012 the Water District issued Series 2012B, \$360,000,000, general obligation bonds, additionally secured by SNWA pledged revenues, with a true interest cost of 3.98 percent (rounded). The 2012B Bond proceeds will be used to acquire and construct water improvement projects for the SNWA, pay capitalized interest, and pay the costs of issuing the bonds.

On August 1, 2012 the County issued \$8,925,000 Special Improvement District No. 132 (Summerlin South Area (Villages 15A and 18)) Local Improvement Refunding Bonds, Series 2012. The bonds bear interest rates from 2.00 to 5.00 percent, payable on February 1, 2013 and semiannually thereafter on August 1 and February 1. Principal payments commence on February 1, 2013 and continue annually through February 1, 2021. The proceeds of the bond will be used to (i) refund all of the County's outstanding Special Improvement District No. 132 (Summerlin South Area (Villages 15A and 18)) Local Improvement Bonds, Series 2001, (ii) fund deposit to the Bond Reserve Fund, and (iii) pay the costs of issuance of the Bonds.

On August 1, 2012 the County issued \$49,445,000 Special Improvement District No. 142 (Mountain's Edge) Local Improvement Refunding Bonds, Series 2012. The bonds bear interest rates from 2.00 to 5.00 percent, payable on February 1, 2013 and semiannually thereafter on August 1 and February 1. Principal payments commence on August 1, 2013 and continue annually through August 1, 2023. The proceeds of the bond will be used to (i) refund all of the County's outstanding Special Improvement District No. 142 (Mountain's Edge) Local improvement Bonds, Series 2003, (ii) fund a deposit to the Bond Reserve Fund, and (iii) to pay the costs of issuance of the Bonds.

On September 5, 2012, the Water District issued Series 2012A, \$39,310,000, general obligation bonds, with a true interest cost of 3.98 percent (rounded). The 2012A Bond proceeds will (1) together with other funds, refinance the entire \$43,960,000 principal balance of the Districts 2003A Bond issue; and (2) pay the costs of issuing the 2012A Bonds.

## III. DETAILED NOTES - ALL FUNDS (Continued)

## 15. SUBSEQUENT EVENTS (Continued)

In June 2011 the Southern Nevada Health District ("the Health District") filed a lawsuit naming Clark County and the Board of Commissioners of Clark County as defendants over a budget dispute. The dispute revolved around the interpretation of NRS 439.365. The Health District alleged the County did not comply with NRS 439.365 by not appropriating the maximum amount of property tax revenue to the Health District as statutorily allowed for the fiscal year ending June 30, 2012. On December 6, 2012 the Nevada Supreme Court ruled the Health District was entitled to the statutory maximum set forth in NRS 439.365(2). As a result of this decision, the County owes the Health District approximately \$14 million as of June 30, 2012. This liability is included in due to other government units in the statement of net position.

| 2012                   | 26,721,710                                 | 100                       |

Annual required contributions are determined as part of the actuarial valuations at July 1 of each plan year. Prior to fiscal year ended June 30, 2010, the aggregate actuarial cost method was used. Beginning with the fiscal year ended June 30, 2010, the entry age normal cost method was used.

Additional actuarial assumptions as of the latest actuarial valuation:

| Investment rate of return | 7.50% |
|---------------------------|-------|
| Total payroll growth      | 5.00% |

| 07/01/10  | 165,504,117   | 322,902,749   | 157,398,632   | 51.30        | 119,663,339   | 131.50         |
| 07/01/11  | 181,450,882   | 347,880,294   | 166,429,412   | 52.20        | 117,220,320   | 142.0          |

The actuarially determined AAL and UAAL involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. The estimates are subject to continual revision.

The July 1, 2007, actuarial valuation is the first to use the entry age actuarial cost method. As additional actuarial valuations using this method are obtained, this schedule will ultimately present information from the six most recent valuations.

# Clark County, Nevada Other Post-Employment Benefits Required Supplementary Information Schedule of Funding Progress

\* PEBP closed to new County participants as of November 1, 2008; therefore, covered payroll is zero as of July 1, 2008, valuation date.

\*\* Calculation based on Projected-unit-credit-cost actuarial cost method

#### Clark County, Nevada Notes to Required Supplementary Information Year Ended June 30, 2012

## **Budgetary Information**

The County uses the following procedures to establish, modify, and control the budgetary data presented in the financial statements:

- a. Prior to April 15, the County Manager submits to the Nevada State Department of Taxation the tentative budget for the next fiscal year, commencing on July 1. The budget as submitted contains the proposed expenditures and means of financing them.
- b. The Nevada State Department of Taxation notifies the County of its acceptance of the budget.
- c. Public hearings are conducted on the third Monday in May.
- d. After all the changes have been noted and hearings closed, the County Commission adopts the budget on or before June 1.
- e. The County Manager is authorized to transfer budgeted amounts within functions or funds, but the County Commissioners must approve any transfers between funds or increases to a fund's original appropriated level.
- f. Increases to a fund's budget (augmentations) other than by transfers are accomplished through formal County Commission action.
- g. The General Fund and all special revenue, debt service, and capital project funds have legally adopted annual budgets.
- h. Statutory regulations require budgetary control to be exercised at the function level within the General Fund or at the fund level of all other funds. The County administratively exercises control at the budgeted item level within a department.
- i. All appropriations lapse at the end of the fiscal year. Encumbrances are reappropriated in the ensuing fiscal year.
- j. Budgets are adopted on a basis consistent with the method used to report on governmental funds that are prepared in accordance with the accounting principles generally accepted in the United States of America.
- k. Budgeted expenditure amounts for the year ended June 30, 2012, as originally adopted, were augmented during the year for grants and other County Commission action.

#### Reconciliation of General Fund (Budget Basis) to the General Fund (Modified Accrual Basis)

This statement reconciles the general fund as presented for budget purposes to the presentation required under the modified accrual basis of accounting.

#### Internally Reported Special Revenue Funds

This statement details special revenue funds on a budgetary basis that are included in the general fund under the modified accrual basis. COMMENTS OF INDEPENDENT AUDITOR

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Board of County Commissioners and the County Manager Clark County, Nevada

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of Clark County, Nevada (the "County") as of and for the year ended June 30, 2012, which collectively comprise the County's basic financial statements and have issued our report thereon dated January 10, 2013. Our report was modified to include a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of University Medical Center of Southern Nevada, Las Vegas Valley Water District, Big Bend Water District, and Regional Transportation Commission of Southern Nevada, as described in our report on Clark County, Nevada's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting and compliance and other matters that are reported on separately by those auditors.

# Internal Control Over Financial Reporting

Management of the County is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

# **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the financial statements of the County are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the Board of County Commissioners, and others within the County, and is not intended to be and should not be used by anyone other than these specified parties.

Las Vegas, Nevada January 10, 2013 ACCOMPANYING INFORMATION – EXPENDITURES OF FEDERAL AWARDS

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Honorable Board of County Commissioners and the County Manager Clark County, Nevada

## Compliance

We have audited Clark County, Nevada's (the "County") compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2012. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

Clark County, Nevada's basic financial statements include the component unit operations of University Medical Center of Southern Nevada, Las Vegas Valley Water District, and Regional Transportation Commission of Southern Nevada, which received \$7,199,570, \$1,139,373, and \$41,322,192, respectively, in federal awards which are not included in the schedule during the year ended June 30, 2012. Our audit, as described below, did not include the operations of University Medical Center of Southern Nevada, Las Vegas Valley Water District, Big Bend Water District or Regional Transportation Commission of Southern Nevada because these entities engaged other auditors to perform their audits in accordance with OMB Circular A-133.

Clark County, Nevada's basic financial statements include the operations of the Department of Aviation, which received \$27,455,088 in federal awards which is not included in the schedule during the year ended June 30, 2012. Our audit, as described below, did not include the operations of the Department of Aviation because they were audited separately in accordance with OMB Circular A-133.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the County's compliance with those requirements.

In our opinion, Clark County, Nevada complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2012. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items 2012-1, 2012-2, 2012-3, 2012-4, 2012-5, 2012-6, 2012-7 and 2012-8.

## Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be material weaknesses and other deficiencies.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2012-1, 2012-2, 2012-6 and 2012-7 to be material weaknesses.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2012-3, 2012-4, and 2012-5 to be significant deficiencies.

Clark County, Nevada's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit Clark County, Nevada's responses and, accordingly, we express no opinion on the responses.

This report is intended solely for the information and use of management, the Board of County Commissioners, others within the County, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

#### Clark County, Nevada Notes to Schedule of Expenditures of Federal Awards for the Year Ended June 30, 2012

#### 1. REPORTING ENTITY

The accompanying Schedule of Expenditures of Federal Awards presents the activity of Federal financial assistance programs of Clark County, Nevada (the "County"). The County's reporting entity is defined in Note 1 to its basic financial statements. Federal award expenditures for the Big Bend Water District, Clark County Department of Aviation, Las Vegas Valley Water District, University Medical Center of Southern Nevada, and Regional Transportation Commission of Southern Nevada, if any, are not included in this schedule. All Federal financial assistance received directly from Federal agencies as well as Federal financial assistance passed through other government agencies is included in the schedule.

#### 2. BASIS OF ACCOUNTING

The Schedule of Expenditures of Federal Awards is prepared on the modified accrual basis of accounting. Expenditures are recognized when they become a demand on current available financial resources.

#### 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

Expenditures of Federal awards reported in the County's basic financial statements are as follows:

| General fund           | \$ 10,277,865         |
|------------------------|-----------------------|
| Special revenue funds  | 105,473,722           |
| Capital projects funds | 54,920,710            |
| Enterprise funds       | 12,884,942            |
| Agency funds           | 207                   |
| Total                  | <u>\$ 183,557,446</u> |

#### 4. SUBRECIPIENT EXPENDITURES

Clark County provided Federal funds to subrecipients as follows:

| Program Title  | Federal<br><u>CFDA#</u> | Subrecipient<br>Expenditures |
|--|-------------------------|------------------------------|
| Public Safety Interoperable Communications Grant Program | 11.555                  | \$ 120,790                   |
| Community Development Block Grants/Entitlement Grants    | 14.218                  | 11,580,698                   |
| Emergency Solutions Grant Program                        | 14.231                  | 189,996                      |
| Shelter Plus Care  | 14.238                  | 706,672                      |
| Home Investment Partnerships Program                     | 14.239                  | 2,778,172                    |
| ARRA - Homelessness Prevention and Rapid Re-Housing      |                         |                              |
| Program  | 14.257                  | 375,905                      |
| Missing Children's Assistance                            | 16.543                  | 70,179                       |
| Edward Byrne Memorial Justice Assistance Grant Program   | 16.738                  | 265,234                      |
| ARRA – Edward Byrne Memorial Justice Assistance Grant    | 16.804                  | 105,131                      |
| Interagency Hazardous Materials Public Sector Training   |                         |                              |
| and Planning Grants                                      | 20.703                  | 15,792                       |
| HIV Emergency Relief Project Grants                      | 93.914                  | 4,655,968                    |
| Interoperable Emergency Communications                   | 97.055                  | 368,945                      |
| Homeland Security Grant Program                          | 97.067                  | 463,539                      |

Homelessness Prevention and Rapid Re-Housing Program – CFDA No. 14.257; S-09-UY-32-0001

JAG Program Cluster:

Recovery Act - Edward Byrne Memorial Justice Assistance Grant (JAG) Program/Grants to States and Territories – CFDA No. 16.803; 09-ARRA-06

Highway Planning and Construction Cluster – CFDA No. 20.205; Agreements PR033-11-015, PR234-10-063

Energy Efficiency and Conservation Block Grant – CFDA No. 81.128; DE-EE0000685, DE-EE0000687

Child Support Enforcement - CFDA No. 93.563; Interlocal agreement

HIV Emergency Relief Grant – CFDA No. 93.914; Grant Award Nos. 6H89HA06900-07-00, 6H89HA06900-07-01, 6H89HA06900-06-07, and 6H89HA06900-06-08

Criteria: The OMB Circular A-133 Compliance Supplement (dated June 2012) states that "non-federal entities are prohibited from contracting or making subawards under covered transactions to parties that are suspended or debarred or whose principals are suspended or debarred. 'Covered transactions' include those procurement contracts for goods and services awarded under a nonprocurement transaction (e.g., grant or cooperative agreement) that are expected to equal or exceed \$25,000 or meet certain other specified criteria. 2 CFR section 180.220 of the governmentwide nonprocurement debarment and suspension guidance contains those additional limited circumstances. All nonprocurement transactions (i.e., subawards to subrecipients), irrespective of award amount, are considered covered transactions. When a non-federal entity enters into a covered transaction with an entity at a lower tier, the non-federal entity must verify that the entity is not suspended or debarred or otherwise excluded. This verification may be accomplished by checking the Excluded Parties List System (EPLS) maintained by the General Services Administration (GSA),

collecting a certification from the entity, or adding a clause or condition to the covered transaction with that entity (2 CFR section 180.300).

- *Condition:* Our tests disclosed that procedures related to suspension and debarment requirements were not being adhered to. In thirteen transactions tested out of a sample population of twenty two transactions, the Purchasing and Contracts Division of Clark County did not verify that the vendor or sub-recipient was not suspended or debarred. In one of these thirteen transactions, personnel from the Real Property Management Department did verify the vendor was not suspended or debarred; however, there was no evidence to support that the verification had been performed.
- *Effect:* Clark County was not in compliance with the verification requirements None related to suspension and debarment specified by federal regulations. As part of our audit procedures, we verified that none of the vendors or subrecipients from the thirteen transactions were suspended or debarred and therefore there are no questioned costs associated with this finding. However, by failing to follow established procedures, contracts with suspended or debarred vendors or subrecipients could be initiated by Clark County and suspended or debarred parties could be paid with federal funds.
- Cause: The Purchasing and Contracts Division of Clark County (the Division) implemented formal suspension and debarment control policies and procedures in April 2010 that were revised in April 2011. These policies and procedures require that any county department requesting a procurement that is funded with a federal grant or a federal financial assistance agreement must inform the Division of the federal funding. The Division will then perform a verification to determine if the prospective vendor or subrecipient is suspended or debarred. This procedure was not consistently adhered to during fiscal year 2012 as the Division was not informed that the thirteen transactions previously noted were federally funded and, therefore, no verification procedures were performed.
- *Recommendation:* The County should strengthen its existing policies and procedures over the process for complying with suspension and debarment requirements to enhance the communication process between the Purchasing and Contracts Division and other departments.

Views of responsible officials and planned corrective actions: See pages 187-188.

Subject: Section III – Federal Award Findings and Questioned Costs

To Whom It May Concern:

This letter is in response to your finding 2012-1Procurement and Suspension and Debarment

*Condition:* Our tests disclosed that procedures related to suspension and debarment requirements were not being adhered to. In thirteen transactions tested out of a sample population of twenty two transactions, the Purchasing and Contracts Division of Clark County did not verify that the vendor or sub-recipient was not suspended or debarred. In one of these thirteen transactions, personnel from the Real Property Management Department did verify the vendor was not suspended or debarred; however, there was no evidence to support that the verification had been performed.

*Criteria:* The OMB Circular A-133 Compliance Supplement (dated June 2012) states that "non-federal entities are prohibited from contracting or making subawards under covered transactions to parties that are suspended or debarred or whose principals are suspended or debarred. 'Covered transactions' include those procurement contracts for goods and services awarded under a nonprocurement transaction (e.g., grant or cooperative agreement) that are expected to equal or exceed \$25,000 or meet certain other specified criteria. 2 CFR section 180.220 of the governmentwide nonprocurement debarment and suspension guidance contains those additional limited circumstances. All nonprocurement transactions (i.e., subawards to subrecipients), irrespective of award amount, are considered covered transactions. When a non-federal entity enters into a covered transaction with an entity at a lower tier, the non-federal entity must verify that the entity is not suspended or debarred or otherwise excluded. This verification may be accomplished by checking the Excluded Parties List System (EPLS) maintained by the General Services Administration (GSA), collecting a certification from the entity, or adding a clause or condition to the covered transaction with that entity (2 CFR section 180.300).

*Effect:* Clark County was not in compliance with the verification requirements related to suspension and debarment specified by federal regulations. As part of our audit procedures, we verified that none of the vendors or subrecipients from the thirteen transactions were suspended or debarred and therefore there are no questioned costs associated with this finding. However, by failing to follow established procedures, contracts with suspended or debarred vendors or subrecipients could be initiated by Clark County and suspended or debarred parties could be paid with federal funds.

Finding 2012-1 March 15, 2013 Page 2 of 2

*Cause:* The Purchasing and Contracts Division of Clark County (the Division) implemented formal suspension and debarment control policies and procedures in April 2010 that were revised in April 2011. These policies and procedures require that any county department requesting a procurement that is funded with a federal grant or a federal financial assistance agreement must inform the Division of the federal funding. The Division will then perform a verification to determine if the prospective vendor or subrecipient is suspended or debarred. This procedure was not consistently adhered to during fiscal year 2012 as the Division was not informed that the thirteen transactions previously noted were federally funded and, therefore, no verification procedures were performed.

*Recommendation:* The County should strengthen its existing policies and procedures over the process for complying with suspension and debarment requirements to enhance the communication process between the Purchasing and Contracts Division and other departments.

*Corrective Action:* Clark County Purchasing and Contracts will perform suspension and debarment verification through the federal System for Award Management (SAM) on contracts when the federal funding sources are acknowledged by the County departments or indicated on the purchasing requisition (PR) or purchasing adjustment requisition (PAR). Suspension and debarment verifications will be performed on existing contracts when renewed and or amended with federal expenditures. When the SAM verifications are completed the results will be scanned and e-filed in the contract folder and a copy also attached to the electronic purchase order. If only a purchase order is required with no written contract, a verification check will be performed and attached to the purchase order. In addition, the current Revised April 2011 policies and procedures will be updated to include these corrective actions and continue to be updated as needed.

Sincerely,

een BAtidlyum

Adleen B. Stidhum Acting Purchasing Administrator

#### DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT DEPARTMENT OF JUSTICE

Questioned Costs

#### 2012-2 SUBRECIPIENT MONITORING

CDBG Entitlement Grants Cluster: Community Development Block Grants (CDBG) – CFDA No. 14.218; B-10-UC-320001

JAG Program Cluster: Edward Byrne Memorial Justice Assistance Grant Program – CFDA No. 16.738; 2010-DJ-BX-0933

## *Criteria:* The OMB Circular A-133 Compliance Supplement states that Clark County's responsibilities regarding subrecipients include the following:

Subrecipient Audits - Clark County is required to:

- 1. Ensure that subrecipients expending \$500,000 or more in Federal awards during the subrecipient's fiscal year for fiscal years ending after December 31, 2003 as provided in OMB Circular A-133 have met the audit requirements of OMB Circular A-133 and that the required audits are completed within 9 months of the end of the subrecipient's audit period;
- 2. Issue a management decision on audit findings within 6 months after receipt of the subrecipient's audit report;
- 3. Ensure that the subrecipient takes timely and appropriate corrective action on all audit findings. In cases of continued inability or unwillingness of a subrecipient to have the required audits, the City shall take appropriate action using sanctions.
- *Condition:* Our tests disclosed that policies and procedures related to subrecipient monitoring were not being adhered to by Clark County Community Resources Management Division personnel. Specifically, those policies and procedures related to ensuring subrecipients meet the audit requirements of OMB Circular A-133.

The Community Development Block Grant (CDBG) had four subrecipients that received \$2,688,885 in funding during fiscal year 2012, approximately 66% of Clark County's CDBG expenditures. Two of the four subrecipients were selected for testing and both subrecipients were subject to the audit requirements of OMB Circular A-133. However, neither of the subrecipient's monitoring documentation included copies of audited financial statements.

The JAG Program Cluster had eight subrecipients that received \$333,926 in funding during fiscal year 2012, approximately 10% of the JAG Program Cluster's total expenditures. Of this population three were selected for testing. Of these three, one subrecipient was subject to the audit requirements of OMB Circular A-133. However, the subrecipient's monitoring documentation did not include copies of the audited financial statements.

*Effect:* There was no evidence to support that Clark County was in compliance with the subrecipient monitoring audit requirements specified by the OMB Circular A-133 Compliance Supplement. If subrecipient audit requirements are not consistently monitored, there is a greater risk that instances of

None

subrecipient noncompliance with program requirements could go undetected by Clark County.

- *Cause*: It appears that Clark County Community Resources Management Division personnel were not consistently complying with existing policies and procedures related to acquiring, reviewing and filing the audited financial statements of subrecipients. Subrecipient monitoring documentation was not reviewed by division management to ensure that all subrecipients were monitored as specified by the OMB Circular A-133 Compliance Supplement.
- Recommendation: The Clark County Community Resources Management Division should strengthen its policies and procedures over subrecipient monitoring to ensure that all subrecipients are consistently monitored for compliance with the audit requirements of OMB Circular A-133. These policies and procedures should specify that copies of audited financial statements be included with subrecipient monitoring documentation files. Policies and procedures should include a periodic review of the subrecipient monitoring documentation file by management to ensure that monitoring personnel are obtaining and reviewing the audited financial statements.

Views of responsible officials and planned corrective actions: See pages 191-192.

## Department of Administrative Services Community Resources Management

500 S Grand Central Pky 5th Fl • Box 551212 • Las Vegas NV 89155-1212 (702) 455-5025 • Fax (702) 455-5038

Sabra Smith-Newby, Director · Michael J. Pawlak, Manager

March 15, 2013

Kafoury, Armstrong & Co. 8329 West Sunset Road, Suite 210 Las Vegas, NV 89113

Dear Auditors:

The purpose of this letter is to respond to the findings 2012-2 identified by the County's external auditors, Kafoury, Armstrong & Co., related to their review of the CDBG Entitlement Grants Cluster and the JAG Program Cluster.

### 2012-2

### Condition:

Our tests disclosed that policies and procedures related to subrecipient monitoring were not being adhered to by Clark County Community Resources Management Division personnel. Specifically, those policies and procedures related to ensuring subrecipients meet the audit requirements of OMB Circular A-133.

The Community Development Block Grant (CDBG) had four subrecipients that received \$2,688,885 in funding during fiscal year 2012, approximately 66% of Clark County's CDBG expenditures. Two of the four subrecipients were selected for testing and both subrecipients were subject to the audit requirements of OMB Circular A-133. However, neither of the subrecipient's monitoring documentation included copies of audited financial statements.

The JAG Program Cluster had eight subrecipients that received \$333,926 in funding during fiscal year 2012, approximately 10% of the JAG Program Cluster's total expenditures. Of this population three were selected for testing. Of these three, one subrecipient was subject to the audit requirements of OMB Circular A-133. However, the subrecipient's monitoring documentation did not include copies of the audited financial statements.

#### **Corrective Action:**

The Clark County Community Resources Management Division will strengthen its policies and procedures over subrecipient monitoring to ensure that all subrecipients are consistently monitored for compliance with the audit requirements of OMB Circular A-133. Standard practice is that the assigned Grant Coordinator is responsible for ensuring compliance to the audit requirements, including requiring subrecipients to annually submit a copy of the audited financial statements. As a precaution against individual error on the part of the Grant Coordinators, Community Resources Management Division will take several additional steps to address this finding, to include:

Auditors – 2012-2 March 15, 2013 Page 2

- 1. Management will communicate to Grant Coordinators that all Grant Agreements include the specific requirement that the grantee provide Community Resources Management Division with a copy of their audited financial statements annually during the term of the agreement.
- 2. Management will require Grant Coordinators to maintain a list identifying all of their assigned, open grants, identifying the date of the most current audited financial statement on file, the date of review, notes on any required issues and resolutions and the due date for the next audited financial statement. Management will periodically review the subrecipient monitoring documentation file to ensure that monitoring personnel are obtaining and reviewing the audited financial statements.
- 3. Management will investigate the feasibility of assigning a single, qualified staff person to review and evaluate the grantee's annual audited financial statements.

Thank you for the opportunity to respond to the audit finding and identify the corrective action that we have taken.

Sincerely, Soulak rall

Michael J. Pawlak, Manager Community Resources Management

cc: Sabra Smith-Newby Mark Gamett Elizabeth Vorce

#### DEPARTMENT OF JUSTICE

Questioned Costs

#### 2012-3 PROCUREMENT SUSPENSION AND DEBARMENT

Equitable Sharing Program – CFDA No. 16.922; NV0020100

- Criteria: The OMB Circular A-133 Compliance Supplement (dated June 2012) states that "non-federal entities are prohibited from contracting or making subawards under covered transactions to parties that are suspended or debarred or whose principals are suspended or debarred. 'Covered transactions' include those procurement contracts for goods and services awarded under a nonprocurement transaction (e.g., grant or cooperative agreement) that are expected to equal or exceed \$25,000 or meet certain other specified criteria. 2 CFR section 180.220 of the governmentwide nonprocurement debarment and suspension guidance contains those additional limited circumstances. All nonprocurement transactions (i.e., subawards to subrecipients), irrespective of award amount, are considered covered transactions. When a non-federal entity enters into a covered transaction with an entity at a lower tier, the non-federal entity must verify that the entity is not suspended or debarred or otherwise excluded. This verification may be accomplished by checking the Excluded Parties List System (EPLS) maintained by the General Services Administration (GSA), collecting a certification from the entity, or adding a clause or condition to the covered transaction with that entity (2 CFR section 180.300).
- *Condition:* Our tests disclosed that procedures related to suspension and debarment requirements at the Las Vegas Metropolitan Police Department did not ensure that evidence of verification was maintained to support compliance with the requirements. Two vendors were tested for compliance with the suspension and debarment requirements and for both vendors there was no evidence included with purchasing documents to support that the vendors had been verified to ensure they were not suspended or debarred.
- *Effect:* There was insufficient documentation to support that the Las Vegas None Metropolitan Police Department was in compliance with the verification requirements related to suspension and debarment specified by federal regulations.
- Cause: The Las Vegas Metropolitan Police Department implemented formal suspension and debarment control policies and procedures in April 2011. These policies and procedures require that grant purchase requisitions are reviewed and vendors are verified to ensure they are not suspended or debarred. These policies and procedures were revised in February 2012 to require that evidence of the verification be included with purchase requisitions to document compliance with the suspension and debarment requirements. The contracts with the two vendors tested were initiated and processed prior to this revision.
- *Recommendation:* The Las Vegas Metropolitan Police Department should continue to enforce the policies and procedures over the process for complying with suspension and debarment requirements that were revised in February 2012. The Department should consider performing a retrospective review of contracts initiated prior to the revision and updating those files with documentation of compliance with the suspension and debarment requirements.

Views of responsible officials and planned corrective actions: See page 194.

LVMPD Response:

LVMPD will comply with our procedure that was initiated in February 2012 to electronically attach documentation to the purchase order requisition verifying that vendors are not suspended or disbarred.

Karen Keller, LVMPD Chief Financial Officer

#### DEPARTMENT OF JUSTICE DIRECT AND PASSED THROUGH NEVADA DEPARTMENT OF PUBLIC SAFETY AND THE CITY OF LAS VEGAS, NEVADA

#### 2012-4 ALLOWABLE COSTS/COST PRINCIPLES

JAG Program Cluster: Edward Byrne Memorial Justice Assistance Grant Program – CFDA No. 16.738; 2010-DJ-BX-0933, 2009-SB-B9-1637

- *Criteria:* OMB Circular A-87 requires that "where employees are expected to work solely on a single federal award or cost objective, charges for their salaries and wages will be supported by periodic certifications that the employees worked solely on that program for the period covered by the certification. These certifications will be prepared at least semi-annually and will be signed by the employee or supervisory official having firsthand knowledge of the work performed by the employee".
- *Condition:* Our testing disclosed that for three out of eight payroll transactions tested, the County did not obtain the required payroll certifications for employees who charged their salaries and wages to the grant.
- *Effect:* The County is not in compliance with Federal requirements for supporting None salaries and wages charged to the grant.
- *Cause*: It appears that there were inadequate policies and procedures over the allowable costs/cost principles requirements.
- *Recommendation:* The County should continue to strengthen its policies and procedures for obtaining the required payroll certifications under OMB A-87.

Views of responsible officials and planned corrective actions: See page 197.

#### DEPARTMENT OF JUSTICE

Questioned Costs

#### 2012-5 REPORTING

JAG Program Cluster: Edward Byrne Memorial Justice Assistance Grant Program – CFDA No. 16.738; 2010-DJ-BX-0933

- *Criteria:* Required reports for Federal awards should include all activity of the reporting period, be supported by applicable accounting or performance records, and be fairly presented in accordance with program requirements. In addition, OMB Circular A-133 establishes certain requirements for non-Federal entities that expend Federal awards. For example, the County is required to "maintain internal control over Federal programs that provides reasonable assurance that the [County] is managing Federal awards in compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a material effect on each of its Federal programs".
- *Condition:* Our testing at the Clark County Community Resources Management Division (Division) disclosed that for each quarter of fiscal year 2012, the SF-425 reports for Grant #2010-DJ-BX-0933 were not supported by the County's accounting records and in total the reports overstated expenditures by \$92,417 for the fiscal year ending June 30, 2012. In addition, the reports were signed and authorized by the same individual who prepared them; there were no internal controls in place to ensure the reports were reviewed before they were submitted.
- *Effect*: The federal share of expenditures was not reported correctly to the grantor None for each quarter of fiscal year 2012 and for the year in total.
- *Cause*: The reporting interface for this grant allows access to only one Division employee who enters the quarterly financial data and submits the report. As a result, this process does not allow for review and approval by a separate Division employee. Copies of the accounting records that supported the amounts reported were not kept on file and subsequent entries into the accounting system prevent the amounts from currently being reproduced from the system.
- Recommendation: The Clark County Community Resources Management Division should implement policies and procedures over report preparation that includes management oversight and segregation of duties. Specifically, the reports should be reviewed and approved by an individual other than the report's preparer before the report's data is entered in the reporting interface. Documentation should be maintained that includes evidence of each report's review and approval and copies of the related accounting records that support the amounts included on the report.

Views of responsible officials and planned corrective actions: See pages 197-198.

### Department of Administrative Services Community Resources Management 500 S Grand Central Pky 5th FI • Box 551212 • Las Vegas NV 89155-1212 (702) 455-5025 • Fax (702) 455-5038

Sabra Smith-Newby, Director · Michael J. Pawlak, Manager

The state of the s

March 15, 2013

Kafoury, Armstrong & Co. 8329 West Sunset Road, Suite 210 Las Vegas, NV 89113

Dear Auditors:

The purpose of this letter is to respond to the findings 2012-4 and 2012-5 identified by the County's external auditors, Kafoury, Armstrong & Co., related to their review of the CDBG Entitlement Grants Cluster and the JAG Program Cluster.

#### <u>2012-4</u>

**Condition:** 

Testing disclosed that for three out of eight payroll transactions tested, the County did not obtain the required payroll certifications for employees who charged their salaries and wages to the grant.

#### **Corrective Action:**

The three employees for whom payroll certifications were missing were County employees assigned to the District Attorney's office. Community Resources Management Division enters into an MOU with the D.A.'s office enabling that office to operate a JAG funded program. Management will strengthen its policies and procedures for obtaining the required payroll certifications under OMB A-87 by including this requirement in future MOU's and grant agreements and will monitor subgrantees to ensure compliance.

#### 2012-5 Condition:

Testing at the Community Resources Management Division disclosed that for each quarter of fiscal year 2012, the SF-425 reports for Grant #2010-DJ-BX-0933 were not supported by the County's accounting records and in total the reports overstated expenditures by \$92,417 for the fiscal year ending June 30, 2012. In addition, the reports were signed and authorized by the same individual who prepared them; there were no internal controls in place to ensure the reports were reviewed before they were submitted.

Auditors – 2012-4 March 15, 2013 Page 2

#### **Corrective Action:**

As indicated in the Auditor's comments in the "Cause" section of the Finding, the reporting interface for this grant allows access to only one Division employee, the designated Financial Point of Contact (FPOC) who enters the quarterly financial data and submits the report. As a result, this process does not allow for review and approval by a separate Division employee. Copies of the accounting records that supported the amounts reported were not kept on file and subsequent entries into the accounting system prevent the amounts from currently being reproduced from the system.

The County Community Resources Management Division will implement policies and procedures over report preparation that are similar in nature to its other grant programs which require a non-electronic, paper submission of the SF-425. This will include management oversight and segregation of duties. Prior to electronic submission, the FPOC will provide a written report to Community Resources Management Division's assigned Budget Analyst who will reconcile this information against the information in the County's financial system (SAP). Once the Budget Analyst concurs with the FPOC, a recommendation will be made to Management to authorize electronic submission. Appropriate documentation will be maintained in the file evidencing each report's review and approval and copies of the related accounting records that support the amounts included on the report.

Thank you for the opportunity to respond to the audit findings and identify the corrective action that we have taken.

Sincerely,

Zurlak Wichael I

Michael J. Pawlak, Manager Community Resources Management

#### ENVIRONMENTAL PROTECTION AGENCY PASSED THROUGH NEVADA DEPARTMENT OF CONSERVATION

Questioned Costs

#### 2012-6 PROCUREMENT SUSPENSION AND DEBARMENT

Capitalization Grants For Clean Water State Revolving Funds – CFDA No. 66.458; Contract No. CS32-1018

- Criteria: The OMB Circular A-133 Compliance Supplement (dated June 2012) states that "non-federal entities are prohibited from contracting or making subawards under covered transactions to parties that are suspended or debarred or whose principals are suspended or debarred. 'Covered transactions' include those procurement contracts for goods and services awarded under a nonprocurement transaction (e.g., grant or cooperative agreement) that are expected to equal or exceed \$25,000 or meet certain other specified criteria. 2 CFR section 180.220 of the governmentwide nonprocurement debarment and suspension guidance contains those additional limited circumstances. All nonprocurement transactions (i.e., subawards to subrecipients), irrespective of award amount, are considered covered transactions. When a non-federal entity enters into a covered transaction with an entity at a lower tier, the non-federal entity must verify that the entity is not suspended or debarred or otherwise excluded. This verification may be accomplished by checking the Excluded Parties List System (EPLS) maintained by the General Services Administration (GSA), collecting a certification from the entity, or adding a clause or condition to the covered transaction with that entity (2 CFR section 180.300).
- *Condition:* Our tests disclosed that the Clark County Water Reclamation District is not complying with the suspension and debarment requirements of OMB Circular A-133. The District did not perform procedures to verify that the two contractors associated with this program were not suspended or debarred.
- *Effect:* The Clark County Water Reclamation District was not in compliance with the verification requirements related to suspension and debarment specified by OMB Circular A-133. As part of our audit procedures, we verified that neither of the contractors were suspended or debarred and therefore there are no questioned costs associated with this finding. However, by not implementing policies and procedures to verify that vendors are not suspended or debarred, contracts with suspended or debarred parties could be paid with federal funds.
- *Cause:* The Clark County Water Reclamation District did not have policies and procedures in place during fiscal year 2012 to ensure that when entering into covered transactions with entities procedures are performed to verify that those entities were not suspended or debarred or otherwise excluded.
- *Recommendation:* The Clark County Water Reclamation District should implement and enforce policies and procedures over the process for complying with suspension and debarment requirements of OMB Circular A-133.

Views of responsible officials and planned corrective actions: See page 200.

None

# **Clark County Water Reclamation District**

Mission: To manage reclaimed water as a resource.

March 15, 2013

Kafoury, Armstrong, & Co. 8329 West Sunset Road, Suite 210 Las Vegas, NV 89113

Dear Auditor,

The purpose of this letter is to respond to the single audit performed by your firm, for fiscal year ending June 30, 2012. This audit included a sub-recipient federal grant received through the Nevada Clean Water State Revolving Fund (CFDA 66.458; Contract CS32-1018). Funds were used for Clark County Water Reclamation District's (CCWRD) Capital Project 586 AWT Membrane/Ozone Phase I.

#### Finding 2012-6

#### Auditor Finding:

Auditor tests found that the Clark County Water Reclamation District had not complied with the suspension and debarment requirements of OMB Circular A-133. The District did not perform procedures to verify that the two contractors associated with this project were not suspended or debarred.

#### Auditor Recommendation:

The Clark County Water Reclamation District should implement and enforce policies and procedures over the process for complying with suspension and debarment requirements of OMB Circular A-133. There are no questioned costs associated with this finding.

#### Corrective Action:

CCWRD staff immediately verified (as did the auditor) that neither contractors working on this project are on the suspended or debarred listing. CCWRD has implemented a Procurement Suspensions & Debarments Policy, which will provide reasonable assurance that procurement of goods and services are made in compliance with the provisions of OMB-A133 Compliance Supplement and the Suspension and Debarment A102 Common Rule. This policy/procedure establishes roles and responsibilities for each party involved with federally funded contracts to ensure that Federal grant transactions are not made with debarred or suspended consultants and/or contractors and their immediate sub-contractors/consultants.

Thank you for the opportunity to respond to the audit finding and to identify and address the corrective action that we have taken.

Sincerely.

Bridgette McInally V Financial Services Manager

#### DEPARTMENT OF ENERGY DIRECT AND PASSED THROUGH NEVADA STATE OFFICE OF ENERGY

Questioned Costs

#### 2012-7 REPORTING

Energy Efficiency and Conservation Block Grant – CFDA No. 81.128; DE-EE0000685, DE-EE0000687

- *Criteria:* Required reports for Federal awards should include all activity of the reporting period, be supported by applicable accounting or performance records, and be fairly presented in accordance with program requirements. In addition, OMB Circular A-133 establishes certain requirements for non-Federal entities that expend Federal awards. For example, the County is required to "maintain internal control over Federal programs that provides reasonable assurance that the [County] is managing Federal awards in compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a material effect on each of its Federal programs".
- *Condition:* The SF-425 report initially submitted for the quarter ending September 30, 2011 and the previous quarter included incorrect data for disbursements, expenditures and obligations. Revised and corrected reports for both quarters were submitted in January 2012 after guidance had been provided by the grantor agency.
- *Effect:* The grantor agency was reported inaccurate data for the first quarter of the None fiscal year.
- *Cause*: Due to miscommunications with Department of Energy personnel, Clark County Real Property Management Division personnel categorized certain amounts incorrectly on the SF-425 reports for quarters ending June 30, 2011 and September 30, 2011. Subsequent to the filing of the September 30, 2011 report, Division personnel received clarifying guidance from the Department of Energy and submitted corrected reports for those quarters. Reports for subsequent quarters reflected the new guidance and categorized amounts correctly.
- *Recommendation:* The County should strengthen its management oversight of report preparation to include a review of the data included to ensure it is presented in accordance with reporting guidelines.

March 13, 2013

Kafoury, Armstrong & Co. 8329 West Sunset Road, Suite 210 Las Vegas, Nevada 89113

Dear Auditors:

The purpose of this letter is to respond to the finding identified by the County's external auditors, Kafoury, Armstrong & Co., related to the review of FY 2012 Energy Efficiency and Conservation Block Grant (EECBG) – CFDA No. 81.128, DE-EE0000685.

#### <u>2012-7</u>

**Condition**: The SF-425 report initially submitted for the quarter ending September 30, 2011 and the previous quarter included incorrect data for disbursements, expenditures and obligations. Revised and corrected reports for both quarters were submitted in January 2012 after guidance had been provided by the grantor agency.

**Cause:** Due to miscommunications with the Department of Energy personnel, Clark County Real Property Management categorized certain amounts incorrectly on the SF-425 reports for quarters ending June 30, 2011 and September 30, 2011. Subsequent to the filing of the September 30, 2011 report, Division personnel received clarifying guidance from Department of Energy and submitted corrected reports for those quarters. Reports for subsequent quarters reflected the new guidance and categorized amounts correctly.

**Response:** Because the County had obtained Department of Energy's approval of the June 30, 2011 and September 30, 2011 reports, staff was unaware of reporting incorrect data. Once staff received clarifying guidance from the Department of Energy's newly assigned project manager, the information was revised and future reports were submitted in accordance with the new guidance.

Thank you for the opportunity to respond to the audit finding. If you have any questions, please contact Lisa Kremer at (702) 455-2907.

Sincerely, Jerome'A. Stueve Acting Director

#### DEPARTMENT OF HEALTH AND HUMAN SERVICES PASSED THROUGH NEVADA DEPARMENT OF HEALTH AND HUMAN SERVICES

Questioned Costs

#### 2012-8 REPORTING

Foster Care Title IV-E – CFDA No. 93.658; Adoption Assistance Title IV-E – CFDA No. 93.659; all grant numbers and grant periods reported for these CFDA Nos. on the schedule of expenditures of federal awards.

- *Criteria:* Required reports for Federal awards should include all activity of the reporting period, be supported by applicable accounting or performance records, and be fairly presented in accordance with program requirements. In addition, OMB Circular A-133 establishes certain requirements for non-Federal entities that expend Federal awards. For example, the County is required to "maintain internal control over Federal programs that provides reasonable assurance that the [County] is managing Federal awards in compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a material effect on each of its Federal programs".
- *Condition:* The CB-496 Report submitted for the quarter ending March 31, 2012 included incorrect current quarter claim amounts for both programs.
- *Effect:* The grantor agency was reported inaccurate data for the third quarter of the \$161,355 fiscal year and Clark County received an over-reimbursement of \$161,355. Of this amount, \$16,787 was attributable to the Adoption Assistance program and \$144,568 was attributable to the Foster Care program.
- Cause: During the report preparation process, certain overhead amounts that should have been subtracted from the calculation of direct costs were instead added. This was a manual error that was detected by Clark County Department of Family Services personnel subsequent to the report's filing and we were alerted to the error at the beginning of audit procedures.
- Recommendation: The County should strengthen its management oversight of report preparation to include a more timely review of the data to ensure calculations do not contain errors prior to each report's submission. The County should also include a prior quarter adjustment in the March 31, 2013 CB-496 Report submission to address this error.

Views of responsible officials and planned corrective actions: See page 204.

March 19, 2013

Kafoury, Armstrong & Co 1700 West Sunset Road, Suite 210 Las Vegas, NV 89113

Subject: Title IV-E Foster Care (CFDA No.93.658) and Adoption Assistance Program (CFDA No 93.659) – Audit Findings

Finding 2012-8 – The CB-496 Report submitted for the quarter ending March 31, 2012 included incorrect current quarter claim amounts for both programs. The grantor agency was reported inaccurate data for the third quarter of the fiscal year and Clark County received an over-reimbursement of \$161,355. During the report preparation process, certain overhead amounts that should have been subtracted from the calculation of direct costs were instead added. This was a manual error that was detected by Clark County Department of Family Services personnel subsequent to the report's filing.

Corrective Action – The Fiscal unit began implementation of the verification and balancing review only to determine that the current worksheets are too cumbersome to allow for efficient review. DFS contracted with the Public Consulting Group (PCG) to provide software (AlloCap) that DFS will use in the quarterly Federal claim process. This software will increase DFS' accuracy and efficiency, compared to the current spreadsheet based process. AlloCAP quarterly claiming uses the SAP downloads minimizing data entry. This is the same back-end system structure currently in use by Nevada State Department of Health and Human Services and Washoe County Department of Social Services in addition to other agencies outside of the State of Nevada.

Federal program guidelines do not specify a deadline for refunding over-reimbursements; however, the over-reimbursement amount of \$161,355 will be processed as a prior-quarter adjustment on the FY13 (March 3<sup>rd</sup> quarter) Title IV-E Foster Care and Adoption Assistance Financial Report.

If you have any questions concerning this response please contact Julie Mondroski at (702) 455-1720.

Sincerely,

L'isa Ruiz-Lee (\_\_) Director Department of Family Services

a family for the state of the s

March 15, 2013

Kafoury, Armstrong & Co. 8329 West Sunset Road, Suite 210 Las Vegas, NV 89113

**Dear Auditors:** 

The purpose of this letter is to confirm implementation of the Corrective Action Letter dated March 15, 2012, for the finding reported during the 2011 OMB A-133 Single Audit.

### <u>2011-1</u>

#### Condition:

Clark County did not file the first two quarterly SF-425 reports during the year for NSP1 activity (grant number B-08-UN-320001). Additionally, none of the SF-425 reports were reported on a cumulative basis for CDBG grant numbers B-09-UC-320001, B-09-UY-320001, and B-10-UC-320001.

#### **Corrective Action:**

Following the 2010 audit report finding in March of 2011, beginning with the third quarter reports for FY 2011, Clark County began submitting cumulative SF-425 reports for NSP1 expenditures. The County began submitting cumulative SF-425 reports for the CDBG grants beginning in the second quarter of FY 2012.

I hope this information provides you with the necessary update requested as part of your current audit.

Sincerely, Bulak

Michael J. Pawlak, Manager Community Resources Management

#### SUBJECT: DEPARTMENT OF THE INTERIOR - 2011-2 AUDIT FINDING UPDATE

Dear Sirs:

Our office has reviewed the above noted finding from the year ending June 30, 2011, and we are providing the following response to you.

#### **Original Condition:**

Our tests disclosed that for 5 of the 17 SF-425 reports tested, the County incorrectly reported cash receipts and cash disbursements on the SF-425 by using quarterly totals instead of the required cumulative totals. This was also noted as a finding in the 2010 audit. The reports with errors were all prepared and submitted prior to the notification of the noncompliance finding. All of the June 30, 2011, quarterly reports tested correctly reported cash receipts and disbursements on a cumulative basis.

#### **Original Response:**

The following response information is provided regarding the five incorrect SF-425's. The project numbers for the five projects were provided by Kafoury, Armstrong & Co.

#### CC18 (12/31/2010), CC32 (9/31/2010) and CC44 (12/31/2010)

All three SF-425's were prepared and submitted prior to the notification of the 2010 non-compliance finding as noted in the Condition. As mentioned in the response to the 2010 audit, we have provided additional staff to review the reports for accuracy prior to submittal to the Grantor.

**Corrective Action:** No additional corrective action is necessary for these three projects, since the errors occurred prior to the notification of non-compliance.

#### CC25 (3/31/2011)

For CC25, all entries on the SF-425 are correct. The error was found in the retention amount shown on the attached Project Cost Tracking Worksheet. The Worksheet indicated a retention amount of \$116,426.34 which was the amount encumbered during the reporting Quarter, rather than the cumulative amount of \$217,778.80, which was reflected on the signed SF-425.

**Corrective Action:** The Department of Comprehensive Planning will provide a corrected Project Cost Tracking Worksheet to the Grantor for the CC25 project.

#### CC49 (3/31/2011)

For CC49, the unliquidated obligations (Section 10f) incorrectly stated a quarterly retention amount of \$12,435.51 rather than the cumulative retention amount of \$20,000.00. This error caused the Federal Share (Section 10g) and the Unobligated Balance of Federal Funds (Section 10h) to be reported incorrectly. Additionally, the attached Project Cost Tracking Worksheet showed no retention for the CC49 project, which further compounded the error.

**Corrective Action:** The Department of Comprehensive Planning will provide a corrected SF-425 and Project Cost Tracking Worksheet to the Grantor for the CC49 project.

The errors on CC25 and CC49 were due to the fact that staff was still evolving the review process from the 2010 audit finding when the  $2^{nd}$  Quarter 2011 (i.e., period ending 3/31/2011) reports were prepared. Since then, staff has fully implemented the review process to ensure accurate recording of the financial status and project status reports submitted to the Grantor.

#### **CORRECTIVE ACTIONS TAKEN:**

In response to the 2011 audit finding, staff implemented the following actions:

#### CC18 (12/31/2010), CC32 (9/31/2010) and CC44 (12/31/2010)

No additional corrective action was taken on these three projects, since the errors occurred prior to the notification of non-compliance. To ensure compliance for all future submittals, the Department of Comprehensive Planning instituted a multi-staff quality control review process to check all SF-425's by a minimum of two people prior to reporting to the grantor. This review is documented via a signed form, which notes who reviewed all the documents in the quarterly report, including the SF-425's.

#### CC25 (3/31/2011)

The Department of Comprehensive Planning provided a corrected Project Cost Tracking Worksheet to the grantor.

#### CC49 (3/31/2011)

The Department of Comprehensive Planning provided a corrected SF-425 and Project Cost Tracking Worksheet to the grantor for the CC49 project.

Should you have any questions regarding this response, feel free to contact Ron Gregory, Principal Planner at (702) 455-3121 or <u>rgy@clarkcountynv.gov</u>.

#### HIGHWAY PLANNING AND CONSTRUCTION CLUSTER - CFDA NO. 20.205

The Clark County Department of Public Works (Department) has performed an updated review of Finding No. 2011-3 concerning grant numbers P156-09-063, P153-09-063, P154-09-063 and P202-09-063 from the year ending June 30, 2011, and provides the following response:

Condition: This was a finding during the prior year audit. The County did not begin to obtain required payroll certifications for employees who charged their salaries and wages to the grant until after the finding was noted. Beginning in April 2011, the County did begin receiving the certifications; however, the employees did not sign the payroll certifications within a timely manner.

In addition, our testing revealed that indirect costs related to vehicle use were calculated as part of the labor charges. Indirect costs are not an allowable cost under the grant.

Response: Beginning April 2011, and upon receipt of the payroll certification notice finding ending June 30 2010, the Department established a procedure to meet the required payroll certification requirements as prescribed under OMB A-87. The Department continues to require bimonthly signed time cards by all employees working on grant projects.

Additionally, the Department is in agreement that it did not obtain prior approval from the federal agency to incur and seek reimbursement for indirect costs related to vehicle use. All federal awards accepted by the Department are in full compliance with the requirement to prepare and submit an indirect cost rate proposal to the federal agency when deemed appropriate for the project.

Should you have any questions, please feel free to contact Scott Trierweiler at (702) 455-6019.

Sincerely,

**Denis Cederburg Director of Public Works**

March 15, 2013

Kafoury, Armstrong & Co. Attn: Dan Rushin 8329 W. Sunset Road Las Vegas, NV 89113

Dear Mr. Rushin:

Clark County District Attorney, Family Support Division (DAFS) has taken the following actions to implement the corrective action plan for Finding 2011-4 from our 2011 OMB A-133 Single Audit:

We continue the internal QC process that we started in 2010 where cases are reviewed at closure for the accurate setting of Born Out Of Wedlock indicators and to ensure compliance with federal closure criteria. Refresher BOW (Born Out Of Wedlock) training is given to all staff annually, and during that training staff are tested on the topics covered. Supervisors provide additional training and mentoring to staff who fail to achieve satisfactory scores on the test.

We implemented an internal Quality Control (QC) Team in August 2012. Due to staffing limitations, we are only able to dedicate one full-time employee to that team. She reviews cases to ensure compliance in the areas of case closure, data reliability, case initiation, locate, establishment, enforcement, and order entry.

In addition, we are in the final phase of becoming 100% paperless and there is a QC component where cases scanned by a vendor are reviewed for accuracy and data reliability. QC efforts by the units/teams are ongoing and the supervisors are monitoring to ensure that is being done.

Sincerely,

Jeresa M. Loury

Subject: Title IV-E Foster Care (CFDA No.93.658) and Adoption Assistance Program (CFDA No 93.659) – Audit Findings

The Department of Family Services (DFS) has reviewed the previously submitted audit response dated March 13, 2012 and has implemented the corrective actions outlined below. The prior quarter adjustment for FY11 is currently being processed.

Finding 2011-5 – It was reported that the County's internal control over the review of the Title IV-E Foster Care and Adoption Assistance Reports were ineffective. Formula errors were identified one of the report computations which resulted in an over-reimbursement from the grantor in the amount of \$16,981. The findings noted "ineffective management oversight over the reporting compliance requirement, as there was a lack of adequate review of the Title IV-E Foster and Adoption Assistance Reports prior to their submission to the grantor."

Corrective Action – The existing process for preparation of the Title IV-E Foster Care and Adoption Assistance Financial Reports necessitate a reconciliation of quarterly period expenditures balanced with general ledger expense transactions recorded in the County's Financial System, SAP. This reconciliation task is performed by the Title IV-E financial analyst.

One Senior Financial Analyst was reassigned to oversee, review, and implement internal controls of the IV-E process to strengthen the DFS Title IVE-E claim process.

A financial working group was also assembled to address the issues of formula errors, duplicate entries and inaccurate data. This group met with the Title IV-E representative from the Federal and State level to discuss solutions of accurately calculating the cost pool as it relates to Title IV-E claiming.

In addition, DFS contracted with the Public Consulting Group (PCG) to provide software that DFS will use in the quarterly Federal claim process. This software will increase DFS' accuracy and efficiency compared to the current spreadsheet based process. This is the same back-end system structure currently in use by Nevada State Department of Health and Human Services, and Washoe County Department of Social Service, in addition to other agencies outside of the State of Nevada.

The 2011 3<sup>rd</sup> quarter claim has been reviewed by the DFS IVE Financial Analyst. The claim has been recalculated and found that the over reimbursement reported had not been regrouped to its appropriate expense category and allocation method. For this reason the overstated amount has been reduced to \$608. This reassessment of the finding's questioned cost has not been reviewed by the awarding agencies or subjected to audit procedures by Kafoury, Armstrong & Co.

If you have any questions concerning this response please contact Julie Mondroski at (702) 455-1720.

Sincerely,

GenRug- gu Lisa Ruiz-Lee

RE: Update on FY11 Finding 2011-6

In response to this finding concerning the women, infants, children and youth (WICY) earmarking compliance, staff has received technical assistance from the federal funding agency, Health Resources and Services Administration (HRSA). The technical assistance resulted in the development of a policy statement regarding a methodology that will satisfy the federal reporting requirement of tracking actual expenditures for this WICY report while still utilizing the cost based reimbursement method. The policy with corresponding tracking number is enclosed in addition to the HRSA approval again reflecting the corresponding tracking number which was received on February 25, 2013.

Additionally, contract language was developed and implemented in Exhibit A of all sub-recipient contracts for the current grant year (March 1, 2013-February 28, 2014) which states; "**PROVIDER** shall serve women, infants, children and youth (WICY) and document client numbers and funds spent for the mandated WICY report. **PROVIDER** shall report to **COUNTY** the WICY population served upon request."

Staff will continue to work with HRSA to ensure maintenance of effort compliance going forward. No penalty was incurred for the FY 10-11 decreased in maintenance of effort funding.

Please do not hesitate to contact our office if you have questions related to this correspondence.

Sincerely,

Tim Burch Director

RE: WICY Policy Statement submission PA-00026588

Lennie,

Please see the WICY Policy Statement below for your review and approval.

#### Las Vegas TGA Part A Program Policy Statement Women, Infants, Children and Youth (WICY) Reporting

#### **Policy Statement**

Ryan White Program Authorization language stipulates, in relation to services for women, infants, children and youth with HIV disease, including treatment measures to prevent the perinatal transmission of HIV, a TGA shall use for services to each of these populations an amount not less than the percentage of grant funds made available in a fiscal year constituted by the ratio of the population involved (women, youth, infants, or children) in such area with HIV/AIDS, to the metropolitan area's overall population with HIV/AIDS.

HRSA/HAB requires that a TGA report the total amount and percentage of funds expended retrospectively for WICY in the previous grant year. HRSA/HAB provides reporting updates and guidance during the year to be reported on in advance of the reporting deadline. This guidance includes the official CDC percentages of WICY in the TGA during the reporting year.

#### **Procedure**

To satisfy the WICY reporting requirement, Ryan White program staff shall, over the course of the year and prior to the WICY report deadline, conduct the following activities:

BOARD OF COUNTY COMMISSIONERS Susan Brager, Chair • Steve Sisolak, Vice-Chair Lawrence L. Brown III • Tom Collins • Chris Giunchigilani • Mary Beth Scow• Lawrence Weekly Donald G. Brunette, County Manager

- 1) Contracted sub-grantees enter services delivered in CAREWare. CAREWare tracks client level demographic information such as, gender, age and client level service delivery information such as service name and number of units.
- 2) Grantee staff monitor service delivery rates across the TGA by HRSA defined WICY demographic, age and gender to identify any change in historical service delivery levels,
- 3) If applicable, Grantee staff addresses significant decreases in WICY service delivery levels through consultation with service providers,
- 4) After the close of the grant year and prior to the WICY report deadline, Grantee staff calculates the amount of funds utilized to serve the WICY populations with the following procedure:
  - a. Run a CAREWare report per sub-contractor for the total number of clients served in grant year including client age and gender,
  - b. Calculate all funds reimbursed to each sub-contractor over the course of the grant year,
  - c. From the CAREWare report per sub-contractor of the total number of clients served, break out the number of HRSA defined Women, Infant, Children and Youth served,
  - d. Divide the number of Women by the total number of clients served deriving the percentage of Women served per sub-contractor, multiply the percentage of Women by the total grant year funds reimbursed per sub-contractor,
  - e. Divide the number of Infants by the total number of clients served deriving the percentage of Infants served per sub-contractor, multiply the percentage of Infants by the total grant year funds reimbursed per sub-contractor,
  - f. Divide the number of Children by the total number of clients served deriving the percentage of Children served per sub-contractor, multiply the percentage of Children by the total grant year funds reimbursed per sub-contractor,
  - g. Divide the number of Youth by the total number of clients served deriving the percentage of Youth served per sub-contractor, multiply the percentage of Youth by the total grant year funds reimbursed per sub-contractor,
  - h. Complete HRSA created WICY report by contractor using the amount of funds derived from letters a g, the CDC spreadsheet listing the Percent of AIDS cases in EMA/TGA and following the instructions included in the HRSA created spreadsheet.

Respectfully,

Shayla Streiff, MHA Acting Grant Administrator Las Vegas TGA
