Summary of Nevada Native Fish Slam 2012 -2019.....	113

Shawn Smee with a 6 oz. Brook Trout caught in North Canyon Creek.

This 25 lb. 4 oz. Channel Catfish was caught by Matt Campbell in the South Fork of the Humboldt River.

2019 NEVADA TROPHY FISH PROGRAM

Welcome to the Nevada Department of Wildlife's Trophy Fish Program that began in 1968. This booklet recognizes the talents, or luck, of anglers for catching notable-sized fish from many of the over 800 waterbodies found throughout the state. This program allows anglers to catch 30 different fish species, each having a designated minimum weight for entry. To help us out, we ask that the angler please include on the entry form the "specific location" where their fish was caught. Most importantly, add the "mountain range" or other location-identifying characteristics for stream caught fish, because there are multiple streams in the state having the same name. Additionally, it is important to include a clear photograph for us to make a positive identification. Several species look very similar, so holding the fish broadside with the mouth closed for example can be critical. Multiple photos taken at different angles may also help. It is essential that if you believe you have caught a state record fish, you must have it weighed on a scale that is "certified" and have an NDOW employee witness it.

Congratulation goes out to everyone that enters fish in the Angler Recognition program. It is not always easy catching a fish that meets the minimum weight requirement of a trophy fish and, in 2019, there were 169 entries that met these requirements. Compare this to only 50 entered last year. It was suspected that several years of above average precipitation improved the quality of the environment and causing more fish to carryover from one year to the next. Consequently, the number, size, and health of fish improved greatly. A variety of species were caught with Carp dominated the entries, with 48 coming primarily from urban ponds in the Reno area. Congratulations goes to Brenden Burnham who caught 46 of these giants over 15 pounds, the largest weighing in at 27 pounds. Forty Cutthroat Trout from Pyramid Lake also dominated angler entries, with Adam Garcia catching 13 of these. However, Mike Zahradka entered the largest Cutthroat Trout at 21 pounds 12 ounces followed by Donny Ross' 21 pound 8 ounce Cutthroat Trout. Other mentionable catches include 17 Tiger Trout caught by Rick Gomez at Ruby Lake National Wildlife Refuge and 10 Smallmouth Bass caught by Reid Bridges at Topaz Lake. Finally, Yellow Perch fishing at Wildhorse Reservoir picked up and John Shorter III reeled in an amazing 1-pound 8-ounce fish, tying the state record.

Entries for establishing "water records only" need not meet the minimum species weight requirements and many are caught from water bodies having no previous entry. This year, 35 new water records were established, mostly from stream fisheries. Nevada Department of Wildlife manages fisheries in over 600 streams and rivers around the state, many having remarkable fisheries but getting very little angling use. Bill Hammons, nevertheless, championed the effort to fish many of these streams and caught 17 fish that established new records or broke existing ones.

Finally, in 2019, Karl Kappe was the 20th angler to earn the Nevada Native Fish Slam, which he began in 2016. Furthermore, Bill Hammons completed his second Slam, doing it in less than a year and a half. The Native Fish Slam is a great way to explore the diverse, but infrequently visited streams that overshadow the state.

As usual, the following pages describe current and historical trophy fish catches from Nevada's waters. We hope the great success that anglers found last year will excite you to head out and enjoy the great fishing Nevada has to offer.

Record Fish of Nevada 2019

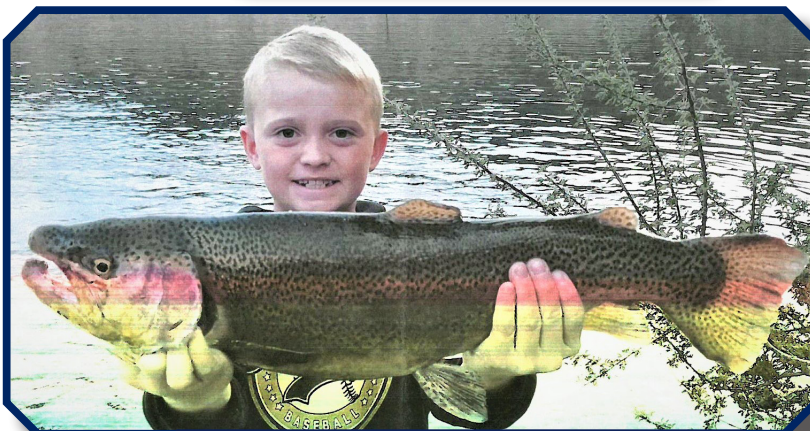

Matthew Peters with a Mountain Whitefish caught in the Truckee River for part of his Native Fish Slam.

Spencer Laney with this 3 lb. 1 oz. Smallmouth Bass caught in Barth Pit.

Rick Gomez with a 7 lb. 1 oz. Tiger Trout caught in Ruby Lake National Wildlife Refuge.

Cade Meyer with a 6 lb. 1 oz. Rainbow Trout caught in the Colorado River.

Whitefish, Mountain	3 9	18.5	Truckee River	Kirill Solovykh	9/11/2011	5 lbs 8 oz
Wiper, White x Striped Bass	25 9	33	Lahontan Reservoir	Adam Truran	6/6/2009	27 lbs 5 oz

NOTE: These records are officially recognized by the Nevada Department of Wildlife as state records established from the year 1968, the first year of the Nevada Trophy Fish Program through December 2018. These records include fish taken in interstate waters including Lake Tahoe, Topaz Lake, Lake Mead, Lake Mohave and the Colorado River. It is recognized that some species of fish of larger size have been caught from Nevada waters prior to 1968.

World Record data was obtained from the International Game Fish Association's World Record Game Fishes 2018 edition.

***NOTE:** The recognized world record Cutthroat trout of 41 pounds was caught from Pyramid Lake in 1925.

Largest Fish of the Year Certificate Recipients 2019

Mike Zahradka with a 21 lb. 12 oz. Lahontan Cutthroat Trout caught in Pyramid Lake.

Roman Valdez with a 23 lb. 7 oz. Channel Catfish caught in South Fork Reservoir.

Brenden Burnham with a 27 lb. Carp caught out of Virginia Lake making it a Water Record Fish.

Bill Hammons	<i>Carson City</i>	<i>NV</i>	7/24/2018	11/27/2019

Daniel Wassmund with a Bull Trout caught in Pine Creek.

Adam Herrera with a Lahontan Cutthroat Trout caught in the North Fork of the Humboldt River.

Bill Hammons with a Bonneville Cutthroat Trout caught in Silver Creek.

Thank you to all who contributed to this year's record book. Without your entries, the Trophy Fish Book would not be possible.
