REPORT.

OFFICE OF THE SECRETARY OF STATE,
CARSON CITY, Nev., December 31, 1884. }

To His Excellency,

J. W. ADAMS,

Governor of Nevada :

SIR: I have the honor to submit the biennial report of the business transacted in this office during the two years ended December 31, 1884.

The State Board of Examiners (consisting of the Governor, Attorney General and Secretary of State), of which I am by law made Secretary, have during the past two years met one hundred and fifteen times for the consideration of claims, and for the transaction of such other business as was deemed necessary to the welfare of the State.

MONEYS AND SECURITIES.

The moneys and securities in the State Treasury have been counted once a month by the Board of Examiners, as by law required. The reports are here given :

The School Fund securities are not returned by the Board as assets of the State, but are enumerated in each report simply to show that they are properly deposited with the State Treasurer, into whose custody they are given by sanction of law.

STATE PRISON COMMISSIONERS.

The Board of State Prison Commissioners, of which, also, I am Secretary, held twenty-four regular and ten special meetings. The State Prison has been visited and inspected once a month by at least one member of the Board, and in the majority of cases all the members of the Board were present.

In this connection I desire to express my gratification at the pleasant relations that have at all times existed between myself and the other members of the Boards with which I have the honor to be connected.

POLITICAL STATISTICS.

Following the example of secretaries of some of the older States I have compiled from the official record a tabular statement giving the names of the officers of this commonwealth, both as a Territory and as a State. There is also presented a summary of the votes cast for the several candidates for State offices since the admission of Nevada into the Union. These figures will, I believe, be of value for future reference.

I have the honor to remain, sir, your obedient servant,
 JOHN M. DORMER,
 Secretary of State.

reasonable figure. The State has other publications that should be sold at prices lower than those now prescribed.

CONSTITUTIONAL AMENDMENTS.

The resolutions proposing amendments to the Constitution of the State of Nevada, passed by the eleventh and twelfth sessions of the Nevada Legislature, have been by me duly published in accordance with Section 1 of Article XVI of the Constitution. In view of the fact that the appropriation for official advertising was insufficient to meet the demands against it, and in the interest of economy, I deemed it my duty to contract for the service at a reduced rate, which was accordingly done. It would be advisable to have special provision for such publication hereafter.

I have the honor to remain, sir, your obedient servant,

JOHN M. DORMER,

Secretary of State.

STATISTICAL PAMPHLETS NEEDED.

Scarcely a week passes without letters of inquiry reaching this office asking for information upon matters relating to the agricultural, grazing and mineral developments of the State. Questions are also propounded as to the opportunities afforded to people who would be desirous of settling among us.

Communications are frequently received from officials of other States asking what this State has done in the way of providing for the encouragement of immigration, the perpetuation and increasing of our forestry, and the development of a comprehensive and sufficient plan for irrigation throughout the State.

So far as within my power I have replied to these inquiries, and am glad to acknowledge valuable assistance from all State officers to whom I have applied for co-operation. Notwithstanding our combined efforts, however, many important inquiries have necessarily gone unanswered, because the requisite information was not at hand. The preparation of a few handbooks or pamphlets, relative to the resources of the State, would be advantageous to the community at large, by encouraging intelligent home-seekers and home-makers to cast their lot with us, and join in adding to the wealth and prosperity of the State.

A CENSUS OF TAXPAYERS.

I have prepared a catalogue of all taxpayers of the State, with a statement of the amount of property for which they are assessed. This statement is compiled from the printed lists furnished by the Assessors of the different counties. It was my intention to have published this in connection with my report, but it has proved so voluminous that I hesitated to do so. It remains in this office, and is at the disposal of the Legislature. Such a catalogue if published by the State every two years might prove beneficial by preventing the shirking of taxes by unscrupulous parties. The expense would be slight. It would also be useful as a census of the taxpayers of the State.

Another suggestion worthy of consideration is that the lists of registered voters be published immediately after each general election.

THE STATE'S LAW BOOKS.

Under the present laws the prices for Nevada Reports are not the same for all volumes. It would be better to have a uniform rate fixed by statute. The tendency of the times is toward the reduction of rates for similar publications, with a view to securing a wide distribution of these books among the people, for whose benefit they are printed. The price for the session laws is now fixed at three dollars a volume, which is too high. One dollar a volume would be ample. For Supreme Court Reports, prices in different States vary, but two dollars a volume all round would be a

ELECTION RETURNS.

There is lack of uniformity in the election returns received in this office from the different counties. It would be a good plan to have the blanks for these returns furnished from the office of the State Printer. The attention of County Clerks should be called to the importance of a strict compliance with the law in regard to these returns.
