LETTER OF TRANSMITTAL

STATE OF NEVADA, DEPARTMENT OF STATE,
CARSON CITY, December 31, 1928.

To His Excellency, F. B. BALZAR, *Governor of Nevada.*

SIR: I have the honor to transmit herewith my third biennial report of the office of Secretary of State for the years 1927–1928. In the several statements submitted will be found sufficient data to show the business of the office.

The total receipts for the years 1925 and 1926 were $575,725.23, while for 1927 and 1928 the sum of $738,552.66 was realized. An increase over the last biennium of $162,827.43, a gain of more than 28%. To properly handle such an added volume of business requires additional equipment and more help. New and up-to-date filing cabinets were installed in 1926 and an additional number of these will soon be needed. The old office equipment is practically useless. Space must be conserved and these old files must soon be replaced with equipment suited to the ever-expanding business of the office.

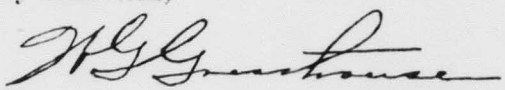

The two-fee system made mandatory under existing corporation laws should be so arranged to make a uniform fee system. This situation was brought about by making the 1925 Act applicable to corporations hereafter organized and leaving the 1903 corporation Act in force.

The custom of having published in the biennial report a list of all corporations formed during the biennium could well be dispensed with, the same serving no purpose, and it is recommended that the statute (Rev. Laws, vol. 1, sec. 1204) requiring such publication be repealed. There should also be a law enacted permitting the organization of trust companies.

The State has several thousand dollars invested in Statutes and Reports, and suitable storage room should be provided for them.

I take this opportunity to gratefully acknowledge the many courtesies extended this Department by you and other State and county officials.

Respectfully submitted,

Secretary of State.

Johnson, J. Neely, Rep.	November 3, 1868

[23]The Legislature of 1877 abolished the office of State Printer (to take effect January 1, 1879), and state printing was done by contract in 1879 and 1880 (Stats. 1877, p. 161). The contract system having proven unsatisfactory and detrimental to the interests of the State, the Legislature of 1879 reestablished the office under the name of "Superintendent of State Printing" (Stats. 1879, p. 138), and made an appropriation to purchase necessary materials.

[24]Appointed by Board of State Printing Commissioners under Stats. 1879, p. 138, for the years 1881–1882, since which time, under the law, the Superintendent of State Printing has been elected by the people every four years, as is the case with all other state officers.

[25]Resigned November 9, 1868, and B. C. Whitman appointed to fill vacancy.

[26]Died April 21, 1867, and J. Neely Johnson appointed to fill vacancy.
