Section I – General Information

Guidelines

Always type or print in black or blue ink.

Owner information must be recorded on registration and title documents exactly as it reads on the owner's driver's license.

Ensure that the vehicle identification number (VIN), year, make, odometer readings and registered owner and legal owner information are consistent on all documents.

Do not use correction fluid or correction tape.

Do not alter any information on the documents.

A release should be the same as it appears on title documents, i.e., Elizabeth should sign as Elizabeth.

All documents must be originals, unless certified true copies of the original documents. However, ownership certificates/titles must always be the original.

Vehicle Identification Number Information

Since 1954, American automobile manufacturers have used a Vehicle Identification Number (VIN) to identify and describe a vehicle.

- Since 1981, all manufacturers of vehicles sold in the United States are required to use a standardized 17-digit VIN structure.
- Variations exist in the location of a VIN and in the systems used for a VIN; they may vary by year of manufacture and between manufacturers.
- A VIN should always be verified by a physical inspection of the vehicle.

- 2nd Character: Identifies the manufacturer, i.e., Audi (A), BMW (B), Buick (4), Cadillac (6), Chevrolet (1), Chrysler (C), Dodge (B), Ford (F), GM Canada (7), General Motors (G), Honda (H), Jaguar (A), Lincoln (L), Mercedes Benz (D), Mercury (M), Nissan (N), Oldsmobile (3), Pontiac (2 or 5), Plymouth (P), Saturn (8), Toyota (T), VW (V), Volvo (V).
- 3rd Character: Identifies the vehicle type or manufacturing division.
- 4th to 8th Characters: Identifies vehicle features such as body style, engine type, model, series, etc.

- 11th Character: Identifies the assembly plant for the vehicle.
- 12th to 17th Characters: Identifies the sequence of the vehicle for production as it rolled off the manufacturer’s assembly line.

Importance of Accuracy

The Department of Motor Vehicles uses the VIN as the primary identifier for entry and retrieval of records. It is therefore critical that all documents are completed using the correct VIN.

TO AVOID ERRORS:

- Use the entire VIN at all times.
- Ensure the VIN is entered or recorded accurately. It is best to use block letters.
- If the VIN is handwritten, try to avoid the following most common errors:

<u>LETTER</u>	<u>MAY BE MISTAKEN FOR</u>
B	13 or 8
D	0
G	6 or C
J	T or I or 5
R	K
S	5
Y	4 or H
Z	2 or a 7 on a line

“l” and “1” are often confused. The letter “l” is rarely used in a VIN.

The letter “O” is never used in a VIN, with the exception of state assigned VINs, such as those that are assigned by the states of Colorado (i.e., COLO123456) or Missouri (DR000000MO or DRMVB0000000000MO).

Notaries Public

If a document must be notarized, the provisions of Nevada Revised Statutes (NRS) 240.010 through 240.150 must be followed.

A notary public may not perform any act authorized by NRS 240.065 if he or she:

1. Executed or is named in the instrument acknowledged or sworn to;
2. Will receive directly from a transaction relating to the instrument any commission, fee, advantage, right, title or interest, property or other consideration in excess of the authorized fees; or
3. Is related to the person whose signature is to be acknowledged or sworn to as a spouse, sibling, or lineal ancestor or descendant.

Attempt to Contact

If the Department of Motor Vehicles requires evidence of an “Attempt to Contact” the owner or lienholder of a vehicle, you must do the following:

- Write to the owner of record asking them to sign the enclosed documents (Bill of Sale, Application for Duplicate Title etc., depending on the requirements) in front of a Notary or to contact you. Caution: Do not mail original ownership documents that are in your possession. Mail photocopies of the ownership documents.
- If you need a signature on an original document, and it is a secure document (i.e., Secure Power of Attorney, Title) a photocopy is not acceptable.
- Send the letter by “Certified Mail – Return Receipt Requested.” Keep the payment receipt, issued to you by the Post Office, with your records. Retain copies of everything you mail.
- If the letter is returned with a forwarding address filed with the U.S. Postal Service, resend the letter to the forwarding address by “Certified Mail – Return Receipt Requested.”
- If the letter is returned to you as “Undeliverable,” do not open it; or
- If you receive a signed Post Office Receipt showing the letter was received and fifteen (15) days have passed since the date of receipt:
 - Bring all documents for the vehicle, along with the returned letter or the signed receipt, to the Department of Motor Vehicles.
 - At that time, the Department of Motor Vehicles should be able to assist you with the vehicle registration and titling of the vehicle.
- If the former owner(s) contact you and provide you with the necessary signatures, the receipt or returned letter is not needed.
- Prior to being issued a vehicle registration or title, you will need to have a Vehicle Identification Number Inspection (form VP-15) completed on the vehicle.

Section II – Salvage Title

Nevada Salvage Title

(Form VP2S)

Salvage Title means a certificate of title issued by the state agency pursuant to NRS 487.810.

The Department will issue a Salvage Title for a vehicle upon application to the:

- The legal owner of the vehicle;
- The person to whom the vehicle is titled;
- An insurance company that acquires the vehicle as a salvage vehicle; or
- A lienholder who acquires title to the vehicle.

If the Certificate of Title/Ownership is held by a lienholder, the registered owner must notify the lienholder within 10 days that the vehicle has become a salvage vehicle. The lienholder must, within 30 days of receiving the notice, forward the title and the Application for Salvage Title or Non-Repairable Vehicle Certificate (Form VP-213) to the Department.

An Application for Salvage Title or Non-Repairable Vehicle Certificate (Form VP-213) and all accompanying documents will be returned to the applicant if they are not correctly completed in full.

Salvage Title Fees:

Licensed Nevada Automobile Wrecker	No Fee
Out of State Automobile Wrecker	\$11
Licensed Nevada Salvage Pool	\$11
In-State or Out-of-State Insurance Companies	\$11
Out-of-State Vehicle Dealers (must be registered with a Salvage Pool)	\$11

Above fees, include a Technology fee.

An owner of a salvage vehicle may only sell the salvage vehicle to a salvage pool, automobile auction, rebuilder, automobile wrecker, or a new or used automobile dealer.

The Authorization for Vehicle Restoration must be obtained prior to the vehicle being rebuilt for vehicles five (5) years old or newer. The vehicle must be repaired or restored to operation, complete a VP-64 Certificate of Inspection / Affidavit of Vehicle Construction and have a branded title **before** the vehicle may be sold to a person other than the businesses listed.

An owner of a total loss salvage vehicle may sell the vehicle with the properly endorsed certificate of title, without making any repairs to the vehicle, only to a salvage pool, automobile auction, rebuilder, automobile wrecker or a new or used motor vehicle dealer.
