**NOTE:**  
**The QPL is compiled by the NDOT Research Division. Products will remain on the QPL as long as their performance is satisfactory; poor performance in the field will result in suspension and/or removal at any time from the QPL, as per established NDOT product evaluation procedures. Any modification of material, composition or configuration of a product or change in manufacturer’s name and address should be conveyed to the NDOT Research Division in a timely manner. Failure to disclose this information may result in suspension of approval and/or removal also from the QPL.**

**The evaluation of a product listed on the QPL does not constitute an endorsement by the Department nor does it imply a commitment to purchase, recommend, or specify the product in the future. Testing and certification of specific products remains in effect regardless of the status shown in this list.**
