EUREKA COUNTY herewith submits the (FINAL) budget for the
fiscal year ending June 30, 2012

This budget contains 10 funds, including Debt Service, requiring property tax revenues totaling \$ 4,905,789

The property tax rates computed herein are based on preliminary data. If the final state computed revenue limitation permits,
the tax rate will be increased by an amount not to exceed _____ If the final computation requires, the tax rate will be
lowered.

This budget contains 25 governmental fund types with estimated expenditures of \$ 34,634,479 and
_____ proprietary funds with estimated expenses of \$ _____

Copies of this budget have been filed for public record and inspection in the offices enumerated in NRS 354.598 (Local
Government Budget and Finance Act).

1/0/1900

EUREKA COUNTY GENERAL FUND
BUDGET MESSAGE AND
ENDING FUND BALANCE EXPLANATION

The projected ending fund balance of the General Fund for the fiscal year of 2012 is \$951,265. The projected revenue for the General Fund for the year ending, June 30, 2012 is \$10,246,444. Eureka County General Fund total expenditure's projection is \$17,608,011 for the fiscal year ending June 30, 2012. Included in these projected expenditures is one specific grant out (specifically Nevada Rural Housing Authority) to help build the necessary infrastructure for additional housing in the Eureka area. Also, the Net Proceeds of Mines revenue for FY 2011 will be included in the Eureka County Final Budgets since the majority of these taxes are received by the County in the month of May.

A large mine project, which is located within 20 miles of the Town of Eureka, could be receiving their record of decision from the BLM within a year. The receipt of this BLM decision will initiate the construction of this mine which in turn will bring close to 900 construction and mine workers to the Eureka area. There is a housing shortage in the Eureka area now. Eureka County is cooperating with Nevada Rural Housing Authority in building the infrastructure for additional housing. The Nevada Rural Housing Authority is a local government entity created and organized pursuant to Chapter 315.

The estimated project is still being finalized. The total project cost will be determined whether just Phase 1 is completed or both Phase 1 and 2 are completed. Total project cost could be as high as \$16 million. Contract negotiations between Eureka County and Nevada Rural Housing Authority are scheduled to be finalized by the middle of May 2011. The budgeted \$4,000,000 grant out in fiscal year 2011 and the budgeted \$4,000,000 grant out in fiscal year 2012 are specifically for this project. Keep in mind that the above project costs are infrastructure costs only. These costs do not include the cost of homes.

An additional expense to build the necessary infrastructure for the housing project is a \$3,100,000 for the necessary construction of the frontage and access road to properly connect the housing project area to Nevada State Highway 50. There is an additional \$1,500,000 budgeted through the Eureka County Regional Transportation Commission budget for FY 2012 and \$1,600,000 through the Capital Improvement Fund. This \$3,100,000 of highway improvements is technically a grant to the State of Nevada because all of these improvements will be owned by the State of Nevada when this project is completed. Again this project will be split between Fiscal Year 2011 and Fiscal Year 2012. The ending fund balance for the Regional Transportation Commission Fund for FY 2012 is \$81,002. The County also allocated \$.0410 of the current tax rate to the Regional Transportation Fund.

The remaining FY 2012 money in the Capital Improvement Fund will be used for other Eureka County capital projects. The ending fund balance for fiscal year 2012 for the Capital Improvement Fund is projected to be \$47,748. There is a line item reflecting a grant of \$16,000 from the Capital Improvement Fund. \$7,000 goes to the Town of

Crescent Valley and \$9,000 goes to the Eureka Town. These grants to the two town funds are mandated by NRS 354.59815.

The General Fund's ending fund balance will insure that the local government has enough funds to meet expenditures in the first quarter of the new fiscal year, help finance future capital improvements, and to stabilize the county's ability to survive capitulating gold prices. These funds will give the county an opportunity to financially survive the financial roller coaster created by fluctuating gold prices. Eureka County's fiscal year 2012 Secured and Unsecured Assessed Valuation has decreased compared to fiscal year 2011.

Over ninety percent of Eureka County's assessed valuation is tied to two mining companies and sixty one percent of the County's assessed valuation is Net Proceeds of Mines. The volatility of Net Proceeds of Mines revenues continues. In fiscal year 2003 the Net Proceeds of Minerals assessed valuation projection for Eureka County was \$70,000,000, and in fiscal year 2012 it is projected to be \$912,354,367. However, most of these funds are received and booked in fiscal year 2011 because of the State of Nevada net proceeds of minerals pre-payment plan. With gold prices over \$1,000 an ounce, Eureka County is obviously experiencing an upswing in this volatility. This surge in gold prices will enable Eureka County plans to complete several major capital improvement projects.

The Future Reserve Fund is a mitigation fund as provided by NRS 362.171. The projected ending fund balance for fiscal year 2013 for the Future Reserve Fund is \$10,001,493. The Future Reserve Fund will aid the County and its taxpayers in the effort to provide a "grace period" to absorb the financial impact of any negative financial condition associated with the gold market. These funds will also help keep Eureka County's tax rate at the lowest level in the State of Nevada. This low tax rate has benefited the State of Nevada for over 25 years since over 60% of all net proceeds of mines tax goes to the State of Nevada general fund not Eureka County.

The Retiree Health Insurance Premium Fund was added to Eureka County FY 2012 Final Budget. It will be a special revenue fund with designated funding from the CTX or Ad Valorem revenues. Its ending fund balance will be used for the long term GASB 45 liability.

The projected ending fund balance for the Road Fund is \$2,281,458. The county is planning one road pavement/maintenance project in fiscal year 2012. These funds provide the future means to maintain, repair, and pave the estimated 1,891 miles of road in Eureka County.

The ending fund balance projection for the Agricultural Extension Fund is \$603,540. The tax rate allocated for the Agricultural Extension Fund is \$.01 for fiscal year 2012. The ending fund balance will help meet expenditures in the first quarter of the new fiscal year and help finance future Agricultural Extension activities.

The ending fund balance projection for the Agricultural District #15 is projected to be \$362,867.

The Building Reserve Fund ending fund balance will provide for the long-term maintenance, repair, remodeling, and construction of county owned structures. A new road shop and Crescent Valley utility building is planned for construction in FY 2012. The ending fund balance is projected to be \$2,634,167.

The ending fund balance for the Unemployment Reserve Fund, the Recreation Fund, and the Tourism Fund provide for the long-term needs of these funds. The fund balances in the County Indigent and County Hospital Indigent Funds will be used for future indigent needs of Eureka County. These funds are for the people of Eureka County who need indigent assistance.

There are two Nuclear Waste-Yucca Mountain Funds. Both are funds that track Federal money granted to Eureka County for the purpose of dealing with the proposed Yucca Mountain repository. Any ending fund balances in these funds are strictly used for the continuation of these programs.

The Unemployment Reserve will be closed by the end of FY 2011 and the residual equity will be transferred into the General Fund.

A \$.02 ad valorem rate is being allocated to the Water Mitigation Fund. This ad valorem revenue will fund the long term water planning issues in Eureka County. The projected ending fund balance projection for the Water Mitigation fund is \$55,917. This ending fund balance is necessary for future water planning research and studies.

Since the creation of Eureka County in 1873, it has had a repetitive history of boom and bust cycles. The basic intent of all ending fund balances for Eureka County entities is for the long-term benefit of the Eureka County citizens and businesses. The long term financial management of Eureka County also significantly benefits the State of Nevada funds since Eureka County exports 60% of Net Proceeds of Mines revenues, Eureka County exports over 5,000 mining related jobs, and Eureka County is an exporter of sales tax to the State of Nevada.
