EUREKA COUNTY GENERAL FUND
BUDGET MESSAGE AND
ENDING FUND BALANCE EXPLANATION

The projected ending fund balance of the General Fund for the fiscal year of 2017 is \$13,663,902. The projected revenue for the General Fund for the year ending, June 30, 2017 is \$10,587,160. Eureka County General Fund total expenditure's projection is \$12,902,500 for the fiscal year ending June 30, 2017.

The ending fund balance for the Road Fund is \$5,786,814. These funds provide the future means to maintain, repair, and pave the estimated 1,891 miles of road in Eureka County.

The ending fund balance for the Regional Transportation Commission Fund for FY 2017 is \$3,495,934. The County also allocated \$.075 of the current tax rate to the Regional Transportation Fund.

The ending fund balance for fiscal year 2017 for the Capital Improvement Fund is projected to be \$2,759,097. There is a line item reflecting a grant of \$16,000 from the Capital Improvement Fund. \$7,000 goes to the Town of Crescent Valley and \$9,000 goes to the Eureka Town. These grants to the two town funds are mandated by NRS 354.59815.

The General Fund's ending fund balance will insure that the local government has enough funds to meet expenditures in the first quarter of the new fiscal year, help finance future capital improvements, and to stabilize the county's ability to survive capitulating gold prices. These funds will give the county an opportunity to financially survive the financial roller coaster created by fluctuating gold prices.

Over ninety percent of Eureka County's assessed valuation is tied to two mining companies and twenty-eight percent of the County's assessed valuation is Net Proceeds of Mines. The volatility of Net Proceeds of Mines revenues continues. With gold prices fluctuating, Eureka County is hesitant in budgeting the funds until the actual revenue is received and the pre-payment amount is met with the State.

The Future Reserve Fund is a mitigation fund as provided by NRS 362.171. The projected ending fund balance for fiscal year 2017 for the Future Reserve Fund is \$10,622,085. The Future Reserve Fund will aid the County and its taxpayers in the effort to provide a "grace period" to absorb the financial impact of any negative financial condition associated with the gold market, as we are experiencing now. These funds will also help keep Eureka County's tax rate at the lowest level in the State of Nevada. This low tax rate has benefited the State of Nevada for over 25 years since over 60% of all net proceeds of mines tax goes to the State of Nevada general fund not Eureka County.

The Retiree Health Insurance Premium Fund was added to Eureka County FY 2014 Final Budget. Its ending fund balance will be used for the long term GASB 45 liability.

The ending fund balance projection for the Agricultural Extension Fund is \$745,271. The tax rate allocated for the Agricultural Extension Fund is \$.01 for fiscal year 2017. The ending fund balance will help meet expenditures in the first quarter of the new fiscal year and help finance future Agricultural Extension activities.

The ending fund balance projection for the Agricultural District #15 is projected to be \$358,592.

The Building Reserve Fund ending fund balance will provide for the long-term maintenance, repair, remodeling, and construction of county owned structures. The ending fund balance is projected to be \$4,611,901.

The Recreation Fund and the Tourism Fund provide for the long-term needs of these funds.

There is one Nuclear Waste-Yucca Mountain Fund. This fund tracks Federal money granted to Eureka County for the purpose of dealing with the purposed Yucca Mountain repository. Any ending fund balances in this fund are strictly used for the continuation of these programs.

A \$.035 ad valorem rate is being allocated to the Water Mitigation Fund. This ad valorem revenue will fund the long term water planning issues in Eureka County.

The ending fund balances for the Eureka County Indigent Fund and Eureka County Hospital Indigent Fund are to help fund the majority of the indigent requirements of Eureka County. These funds are for the people of Eureka County who need indigent assistance.

Since the creation of Eureka County in 1873, it has had a repetitive history of boom and bust cycles. The basic intent of all ending fund balances for Eureka County entities is for the long-term benefit of the Eureka County citizens and businesses. The long term financial management of Eureka County also significantly benefits the State of Nevada funds since Eureka County exports 60% of Net Proceeds of Mines revenues, Eureka County exports over 5,000 mining related jobs, and Eureka County is an exporter of sales tax to the State of Nevada.
