

Teen Employment In Nevada by Industry

July 23, 2012

Bill Anderson, Chief Economist

Employment by Industry: 14 -18 Year Olds (four quarters ending 2011:11Q)

- Local Employment Dynamics (LED) data show that, in the year ending in 2011:11Q (the most recent data available), just five industries account for more than three-fourths of teen employment in Nevada. In total, there were 22,200 individuals between the ages of 14 and 18 employed in Nevada during that timeframe.
- Just two industries—accommodation/food services (8,900 workers) and retail trade (4,800 workers)—account for nearly two-thirds of teen employment.
