Small Businesses Represent 98% of all Private Sector Business Establishments in Nevada

- Nevada's economy is dominated by small business establishments (defined as those with less than 100 employees). All told, there were more than 77,000 private sector worksites Statewide in 2015.
- The largest establishment size category incorporates those with 0-4 employees, accounting for nearly 60% (46,000) of all worksites.
- The next four largest categories (ranging in size from 5-99 workers) account for nearly all remaining establishments.
- When combined, worksites with less than 100 workers account for 98% of all establishments in Nevada.
- Large and medium-size establishments, those with 100 or more employees, account for two percent of worksites Statewide. There are 1,500 worksites with at least 100 employees, including 80 with at least 1,000 workers.
