Welcome to the City of Reno’s “Budget-in-Brief”, a general overview of where tax dollars and other revenue come from, how and why these dollars are spent.

The City Council has adopted the following priorities as direction for the City Organization:

The City of Reno's Vision and Values

Our **PURPOSE** is to provide community-supported services and programs designed to assure the safety and well-being of all Reno's residents.

VISION:

Reno.. "The Biggest Little City in the World"...the most livable of Nevada cities; the focus of culture, commerce, and tourist activity in Northern Nevada...a city where:

All residents have the opportunity to participate in community decisions.

A vibrant, diversified, economic environment is promoted.

Proactive, responsive, efficient and accountable governmental services are provided for all the people.

A healthy ecological environment is promoted.

Quality education is promoted.

A safe community is maintained.

Intergovernmental cooperation is promoted.

VALUES:

Respect: *To be respectful, cooperative, and inclusive in every contact.*

Responsibility: *To take individual responsibility to be ethical in improving City efficiency, effectiveness, and teamwork.*

Responsiveness: *To be responsive to residents' concerns and implement plans accordingly.*

Results: *To achieve timely, innovative, and tangible results in all City efforts.*

The Council's Vision reflects the type of community the City wishes to provide for its residents and visitors. The Values represent the standards of behavior expected of all City employees in the conduct of their duties. The Council's Goals represent the long-term guidelines the City will follow to ensure the Vision becomes reality. The City's programs are set up to meet certain Council Goals.

Each year, the Council identifies certain priorities which establish the programs and services funded for the fiscal year. These priorities may span fiscal years. The City Manager then selects a team to spearhead the City's efforts in meeting the Council's priority programs.

GOALS:

1. Finances: Develop financial resources to the fullest potential.
2. Safety: Promote the safety of the community and a feeling of security among citizens and visitors.
3. Infrastructure: Plan and assure infrastructure reliability and regulatory compliance.
4. Redevelopment: Revitalize downtown Reno as the economic, civic and cultural center of the community.
5. Efficiency & Effectiveness: Provide for maximum efficiency and effectiveness in the delivery of City Services.
6. Customer Service: provide responsive customer service and fair and open public processes.
7. Communication: Promote confidence in the expenditure of public funds by informing, educating and involving citizens.
8. Leadership: Serve as a leader to promote regional action to ensure effective, efficient and equitable delivery of services for the resident of Reno.
9. Environment: Plan growth which is sensitive to the environment and recognizes significant community resources.
10. Economic Development: Encourage a diversified economic base which provides for long-term economic health and improved quality of life.

WHY DOES THE CITY PREPARE A BUDGET?

A budget serves many purposes. It:

1. Provides a flexible working plan for operating the City in the coming year.
2. Converts the City's long and short-term plans and policies into services and programs.
3. Establishes the amount of revenue expected to be available, which sets limitations on the amount of expenditures that can be supported.
4. Establishes the costs of providing services and programs.
5. Sets priorities to determine how the resources will be allocated among the services and programs the City wants to provide.
6. Provides budgetary guidelines to compare with actual revenues and expenses throughout the year.

You are a part of this process. The City encourages comment and participation of residents. Neighborhood Advisory Boards provide suggestions for the Capital Improvement Plan and public hearings are held in April-May concerning the proposed budget for the next year. Please contact the Assistant Finance Director for the specific times of these meetings.

State shared revenues include sales and use taxes, cigarette and liquor taxes, motor vehicle privilege and fuel taxes, and real property transfer taxes. These taxes have been brought together into a consolidated tax. They are collected by the State, consolidated and then distributed to the various governmental agencies based on a series of formulas developed by the Nevada Department of Taxation. Population, assessed value, and growth rates are factors used in the distribution formula.

The State-wide sales and use tax rate totals 6.85%, of which 2.25% is for the City/County Relief Tax is distributed to the cities and counties throughout the State. The County also has a rate of 0.875% for specific County-wide projects. In Fiscal Year 2009/10, the Legislature increased the local school portion by .35%, bringing the total tax rate within the City to 7.725%. The remainder of the tax revenues are distributed to the State and other agencies as specifically authorized by statute.

City staff reviews the State's projections and further evaluates local conditions, including building permits, sewer connection fees, franchises and other economic data to determine conservative, yet realistic projections. State shared revenues are primarily accounted for in the General Fund although the Street Special Revenue Fund also receives fuel taxes.

WHAT IS ANTICIPATED?

The City will continue to change as an organization for two basic reasons. First, we desire to improve the services provided to our citizens. Second, it is necessary to achieve an adequate level of financial stability to maintain our infrastructure and to meet the short and long-term operating and capital needs of the City.

The City Council sets priorities to provide staff with a direction for the new fiscal year. Based on this direction, management develops plans to accomplish both short and long-term goals.

MANAGEMENT PRIORITIES

In addition to the Council's top priorities for FY 2010/1170 there are other critical issues that affect the long-term quality of life for the community. These issues are being addressed as shown in the adopted comprehensive strategic plans.

- A. **Facilities Maintenance** - Historically, adequate resources have not been budgeted for upkeep of one of the most valuable resources - City facilities. Many City-owned buildings are aging and are in need of repair; the longer maintenance is delayed, the greater the cost will be to address these much needed repairs. This budget continues the process of catching up on some of these needs by allocating \$400,000 from the General Fund for capital maintenance.
- B. **Equipment Acquisition** - The City is addressing the problem of equipment needs. Historically, equipment acquisition was deferred due to funding shortfalls. The City is continuing to upgrade office technology to help keep personnel requirements at a minimum, even as demands for service increase. Vehicles and equipment are being replaced on a definitive schedule.
- C. **Salary and Benefit Programs** - Of major importance to the organization is the need to train and recognize City employees. We must continue to train staff to ensure that they have the skills and abilities to meet the demands of the community. This budget allows for the continuation of the City's Training Program and the Employee Recognition Program.
- D. **Reserve Funds** - With the proposed budget, the City will maintain a \$1.9 million stabilization fund and the unreserved fund balance is retained in the General Fund of \$6 million or 4% of ongoing expenditures, in accordance with N.R.S. requirements as well as the City's General Fund Reserve policy set by the City Council.

The adopted General Fund budget for FY 2010/11 is over \$165 million. This budget addresses the

basic service needs of the community and fits within the policy parameters set by the City Council.

Staff will continue to be trained with the skills and abilities to meet the demands of the community. Staff will continue to be encouraged and given the necessary resources to enable them to excel in their work.

Finally, the achievements and performance of our employees who excel and fulfill our mission and values will continue to be recognized. This is the responsibility of the top management and the City Council throughout and beyond this transition period.
