Helping People –

It's who we are and what we do

Steve Sisolak
Governor

Richard Whitley
Director

Nevada Department of Health and Human Services

To improve the readability and quality of the DHHS Fact Book,
it is currently in the process of reconstruction.
This is a big project, and the transition is going to take some time.
Thanking you in advance for your patience and understanding.

Nevada Data and Key Comparisons

Page left intentionally blank

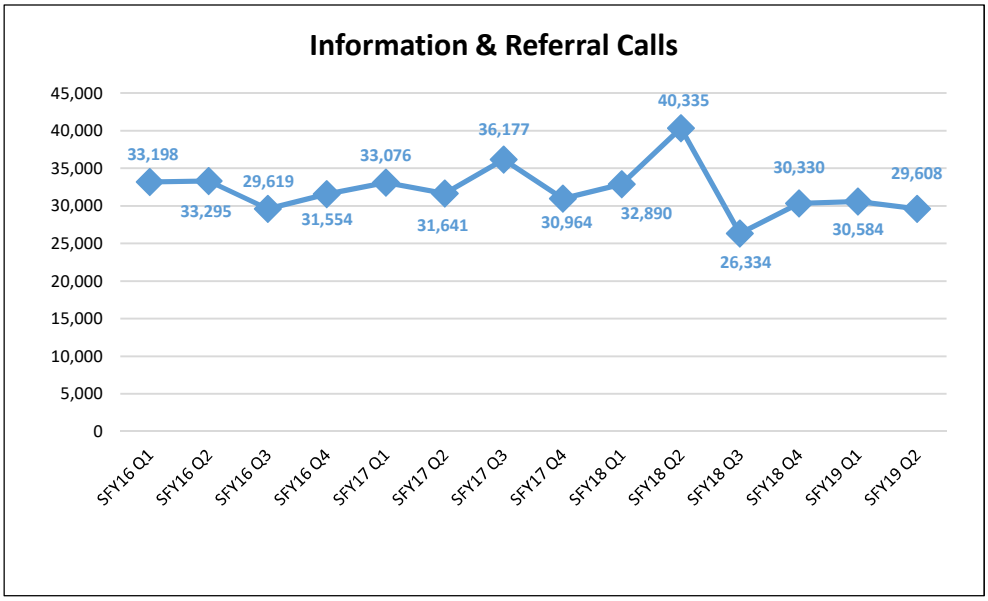
1.01 2-1-1 Partnership

Program: Established by Executive Order in February 2006, Nevada 2-1-1 was created to implement a multi-tiered response and information plan in the state of Nevada.

2-1-1 is an easy to remember telephone number that, where available, connects people with important community services and volunteer opportunities. Available information on essential health and human services includes: basic human services, physical and mental health resources, employment support services, programs for children, youth and families, support for seniors and persons with disabilities, volunteer opportunities and donations and support for community crisis and disaster recovery.

Hours of Service: 2-1-1 is available 24 hours per day, seven days per week via telephone, text, instant messaging, email and social media. The Nevada 2-1-1 service is provided by Money Management International.

Quarter Data	Total Calls
SFY16 Q1	33,198
SFY16 Q2	33,295
SFY16 Q3	29,619
SFY16 Q4	31,554
SFY17 Q1	33,076
SFY17 Q2	31,641
SFY17 Q3	36,177
SFY17 Q4	30,964
SFY18 Q1	32,890
SFY18 Q2	40,335
SFY18 Q3	26,334
SFY18 Q4	30,330
SFY19 Q1	30,584
SFY19 Q2	29,608



Comments:

- A total of 29,608 calls in 2nd Quarter 2019 showed a slight decrease of 3.9% from the previous quarter.
- The Nevada 2-1-1 website was visited by 26,303 visitors in the 2nd Quarter.
- 70% of calls were answered in less than 30 seconds.
- For the 2nd Quarter an average call lasted 4:15.
- There were 759 unique clients that contacted Nevada 2-1-1 via text messaging.
- There were 463 unique clients that contacted Nevada 2-1-1 via instant messaging.
- There are currently 1,046 agencies listing 3,704 programs active in the Nevada 2-1-1 database.

Website: http://Nevada211.org

1.02 Office of Consumer Health Assistance (OCHA)

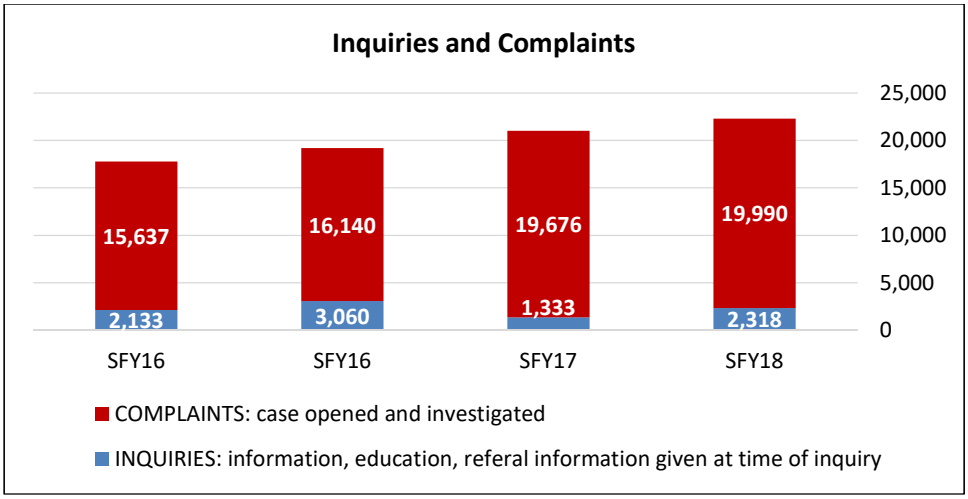
Program: Established by the Nevada Legislature in 1999, the Office for Consumer Health Assistance (OCHA) is a vital point of contact for healthcare consumers and providers in Nevada. OCHA's mission is to provide the opportunity for all Nevadans to access information regarding patient rights and responsibilities, and to advocate for and educate consumers and injured workers concerning their rights and responsibilities under various health care plans and policies. This education and advocacy is provided to those who have insurance through an employer, managed care, individual health policies, ERISA, Worker's Compensation, Medicare, or Medicaid. Assistance is also provided to the uninsured and underinsured. OCHA collaborates routinely with state and federal agencies, and non-profit organizations. OCHA has expanded operations since its inception, and as of July 2011, has been operating through the Director's Office of DHHS. OCHA serves as an umbrella agency for multiple consumer health related programs, including:

- Bureau for Hospital Patients
- External Review Organization
- Small Business Insurance Education Program
- RxHelp4NV
- Canadian Prescriptions
- Worker's Compensation Consumer Assistance
- Office of Minority Health
- Nevada 2-1-1
- Affordable Care Act – Consumer Assistance
- Affordable Care Act – Silver State Exchange Consumer Assistance

Service Area: OCHA serves consumers statewide out of our main office in Las Vegas, and one satellite operation in Elko, Nevada to provide additional support to Northern/Rural Nevadans. The Office of Minority Health is also based in the Las Vegas Office for Consumer Health Assistance.

Hours: OCHA office hours are 8am – 5pm Monday through Friday, inquiries are accepted after hours by voicemail and email, and are returned as soon as possible.

Workload History: OCHA currently has six full-time Ombudsmen managing caseloads of 125 to 240. OCHA has continued to receive a significant volume of calls related to the Affordable Care Act (ACA), and now has four temporary full-time Navigators funded by a grant from the Nevada Silver State Health Insurance Exchange, to assist consumers with applying for insurance coverage. OCHA also continues to respond to an increased number of cases related to Medicaid. In addition to managing cases ranging in context from access to care, billing disputes, hospital bills, provider/insurance grievances and appeals, OCHA has increased its level of knowledge to resolve ACA-related cases by having staff members become Certified Application Counselors who are registered with the Nevada Division of Insurance, and can assist consumers with selecting a Qualified Health Plan or apply for Medicaid.



Comments: Full details of OCHA's programs, notable accomplishments, and history is published in our 2012 Executive Report, which is available on our website.

Website: http://dhhs.nv.gov/Programs/CHA

1.03 Office of Minority Health

Program:

The Office of Minority Health (OMH) was originally established during the 73rd Legislative Session via AB580 (2005) under NRS 232.467. As of August 31, 2015, the OMH ceased official operation due to lack of funding. During the 79th Legislative Session, AB141 was passed, modifying the agency name to the Office of Minority Health and Equity (OMHE). Effective (with the Governor's approval) in May 2017, it now recognizes members of the Lesbian Gay Bisexual Transgendered Queer/Questioning (LGBTQ) community and persons with disabilities as minorities, including them in its efforts to systemically embed equitable health considerations among agencies addressing issue areas recognized as a determinant of health. This function is performed in addition to its original mission - to improve the quality of health care services for members of minority groups, to increase access to health care services, to seek ways to provide education, address, treat and prevent diseases and conditions that are prevalent among minority populations, increase access to health care services, and disseminate information to and educate the public on matters concerning health care issues of interest to members of minority groups. Per AB141 (2017) the Office of Minority Health and Equity was moved under the Office of the Director of the Department of Health and Human Services. An Advisory Committee composed of nine (9) members reflecting the ethnic and geographical diversity of the state assists and advises the Office in carrying out its duties.

OMHE provides a central source of information concerning equity in healthcare services for racial and ethnic minorities. The current focus of OMHE is cultivating partnerships, providing education and facilitating outreach that serves to end disadvantages due to socially-determined circumstances. OMHE endeavors to identify and validate inequitable health-related trends that (potentially) result in disparities to minorities. To achieve its mission and conduct its related initiatives, OMHE engages in outreach activities and fosters partnerships with stakeholder groups including: community and faith-based organizations; schools and universities; medical centers, health care systems, and health departments; tribal, state, and federal government offices; policymakers and community residents; advisory committees and task forces; and corporations, foundations, and the media. OMHE ensures that entities create (and the community at large has access to) culturally competent and linguistically appropriate health information presented in accessible-friendly formats.

Funding:

With the passage of AB141 (2017), the OMHE received $133,000 from Fund for Healthy Nevada to support the re-establishment of the office, allowing for retention of a full time Program Manager (as of January 2018), the office's operating expenses and capacity building for an external coalition/partner organization. With the refinement of the OMHE purpose and identification of related activities completed in its first year, the Program Manager is preparing to formalize collaborative efforts for outreach/event purposes and to seek additional operational/programmatic funds from the State as well as from external sources.

Key Demographics:

Region	Metric	Whites*	African Americans*	Asian Americans*	American Indians/ Alaskan Natives*	Native Hawaiians/ Pacific Islanders*	Persons Reporting Two or More Races	Hispanics/ Latinos**

1.04 Office of Community Partnerships and Grants (OCPG)

Program:

OCPG is housed within the Department of Health and Human Services. Originally created to administer grants to local, regional, and statewide programs serving Nevadans, the unit has matured to include program development as one of its principal roles. The unit builds and supports networks that help families and individuals assess their needs and work toward holistic solutions and shares responsibility for program accountability, growth and success with its community partners.

Children's Trust Fund (CTF) funding helps in the prevention child abuse and neglect.

Community Service Block Grant (CSBG) promotes self-sufficiency, family stability, and community revitalization.

Family Resource Centers (FRC) provide information and referral services, and various support services to families.

Differential Response (DR) addresses child safety through partnerships between child welfare agencies and designated FRCs.

Fund for a Healthy Nevada (FHN) grants (1) improve the health and well-being of Nevada residents including programs that improve health services for children and (2) improve the health and well-being of persons with disabilities.

Social Services Block Grant (SSBG-TXX) assists persons in achieving or maintaining self-sufficiency and/or supports child abuse prevention program efforts.

Revolving Account for Problem Gambling Treatment and Prevention provides funding for problem gambling treatment, prevention, research and related services.

The Contingency Account for Victims of Human Trafficking was created by the 2013 Legislature and revised by the 2015 Legislature. Funding may be awarded in a competitive grant process or through an emergency fund to provide direct victim assistance in crisis situations. There is a policy and a request form available for community agencies to request funds on the OCPG website.

Eligibility:

Most OCPG funding sources target at-risk populations. CTF focuses on primary and secondary prevention of child abuse and neglect. CSBG targets people at 125 percent of the Federal Poverty Level. FRCs must conduct outreach to at-risk populations. Some FHN funds are targeted to people with disabilities.

	Wellness: Health Only	Wellness: Food Security	Wellness: Nevada 2-1-1	Family Support	Disability Services
FY13	$879,927	$1,161,388		$8,224,082	$1,326,465
FY14	$1,272,562	$2,316,681	$512,000	$7,294,293	$1,179,475
FY15	$1,264,399	$2,586,087	$625,771	$7,944,824	$1,440,086
FY16	$795,685	$2,522,798	$700,000	$7,793,430	$1,305,687
FY17	$700,000	$2,300,000	$700,000	$8,083,753	$1,510,000

Comments:

Food Security: In SFY15, a statewide community needs assessment indicated a need to shift resources to a new service category -- Food Security. Projects are intended to provide direct services to reduce hunger, help food insecure individuals and families become more self-sufficient, build capacity within the food safety network, and maximize federal benefits. Funding is drawn primarily from FHN Wellness with a small assist from SSBG-TXX.

Information and Referral (I&R): The same needs assessment indicated a need for stable support and development of information and referral (I&R). In SFY14, the GMU began supporting Nevada 2-1-1 from a single source rather than piecing together small grants that were then reported across multiple funding streams.

Health: In SFY16, the amount allocated from FHN Wellness to health projects declined significantly to avoid duplication of benefits available as a result of the Affordable Care Act and Medicaid Expansion.

Website: http://dhhs.nv.gov/Programs/Grants/GMU/

Page left intentionally blank

2.01 Community Advocate Program (formerly known as Advocate for Elders)

Program: The Aging and Disability Services Division (ADSD) Community Advocate Program provides advocacy and assistance to older adults (age 60 and older), people with disabilities and their family members. Services include information and referral, emergency assistance, and outreach. The Community Advocate program was previously the 'Advocate for Elders' program. The name change went into effect September 1, 2017 due to changes made to NRS 427A.300 expanding the scope of services to people with disabilities.

Workload History:

Fiscal Year	Client Contacts	Average Monthly Contacts
SFY13	7,981	665
SFY14	9,227	769
SFY15	9,562	797
SFY16	9,710	809
SFY17	8,023	669

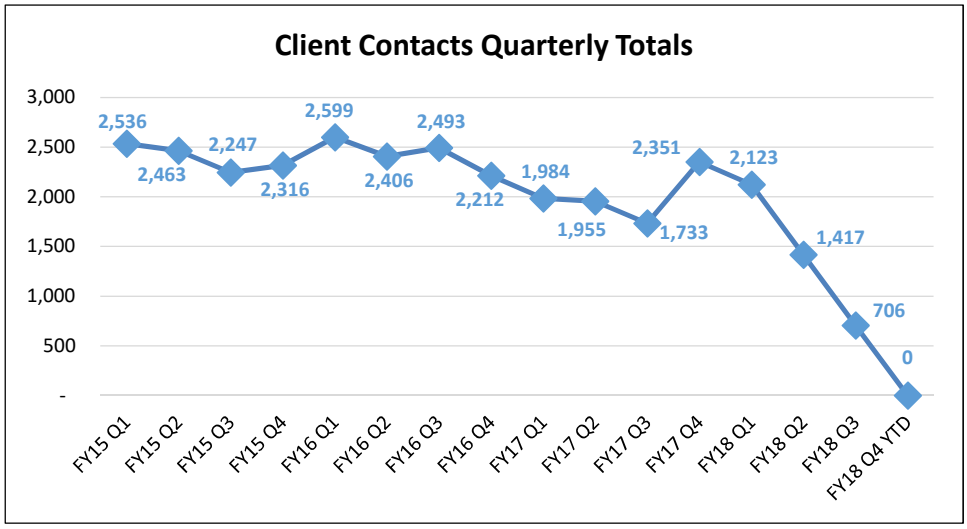
May	-
Jun	-
SFY19 YTD Total	**4,246**
SFY19 YTD Avg.	**531**



Eligibility: Older Adults (age 60 and older), people with disabilities, and family members.

Other: "Client contacts" includes: phone calls, walk-ins, e-mail, postal mail, and contacts made on behalf of a client. Please note the program has 2.5 staff positions; one fulltime Advocate for Elders in Northern Nevada, one in Southern Nevada, and a half-time position in Elko to serve Elko area seniors.

Funding Stream: State General Fund.

Comment: SFY18 has started above the average for SFY17, presumably due to the expanded age range served by the Advocates. New methodologies for tracking caseloads are being developed and will be piloted in November 2017, with full implementation to begin January 1. Update: The Community Advocates began fully utilizing the SAMS Case Management to track consumer services in December 2017. December data is still being analyzed from this implementation and will be updated in the next report.

Web Link: http://adsd.nv.gov/Programs/Seniors/AdvocateElders/AdvocateForElders/

2.02 Community Options Program for the Elderly (COPE)

Program: The Aging and Disability Services Division (ADSD) Community Options Program for the Elderly (COPE) provides services to seniors to help them maintain independence in their own homes as an alternative to nursing home placement. COPE services can include the following non-medical services: Case Management, Homemaker, Adult Day Care, Adult Companion, Attendant Care, Personal Emergency Response System, Chore and Respite.

Eligibility: Must be 65 years old or older; financially eligible (for 2018 income up to $3,099; assets below $10,000 for an individual and $30,000 for a couple); at risk of nursing home placement without COPE services to keep them in their home and community. Priority given to those meeting criteria of NRS 426 – unable to bathe, toilet and feed self without assistance. Note: COPE Services are for those that do not meet the financial criteria for Nevada Medicaid or are waiting for the Frail Elderly Waiver program.

Workload History:

2.03 Elder Protective Services (EPS)

Program: Nevada Revised Statutes mandates that Aging and Disability Services Division receive and investigate reports of abuse, neglect, exploitation, isolation and abandonment of older persons, defined as 60 years or older. The Elder Protective Services (EPS) program utilizes licensed social workers to investigate elder abuse reports. Social workers provide interventions to remedy abusive, neglectful and exploitive situations. The investigation commences within three working days of the report. EPS may contact local law enforcement or emergency responders for situations needing immediate intervention. The Crisis Call Center handles after-hour calls for EPS. EPS refers cases where a crime may have been committed to law enforcement agencies for criminal investigation and possible prosecution. Self-neglect is the single largest problem reported. EPS social workers provide training to various organizations regarding elder abuse and mandated reporting laws.

Eligibility: Any older person, defined by NRS as 60 years or older, is eligible. EPS investigates elder abuse reports in all counties of Nevada in both community and long-term care settings.

Workload History:

Fiscal Year	Total Cases	Average Cases per Social Worker	Total Expenditures
SFY12	14,312	43	$3,363861
SFY13	15,112	41	$3,812,582
SFY14	15,651	46	$3,063,232

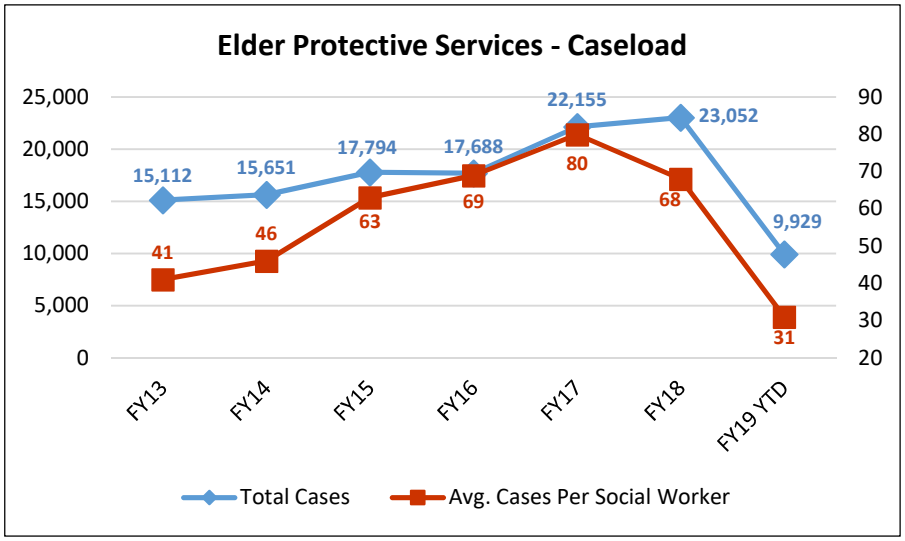
SFY19 YTD Avg.	**48**	**40**



Funding Stream: Title XX - Title XX funds through the Nevada Department of Health & Human Services; General Fund.

Comment: TOTAL CASES - Total cases represent Total New Cases Received, Total Cases Investigated and Closed and Cases Carried Over from the Previous Months. The Average Cases per Social Worker represents the Total Cases divided by the actual number of Social Workers. As of July 1, 2010, ADSD assumed full responsibility for all elder abuse investigations in Clark County making ADSD and law enforcement agencies the sole responders to reports of elder abuse statewide.

Web Link: http://adsd.nv.gov/Programs/Seniors/EPS/EPS_Prog

2.04 Homemaker Program

Program: The Aging and Disability Services Division (ADSD) Homemaker Program provides in-home supportive services for seniors and persons with disabilities who require assistance with activities such as housekeeping, shopping, errands, meal preparation and laundry to prevent or delay placement in a long-term care facility.

Eligibility: Seniors and person with disabilities throughout Nevada in need of supportive services; financially eligible (110% of Federal Poverty income which is below $1,079.00 monthly for a 1 person household).

Workload History:

Funding Stream: Title XX, State General Fund.

Web Link: http://adsd.nv.gov/Programs/Seniors/HomemakerProg/HomemakerProg

2.05 Independent Living Grants (ILG)

Program: Independent Living Grants (ILG): The Nevada State Legislature passed legislation in 1999, which enacted the Governor's plan for utilizing part of Nevada's proceeds from the Master Tobacco Settlement to support "independent living" among Nevada seniors. This program funds a number of vital services for seniors, such as respite care, transportation and supportive services. Supportive services include: adult day care; case management; caregiver support services; information, assistance and advocacy; companion services; geriatric health and wellness; homemaker services; home services; legal services; medical nutrition therapy; volunteer care; emergency food pantry; Personal Emergency Response System (PERS); and representative payee. ILG funding is also used as match on federal discretionary grant programs for the division.

Eligibility: Seniors throughout Nevada, age 60 or older, in need of assistance to live independently.

Workload History:

Fiscal Year	Units of Service	Monthly Average Units
SFY12	333,382	27,782
SFY13	391,214	32,601
SFY14	470,967	39,247

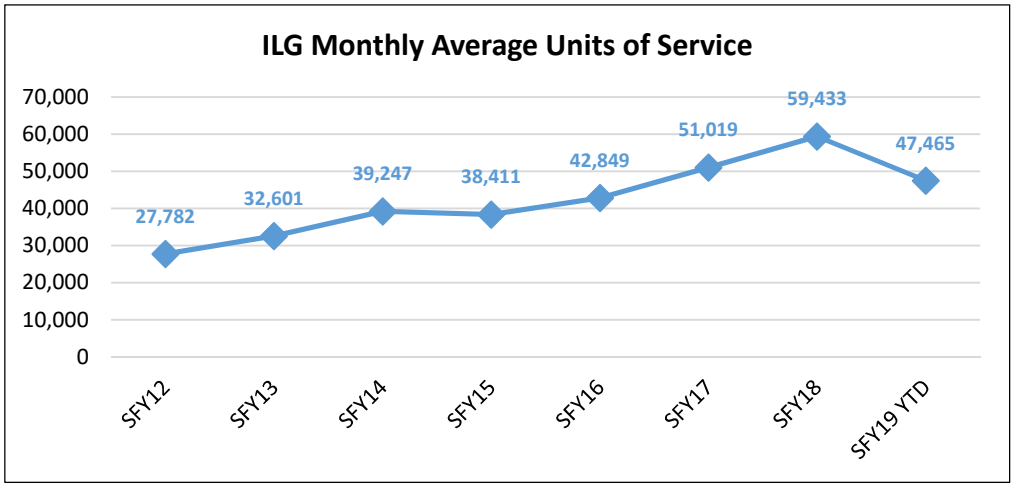
SFY19 YTD Avg.	**47,765**



Other: Data is tracked in the Social Assistance Management System (SAMS). SAMS is an information technology tracking system, allowing for improved consumer and performance tracking and information, and the reporting tool for both Federal and State required reports. SAMS data is 'fluid' in that Grantees can enter data for an earlier time period, which affects the previous numbers. This happens often, as programs find additional service units that were not previously entered. As the fiscal year progresses, data queries are re-run to the beginning of the fiscal year, ensuring that the most recent data is correct. Independent Living Grant Program compliments Federal Funding from the Older Americans Act Title III-B, both providing needed social services to seniors. As such, programs are often moved between the two funding sources during the competitive application process to meet available funding and ensure coverage across the state.

Funding Stream: Healthy Nevada Fund from the Tobacco Settlement Fund.

Analysis of Trends: Service trends can vary for ILG funded programs year to year due to the movement of programs between ILG and Title III-B. Program data is due the 10th of the month following the last month of service. However, all data from the previous month is not always included by the 10th.

Web Link: http://adsd.nv.gov/Programs/Grant/Resources/

2.06 Long Term Care Ombudsman Program (Elder Rights Specialists)

Program:

The Long Term Care (LTC) Ombudsman program is authorized by the federal Older American's Act. The Act requires that a statewide Ombudsman program investigate and resolve complaints made by or on behalf of individuals who are residents of long term care facilities. The Act also requires numerous activities related to the promotion of quality care in LTC facilities. Elder Rights Specialists, also known as Ombudsmen, provide residents with regular and timely access to Ombudsman advocacy services by conducting routine visits to assigned facilities. They advocate for residents and provide information regarding services to assist residents in protecting their health, safety, welfare and rights. The Ombudsman Program is comprised of two basic components – a "case" or an "activity". A case includes the investigation and resolution of particular complaints made by or on behalf of residents. Activities include duties such as consultation and training for facility staff, working with resident and family councils, and participating in facility surveys.

Eligibility:

Eligibility includes every person living in a long term care facility including:
- Homes for Individual Residential Care;
- Residential Facilities for Groups including Assisted Living Facilities;
- Skilled Nursing Facilities.

Workload History:

Fiscal Year	Total Cases	Avg. Cases per Worker	Total Expenditures
SFY14	6,934	61	$1,442,861
SFY15	8,408	74	$1,420,500

Funding Stream:

Funding stream includes: Title III - Older Americans Act Funds through the Administration on Aging; Title VII - Medicaid Funds through the Division of Health Care Financing and Policy; and State General Fund.

Comment:

TOTAL CASES - Total cases represent Total New Cases, Total Closed Cases, Cases Ongoing from the previous months and total activities weighted at 5 activities (5 activities = 1 case). The Average Cases per Elder Rights Specialists represents the Total Cases divided by the actual number of Elder Rights Specialists. This caseload definition was approved in 2015. Please contact Jennifer Williams-Wood at (775) 687-0823 or jlwilliams@adsd.nv.gov for more information.

http://adsd.nv.gov/Programs/Seniors/LTCOmbudsman/LTCOmbudsProg/

2.07 Senior Support Services

Program: Supportive Services and Senior Center Programs (funded by the Older American's Act Title III-B) are intended to maximize the informal support provided to older Americans, to enable them to remain living independently in their homes and communities. Services funded under Supportive Services and Senior Center Programs include: senior companion; transportation; adult day care; homemaker; information, assistance and advocacy; representative payee; caregiver support, education and training; legal services; telephone reassurance; volunteer services; Personal Emergency Response System (PERS); case management; respite; and transitional housing.

Eligibility: Individuals throughout Nevada age 60 or older with particular attention to low-income older individuals, including low-income minority individuals, older individuals with limited English proficiency, and older individuals residing in rural areas.

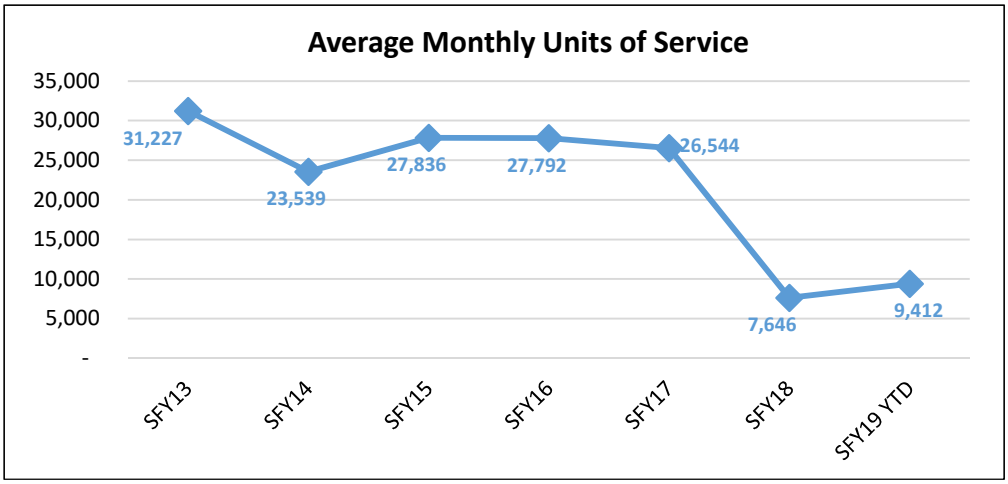
SFY19 YTD Avg.	**9,412**



Other: Data is tracked in the Social Assistance Management System (SAMS). SAMS is an information technology tracking system, allowing for improved consumer and performance tracking and information, and the reporting tool for both Federal and State required reports. Information totals are reported to the federal government on an annual basis. SAMS data is 'fluid' in that Grantees can enter data for an earlier time period, which affects the previous numbers. This happens often, as programs find additional service units that were not previously entered. As the fiscal year progresses, data queries are re-run to the beginning of the fiscal year, ensuring that the most recent data is correct. Independent Living Grant Program compliments Federal Funding from the Older Americans Act Title III-B, both providing needed social services to seniors. As such, programs are often moved between the two funding sources during the competitive application process to meet available funding and ensure coverage across the state.

Funding Stream: Title III-B - Older Americans Act (OAA) Funds through the Administration on Aging (AoA); State General Fund.

Analysis of Trends: SFY 15 and 16 reflects an overall increase in services. SFY 16 shows a downward trend due to the shifting of programs between funding sources. Program data is due the 10th of the month following the last month of service. However, all data from the previous month is not always included by the 10th.

Web Link: http://adsd.nv.gov/Programs/Grant/ServSpecs/Documents/

2.08 Senior Nutrition – Meals in Congregate Settings

Program: Senior Nutrition - Meals in Congregate Settings (funded by the Older Americans Act Title III - C1) are allocated to provide meals to seniors in congregate settings, usually at senior centers. The purposes of this part are to reduce hunger and food insecurity; to promote socialization of older individuals; and to promote the health and well-being of older individuals by assisting such individuals to gain access to nutrition and other disease prevention and health promotion services to delay the onset of adverse health conditions resulting from poor nutritional health or sedentary behavior.

Eligibility: Individuals age 60 or older and their spouses; individuals with disabilities who have not attained the age of 60, but reside in housing facilities occupied primarily by older individuals at which a congregate meal site has been established; individuals providing essential volunteer service during meal hours at a congregate setting; adults with disabilities who reside at home with an eligible older individual, who come into the congregate setting without that individual.

Workload History:

This happens often, as programs find additional service units that were not previously entered. As the fiscal year progresses, data queries are re-run to the beginning of the fiscal year, ensuring that the most recent data is correct.

Funding Stream: Title III - Older Americans Act Funds through the Administration on Aging; General Fund.

Analysis of Trends: The numbers represent meals served to participants in the program by State Fiscal Year, reported by congregate Meals providers funded by ADSD. Meal service is expected to decline in Q4 and Q1, during summer months, due to "snow bird" seniors returning to northern climates during these warmer months. Anticipated trend is to go down during Q1 and Q4. Program data is due the 10th of the month following the last month of service. However, all data from the previous months is not always included by the 10th.

Web Links: http://adsd.nv.gov/Programs/Grant/Nutrition/Resources/

2.09 Senior Nutrition – Home Delivered Meals

Program: Senior Nutrition - Home Delivered Meals (funded by the Older Americans Act Title III - C2) funds are allocated to furnish meals to homebound seniors, who are too ill or frail to attend a congregate meal site.

Eligibility: Individuals age 60 or older and their spouses and disabled individuals, who reside with individuals over age 60.

As the fiscal year progresses, data queries are re-run to the beginning of the fiscal year, ensuring that the most recent data is correct.

Funding Stream: Title III - Older Americans Act Funds through the Administration on Aging; General Fund.

Analysis of Trends: The numbers represent meals served to participants in the program by State Fiscal Year, reported by Home Delivered Meals providers funded by ADSD. In SFY16, a large Home Delivered Meal program was awarded funding to help reduce waitlist, increase their service capacity. Program data is due the 10th of the month following the last month of service. However, all data from the previous month is not always included by the 10th.

Web Links: http://adsd.nv.gov/Programs/Grant/Nutrition/Resources/

2.10 National Family Caregiver Program

Program: The National Family Caregiver Support Program (funded by the Older Americans Act Title III E) addresses the needs of family caregivers by increasing the availability and efficiency of caregiver support services and of long-term care planning resources.

Eligibility: Family caregivers of adults age 60 or older; grandparents and caregivers, age 55 or older, of children not more than 18 years of age, who are related by blood, marriage or adoption; parents, age 55 years or older, caring for an adult child with a disability

Workload History:

This happens often, as programs find additional service units that were not previously entered. As the fiscal year progresses, data queries are re-run to the beginning of the fiscal year, ensuring that the most recent data is correct.

Funding Stream: Title III - Older Americans Act Funds through the Administration on Aging; Healthy Nevada Fund from the Tobacco Settlement Fund.

Analysis of Trends: In SFY14 and SFY15 the ADRC program began focusing efforts on Options Counseling which is a more qualitative approach to service delivery, compared to information and referral. Additionally, in SFY16 ADRCs stopped tracking contacts and are only tracking ¼ hour units due to the upcoming implementation of the SAMS I&R module. In addition, in SFY16 the number of ADRC providers was reduced from 7 to 4 to encourage broader service areas and achieve statewide coverage of the program. The shift in providers and broader service areas necessitated a 3 month implementation phase for the providers to establish operations in their broader areas. This includes bringing on new staff, establishing relationships in new counties, and beginning outreach efforts so the community is aware of the provider. Program data is due the 10th of the month following the last month of service. However, all data from the previous month is not always included by the 10th.

Web Links: http://adsd.nv.gov

2.11 Taxi Assistance Program

Program: Allows seniors age 60 and older and those of any age with permanent disability to use taxicabs in Clark County only at a discounted rate. Funded by the Nevada Taxicab Authority by a surcharge on taxicab rides.

Eligibility: Age 60 or older or permanently disabled of any age with Nevada ID and having incomes within the program criteria of the Federal Poverty Level (FPL) Guidelines.

1. Tier One: Income less than or equal to 125 percent of FPL may purchase $20 booklets at a cost of $5 per booklet.
2. Tier Two: Income greater than 125 percent but less than or equal to 200 percent of FPL may purchase $20 booklets at a cost of $5 per booklet.
3. Tier Three: Income greater than 200 percent but less than or equal to 300 percent of FPL may purchase $20 booklets at a cost of $10 per booklet.

Workload History:

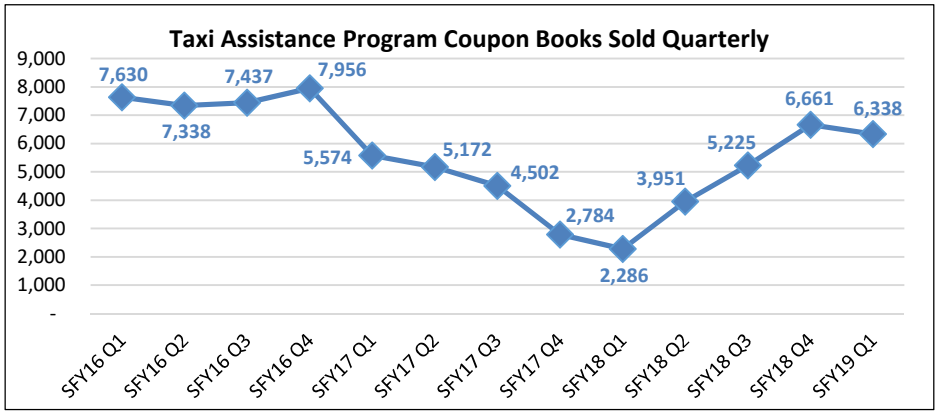
May	-	-
Jun	-	-
SFY19 YTD Totals	**6,042**	**296**
SFY19 YTD Avg.	**2,014**	**99**



Program Description: As of June 30, 2018, 1,062 individuals are enrolled in the program as eligible to purchase books. Clients in Active status meet all the program eligibility requirements and have provided the required proof of income. The Chart depicts the total number of books sold each quarter per state fiscal year. The number of books available for sale is limited by the amount of funding received from the Nevada Taxicab Authority. The Legislatively approved Tier changes with income eligibility requirements were implemented October 2012 and amended October, 2014.

Legislative changes in October, 2014 resulted in program changes in January 2015 allowing for variable book price and an increase in books available per client. Lower income clients (below 200% Federal Poverty Level) price change from $10 per book to $5 per book. All clients are able to purchase 6 books per month. August 2015, Tier 4 persons (301% - 400% Federal Poverty Level incomes) were dropped from the program due to budget decrease. Q1 2017 trend shows an expected decrease because fewer books available to clients due to a 40+% cut in funding.

On October 19, 2016 TAP instituted a Wait List. Persons on the Wait List are not able to obtain services and their application cannot be approved to become 'Active' until such a time that funding provides an increase in client services. As of June 30, 2017 there were 293 people on the Wait List.

In April, 2017, client services will be cut again in order to meet the budget. Beginning in April, 2017, Tier One and Two clients ($5 clients) will be further reduced from 4 coupon books to 2 coupon books per month.

In June 2017 all books were changed to a cost of $10 per book.

A significant drop in program participation resulted in only approximately 30% of allotted monthly program funds being utilized.

Effective November 1, 2017 Tier One and Two clients will be able to purchase 4 books at a cost of $5 each. Tier Three rules did not change.

Data is tracked in the Social Assistance Management System (SAMS). SAMS is an information technology tracking system, allowing for improved consumer and performance tracking and information, and the reporting tool for both Federal and State required reports.

Funding Stream: Nevada Taxicab Authority.

Analysis of Trends: This program typically has its highest coupon book sales during Quarter Q1 and Q4 of each SFY, which are also the warmest months in Clark County. Q4 2017 trend of significantly few books due to decrease in number available for client purchase plus increase in price.

Web Links: http://adsd.nv.gov/Programs/Seniors/TAP/TAP_Prog/

2.12 Senior Rx and Disability Rx

Program: Nevada Senior/Disability Rx helps eligible applicants obtain essential prescription medications. Some members may also receive help with the monthly premium (if applicable) for their Part-D plan. Eligible members may use the program as a secondary payer during the Medicare Part-D coverage gap.

Eligibility: Residency -- Continuous Nevada resident for the 12 months prior to application. Annual Household Income Limit -- Effective 7/1/2018 = $29,312 for singles, $39,073 for couples. Age -- For Senior Rx, age 62 or older. For Disability Rx, age 18 through 61 with a verifiable disability.

Workload History:

	Senior Rx		Disability Rx	
Fiscal Year	Average Cases	Total Expenditures	Average Cases	Total Expenditures
SFY13	2,823	$1,910,886	411	$340,779
SFY14	3,067	$2,330,710	507	$460,287
SFY15	3,843	$1,382,077	591	$253,678
SFY16	4,658	$1,908,704	716	$339,516
SFY17	4,879	$2,309,330	708	$439,453

Comment: Beginning in FY-18 funding for this program was reduced, so program and fiscal staff monitors caseload growth and its impact on direct services expenditures to ensure program costs stay within authority through FY19 and FY20, including discussions of any actions necessary to stay within budget.

Website: http://adsd.nv.gov/Programs/Physical/DisabilityRx/DisabilityRx/

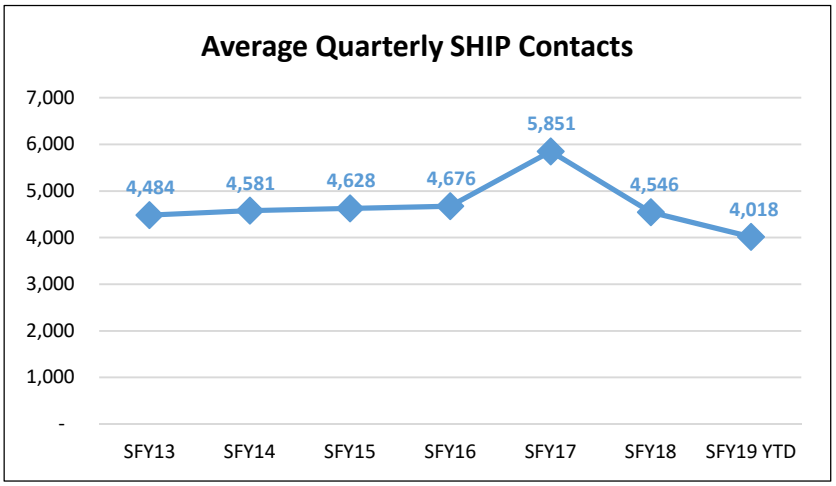
2.13 State Health Insurance Assistance Program (SHIP)

Program: Provides information, counseling, and assistance services to Medicare beneficiaries, their families and others. These free services are provided relevant to: Medicare Part D Prescription Drug Coverage; Medicare Part A-Hospital; Medicare Part B Physician visits; Medicare supplemental insurance; long-term care insurance; Medicare Part C-Advantage Plans; Extra Help Part D Prescription program; Extra Help with costs; beneficiary rights and grievance appeal procedures. Referrals to other community resources are made as needed.

Eligibility: Medicare Beneficiaries; Seniors age 65 or older and/or persons with a verified disability of any age and their caregivers.**Error! Bookmark not defined.**

Workload History:

	Total SHIP Contacts	Quarterly Average
SFY13	18,323	4,484
SFY14	18,513	4,581
SFY15	19,316	4,628
SFY16	23,405	4,676
SFY17	18,184	5,851
SFY18	4,546	4,546
SFY19 YTD	4,018	4,018



Other: SHIP utilizes trained volunteers, contract staff and community partners statewide for outreach and Medicare beneficiary navigation enrollment assistance. Services are advertised through outreach events, websites, referrals and training. Medicare beneficiaries call a statewide, toll-free phone number and are referred to a trained volunteer to assist with explanation and access of health benefits. SHIP contacts/encounters are entered into the Administration for Community Living (ACL) SHIP Tracking and Recording System (STARS) and reported periodically as required to Centers for Medicare and Medicaid Services (CMS) and ACL.

Funding Stream: The Administration for Community Living (ACL) SHIP Funding & Title IIIB Federal Funds.

Analysis of Trends: Due to complexities associated with Medicare assistance, counseling sessions are more time consuming and sometimes involve case management related duties, and require providing beneficiaries with a number of referrals and assistance with social needs. Volunteers are reluctant to do counseling because of the complexity of the job and the time commitment for training and counseling. As of December 31, 2018, there are 69 volunteers statewide, 45 of whom are volunteer and 23 are partner SHIP Certified Counselors. We currently have new volunteers in certification training to continue the efforts of SHIP and increase the workforce behind Medicare counseling.

2.14 Home and Community Based Waiver (HCBW) – Frail Elderly

Program: The Aging and Disability Services Division (ADSD) Home and Community Based Waiver (HCBW) for the Frail Elderly provides waiver services to seniors to help them maintain independence in their own homes and communities as an alternative to nursing home placement. HCBW services can include the following: Case Management, Homemaker, Adult Day Care, Adult Companion, Personal Emergency Response System, Chore, Respite, and Augmented Personal Care and access to State Plan Personal Care Services.

Eligibility: Must be 65 years old or older; at risk of nursing home placement within 30 days without services; financially eligible (300% of SSI income up to $2,199.00); need assistance with one or more of the following: bathing, dressing, eating, toileting, ambulating, transferring. Applies for and is determined eligible for full Medicaid benefits through the Division of Welfare and Supportive Services (DWSS).

Workload History:

Fiscal Year	Average Caseload	Budgeted Avg. Caseload	Average Waitlist	Total Expenditures
SFY13	1,630	1,713	242	$6,222,738
SFY14	1,687	1,745	262	$5,856,376
SFY15	1,752	1,857	572	$5,904,555

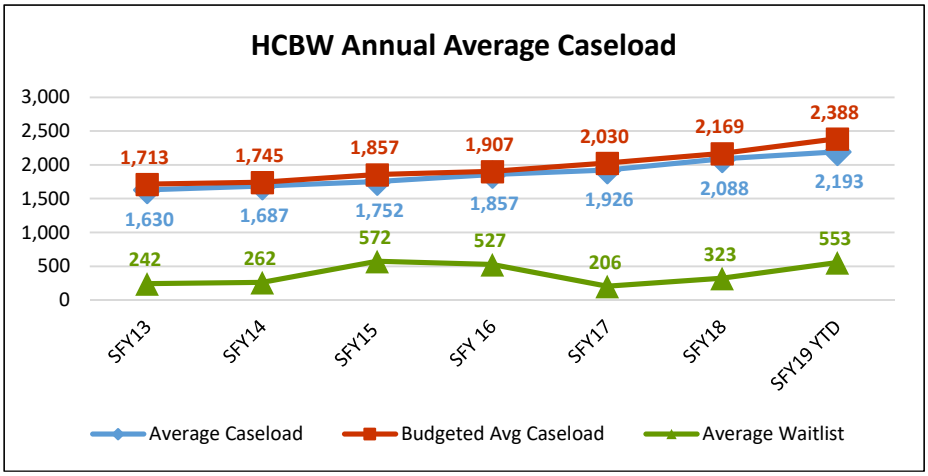
SFY19 YTD Total	**6,580**	**1,659**
SFY19 YTD Avg.	**2,193**	**553**



Funding Stream: Medicaid/State General Fund

Analysis of Trends: The waitlist has increased as additional case managers have been hired and have been able to process applications. This has had a positive impact on the number of new cases that can be processed.

Note: Reporting structure starting July 1, 2014, combined the HCBW for the Frail Elderly Waiver with the Assisted Living Waiver.

Web Links: http://adsd.nv.gov/Programs/Seniors/HCBW/HCBW_Prog

2.15 Home and Community Based Waiver (HCBW) – Physically Disabled

Program: The State of Nevada Waiver for the Physically Disabled is now operated by ADSD as it was merged July 2015 from the Nevada Division of Health Care Financing and Policy (DHCFP). The goals of this waiver are to provide the option of home and community-based services as an alternative to nursing facility placement and to allow maximum independence for persons with physical disabilities who would otherwise need nursing facility services.

Eligibility: Interest in waiver services initiates a screening process to determine if the individual appears to meet the following eligibility requirements:

- without the waiver services, would require institutional care provided in a skilled nursing facility or intermediate care facility for the intellectually disabled (ICF/ID);
- applies for and is determined eligible for full Medicaid benefits through the Division of Welfare and Supportive Services (DWSS);
- is certified as physically disabled by the Nevada Division of Health Care Financing and Policy's (DHCFP) Central Office Disability Determination Team.

Workload History:

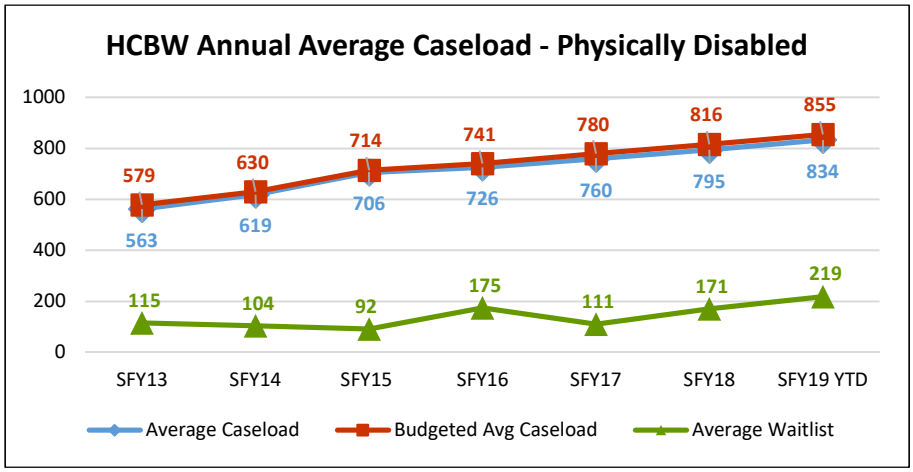
SFY19 YTD Avg.	**2,193**	**553**



Analysis of Trends: The hiring of new staff as well as the remodeling of the intake portion of the program have all been factors in increasing the processing of new referrals.

Notes: As of July 1, 2015 this program was transferred to Aging and Disability Services Division.

Website: http://adsd.nv.gov/Programs/Seniors/HCBW/HCBW_Prog/

2.16 Personal Assistance Services (PAS)

Program: This program provides in-home assistance with daily tasks like bathing, toileting and eating. Service recipients share in the cost of their services, based upon a sliding scale formula. Services are typically provided on an ongoing basis, however some applicants have terminal conditions and are only assisted for short-term periods.

Eligibility: Applicants must be over age 18, have a severe physical disability, and must have all their care needs addressed when the resources of this program are combined with other resources available to the applicant (family, friends, assistive technology, private-pay care, etc.). Note: PAS Services are for those that do not meet the financial criteria for Nevada Medicaid or are waiting for the Frail Elderly or Physically Disabled Waiver program.**Error! Bookmark not defined.**

Analysis of Trends: Due to a decrease in funding for this program, the wait list is expected to grow.

Website: http://adsd.nv.gov/Programs/Seniors/PersAsstSvcs/PAS_Prog/

2.17 Disability Services – Assistive Technology for Independent Living

Program: The Assistive Technology for Independent Living (AT/IL) Program helps individuals to remain living in the community by making their homes and vehicles more accessible. Some clients share in the cost, on a sliding scale. The program provides one-time services that are not provided on an ongoing basis.

Eligibility: Applicants must have a severe disability that results in significant limitation in their ability to perform functions of daily living, and there must be an expectation that services will help to improve or maintain their independence.

Workload History:

Fiscal Year	Applications	Cases Closed	Total Expenditures
SFY13	297	199	$1,045,448

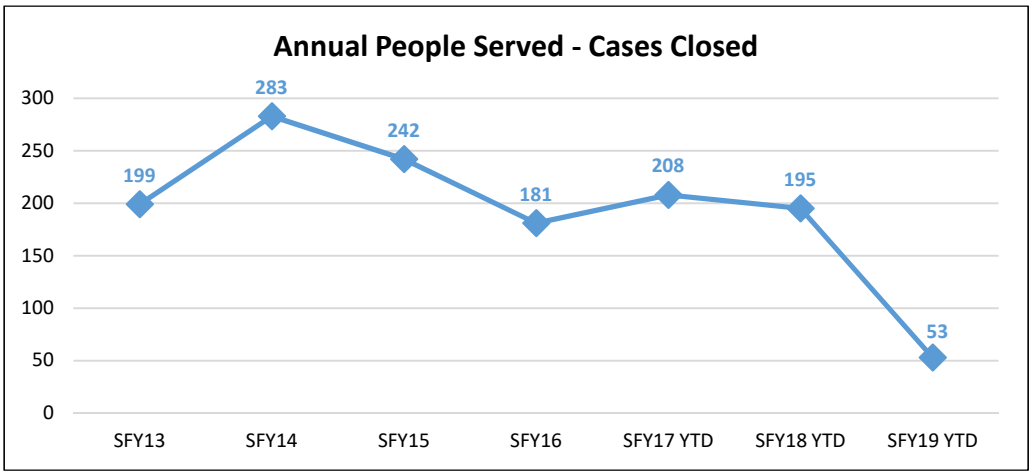
*Caseload is determined by the number of closures.



Per Capita/Key Demographics: The average household income of program applicants is $1,855 per month with an average household size of 1.8 people. Average caseload has the age range for 0-30 at 18%; 31-59 at 28%; and 60-Up at 54%. The most commonly provided services are for access into the home and to shower/bathroom (modifications and durable medical equipment); and vehicle modifications to enable the individual to transport themselves and their personal mobility device.

Funding Stream: Funding for this program is provided through a Federal and State partnership. It is a "resource of last resort," meaning that applicants must exhaust other public and private resources before receiving assistance. The program helps Nevadans to avoid institutional placement and to leverage care and other resources available from family and friends.

Website: http://adsd.nv.gov/Programs/Physical/ATforIL/ATforIL

2.18 Disability Services – Traumatic Brain Injury Services

NOTE: This program ended in 2017.

Program: The Traumatic Brain Injury Program provides one-time rehabilitation services that enable recipients to gain or maintain a level of independence, by re-learning how to walk, talk and conduct other routine activities. After a person is injured, there is a short window of opportunity in which they can be effectively rehabilitated.

Eligibility: Applicants are generally between age 18 and 50, must have a recent brain injury, and must present as a good candidate for successful rehabilitation.

Workload History:

Fiscal Year	Active Cases	Cases Closed	Expenditures
SFY13	122	59	$1,498,475

Other: This program has consistently met its 90-day waiting time target under the US Supreme Court's Olmstead Decision. Traumatic Brain Injury is six times more common than breast cancer, HIV/AIDS, spinal cord injuries and Multiple Sclerosis combined.

Funding Stream: Funding for this program is provided entirely through the State General Fund. This program is a "resource of last resort," meaning that applicants must exhaust other sources of funding before receiving assistance. The program helps Nevadans to avoid institutional placement and to leverage care and other resources available from family and friends. The number of persons served shown is for those applicants who meet the program's criteria for having maximum rehabilitation potential.

2.19 Disability Services – Communication Access Service Centers

Program: The Communication Access Service Centers Program provides telecommunication device distribution, repair and training; language acquisition; deaf mentoring; and information and assistance in accessing services for people who are Deaf, Hard of Hearing, or have a speech disability.

Eligibility: To receive telecommunications equipment, recipients must have a documented communication disability. All other services are provided to individuals who self-identify as having a communication disability.

Workload History:

Fiscal Year	Number Served	Expenditures
SFY13	1,302	$1,173,668

*Expenditures through April 2018

Funding Stream: Funding for this program is provided through the Telecommunications Devices for the Deaf (TDD) surcharge assessed on each land line and cellular phone in Nevada and collected by the Public Utilities Commission (PUC).

Website: http://adsd.nv.gov/Programs/Physical/ComAccessSvc/CAS/

2.20 Autism Treatment Assistance Program (ATAP)

Program: The Autism Treatment Assistance Program helps families of children ages 0-19, with Autism Spectrum Disorders, to establish and fund home-based therapy programs. Funds are used to pay clinical professionals who design the therapy programs and train lay-providers to deliver the therapy, as well as to pay the lay-providers for the delivery of services.

Eligibility: Recipients must be under age 19 and have a documented diagnosis of an Autism Spectrum Disorder. Applicants are prioritized based upon a number of factors relating to their need and opportunities for successful therapy.

Workload History:

	Average Caseload	Average Waitlist	Expenditures

Per Capita/Key Demographics: This program helps families with children aged 0-19 who are diagnosed with autism.

Funding Stream: Funding for this program was provided entirely through the state general fund during SFY07-12, but transferred to the Fund for a Healthy Nevada in SFY13.

Analysis of Trend: There are no identifiable data trends definable for new ATAP applicants. Applications and New Referrals come en masse with no discernable predictability.

ATAP received an increase in funding during the 2013 Legislative Session for SFY14-15, causing an increase in caseload.

Website: http://adsd.nv.gov/Programs/Autism/ATAP/ATAP/

2.21 Developmental Services

Program: Developmental Services provides a full array of community based services for people with Intellectual Disabilities and Related Conditions and their families in Nevada. The goal of coordinated services is to assist persons in achieving maximum independence and self-direction. Service coordinators assist individuals and families in developing a person centered life plan focused on individual needs and preferences for the future. They also assist people in selecting and obtaining services and funding to achieve personal goals, community integration and independence. Major programs provided to achieve these goals include Community based residential supports, Jobs & Day Training Supports and Family Supports.

Eligibility: All individuals who meet Developmental Services eligibility requirements of Intellectual Disability diagnosis or Related Conditions and three of six major life skill limitations who apply for services receive basic service coordination. Developmental Services agencies provide many services to Medicaid eligible clients. Provider based services are given under a Medicaid waiver depending on the level of care the individual needs. Direct services are provided under the Medicaid State Plan.

Workload History:

2.22 Early Intervention Services (Part C, Individuals with Disabilities Education Act)

Program:

Early Intervention is a system of services and supports individually designed to help families meet the specific needs of their children. Early Intervention programs provide services based on the regulations provided by Part C of the Individuals with Disabilities Act (IDEA).

The mission of Nevada's Early Intervention Services is to identify infants and toddlers (ages 0-3) who are at-risk for, or who have developmental delays; provide services and supports to families to meet the individualized developmental needs of their child; and facilitate the child's learning and participation in family and community life through the partnerships of families, caregivers and service providers.

Early Intervention has regional sites in Las Vegas, Carson City, Reno, and Elko and contracts with community providers to provide services as well. Children ages birth through two years will be determined eligible for early intervention services if they meet the state's defined eligibility criteria through medical diagnosis, test scores from standard evaluation tools or by informed clinical opinion.

Workload History:

Fiscal Year	Monthly Average Cases	Total Expenditures	Total Referrals
SFY13	2,830	$23,642,678	5,427
SFY14	2,892	$25,637,476	5,746
SFY15	3,102	$30,088,365	6,275

SFY19 YTD Avg.	**627**	**3,543**	**6**	**9**	**246**

*IFSP – Individualized Family Service Plan

Comments:

Referrals include children who are Part C referrals but also children who are CAPTA (Child Abuse Prevention and Treatment Act), Audio Only and SaM (Screening and Monitoring) referrals.

Total IFSPs includes children who were in "active" status during the month because they were determined eligible and have an active IFSP. It also includes children who have now exited from the program but would have been eligible with an active IFSP during that month.

Total IFSPs and referral are not mutually exclusive. Children who were referred during the month may be included in the total IFSP numbers if the child was found eligible for services and has an active IFSP or if the child exited during that time frame and had an active IFSP.

Data may vary from previous months due to methodology, process, and /or data source. Data from January 2016 to current were provided by Nevada Early Intervention Services and were pulled from TRAC-IV using Crystal Reports.

Services Not Yet Initiated includes children who have not initiated any services and ALL services are over the 30-day timeline without a parent exception. "Waitlist" sheet & "Wait by Service" sheet include ANY service that has not met the 30-day timeline. Approximately 128 cases were observed by the southern state (NEIS-South) program in March 2018 upon contract termination of one community partner program (ISS).

**Approximately 128 cases were absorbed by the southern state (NEIS-South) program in March 2018 upon contract termination of one community partner program (ISS).

Page left intentionally blank

3.01 Adoption Subsidies

Program: It is the policy of the agencies providing child welfare services to provide financial, medical, and social services assistance to adoptive parents, thereby encouraging and supporting the adoption of special-needs children from foster care. A statewide collaborative policy outlines the special-needs eligibility criteria, application process, types of assistance available and the necessary elements of a subsidized adoption agreement.

Eligibility: To qualify for assistance, the child must be in the custody of an agency which provides child welfare services, or a Nevada licensed child-placing agency, and an effort must have been made to locate an appropriate adoptive home which could adopt the child without subsidy assistance. The child must also have specific factor(s) or condition(s) that make locating an adoptive placement resource difficult without recruitment, special services, or adoption assistance such as being over the age of five, having siblings with whom they need to be placed, or having a physical, mental or behavioral condition that results in the need for treatment.

Other: All three public child welfare agencies, Clark County Department of Family Services (CCDFS), Washoe County Department of Social Services (WCDSS), and the Division of Child and Family Services (DCFS) Rural Region, administer the subsidy program with state oversight and in accordance with statewide policy.

SFY19 YTD	Clark	Washoe	Rural	Total
Jul 18	5,370	1,506	517	7,392
Aug	5,389	1,539	518	7,446
Sep	5,429	1,547	520	7,496
Oct	5,428	1,555	527	7510
Nov	5,492	1,590	527	7,609
Dec	5,483	1,595	521	7,599
Jan 19	-	-	-	-
Feb	-	-	-	-

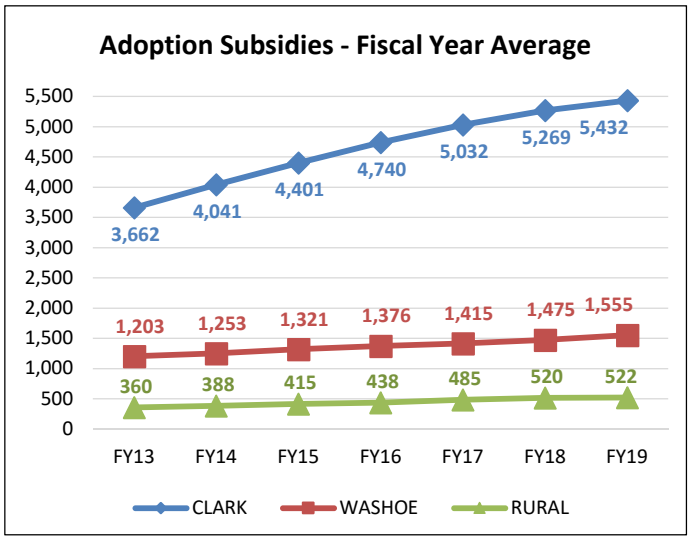
SFY19 YTD Total	**32,591**	**9,331**	**3,130**	**45,052**
SFY19 YTD Avg.	**5,432**	**1,555**	**522**	**7,509**



Analysis of Trends: The number of adoption subsidies has increased during the past few years in all public child welfare agencies. This fluctuation can be attributed to the rate of finalized adoptions and the number of subsidies that terminated as adopted youth reached the age of 18 years old.

Website: http://dcfs.nv.gov/Programs/CWS/Adoption/Guide/AdoptionInNV/

3.02 Child Protective Services (CPS)

Program: CPS agencies respond to reports of abuse or neglect of children under the age of 18. Abuse or neglect complaints are defined in statute and include mental injury, physical injury, sexual abuse and exploitation, negligent treatment or maltreatment, and excessive corporal punishment. The CPS worker and family develop a plan to address any problems identified through assessment. Families may be referred to community-based services to prevent their entry into the child welfare system.

Administration: The Division of Child and Family Services (DCFS) Family Program's Office has oversight responsibility to monitor compliance with federal/state requirements and provide technical assistance as needed. Federal funding is administered through DCFS to child welfare programs in Clark and Washoe counties. Rural programs are administered directly by DCFS.

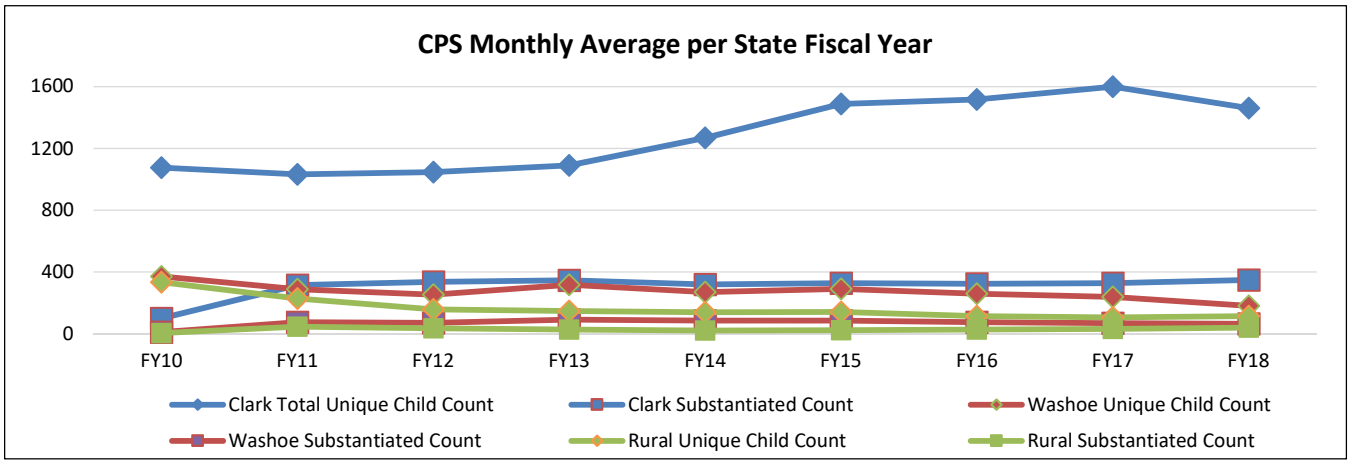
SFY19 YTD Avg.	**1,580**	**341**	**208**	**55**	**122**	**48**



Analysis of Trends: The number of reports of alleged child abuse and/or neglect (maltreatment) has risen in Clark County between September 2012 and October 2015 but has gone up only slightly since then. Media attention on this subject has heightened public awareness, resulting in a substantial increase of calls to the DCFS hotline. As a result, the number of reports of alleged maltreatment has increased as well as the number of investigations. However, the unique count of children, whose report of maltreatment was investigated and at least one allegation of maltreatment was substantiated, has not changed significantly since SFY12.

Website: http://dcfs.nv.gov/Programs/CWS/CPS/CPS/

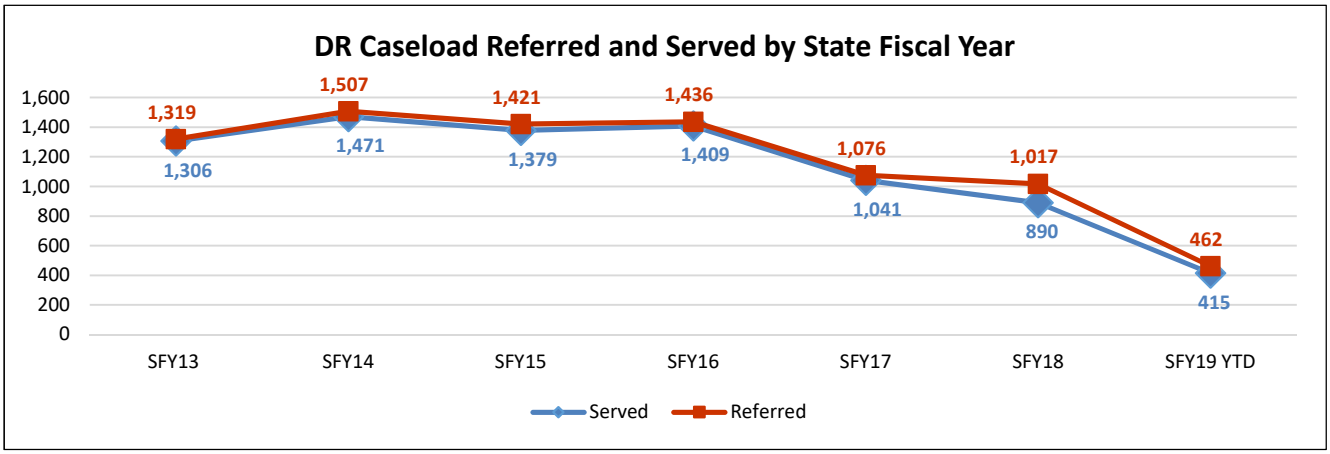
3.03 Differential Response

Program: The Differential Response Program is a joint project between Community-Based Service Providers and the three child welfare agencies. Reports of child maltreatment that meet the statutory threshold for a home visit to determine child well-being, where there is no imminent threat to the child's safety, may be referred to the Differential Response program for assessment and case management. Typically these reports involve such issues as educational neglect, environmental neglect, medical neglect, and improper supervision. Frequently, the Community-Based Service Provider is able to assist the family in accessing services that will assist the family in providing positive interactions and a safe environment for their children.

Service Areas: Services are provided in the following counties: Clark, Washoe, Elko, Carson City, Douglas, Storey, Churchill, Lyon, Mineral, Pershing and southern Nye.

Workload History:

Fiscal Year	Referred	Returned to CPS	Served	Closed
2008	362	66	296	247
2009	912	147	765	665
2010	1,053	76	977	906
2011	1,137	44	1,093	1,135
2012	1,234	47	1,187	1,182
2013	1,319	13	1,306	1,324
2014	1,507	36	1,471	1,449
2015	1,421	42	1,379	1,403
2016	1,436	27	1,409	1,396
2017	1,076	35	1,041	1,090
2018	1,017	127	890	881
2019	462	47	415	386



Analysis of Trends: The chart reflects ongoing cases that were referred to Differential Response (DR). Reports screened in and referred to Differential Response typically involve families with basic needs, followed by educational neglect, lack of supervision, medical neglect, and various family problems. Currently, DR referrals reflect approximately 9 percent of the child maltreatment reports in the communities serviced. Since January 1, 2016, program administration has been conducted by DHHS Division of Child and Family Services (previously under DHHS Grants Management Unit). A change in practice since spring of 2016 has resulted in a decrease in the number of cases that were referred to Differential Response.

Website: http://dcfs.nv.gov/Programs/CWS/DR/DR_Program/

3.04 Early Childhood Services

Program: Early Childhood Mental Health Services are available for eligible children from birth to 6 years of age who have significant emotional, mental health, or behavior problems or those who are at high risk for these problems and associated developmental delays. The goal is to strengthen the parent-child relationship, support the family's capacity to care for the child, and to enhance the child's social and emotional well-being. Northern Nevada Child & Adolescent Services is located in Washoe County, and Southern Nevada Child & Adolescent Services is located in Clark County.

Eligibility: Birth through age six.

Other: This program serves children who are covered under Fee-for-Service Medicaid, HMO Medicaid, or Nevada Checkup, and children who are uninsured or children who are under-insured.

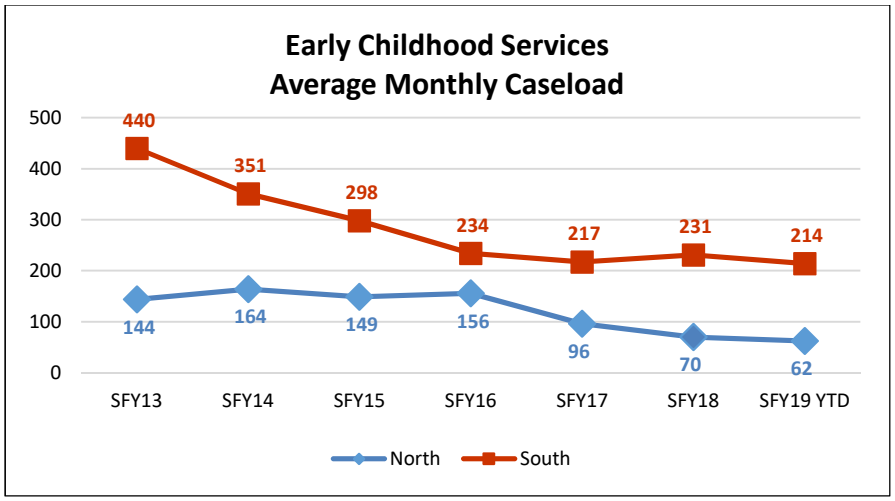
SFY19 YTD Total	**372**	**1,283**
SFY19 YTD Avg.	**62**	**214**



Analysis of Trends: Early Child Mental Health Services counts continue to decrease primarily due to staff shortages also because of a decrease in the number of youth with fee-for-services Medicaid. Staff typically provide 25 client hours of billable time and additional non-billable services per week. During periods of severe staff shortages, clients are either transferred to other programs or have their services ended.

Website: http://dcfs.nv.gov/Programs/CMH/Community-Based-Outpatient-Services/

3.05 Foster Care – Out-of-Home Placements

Program: Foster Care services are provided as temporary placement for children who cannot remain safely in the home of their parents or primary caretakers. When children enter foster care, a case plan is developed that supports the achievement of permanency for the child in a timely manner. Federally mandated permanency goals include reunification, adoption by a relative or non-relative, guardianship by a relative or non-relative, relative foster care or other planned permanent living arrangements.

Administration: The Division of Child and Family Services (DCFS) Family Program's Office has oversight responsibility to monitor compliance with federal/state requirements and provide technical assistance as needed. Federal funding is administered through DCFS to child welfare programs in Clark and Washoe Counties. Rural programs are administered directly by DCFS.

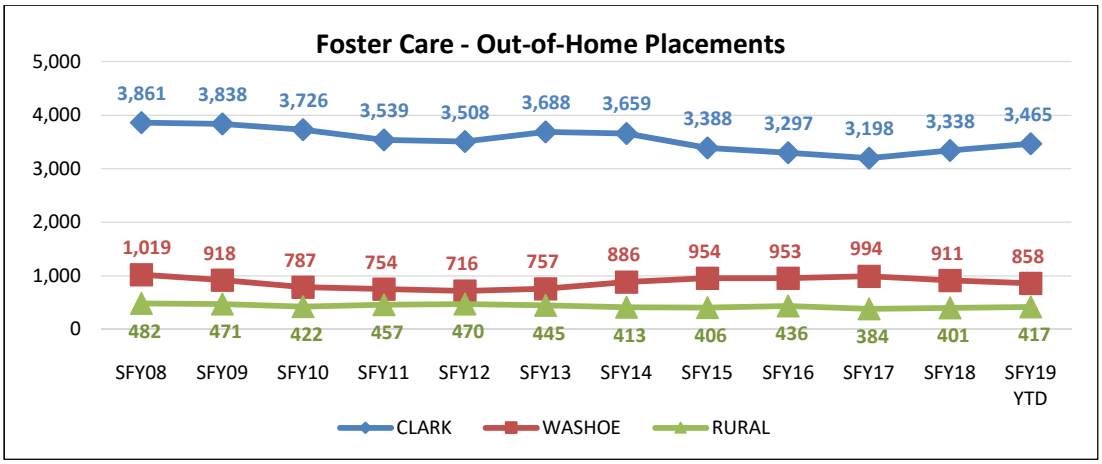
SFY19 YTD Avg.	**3,465**	**858**	**417**	**4,740**



Analysis of Trends: In November 2013, the Nevada Safety Model was first implemented in Clark County. This model has enhanced the staff's ability to identify appropriate services to reduce safety issues and may have contributed to fewer substantiated reports of maltreatment and reduced out-of-home placements.

Website: http://dcfs.nv.gov/Programs/CWS/Placement/FosterCareForms/

3.06 Foster Care – Independent Living Services

Program: Child welfare agencies have the responsibility to provide foster youth the opportunity to learn the necessary skill sets to allow them to develop into productive and self-sufficient adults. The Independent Living Program (ILP) provides youth ongoing opportunities to learn and gain familiarity with various Independent Living (IL) activities. The three major sources of funding come from a federal grant (John H. Chafee Foster Care Independence Program/CFCIP), State General Funds (Fund to Assist Former Foster Youth/FAFFY), and Local Funding.

Eligibility: IL Services are provided for Nevada's youth ages 14-17 who are in the foster care system, or those youth with whom the child welfare agency has placement care responsibility. Nevada's youth may opt into Court Jurisdiction (CJ) upon turning 18. The Independent Living Agreement (ILA) requires youth to be at least 17, have demonstrated IL competency (described in ILP Policy 0801), and placed in out-of-home care for at least 6 months prior to entering into an ILA, unless otherwise approved by the child welfare agency.

3.07 Juvenile Justice – Facilities

Caliente Youth Center (CYC): CYC, a juvenile facility/training school, was opened in 1962 and renovated in 1977. Security: staff-secure. Programs: academic education, vocational training, substance-abuse education, psychological counseling, outdoor work crew, behavior/anger management, violence prevention, prerelease/transitional training, cognitive-skills training, and private family visitation.

Nevada Youth Training Center (NYTC): NYTC, a juvenile facility/training school, was opened in 1913 and renovated in 1961. Security: staff-secure. Programs: academic education, vocational training, substance-abuse counseling, psychological counseling, behavior/anger management, cognitive-skills training, violence prevention, private family visitation, and NIAA interscholastic sports.

Summit View Youth Center (SVYCC): Re-opened as a State-run facility in February of 2016. Security: Physically-secure. Programs: academic education, vocational training, substance-abuse counseling, psychological counseling, behavior and anger management, family visitation, transition planning, positive behavioral interventions and supports.

Analysis of Trends: Initiatives such as the Juvenile Detention Alternatives Initiative (JDAI), state investments in front-end programs and the targeted focus of the Nevada Supreme Court Commission on Statewide Juvenile Justice Reform have driven efforts in Juvenile Justice to reduce State commitments. The populations of NYTC and CYC lowered upon opening of SVYC. The Division is currently working with the Council of State Governments in an in-depth analysis of our Juvenile Justice System.

Website: http://dcfs.nv.gov/Programs/JJS/

3.08 Juvenile Justice – Youth Parole

Program: The Nevada Youth Parole Bureau has offices in Las Vegas, Reno, Carson City, Fallon, and Elko. The staff is committed to public safety, community supervision, and services to youth returning home from juvenile correctional facilities. All youth parole counselors have been trained and certified as peace officers and act in accordance with the performance of their duties. Working closely with families, schools, and the community, parole counselors help each youth maintain lawful behavior and encourage positive achievement. The Bureau also supervises all youth released by other states for juvenile parole in the State of Nevada pursuant to the interstate compact.

Eligibility: Males and females; Felony and misdemeanor adjudications. Ages 12-21.

Analysis of Trends: Initiatives such as the Juvenile Detention Alternatives Initiative (JDAI) and the targeted focus of the Nevada Supreme Court Commission on Statewide Juvenile Justice Reform have driven efforts in Juvenile Justice to reduce State commitments. Reduced counts at NYTC coincide with the opening of the Red Rock Academy in December 2013.

Website: http://dcfs.nv.gov/Programs/JJS/

3.09 Children's Clinical Services

Program: Outpatient therapy services are available for eligible children and adolescents who have significant emotional, mental health, or behavior problems. These services work with children and their families to reduce challenging behaviors; increase emotional and behavioral skills; improve functioning at home, in school and in the community; and strengthen the parent-child relationship while supporting the family's capacity to care for their child's needs. Northern Nevada Child & Adolescent Services is located in Washoe County, and Southern Nevada Child & Adolescent Services is located in Clark County.

Eligibility: Ages 6 to 18.

Other: Serves children who are covered under Fee-for-Services Medicaid, HMO Medicaid, or Nevada Checkup, and children who are uninsured or under-insured.

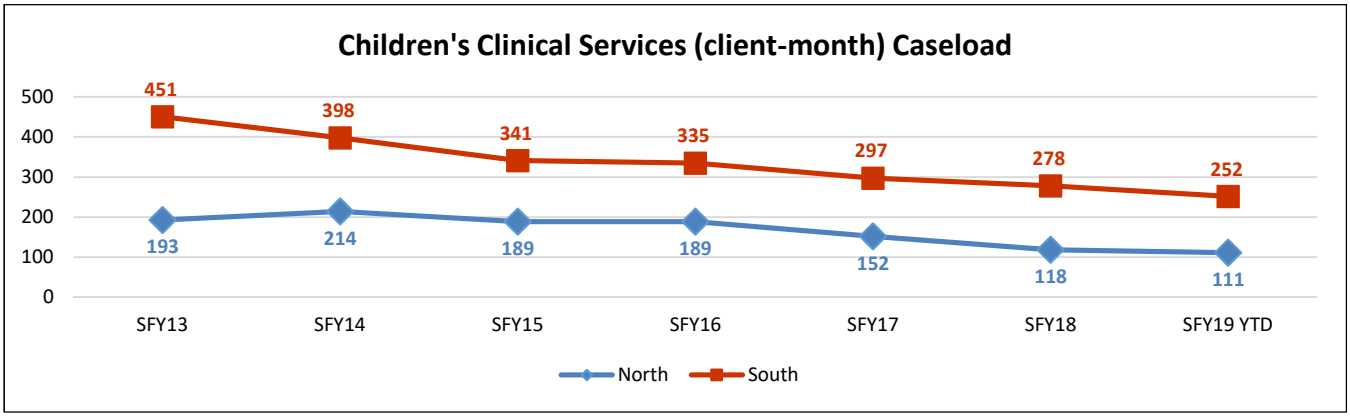
SFY19 YTD Total	**667**	**1,509**	**2,176**
SFY19 YTD Avg.	**111**	**252**	**363**



Analysis of Trends: Due to staff shortages (including nurses, clinical social workers, and psychiatrists), several units had to be closed since 2010, resulting in a decrease in children's clinical services.

Website: http://dcfs.nv.gov/Programs/CMH/Community-Based-Outpatient-Services/

3.10 Residential Treatment Services

Program: Treatment Center services work in the context of family and community life with children and adolescents whose emotional, mental health, and behavioral needs cannot be met in their own families and who require a higher level of mental health intervention in an out-of-home setting. Inpatient acute hospital care provides services for eligible children and adolescents ages 6 to 18 years who are at immediate risk of harm to themselves or others due to an emotional crisis and Residential Treatment center care for eligible children and adolescents from age 12 to 18 years with treatment needs that require extended 24-hour, secure care. Northern Nevada Child & Adolescent Services is located in Washoe County, and Southern Nevada Child & Adolescent Services is located in Clark County.

Eligibility: North: Ages 6 to 18 are served through Family Learning Homes; ages 12 to 18 are served through Adolescent Treatment Homes.

South: Ages 6 to 18 are served through Oasis on Campus Treatment Homes and Desert Willow Treatment Center.

Other: Serves children who are covered under Fee-for-Services Medicaid or HMO Medicaid, and children who are uninsured or under-insured.

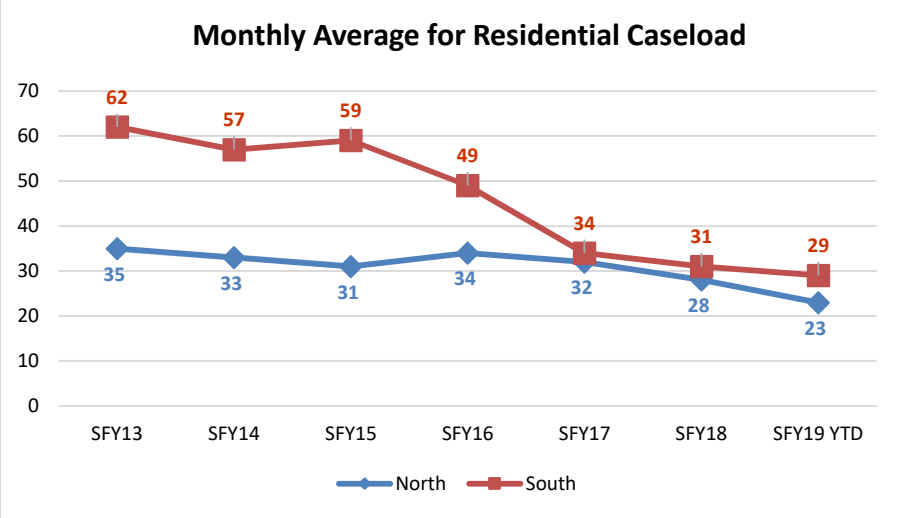
SFY19 YTD Total	**140**	**176**
SFY19 YTD Avg.	**23**	**29**



Analysis of Trends:
1. In the North, counts are lower due to staff shortages.
2. In the South, the decline in Residential Treatment Services is due to the following (as of the Dec 2015 update):
   - i. DCFS closed approximately 6 agencies with 2 more pending in the last 2 years;
   - ii. A net decrease of approximately 50 Higher Level of Care (HLOC) beds over the last two years;
   - iii. The implementation of AB348 greatly increased the standards required for HLOC agencies;
   - iv. Many agencies have been unable to meet the requirements and were forced to close;
   - v. Others voluntarily closed when their parent companies left Nevada. This led to the following:
     - a. A decrease in the number of agencies providing services;
     - b. Agencies accepting sibling groups to fill their beds instead of specialized placements. Agencies universally prefer higher-functioning sibling groups that pay nearly the same as the HLOC rate.
     - c. A change in Medicaid approval of Basic Skills Training/Psychosocial Rehabilitative (BST/PSR) services. The statewide Specialized Foster Care Pilot may have impacted the decrease as well.

Website: http://dcfs.nv.gov/Programs/CMH/Resident-day-treatment-svcs/

3.11 Intensive Care Coordination Services

Program: The Intensive Care Coordination Services program is provided using a wraparound model for children, ages birth to 18 years, with severe emotional disturbance and multiple, complex needs across multiple child-serving systems. Services include assessment, case planning, crisis response, and monitoring needs that require extended 24-hour, secure care. Northern Nevada Child & Adolescent Services is located in Washoe County, and Southern Nevada Child & Adolescent Services is located in Clark County.

Eligibility: Birth to 18 years of age.

Other: Serves children with fee-for-service Medicaid benefits.

Page Left Intentionally Blank

4.01 Medicaid Totals

Program: Medicaid is a joint Federal-State program that provides medical services to clients of the State public assistance program and, at the State's option, other needy individuals, as well as augments hospital and nursing facility services that are mandated under Medicaid. States may decide on the amount, duration, and scope of additional services, except that care in institutions primarily for the care and treatment of mental disease may not be included for persons over age 21 and under age 65.

Eligibility: Eligibility for Medicaid is not easily explained as there are a number of different mandatory and several optional categories where eligibility can be approved. For more detailed information about the many different categories of Medicaid eligibility, please access the link below and select "Eligibility & Payments Information Manual" off the Home page. Next select the "Maps" tab.

Workload History:

Fiscal Year	Average Cases	Total Expenditures
SFY13	303,526	$1,740,345,035
SFY14	382,817	$2,027,481,858
SFY15	576,491	$2,975,550,583
SFY16	617,841	$3,226,886,021

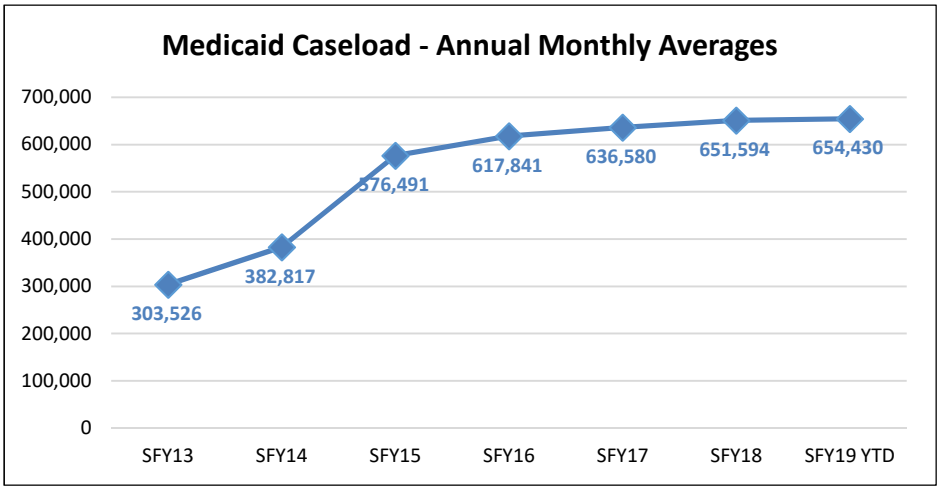
SFY19 YTD Avg.	**654,430**



All statistics are estimates only and must be qualified as such if used either verbally or in written form.

Analysis of Trends: Recent trends in caseload growth are due to the expansion of Medicaid enrollment brought on by the implementation of The Patient Protection and Affordable Care Act (PPACA). All of the significant changes in caseload prior to the implementation of the PPACA, including the SFY 2007 "dip", arose for macroeconomic reasons. There were no material explanatory changes in other areas (e.g., eligibility criteria or take-up rate) during the period. The principal causal factors are (1) population/demographic change, (2) secular trends in returns-to-skills, (3) the cyclic variation in the overall economy, (4) the cyclic variation in the labor market and (5) the complex lags associated with the aforementioned cycles and caseloads for means-tested social programs. Select the below link and at the bottom right hand corner of the Home page, under "State Employees", select "Budget & Caseload Statistics".

Website: https://dwss.nv.gov/

4.02 Medicaid Waivers

Program:

Waiver for the Frail Elderly (FE) - This waiver serves recipients age 65 or older who demonstrate a need of waiver services, as determined by the Division for Health Care Financing and Policy (DHCFP) and the Aging and Disability Services Division (ADSD), and who maintain the required Level of Care (LOC) (admission into a Nursing Facility within 30 days if waiver services or other supports were not available).

Waiver for Individuals with Intellectual Disabilities and Related Conditions (IID) - This waiver serves recipients of all ages who have a documented intellectual disability or related condition, such as Autism or Down Syndrome, as determined by the Division of Health Care Financing and Policy (DHCFP) and the Aging and Disability Division (ADSD), and who maintain the required Level of Care (LOC) (admission into a Nursing Facility within 30 days if waiver services or other supports were not available).

Waiver for Persons with Physical Disabilities (PD) - This waiver serves recipients of all ages who have a documented physical disability, as determined by the Division of Health Care Financing and Policy (DHCFP) and the Aging and Disability Services Division (ADSD), and who maintain the required Level of Care (LOC) (admission into a Nursing Facility within 30 days if waiver services or other supports were not available).

Workload History:

Fiscal Year	Average Cases	Total Expenditures
SFY13	3,905	$33,550,204
SFY14	4,117	$45,573,096
SFY15	4,394	$54,565,860
SFY16	4,625	$57,714,244
SFY17	4,777	$65,451,345
SFY18	5,083	$33,142,362
SFY19 YTD	5,326

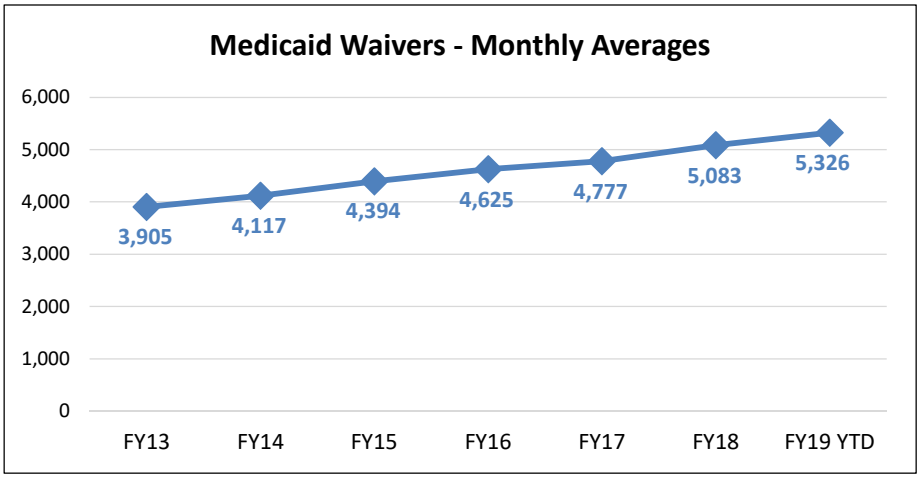
SFY19 YTD Total	**31,957**
SFY19 YTD Avg.	**5,326**



Analysis of Trends: Actual caseload data is trending below budgeted and in line with the projected caseloads. Expenditures and average cost per client are slightly above the budgeted amounts most likely because budgeted expenditures were too low. Expenditures for these types of waivers, which are home and community based, can be difficult to predict due to their nature.

Website: https://dwss.nv.gov/

4.03 Child Welfare

Program: This category contains medical costs for child welfare cases involving children for whom a public agency is assuming full or partial financial responsibility.

Eligibility: For recipients who qualify for Medicaid under the child welfare eligibility guidelines, regardless of whether they are in state, county, or parental custody.

Funding: Funding for this program is split 64.74% Federal funds and 35.26% State General Fund.

Workload History:

Fiscal Year	Average Cases	Total Expenditures
SFY13	8,314	$52,420,833
SFY14	9,141	$80,223,551
SFY15	9,715	$85,311,870
SFY16	10,776	$89,989,893

Comment: Caseload for this targeted group is slightly below budgeted amounts. Overall expenditures and average cost per client are currently below budgeted amount as well.

Website: https://dwss.nv.gov/

4.04 County Indigent Program

Program: This category contains medical costs for the county indigent population. Nevada counties pay the non-federal portion of medical costs for institutionalized individuals and waiver recipients with incomes between 142-300% of the Federal Benefit Rate (FBR). Counties are required to pay up to the proceeds of an eight cent ad valorem assessment determined by the Nevada Department of Taxation. Any costs above that, on an individual county level, is the responsibility of the State and illustrated in category 40, County Match Supplemental Fund.

Eligibility: Institutionalized recipients between 142-300 percent of the FBR.

Workload History:

Fiscal Year	Average Cases	Total Expenditures
SFY13	1,513	$69,436,551
SFY14	1,474	$63,327,976
SFY15	1,467	$65,454,612
SFY16	1,502	$65,743,842
SFY17	1,607	$68,438,151
SFY18	1,512	$67,824,549

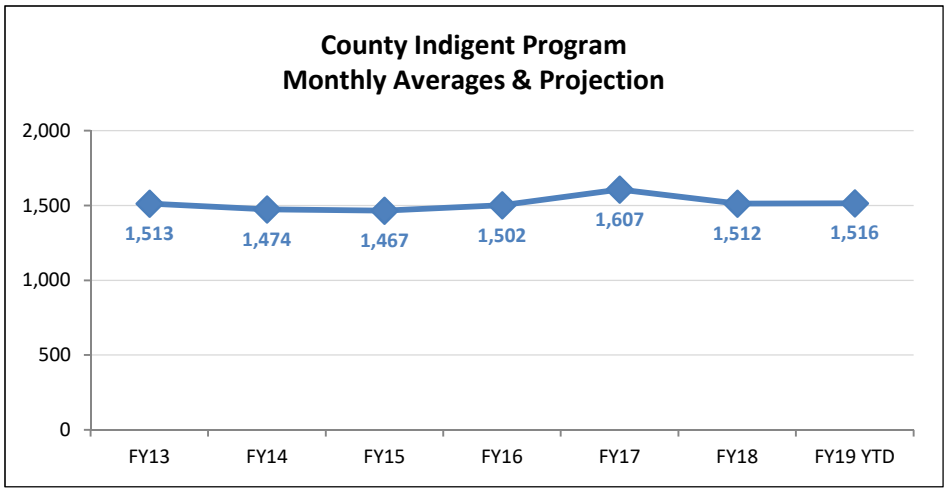
Feb	-
Mar	-
Apr	-
May	-
Jun	-
SFY19 YTD Total	**9,096**
SFY19 YTD Avg.	**1,516**



Funding: Nevada counties pay the non-federal portion of medical costs for institutionalized individuals and waiver recipients with incomes prescribed by the Director annually. Counties are required to pay up to the proceeds of an eight cent ad valorem assessment. Any costs above that, on an individual county level, is borne by the State.

Comment: Actual caseload is currently below budgeted caseload. However, the population in this group of recipients is small so differences are magnified on the chart above. In addition, total expenditures and average cost per client are significantly lower than budgeted amounts most likely due to estimates assuming higher cost care than has been required.

Website: https://dwss.nv.gov/

4.05 Health Insurance for Work Advancement (HIWA)

Program: HIWA provides necessary health care services and support for competitive employment of persons with disabilities aged 16 through 64. The program is designed so individuals with disabilities who are employed can retain or establish Medicaid eligibility if they meet certain eligibility criteria. Those receiving this coverage pay a monthly premium of between 5% and 7.5% of their monthly net income.

Eligibility: Citizenship, residency, disability and current employment are requirements of the program. The resource limit is $15,000. A vehicle, special needs trusts, medical savings accounts and tax refunds are some of the resources which are excluded. There are several work-related expenses which are disregarded such as travel-related costs, employment-related personal care aid costs, service animal costs and other costs related to employment.

Other: HIWA was implemented in July 2004. Maximum gross unearned income limit, prior to disregard is $699. Maximum gross earned income limit, prior to disregards is 450% of the Federal Poverty Level (FPL). The total net earned and unearned income must be equal to or less than 250% of the FPL. The individual must be disabled as determined by the Social Security Administration, either through current or prior receipt of social security disability benefits. A recipient losing employment through no fault of their own, remains eligible for three additional months provided the monthly premiums continue to be paid. Retroactive enrollment is permitted with payment of monthly premiums.

Workload History:

Fiscal Year	Average Cases	Total Expenditures
SFY13	6	$6,727
SFY14	2	$6,208
SFY15	2	$26,881

Comment: The 2017 American Community Survey of the US Census reported Nevada had an estimate of 1,767,582 persons aged 18-64. Of the 1,264,291 employed, 79,034 people were with a disability and 1,185,257 people were without a disability. Of the 107,959 unemployed, 13,373 people were with a disability and 94,586 people were without a disability.

Website: http://www.dhcfp.nv.gov (Program: HIWA)

4.06 Health Information Technology (HIT)

Program: The Health Information Technology for Economic and Clinical Health (HITECH) Act was enacted as part of the 2009 American Recovery and Reinvestment Act (ARRA) and authorized outlays for Health IT. It expanded the role of states in fostering a technical infrastructure to facilitate intra-state, interstate and nationwide health information exchange (HIE).

The Office of Health Information Technology (OHIT) is responsible for the adoption and promotion of health information technology (HIT) to improve health care quality, increase patient safety, reduce health care costs, and enable individuals and communities to make the best possible health decisions.

The Department of Health and Human Services (DHHS) is in the final stages of enacting the revisions to the Nevada Administrative Code (NAC), giving the DHHS regulatory authority over the Health Information Exchange (HIE) systems operating in the state.

Eligibility: **Electronic Health Record Incentive Program:**

Eligible Professionals (EPs) MDs and DOs, Dentists, Certified nurse midwives (CNMs), Physician Assistants (PAs) when practicing and leading at a Federally Qualified Health Center (FQHC)/Rural Health Clinic (RHC) and Nurse Practitioners (NPs).

Eligible Hospitals (EHs) Acute care hospitals, including cancer hospitals and children's hospitals.

The deadline to start the program is September 30, 2017. To qualify EPs must have a minimum Medicaid patient volume of 30% or have a minimum of 20% Medicaid patient volume if they are a pediatrician. The patient volume requirements are for 90-day period.

HIT Interoperability The Centers for Medicare and Medicaid Services (CMS) has updated guidance to allow State Medicaid Agencies to leverage Medicaid HITECH or HIT funding to support Medicaid providers with whom Eligible Providers (EPs) wish to coordinate care with.

Opportunities include funding for HIE on boarding and systems for behavioral health providers, long term care providers, substance abuse treatment providers, home health providers, correctional health providers, social workers, emergency medical services providers and so on. It may also support the HIE on-boarding of laboratory, pharmacy or public health providers.

Funding: Funding for these activities is outlined in SMD#16003, https://www.medicaid.gov/federal-policy-guidance/downloads/smd16003.pdf, and funds go directly to the state Medicaid agency in the same way existing Medicaid HIT administrative funds are distributed. Federal funding for HIE and Interoperability activities described in SMD#16003 is in place until 2021 and is a 90/10 Federal State match. The state is responsible for securing the 10% match. As such, DHHS OHIT will need to work with potential recipients of this enhanced funding to identify a source for the 10% match. Please note, matching funds are subject to federal funding rules and cannot be provided directly from providers/entities benefiting from the enhanced funding.

4.07 Original Medicaid

Program: Medicaid Budget Category 12 is composed of the TANF MED/ADULT MED Aid Codes. These adult medical aid codes are: AM, AO, MCB, PM, SN, TR, OBRA5, CH5, EM4, EM5 & CH (all previously known as "TANF MED" program).

Workload History:

Fiscal Year	Total Expenditures	Average Caseload
SFY13	$589,173,674	232,194
SFY14	$682,867,658	263,324
SFY15	$808,168,711	307,993
SFY16	$854,569,337	310,597
SFY17	$904,083,834	316,106

Website: http://www.dwss.nv.gov

Page left intentionally blank

5.01 TANF Cash - Single Parent

Program: This program is a cash assistance program with its focus on employment and self-sufficiency. In order to receive continued monthly benefits, households must meet the conditions of their Personal Responsibility Plan, which includes work participation requirements. Failure to do so results in a full family sanction with no cash benefits for three months. Upon reapplication and approval, the household will be required to meet the conditions of their Personal Responsibility Plan.

Eligibility: Citizenship, residency, children's immunizations and proof of school-age children in school, living with a specified relative, social security number for each recipient, less than $6,000 countable resources per TANF case (exceptions: 1 automobile, home, household goods and personal items).

Other: **Income Determination and Final Grant Determination.** Households applying for TANF assistance under the NEON (TN, TN1 and TN2) and Child Only cases where the child's parent is in the home but is ineligible member of the TANF household ((Non-Citizen (COA) or SSI Parent (COS)) must meet an initial maximum income test, which includes earned and unearned income. The total countable income must be equal to or below 130% of the current Federal Poverty Level (FPL) for the appropriate household size.

In addition to the initial income test, the household's gross earned income is evaluated and compared to the 100% Need Standard to determine if the household is entitled to earned income disregards. The 100% need standard is equal to 75% of the current Federal Poverty Level for the appropriate household size. Disregards do not apply to child only cases.

The chart below lists the current 130% of Poverty, the 100% Need Standard and the current maximum payment standard.

Needs Standard:

Household Size	Maximum Income Test (130% of FPL)	100% Need Standard (75% of FPL)	Maximum Payment Standard
1	$1,315	$759	$254
2	$1,783	$1,029	$320
3	$2,251	$1,299	$386
4	$2,719	$1,569	$452
5	$3,187	$1,839	$518
6	$3,655	$2,109	$584
7	$4,123	$2,379	$650
8	$4,591	$2,649	$716

Comments: There has been a significant decrease in TANF NEON recipients due to several factors: More clients have exhausted their 60 month lifetime limit and, as a result, are no longer eligible for TANF payments; more stringent pre-eligibility requirements have slowed down approvals for TANF NEON; and NEON caseloads are smaller and more manageable and are therefore being terminated timely.

Website: https://dwss.nv.gov/TANF/Financial_Help/

5.02 TANF Cash - Two Parent

Program: This program is a cash assistance program with its focus on employment and self-sufficiency. In order to receive continued monthly benefits, households must meet the conditions of their Personal Responsibility Plan, which includes work participation requirements. Failure to do so results in a full family sanction with no cash benefits for three months. Upon reapplication and approval the household will be required to meet the conditions of their Personal Responsibility Plan.

Eligibility: Citizenship, residency, children's immunizations and proof of school-age children in school, living with a specified relative, social security number for each recipient, less than $6,000 countable resources per TANF case (exceptions: 1 automobile, home, household goods and personal items).

Other: **Income Determination and Final Grant Determination.** Households applying for TANF assistance under the NEON (TN, TN1 and TN2) and Child Only cases where the child's parent is in the home but is ineligible member of the TANF household (Non-Citizen (COA) or SSI Parent (COS)) must meet an initial maximum income test, which includes earned and unearned income. The total countable income must be equal to or below 130% of the current Federal Poverty Level (FPL) for the appropriate household size.

In addition to the initial income test, the household's gross earned income is evaluated and compared to the 100% Need Standard to determine if the household is entitled to earned income disregards. The 100% need standard is equal to 75% of the current Federal Poverty Level for the appropriate household size. Disregards do not apply to child only cases.

The household's total countable earned income is reduced by any disregards the household is entitled to and then added to countable unearned income received by the household. This total is then compared to the current maximum payment standard which is determined by the Division of Welfare and Supportive Services.

The chart below lists the current 130% of Poverty, the 100% Need Standard and the current maximum payment standard.

Need Standard:

Fiscal Year	Average Cases	Total Expenditures
SFY13	1,072	$4,122,515
SFY14	1,349	$5,456,619
SFY15	1,327	$5,359,706

5.03 Child Only Cash Programs

Program: These programs are designed for households who do not have a work eligible individual. No adults receive assistance due to ineligibility or because the caretaker is a non-needy relative caregiver. Categories of child only households include: Non-Citizen Parent, SSI Parent Household, Non-Needy Caretaker Relative Caregiver (NNRCC), and Kinship Care. The caretakers in these cases have no work participation requirements included in their Personal Responsibility Plan. Non-Needy and Kinship Care caretakers receive a higher payment based on the number of children and for Kinship Care the ages of the children in their care.

Eligibility: Citizenship, residency, children's immunizations and proof of school-age children in school, living with a specified relative, social security number for each recipient, less than $6,000 countable resources per TANF case (exceptions: 1 automobile, home, household goods and personal items). Total household income must be less than or equal to 275 percent of poverty for Non-Needy and Kinship Care caretakers.

Need Standard:

Household Size	Maximum Income Test (130% of FPL)	Maximum Payment Allowance	NNRCC*/Kinship Care 275% FPL*	NNCT*/CON Allowance
1	$1,315	$254	$2,782	$418
2	$1,783	$320	$3,772	$478
3	$2,251	$386	$4,762	$538
4	$2,719	$452	$5,752	$598
5	$3,187	$518	$6,742	$659
6	$3,655	$584	$7,732	$719
7	$4,123	$650	$8,722	$779
8	$4,591	$716	$9,712	$839

Note: Kinship Care Allowance: 0-12 year of age = $401 per child, if there is only one child the payment is $418; 13 yrs+ = $463 per
*NNCT = Non-Needy Relative Caretaker; FPL = Federal Poverty Level

5.04 Temporary Assistance for Needy Families (TANF) - All Cash Programs

Program: Temporary Assistance for Needy Families (TANF) is a time-limited, federally-funded block grant to provide assistance to needy families so children may be cared for in their homes or in the homes of relatives. TANF provides parents/caregivers with job preparation, work opportunities and support services to enable them to leave the program and become self-sufficient.

Eligibility: Citizenship, residency, children's immunizations and proof of school-age children in school, living with a specified relative, social security number for each recipient, less than $6,000 countable resources per TANF case (exceptions: one automobile, home, household goods and personal items).

EBT Restricted Usage: Effective January 1, 2014, Nevada implemented the "Middle Class Tax Relief and Job Creation Act of 2012 (P.L. 112-96)", which among its provisions, requires States receiving TANF grants "to maintain policies and practices as necessary to prevent assistance provided under the State program funded under this part from being used in any electronic benefit transfer transaction in any liquor store; any casino, gambling casino, or gaming establishment, or any retail establishment which provides adult-oriented entertainment. If it's determined the household has used benefits in a restricted area, a "protective payee", which can be selected by the household will be established to receive the cash benefits on their behalf to ensure the family's basic ongoing needs such as: rent, fuel, household supplies clothing and personal incidentals are met. The restricted usage applies to the following Aid Codes: Cash TN, TN1, TN2, COA, COK, CON and COS.

Other: **Income Determination and Final Grant Determination.** Households applying for TANF assistance under the NEON (TN, TN1 and TN2) and Child Only cases where the child's parent is in the home but is an ineligible member of the TANF household ((Non-Citizen (COA) or SSI Parent (COS)) must meet an initial maximum income test, which includes earned and unearned income. The total countable income must be equal to or below 130% of the current Federal Poverty Level (FPL) for the appropriate household size.

In addition to the initial income test, the household's gross earned income is evaluated and compared to the 100% Need Standard to determine if the household is entitled to earned income disregards. The 100% need standard is equal to 75% of the current Federal Poverty Level for the appropriate household size. Disregards do not apply to child only cases.

The household's total countable earned income is reduced by any disregards the household is entitled to and then added to countable unearned income received by the household. This total is then compared to the current maximum payment standard which is determined by the Division of Welfare and Supportive Services.

The chart below lists the current 130% of Poverty, the 100% Need Standard and the current maximum payment standard

Need Standard:

Household Size	100% Need Standard (75% of FPL)	Maximum Payment Allowance	NNCT*/CON 275% FPL*	NNCT*/CON Payment Allowance
1	$759	$254	$2,782	$418
2	$1,029	$320	$3,772	$478
3	$1,299	$386	$4,762	$538
4	$1,569	$452	$5,752	$598
5	$1,839	$518	$6,742	$659
6	$2,109	$584	$7,732	$719
7	$2,379	$650	$8,722	$779
8	$2,649	$716	$9,712	$839

5.05 TANF New Employees of Nevada (NEON)

Program: The Nevada Division of Welfare and Supportive Services' TANF Employment and Training Program is called "New Employees of Nevada (NEON)". The program provides a wide array of services designed to assist TANF households become self-sufficient primarily through training, employment and wage gain; thereby, reducing or eliminating their dependency on public assistance programs. NEON provides support services in the form of child care, transportation, clothing, tools and other special need items necessary for employment.

Eligibility: Individuals who meet the definition of a "work eligible individual" are NEON mandatory. This includes all adults or minor head-of-households (HOH) receiving assistance under TANF-NEON program. This excludes minor parents not HOH or married to the HOH, ineligible non-citizens, SSI recipients, parents caring for disabled family members in the home and tribal TANF recipients.

Comments: In SFY13 Nevada's labor markets gained some momentum. The slow and steady economic gains of SFY13 continued into the first quarter of SFY14. The rise in the NEON caseload was not following its historical correlation to the state's economy. This rise in the caseload was theorized to be a result of the Affordable Care Act Medicaid expansion implementation and new streamlined eligibility process. New Medicaid applicants became aware of their eligibility for TANF and efficient application business processes removed barriers and improved program access. Stabilization of caseload growth was anticipated by the end of the fiscal year. Caseload trends should return to their historical correlation with the economy. In SFY15, the NEON caseload continued to decrease due to program changes and the continuing economic improvement. In SFY17, the Employment Retention Payment (ERP) was implemented to improve employment outcomes for TANF recipients.

Website: https://dwss.nv.gov/

5.06 Adult Medicaid (Original Medicaid Group)

Program: The Adult Medicaid group covers parents and caretaker relatives who meet income guidelines based on the previous adult group known as TANF related medical. This group also includes adults who have aged out of the foster care program, the breast and cervical cancer program and parents and caretakers who lost eligibility for Medicaid due to an increase in earnings. There are still some recipients aged 0-18 in this category; however, they will be moved to the appropriate category at natural opportunity or as redeterminations are complete. Naming this program "Adult Medicaid" best captures the general population. This is a mandatory coverage group and receives the standard Medicaid FMAP.

Eligibility Medicaid eligibility is determined using modified adjusted gross income (MAGI) which is based on IRS rules and includes budgeting taxable income. (Except Aged out of Foster Care and the Breast and Cervical programs) Assistance units are determined based on the household tax filing status. Adult Medicaid covers individuals with income below the AM Limit, which is the previous TANF related medical limit.

Income Guidelines:

Household Size	AM-5 Limit _ Parent/Caretakers
1	$319
2	$407
3	$495
4	$582
5	$670
6	$758

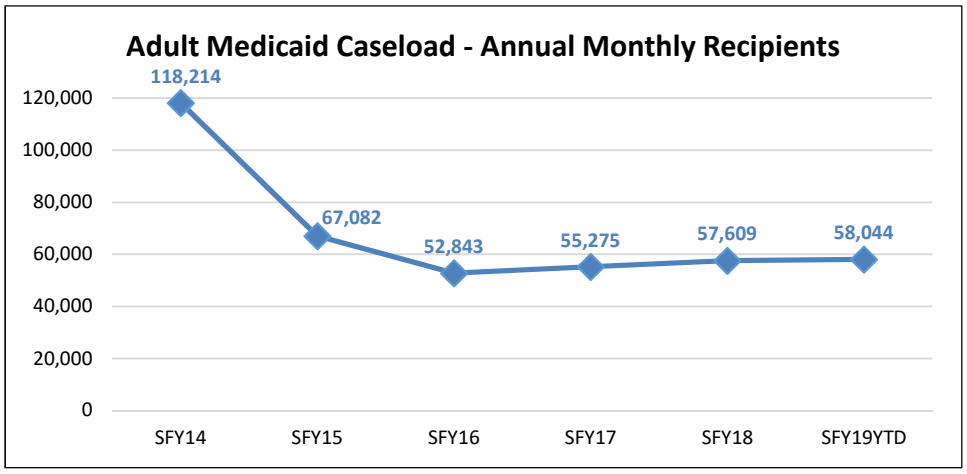
SFY19 YTD Total	**348,262**
SFY19 YTD Avg.	**58,044**



Comments: The ACA now categorizes caseload by recipients where caseload was previously categorized by households. The decreasing trend line reflects this as children previously in households are being transferred out of "Adult Medicaid" and into the Child Medicaid (CH) group. Adult Medicaid does, in fact, include miscellaneous categories of children who will transition thru the Adult Medicaid program. This will be about 15 percent of the total recipients over time.

Website: https://dwss.nv.gov/TANF/Financial_Help/

5.07 New ACA (Affordable Care Act) Adult Medicaid

Program: This category covers the expanded eligibility for adults under ACA and includes parents, caretakers and childless adults. This is an optional coverage group and is entitled to the enhanced FMAP.

Eligibility Medicaid eligibility is determined using modified adjusted gross income (MAGI) rules based on IRS rules and includes budgeting taxable income. Assistance units are determined based on the household tax filing status. The new Adult Medicaid group covers individuals with income below 138 percent (which includes a 5 percent disregard) of the federal poverty limit.

Household Size	138% FPL
	Expanded adult group
1	$1,396
2	$1,893

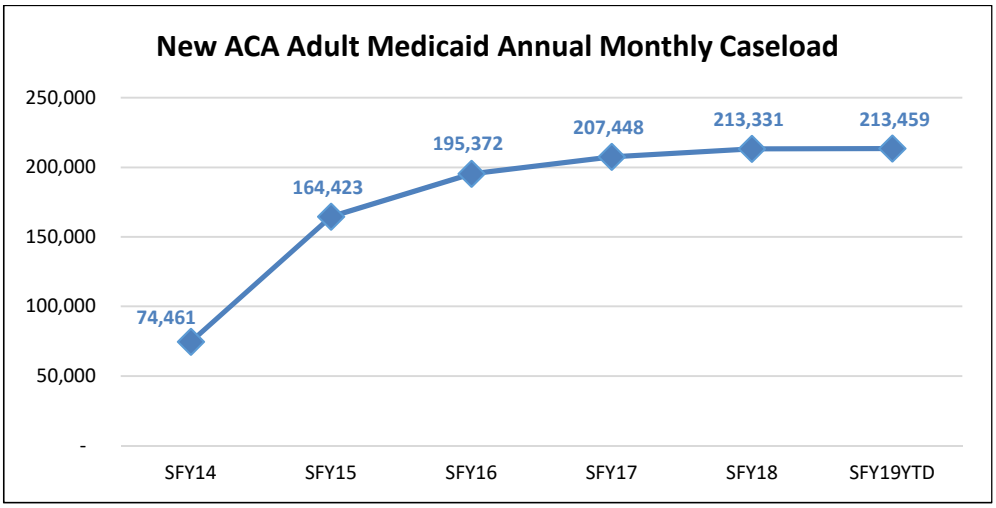
SFY19 YTD Avg.	**213,459**



Comments: The increasing trend is due to adding adults that are newly eligible under ACA. We anticipate this fluctuating with the business cycle and population growth. In the short term the enrollment period will influence growth of this caseload.

Website: https://dwss.nv.gov/

5.08 Pregnant Women and Children Medicaid

Program: This category covers pregnant women and children under 19. This is a mandatory coverage group and receives the standard Medicaid FMAP.

Effective February 1, 2018, DWSS implemented a policy change allowing the enrollment of lawfully residing non-qualified non-citizen children under the age of 19 to qualify for Medicaid and/or Nevada Check Up, if they meet all other eligibility criteria.

Eligibility: Medicaid eligibility is determined using modified adjusted gross income (MAGI) which is based on IRS rules and includes budgeting taxable income. Assistance units are determined based on the household tax filing status. This category covers pregnant women and children under 6, with income below 165 percent (which includes a 5 percent disregard) of the federal poverty level (FPL) and children 6-18 with income below 122 percent of the FPL.

Household Size	122% FPL	165% FPL
	Children 6-18	Pregnant Women & Children 0-5
1	$1,234	$1,669
2	$1,673	$2,263

Comments: Children grouped in households under the previous Medicaid criteria are now included in this group and is driving the growth trend. Also, the woodwork affect may be increasing the recipient caseload. It is anticipated this caseload will grow to about 260,000 by mid-2017. Thereafter it will fluctuate with the business cycle and population growth.

Website: https://dwss.nv.gov/

5.09 New ACA Expanded Children's Group

Program: The new ACA Child group covers children 6-18 with income above the CH income limit (previous page) up to 138 percent (which includes a 5 percent disregard) of the federal poverty level (FPL). This is a mandatory coverage group. These children were previously covered under CHIP and continue to receive the CHIP FMAP.

Effective February 1, 2018, DWSS implemented a policy change allowing the enrollment of lawfully residing non-qualified non-citizen children under the age of 19 to qualify for Medicaid and/or Nevada Check Up, if they meet all other eligibility criteria.

Eligibility: Medicaid eligibility is determined using modified adjusted gross income (MAGI) which is based on IRS rules and includes budgeting taxable income. Assistance units are determined based on the household tax filing status. The ACA mandated the increased income limit for children ages 6-18 to 138 percent (which includes a 5 percent disregard) of the FPL. The New ACA Child group covers children between 122 percent and 138 percent FPL (which includes a 5 percent disregard).

Household Size	122% FPL	138% FPL
1	$1,234	$1,669
2	$1,673	$2,263
3	$2,113	$2,857

Comments: The New ACA child category increased as children were moved from Nevada Check Up at natural opportunity or at redetermination which was completed by April 2015. It is expected to fluctuate with the business cycle and population growth.

Website: https://dwss.nv.gov/

5.10 Nevada Check Up

Program: Effective July 1, 2013 (SFY14) the Nevada Check Up (NCU) program was transferred from DHCFP to DWSS as a result of ACA system requirements. As of October 1, 2013, NCU eligibility is determined by DWSS. Authorized under Title XXI of the Social Security Act, (NCU) is the State of Nevada's Children's Health Insurance Program (CHIP). The program provides low cost, comprehensive health care coverage to low income, uninsured children 0 through 18 years of age who are not covered by private insurance or Medicaid. The NCU program requires a monthly premium based on household size and income.

Effective January 1, 2016, DWSS implemented a policy which allows children who have access to Public Employees' Benefits Program (PEBP) to qualify for Nevada Check Up, if they meet all other eligibility criteria.

Effective February 1, 2018, DWSS implemented a policy change allowing the enrollment of lawfully residing non-qualified non-citizen children under the age of 19 to qualify for Medicaid and/or Nevada Check Up, if they meet all other eligibility criteria.

Eligibility: The family's gross annual income must be below 205 percent FPL (which includes a 5 percent disregard). Pay monthly premiums (if applicable), the child is a U.S. citizen, "qualified alien" or legal resident with 5 years residency and is under age 19 on the date coverage began.

Income Guidelines

5.11 County Match

Program: Through an agreement with the Division, Nevada counties pay the non-federal share of costs for institutionalized persons whose monthly income is between $1,063.00 and 300% of the SSI payment level.

Eligibility: No age requirement, a citizen of the United States or a non-citizen legally admitted for permanent residence to the U.S. and meets certain criteria, or is in another eligible non-citizen category and meets certain criteria.

Other: Resource limits are determined by whether a person is considered an individual or a member of a couple. When resources exceed the following limits, the case is ineligible. $2,000 for an individual or $3,000 for a couple. Resources are evaluated at market value less encumbrances. Certain types of resources are excluded, such as: Term life insurance policies, and life insurance policies when the total face value is less than $1,500; vehicles necessary to produce income; transportation for medical treatment on a regular basis (specifically handicapped equipped vehicles), or the value of a vehicle up to $4,500; burial plots/plans (certain exclusions).

Comments: Money deposited in a QIT is exempt and a potential County Match recipient may never reach the CM income threshold. In SFY12 a change in eligibility requirements increased the caseload.

Website: https://dwss.nv.gov/

5.12 Medical Assistance to the Aged, Blind, and Disabled

Program: These are medical service programs only. Many applicants are already on Medicare and Medicaid supplements their Medicare coverage. Additionally, others are eligible for Medicaid coverage as a result of being eligible for a means-tested public assistance program such as Supplemental Security Income (SSI). Categories are: SSI, State Institutional, Non-Institutional, Prior Med, Public Law, Katie Beckett.

Eligibility: No age requirement (except for Aged), a citizen of the United States or a non-citizen legally admitted for permanent residence to the U.S. and meets certain criteria, or is in another eligible non-citizen category and meets certain criteria.

Other: Resource limits are determined by whether a person is considered an individual or a member of a couple. When resources exceed the following limits, the case is ineligible. Medicare Savings Program cases: $7,730 - for an individual or $11,600 for a couple. Other cases: $2,000 for an individual or $3,000 for a couple. Resources are evaluated at market value less encumbrances. Certain types of resources are excluded, such as: Life insurance policies, when the total face value is less than $1,500; vehicles necessary to produce income; transportation for medical treatment on a regular basis (specifically handicapped equipped vehicles), or the value of a vehicle up to $4,500; burial plots/plans.

Comments: SSI cases can take up to 3 years for approval/denial. Total of all MAABD Cases. For statistical purposes only as each aid code is different and cannot be compared. *Retro cases numbers are reported from SFY02 through SFY15. Beginning SFY16, actual cases are reported.

Website: https://dwss.nv.gov/

5.13 Supplemental Nutrition Assistance Program (SNAP)

Program: The purpose of SNAP is to raise the nutritional level among low income households whose limited food purchasing power contributes to hunger and malnutrition among members of these households. Application requests may be made verbally, in writing, in person or through another individual. A responsible adult household member knowledgeable of the households circumstances may apply and be interviewed. The date of application is the date the application is received in the Division of Welfare and Supportive Services office.

Eligibility: The household's gross income must be less than or equal to 200% of poverty; the household's net income must be less than or equal to 100% of poverty to be eligible. Households in which all members are elderly or disabled have no gross income test. The resource limit for all house- holds except those with elderly or disabled members is $2,250; households with elderly or disabled members have a resource limit of $3,250 (exceptions: one vehicle, home, household goods and personal items).

Need Standard:

Comments: The Food Stamp Program was renamed "Supplemental Nutrition Assistance Program" (SNAP) in October 2008. The SNAP caseload has increased substantially since the start of the recession in December 2007 because of the high unemployment experienced in Nevada. A change in SNAP regulations effective 3/15/2009 made many households categorically eligible based on receiving a benefit which meets Purposes 3 and 4 for TANF and having a gross income limit of 200% of poverty. There is no further income or resource test.

Website: https://dwss.nv.gov/SNAP/Food/

5.14 Supplemental Nutrition Employment and Training Program (SNAPET)

Program: SNAPET promotes the employment of SNAP participants through job search activities and group or individual programs which provide a self-directed placement philosophy, allowing the participant to be responsible for his/her own development by providing job skills and the confidence to obtain employment. SNAPET also provides support services in the form of transportation reimbursement, bus passes and assistance meeting the expenditures required for Job Search (such as interview clothing, health or sheriff's card if it is known that one will be required).

Eligibility: Registration and participation is mandatory and a condition of SNAP eligibility for all non-exempt SNAP participants. Persons who are exempt may volunteer. Persons are exempt when they are under age sixteen (16), age sixty (60) or older, disabled, caring for young children under the age of six (6) or disabled family members, already working, NEON mandatory, participant in drug/alcohol treatment, receiving UIB, age 16-17 attending school or training at least half time or eligible student age 18-49 enrolled at least half time in school or training program.

Comments: The SNAPET caseload parallels the SNAP caseload but on a smaller scale. The Division provides services to a portion of SNAP recipients that do not meet a federal or state SNAPET program exemption. The number served is limited by available program funding. The SNAPET program requires participants to complete an orientation and job search activities. Mandatory participants are required to participate a minimum of two months of job search activities or become employed. The FFY18 SNAPET State Plan supports two third-party partnerships. The first is with the Culinary Academy of Las Vegas which will provide culinary and hospitality training and the second is with Western Nevada College providing a manufacturing technician certification program which will qualify graduates for entry level positions in labor demand occupations in the Northern Nevada Region. The goal of these partnerships is to provide SNAP recipients with the opportunity to obtain the education and job skills needed to qualify for living wage jobs available in their geographical location.

Website: https://dwss.nv.gov/

5.15 Child Care and Development Program

Program: The Child Care Program assists low-income families, families receiving temporary public assistance, families with children placed by CPS, and Foster families by subsidizing child care costs so they can work. Households are able to qualify for child care subsidies based upon their total monthly gross income, household size, and other requirements. Assistance is provided through 3 programs: Certificate - Provides a Certificate to an eligible household to use for payment of child care services to an eligible provider; Contracted Slots - serves an approved number of slots for low income families in Before and After School Programs; and Wrap-Around which also serves an approved number of slots for low income families for services before and after Early Head Start or Head Start Program.

Eligibility: To qualify for child care subsidy assistance, the child must be under the age of 13 unless they have a special need in which case they are eligible until they turn 19. Other factors include citizenship, immunizations, relationship, and residency. Additionally, adult household members and minor parents must have a purpose of care such as working or a minor parent attending high school.

Fee Scale: The Sliding Fee Scale provides the income limits for each household size. This is an example for a four person household. The (P) indicates the federal poverty level. The red number in the center indicates 130% of the federal poverty level. The asterisk (*) at the bottom signifies the number to the left is 85% of Nevada's median income. The column on the right designates the percentage of the State approved maximum child care rate which would be paid by the Child Care & Development Program.

Four Person Household	Subsidy %
$ - 2,092 (P)	95%
$2,093 - $2,465	90%
$2,466 $ 2,719 - $ 2,839	80%
$2,840 - $3,212	70%
$3,213 - $3,586	60%
$3,587 - $3,959	50%
$3,960 - $4,332	40%
$4,333 - $4,706	30%
$4,707 - $5,071 *	20%
$5,072	0%

Caseload History:

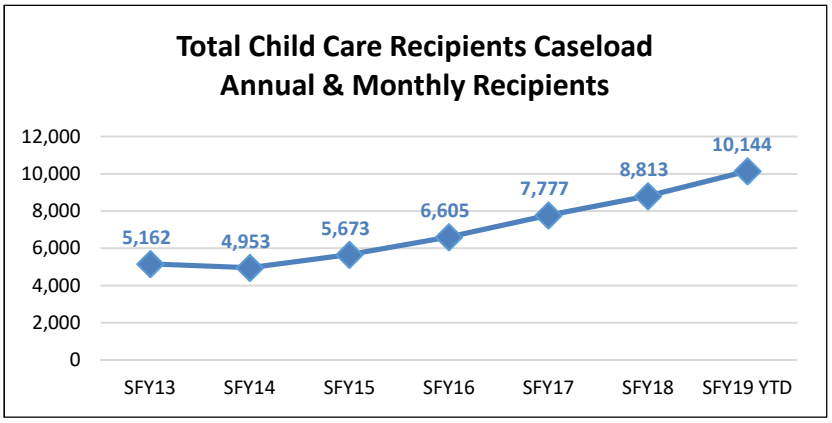
SFY19 YTD Total	**40,576**
SFY19 YTD Avg.	**10,144**



Analysis of Trends: Beginning SFY12 due to program changes, training was eliminated as a Purpose of Care and Student Purpose of Care was eliminated except for minor parents attending high school. In addition, a waitlist was implemented program-wide. In SFY14 the Program began removing families from the waitlist on a limited basis. Beginning March 2015 six months eligibility period were changed to 12 months. In October 2015 initial program eligibility was moved from 90% to 80% and a sliding fee scale was reimplemented which allows families with higher incomes to continue receiving assistance with an increased copayment, up to 85% of the State Median Income.

Effective 05-23-16, all new applicant households are subject to the wait list with the exception of NEON, Foster Care, and CPS cases. Beginning 05-04-17, the program started removing households with income below 130% of poverty who qualify for 80% subsidy payments if all other eligibility factors are met from the waitlist.

Website: https://dwss.nv.gov/Care/Childcare/

5.16 Child Support Enforcement Program

Program: The program is a federal, state, and local intergovernmental collaboration functioning in all 50 states, the District of Columbia, the Commonwealth of Puerto Rico, Guam, and the Virgin Islands. The Office of Child Support Enforcement in the Administration for Children and Families of the U.S. Department of Health and Human Services helps states develop, manage and operate child support programs effectively and according to federal law. The CSEP is administered by DWSS and jointly operated by State Program Area Offices (PAO) and participating county District Attorney offices through cooperative agreements.

Eligibility: There are no eligibility requirements for child support services, which include locating the non-custodial parent, establishing paternity and support obligations and enforcing the child support order. Non-public assistance custodians complete an application for services. Public assistance custodians must assign support rights to the state and cooperate with the agency regarding Child Support Enforcement (CSE) services.

Workload History:

Fiscal Year	Average Cases	Gross Collections

Comments: As illustrated in the Bureau of Labor Statistics Data, the CSE caseload trend is tied closely to the economy. When the economy is good, fewer customers need child support services; when there is a downward turn in the economy, more customers need child support services. Additional factors contributing to the caseload trend going down include case closure projects and stopping inappropriate referrals (unborn cases). A factor that may contribute to an increase in caseload is an increase in public assistance referrals and non-assistance applications during an economic downturn and high unemployment rate.

Website: https://dwss.nv.gov/Support/1_0_0-Support/

5.17 Energy Assistance Program

Program: The Energy Assistance Program (EAP) assists eligible Nevadans maintain essential heating and cooling in their homes during the winter and summer seasons. The program provides for crisis assistance as well.

Eligibility: Citizenship, Nevada residency, household composition, social security numbers for each household member, energy usage and income are verified prior to the authorization and issuance of benefits. Eligible households' income must not exceed 150% of poverty level. Priority is given to the most vulnerable households, such as the elderly, disabled and young children.

Need Standard:

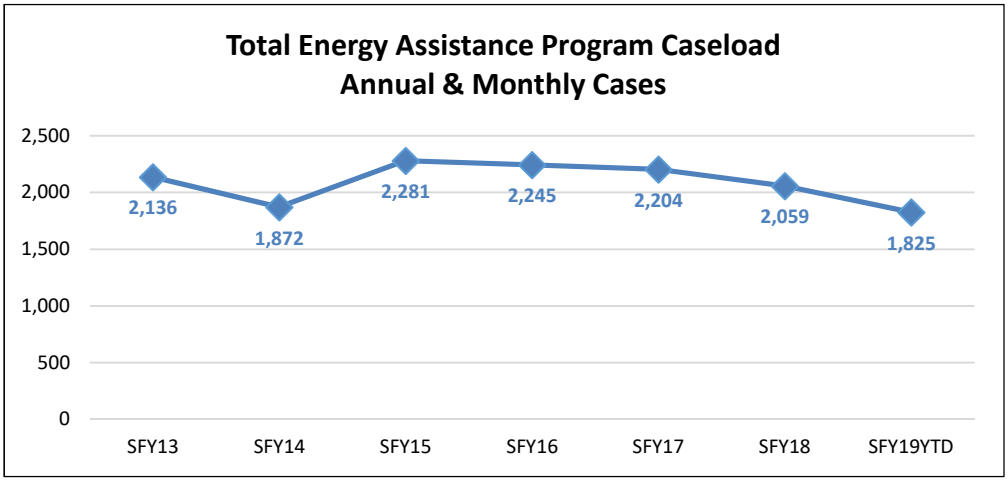
SFY19 YTD Avg.	**1,825**



Comments: SFY14 thru SFY16 are continued with the same benefit amounts and poverty level that we ended with in SFY13. Based on the projected funding for SFY17 the benefit cap table has been reduced and the poverty levels were left the same. For SFY17 the program received fewer applications than projected. Based on the projected funding and projected applications for SFY18 the benefit tables were slightly increased for SFY18.

The Energy Assistance Program was approved additional authority to utilize the remaining SFY18 funding on benefits for eligible households. The benefit cap tables were increased. All program year 2018 eligible households were recalculated, and when applicable a supplemental benefit was issued. Currently, SFY19 benefit cap tables will remain the same as the end of SFY18.

Website: https://dwss.nv.gov/Energy/1_Energy_Assistance/

5.18 TANF Cash Two Parent (One or Both Incapacitated)

Program: This program is a cash assistance program with its focus on employment and self-sufficiency. In order to receive continued monthly benefits, households must meet the conditions of their Personal Responsibility Plan, which includes work participation requirements. Failure to do so results in a full family sanction with no cash benefits for three months. Upon reapplication and approval the household will be required to meet the conditions of their Personal Responsibility Plan.

Eligibility: Citizenship, residency, children's immunizations and proof of school-age children in school, living with a specified relative, social security number for each recipient, less than $6,000 countable resources per TANF case (exceptions: 1 automobile, home, household goods and personal items), and meet maximum income test(s).

Other: **Income Determination and Final Grant Determination.** Households applying for TANF assistance under the NEON (TN, TN1 and TN2) and Child Only cases where the child's parent is in the home but is ineligible member of the TANF household ((Non-Citizen (COA) or SSI Parent (COS)) must meet an initial maximum income test, which includes earned and unearned income. The total countable income must be equal to or below 130% of the current Federal Poverty Level (FPL) for the appropriate household size.

In addition to the initial income test, the household's gross earned income is evaluated and compared to the 100% Need Standard to determine if the household is entitled to earned income disregards. The 100% need standard is equal to 75% of the current Federal Poverty Level for the appropriate household size. Disregards do not apply to child only cases.

The household's total countable earned income is reduced by any disregards the household is entitled to and then added to countable unearned income received by the household. This total is then compared to the current maximum payment standard which is determined by the Division of Welfare and Supportive Services.

The chart below lists the current 130% of Poverty, the 100% Need Standard and the current maximum payment standard.

Needs Schedule:

Household Size	Maximum Income Test (130% of FPL)	100% Need Standard (75% of FPL)	Maximum Payment Standard
1	$1,315	$759	$254
2	$1,783	$1,029	$320
3	$2,251	$1,299	$386

Comment: There has been a significant decrease in TANF NEON recipients due to several factors: More clients have exhausted their 60 month lifetime limit and, as a result, are no longer eligible for TANF payments; more stringent pre-eligibility requirements have slowed down approvals for TANF NEON; and NEON caseloads are smaller and more manageable and are therefore being terminated timely.

Website: https://dwss.nv.gov/TANF/Financial_Help/

5.19 TANF Cash - Child Only

Program: This program is designed for households who do not have a work eligible individual. No adults receive assistance due to ineligibility based on their citizenship status. The caretakers in these cases have no work participation requirements included in their Personal Responsibility Plan.

Eligibility: Citizenship, residency, children's immunizations and proof of school-age children in school, living with a specified relative, social security number for each recipient, less than $6,000 countable resources per TANF case (exceptions: one automobile, home, household goods and personal items), and meet maximum income test(s).

Other: **Income Determination and Final Grant Determination**. Households applying for TANF assistance under the NEON (TN, TN1 and TN2) and Child Only cases where the child's parent is in the home but is ineligible member of the TANF household (Non-Citizen (COA) or SSI Parent (COS)) must meet an initial maximum income test, which includes earned and unearned income. The total countable income must be equal to or below 130% of the current Federal Poverty Level (FPL) for the appropriate household size.

In addition to the initial income test, the household's gross earned income is evaluated and compared to the 100% Need Standard to determine if the household is entitled to earned income disregards. The 100% need standard is equal to 75% of the current Federal Poverty Level for the appropriate household size. Disregards do not apply to child only cases.

The household's total countable earned income is reduced by any disregards the household is entitled to and then added to countable unearned income received by the household. This total is then compared to the current maximum payment standard which is determined by the Division of Welfare and Supportive Services.

The chart below lists the current 130% of Poverty, the 100% Need Standard and the current maximum payment standard

5.20 Total TANF Cash - Kinship Care

Program: Kinship Care provides cash assistance for children who are residing with a specified relative because of the absence of the child's/children's parent(s). The caregiver must be a resident of Nevada, be 62 years of age or older, have exercised parental care and control of the child in their home for a minimum of six consecutive months, file for and obtain Nevada state or tribal court approval of legal guardianship. No adult parent of a child may reside in the household.

Eligibility: Citizenship, residency, children's immunizations, proof of school-age children in school, living with a specified relative and social security numbers for each recipient. The resource limit for the household is $6,000 (exceptions: includes one automobile, home, household goods and personal items). If the gross income of all adults and children in the household with relationship (by blood or marriage) to the child(ren) for whom assistance has been requested is below 275% of the Federal Poverty Level (FPL), only the child(ren)'s income and resources is used to determine eligibility and the payment allowance. The child(ren)'s income must also meet the 130% initial income test.

Other: Kinship Care Allowance: 0-12 year of age = $401 per child. If there is only one child the amount is $418; for a child age 13 years and over the amount is $463 per child. Income Determination and Final Grant Determination

Needs Standard:

Household Size	NNRCC*/Kinship Care 275% FPL*	Maximum Income Test (130% of FPL)
1	$2,782	$1,315
2	$3,772	$1,783

5.21 Total TANF Cash - Relative Caregiver

Program: This program is designed for households who do not have a work eligible individual. Adults receive no assistance because the caretaker is a non-needy relative caregiver. Caretakers in these households have no work participation requirements included in their Personal Responsibility Plan and receive a higher payment based on the number of children in their care.

Eligibility: Citizenship, residency, children's immunizations and proof of school-age children in school, living with a specified relative, social security number for each recipient, less than $6,000 countable resources per TANF case (exceptions: 1 automobile, home, household goods and personal items). The total household income for non-needy caretakers must be less than or equal to 275% of the federal poverty level for the number of people in the non-needy caretakers home. The Child(ren)'s income must also meet the 130% initial income test.

Needs Standard:

Household Size	Maximum Income Test (130% of FPL)	NNCT* 275% Federal Poverty Level	NNCT* 275% Caregiver Allowance
1	$1,315	$2,782	$418

5.22 Total TANF Cash - SSI

Program: This program is designed for households who do not have a work eligible individual. No adults receive assistance due to their receipt of Supplemental Security Income (SSI). The caretakers in these cases have no work participation requirements included in their Personal Responsibility Plan.

Eligibility: Citizenship, residency, children's immunizations and proof of school-age children in school, living with a specified relative, social security number for each recipient, less than $6,000 countable resources per TANF case (exceptions: 1 automobile, home, household goods and personal items), and meet maximum income test(s).

Needs Standard:

Household Size	Maximum Income Test (130% of FPL)	100% Need Standard (75% of FPL)	Maximum Payment Standard
1	$1,315	$759	$254
2	$1,783	$1,029	$320

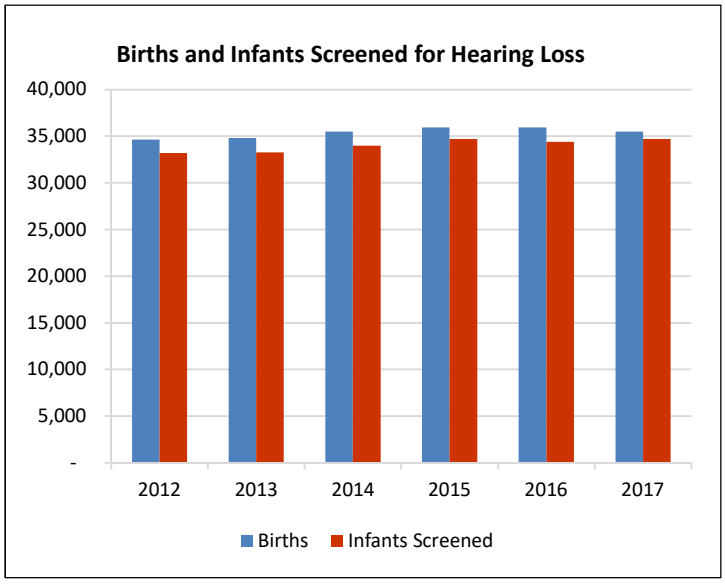
6.01 Early Hearing Detection and Intervention

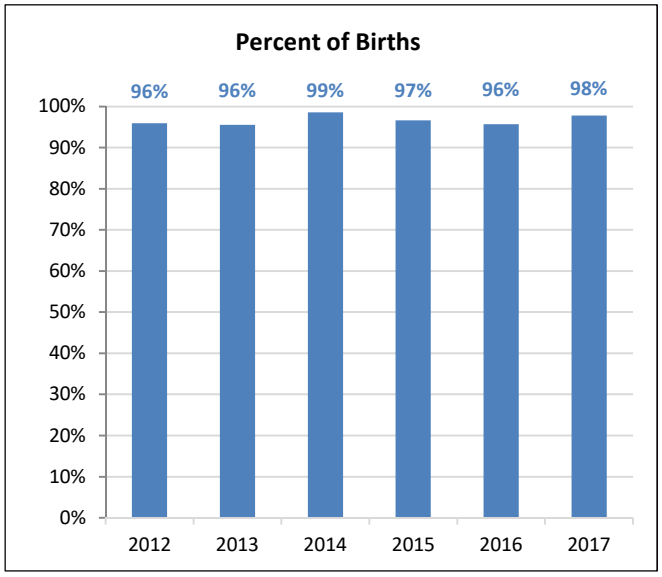
Program: The goals of the Nevada Early Hearing Detection and Intervention (EHDI) program are to ensure: 1) all infants are screened for hearing loss before one month of age, 2) referred infants receive diagnostic evaluation by three months of age, and 3) infants identified with hearing loss receive appropriate early intervention by six months of age. The negative effects of hearing loss can be substantially mitigated through early intervention which may include amplification, speech therapy, cochlear implants, and/or signing. EHDI works with birthing hospitals statewide, pediatric audiologists, and with Nevada Early Intervention Services to ensure infants are screened, identified, and enrolled into services within recommended time frames. The program partners with non-profits, hospitals, and audiologists to develop and update best practices and provide parents with education, support, and trained mentors. The program is entirely funded by grants from the Centers for Disease Control and Prevention (CDC) and the Health Resources and Services Administration (HRSA).

Eligibility: There are no eligibility requirements for newborn hearing screening. NRS 442.450 requires all hospitals in the state with 500 or more births per year to screen newborn infants' hearing prior to discharge. However, all birthing hospitals in the state, even those with less than 500 births per year, provide hearing screenings as a "Best Practice." All infants identified in the newborn hearing screening process with confirmed hearing loss are eligible for Early Intervention services.

Calendar Year	Births	Infants Screened	Percentage of Births
2012	34,623	33,195	95.9%
2013	34,820	33,268	95.5%
2014	35,507	33,969	95.7%
2015	35,945	34,713	96.6%
2016	35,935	34,384	95.7%
2017	35,474	34,690	97.8%
2018*			

* Calendar Year 2018 data is preliminary data.





Comments: * Calendar Year 2018 data: number of births and hearing screen data are still considered to be preliminary by either the Nevada Office of Vital Records or the Centers for Disease Control and Prevention. Calendar year 2018 data is too preliminary to report.

6.02 Immunization

Program: The goal of the program is to decrease vaccine-preventable disease through improved immunization rates among children, adolescents and adults. The Program collaborates with providers, schools, pharmacies, immunization coalitions and other stakeholders to improve immunization practices by enrolling providers into the State Program, ensuring compliance to all regulations, and by educating providers how to record vaccination data and monitor coverage rates in the state's immunization registry (NV WebIZ).

NV WebIZ: NV WebIZ is Nevada's statewide immunization information system (IIS). IIS are an integral part of immunization and public health activities. State law requires reporting of all immunizations administered in Nevada, including certain patient details; patients retain the right to opt-out of inclusion in the IIS. Data stored in NV WebIZ is used to support accurate and timely administration of vaccinations by medical providers, monitor and assess the use of publicly-funded vaccines, identify populations at risk in the event of a disease outbreak, support public health investigations, and drive programmatic planning, such as determining areas of low immunization coverage for targeted intervention.

Vaccines for Children Program (VFC): Any provider licensed by the State of Nevada to prescribe and administer vaccines may enroll as a participant in the VFC Program, as long as they serve the eligible population(s). The Program provides federally funded vaccines at no cost to these participants, who then administer them to eligible children. VFC-eligible children include those who are uninsured, Medicaid enrolled/eligible, or American Indian/Alaska Native; and, the family is also not charged for the cost of these vaccines. Additionally, children enrolled in the NV Check-Up insurance plan are provided state-funded vaccines through a contract with the Division of Health Care Financing and Policy.

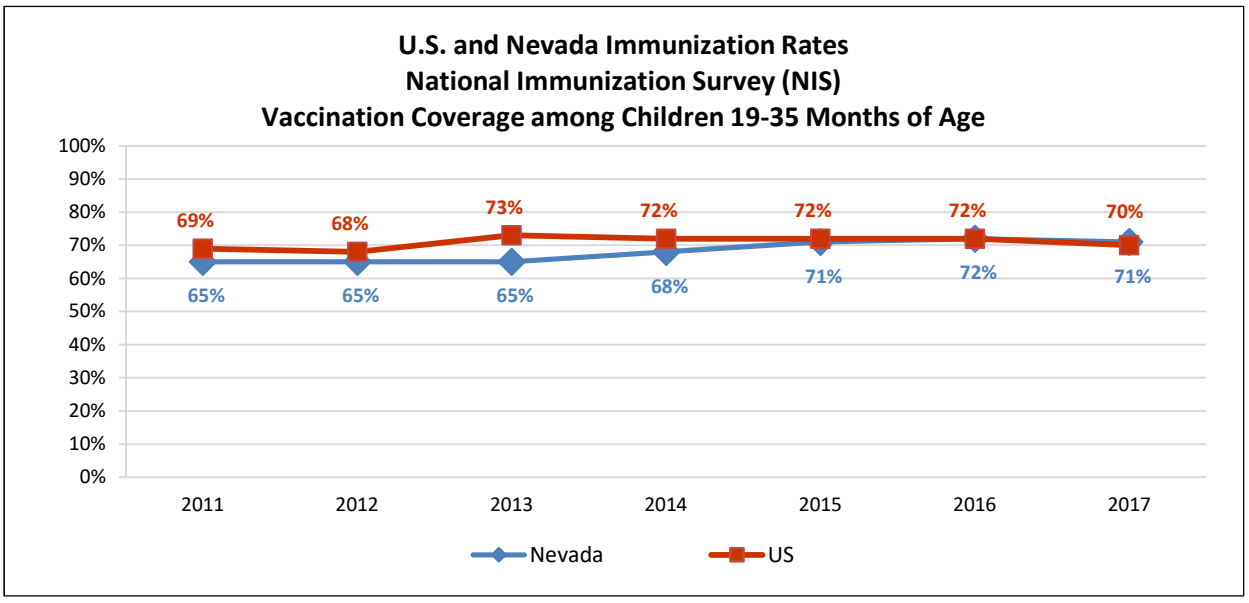
Program Participation:

Number of Providers Actively Participating in the Vaccines for Children Program (data as of 2/13/2019)	
Clark	155
Washoe	44
Carson/Rural	68

Nevada WebIZ Statistics (Current as of 1/8/2019)	
Clinics Using IIS	2,817
HC Providers Using IIS*	1,525
Active Users of IIS**	17,656

100% of Vaccines for Children participants are enrolled to enter their immunization data in Nevada WebIZ.

*One HC Provider may have multiple clinics represented in Nevada WebIZ.
**Within one clinic are multiple users of Nevada WebIZ.



Comments: Immunization series is 4:3:1:3:3:1:4 (4 DTaP, 3 Polio, 1 MMR, 3 Hib, 3 Hep B, 1 Varicella, 4 Pneumo).

Website: http://dpbh.nv.gov/Programs/Immunization/

6.03 Women, Infants, and Children (WIC) Supplemental Food Program

Program: The Special Supplemental Food Program for Women, Infants, and Children, commonly known as WIC, is a 100% federally funded program that provides nutritious foods to supplement the diets of limited income pregnant, postpartum and breastfeeding women, infants, and children under age 5 who have been determined to be at nutritional risk. At WIC participants get access to good healthy foods, advice on good nutrition, health screening, information on health care services like immunizations, prenatal care, and family planning, and information about other family support services available in their community.

Eligibility: Applicant must be (1) an infant or child under five years of age, (2) a pregnant woman, (3) a postpartum woman (up to 6 months after giving birth), or (4) a breastfeeding woman (up to the breastfed infants first birthday). Must be a Nevada resident and physically live in Nevada at the time of application. Must be at or below 185% of the federal poverty level. Last, but not least, the applicant must be at nutritional risk as determined by a Competent Professional Authority (CPA) at the WIC clinic.

Workload History:

Federal Fiscal Year	Total Expenditures	Average Caseload
FFY13	$14,124,298	73,746
FFY14	$14,590,684	72,872
FFY15	$12,768,079	71,706
FFY16	$16,128,002	71,930
FFY17	$14,441,869	66,943
FFY18 YTD	$10,180,180	62,451

Caseload FFY18 YTD:

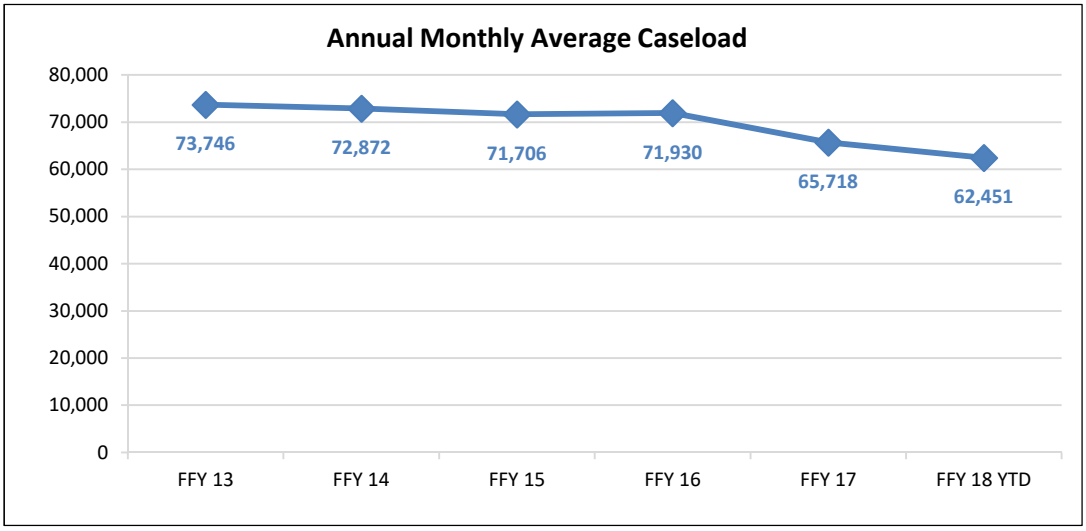
May	-
Jun	-
FFY18 Total	499,610
FFY18 Average	62,451



Comments: As one of the fastest growing states in the country, Nevada has experienced a WIC participation growth of 11 percent from FFY09 to FFY13. Further, food dollars expended for the WIC program for the same period has increased 16 percent.

The WIC program has completed its initiative through a contract with JP Morgan for the automation of the issuance of all WIC Benefits using Electronic Benefits Transfer (EBT). All participants can now use their new EBT card at any of WIC's 223 authorized grocery stores.

Website: www.nevadawic.org

6.04 Nevada Home Visiting Program

Program: The Nevada Home Visiting Program (NHV) aims to improve health, social, and academic outcomes for the most vulnerable young families in our state. NHV develops and promotes a statewide coordinated system of evidence-based home visiting supporting healthy child development and ensuring the safety of young children and family members. NHV provides home visiting services in eight (8) Nevada counties through Local Implementing Agencies (LIAs). Home Visiting has proven successful in Nevada in serving the highest need areas.

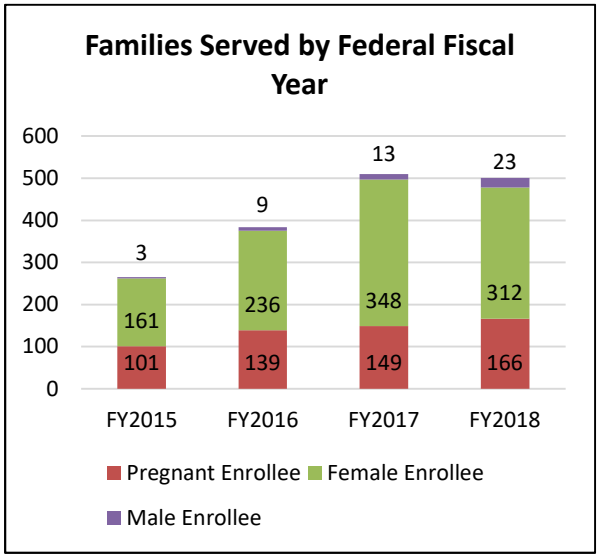
Models Implemented: ***Nurse Family Partnership (NFP***) – Implemented in Clark County to address the needs of first-time mothers. This program utilizes public health nurses to serve pregnant women from 28 weeks gestation until the child is two years old.

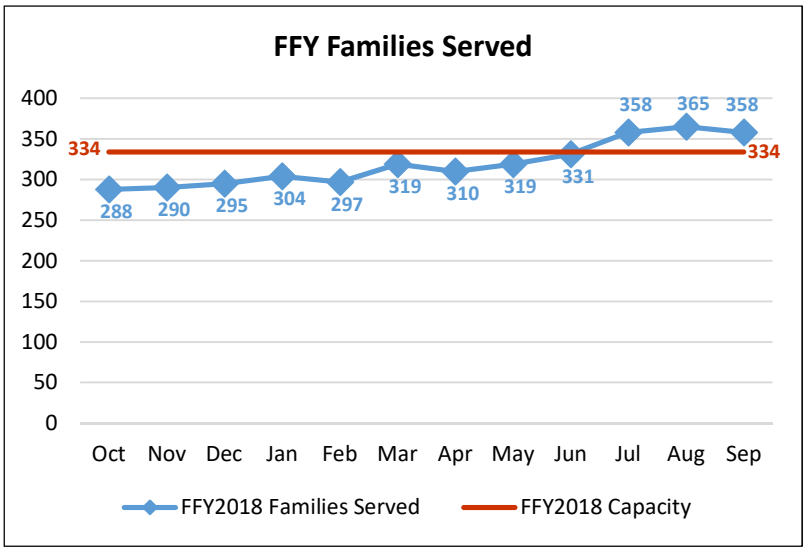
Early Head Start Home Based Option – This model is implemented in Clark, Washoe and Elko Counties and serves very low-income expectant mothers and families with children up to age three.

Home Instruction for Parents of Preschool Youngsters (HIPPY) – This model is implemented in Clark, Washoe, Nye, and Elko Counties. The model was selected based on school readiness data identified by the NHV needs assessment in the areas served.

Parents as Teachers (PAT) – This model is implemented in Lyon, Storey, Carson City, and Mineral counties. PAT was selected to serve a broad range of ages and needs in low population communities. Models with a narrower opportunity for enrollment do not meet all the needs in low population areas. This model provides service to expectant mothers and families with children up to kindergarten entry.

Authority: The Maternal, Infant, and Early Childhood Home Visiting (MIECHV) program is authorized through the Medicare Access and CHIP Reauthorization Act, Section 511 to Title V of the Social Security Act as amended by the Bipartisan Budget Act of 2018, title VI, Subtitle A.





The "Families Served by Fiscal Year" chart above shows the number of families served by NHV local implementing agencies. NHV has steadily increased family enrollment since FFY2015. In FFY 2017, Continuous Quality Improvement (CQI) efforts focused on improving family enrollment and retention in implementing agencies located in rural Nevada. The "FFY 2018 Families Served" chart demonstrates NHV's success in recruitment and retention of families served. Since June 2018, NHV has remained over capacity. In March 2019, NHV started a CQI project focusing on model fidelity adherence with local implementing agencies to ensure quality services are provided to enrolled families.

Comments: All NHV agencies ensure their community partners, referring agencies and enrollees are informed that the services are free to the family and voluntary.

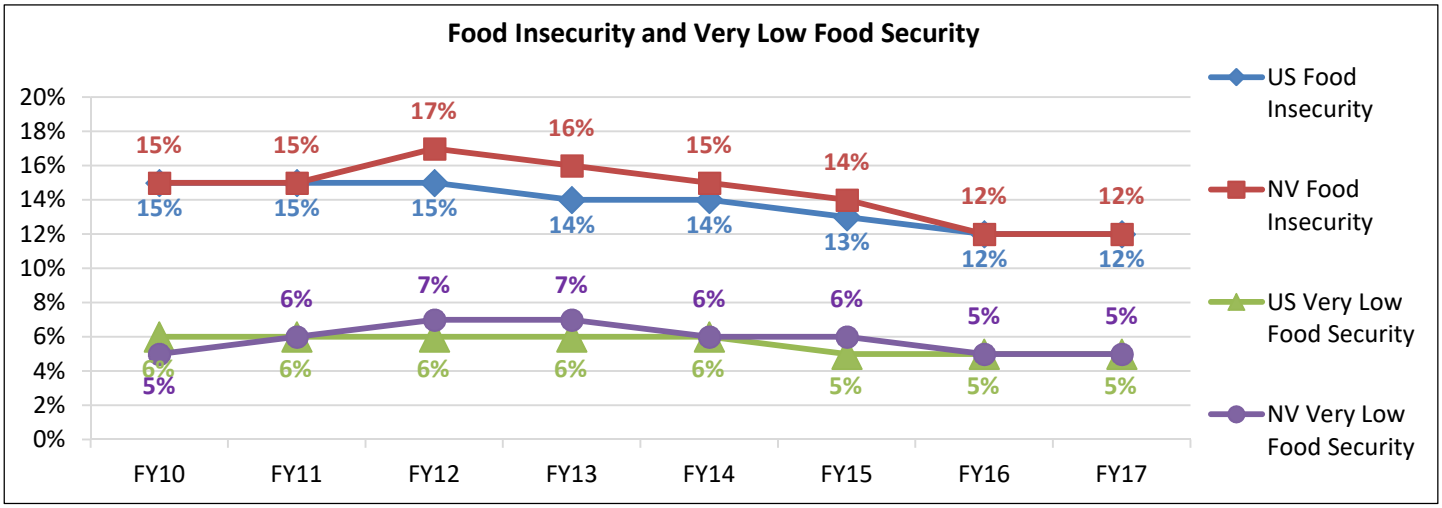
6.05 Office of Food Security

Program:

Improve the quality of life and health of Nevadans by increasing food security throughout the state, Governor Brian Sandoval issued an Executive Order on February 12, 2014 establishing the Governor's Council on Food Security within the Department of Health and Human Services' Office of Food Security. The Council was created to implement the goals of Food Security in Nevada: Nevada's Plan for Food Security in Nevada: Nevada's Plan for Action and effectively improve the quality of life and health of Nevadans by increasing food security throughout the State. The guiding principles of the Office of Food Security include:

- Incorporate economic development opportunities into food security solutions.
- Use a comprehensive, coordinated approach to ending hunger and promoting health and nutrition, rather than just providing emergency short-term assistance.
- Focus on strategic partnerships among all levels of government, communities, non-profit organizations, including foundations, private industries, universities, and research institutions.
- Use available resources in a more effective and efficient way.
- Implement research-based strategies to achieve measurable results.



Agency	Key Accomplishments:
DHHS Director's Office	• In 2015 established the Office of Food Security in the Department of Health and Human Services Chronic Disease Prevention and Health Promotion Section.
Governor's Office	• In 2014 established the Governor's Council on Food Security that links to and leverages regional and local community-based efforts.
Governor's Council on Food Security	• Researched and developed a menu of model policies/regulation options to promote food security in Nevada. Including breakfast after the bell programs and accountability reports for public schools. • In 2018, established a list of State and administrative policy recommendations to address food insecurity in Nevada.
NV Department of Agriculture	• In cooperation with a stakeholder group, drafted the Nevada School Wellness Policy to reflect current Federal School Wellness Policy Regulations. • In cooperation with a stakeholder group, developed a comprehensive community food supply assessment to determine what organizations, agencies and groups are providing services as well as the frequency and schedule of deliveries to determine efficiencies and opportunities for streamlining food distribution processes. • In cooperation with a stakeholder group, developed a comprehensive community food supply assessment to determine what organizations, agencies and groups are providing services as well as the frequency and schedule of deliveries to determine efficiencies and opportunities for streamlining food distribution processes. • Implemented SB 503, which mandates that all schools with 70% or greater free and reduced meal eligible students, must serve breakfast after the bell.
Office of Food Security	• Coordinated a statewide food security summit, Connections and Collaborations, to develop strategies for increasing collaboration among the Nevada food security network. • In collaboration with various partners, the Office of Food Security developed the Nutrition Programs for Older Nevadans and Preliminary Recommendations report, which identifies funding needs and options, projects the demand for services, and makes recommendations to strengthen the food security system to better serve this population. Recommendations were developed under three broad categories: policy, operations, and funding.

Website: http://dhhs.nv.gov/Programs/Grants/Programs/Food_Security/Food_Security/

6.06 Oral Health Program

Program:

The Community Preventive Services Task Force recommends school-based sealant delivery programs based on strong evidence of effectiveness in preventing dental caries (tooth decay) among children. Dental (pit and fissure) sealants contain clear or opaque plastic resinous material which is applied to the chewing surfaces of the back teeth to provide a protective barrier against decay causing bacteria. Dental sealants can last up to ten years and take as little as 15 minutes to apply. School-based sealant programs target schools in low socioeconomic status (SES) neighborhoods which are identified based on the percentage of children eligible for the federal free and reduced-price meal programs. Data shows that these programs increase the number of children who receive sealants either onsite at schools or offsite in dental clinics.

Community Health Alliance is a non-profit school-based sealant program that utilizes a mobile van to provide oral health education, sealants, and fluoride varnish to 2nd grade children in underserved schools in Northern Nevada (> 50 percent Free and Reduced Lunch (FRL)). They operate during the nine-month academic year.

Seal Nevada South is a non-profit school-based sealant program, administered through UNLV School of Dental Medicine (SDM). The program serves uninsured children in second through fifth grade in underserved schools (>50 percent FRL) in Southern Nevada. They operate during the nine-month academic year.

Future Smiles is a non-profit school-based sealant program that provides two types of delivery models: set locations in School-Based Health Centers for Education and Prevention of Oral Disease (EPODs) and mobile school-based locations utilizing portable equipment. Underserved schools (Title I with >50 percent FRL) in both Northern and Southern Nevada are now served year round during the twelve-month academic year.

Eligibility:

Eligibility is determined by the individual programs. (Please note: These Community-Based Organizations do not receive funding through the Division of Public and Behavioral Health for their sealant programs.)

Caseload History:

Program	Number of Schools			Children Served			Sealants Placed		
					SFY16	SFY17	SFY15	SFY16	SFY17
Community Health Alliance	24	25	24	563	609	467	1,451	1,562	1,219

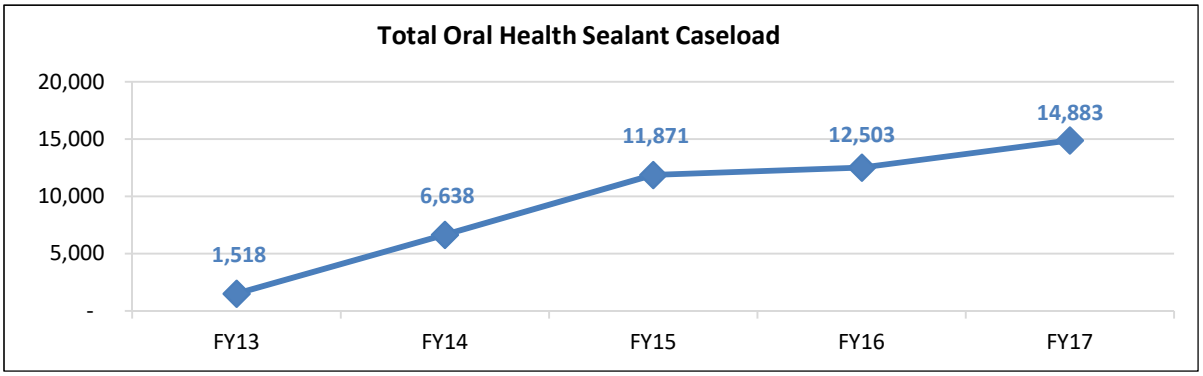
Total	59	68	89	2,698	4,447	5,665	11,871	12,503	14,883



Comments:

All programs are reporting individual teeth sealed per CDC recommendations.

Website:

http://dpbh.nv.gov/Programs/OH/OH-Home/

6.07 Vital Records and Statistics

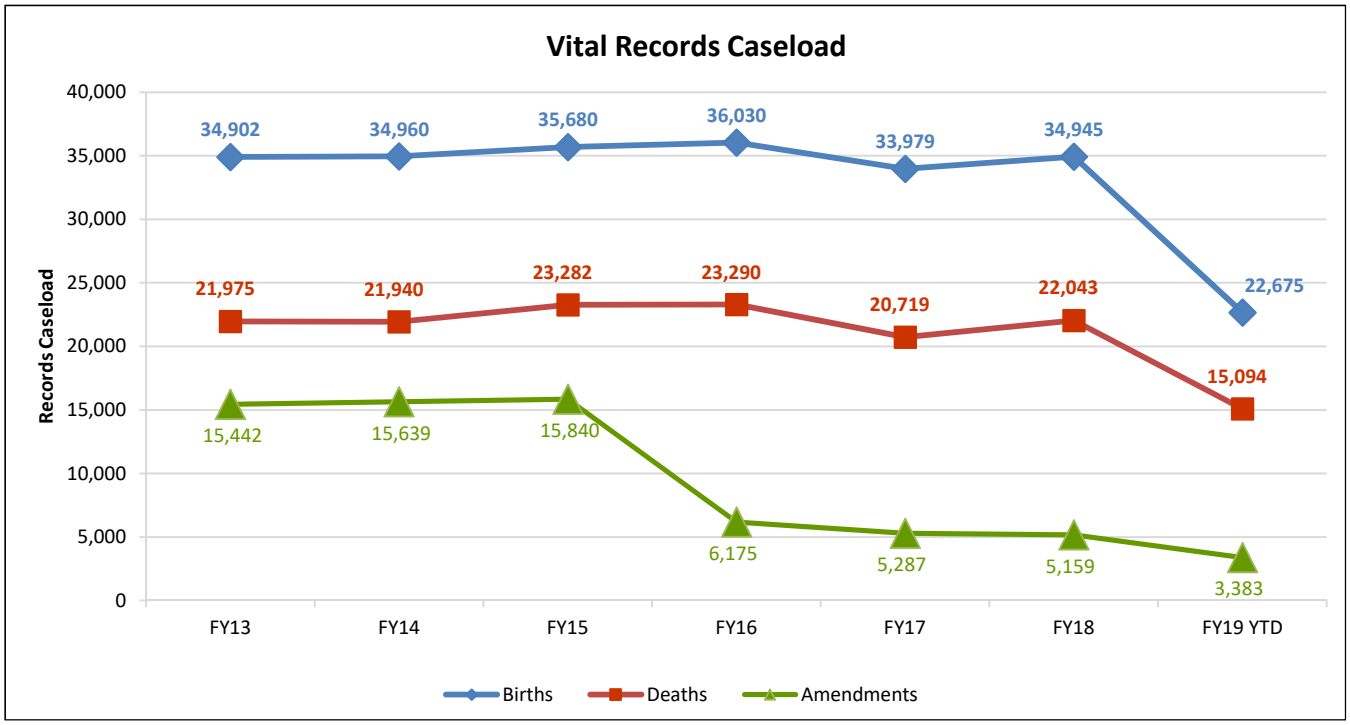
Program: The Office of Vital Records and Statistics administers the statewide system of Vital Records by documenting and certifying the facts of births, deaths and family formation for the legal purposes of the citizens of Nevada, participates in the national vital statistics systems, and responds to the needs of health programs, health care providers, businesses, researchers, educational institutions and the Nevada public for data and statistical information. The Office of Vital Records also amends registered records with required documentation such as court orders, affidavits, declarations and reports of adoptions per NRS and NAC 440. Amendments include corrections, alterations, adoptions and paternities.

Authority: Any person or organization that can provide personal or legal relationship or need for birth, death or statistical data is eligible for services. NRS 440

Caseload:

Fiscal Year	Births	Deaths	Amendment
FY13	34,902	21,975	15,442
FY14	34,960	21,940	15,639
FY15	35,680	23,282	15,840
FY16*	36,030	23,290	6,175
FY17	33,979	20,719	5,287
FY18	34,945	22,043	5,159
FY19 YTD	22,675	15,094	3,383

* Lower number of amendments as of 07/08/2015 due to staff shortage.



Comments: Current processing times for the Office of Vital Records:
- Birth registration – Average of 9 days
- Death Registration – Average of <7 days

Note: Amendment counts include hospital paternities.

Website: http://dphb.nv.gov/Programs/Office_of_Vital_Statistics/

6.08 Women's Health Connection Program

Mission: The goal of the WHC Program is to decrease cancer incidence, morbidity, and mortality by focusing on underserved populations who have due to health disparities.

Program: The Woman's Health Connection (WHC) Program has been a federally funded program through a cooperative agreement with the Centers for Disease Control and Prevention (CDC). The cooperative agreement is authorized for a 5-year period, and the current agreement began June 30, 2017. The purpose of the current funding is to increasing appropriate cancer screening services through provision of cancer screenings, eliminating barriers, and implementing key evidenced-based strategies; supporting state-wide cancer coalitions and cancer plans to inform strategic policy, systems and environmental changes; and collection and dissemination of cancer surveillance data with enhanced use of cancer data for state planning. WHC will utilize collaborative and coordinated approach to implement cancer prevention and control activities to reduce the burden of cancer in Nevada. Women diagnosed with breast or cervical cancer as a result of program-eligible screening or diagnostic service and who are legal citizens of the U.S. are processed into Medicaid for treatment. The program fiscal year is June 30 to June 29 of each year.

Note: WHC data has an approximate two month delay due to billing timelines.

Eligibility: Women must be residents of Nevada, be 40 years of age or above to receive breast cancer screening services and 21 years and above to receive cervical cancer screening services, have no Medicaid or Medicare Part B, are not a member of an HMO, or are underinsured or uninsured, and fall within 250% of federal poverty level.

Comments: As one of the fastest growing states in the country, Nevada has experienced a WIC participation growth of 11 percent from FFY09 to FFY13. Further, food dollars expended for the WIC program for the same period has increased 16 percent.

The WIC program has completed its initiative through a contract with JP Morgan for the automation of the issuance of all WIC Benefits using Electronic Benefits Transfer (EBT). All participants can now use their new EBT card at any of WIC's 223 authorized grocery stores.

Website: www.nevadawic.org

6.09 Community Health Nursing

Program: The Community Health Nursing program provides mandatory public health nursing in frontier and rural Nevada. Services include: Investigation and reporting of infectious diseases; Sexually Transmitted Infection (STI) control, prevention, and treatment; Human Immunodeficiency Virus (HIV) testing, counseling, and referral for treatment; Tuberculosis (TB) screening, control, prevention, and treatment; Vaccine clinics scheduled as needed for outbreaks; services necessary for public health emergencies without restriction; referrals to available services; and participation in Local Emergency Preparedness Committee (LEPC) meetings, Points of Distribution (PODS) exercises, and Board of Health meetings. Optional essential services are provided based on federal funding guidelines and include: Family Planning and Reproductive Health; Preventive health care; Adult and childhood immunizations (may be limited based on funding for private stock vaccines); Breast and cervical cancer screenings; Laboratory testing; Early Periodic Screening, Diagnosis, and Treatment (EPSDT) exams; Topical fluoride varnish treatments; Outreach and education; and Women, Infants, and Children (WIC) services. One Community Health Nurse serves as the school nurse in a rural district that does not have a school nurse. Other nursing services are provided based on the needs of the county served.

Eligibility: There are no restrictions on individuals accessing Community Health Services (CHS). Targeted populations include: low income; underinsured or uninsured; and individuals in frontier and rural geographic areas that have little or no healthcare access requiring long distance travel. CHS services are based on the federal poverty guidelines using a discounted sliding scale fee structure. Services are not denied due to inability to pay.

Comments: Community Health Nurse caseloads are generally decreasing due to clinics dispensing method controls for nine-month time frames instead of monthly. CHN numbers represent clients served.

Website http://dpbh.nv.gov/Programs/ClinicalCN/Clinical_Community_Nursing_-_Home/

6.10 Environmental Health Services Program

Program: The Environmental Health Services program promotes optimal wellness in frontier and rural Nevada through the delivery of food safety inspections which provides early detection of threats to public health.

Other: The Environmental Health Section (EHS) manages 19 programs which involve those aspects of public health concerned with the factors, circumstances, and conditions in the environment or surroundings of humans that can exert an influence on health and well-being. EHS has five offices throughout the State to provide services to rural counties. The majority of the workload focuses on food establishments. EHS inspects all food establishments, except for those in Carson City, Douglas County, Washoe County, and Clark County.

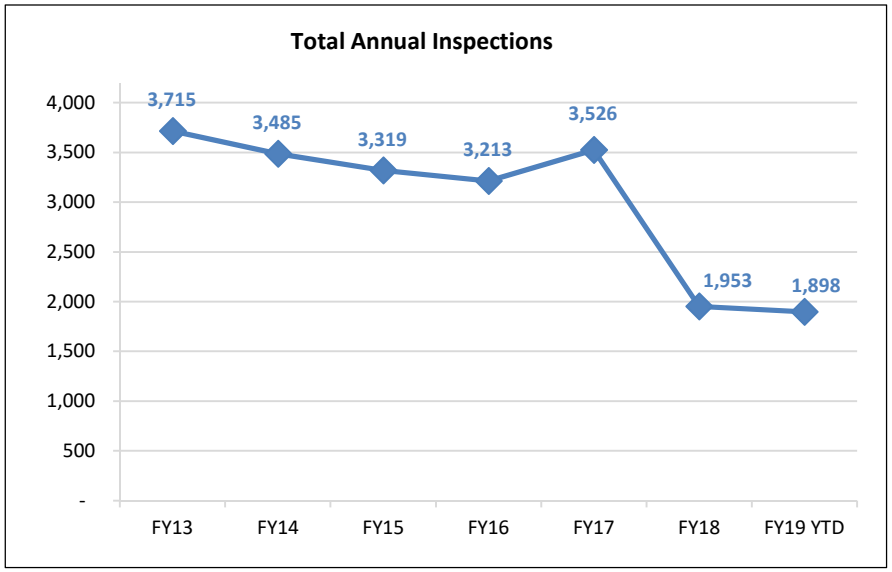
Jun	-
FY 18 Tot	**1,898**
FY 18 Avg.	**237**



Comments: Health inspections decreased in FY14 due to the transfer of approximately 550 Douglas County permits to Carson City Health and Human Services. Two EHS positions were eliminated as a result of the decrease in workload. Effective July 1, 2015, Southern Nevada Health District will provide environmental health services at the campuses of higher learning in Clark County. This will decrease EHS inventory by approximately 161 food establishments for FY16.

FY17 shows a positive increase in inspections due to efficiency and open positions being filled.

FY18 notes: August 2017 EHS conducted 159 non-mandated inspections at the Burning Man event (totals not included with mandates above)

Website: http://dpbh.nv.gov/Reg/Environmental_Health/

6.11 Sexually Transmitted Disease Program

Program:

The Sexually Transmitted Disease (STD) Prevention and Control Program's major function is to reduce the incidence and prevalence of sexually transmitted diseases in Nevada. The program emphasizes the importance of both education and screening of people who engage in high-risk activities by a comprehensive program of: 1) case identification and locating, 2) testing and treatment, and 3) education. The program's functions are achieved by working through public and private medical providers, local health authorities, and state and local disease intervention specialists.

Trends:

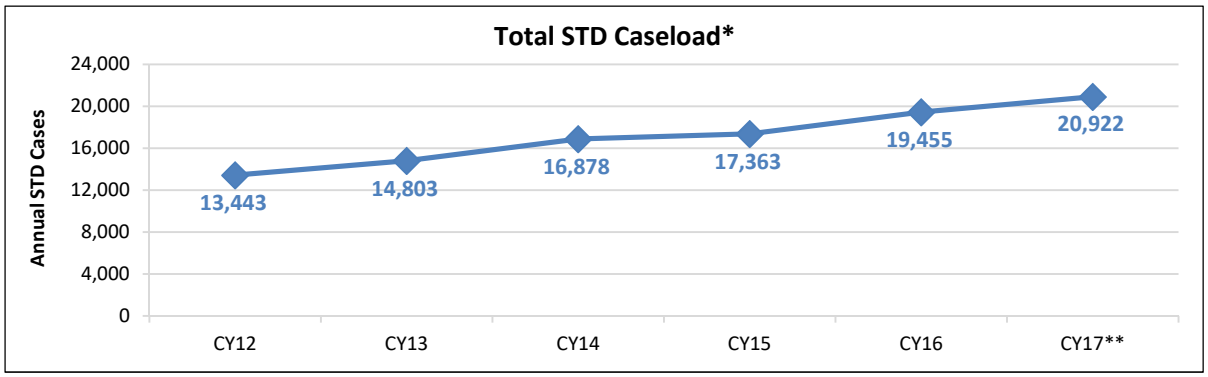
For CY 2017-Q1 through Q4, there were 15,117 reported chlamydia cases, 5,241 reported gonorrhea cases, and 564 reported primary and secondary (P&S) syphilis cases in Nevada, for a total of 20,922 STD cases. Comparing CY 2017 to the previous reporting year, Chlamydia cases increased by 3.1%, gonorrhea cases increased by 19.6%, and P&S syphilis cases increased by 35.6%. Overall, the total number of reported STDs (chlamydia, gonorrhea, and P&S syphilis) in Nevada increased by 7.5% from 2016 to 2017. Historically, the number of chlamydia and gonorrhea cases reported in Nevada increase minimally from year-to-year, and the number of reported P&S syphilis cases fluctuates from year-to-year.

The total number of reported **chlamydia** cases in Nevada increased from 11,666 in 2013 to 15,117 in 2017, a 29.6% increase during this five-year period. The rate of chlamydia in 2017 in Nevada was 514.97 cases per 100,000 population based on 2017 population projections from the Nevada State Demographer-vintage 2017 data. Nevada is above the national chlamydia rate of 497.3 cases per 100,000 population, as reported by the 2016 CDC STD Surveillance Report.

The total number of reported cases of **gonorrhea** in Nevada has increased from 2,700 in 2013 to 5,241 in 2017, a 94.1% increase during this five-year reporting period. The gonorrhea rate in Nevada in 2017 was 178.54 cases per 100,000 persons based on 2017 population projections from the Nevada State Demographer-vintage 2017 data. Nevada is above the national gonorrhea rate of 145.8 cases per 100,000 population, as reported by the 2016 CDC STD Surveillance Report.

The total number of reported cases of P&S **syphilis** in Nevada has increased from 204 in 2013 to 5,241 in 2017, a 176.5% increase during this five-year reporting period. The P&S syphilis rate in Nevada in 2017 was 19.21 cases per 100,000 persons based on 2017 population projections from the Nevada State Demographer-vintage 2016 data. Nevada was higher than the national P&S syphilis rate of 7.5 cases per 100,000 population, as reported by the 2015 CDC STD Surveillance Report.

Previously, Nevada experienced a syphilis outbreak, with 40 P&S syphilis cases reported in 2004 and 109 P&S syphilis cases reported in 2005. The number of cases reported peaked in 2006, with 137 total P&S cases reported in the state (132 cases reported in Clark County). In 2006, Nevada had the highest rate of congenital syphilis in the United States at 42.6 cases per 100,000 live births and 15 total reported cases.



*Includes Chlamydia, Gonorrhea, and Primary and Secondary Syphilis. **CY17 = 01/01/2017-12/31/2017 data as of January 24, 2018. Counts maybe an underestimated due to reporting delays.

Analysis of Trends:

From 2013 to 2017 there has been a 43.6% increase of reported cases during this five-year reporting period. Compared to a 47% increase of reported cases for the 2012 - 2016 five-year reporting period. Nationally, there has been an increase in STDs as well. Increased access to care, testing, and preventive screenings through the Affordable Care Act may account for the increase in reported cases. Increased utilization of electronic lab reporting has reduced reporting delay.

http://dpbh.nv.gov/Programs/Office_of_Public_Healh_Informatics_and_Epidemiology_%28OPHIE%29/

6.12 Ryan White AIDS Drug Assistance Program

Program: The Ryan White Part B Program is a federally funded grant that offers may services for People Living with HIV (PLWH) in Nevada who meet the eligibility criteria. The AIDS Drug Assistance Program (ADAP) is the Ryan White CARE Program that combines federal and state funds to supply formulary medications to clients. If a client has existing health coverage, the Ryan White Program will pay monthly premiums and medication co-pays. If a client does not have health insurance, ADAP will assist with access to medications. Enrollment into the Ryan White B Programs, including ADAP, is done by five (5) subrecipients of Ryan White Part B funds throughout the state.

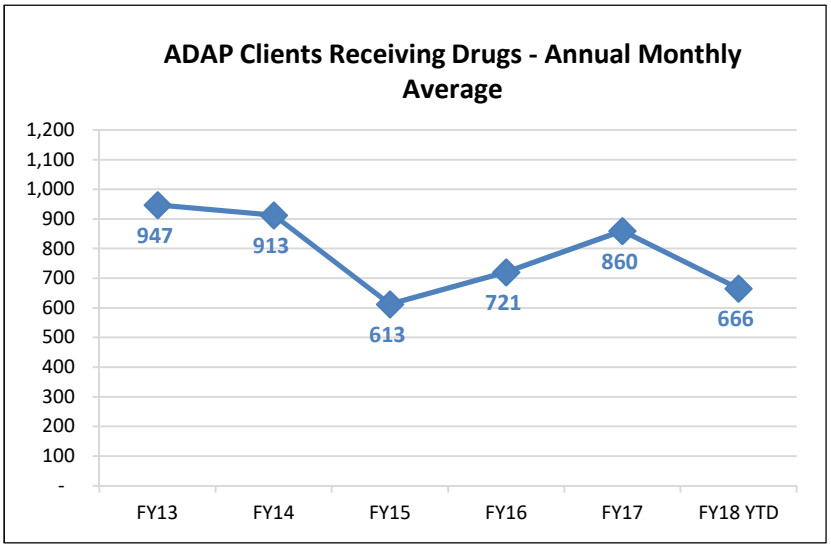
Eligibility: The client's household income must not exceed 400 percent of Federal Poverty Level guidelines - $48,500 for a single person. A Ryan White Part B client must live within the State of Nevada and must be recertified every six months.

Workload History:

State Fiscal Year	Avg. Cases/Month	Total Expenditures
FY13	947	$9,748,380
FY14	913	$9,809,082
FY15	613	$6,863,624
FY16	721	$12,552,751
FY17	860	$11,437,158
FY18 YTD	666	Not Yet Available

FY18 YTD:

Jul 17	685
Aug	594
Sep	653
Oct	690
Nov	691
Dec	685
Jan 18	844
Feb	859
Mar	899
Apr	878
May	901
Jun	666
FY18 YTD Total	**9054**
FY18 YTD Avg.	**754**



Comments: The program has been successful in transitioning Ryan White clients into the health insurance Marketplace and Medicaid during each Open Enrollment. This greatly reduces the burden to the program for costs of medications. Ryan White Part B is funded to provide core and supportive services beyond medication assistance.

Website: http://dpbh.nv.gov/Programs/HIV/HIV_and_AIDS_Prevention_-_Home/

6.13 HIV-AIDS Prevention Program

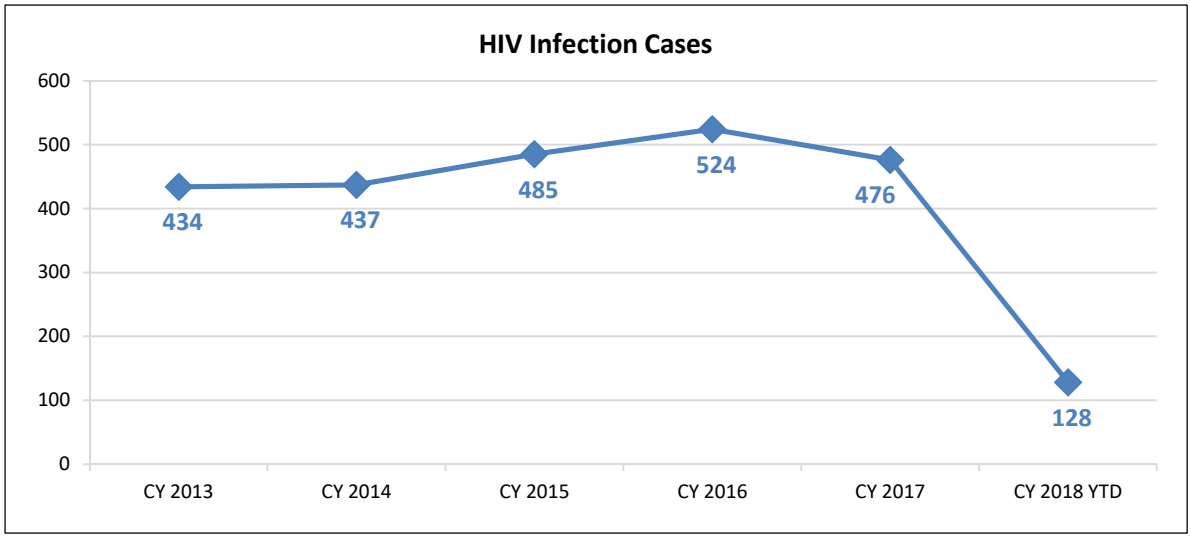
Program: The Human Immunodeficiency Virus (HIV) Prevention Program facilitates a process of jurisdictional HIV prevention planning. At present, the Division of Public and Behavioral Health funds Southern Nevada Health District (SNHD), Washoe County Health District (WCHD), and Carson City Health and Human Services (CCHHS) to provide Centers for Disease Control (CDC) HIV prevention core services, such as HIV testing to high-risk populations, Partner Services, and to ensure condoms are available to populations most at-risk for HIV. Additionally, the HIV Prevention Program provides HIV testing supplies and condoms to the Community Health Nursing Program to support HIV testing in the rural areas of the state. The Division of Public and Behavioral Health's HIV Prevention also provides funding for social marketing campaigns, HIV prevention information dissemination, and data collection.

Eligibility: There are no eligibility requirements. It is our mandate to reduce HIV infections in Nevada, and this is accomplished by providing services to everyone. Some community based programs do require that participants meet criteria as outlined in the curriculum, i.e. target population or risk factors.

Other: Please note that the HIV Prevention Program is funded on a calendar year basis and therefore, data and expenditures for this report are reported on the calendar year, not fiscal year. The increase in new HIV infections can be directly attributed to new targeted HIV testing strategies, targeting those most at-risk for acquiring HIV.

Workload History:

Calendar Year	Total HIV Cases	Total Funding
2013	434	$2,294,816
2014	437	$2,140,521
2015	485	$2,149,542
2016	524	$2,097,536
2017	476	$2,093,342
2018 YTD	128*	$2,689,974



Comments: The HIV Prevention Program is funded by a grant from the Centers for Disease Control and Prevention on a calendar year basis; therefore, data contained in this document is reported annually and year to date.

*Data past 2018 only reflects data from the HIV Prevention Program, and not HIV Surveillance which tracks data state-wide vs. programmatically.

Website: https://endhivnevada.org

6.14 HIV Surveillance Program

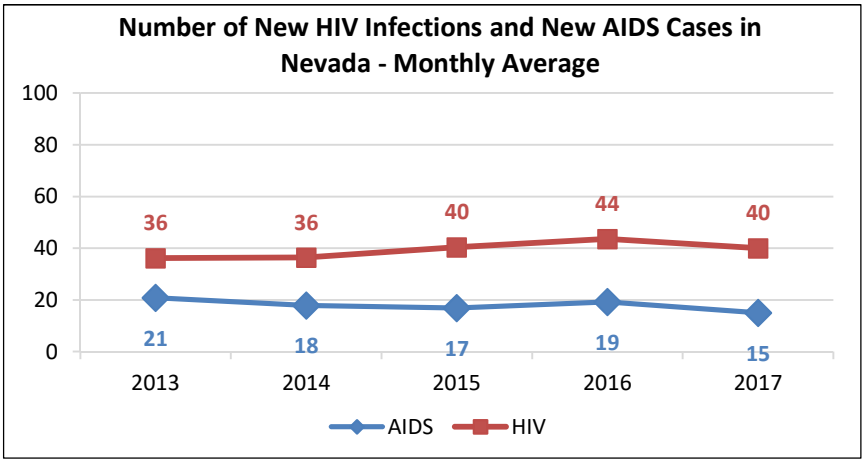
Program: The mission of the HIV-AIDS Surveillance Program is to work with the local health authorities and the medical community to prevent and control the transmission of the Human Immunodeficiency Virus (HIV) and the development of an annual integrated HIV/AIDS epidemiological profile; the dissemination of HIV/AIDS data to HIV community planning groups and other agencies and the public to help target HIV prevention activities; and training and technical assistance to local health authorities and community-based organizations that assist in HIV/AIDS surveillance activities. The Program's functions are achieved through collaborative relationships with public and community-based organizations, local health authorities, clinical laboratories, community members, and other key stakeholders.

Eligibility: There are no eligibility requirements. The State HIV/AIDS Program tracks all new HIV/AIDS cases reported and persons living with HIV/AIDS including cases from other states and jurisdictions who move to Nevada. Incidence (new cases) and prevalence (old and new cases) are reported separately. Statutory authority – NRS 441A and NRS 439.

Other: Primary workload indicators for federal funding include the number of new HIV and AIDS cases reported annually and the number of persons living with HIV/AIDS in Nevada (prevalence data). Demographic information of HIV/AIDS cases (county, sex, race/ethnicity, age, exposure category) is reported to track disease trends and to provide information to community planning groups to better allocate local resources and to target HIV/AIDS prevention activities.

Workload History:

Calendar Year	Average AIDS Monthly Caseload	Average HIV Monthly Caseload
2013	21	36
2014	18	36
2015	17	40
2016	19	44
2017	15	40



Comment: Though it is difficult to accurately identify the reasons for an increase in reported HIV, it is likely a result of: 1. Increased targeted testing; 2. Better HIV case finding; and 3. Improved access to care. In 2013, Nevada's HIV Surveillance Program began receiving and processing electronic lab reports coincides with the 2016 increase of newly diagnosed HIV cases. This capacity allows for accurate real time identification of HIV cases. In conjunction with improved electronic lab reporting, the 2016 increase of identified HIV stage 3 (AIDS) cases could in part be attributed to the modification of an existing law which took effect at the end of 2015, requiring all HIV related tests to be reported.

6.15 Nevada Central Cancer Registry

Program: The primary purpose of the Statewide Cancer Registry is to collect and maintain all reportable cancer cases that occur in Nevada. This data is used to evaluate the appropriateness of measures for the prevention and control of cancer and to conduct comprehensive epidemiological surveys of cancer and cancer related deaths. Statutory Authority: NRS 457

Eligibility: No eligibility required. This is a population-based Registry collecting data for all cancer cases diagnosed in Nevada.

Other: The figures in this report reflect actual cancer (in-situ and invasive cancer) incidence data submitted annually to the Centers for Disease Control and Prevention/National Program of Cancer Registries. This submission follows a 23-month delay to capture all relevant cases.

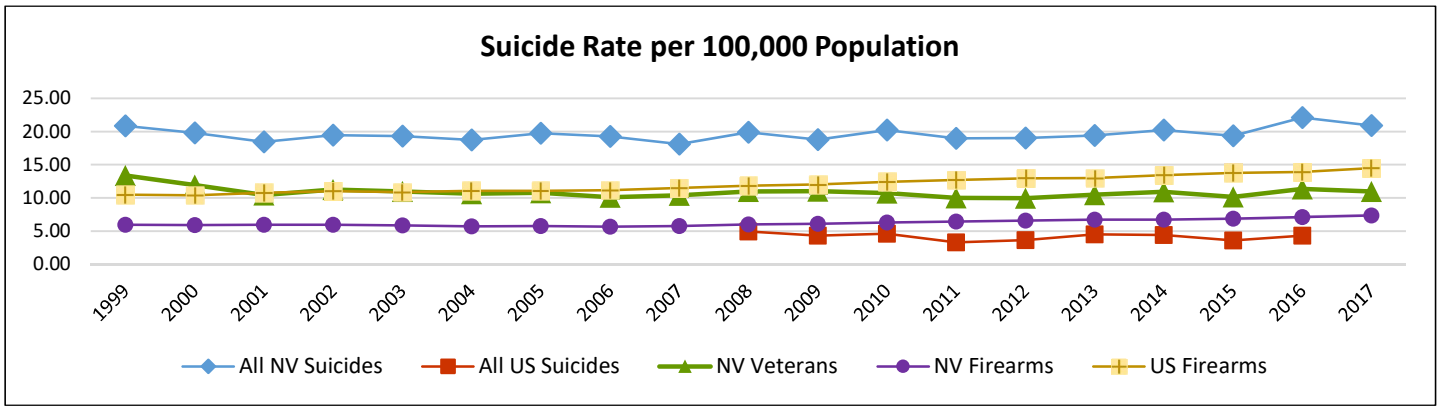
6.16 Office of Suicide Prevention

Program The Nevada Office of Suicide Prevention (NOSP) is the clearinghouse for suicide prevention information and education in Nevada. The Suicide Prevention Coordinator, Northern Suicide Prevention Training/Outreach Facilitator, along with the Suicide Prevention Assistant are located, in Reno. The Southern Suicide Prevention Training/Outreach Facilitator and YMHFA Program Assistant are located in Las Vegas. This team is responsible for the development, implementation, and evaluation of the 2017-2019 Nevada Suicide Prevention Plan. A major initiative is following up on the Veterans' Suicide Mortality and US Department of Veterans Affairs suicide reports through collaboration with Nevada National Guard, the Nevada Substance Abuse Prevention and Treatment Agency (SAPTA), the Governor's Office, and the Nevada Department of Veterans Services, to prevent suicides among service members, veterans, and families. Collaboration for awareness, prevention, and intervention is occurring in all regions of the state. With strong partnership in local coalitions, school districts, and the Nevada Coalition for Suicide Prevention. Some of our most successful initiatives are with partners in Signs of Suicide middle/high school suicide awareness curriculum and screening programs statewide, GateKeeper, Suicide Alertness for Everyone, Youth and Adult Mental Health First Aid, and Applied Suicide Intervention Skills Trainings. NOSP is staff to Nevada's Committee to Review Suicide Fatalities which makes statewide recommendations. NOSP is also making great strides toward increasing awareness about addressing access to lethal means through the Suicide-Proof Your Home, Securing Firearms Education and The 11 Commandments of Gun Safety. Collaboration with Nevada School Districts on education requirements through safeTALK training is occurring in partnership with the Nevada Department of Education. Zero Suicide and Crisis Now initiatives are in the forefront currently to improve the continuum of care in healthcare systems and community crisis response and triage.



Comments/Facts about Suicide:

- 2017, Nevada went from 2nd in 2005 to 11th highest suicide rate in the nation, out of the top 10, 2nd time (2015)*
- 2017 Nevada had a suicide rate of 20.91, 2016 was 22.11 per 100,000 compared to national rate of 14.28 in 2017*
- Suicide is the 8th (7th/2016) leading cause of death for Nevadans and 10th leading cause of death for the US*
- Suicide is the 1st leading cause of death for NV ages 12-19 and the 2nd leading cause of death in the US ages 12-20*
- Suicide is the 2nd leading cause of death for NV age 20-48 and is the 4th leading cause of death in the US, 20-48*
- 2017 males make up 83.26 percent of suicide fatalities in the U.S., 69.54 percent in Nevada down from 75 in 2016*
- Historically NV has the highest suicide rate (31.87) for 65+ in USA, over double the national rate (15.46)**
- Historically more Nevadans die by suicide than by homicides (221)/motor vehicle accidents (357) combined (2017)**
- Historically Native Americans have the highest suicide rate among ages 16 to 24, US rate 20.16 and Nevada 17.45**
- Historically, (10yrs) 70.6% of Nevada's firearm deaths are suicides/guns are used in 53.5% (52.5%) in NV suicides**
- 2014 Veterans were 18% of US suicides, in NV 08-15 21.2%, 21.8% in 14, 18.63 in 15, down from 24.4% in 08****
- Between 1999/2017 the US increased 38.43% in its rate, NV increased its rate .14%/the lowest state increase*
- In 2017 Nevada potentially lost 11,797 years of human life from our residents ages under 65 from taking their lives*

6.17 Medical Marijuana Cardholders

Program: The Medical Marijuana Registry program (MMR) administers the portions of NRS 453A and NAC 453A that pertain to individual marijuana registry cardholders. The program evaluates and processes applications from Nevadans whose physicians have certified that they have a qualifying medical condition. The issuance of an MMR card exempts the cardholder from state prosecution for possession, delivery, or production of marijuana or drug paraphernalia, however, marijuana possession is limited to 2.5 ounces per 14-day period. Patient registry cards must be renewed annually or bi-annually as recommended by a Healthcare Provider. Primary caregivers to a patient with a qualifying medical condition may also receive MMR cards. The program is funded by application fees received from new and existing cardholders.

Authority: Individuals can apply for the registry and, if found eligible, are approved for issue of an identification card to show approval, within limitations, for the cultivation and use of the Cannabis plant for personal use. Eligibility is determined through physician certification of a qualifying medical condition, acceptable criminal background check, and Nevada residency. NRS 453A.

Cardholder Processing Tasks Performed by Staff			
Year	**Initial Application Requests Received***	**Registrations Received****	**Renewals Received*****
FY13	2,183	1,694	2,175

Definitions: During the Legislative Session 2017, the fee structure changed. For a registry identification card or letter of approval which is valid for 1 year, $50. For a registry identification card or letter of approval which is valid for 2 years, $100.

* Requests for Initial applications: **This fee is no longer applicable** as of SFY 2018. Patient submits a request for an application with the required $25.00 fee (reduced on 4/1 from $50.00).

** Registrations: **This fee is no longer applicable as of SFY 2018.** Patient submits completed application including attending physician statement and $75.00 application fee (reduced on 4/1 from $150.00).

***Renewals: **This fee is no longer applicable as of SFY 2018.** Patients that are registered are required to renew their enrollment each year and submit a $75.00 renewal fee (reduced on 4/1 from $150.00).

Note: The reported data starts in FY10 as no reliable data for FY09 was available.

Website: http://dpbh.nv.gov/Reg/MM-Patient-Cardholder-Registry/MM_Patient_Cardholder_Registry_-_Home/

6.18 Medical Marijuana Establishments

NOTE: Program moved to the Department of Taxation as of July 1, 2017 (State Fiscal Year 2018).

Program: The Nevada Medical Marijuana Program is a state registry and licensing program within the Nevada Department of Health and Human Services, Division of Public and Behavioral Health. The role of the program is to administer the provisions of the Medical Use of Marijuana law as defined in NRS and NAC 453A. The program is to carry out the regulations for all aspect related to medical marijuana establishments which are defined as dispensaries, cultivation facilities, facilities for the production of edible marijuana products or marijuana-infused products, and independent testing laboratories. Average time requirements for inspection/audits are as follows: Pre-opening = 12 hours (6 hours per person); Routine/Annual = 8 hours (4 per person); Dispensary Opening = 7 hours (3.5 per person).

Authority: Statutory Authority: Nevada Constitution, Article 4, Section 38. Use of plant genus Cannabis for medical purposes and NRS 453A, Medical Use of Marijuana.

Type	Provisional Certificates Issued	Establishment Applications Received
Cultivation	182	183
Dispensary	55	199
Laboratory	17	18
Production	118	119
Total	**372**	**519**

Provisional Certificates Issued by County and Type						
Type	Establishment County					
	Carson City	Churchill	Clark	Nye	Storey	Washoe

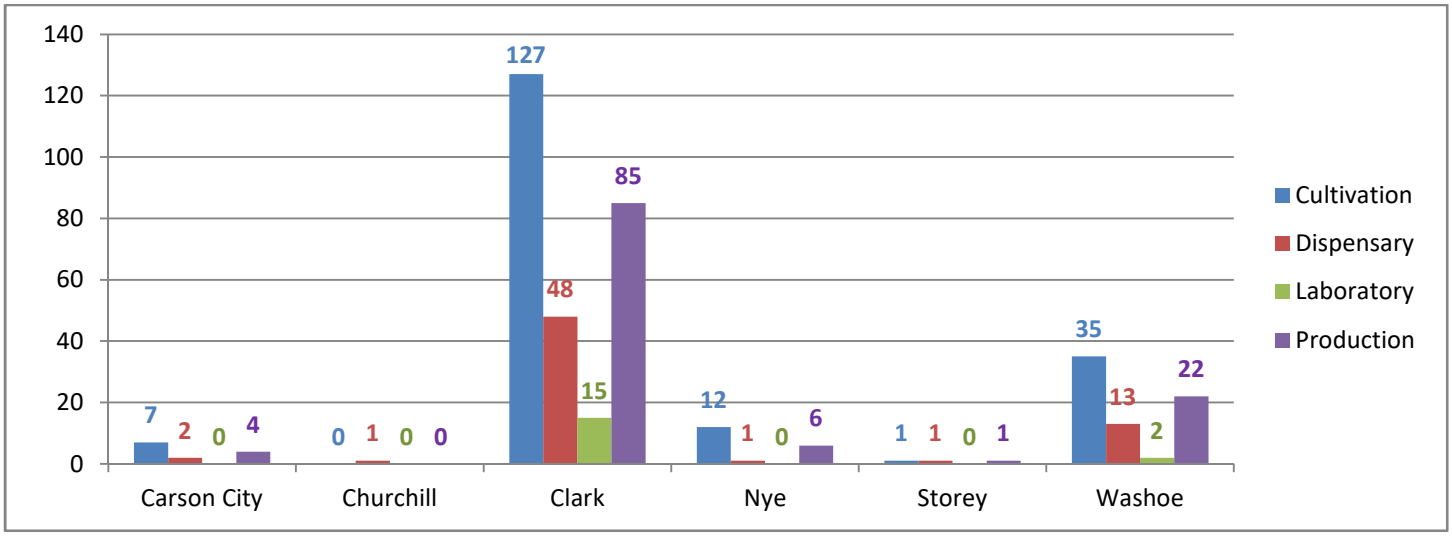
Laboratory	0	0	15	0	0	2
Production	4	0	85	6	1	22
Total	**13**	**1**	**275**	**19**	**3**	**72**



Comments: Each establishment application required a $5,000 non-refundable fee.

Website: http://dpbh.nv.gov/Reg/MME/MME_-_Home/

6.19 Substance Abuse Prevention and Treatment Agency (SAPTA)

Program: The Substance Abuse Prevention and Treatment Agency (SAPTA) provides funding via a competitive process to non-profit and governmental organizations throughout Nevada. It does not provide direct substance abuse prevention or treatment services. The Agency plans and coordinates statewide substance abuse service delivery and provides technical assistance to programs and other state agencies to ensure that resources are used in a manner which best serves the citizens of Nevada.

Eligibility: All funded programs must not discriminate based on ability to pay, race/ethnicity, gender or disability. Additionally, programs are required to provide services utilizing a sliding fee scale that must meet minimum standards.

Other: SAPTA is the designated Single State Agency for the purpose of applying for and expending the federal Substance Abuse Prevention and Treatment Block Grant (SAPTBG) issued through the Substance Abuse and Mental Health Services Administration (SAMHSA).

Treatment History:

SFY	Admissions	Total Expenditures
FY11	11,190	$17,282,217
FY12	11,503	$16,948,67
FY13	11,907	$15,237,284
FY14	9,716	$12,806,806
FY15	8,715	$11,703,634
FY16	1,754	$15,895,148
FY17	947	$16,056,887
FY18	1,764	$5,826,973

Comments: Total expenditures include payments to providers for the following services: Treatment (adult and adolescent), HIV, TB, Women's set-aside, Co-occurring, Marijuana Registry, and Liquor Tax. The year-to-date numbers reported for expenditures are from DAWN as of 07/1/15 representing approximately a one month lag in fiscal reporting.

SAPTA funded programs serve a number of clients funded by Medicaid dollars but these numbers are not included in this report. Since 2014, the numbers of clients admitted to SAPTA programs and funded by SAPTA is declining as provider's transition to Medicaid and other third party payers. This primarily impacts outpatient services since these are the services typically reimbursed by Medicaid and the Managed Care Organizations. Detox admissions in the last quarter increased dramatically. This is due to erratic reporting by some providers caused by the change from the NHIPPS electronic health record to other EHRs (i.e. Avatar, Awards, and others). SAPTA is working with the detox providers and other providers to develop a plan of action to collect consistent and reliable data.

Website: http://mh.nv.gov/Meetings/SAPTA_Program_Page/

6.20 Health Care Quality and Compliance

Program: The mission of the Bureau of Health Care Quality and Compliance (HCQC) is to promote the safety and welfare of the public through regulation, licensing, enforcement and education. The Bureau accomplishes its mission by evaluating the quality of health care provided to residents/patients of medical facilities, medical laboratories and facilities for the dependent, issuing licenses to certain allied health professionals, such as medical laboratory personnel, dietitians and music therapists and conducting kitchen and pool inspections in health facilities. This is accomplished through on-site inspections of facilities and complaint investigations. The Bureau disseminates regulatory information and provides education, for the public, other governmental entities and providers as well as partnering with industry groups.

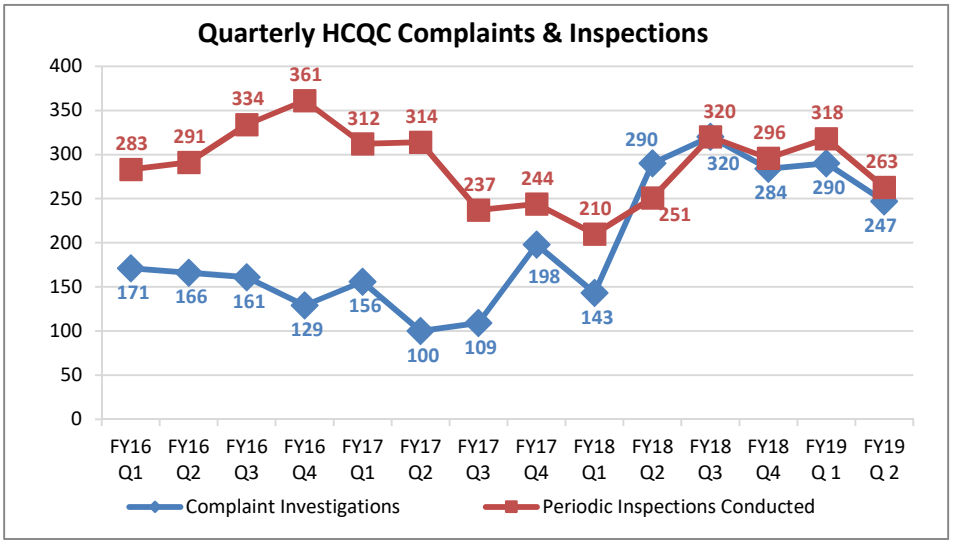
Authority: NRS Chapters 449, 652, 640D and 640E address licensing, certification, permits, complaint investigations and periodic inspection criteria for Health Facilities (449), Medical Laboratories and Personnel (652), Music Therapists (640D) and Dietitians (640E).

Other: The Bureau of Health Care Quality and Compliance has two offices, one in Carson City and one in Las Vegas and services the entire state including rural areas. The main workload for the Bureau is processing of applications, complaint investigations and periodic inspections.

History:

Fiscal Year	Health Facility Applications Received	Allied Health Personnel Applications Received	Complaints & Entity Self-Reported Incidents Received
FY13	2,499	7,240	3,353
FY14	2,594	6,340	3,080
FY15	2,606	7,543	3,031
FY16	2,895	7,406	2,727
FY17	3,403	8,421	2,767
FY18	3,843	8,086	3,769
FY19 Q1-2	2,522	4,216	1,965

FY 19 YTD	Complaint Investigations	Periodic Inspections Conducted
Jul 18	78	85
Aug	130	103
Sep	82	130
Oct	110	99
Nov	73	72
Dec	64	92
Jan 19	-	-
Feb	-	-
Mar	-	-
Apr	-	-
May	-	-
Jun	-	-
FY 18 Total	**839**	**781**
FY 18 Avg.	**93**	**87**



Analysis of Trends: The number and types of periodic inspections fluctuate from month to month, based on inspection due dates and available resources. The frequency of periodic inspections is different depending on the facility type and are either found in NRS, NAC, agency policy or CMS's mission priority document. Complaints are triaged and assigned a priority based on the allegations; investigations are then scheduled based on priority and availability of resources.

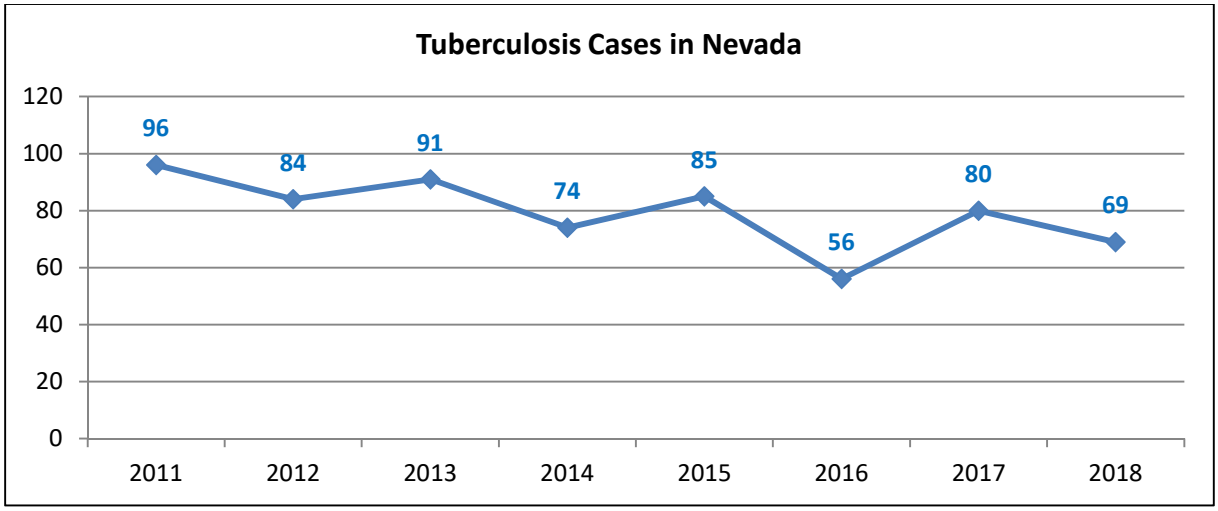
Website: http://dpbh.nv.gov/Reg/Health_Laboratory_and_Child_Care_Licensure/

6.21 Tuberculosis Prevention, Control and Elimination

Program: Nevada's Tuberculosis (TB) Program is located within the Office of Public Health Informatics and Epidemiology. Statewide, the TB Program is comprised of: the DPBH, three local health authorities (Clark County, Washoe County and Carson City), the state public health laboratory, the DPBH Rural Community Health Services, the Department of Corrections, and all agencies, organizations and health professionals interested in advancing Nevada's progress toward improving our TB elimination and control efforts. These stakeholders provide TB prevention and control services e.g.; testing, treatment, education and surveillance activities for the residents within their jurisdictions. This program manages the federal funding provided to Nevada which helps support the state and local TB programs' infrastructure, operating expenses, testing, prevention, and outreach activities and operates within the Office of Public Health Informatics Epidemiology budget account 3219/14.

Authority: NRS 441A.340 through NRS 441A.400 and NAC 441A.350 through NAC 441A.390 address the responsibilities that the state, county and local health care providers are required to perform in order to promote and protect the well-being of Nevada's citizens and visitors by preventing, controlling, tracking and treating tuberculosis in Nevada. Similar statutes and regulations addressing the public health threat posed by tuberculosis are found throughout the United States and its territories.

Other: The State of Nevada's Tuberculosis (TB) Program continues to address its mission: reducing TB incidence by the aggressive management of newly diagnosed cases and extensive preventative measures to identify and treat those infected with TB. In 2018, Nevada had 69 reported verified cases of TB; the previous two-year counts were 80, in 2017, and 55, in 2016. Focusing on prevention, the State TB Program in Nevada is undertaking the challenge of controlling TB incidence in the increasing number of non-U.S.-born individuals who come to the United States, particularly, Nevada. These non-U.S.-born individuals are often infected with M. tuberculosis, a condition that may reactivate and progress into active TB disease. In 2018, 78% of cases were non-U.S.-born individuals, comparable with 79% in 2017, and increased from 71% in 2016. To assist with the prevention of reactivation into active TB disease in this high risk population, the State of Nevada TB Program performed several outreach activities in 2018, and it has several activities planned for 2019.



*CY17 data includes the time period of 01/01/2017 - 12/31/2017. Information taken from NBS and reflects data pulled up to 1/18/2018.

Website: http://dpbh.nv.gov/Programs/TB/Tuberculosis_%28TB%29_Prevention,_Control_and_Elimination_Program_-Home/
http://dpbh.nv.gov/Programs/TB/Tuberculosis_(TB)_Prevention,_Control_and_Elimination_Program_-Home/

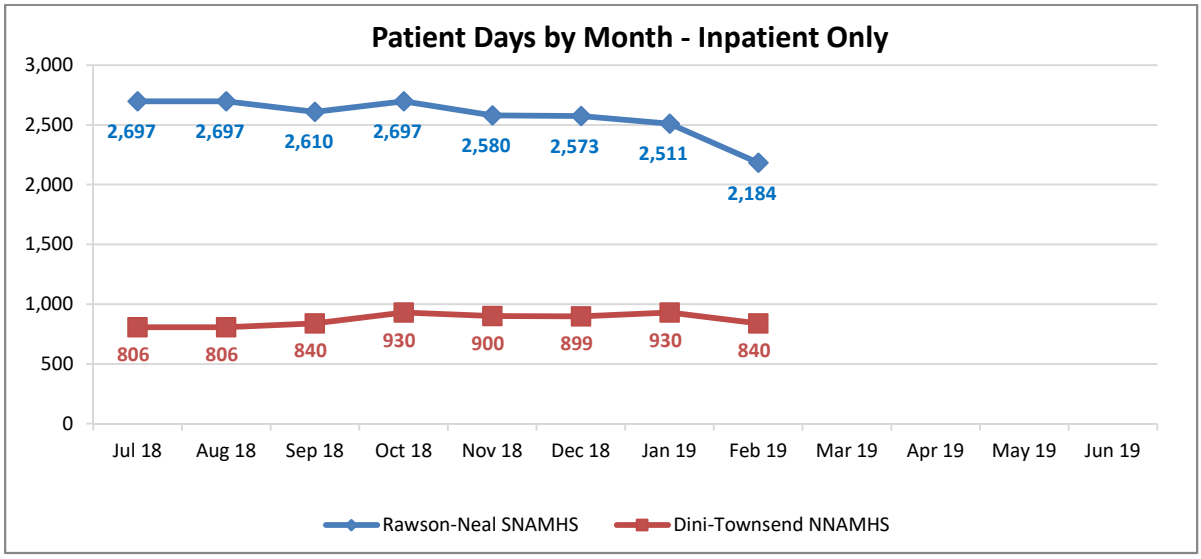
6.22 Civil Behavioral Health Services

Program: Behavioral Health Services are offered statewide. The urban areas have hospital-based programs for crisis stabilization at Dini-Townsend & Rawson-Neal Hospitals. Other services include the Mobile Outreach Safety Team (MOST) in urban Washoe & Clark Counties, & now in Carson City; Justice Involved Diversion outpatient programs (JID); Medication Clinics; Mental Health Court, Counseling, Care Coordination; Assessment Services; Program for Assertive Community Treatment (PACT); and Residential Services. Additionally, provision of outpatient services occurs statewide.

Eligibility: With expanded Medicaid, services are for those individuals who cannot access care through their insurance, and/or have other extenuating circumstances. Inpatient services are a short-term safety-net to stabilize individuals who are acutely-ill and are presenting as a danger to self and/or others, per NRS. Those with Severe Mental Illness (SMI) are given priority for Outpatient services by all mental health agencies. All agencies serve primarily indigent clients, and all clients are assisted in applying for qualified insurance programs while in the program.

FY19 YTD:

Month	State Total	Rawson Neal	Dini Townsend
Jul 18	3,503	2,697	806
Aug	3,503	2,697	806
Sep	3,450	2,610	840
Oct	3,627	2,697	930
Nov	3,480	2,580	900
Dec	3,472	2,573	899
Jan 19	3,441	2,511	930
Feb	3,024	2,184	840
Mar			
Apr			
May			
Jun			
FY19 YTD Avg.	**3,438**	**2,569**	**869**



Comments: Behavioral Health services are a collaborative effort and an increasing volume is being served outside of the DPBH direct- service providers. This is a positive change with the plan to encourage more capacity in the community and reduce care by DPBH where possible.

Website: http://dpbh.nv.gov/

6.23 Forensic Behavioral Health Services

Program:

Lake's Crossing Center (LCC) and now Stein Hospital are the only forensic behavioral health facilities serving clients in the state of Nevada. The program provides treatment for severe mental illness and other disabling conditions that interfere with a person's ability to proceed with their adjudication or return to the community after having been found not guilty by reason of insanity/incompetent without probability of attaining competence. The program provides a broad spectrum of treatment interventions.

Mental Health Court is a collaboration between the Mental Health and Criminal Justice systems. This program provides opportunity for people with misdemeanor and minor felony criminal charges who would benefit from psychiatric treatment to be diverted from the standard criminal justice system if they participate in treatment. It is a service coordination model.

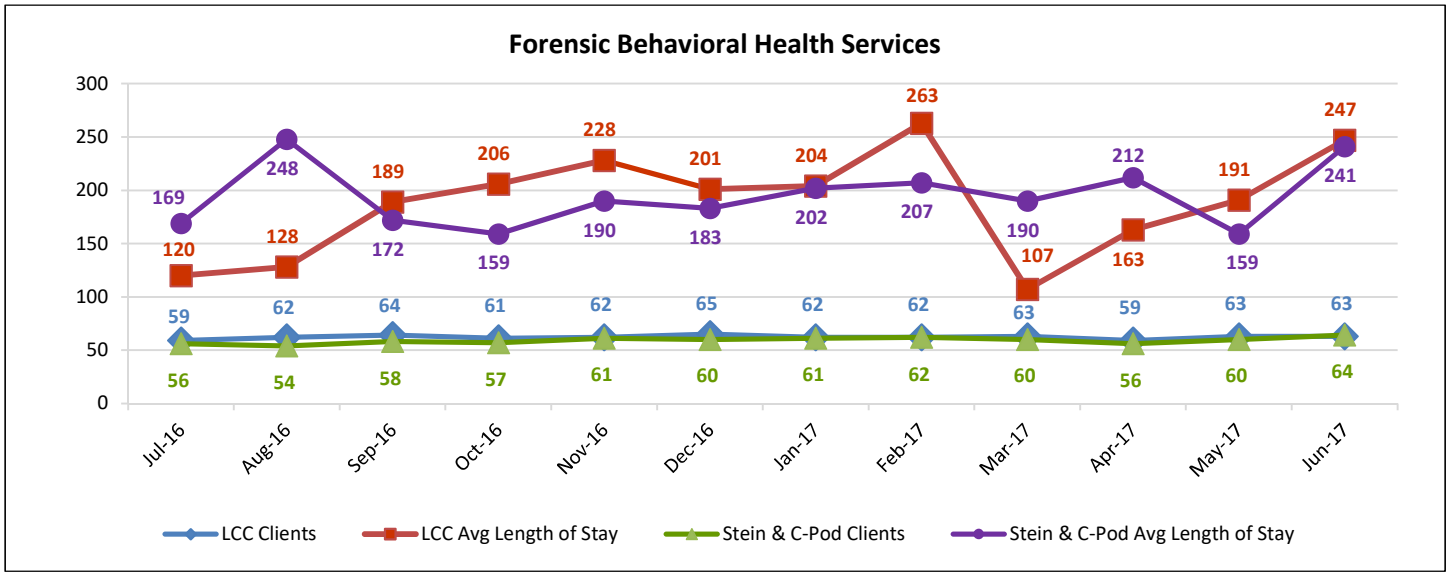
Eligibility:

Clients are admitted to the inpatient program, at either Lakes Crossing Center or Stein Hospital, primarily by court order after a pre-commitment examiner has recommended them incompetent to stand trial and recommended treatment to competency. Occasionally a client without charges is administratively transferred to this program because they cannot be treated elsewhere. These services are supported by State General Fund.

Clients are admitted to Mental Health Court services by criminal justice courts.

Workload History:

Month	Statewide Forensic Caseload	LCC Clients	LCC Clients Average Length of Stay	Stein & C-Pod Clients	Stein Average Length of Stay
Jul 16	115	59	120	56	169
Aug	116	62	128	54	248
Sep	122	64	189	58	172
Oct	118	61	206	57	159
Nov	123	62	228	61	190
Dec	125	65	201	60	183
Jan 17	123	62	204	61	202
Feb	124	62	263	62	207
Mar	123	63	107	60	190
Apr	115	59	163	56	212
May	123	63	191	60	159
Jun	127	63	247	64	241
FY17 Avg.	**121**	**62**	**187**	**59**	**194**



Comments:

The table above represents the trends in number of evaluation and restoration clients and average length of stay for each facility, Lake's Crossing Center in Sparks, and Stein Hospital in Las Vegas.

Page left intentionally blank

7.01 Public Defender

Program: Representation of indigent adults and juveniles charged with a criminal offense or delinquent acts in a participating county and Attorney General prosecuted criminal matters in those counties. The office also represents parents whose children have been removed from the home by DCFS.

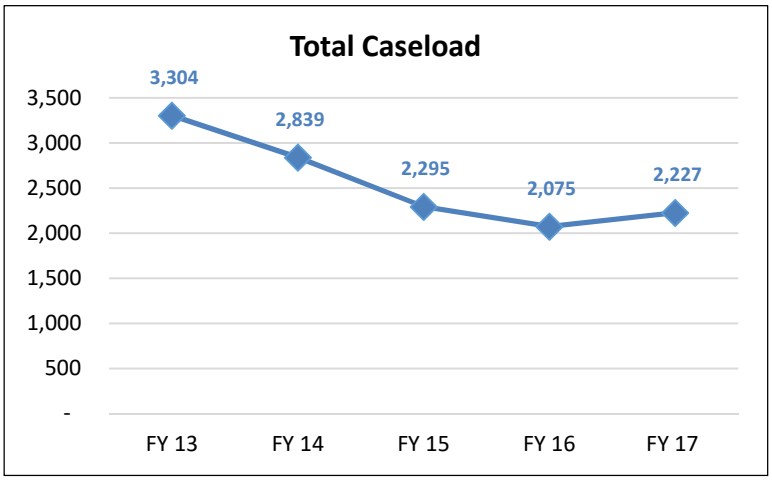
Eligibility: The court determines eligibility considering income, expenses, personal property, and outstanding debt. The potential client must be at risk of receiving a sentence of confinement. If the defendant does not have the liquid assets to retain private counsel for the specific type of case, the court will consider appointing the public defender. The defendant may be required to reimburse the county for the services of the public defender.

Workload History:

Fiscal Year	Cases
SFY13	3,304
SFY14	2,839
SFY15	2,295
SFY16	2,075
SFY17	2,227
SFY18	2,050
SFY19 YTD	1,052

Caseload Fiscal FY19 YTD:

Carson City	2,058
Storey	69
State	100
Total SFY19 YTD	**2,227**



Comments: The case numbers are declining because the method which we used to count the number of cases to which we were appointed changed. We used to count all of the different crimes charged against one client as separate cases. Now, we only count the most serious charge against one client as one case, with the exception of domestic violence and driving under the influence which are always counted as separate cases.

Website: http://dhhs.nv.gov/Resources/PD/Public_Defender.htm

Page left intentionally blank

NOTE: The data in this document comes from many sources. For the sake of consistency, a uniform ordinal ranking system has been adopted, with 1 indicating the best ranking and 50 indicating the worst. Where relevant, the final column of each table contains an icon to indicate how the ranking has changed from the previous year: improvement (▲), worsening (▼), or no change (=).

Population/Demographics

- Nevada's **estimated population** as of July 1, 2016 is 2,940,058. *(U.S. Census Population Estimates)*
  - By Gender: Males 50.3 percent, Females 49.7 percent. *(U.S. Census, American Community Survey)*
  - By County: Clark 73 percent, Washoe 15 percent, Carson City 2 percent, and Balance-of-State 10 percent. *(Nevada State Demographer, Estimates by County)*

- **Population growth** - From 2015 to 2016, Nevada's population grew 2 percent, which was the 2rd fastest behind Utah. From 2014 to 2015 it was the 3rd fastest growing state. It had been among the top four fastest growing states for each year from 1984-2007. *(U.S. Census)*

- **Age distribution** - Nevada's population distribution varies slightly compared to the U.S. average. *(U.S. Census)*

Population by Age	Under 5 years	5 to 17 years	18 to 24 years	25 to 34 years	35 to 44 years	45 to 54 years	55 to 64 years	65 to 74 years	75 years and over

Economy

- In 2017, Nevada's **personal income per capita** was $44,626 ranking 33rd among states (38th in 2013, 37th in 2014, 32nd in 2015, and 33rd in 2016). The per capita income for the U.S. as a whole was $50,392. The U.S. average is 13 percent higher than Nevada (13 percent in 2016 and 12 percent in 2014). From 2003 thru 2007 Nevada's **personal income per capita** exceeded the U.S. average due to our outsized housing boom. *(U.S. Bureau of Economic Analysis)*

- The Kaiser Family Foundation measures **state economic distress** by taking into account the number of foreclosures, the change in the unemployment rate, and the change in the number of people receiving food stamps. Nevada's ranking for 2016 is 19th. Nevada ranked 6th highest in foreclosure rate after leading the nation for many years. Nevada ranked 2nd in the largest drop in unemployment rate among all 50 states. Nevada had the 11th highest **unemployment rate level** in the country in 2017. Nevada ranked 10th in change in food stamp participation. *(Kaiser Family Foundation, State Health Facts)*

- In June 2017, Nevada's **foreclosure rate** was 1 of every 1,265 homes is currently under foreclosure. This is ninth highest in the nation. New Jersey was the worst state with 1 of every 607 homes in foreclosure. The U.S. average was 1 of every 1,789 homes. Nevada has consistently ranked top 10 worst for foreclosures since the housing crisis began. (*RealtyTrac* & *Bankrate*)

- Nevada's **average annual unemployment rate** has continued to decrease, but has remained above the national rate. *(U.S. Bureau of Labor Statistics)*

Unemployment Rate		2008	2009	2010	2011	2012	2013	2014	2015	2016	2017

Note: The Consolidated Federal Funds Report (CFFR) is no longer published. The U.S. Census Bureau replied that any current information is not comparable.

Medicaid

- For FFY 2016 Nevada's **Medicaid spending per capita** is among the lowest in the nation. *(National Association of State Budget Officers, State Expenditure Report; U.S. Census, Annual Population Estimates)*

Medicaid Expenditures		FFY07	FFY08	FFY09	FFY10	FFY11	FFY12	FFY13	FFY14	FFY15	FFY16	
Nevada	$ per capita	$487	$435	$504	$561	$573	$703	$715	$714	$1,000	$1,097	
	Rank	50	50	50	50	50	49	49	39	36	44	
United States	$ per capita	$1,016	$1,021	$1,092	$1,170	$1,280	$1,246	$1,331	$1,331	$1,593	$1,675	

- Historically, Nevada ranked low in providing **Medicaid coverage to pregnant women**; Nevada had the 13th lowest eligibility rate at 165 percent of poverty as of January 2018. *(Kaiser Family Foundation, State Health Facts)*

- Nevada's **Medicaid nursing facility spending** was $60 per person in 2009, ranking 50th among all states. The U.S. average is $168. *(AARP Public Policy Institute, Across the States 2012)*

- Nevada's **Medicaid Home and Community Based Services (HCBS) spending** for older people and adults with physical disabilities was 36 percent of Medicaid long-term care expenditures in 2014. Nevada ranked 21st and the US national average is 36 percent. *(AARP Public Policy Institute, Across the States 2014)*

- In Nevada, the **costs** of many health care services for the elderly are above the national average. *(Genworth, Cost of Care Survey 2017)*

Costs of Care, Average Median Annual Expense		Homemaker Services	Adult Day Care	Assisted Living Facility (private 1 bdrm)	Nursing Home (semi-private room)	Nursing Home (private room)
Nevada	$	$50,336	$19,500	$40,800	$87,600	$99,463
	Rank	25	21	38	26	25
United States	$	$47,934	$18,200	$45,000	$85,775	$97,455

Child Care

- Of families that receive subsidized childcare, the percentage of these families with a **$0 co-payment** is higher in Nevada than the U.S. average. *(U.S. Dept. of Health and Human Services, Administration for Children and Families, Child Care Bureau)*

Families with $0 Copay		FFY06	FFY07	FFY08	FFY09	FFY10	FFY11	FFY12	FFY13	FFY14	FFY15	FFY16
Nevada	%	15%	18%	23%	23%	25%	18%	23%	29%	33%	32%	25%
United States	%	24%	23%	21%	20%	23%	21%	21%	21%	20%	19%	20%

- The **average family co-payment** for subsidized childcare as a percent of family income is lower in Nevada than the average nationwide. *(U.S. Dept. of Health and Human Services, Administration for Children and Families, Child Care Bureau)*

Average Family Co-Payment as a % of Income		FFY07	FFY08	FFY09	FFY10	FFY11	FFY12	FFY13	FFY14	FFY15	FFY16	
Nevada	%	6%	6%	5%	3%	4%	3%	3%	3%	3%	3%	
	Rank	34	32	25	18	17	11	8	13	12	10	▲
United States	%	5%	5%	5%	5%	5%	5%	5%	5%	5%	6%	

  - Note that a rank of 1 indicates that state has the lowest average family co-payment as a percent of income.

Food Insecurity

- Nevada's **food insecurity** (lack of access by all people at all times to enough food for an active, healthy life) is lower than the national average. *(U.S. Dept. of Agriculture, Economic Research Service)*

Food Insecurity		2007	2008	2009	2010	2011	2012	2013	2014-2016 avg.	
Nevada	%	10%	12%	13%	15%	15%	17%	16%	12%	
	Rank	24	34	25	31	35	43	40	21	▲
United States	%	11%	12%	14%	15%	15%	15%	15%	13%	

- The percentage of Nevadans experiencing **very high food insecurity** (at times during the year, the food intake of household members was reduced and their normal eating patterns were disrupted) recently eclipsed the national average. *(U.S. Dept. of Agriculture, Economic Research Service)*

Very Low Food Security		2007	2008	2009	2010	2011	2012	2013	2014-2016 avg.	
Nevada	%	4%	5%	5%	5%	6%	7%	7%	5%	
	Rank	27	33	25	28	34	43	43	21	▲
United States	%	4%	5%	5%	6%	6%	6%	6%	5%	

- Nevada's **food stamp participation rate** (percent of eligible population that receives benefits) has recently increased substantially but remains lower than the national average. *(U.S. Dept. of Agriculture, Food and Nutrition Service)*

Food Stamp Participation Rate		2006	2007	2008	2009	2010	2011	2012	2013	2014	2015	
Nevada	%	53%	51%	50%	56%	62%	69%	66%	64%	65%	81%	
	Rank	49	38	49	46	48	42	48	50	48	33	▲
United States	%	67%	65%	66%	72%	75%	79%	83%	85%	83%	83%	

- Between February 2014 and February 2015, the number of Nevadans receiving **food stamps** increased by 3.1 percent, giving Nevada the fourth fastest growing caseload nationwide. The national average year-over-year increase was -4.7 percent. *(U.S. Dept. of Agriculture, Food and Nutrition Service Program Data)*

- During 2016, the percentage of Nevada's **families who received food stamps** was higher than the average for the U.S. *(U.S. Census, American Community Survey)*

Households Receiving Food Stamps During Last 12 Months		2006	2007	2008	2009	2010	2011	2012	2013	2014	2015	2016
Nevada	%	4%	4%	4%	5%	10%	11%	13%	12%	12%	13%	13%
United States	%	8%	8%	8%	8%	12%	13%	14%	13%	13%	13%	12%

- For FFY15, Nevada's **average monthly food stamp benefit** per person was $119.37 and per household was $235.50. The national averages were $124.45 and $254.45 respectively. *(U.S. Dept. of Agriculture, Food Stamp Program State Activity Report)*

Child Support Enforcement

- The U.S. Dept. of Health and Human Services Office of Child Support Enforcement measures states using five **performance indicators**. Nevada made very slight improvements in most of the five performance indicators for FFY 2014. *(U.S. Dept. of Health and Human Services, Administration for Children and Families, Office of Child Support Enforcement)*

Paternity Established		FFY07	FFY08	FFY09	FFY10	FFY11	FFY12	FFY13	FFY14	FFY15	FFY16	
Nevada	%	80%	84%	86%	100%	109%	117%	118%	117%	119%	126%	
	Rank	49	49	46	14	3 of 24*	2 of 24*	3 of 26*	3 of 26*	3 of 26*	2 of 25*	▲
United States	%	95%	95%	96%	96%	99%	100%	100%	100%	100%	102%	

*States choose one of two ways to measure **Paternity Established**.

Note: Ratios over 100 percent for **Paternity Established** are achieved because the denominator is from prior years while the numerator is from the current year

Support Orders Established		FFY07	FFY08	FFY09	FFY10	FFY11	FFY12	FFY13	FFY14	FFY15	FFY16

Acronyms

A

ABA – Applied Behavioral Analysis
ACA – Affordable Care Act
ACF – Administration of Children and Families
ACL – Administration for Community Living
ADSD – Aging and Disability Services Division
AFDC – Aid Families with Dependent Children
AGP – Amerigroup
AMCHP – Association of Maternal and Child Health Programs
AOD – Alcohol & other Drugs
AOT – Assisted Outpatient Treatment
ASPR – Assistant Secretary for Preparedness and Response
ASTHO - Association of State and Territorial Health Officials
ARRA – American Recovery and Reinvestment Act
ATAP – Autism Treatment Assistance Program

B

BEARS – (Baby) Birth Evaluation and Assessment of Risk Survey
BHCQC – Bureau of Health Care Quality and Compliance
BHWC – Behavioral Health and Wellness Council
BIPP – Balancing Incentive Payment Program

C

CASAT – Center for the Application of Substance Abuse Technologies
CCDP – Child Care and Development Program
CCHD - Critical Congenital Heart Disease
CDPHP – Chronic Disease Prevention and Health Promotion
CDS – Core Data Set
CFR – Code of Federal Regulations
CHIP – Children's Health Insurance Program
CMO – Care Management Organization
CMS – Centers for Medicare and Medicaid Services
COA – Commission on Aging
COD – Co-Occurring Disorder
COOP – Continuity of Operations Plan
CPC – Civil Protective Custody
CSA – Core Standardized Assessment
CSPD – Commission on Services to Persons with Disabilities

D

DAFS – District Attorney Family Support
DBT – Digital Breast Tomosynthesis
DCFS – Division of Child and Family Services
DHCFP – Division of Health Care Financing and Policy
DPBH – Division of Public and Behavioral Health
DSH – Disproportionate Share Hospitals
DSM-IV – Diagnostic Statistical Manual of Mental Disorders IV
DSRIP – Delivery System Reform Incentive Payment
DWSS – Division of Welfare and Supportive Services

E

ECHO – Extension for Community Health Outcomes
EI – Early Intervention
EITS – Enterprise IT Services
EMS – Emergency Medical Systems
EMSC – Emergency Medical Services for Children
EMR – Electronic Medical Record
EPSDT – Early and Periodic Screening, Diagnostic and Treatment Services
EQRO – External Quality Review Organization

F

FDA – Federal Drug Administration
FFI – Federal Fiscal Year
FFS – Fee For Service
FMAP – Federal Medical Assistance Percentage

G

GovCHA – Governor's Office of Consumer Health Advocates
HAZTRAK – Hazardous Materials Notification System
HCGP – Health Care Guidance Program
HCBW-AL – Home and Community Based Waiver for Assisted Living

H

HCBW-FE – Home and Community Based Waiver for the Frail Elderly
HCQC – Health Care Quality and Compliance
HER – Electronic Health Record
HIPPA – Health Insurance Portability & Accountability Act
HPN – Health Plan of Nevada
HPV – Human Papillomavirus
HRSA – Health Resources and Services Administration
HSAG – Health Services Advisory Group

I

IAF – Indigent Accident Fund
IOP – Intensive Out Patient

L

LBGTQ – Lesbian, Gay, Bisexual, Trans-Gender, or Questioning
LCC – Lake's Crossing Center
LHA – Local Health Authority
LLRW – Low Level Radioactive Waste
LOC – Level of Care
LOCUS – Level of Care Utilization System
LOI – Letter of Intent
LOS – Length of Stay
LTSS – Long Term Services and Supports

M

MCHB – Maternal and Child Health Bureau
MCO – Managed Care Organizations
MERS – Middle East Respiratory Syndrome
MICPD – Medicaid Incentives for the Prevention of Chronic Disease
MITA – Medicaid Information Technology Architecture
MMIS – Medicaid Management Information System
MOE – Maintenance of Effort

N

NASADAD – National Association of Alcohol and Drug Abuse Directors
NET – Non-Emergency Transportation
NF – Nursing Facility
NHA – Nevada Hospital Association
NHIPPS – Nevada Health Information Provider Performance System
NICHQ – National Institute for Children's Health Quality
NIDA – National Institute on Drug Abuse
NIS – National Immunization Survey
NITT-AWARE-SEA- Now Is The Time-Aware-State Educational Agency
NNAMHS – Northern Nevada Adult Mental Health Services
NNSA – National Nuclear Security Administration
NOGA – Notice of Grant Award
NSHE – Nevada System of Higher Education
NWD – No Wrong Door OJJDP – Office of Juvenile Justice and Delinquency Prevention

O

OCHA – Office of Consumer Health Assistance
OCSE – Office of Child Support Enforcement
OMH – Outpatient Mental Health
OMT – Opioid Maintenance Therapy
ONDCP – Office of National Drug Control Policy
OP – Out Patient
OPHIE – Office of Public Health Informatics and Epidemiology
OSP – Office of Suicide Prevention

P

PAIS – Preparedness, Assurance, Inspections and Statistics
PCP – Primary Care Physician
PCS – Personal Care Services
PD – Public Defender
PE – Presumptive Eligibility
PHP – Public Health Preparedness
PIC – Program Integrity Contractor
PIP – Performance Improvement Projects
PIRE – Pacific Institute for Research and Evaluation
PPACA – Patient Protection and Affordable Care Act
PPHF – Prevention and Public Health Foundation
PRAMS – Pregnancy Risk Assessment Monitoring Survey
PREA – Prison Rape Elimination Act

R

RCHS – Rural Counseling and Community Health Services
RCP – Radiation Control Program
RES - Residential
RFI – Request for Information
RFP – Request for Proposal
RSS – Receive, Stage, Store Warehouse

S

SALT – Seniors and Law Enforcement Together
SAMHSA – Substance Abuse and Mental Health Services Administration
SAPTA – Substance Abuse Prevention and Treatment Agency
SCaDU – State Collections and Distribution Unit
SCT – Specialty Care Transportation
SDFS – Safe and Drug Free Schools
SIM – State Innovation Model
SMI – Serious Mental Illness
SMP – Senior Medicare Patrol

SNAMHS – Southern Nevada Adult Mental Health Services
SNAP – Supplemental Nutrition Assistance Program
SNHPC – Southern Nevada Health Preparedness
