This regulation brochure contains only a synopsis of the hunting laws for the state of Nevada. Complete text of the laws and regulations may be obtained by contacting the Nevada Department of Wildlife or by checking our website at [www.ndow.org](http://www.ndow.org).

If you're like me, just holding this magazine for the first time each year is exciting. As I scan through the pages, the questions immediately start. Will this be the year I finally draw a bighorn sheep tag? I start to imagine being out in the field with my family and friends. Some of my best memories are from hunting trips spent with good friends. Simply thumbing through the pages of this book makes me wonder about the adventures that lay ahead.

I hope you enjoy the new look of this year's Big Game Seasons and Application Regulations magazine. We have made several changes in an effort to make this publication more user-friendly. You will notice that all of the hunts are now split up into species instead of the magazine being split into resident and nonresident sections. We also worked on making some of the regulations and policies a little clearer by simplifying the language. We will also now be able to offer a digital edition of this magazine that is fully searchable and includes live hyperlinks to expanded content. We hope to continue improving this magazine each year as well as your experience as a whole. Feel free to contact us if you have any suggestions on improving this publication.

If you already live Nevada or if you've hunted big game here before, you know about all of the great opportunities the Silver State has to offer. If, however, you haven't tried your luck in Nevada, to learn what you've been missing I invite you to fully check out this magazine and also enjoy our website ([www.ndow.org](http://www.ndow.org)).

Again this year, Nevada is offering some combination hunt options that allow sportsmen hunting in predetermined areas the chance of hunting a cow elk simultaneous to hunting a mule deer, and one that allows sportsmen the chance to hunt a cow elk while also hunting bull elk. We are able to offer these combination hunt options because of a growing elk population. This allows us to offer increased opportunities to hunters. This increased opportunity, however, also means that some hunts will have more hunters in the field. Every year the Nevada Department of Wildlife tries to minimize conflicts between hunters hunting for different species or with different weapon classes. With increased hunters in the field resulting from increased populations of big game, more than ever before it is incumbent on each hunter to know of the potential conflicts as they plan their hunts. That being said, I believe that if we all use a little common sense and hunting etiquette this doesn't have to negatively affect our hunts.

As I do each year in this message, once again I ask that while you're out in the field, take a minute to absorb the whole experience. Remember, those days spent with our friends and families are the memories that will last a lifetime. Let the success of your hunting adventures be defined by the memories and experiences. Remember, life is about the journey so take time to be present and enjoy it.

As you read this magazine, we want you to be aware that it is meant to be your quick-reference to hunting in Nevada. It includes season dates and crucial information and regulations every sportsman needs to know before heading out. However, this publication contains only brief explanations of the hunting laws in this state. We recommend checking out our website ([www.ndow.org](http://www.ndow.org)) or calling your local NDOW office if you have any questions.

In closing it is essential to point out that none of this would be possible without the support of sportsmen, who provide the core of our funding. Without the fees from the sale of licenses, tags and stamps, as well as the excise taxes you pay on hunting and fishing equipment, it would be impossible for the Nevada Department of Wildlife to protect preserve, manage and restore wildlife and its habitat.

## Qualifications for Resident Licenses

A person is considered to be a resident of the State of Nevada if he is a citizen of, or is lawfully entitled to remain in, the United States, and during the six months next preceding his application to the Department for a license, tag or permit, he maintained his principal and permanent residence in this State; was physically present in this State, except for temporary absences; and did not purchase or apply for any resident license, tag or permit to hunt, fish or trap in another state, country or province. A person who does not maintain his principal and permanent residence in Nevada but who is attending an institution of higher learning in this State as a full-time student is eligible for a resident license, tag or permit if, during the six months next preceding his application to the Department for a license, tag or permit, he: was physically present in Nevada, except for temporary trips outside of the State, and did not purchase or apply for any resident license, tag or permit to hunt, fish or trap in another state, country or province. A resident license, tag or permit issued by this State is void if the person to whom it was issued establishes or maintains his principal and permanent residence in and obtains any hunting, fishing or trapping privilege or entitlement conditional on residency from another state, country or province. Principal and permanent residence means a place where a person is legally domiciled and maintains a permanent habitation in which he lives. The term does not include merely owning a residence in the state.

## Military Stationed in Nevada

Any member of the Armed Forces of the United States who has been assigned to permanent duty, as opposed to temporary or casual duty, within the State of Nevada qualifies for all necessary hunting or fishing licenses, tags or permits for fishing, hunting or trapping in the State of Nevada. A like privilege must be extended to spouses and dependents, under the age of 21, of such members of the Armed Forces. All such licenses, tags or permits must be issued on the same terms and conditions and at the same costs as licenses, tags or permits are issued to Nevada residents, except that the 6 months' residence requirement must be waived (Per NRS 502.070).

It is unlawful for a person to hunt a big game mammal, a game mammal or a game bird with a weapon that is equipped with a sight that is capable of casting or projecting a beam of light that is visible to the unaided human eye from the sight to the animal.

## Hunter Education Requirements

Anyone born after January 1, 1960 is required to provide proof of Hunter Education, in order to purchase a Nevada hunting license. Proof of Hunter Education is an official Hunter Education card or certificate from any state or Canadian province, with the Hunter Education number and state or provincial logo or seal or a previous year’s hunting license with the Hunter Education number or mark. If you have taken a hunter education class in another state or Canadian province, verification must be provided. (NRS 502.330)

## Bonus Point Information

### What is a Bonus Point?

An accumulated credit (or point) that authorizes the Department to issue an applicant additional computer generated random draw numbers during a draw. One point is accumulated for every application that is unsuccessful in the computerized draw for an established species category. The bonus point system grants an applicant one random draw number for each bonus point that has been accumulated going into the drawing for that species category. Each bonus point random draw number is in addition to the application random draw number. The total number of accumulated points is squared and added to the current application to arrive at the total number of random draw numbers that will be assigned to the application for that species category (e.g. Hunter has two bonus points entering draw:  $2^2$  (2 x 2=4) 4+1 (for

current application) = 5. Applicant receives five random numbers for draw) This system provides applicants with an added chance of receiving a low random number in the draw, hence improving their draw odds, while still providing a chance (no matter how small) for any applicant

## Bonus Point Program Guidelines (refer to NAC 502.4187-502.4189 and NAC 502.4225)

Residents and nonresident tag applicants receive bonus points for all hunts that have a quota set by the Wildlife Commission when they are unsuccessful in drawing a tag through the computerized random draw system. In addition to deer, elk, antelope, sheep, goat and black bear applicants also receive bonus points for wild turkey. Prior to applying or during the application process applicants must purchase the hunting or combination hunting and fishing license to earn bonus points.

Bonus points are awarded by specific species categories, each encompassing all separate weapons hunts available in that category. Those categories are: antlered mule deer, antlerless mule deer, antlered Rocky Mountain elk, antlerless Rocky Mountain elk (antlerless elk), spike Rocky Mountain elk, Pronghorn antelope whose horns are longer than their ears, Pronghorn antelope whose horns are shorter than their ears, mountain goat and black bear. Rams, from each of the following subspecies: Nelson (desert) bighorn sheep, California bighorn sheep and Rocky Mountain bighorn sheep. Ewes, from each of the following subspecies: Nelson (desert) bighorn sheep, California bighorn sheep and Rocky Mountain bighorn sheep.

Those points cannot be transferred to another person or into another species category.

Applicants are only able to accumulate one bonus point per species category each year. So, if you applied for any legal weapon tag and were unsuccessful, and then applied for an archery tag, and were unsuccessful, you still only accrue one point because these are both in the antlered deer category.

However, if you apply for any legal weapon tag, and are unsuccessful, and then apply for a doe tag in separate draws, and are unsuccessful, you would receive a bonus point for each because they are in two different categories — antlered deer and antlerless deer. Depredation and management hunts do not earn bonus points.

Those applying as a “party hunt” will have their points averaged (total points of all hunters in the party, divided by the number of hunters) and rounded to the closest whole number. Bonus points are squared by species category, resulting in the number of draw numbers that an individual hunter or hunt party will receive in that drawing.

A hunter’s bonus points revert to zero in a particular species category when he is successful at obtaining a tag or fails to apply for two consecutive years.

Because the draw numbers that determine whether or not a hunter draws a tag are generated randomly, there is no guarantee that a hunter will draw a tag for the species category because he or she may have more bonus points than anyone else.

Please note: Bonus points are not awarded for depredation hunts or management hunts. (Refer to NACs 502.4188 and 502.4189)

## Transfer of Bonus Points (refer to NAC 502.4189)

An applicant may transfer bonus points if they change state of residence. This may be done by a written request to the Department to transfer your bonus points.

Also, the Wildlife Commission amended the regulation regarding youth bonus points to automatically transfer any bonus points accrued in the junior hunt to the antlered deer category at the time the junior hunter becomes ineligible for the junior hunt by either age, or after 4 years of application for the junior hunt. (Refer to NAC 502.4189)

## License Requirements

### License or permit required for hunting; limitations on hunting by minors (refer to NRS 502.010)

- Any person 12 years of age or older, who hunts big game mammals in Nevada is required to have a hunting license or combination hunting and fishing license.
- A child under 12 years of age cannot hunt big game animals. The child may accompany licensed big game hunters.
- A child under 18 years of age, hunting with a firearm, must be accompanied at all times by the child’s parent or guardian. A parent or guardian may authorize an adult to take the child hunting, if that adult is licensed to hunt and accompanies the child at all times; or
- With the permission of a parent, a child 14 years of age or older may hunt alone if the child has a valid hunting license in his or her possession and uses a shotgun or rifle that is not a fully automatic firearm. (NRS 202.300)

## Information to Be Furnished by Applicant

### Signature and statement of parent or guardian required for minors; penalties for false statements; use of invalid license unlawful (refer to NRS 502.060)

A person applying for and procuring a license, tag or permit, shall give to the license agent the person’s name and residence address.

If a child under the age of 18 years is applying for a license to hunt, the child’s parent or legal guardian must sign the application and an attached statement acknowledging that the parent or legal guardian has been advised of the provisions of NRS 41.472.

Any person who makes any false statement or furnishes false information to obtain any license, tag or permit issued pursuant to the provisions of this title is guilty of a misdemeanor.

Any person who makes any false statement or furnishes false information to obtain any big game tag issued pursuant to the provisions of this title is guilty of a gross misdemeanor.

It is unlawful for any person to hunt, fish or trap using any hunting, fishing or trapping license which is invalid by reason of expiration or a false statement made to obtain the license.

Any person convicted of violating these provisions forfeits any bonus point or other increased opportunity to be awarded a tag in a subsequent drawing conducted for that tag if the bonus point or other increased opportunity was acquired by the false statement or false information.

As used in this section, “big game tag” means a tag permitting a person to hunt any species of pronghorn antelope, bear, deer, mountain goat, mountain lion, bighorn sheep or elk.

## Refund of Fee for Hunting License (refer to NAC 502.4225)

An applicant who fails to obtain a tag may obtain a refund of the fee for his/her hunting license if the license is not a combined hunting and fishing license and he/she:

1. Purchased the license solely to apply for a tag;
2. Does no hunting under the authority of the license; and
3. Submits the license to the Department on or before the last weekday of August of the year in which the license was valid. The Department shall accept the license only if it is received on or before that date.

**Please be aware that an applicant will not be awarded any bonus points if they obtain a refund for their hunting license.**

## Steps 1–18

### Step 1

Residents complete the number of years and months of residency.

### Step 8

**Party applications are allowed for mule deer, antlerless elk and horns shorter than ears antelope.** There are separate forms for these hunts. Complete the party box on each application with the total number in the party. If left blank the applicant will be processed as an individual and not a member of the party.

**NOTE:** All applications in the party must list the same hunt category and the same hunter choice numbers. I.E. — All antlered deer (resident & nonresident); or all antlerless deer (residents only); all junior deer (residents that meet the junior hunt age requirements). Do not mix resident and nonresident applications for antlerless elk. These hunts are residency specific. Do not mix antlered, antlerless, and junior type of hunt categories for a party hunt. **Staple the Party Applications Together.**

Antlerless Mule Deer Hunt 1181, 1101 and Junior Mule Deer Hunt 1107 are strictly resident hunts and not available to nonresidents.

### Step 9

Hunt category section application — See application eligibility on page 12.

### Step 10

Applying for bonus points only. You can now apply for a bonus point only without drawing a tag. No refund on license is available. At the top of each hunt category season table there is a three-digit code for bonus points only. **Print the three-digit bonus point code in the hunter choice box on the application.**

One check for big game applications and one check for mule deer applications preferred.

Applications for bonus points are required to submit the nonrefundable fees, purchase a Nevada hunting license (if not already purchased) and not receive a refund on the hunting license to earn the bonus point. Only one point can be earned per hunt category. If both the bonus point code and hunter choice numbers are listed for a hunt category the application will only be processed for the bonus point.

### Step 11

Hunter choice section — select up to five hunter choices for your chosen type of hunt category. Print the correct three-digit hunter choice number(s) for the type of hunt category, unit group(s) and weapon type(s) for which you are applying in the box provided. To select hunter choices, refer to the hunt season tables in this application brochure for the type of hunt category you have selected.

### Step 12

Partnership in Wildlife (PIW) — write your initials in the box provided if you wish to participate in the PIW drawing (see info on page 41). If PIW is marked no refund of donation is available.

### Step 13

You have the option to purchase one mountain lion tag now through the draw or only if successful in obtaining other big game tags. Mark the appropriate box and submit fee or leave it blank if no mountain lion tag is desired.

### Step 14

License Number section — **this is necessary for bonus points only too.** RESIDENTS and NONRESIDENTS who have purchased a current hunting license prior to applying, must print the hunting license CLASS NUMBER, hunting LICENSE NUMBER and YEAR. NONRESIDENTS purchasing a hunting license with the big game application, leave the hunting license section blank.

Nonresidents born after 1/1/60 must attach proof of hunter education. See page 9 for the Hunter Safety requirements. **Note:** NRA Certificates Are **NOT** Accepted.

Youth Hunters: For the purpose of acknowledging potential liability, the parent's or legal guardian's signature is required for a nonresident youth, 12 through 17 years of age, who is applying for a license.

### Step 15

If you are unsuccessful and wish to donate all or part of your refund to Operation Game Thief or Predator Management, print an amount in the donation box.

### Step 16

Nonresidents: mark the box if you want your hunting license fee refunded and do not want to earn any bonus points if unsuccessful in the draw. Boxes left blank will be processed as a “No” response and a hunting license will be issued to you. No refunds are available for a combination hunting and fishing license selection.

### Step 17

Sign your application. All applicants must sign their application.

### Step 18

Submit the total tag, license (nonresidents), application fees and or bonus point only fees payable to Nevada Department of Wildlife (NDOW).

Nonresidents must submit guaranteed funds (cashier’s check or money order). No out-of-state personal checks accepted. Nonresidents applying for both mule deer and big game only submit the license fee once.

One check is for big game applications and one check for mule deer applications is preferred.

If you choose to purchase a mountain lion tag, don’t forget to add that to your total.

## Return Checks

There is a \$25 return check fee for checks returned by the bank. Applications associated with a return check will be rejected from the draw. After the draw, applicants who had returned checks will be ineligible for other draw processes until the return check fee and nonrefundable application fees have been cleared.

## Applicants Responsibility

It is the applicant’s responsibility to contact the Wildlife Administrative Services Office if they do not receive any notice (tag, refund, letter) prior to the start of the hunt. Wildlife Administrative Services Office, P.O. Box 1345, Fallon, NV 89407-1345 or call 1-800-576-1020.

The Department posts a Licensed Master Guide list on its website at [www.ndow.org](http://www.ndow.org). Applicants that apply for the guided deer hunt are ineligible to apply for deer in the main draw.

## Return Card Questionnaire Return Address

The questionnaire issued as part of a big game tag must be properly completed and received by the deadline, online through the Internet at [www.huntnevada.com](http://www.huntnevada.com) or by mail to Wildlife Administrative Services Office, PO Box 1345, Fallon, Nevada 89407-1345.

## GUIDELINES TO APPLY AS A PARTY

Party applications for game tags are authorized for mule deer, antlerless elk and horns shorter than ears antelope. **Do Not** include applications for Bonus Points Only in a party.

**Party applications can be submitted in the following manner:**

Mule deer — Hunts 1331, 1341, 1371 (Party applications can include residents and nonresidents), Hunt 1107 (resident junior hunters), Hunt 1101 (residents only), Hunt 1181 (residents only) and resident depredation hunts (resident only). Antlerless elk — (The antlerless elk hunts are specific to residency. Parties must be all resident OR all nonresident, not mixed.) Hunts 4111, 4176, 4181 (residents only in the party), Hunt 4281 (nonresidents only in the party). Horns shorter than ears antelope — Hunt 2181 (resident only).

**Paper Applications:** The party box needs to be completed on the application for each member in the party.

There is no limit to the party size that can be submitted, but a limiting factor is the number of tags that have been available historically. For example, a party of six may not want to apply for a hunter choice that only had three tags in the previous year.

To be able to apply as a party all applicants must apply for the same species hunt and hunter choice numbers i.e. all antlered deer (resident and nonresident); or all antlerless deer (residents only); all junior deer hunts (residents that meet the junior hunt

age requirements), resident antlerless elk (resident clients only), nonresident antlerless elk (nonresident clients only) and resident horns shorter than ears antelope (resident clients only).

Look at the season and hunter choice tables for the weapon type(s) you are interested in and select the hunter choice numbers for the unit groups and seasons that you wish to apply for.

As a reference for your party, check the quota column to see how many tags were available in the previous year. If the column displays "N/A" there was not a season set for that residency type and there will be no quota for that unit group and residency type. Any hunter choices listing "N/A" are not recommended for mixed resident and nonresident mule deer party applications, as there must be a quota in both columns for the party to potentially successful in drawing tags.

During the online process multiple clients can be added to the transaction. Once you have reached the screen for the hunt selection and have selected a hunt that allows for party there will be a screen prompting you to select the hunter or hunters (party) for that hunt. Next to the name of each hunter there will be a box. You will need to mark that box to select that hunter for the hunt or you can select multiple hunters if you want the hunt to be a party application.

## Applying for elk

Applicants can apply for both antlered and antlerless elk in the same draw period. This is for elk only. All other species will remain one application per species in the draw. Additionally, if a person is interested they can apply for multiple antlerless elk hunts in the same draw but only draw one antlerless elk tag.

## Spike Bull

With the addition of the spike bull hunt, an applicant will need to choose between the antlered elk hunt and spike hunt. They ARE NOT eligible to apply for both bull hunts in the same draw.

## Antlerless Elk Management tags

The Department is implementing these antlerless elk management hunts in combination with antlered deer (buck) or antlered elk (bull) tag applications. Further information is listed below.

As a result of all these changes a person could possibly draw an antlered elk tag and an antlerless elk tag in the same draw in 2015.

## Deer and Antlerless Elk Management Tag Combination Applications

### Background

This antlerless elk management tag opportunity is intended to increase antlerless elk harvest without adding additional hunters and hunter congestion during existing mule deer hunt seasons. This antlerless elk tag is considered a “management” antlerless elk tag without any associated bonus points.

### Guidelines

- Resident mule deer applicant (for Hunts 1341, 1371, 1331) would select the option on their application indicating they would want to draw an antlerless elk management tag if they were to draw a deer tag.
- Antlerless elk management hunt would be resident only.
- The option to participate in the antlerless elk management tag program will only be available online.
- The season for the antlerless elk management tags issued in this method would be the same season dates as the deer tag.
- The antlerless elk management tag may be a select set of hunt units within the mule deer unit group depending on where the Department identifies the need for antlerless elk harvest (i.e., antlerless elk tag may only be good for Unit 061 or 062 within deer unit group 061 – 068).
- NDOW will recommend a quota for these antlerless elk management tags at the May Commission meeting.
- The drawing of an antlerless elk management tag will occur in the order of the lowest draw number of its associated deer application.
- Management hunt tags will not earn bonus points.
- Nonrefundable application fees will be charged for the antlerless elk management application selection.
- If a client is successful in drawing both the deer and the antlerless elk management tag, the client will be charged for the deer tag (\$30) and the antlerless elk management tag (\$120)
- Return card questionnaire would be required on antlerless elk management tags.

## Antlered Elk (Bull) and Antlerless Elk Management Tag Combination Applications

### Background

This antlerless elk tag opportunity is to increase antlerless elk harvest without adding additional hunters and hunter congestion during existing antlered elk hunt seasons. This antlerless elk tag is considered a “management” antlerless elk tag without any associated bonus points.

### Guidelines

- Resident antlered elk (bull) applicant (for Hunts 4151, 4156, 4161) would select the option on their application if he or she wants to draw an antlerless elk management tag if they were to draw a bull tag.
- The option to participate in the antlerless elk management tag program will only be available online.
- The season for the antlerless elk management tags issued in this method would be the same season dates as the bull tag.
- The antlerless elk management tag may only be a select set of hunt units within the bull tag unit group depending on where the Department identifies the need for additional antlerless elk harvest (i.e., antlerless elk tag may only be good for Unit 111 within bull unit group 111-115).
- NDOW will recommend a quota for these antlerless elk management tags at the May Commission meeting.
- The drawing of an antlerless elk management tag will occur in the order of the lowest draw number of its associated bull elk application

- Nonrefundable application fees would be charged for the antlerless elk management application selection.
- If a client is successful in drawing both the bull tag and the antlerless elk management tag the client will be charged for the bull tag (\$120) and the antlerless elk management tag (\$120).
- Return card questionnaire is required on antlerless elk management tags pursuant to permanent regulation.

## Elk Eligibility Information Q&A

**Q: Can I put in for both a bull tag and a antlerless elk tag in 2015?**

**A:** Yes, Applicants will be able to put in for both a bull tag and a antlerless elk tag in the same draw. As a result they could possibly draw both tags and those tags could be in different unit groups. We advise applicants to be aware of that possibility and make their choices wisely with this in mind.

**Q: How many elk tags could I obtain in the draw?**

**A:** Only one antlerless elk tag and one bull elk tag.

**Q: What are these combination hunts?**

**A:** The Commission approved the ability for the Department to allow applicants to apply for more than one elk hunt in the same draw to address some herd management issues in parts of the state. One option approved was allowing applicants to select an option to obtain an antlerless elk management tag in addition to an antlered deer tag in the same unit and season. This same type of option was approved for antlered elk also. The antlerless elk management tags will have the same season as the "base" hunt (the antlered deer or antlered elk). The unit groups for these management tags may be all of the same units as the base hunt or a selection of the same units to target the harvest of the management tag.

**Q: I put in for bull elk. Can I also apply for the antlered elk and the new spike elk hunt in the same draw?**

**A:** No. You can only apply for one type of hunt for antlered (bull) elk.

**Q: I put in for bull elk. Can I apply for the new spike elk hunt and the antlered elk depredation hunt in the same draw?**

**A:** No. You can only apply for one type of hunt for antlered (bull) elk.

**Q: I am in a waiting period for antlered elk, can I apply for the new spike bull hunt?**

**A:** Yes.

**Q: I read about the combination hunts where a person can apply for bull elk and opt to obtain an antlerless elk management tag. I had a bull tag 2 years ago am I eligible for these combination hunts?**

**A:** If you are in a waiting period on bull elk you are ineligible to participate in the elk combination hunt. You must be eligible for the base hunt to be eligible for the combination hunt.

However, there are other selections available. You could apply for the combination hunt on antlered deer. Also you are eligible to apply for the new spike bull elk hunt and an antlerless elk tag on separate applications.

**Q: I am eligible for bull elk. Can I apply for the combination bull elk and the antlerless elk management tag and a regular antlerless elk any legal weapon hunt and the antlerless elk depredation hunt?**

**A:** Yes. However you will be paying the nonrefundable application fees for each application you submit. You will only be able to draw one antlerless elk tag. You could have a low draw number for the antlerless elk depredation hunt, draw that tag and all other antlerless elk applications will be unsuccessful. Your bull tag application will still be processed and you could still draw that tag.

**Q: Can I earn bonus points on the spike elk hunt if unsuccessful?**

**A:** Yes, it is its own bonus point category.

**Q: Can I apply for both the new spike bull hunt and an antlerless elk hunt in the same draw?**

**A:** Yes. You could possibly draw both so make your selections wisely. Also, if unsuccessful for either hunt, bonus points will be earned separately on each.

**Q: How many antlerless elk applications can I submit in the same draw?**

**A:** You can only submit one application for each type antlerless elk hunt in the same draw. That means you could apply for an antlerless elk tag in a combination hunt, antlerless elk hunt, and antlerless elk depredation. You will be paying the nonrefundable application fees for each application submitted and you will only be able to draw one antlerless elk tag.

**Q: I am eligible for bull elk. Can I apply for the antlered deer and antlerless elk management option combination hunt and the antlered elk and antlerless elk management option combination in the same draw?**

**A:** Yes. However you can only draw one antlerless elk tag. So if you are lucky and draw your deer tag and are issued the antlerless elk management tag first and draw your antlered elk tag you will not receive a second antlerless elk management tag.

## WHAT'S NEW FOR THE 2015 BIG GAME SEASONS

**For Antelope**, buck rifle hunts will extend through Sept. 7, the Monday of Labor Day weekend. Unit 035 was separated out from Units 032 and 034 in Humboldt County for all antelope hunts. The late season buck rifle hunt for Units 041, 042 was moved back to Aug 29–Sept 7. Several new unit groups were added to the antelope doe hunt, with the opener for all hunts statewide shifting to Sept 8. Two new unit groups offered for nonresident antelope archery hunts.

**For Desert Bighorn Sheep**, the Unit Group 223, 241 was split up to have the Delamar Mountains as a separate unit from the Hiko and Pahroc Ranges. The late season for Unit 184 was eliminated. The nonresident hunt for Unit 262 was reopened. A ewe hunt was added to Unit 253.

**For California Bighorn Sheep**, two units were reopened, Unit 041 and Unit 066. Unit 031 was opened for nonresidents.

**For Rocky Mountain Bighorn Sheep**, Unit 091 and portions of Utah (Pilot Range and Silver Island Mountains) were reopened for a resident hunt.

**For Bull Elk Hunts**, Unit 051 was added with the pioneering elk herd large enough to support a hunt, the Spruce Mountain Unit Group 078, 105–107, 109 was split into an early and late season to spread out hunting pressure, the “rotating rut bull hunt” in late September for Units 161–164, 171–173 will be for the rifle weapon class, and Units 241, 242 were split away from Unit 231 as a separate unit now that the elk herd is large enough to support separate quotas.

**Spike Elk Hunts** were added to Unit Groups 076, 077, 079, 081 and 078, 105–107, 109.

**For Antlerless Elk Hunts**, a slight shift to Area 6 rifle hunts to end the early season Oct 4 and start the middle season on Oct 5, add a December-January rifle hunt in Unit Group 076, 077, 079, 081, shift season dates for Unit Group 078, 105–107, 109 weapon class hunts to accommodate split bull rifle season, combine the 2 late rifle hunts for Units 221 and 222 into a single season: Dec 5–Jan 15, separate Units 241, 242 from Unit 231, add a Wilderness Only Rifle Hunt for Unit 072, and added 3 new rifle hunts for nonresidents.

**Combination Antlerless Elk Management Tags** for Mule Deer Hunts were added to Unit Group 161–164 and Unit 231 for all three weapon class hunts.

**For Mule Deer**, lengthen rifle season (including Junior Hunt) to Nov 5 for Humboldt County Units 031, 032, 034, 035 and 051, rifle season for Units 241–242 to close Nov 1, and Junior Hunts for Units 221–223, 231, and 241–245 to close Nov 1. Muzzleloader season for Units 181–184 was moved to Nov 10–Nov 30.

**Antlerless Mule Deer Hunt** added to Unit Group 071–079, 091 and late antlerless season added for Unit Group 061, 062, 064, 066–068.

## Hunt Unit Advisories

In an effort to improve your hunting experience, the Nevada Department of Wildlife has put together a table of hunter access restrictions and other advisories for specific hunts and unit groups. This information may affect your decision on where to apply this year. You can find the 2015 Hunt Unit Advisory on the NDOW website at [www.ndow.org](http://www.ndow.org).

## BEFORE YOU APPLY

It is the responsibility of the applicant to do his or her homework on the hunter choices chosen on their application. For some hunts there are access restrictions, low hunter success compared to statewide averages, and variable big game densities and trophy quality compared to the past.

The Department maintains several informational resources on our website at [www.ndow.org](http://www.ndow.org) to help with "doing your

homework" including: Hunter Information Sheets (facts on terrain, vegetation, land ownership, hunter access, map references, local services and recommended hunting areas), hunt application advisories, big game draw odds, hunter success rates, harvest point class and bighorn sheep age and scores.

## Partnership in Wildlife (PIW) Hunts (CR-15-06)

*Partnership in Wildlife* (PIW) is a voluntary and optional participation program that offers unique hunting opportunities to hunters for a few statewide big game tags. A person with a PIW tag may hunt in any unit with an open season for the species listed on the tag, during the season dates when that unit is open for that species, and only with the weapon authorized to be used during that open season.

### Application Instructions

Applicants who are eligible and apply for hunts in the first big game drawing of the year can apply for PIW hunts at the same time. Marking the PIW box for the same species you applied for in the first drawing will let us know that you want to participate in the PIW drawing for some very special tags. (Doe, antlerless elk, depredation and junior hunt applicants are not eligible for PIW hunts.) The PIW tag fee is \$10 for each species applied for. If successful for a PIW hunt tag, the entire tag fee the participant submitted with their main draw application will pay for the PIW tag. If unsuccessful in the PIW draw, \$10 will be placed in the Wildlife Heritage Trust Account. The remainder of the tag fee received from an unsuccessful applicant for a big game tag will be refunded to the applicant.

### Funds Benefit Wildlife Heritage Trust

The funds donated through PIW are placed in the Wildlife Heritage Trust Account. According to NRS 501.3575, 75 percent of the money deposited in this account in the previous year and the total interest earned on the account during the previous year, may be used by the Department annually for the protection, propagation, restoration, transplantation, introduction and management of any game fish, mammal, bird or furbearing mammal and the management and control of predatory wildlife in the state. The Board of Wildlife Commissioners is responsible for reviewing and approving expenditures from the account.

Every year wildlife management projects are funded through this account. PIW promises to benefit both Nevada's wildlife and the sportsmen by providing additional financial support for game management programs and providing a hunting opportunity that would not otherwise be available to most sportsmen in Nevada.

  - (c) Select the corresponding valid hunter choice numbers for a species or category of species.
2. If the Department is required, pursuant to NAC 502.418, to reject an application submitted by one member of a party, the Department is not required to reject the applications of the remaining members unless the ground for rejecting the one application also applies to the other applications.
3. Except as otherwise provided in this subsection, if any member of a party specifies on his application a type of hunt different from that specified by any other member of that party, the applications of each member of that party will be considered solely with respect to the type of hunt and residency for which the Department will issue the most tags in the drawing for which the application is submitted. If any member of a party specifies a junior hunt on his application, the applications of each member of that party will be considered solely with respect to the type of hunt, other than a junior hunt, for which the Department will issue the most tags in the drawing for which the application is submitted.
4. Except as otherwise provided in NAC 502.4195, the Department shall not exceed its quotas for the respective resident and nonresident units of a season when issuing tags to a party.
5. As used in this section, "party" means two or more persons applying together as a group to obtain tags for a season to hunt any deer, antlerless elk or antelope with horns shorter than its ears.
