A Note from Executive Director Lee Gibson

Welcome aboard your public transit system! The Regional Transportation Commission is dedicated to providing you with safe, clean and reliable transit services to meet your transportation needs. The RTC is a cooperative regional board governed by representatives from the Washoe County Commission (2), and the Reno (2) and Sparks (1) City Councils. Together with MV Transit and Ride Right, we are here to serve and listen to our riders on ways to better deliver our services. We are especially proud of our commitment to create a safe and healthy community, promote economic development and diversification, enhance environmental sustainability, and increase your travel choices.

You can now use your smartphone to board your bus! In December 2016, we introduced the Token Transit mobile fare app making it easier for our riders to buy their bus pass at their convenience- any time of day, seven days a week, wherever you may be. We are excited to provide everyone with this technology and enhance your transit riding experience. We recently reconstructed our Villanova Maintenance Facility which can now accommodate our electric buses and has additional storage for ten more vehicles.

Your safety and security is our top priority. We have partnered with the cities of Reno and Sparks, law enforcement, and other community organizations to ensure you are safe in our transit stations and that they are a welcoming place for everyone. Remember, if you see something, say something.

During the past two years, we have been hard at work improving your public transportation system to meet the present and future needs of the region. The RTC Board adopted the Complete Streets Master Plan to enable safe access for our customers and the public through better sidewalks, improved pathways to bus stops, safe streets and pedestrian walkways. We are in the process of expanding our electric bus program with the addition of twelve electric buses in the coming year. These buses will be deployed on our transit network including the new Lincoln Line, which will go into service in late 2018 with the completion of the 4th Street/Prater Way Bus Rapid Transit Project. We are in the final design of the Virginia Street Bus RAPID Transit Extension Project which will bring RAPID service to the University of Nevada, Reno in 2019, improving connections on the Virginia Street corridor to the campus and RTC 4TH STREET STATION. Additionally, a combined sixteen new RAPID stations will be installed for both projects that will include amenities such as Pass Vending Machines, level boarding, transit signal priority, real-time schedule information and art installations. These two projects together represent a \$139 million investment in our community. To learn more about these projects and sign up to receive updates, visit 4thPrater.com and VirginiaStreetRapidExtension.com.

The RTC appreciates your support and values your input. We want to provide you with information about what we do, listen to your ideas and concerns, and encourage you to participate in our public meetings and open house events. You can stay connected with us on Facebook, Twitter and YouTube, and through our redesigned website at www.rtcwashoe.com. When you visit us in person or call us on the phone, our courteous customer service staff is ready to assist you. Whether you walk or bike to take transit, enjoy the ride- it is our pleasure to serve you!

People with Special Needs

RTC RIDE wants your trip to be as convenient and enjoyable as possible. The following will provide you with information on the coach operators' responsibilities and ways you can prepare for your ride.

- Customer Service is here to help! If you would like to find out if a particular bus stop is accessible before you ride the bus please contact Customer Service at 348-RIDE (7433). They are available Monday to Friday from 7 am–7 pm and Saturday from 8 am–5 pm.
- RTC RIDE requires all wheelchairs be secured using Four Points Securement Procedures so that they do not move more than 2 inches in any direction and are secured in a manner that the chair will not tip over in the event of a turn or sudden brake.
- If a wheelchair cannot be secured because of an issue with bus stop accessibility, the bus securement strap system or mechanical malfunction of lift or ramp, the coach operator will inform the wheelchair user that RTC RIDE will provide transportation for them within the next 30 minutes. If there is another bus scheduled in the next 30 minutes then that bus can be used to transport the passenger, however, if another bus is not scheduled RTC will dispatch a bus within 30 minutes.
Regardless of the situation, it is the coach operator's job to notify a supervisor immediately of the problem.
- The coach operator must deploy the ramp or lift for any passenger who asks to use the ramp or lift.

- ADA announcements will be automatically announced at major intersections and places of interest. Should the equipment malfunction the coach operator will make the announcements. In addition, coach operators will make announcements upon request of disabled passengers.
- The coach operator must, prior to moving the bus, give people with disabilities or those with special needs a reasonable opportunity to find an available seat or if no seats are available to become stationary/stable by holding on to the back of a seat or a vertical or horizontal pole.

Service Animals

Riding with animals is prohibited except for service animals (e.g., a guide dog, signal dog or service dog) or other service animal as permitted by the American with Disabilities Act and all other applicable state and federal laws and regulations provided that the animal is accompanied by a person with a disability or a person who is responsible for training such an animal. Pets and emotional support, therapy, comfort and companion animals are not considered service animals, although they are permitted when in a pet carrier. Carriers must have locks, latches or zippers, must be feces proof, and must not block the aisle or a doorway.

Under the ADA and Nevada's public accommodations law, a public accommodation may not ask you questions about your disability or demand to see certification, identification, or other proof of your animal's training or status. If it is not apparent what your service animal does, the establishment may ask you only whether it is a service animal, and what tasks it performs for you.

Your RTC. OUR Community.

“Welcome Aboard!”

RTC RIDE is the public transit service of the greater Reno/Sparks area. We provide residents and visitors with safe and reliable bus service and we are committed to making your trip a pleasant one. We're proud of our clean, modern bus fleet and our professional and courteous coach operators.

RTC is a service of the Regional Transportation Commission (RTC). The Commission is comprised of elected officials from Reno, Sparks and Washoe County. In addition to running RTC RIDE and RTC RAPID, the RTC also provides RTC ACCESS service for people with disabilities, constructs and renovates major roads in the region, and is the Metropolitan Planning Organization for the Truckee Meadows. RTC also operates RTC INTERCITY between Carson City and Reno, and RTC SIERRA SPIRIT between downtown Reno and the University of Nevada.

RTC operates 27 bus routes. Routes originate at either the RTC 4TH STREET STATION transit center in downtown Reno, at the RTC CENTENNIAL PLAZA transit center in downtown Sparks, or at the Meadowood Mall transfer center.

RTC 4TH STREET STATION

is the main transit center in Reno. Located in downtown at 4th and Lake Streets, RTC 4TH STREET STATION is open 24 hours a day and has route and schedule information, pay telephones and on-site security. Passes are available on the Token Transit App or from pass vending machines 24-hours a day. The information booth is open Monday to Friday 7 am–7 pm, Saturday 8 am–5 pm, except holidays. See Holiday Service on page 10.

North Island building hours are 5 am–11 pm. South Island building is open 24 hours.

How to Use the Bus Book

This Bus Book contains all the information you will need for a comfortable trip on RTC RIDE'S, whether it's your first ride or you've been a regular customer for years. **First look at the pull-out system map in the center of the Bus Book** to see where you are and where you want to go. Then check to see which bus route(s) (all color-coded) you will need to take to get you to your destination. Sometimes, a transfer to another bus may be required. That would take place at one of the transfer centers listed above or at an intersection. (**See page 7** for more information on transferring.) Some buses operate on “flow-through” routes. These buses change route number at the transfer centers, but passengers already on the bus may continue on without using a transfer or having to get off the bus. (A more complete explanation of “flow-through” routes is found **on page 7**.)

Once you have identified which route(s) to take, check the page that shows the bus route map and schedule to see what time the bus will arrive. The major “time points” – not all the stops – are shown in the Bus Book, so you need to find the one that is closest to where you want to get on the bus. If the time point shown in the book is before your stop, add a few minutes to the schedule. Call 348-RIDE (348-7433) for the bus stop location nearest you, or try the Google Transit Trip Planner.

Reading Schedules

Just follow these easy steps:

- Turn to the appropriate page showing the individual schedule for the route(s) you are planning to use.
- Choose the timetable for the day you wish to travel (weekday, weekend or holiday schedule).
- Find the direction of travel (generally “from” or “to” Downtown Reno, Sparks or Meadowood Mall).
- Find the closest time point prior to where you want to catch the bus.
- Please note, the schedule times are the earliest times the bus leaves the particular time point (except when noted as the “Arrival” time). For example, if the time point is 2:30 PM, the bus may arrive before, at, or a few minutes after this time depending on traffic conditions and load. However, the bus should never depart this time point before 2:30 PM.

Easier Still, Call 348-RIDE or visit rtcwashoe.com

If this is the first time you're taking RTC RIDE or you would like additional assistance in planning your trip, call RTC Customer Service, Monday to Friday 7 am–7 pm, Saturday 8 am–5 pm, at **348-RIDE** (348-7433) **TTY** 1-800-326-6868 excluding holidays. See Holiday Service on page 10. Be sure to have paper and pen available as well as the following information: your starting point and destination and the closest intersection to both points, the time you need to arrive at your destination and the time you would like to begin your return trip. Visit rtcwashoe.com for online schedule information. At RTC 4TH STREET STATION and RTC CENTENNIAL PLAZA, estimated bus departures are displayed on the screens for passenger convenience.

Passes

Bus passes make frequent riding more economical and easier because you don't need to carry exact change. Period passes (24-hour, 7-day, and 31-day) allow you an unlimited number of rides during a specific time period. 7-day and 31-day passes are activated at the time of first use, and expire at midnight on the last day. You can buy a 7-day pass on Friday, use it for the first time on Monday and it will be valid for a week, expiring the following Sunday at midnight. 10-ride passes are valid for 10 rides and 24-hour passes expire 24 hours after activation. Passes are not transferable, replaceable, or refundable and all sales are final. Visit rtcwashoe.com to buy passes online or see page 11 for a list of Pass Retailers.

Pass Vending Machines

Pass vending machines (PVM) are available at RTC 4TH STREET STATION and RTC CENTENNIAL PLAZA for easy, quick and convenient pass purchases with cash, coin or credit cards. All RTC RIDE passes are available from the PVMs, including 24-hour passes. Purchasing a pass from a PVM is as easy as 1, 2, 3. Select your fare category and pass type; insert your payment; and take your pass, change, and receipt. Instructions are available in Spanish and English through an audio feature for the convenience of all riders. **All pass sales are final.**

24-hour Passes

You can prepurchase 24-hour passes online and from the pass vending machines (PVM) located at RTC 4TH STREET STATION and RTC CENTENNIAL PLAZA. If purchased from the PVM, the pass is not activated until first use. It will expire 24 hours after first use. Passes purchased online will be mailed.

The 24-hour pass can also be purchased onboard all RTC RIDE buses at the time of boarding. The farebox will issue a 24-hour pass for unlimited trips on all RTC RIDE routes for the period of 24 hours. The back of the pass shows the date and time the pass was issued, as well as the date and time it expires. Unlike other RTC bus passes, the 24-hour pass purchased from the farebox on the bus is activated at the time it is issued. See “Paying Your Fare” on page 7 for additional information on 24-hour passes.

Reduced Fares Require Special I.D.

Youths, seniors and people with disabilities or on Medicare may take advantage of discounted fares as long as a valid identification card (I.D.) is presented at time of boarding. Acceptable I.D.s, may include, but are not limited to:

To show proof of age (youth, senior fares)

Holiday Service on page 10.

*Replacement I.D. cards cost \$5.00 each.

Children age five and under ride free and must be accompanied by an adult.

RTC Centennial Plaza information booth is open Monday through Friday 8 am to 5 pm.

Paying Your Fare

To avoid overpayment, please have the exact fare ready when boarding. Drivers do not carry change. **Overpayments are refunded with passes and no cash back is given.**

Cash, passes, and transfers can be used on all buses. Deposit cash into the farebox, or insert your pass into the farebox. **If you will need to transfer, ask the bus driver for a transfer when you pay your fare.** If you use a 24-hour, 7-day, or 31-day pass, transfers are not needed. See transfer section for more details.

If purchasing a 24-hour pass onboard, please **notify the driver at time of boarding.** The driver will have to prepare the farebox for your purchase **so please do not insert money before being asked to do so.**

Token Transit

Smart Phone Fare Payment

RTC has partnered with Token Transit to provide you the option of using your smart phone to purchase and board buses. Simply download the Token Transit app in your app store or text "TOKEN" to 41411 for a download link. You can store or activate passes on your phone. To board, simply show the driver your animated pass on

your phone. It's that simple! For customer service questions or help with Token Transit, please email help@tokentransit.com or call support at 415-91-TOKEN (415-918-6536).

About Transfers

If the bus you are riding doesn't go to your final destination, then you may transfer to another bus. **Transfers are free and valid for 90 minutes. Transfers must be requested when paying your fare and are not transferable.** If you're not sure where or how to transfer, just ask your driver for help.

Take the bus to a transfer point or to where two routes meet. Wait for your connecting bus at the appropriate bus stop (see System Map or individual route maps). Valid 24-hour, 7-day and 31-day pass holders do not require a transfer.

If you have further questions about how to transfer between buses, call RTC Passenger Services at **348-RIDE** (348-7433) TTY 1-800-326-6868.

Limitations on Transfers

- ✓ **Transfer requests must be made when paying your fare.**
- ✓ The farebox will time and date stamp the transfer, identify the expiration time as well as the route the transfer was issued on. (See sample transfer above.)
- ✓ The farebox will only accept valid transfers. If your transfer is invalid, a full fare is required.
- ✓ In the event the farebox cannot read a transfer due to damage, it is up to the driver's discretion to accept the transfer.
- ✓ If you forget to request a transfer at the time of boarding, a "late transfer" is available from the driver before you exit the bus. Late transfers are valid for only 60 minutes.

Transfers with 10-Ride Passes When using your 10-ride pass, be sure to ask for a transfer at time of boarding. This will allow you to avoid an unnecessary use of a ride when transferring.

"Flow-Through Routes" Some routes flow through or change from one route to another route. For example, you can get on a Route 11 bus outbound, ride it to RTC CENTENNIAL PLAZA where it changes to a Route 21 bus, and continue to ride to east Sparks without transferring. These are called "flow-through" routes. They are shown on the schedule in the columns ("Comes from Route" and "Changes to Route").

Getting on the Bus

Please remember boarding is allowed only at designated bus stops. Double-sided blue and white RTC RIDE bus stop signs and route number signs are posted at all designated stops. Passenger shelters are provided at many locations and solar-powered bus stops are being tested at selected stops as an additional passenger amenity, offering bus signaling capability, security lighting and on-demand schedule illumination. Make sure to be at the bus stop at least 5 minutes before the scheduled stop. Stand up when the bus approaches and look for the route number and destination sign above the windshield. Always feel free to confirm with the driver that you are boarding the correct bus. Be at the stop and ready to board with correct fare. After dark, or on unlighted streets, you may wish to signal the driver with a flashlight.

If You Get on the Wrong Bus

Tell the driver you are on the wrong bus and ask for assistance. The driver will give you directions or call for a supervisor to assist you.

For Your Safety

- ✓ To avoid the possibility of slipping and falling, please stand back from the curb when the bus approaches the bus stop. Also, the right side mirrors on the bus are low enough to strike a taller individual who is too close to the curb
- ✓ Be aware of uneven curbs and sidewalks or obstacles at the curb
- ✓ NEVER RUN alongside a moving bus, or into the street in front of a parked bus, or across the street to stop a departing bus
- ✓ Do not cross in front or behind the bus; wait for the bus to pull away before crossing the street
- ✓ Do not attempt to board a bus which has pulled away from the curb; drivers are not allowed to return to the curb once they depart
- ✓ RTC and RIDE staff are identifiable by the logo on uniforms, vehicles and ID badges

Seating

For your safety, please sit down quickly and remain seated throughout your trip. When it is time to get off the bus, please stay in your seat until the bus comes to a complete stop. If the bus is crowded and you have to stand, move as far to the rear of the bus as possible, and hold the handrails. **Please remember, the front seats are reserved for senior citizens and people with disabilities.**

For the Safety & Comfort of All Passengers

We Require That You...

- ✓ Please respect the property and privacy of our neighbors.
- ✓ Do not smoke aboard the bus or in bus stop shelters and only at designated areas at transit stations. This includes but not limited to electronic cigarettes (e-cigarettes), vaping devices, or any other battery-powered device which simulates tobacco smoking
- ✓ Do not eat or drink aboard the bus
- ✓ Leave front seats available for senior citizens and people with disabilities
- ✓ Walk, do not run on the bus or anywhere on RTC facilities (such as RTC 4TH STREET STATION, RTC CENTENNIAL PLAZA or around bus stops)
- ✓ Wear shirts, shoes and pants
- ✓ Keep your arms inside the bus and feet on the floor while riding
- ✓ Keep bus aisles clear of packages, carriages, etc.
- ✓ Keep seats clean and place all trash in trash cans
- ✓ Use earphones to listen to your radio/audio device and cell phones
- ✓ Do not cause disruptive behavior or use foul language. Please report any individual who harasses or threatens you or another passenger
- ✓ Please report any person who vandalizes RTC property
- ✓ Assaulting a driver is a federal offense and felony. Assault includes the threat of physical violence, spitting, and throwing objects. Onboard cameras may be used to prosecute offenders

Restrictions on Carry-on Items

- ✓ Food and beverages are only permitted in sealed, spill-proof containers
- ✓ Alcohol can only be transported in sealed containers on buses, at bus stops, or at transfer centers
- ✓ Guns are strictly forbidden unless carried by on-duty law enforcement, transit center security officers, or an individual with a valid concealed weapons permit
- ✓ Weapons are strictly forbidden
- ✓ Any items which could cause chemical or grease damage, or hazards such as automobile batteries, are prohibited
- ✓ Oversized objects that impede safe movement of passengers are not permitted
- ✓ Collapsed baby strollers and 2-wheel collapsible carts must remain closed while on board the bus
- ✓ Animals, other than service animals, must be in secured containers

Leaving the Bus

RTC RIDE buses stop only at designated bus stops. If you're not sure where your stop is, ask the driver to call it out.

To signal the bus to stop, simply use the pull cord or press the black or yellow tape beside the window. Signal about one block before your stop to give the driver enough time to react to your request. The driver will pull over at the next stop. If the driver is unable to stop in time or it is unsafe to stop, he will continue to the next designated bus stop and let you off there. Wait until the bus has come to a complete stop before standing to exit. **Please use the rear door when exiting to allow additional passengers to board.** The rear doors are not automatic, so you will need to push the marked bars or strips for the doors to open. After exiting, DO NOT cross in front of the bus. Wait until the bus has pulled away and cross at a designated cross walk.

Special Features

“Kneeling” Buses, Public Address Systems and Wheelchair Lifts

Each RTC RIDE bus has a front-end “kneeling” feature that lowers the first step to curb level for easier access for people who have difficulty climbing stairs. Just ask the driver to have the bus “kneel” for you. All RTC RIDE buses have a public address system for stop, transfer and other announcements. In addition, our buses are equipped with either front door ramps for wheelchair access or wheelchair lifts located at the rear door of the bus, both of which are operated by the bus driver. Passengers in wheelchairs are loaded first and the driver will assist in securing your wheelchair. Mobility devices up to 30" x 48" and weighing up to 600 pounds when occupied can be accommodated. All RTC RIDE buses have two secured wheelchair areas. Free mobility training is available from Northern Nevada Center for Independent Living. Call 353-3599 (353-3588 TTY).

Free WiFi Available

Free wireless internet access is available at RTC 4TH STREET STATION in downtown Reno and at RTC CENTENNIAL PLAZA in Sparks' Victorian Square. RTC RIDE also has free WiFi “hot spots” on all routes for accessing the internet. Members of the public can board these transit services with their portable internet access devices and check e-mail, shop online or simply relax and surf the web. Bandwidth for the WiFi is estimated to be similar to a DSL line with coverage throughout downtown Reno, Washoe Valley, and Carson City.

Take Your Bike for a Ride

All RTC RIDE buses are equipped with racks to hold two or three bicycles. Bike racks on RTC INTERCITY buses hold three bikes. You or a companion must be physically able to load your bike. Bike racks are convenient and easy to use. While drivers are not allowed to help load or unload your bike, they can tell you how to use the bike rack. The only contact is between the tire and the rack, so there is little chance of scratching. And best of all, there's no additional cost for using the bike rack! Free bicycle racks are available at RTC 4TH STREET STATION and RTC CENTENNIAL PLAZA.

Just follow these simple steps:

- 1 Wait for the bus to come to a complete stop. Lower the bike rack by pulling up on the release bar on the top of the bike rack.
- 2 Lift your bike onto the rack using the front slot first and fitting your tires into the slots.
- 3 With your bike already in the rack, pull the support arm out and up over the front tire to secure it.
- 4 **Before exiting the bus, tell the driver you want to unload the bike.** To unload, pull the support arm out and down over the front tire, lift your bike onto the curb, fold the rack up to the locked position, stand clear of the bus, and signal the driver that you are finished and it's safe for you to leave.

RTC RAPID – Using the bike rack:

- 1 Place front tire on bike hook at the top of the rack
- 2 Device will close to secure the front tire
- 3 Place rear tire in floor slot and secure with straps

To remove your bike:

- 1 Undo lower straps on rear tire
- 2 Lift bike off of the hook
- 3 Lock will open
- 4 Remove your bike carefully

Detours/Rider Alerts

From time to time, RTC RIDE buses will be placed on detour from their original routing. In an effort to communicate detours to passengers, several tools are used by RTC RIDE supervisors to get the word out to passengers.

- Long-term detour information is posted at RTC 4TH STREET STATION and RTC CENTENNIAL PLAZA.
- Detour signs are posted at affected bus stops.
- On board all buses, behind the driver, is a passenger information center with detour/rider information. Please reference this regularly for up-to-date information on routing/system changes.
- Sign up for MyRTC to receive email updates of transit alerts on rtcwashoe.com.
- Passengers can also visit rtcwashoe.com for all detour and passenger information.

Service During Snow and Ice

RTC RIDE buses may be delayed, detoured, or may not be wheelchair accessible when the roads become slippery. This information will be posted at all detour/passenger information locations as noted in the previous section.

Una nota del Director Ejecutivo, Lee Gibson

Bienvenido a bordo de su sistema de transporte público. La Comisión Regional de Transporte se dedica a ofrecerle servicios de transporte público seguro, limpio y confiable para satisfacer sus necesidades de transporte. La RTC es un consejo regional cooperativo gobernado por representantes de la Comisión del Condado de Washoe (2) y de los Consejos Municipales de Reno (2) y Sparks (1). Juntos con MV Transit y Ride Right, estamos aquí para servir y escuchar a nuestros usuarios sobre maneras mejores de brindar nuestros servicios. Nos sentimos especialmente orgullosos de nuestra dedicación para crear una comunidad segura y saludable, promover el desarrollo económico y la diversificación, mejorar la sostenibilidad ambiental y aumentar sus opciones de viaje.

¡Ahora puede utilizar su teléfono inteligente para abordar su autobús! En diciembre de 2016, presentamos la aplicación móvil de tarifas Token Transit, la cual facilita a nuestros pasajeros la compra de su pase de autobús a su conveniencia desde donde quiera que se encuentren, a cualquier hora del día, los siete días de la semana. Nos complace ofrecer esta tecnología a todos y así mejorar su experiencia de viajar por transporte público. Reconstruimos recientemente nuestro Centro de Mantenimiento de Villanova, que ahora puede recibir nuestros autobuses eléctricos y tiene almacenamiento adicional para diez vehículos más. Su seguridad y protección es nuestra máxima prioridad. Nos hemos asociado con las Ciudades de Reno y Sparks, agencias de la ley y otras organizaciones comunitarias para garantizar que usted esté a salvo en nuestras estaciones de tránsito y que éstas sean lugares acogedores para todos. Recuerde, si ve algo, repórtelo.

Durante los últimos dos años, hemos trabajado duro para mejorar su sistema de transporte público para que cubra las necesidades actuales y futuras de la región. El Consejo de la RTC adoptó el Plan Maestro de Calles Completas para disponer un acceso seguro para nuestros clientes y para el público en general mediante mejores aceras, mejores caminos hasta las paradas de autobús, calles seguras y paseos peatonales. Estamos en el proceso de ampliar nuestro programa de autobuses eléctricos con la adición de doce autobuses eléctricos en el próximo año. Estos autobuses darán servicio en nuestra red de transporte, incluyendo la nueva Línea Lincoln, que entrará en servicio a finales de 2018 con la finalización del Proyecto de Transporte Público de RAPID en 4th Street/ Prater Way. Estamos en la última etapa del diseño del Proyecto de Extensión de Transporte por Autobús RAPID de Virginia Street, lo que llevará el servicio RAPID a la Universidad de Nevada, Reno en 2019, mejorando las conexiones en el eje vial de Virginia Street hacia el campus y la ESTACIÓN RTC de 4TH STREET. Además, se instalarán un total de dieciséis nuevas estaciones RAPID para ambos proyectos que incluirán servicios tales como Máquinas Exendedoras de Pases, abordaje a nivel del suelo, prioridad en semáforos, información de horarios en tiempo real y obras artísticas. Estos dos proyectos juntos representan una inversión de \$139 millones de dólares en nuestra comunidad. Para obtener más información sobre estos proyectos e inscribirse para

recibir las últimas noticias, visite 4thPrater.com y VirginiaStreetRapidExtension.com.

La RTC agradece su apoyo y valora sus opiniones. Queremos darle información sobre lo que hacemos, escuchar sus ideas y preocupaciones, y animarle a participar en nuestras reuniones públicas y eventos a puertas abiertas. Usted puede mantenerse conectado con nosotros en Facebook, Twitter y YouTube, y a través de nuestro sitio web rediseñado en www.rtcwashoe.com. Cuando nos visite en persona o nos llame por teléfono, nuestro atento personal de servicio al cliente estará listo para ayudarlo. Ya sea que usted llegue al transporte público caminando o en bicicleta, disfrute del paseo - ¡jes nuestro placer atenderle!

Su RTC. Nuestra comunidad.

Cómo Usar el Libro de Autobús

Este Libro de Autobús contiene toda la información que usted necesita para un viaje agradable en RTC RIDE aunque sea su primer viaje o usted es un cliente regular de muchos años. **Primero mire el mapa desplegable del sistema en el centro del Libro de Autobuses** se encuentra usted y para hacia dónde desea ir. Después vea cuál número de ruta de autobús(es) (todos marcados de colores) necesitará para llegar a su destino. Algunas veces se requiere transbordar a otro autobús. Esto se hace en uno de los centros de transbordo indicados arriba o en la intersección. **Vea la página 16** para más información sobre los transbordos. Algunos autobuses funcionan en rutas de “flow-through”. Estos autobuses cambian número de ruta en el centro de transbordo, pero los pasajeros que ya se encuentran en el autobús pueden continuar en él sin hacer un transbordo. Una explicación más completa de las rutas “flow through” se encuentra en la **página 16**.

Después de identificar cuál ruta(s) va a tomar, revise la página que indica el mapa de las rutas de los autobuses y de los horarios para ver a qué horas llega el autobús. Los principales “puntos de tiempo” en el horario – no todas las paradas – se indican en el Libro de Autobús, así es que usted necesita encontrar el más cerca a donde usted quiera tomar el autobús. Si el punto de tiempo mostrado en el libro es antes de su parada, agreguele unos minutos al horario. Llame al 348-RIDE para saber la ubicación de la parada más cercana a usted, o trate de utilizar el Google Transit Trip Planner.

Cómo Interpretar Los Horarios

Solo siga estos pasos fáciles:

- Encuentre la página apropiada que indica el horario individual de la ruta(s) que desea tomar.
- escoja el horario para el día que desea viajar (horario durante la semana, del fin de semana o de día festivo).

- Encuentre la dirección hacia donde va (generalmente “de” o “a” el centro de Reno, Sparks o Meadowood Mall).
- Antes encuentre el punto de tiempo más cercano de donde usted quiere tomar el autobús.
- Tenga en cuenta que los horarios dan la hora más temprana a la que el autobús sale de la parada en particular (excepto donde se indique que es la hora de llegada). Por ejemplo, si el horario marca las 2:30 p.m en una parada, el autobús puede llegar a esa hora, o unos minutos antes o después, dependiendo de las condiciones del tráfico y el número de pasajeros. Sin embargo, el autobús nunca debe salir de esa parada antes de las 2:30 p.m

Tome el autobús hasta el punto de transbordo o donde se encuentren dos rutas. Espere su autobús de conexión en la parada correspondiente (vea el mapa del sistema o los mapas de rutas individuales). Las personas que usan pases válidos de 24-horas, de 7-días o de 31-días no necesitan sacar boleto para transbordar.

Si usted tiene más preguntas sobre cómo transbordar de autobuses, llame al Servicio de Pasajeros de RTC RIDE al **348-RIDE** (348-7433) TTY 348-7450.

tener que hacer un transbordo. Estas rutas se llaman "flow through". Se indican en el libro de horarios en las dos columnas ("Comes from Route" indica Viene de Ruta y "Changes to Route" indica Cambia a Ruta).

Características Especiales

Autobuses con “Plataforma”, Sistemas de Altavoz y Elevadores para Silla de Ruedas

Todos los autobuses de RTC RIDE cuentan con una “plataforma” que baja el primer escalón al nivel de la acera para facilitar el acceso a aquellas personas que tienen dificultad para subir escalones. Sólo pídale al conductor que baje la plataforma para que usted pueda subir. Todos los autobuses RTC RIDE tienen un sistema de altavoz que anuncia las paradas, puntos de transferencia y otros anuncios. Además nuestros autobuses están equipados con rampas en la puerta delantera para el acceso a la silla de ruedas o elevadores para silla de ruedas localizados en la puerta trasera del autobús, mecanismos que son controlados por el conductor. Los pasajeros en silla de ruedas abordan el autobús primero y el conductor les ayuda a asegurar la silla. El autobús puede acomodar dispositivos de movilidad que midan hasta 30” x 48” con un peso máximo de 600 libras cuando están ocupados. Todos los autobuses RTC RIDE tienen dos áreas seguras para silla de ruedas. El Centro de Vida Independiente del Norte de Nevada (Northern Nevada Center for Independent Living) ofrece capacitación de movilidad gratuita llamando al teléfono 353-3599 (353-3588 para personas con dificultad en el habla y el oído).

Servicio WiFi Gratuito Disponible

La conexión inalámbrica al Internet está disponible en la ESTACION RTC CALLE 4^a en el centro de Reno y en la PLAZA RTC CENTENNIAL en la Praza Victorian en Sparks. RTC RIDE también cuenta con “puntos de conexión” gratuitos al WiFi en todas las rutas para su acceso al Internet. El público en general puede abordar el autobús con sus dispositivos portátiles con acceso al Internet y revisar su correo electrónico, hacer compras en línea o simplemente relajarse y navegar en la red. Se calcula que la amplitud de la banda para WiFi es similar a la de la línea DSL con cobertura en el centro de Reno, Washoe Valley y Carson City.

Animales de Servicio

Se prohíbe viajar con animales con la excepción de animales de servicio (por ej. perros guía, perros de alarma o perros de servicio) u otros animales de servicio según lo permitido por la Ley de Americanos con Discapacidades (ADA, por sus siglas en inglés) y todas las demás leyes y reglamentos estatales y federales aplicables, siempre y cuando el animal vaya acompañado por una persona con discapacidad o por una persona que sea responsable de entrenar a dicho animal. Las mascotas y animales de apoyo, de terapia, de comodidad y de compañía no son considerados animales de servicio, aunque tienen permitido abordar el autobús cuando se llevan en un

portador para mascotas. Los portadores deben tener candados, ganchos o correderas, deben ser a prueba de heces y no deben bloquear el pasillo o la puerta.

Conforme a ADA y la ley de Nevada sobre establecimientos públicos, un establecimiento no le puede hacer preguntas sobre su discapacidad ni exigir ver una certificación, identificación u otra prueba del entrenamiento o la condición de su animal. Si no es obvio lo que hace su animal de servicio, sólo se le puede preguntar si es un animal de servicio, y qué tareas realiza para usted.

Personas con Necesidades Especiales

RTC RIDE quiere que su viaje sea tan cómodo y placentero como sea posible. Los siguientes puntos le darán información sobre la responsabilidad del conductor y maneras de cómo usted puede prepararse para su viaje.

Están disponibles de lunes a viernes, de 7 am a 7 pm y sábados de 8 am a 5 pm.
- RTC RIDE requiere que todas las sillas de ruedas sean aseguradas utilizando un Procedimiento de Fijación de Cuatro Puntos para que las sillas no se muevan más de 2 pulgadas en cualquier dirección y estén aseguradas de manera que no caigan cuando el autobús dé vuelta o enfrene repentinamente.
- Si una silla de ruedas no puede asegurarse por algún problema de acceso, por el sistema de correas de seguridad o por desperfecto mecánico de los elevadores o de la rampa, el conductor informará al usuario de la silla de ruedas que RTC RIDE le proporcionará transporte durante los 30 minutos siguientes. Si hay otro autobús programado en los siguientes 30 minutos, entonces ese autobús se usará para transportar al pasajero. Sin embargo, si no hay otro autobús programado, RTC despachará un autobús en 30 minutos. **Independientemente de la situación, el conductor tiene la responsabilidad de avisarle al supervisor inmediatamente sobre el problema.**
- El conductor deberá desplegar la rampa o el elevador para cualquier pasajero que pida utilizar la rampa o el elevador.
- Los anuncios de la ley ADA se pondrán automáticamente en las intersecciones principales y sitios del Internet. Si el equipo deja de funcionar, el conductor hará los anuncios. Además, el conductor hará los anuncios a petición de los pasajeros con discapacidades.

At the top, there is a navigation bar with links for HOME, PUBLIC TRANSPORTATION, PLANNING, CONSTRUCTION, ABOUT, and a search field. On the right side of the navigation bar, there are icons for a magnifying glass, a globe, and a dropdown arrow labeled 'SELECT LANGUAGE'. Below the navigation bar, the breadcrumb 'RTC / Public Transportation' is visible. The main content area features the RTC logo and the text 'PUBLIC TRANSPORTATION'. A horizontal menu below the logo includes 'Trip Planner', 'Maps & Schedules', 'NextBus', 'Alerts', and 'Buy Passes'. The 'Alerts' menu item is circled in black, and a white arrow points to it from the right. Below the menu, the 'GET STEP-BY-STEP DIRECTIONS' section contains input fields for 'From' and 'To' (both labeled 'Enter a location'), a 'Depart at' and 'Arrive by' section, and a 'Date' field with '5/26/2017' and a 'Time' field with '12:19 PM'. A 'See trip in Google Maps' button is located at the bottom of this section. On the right side, the 'RTC RIDE' section lists various services: 'How to Ride', 'Bus Book', 'Holidays', 'Fares', 'Bikes on the Bus', 'Conduct & Safety', and 'Connections'.

LOOK OUT BEFORE YOU STEP OUT!

Please follow these walking tips to have a safe trip on RTC RIDE from start to finish.

- Be predictable.
- Use sidewalks and crosswalks where provided.
- When possible, walk facing traffic.
- Make eye contact with drivers before stepping in front of cars.
- Drivers don't always look for pedestrians – even if you have the right of way, WATCH FOR CARS!
- Dress to be seen. Bright colors and reflective gear makes you more visible to drivers

A language selection dropdown is also present. Below the navigation bar, the breadcrumb trail reads "RTC / Public Transportation". The main header features the RTC logo and the text "PUBLIC TRANSPORTATION". A navigation menu below the header includes "Trip Planner", "Maps & Schedules", "NextBus", "Alerts", and "Buy Passes". The "Alerts" link is circled in black, and a white speech bubble with a black outline points to it from the top right. The "Alerts" page content is visible, starting with "GET STEP-BY-STEP DIRECTIONS" and a form with fields for "From", "To", "Date", and "Time". A "See trip in Google Maps" button is at the bottom of the form.
