MEDICAL BENEFITS

PEBP offers two medical plan options for Northern Nevada and two medical plan options for Southern Nevada. Those residing out of state only have one plan option, the Statewide/Nationwide CDHP-PPO plan.

Consumer Driven Health Plan

Preferred Provider Organization
(Statewide/Nationwide CDHP-PPO)

- A PPO has a contracted group or network of health care providers (e.g., hospitals, physicians, laboratories) that provide health care services and supplies at agreed upon discounted or reduced rates.
- High-deductible plan which provides an a Health Savings Account (HSA) for eligible employees or a Health Reimbursement Arrangement (HRA) for active employees as well as retirees who are ineligible for the HSA.

Premier Plan

Exclusive Provider Organization
(Northern Nevada EPO)

- With an EPO you must use in-network providers (e.g., doctors, hospitals and other health care providers) that participate in the plan.
- You do not need to select a primary care physician (PCP), nor do you need to contact your PCP for referrals to specialists. However, because you are responsible for choosing specialists and hospitals, it is important to confirm with the provider that they are in-network.
- Fixed copayments for most services.
- Only urgent/emergent services covered outside of service area.

Health Plan of Nevada

Health Maintenance Organization
(Southern Nevada HPN-HMO)

- With an HMO you must use in-network health care providers that participate in the plan.
- Primary care physician will be required.
- Fixed copayments for most services.
- Only urgent/emergent services are covered outside of the service area. With the exception of covered dependents enrolled in an accredited college, university or vocational school anywhere in the United States.

OPEN ENROLLMENT

The annual PEBP Open Enrollment period provides participants the opportunity to reevaluate benefits, make changes to existing medical plan elections, or add/remove dependents.

Participants who are adding dependents to their coverage during the Open Enrollment period must upload any required supporting documents (e.g., copy of marriage certificate, birth certificate, etc.) by June 15th.

In order to make any plan changes outside of the Open Enrollment period, you must experience a qualifying life event.

PEBP Open Enrollment is normally held between May 1st - May 31st. Any changes made during the Open Enrollment period become effective on July 1st.

QUALIFYING LIFE EVENTS

Federal regulations generally require that plan coverage remain in effect, without change, throughout the plan year unless a qualifying life event occurs mid-year.

The plan must be notified by completing an online event through your E-PEBP Portal within 60 days of the qualifying event date. If the online event, including uploading any required supporting documents, is not completed within the specific timeframe as outlined in the Eligibility and Enrollment Master Plan Document, the request will not be accepted and the change cannot be made until the subsequent Open Enrollment period.

Some examples of eligible qualifying life events include:

- Marriage, divorce, or annulment
- Beginning or ending of domestic partnership
- Birth, adoption, or permanent guardianship of a child
- Dependent gaining own group coverage
- Dependent losing own group coverage
- Moving out of the EPO or HMO coverage area

Any change made to healthcare benefits must be determined by PEBP to be necessary, appropriate, and consistent with the change in status.

SPENDING ACCOUNTS

Flexible Spending Accounts (FSA)

FSAs are available to any eligible active employee regardless of the plan they choose, excluding the Nevada System of Higher Education employees who have a separate plan with their employer. Medical FSAs are not available to CDHP employees who have a HSA. FSAs give you a tax break on your eligible health care and dependent care expenses by having tax-free FSA contributions taken from your paycheck. By electing to direct a portion of your salary through an FSA, you essentially bank your money in a tax free account. The money is used to pay for expenses that would otherwise be paid out of your take-home pay.

You can use your Health Care FSA debit card to pay for your eligible medical, dental, and vision expenses. Or you can submit claims to request reimbursement for your eligible health care and dependent care expenses online via your E-PEBP Portal. Use the single sign on feature to access your HealthSCOPE portal.

Health Savings Account (HSA)

The Consumer Driven Health Plan (CDHP) with a Health Savings Account (HSA) is a great way to save tax-free money for current and future health care expenses. You can contribute, up to a certain amount regulated by the IRS each year, and PEBP will contribute a base amount as well! Your account balance rolls over from year to year and never expires so you can even use the funds into retirement.

Health Reimbursement Arrangement (HRA)

The Consumer Driven Health Plan (CDHP) with a Health Reimbursement Arrangement (HRA) is for those that do not meet the eligibility requirements to enroll in a Health Savings Account (HSA). The HRA is funded by PEBP the same way an HSA is, however, participant contributions are not allowed. If the CDHP medical coverage terminates for any reason, including a transition into a Medicare Exchange plan, any remaining funds in the HRA account revert to PEBP.

- HRA funds may be used to pay for out-of-pocket qualified health expenses
- HRA's are not portable; funds revert to PEBP if an employee's coverage is terminated for any reason, including a transition into a Medicare Exchange plan

You may enroll in the CDHP with an HRA if you are not eligible for the CDHP HSA due to the following requirements:

- You are a retiree
- You have other coverage (Medicare, TRICARE or TRICARE for Life, Tribal, HMO, COBRA, etc.)

COBRA COVERAGE

Consolidated Omnibus Budget Reconciliation Act of 1985

Qualified beneficiaries are entitled to COBRA continuation coverage when qualifying events (which are specified in the law) occur, and, as a result of the qualifying event, coverage of that qualified beneficiary ends.

By law, any person who elects COBRA Continuation of Coverage will pay the full cost of the COBRA Continuation of Coverage.

Ordinarily, the continuation coverage that is offered will be the same coverage that you, your spouse/domestic partner or dependent children had on the day before the qualifying event. An employee or retiree, spouse/domestic partner or dependent child who is not covered under the Plan on the day before the qualifying event generally is not entitled to COBRA coverage except, for example, when there is no coverage because it was *eliminated in anticipation* of a qualifying event such as divorce. If the coverage is modified for similarly situated employees or their spouses/domestic partners or dependent children, then COBRA coverage will be modified in the same way.

Initial Enrollment for COBRA

Qualified beneficiaries who wish to elect COBRA Continuation Coverage must submit their election within 60 days of their qualifying event by completing the PEBP COBRA Election Notice (this event is not available online).

The maximum period of COBRA continuation coverage is generally either 18 months or to a max of 36 months, depending on which qualifying event occurred, measured from the time the qualifying event occurs.

HIPAA PRIVACY PRACTICES

The Health Insurance Portability and Accountability Act (HIPAA) (Privacy Rule) provides Federal protection for personal health information and gives patients an array of rights with respect to that information. At the same time, the Privacy Rule is balanced so that it permits the disclosure of personal health information needed for patient care and other purposes. For more information, please visit the following website: <https://www.hhs.gov/ocr/index.html>.

MICHELLE'S LAW

Under the Public Employees' Benefits Program ("PEBP"), most dependent children are eligible for health coverage until age 26. However, dependent children under a legal guardianship who are unmarried are generally eligible for health coverage until age 19. Eligibility for dependent children under a legal guardianship may be extended beyond age 19 to age 26 if the child satisfies all of the following conditions:

- Remains unmarried;
- Is either enrolled as a full-time student at an accredited institution or resides with the Participant;
- Is eligible to be claimed as a dependent on the Participant's or his/her Spouse's or Domestic Partner's federal income tax return for the preceding calendar year; and
- Is a grandchild, brother, sister, step-brother, step-sister, or descendent of such relative.

Because eligibility may be conditioned on maintaining full-time student status, Michelle's Law applies only to the extended eligibility for dependent children under a legal guardianship from ages 19 -26 who meet the conditions above.

Should a dependent child under a legal guardianship (as described above) take a medically necessary leave of absence for a serious illness or injury that causes loss of full-time student status, his or her coverage cannot be terminated before the date that is the earlier of (1) one year after the first day of the medically necessary leave of absence; or (2) the date on which such coverage would otherwise terminate under the terms of the PEBP. A written certification stating that the dependent child is suffering from a serious illness or injury and that the leave of absence is medically necessary must be provided by a treating physician of the dependent child to PEBP in order for eligibility and coverage to continue.

NEWBORNS' AND MOTHERS' HEALTH PROTECTION ACT OF 1996

Group health plans and health insurance issuers generally may not, under federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours, as applicable). In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours). For more information, please visit the following website <https://www.dol.gov/>.

We encourage you to look over the commonly used [health coverage and medical terms](#).

KEY TERMS AND DEFINITIONS

Annual/Annually	For the purposes of this Plan, annual refers to the 12 month period starting July 1 through June 30.
Base Plan	The Self-funded Consumer Driven Health Plan (CDHP). The base Plan is also defined as the “default Plan”.
Coinsurance	The portion of eligible medical expenses for which the covered person has financial responsibility. In most instances, once your costs reach the deductible limit, the insurance company pays for covered expenses at its level of coinsurance, and you pay at your level of coinsurance. The Coinsurance varies depending on whether in-network or out-of-network providers are used.
Copayment, Copay	The fixed dollar amount you are responsible for paying when you incur an eligible medical expense for certain services, generally those provided by network health care practitioners, hospitals (or emergency rooms of hospitals), or health care facilities. This can be in addition to coinsurance amounts due on the same incurred charges. Copayments are limited to certain benefits under this program.
Deductible	The amount of eligible medical, prescription drug and dental expenses you are responsible for paying before the plan begins to pay benefits. The deductibles are discussed in the Medical Expense Coverage section of this document. The dental deductibles are discussed in the separate Dental Master Plan Document.
Exclusions	Specific conditions, circumstances, and limitations for which the plan does not provide plan benefits.
Formulary	A list of generic and brand name drug products available for use by participants.
Health Reimbursement Arrangement	A Health Reimbursement Arrangement (HRA) is an employee-funded spending account that can be used to pay qualified medical expenses. The HRA is 100% funded by the employer. The terms of these arrangements can provide first dollar medical coverage until the funds are exhausted or insurance coverage kicks in. The contribution amount per employee is set by the employer, and the employer determines what the funds can be used to cover and if the dollars can be rolled over to the next year. In most cases, if the employee leaves the employer, they can't take remaining HRA funds with them.
Health Savings Account	An account that allows individuals to pay for current health expenses and save for future qualified medical and Retiree health expenses on a tax free basis.
In-Network Provider	Means an in-network provider that the network or one of its rental networks have contracted with or made arrangements with to provide health services to covered individuals. An in-network provider has agreed to charge participants a discounted rate. To determine if a provider is an in-network provider log onto your E-PEBP portal and use the HealthSCOPE single sign on feature. Then click the “Find a Provider” tab. You may also call the number of the back of your ID card and a customer service representative can locate an in-network provider for you.
Out-of-Pocket Maximum	The maximum amount of coinsurance each covered person or family is responsible for paying during a Plan year before the coinsurance required by the Plan ceases to apply. When the out-of-pocket maximum is reached, the Plan will pay 100% of eligible covered expenses for the remainder of the Plan year. See the section on out-of-pocket maximum in the Medical Expense Coverage section for details about what expenses do not count toward the out-of-pocket maximum.
Usual and Customary	The amount paid for a medical care, treatment, or supplies in a geographic area based on what providers in that area usually charge for the same or similar service. The U&C amount is used to determine the allowed amount the plan will pay.

CHIP and Premium Assistance

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call **1-866-444-EBSA (3272)**.
