SILVER SPRINGS CONSERVATION CAMP

101-3749

PROGRAM DESCRIPTION

The Silver Springs Conservation Camp (SSCC) is a minimum security female custody facility, located approximately 30 miles east of Carson City. The facility was authorized by the 1989 Legislature. It opened in September 1991, with a 112-inmate capacity. Inmates primarily work for the Nevada Division of Forestry on conservation, fire suppression and public service projects. The Warden of the Nevada State Prison administers SSCC. A Correctional Lieutenant provides on-site management. The current operating capacity remains at 112 inmates, but the average FY 2004 actual population was 123 inmates.

OFFENDERS' STORE FUND

240-3708

PROGRAM DESCRIPTION

The Offenders' Store Fund (OSF) is a Special Revenue Fund generated by proceeds from the inmate stores and coffee shops located at most of the institutions, and the inmate telephone system. The account funds its own inventory, operating costs, data processing costs, travel, and equipment. Profits from the operations are transferred to the Inmate Welfare Fund (Budget Account 240-3763), to maintain the inmate law libraries and for the welfare and benefit of all inmates. In addition, costs absorbed by the Medical Division and the Director's Office on behalf of indigent inmates are reimbursed by the profits from the Store Fund.

The mission of Prison Industries (Silver State Industries) is to reduce government operating costs, provide inmates the skills necessary to successfully re-enter society, and enhance the safe operation of correctional facilities. To fulfill its mission, Prison Industries operates as a self-supporting operation, providing meaningful work and job training for prison inmates in the production of goods and services, at little or no direct cost to the taxpayer. Operations include: a furniture shop at the Northern Nevada Correctional Center (NNCC) that produces wood and upholstered furniture, metal institutional products, and reupholstery services; mattress, detergent, and printing shops at the Nevada State Prison (NSP); a garment sewing factory at the Lovelock Correctional Center (LCC); a drapery sewing shop at the Ely State Prison (ESP); and automobile refurbishing and stained glass manufacturing shops at the Southern Desert Correctional Center (SDCC). Additionally, Prison Industries operates used playing card recycling operations at the Warm Springs Correctional Center, High Desert State Prison, SDCC, and the Jean Conservation Camp. In addition, private businesses employ inmates as part of the Prison Industries' Program. Some of those businesses are Vinyl Products, Inc. (NNCC), Collection Restoration, Shelby, North America and M-Truss (SDCC), Somerset Industries (LCC), and Jacob's Trading Company (Southern Nevada Women's Correctional Facility). State agencies such as the Department of Motor Vehicles' license plate plant (NSP) and other government entities, such as Pershing County School District, also partner with Prison Industries. Employment is currently provided for approximately 765 inmates.

PROGRAM DESCRIPTION

The mission of Prison Industries (Silver State Industries) is to reduce government operating costs, provide inmates the skills necessary to successfully re-enter society, and enhance the safe operation of correctional facilities. To fulfill its mission, Prison Industries operates as a self-supporting operation, providing meaningful work and job training for prison inmates, in the production of goods and services, at little or no direct cost to the taxpayer. One of Prison Industries' operations is the Prison Dairy. The Prison Dairy is self-supporting, operating from revenue derived from processed milk sold to the Department of Corrections and other state agencies, as well as from the sale of cream and surplus raw milk to private vendors. Additional income is generated from the sale of livestock, hay grown on-site, renting unused grazing land to private vendors, and most recently, boarding of both estray horses (Department of Agriculture) and wild horses (Bureau of Land Management), until they have been adopted or sold to private individuals or moved to another holding facility. The Department of Corrections entered into an agreement with the City of Carson, whereby effluent water is used for the irrigation of prison grounds and farmland.

ENHANCEMENT

E225 ELIMINATE DUPLICATE EFFORT

This decision unit is a request to convert approximately 13 years of personnel records that reside on microfilm and are only accessible with the use of a microfilm reader/printer limiting the department's ability to research records. The conversion will digitize the records and provide electronic access through the department's digital imaging and indexing database. This database was established by the State Micrographics Division through funding received during the 2003 Legislature.

STATE UNEMPLOYMENT COMPENSATION

101-1339

PROGRAM DESCRIPTION

The 1977 Session of the Nevada Legislature extended unemployment insurance protection to most public employees effective January 1, 1978. Payroll centers of those agencies within the Department of Personnel payroll system participate along with elected and judicial officials. The Employment Security Division bills the account quarterly for actual benefits paid that are attributable to the eligible service time in participating agencies. Statutory Authority: NRS 612

CULTURAL AFFAIRS ADMINISTRATION

101-2892

PROGRAM DESCRIPTION

The Department of Cultural Affairs, Office of the Director, is responsible for general administration of the Department and submission of its budgets. The Director oversees the four Divisions of the Department and has statutory control and responsibility for all facilities and property, as well as planning and development of new facilities. The Director's Office coordinates efforts of the various programs and agencies within the Department to best meet public needs through strategic planning and coordination of staffing and resources. The Director plays a critical role in meeting with other cultural related service providers, working to ensure the success of those entities and leveraging the many services provided by others throughout the state.

The Department of Cultural Affairs the repository of our state's ancient and living history; its thoughts, words and ideas. It is the mission of the Department of Cultural Affairs to enrich the lives of citizens and visitors to the state of Nevada, recognizing the diversity of the state through leadership in cultural and information management, promotion of cultural resources and activities, and education, through our rich history of art, science, education, architecture, literature, and social endeavor. The Department includes the Office of the Director; Division of Museums and History; Nevada State Library and Archives; State Historic Preservation Office; and the Nevada Arts Council. Other key components of the Department include the Commission for Cultural Affairs, Board of Museums and History, Board of the Nevada Arts Council, Comstock Historic District Commission, State Historical Records Advisory Board, State Records Committee, State Council on Libraries and Literacy, and the Nevada Center for the Book Advisory Board. Statutory Authority: NRS 378.005.

BASE

The base budget recommends continuation of salaries for 6 existing FTEs and associated operating costs. Base budget adjustments have been made for one-time expenditures, and for FY 05-07 projected salaries.

ENHANCEMENT

E250 WORKING ENVIRONMENT AND WAGE

This enhancement unit requests funding for two new positions and associated costs: a Management Analyst II and a Computer System Technician III. These positions will assist the department in complying with increased implemented requirements of the State Administrative Manual and the Department of information Technology Personal Computer (PC) and Security Policies and Procedures. Management Analyst II position is needed to come into full compliance with increased requirements and workload issues resulting from newly implemented NAC, IFS, NEBS and DoIT Security Initiatives. The Computer System Technician III position would free up time for the existing Computer Network Specialist II position to take on added responsibilities that have been added to the agencies through DoIT Security Initiatives, NEBS changes and heavier reliance on Information Technology to accomplish the department's goals.

PROGRAM DESCRIPTION

The Comstock Historic District Commission is mandated to encourage preservation of the Comstock Historic District, one of the nation's largest and most significant landmarks. It is also one of the most visited historic sites in the state, second only to Hoover Dam. The Commission meets its mandate through issuance of construction permits, public education, and special programs, integrating its efforts into education and tourism endeavors. The Commission considers requests for Certificates of Appropriateness, which property owners are required by statute to obtain before initiating exterior changes to existing structures or constructing new ones. The Commission gives guidance to federal agencies working within the district and provides public education focused on historic resources. Statutory Authority: NRS 384.

ENHANCEMENT

E327 SERVICES AT LEVEL CLOSEST TO PEOPLE

This enhancement unit requests funding for a new Museum Attendant I position (.51 FTE), for the new Comstock Historic District Office in Virginia City. The new facility will include new office space and a large exhibit facility to house the V&T Engine and additional exhibits. The new proposed position will be in charge of the exhibit center, and for providing staff overview for a docent council. Currently, the Comstock Historic District Commission has 1.51 FTE. Without the additional position, it will not be possible to maintain hours of operation for the new exhibit facility.

STATE HISTORIC PRESERVATION OFFICE

101-4205

PROGRAM DESCRIPTION

The State Historic Preservation Office through its various Historic Preservation programs, encourages and promotes tourism, economic growth and education through the preservation and promotion of Nevada's rich heritage. The agency provides state and federal grants to fund preservation activities in Nevada. The office assists federal and state agencies, local governments, private nonprofit organizations, and private citizens to preserve buildings and archaeological sites. The agency's mandate is to encourage preservation, documentation, and use of cultural resources through state and federal programs. Staff documents and interprets the history associated with cultural resources and works to improve public awareness of the state's heritage. Programs include grant distribution and management, review of projects for federal tax credits, the national and state registers of historic places, review of federal undertakings in the state, planning, and public education. In addition, the office manages nearly 300 historical markers to interpret sites throughout the state which benefit both local and out-of-state travelers. Statutory Authority: NRS 383.

ENHANCEMENT

E250 WORKING ENVIRONMENT AND WAGE

This decision unit requests a change to the funding mix used to support the agency's Historic Preservation Specialist I position. Currently the position is funded 100 percent from bond interest from the Historic Preservation fund (Cultural Resource Program, BA 2896). The proposed funding mix would be 50-percent bond interest (Transfer from Historic Preservation) and utilize 50-percent Federal Historic Preservation Grant Fund to support activities expended in the budget's Cat 16, Survey and Planning, expenditure category. This request is necessary due to the reduced interest earnings realized in the FY 04 and projected reductions in interest earnings for FY 05, FY 06 and FY 07. The projected interest for the 2005-07 biennium is not expected to be sufficient to support the position for the coming biennium.

E252 WORKING ENVIRONMENT AND WAGE

This decision unit requests funding for a new Historic Preservation Specialist II (Grade 35) position, and associated costs, to manage the archaeological GIS-based database. According to the agency, this position would enable the agency to accelerate the permitting process associated with proposed projects, such as new mines, roads, or land transfers. The agency proposes to fund the federally funded portion of this position with federal funds, previously used as grants for inventories, through a reduction in its category 16 expenditure, Survey and Planning Grants. Two major projects would be affected 1). Storey County preservation projects and 2). Clark County preservation projects.

E331 SERVICES AT LEVEL CLOSEST TO PEOPLE

This enhancement unit provides funding for the microfilming and digitizing of compliance records of the State Historic Preservation Office. The State Historic Preservation Office (SHPO) would like to microfilm and transfer to CD-ROM all of the compliance correspondence between this office and federal agencies for periods from 1970 to 1999. These records often represent a compliance history for significant federal agency projects in the state and maintenance of these records assists this office, the federal agency, and applicants (mining companies, developers, etc.) in meeting federal compliance requirements (Ref. Section 106, National Preservation Act of 1966). The hard copies of compliance correspondence are currently held in the State Records Center. This project will eliminate the need to maintain and pay for storage of these paper records. Functions of the State Historic Preservation Office are funded 60 percent federal and 40 percent general fund. The federal portion of this request will be covered through a reduction in Category 16, Survey and Planning Grants.

PROGRAM DESCRIPTION

The Nevada State Library is the institutional memory of the state and is responsible for preserving the state's most valuable assets-its heritage, the collective product of its people, resources, business endeavors and government. The Nevada State Library's mission is to serve as the foundation of Nevada's democratic structure by providing full access to a wide range of information services established to enhance the quality of life for all Nevadans. The library's mission centers on creating an informed citizenry while supporting the best interest of the State of Nevada.

The Nevada State Library provides governments, agencies, businesses, libraries, and citizens a full range of information services including reference and research materials and support services; library planning and development information; and services designed to aid the blind and physically handicapped. The State Library develops state information policies to ensure equal access to government information in all formats. The Regional Library for the Blind and Physically Handicapped (RLBPH) and its satellite branch in southern Nevada provide direct library services to individuals who are visually and physically impaired as well as other qualified citizens. The Nevada State Library houses the State Data Center, which offers census information, materials and services. The Library also function as a federal depository of U.S. Government documents. The Nevada State Library maintains these U.S. documents as part of the existing collection and assures that the public has free access to these documents. The Library also operated the State Publications Distribution Center, which ensures Nevada citizens have free access to Nevada government information sends state documents by distributing official state government documents to 12 different locations statewide.

Statutory Authority: NRS 378.010 through 378.210.

M101 INFLATION

The State Library purchases publications to serve Nevada state government agencies and other patrons in the areas of public administration, library science, government affairs, history, and statistics. The projected annual inflation rate of 7 percent, directly, and at times significantly, affects the number of titles that can be purchased by the State Library. The price of the Nevada newspapers microfilm alone increased by 50% from \$6,000 to \$9,000 in SFY2005. Periodicals and annual publications continue to increase. The agency's inflation projection for these materials is based on the Bowker Annual and the Library Journal. Both sources are respected standards for basing inflationary cost impacts for library materials.

ENHANCEMENT

E275 MAXIMIZE INTERNET AND TECHNOLOGY

This enhancement unit request funding to purchase an annual maintenance contract for CONTENTdm, a software designed to organize digital collections of unique Nevada materials from a variety of cultural institutions and make them available anytime, anywhere with a single search. CONTENTdm is currently licensed and used by UNR and UNLV. Because of the two university licenses (valued at \$15,000), the Nevada State Library and Archives was able to obtain a one-time \$40,000 partnership grant paid for through the Library Services and Technology Act (LSTA) to expand the university licenses by including all cultural institutions statewide, including Nevada State Library and Archives. The funding requested in this enhancement will provided the agency with continuous access to the CONTENTdm system as well as for the associated on-going maintenance and any necessary upgrades.

PROGRAM DESCRIPTION

The Archives and Records Management programs administer comprehensive, cost-effective programs for the creation, maintenance, retention, preservation, and disposition of records of the executive branch of State government. Archives and Records program staff offers technical support to the Nevada Supreme Court, Legislative Counsel Bureau, tribal and local governments, and the University and Community College System. The State Archives preserves, and makes accessible, records that document the history, organization and functions of the Nevada state government; its influence and impact on the lives of its people; and protection of their civil rights. The Records Management program prepares records retention schedules and operates the State Records Center to efficiently manage the states records. The Records Management program provides services that increases the efficiency and reduces the cost of record keeping requirements. These services include, but are not limited to: records retention schedules for state and local governments (NRS 239.080 & 239.125); off-site storage for inactive records (NRS 378.255 & 378.280); consulting and education (NRS 378.255 & 378.280) and; producing standards and regulations concerning all aspects of records management, including electronic record systems (NRS 378.255 & 378.280). The State Records Center provided high-capacity, low-cost, secure storage for over 45,000 cubic feet of inactive official state records. These records may be accessed on demand by state agencies as needed. Statutory Authority: NRS 378.230 through 378.30.

E717 REPLACEMENT EQUIPMENT

This enhancement unit is requesting for the purchase of a heavy duty, large capacity shredder. In FY 05, State Purchasing will issue a mandatory use statewide document destruction, shredding and recycling services contract, which is estimated to cost the Records Center approximately \$15,000 per year (5,000 boxes @ \$3.00 per box). The most cost effective option for the Records Center is to replace the current document shredder located in the Records Center and to shred documents internally. The current shredder was purchased in 1994.

MICROGRAPHICS AND IMAGING

101-1055

PROGRAM DESCRIPTION

The Micrographics and Imaging program provides high-quality digital imaging and microfilm capture of essential government documents at significant savings to client agencies. The program also provides on-site surveys, consultation on appropriate media storage, and the production of CDs, DVDs, fiche and roll film to increase the efficiency and cost-effectiveness of records management for all client and prospective client agencies. The Micrographics and Imaging program develops and duplicates film produced by larger state agencies with their own microfilming staff and assists these agencies in selecting equipment that may be needed for their operations. Additionally, government documents are preserved in accordance with NRS 378.255 and 378.280. Micrographics & Imaging provides services for scanning, printing, and storage of large format maps and plans onto either microfiche or roll film. Statutory Authority: No specific mandate (NRS 378.280 is fulfilled in part by the services provided by this program).

E720 NEW EQUIPMENT

This decision unit request funding to purchase a Canon 5060F microfilmer scanner. The scanner is needed to replace a standard microfilm camera. The 5060F has the advantage of producing microfilm and digital images simultaneously, doubling the micrographics and imaging output.

NEVADA STATE LIBRARY - LITERACY

101-2893

PROGRAM DESCRIPTION

The Nevada Literacy Coalition (NLC) supports and promotes the efforts of all non-profit state, county and local literacy programs of instruction for educationally disadvantaged adults. The Literacy Coalition provides training and resources to adult educators who work in libraries and other agencies or organizations to assure that all residents, including the over 300,000 educationally disadvantaged adults in Nevada, have equitable access to training or referral information and materials. The NLC is designed to serve as a central clearinghouse on literacy issues, materials, and teacher/tutor training statewide. Nevada Department of Corrections (NDOC) educational staff utilize NLC training, expertise, materials and other resources. During FY 03 and 04 the Coalition coordinated a grant-funded prison-based family literacy project with NDOC. The Coalition works with an advisory committee to identify program services and needs, provide support to existing programs, train teachers and tutors, maintain the State Literacy Resource Center, and keep current a directory of all ongoing programs available statewide. Statutory Authority: NRS 380A.031.

PROGRAM DESCRIPTION

The mission of the Nevada Arts Council is to enrich the cultural life of the state through leadership and programs that preserve, support, strengthen and make accessible excellence in the arts for citizens and tourists alike. From folklife festivals to youth artwork projects, from concert series to traveling visual arts exhibits, arts programs supported by the Arts Council contribute to the health and diversity of the state's economy and workforce, increase tourism, strengthen communities, life-long learning, and provide citizens a rich and diverse quality of life. The Arts Council is divided into six programs: Grants; arts in education; community arts development; artist services; public awareness; and arts initiative.

Statutory Authority: NRS 233C

MUSEUMS AND HISTORY

101-2941

PROGRAM DESCRIPTION

The Division of Museums and History, Office of the Administrator, is responsible for oversight and administration of the Division Office and the statewide museum system, including the Nevada State Museum and the Nevada State Railroad Museum in Carson City, the Nevada Historical Society in Reno, the East Ely Railroad Depot Museum in Ely, the Lost City Museum in Overton, the Nevada State Museum and Historical Society in Las Vegas, and the Boulder City Railroad Museum in Boulder City. The state museum system is responsible for the collection, preservation, and interpretation of objects and documents representing the prehistory, history, natural history of Nevada, and development and preservation of these collections for current and future generations. The museums' exhibits, educational programming, and publications interpret the collections for the enjoyment and benefit of the public. The overall mission of the museum system is to engage people in the history and culture of Nevada so that they may celebrate the past, learn from it and develop perspective for present and future generations. Statutory Authority: NRS 381.

BASE

The base budget recommends continuation of salaries for 4 existing FTEs and associated operating costs. Adjustments have been made to annualize costs associated with vacant positions during the base year and one-time expenditures have been eliminated in M150.

LOST CITY MUSEUM

101-1350

PROGRAM DESCRIPTION

The Lost City Museum in Overton, Nevada located near the Moapa Paiute Indian Reservation, serves the public by studying, preserving, and protecting prehistoric Anasazi Pueblo sites and artifacts found in the Moapa Valley area, and interpreting these collections through exhibits, public programs and publications. The Lost City Museum facility is itself an artifact, a Civilian Conservation Corps reproduction of an adobe pueblo dwelling complex, and is preserved for future generations. An active archaeological program sponsors pottery workshops and other educational programs as well as occasional Archeological digs. Interior and exterior exhibits on the grounds attract numerous tourists interested in topics relating to the Anasazi Pueblo complex, other early Native American cultures of southern Nevada, and the later history of the Moapa Valley including Mormon settlement, mining, and railroads. The museum fosters preservation of prehistoric Pueblo sites by archaeological site surveys, purchase of endangered sites, and excavation of sites on private or state land, purchase of artifacts for preservation purposes, and curation and conservation of archaeological materials. The Lost City Museum mission is to study, preserve and protect prehistoric Pueblo sites found in the Moapa Valley and adjacent areas and to interpret these sites through exhibits and public programs based at the museum facility. Statutory Authority: NRS 381.

NEVADA HISTORICAL SOCIETY

101-2870

PROGRAM DESCRIPTION

The mission of the Nevada Historical Society is to collect, preserve, interpret, and research for educational and aesthetic purposes, the materials which represent the history of the state of Nevada. The Nevada Historical Society is located on the University of Nevada Reno campus. It serves the public through collecting and preserving Nevada's historically-significant manuscripts, photographs, books, maps, newspapers and other artifacts, and making them available to the public through a library/archives and through educational formats including on-site and off-site exhibit galleries, educational programs, and publications. The agency provides researchers with the most comprehensive collections of Nevada related historical documents available in a single location, and presents an active public events and exhibits schedule, including school, youth, adult, and family programs. The collections includes approximately 500,000 photographs, 50,000 maps, 25,000 books, 15,000 journals, virtually all of the state's newspapers, and hundreds of thousands of historical documents. There are over 3,600 manuscript collections featuring the private and professional papers of such figures as Senator William Stewart, George Wingfield, and Senator Patrick McCarran. The museum also curates the records and publications of hundreds of historic businesses, organizations, and associations. The institution's work and public outreach are integral to the preservation and interpretation of the early history of Nevada. Statutory Authority: NRS 381.

PROGRAM DESCRIPTION

The Nevada State Museum in Carson City, is the state's largest museum. It is housed in the historic 1869 Carson City Mint building and is listed on the National Register of Historic Places. The museum serves the public through extensive collections, education, and exhibition programs related to Nevada's rich heritage of prehistory, history, and natural history. Exhibit galleries in two main museum buildings interpret the state's large collection of artifacts and specimens to numerous summer tourists and state resident visitors, who enjoy a variety of educational programs and events year-round. The museum preserves collections at several locations, including the recognized Marjorie Russell Clothing and Textile Research Center and the Indian Hills Curatorial Center. The museum also provides museum technical assistance, as possible, for Nevada's non-state museums; public history support for a variety of reference and public program requests; and fosters occasional archaeological and natural history fieldwork-all contributing to the museum's growing outreach audiences and network of partnerships. Some of the state's most treasured are icons are exhibited at the museum. They include America's largest exhibited Imperial Mammoth, Dat So La Lee baskets, the U.S.S. Nevada silver service, a replica walk-through mine and ghost town, and Coin Press No. 1. The coin press produces medallions to celebrate special events held throughout the state. The mission of the Nevada State Museum is to engage diverse audiences in understanding and appreciating Nevada's natural and cultural heritage. The museum achieves this through collecting, documenting, and studying objects and information significant to Nevada's heritage. Statutory Authority: NRS 381.

M425 DEFERRED FACILITIES MAINTENANCE

The Nevada State Museum and Historical Society, 35,000 square foot building, was constructed in 1982. A public Works Facility Condition Analysis of the building was completed in January of 2003. Several of the areas of concern cited in the Facility Condition Analysis are currently being addressed through approved SFY 2004 CIP implementation, but priority one; Building Envelope Repair was not being recommended for funding. Funding for priority two, deep cleaning, has not been previously requested. Projects include: Repair the building envelope stucco, cleaning behind file cabinets, bookshelves, desks, and boxes. It also would include cleaning high ceilings and overhead beams and cleaning areas that are not regularly cleaned.

STATE RAILROAD MUSEUMS

PROGRAM DESCRIPTION

The mission of the Nevada State Railroad Museum is to collect, preserve, interpret and protect Nevada's nineteenth-century railroad and industrial technology. State Railroad Museum budget contains the combined budgets of the Nevada State Railroad Museum in Carson City, the East Ely Railroad Depot Museum, and the Boulder City Railroad Museum in Boulder City. The Nevada State Railroad Museum in Carson City serves the public by collecting and preserving the largest collection of Virginia & Truckee cars and engines and other Nevada-related rolling stock and artifacts, and interpreting the impact of railroad technology on the development of Nevada and the West. Collections of the museum exceed 5,000 objects of artifacts, memorabilia, photographs, records, and hardware. The East Ely Railroad Depot Museum in Ely serves the public by preserving its extensive collection of documents and artifacts to interpret eastern Nevada's industrial heritage. Located in the historic railroad depot and freight barn of the Nevada Northern Railroad main railroad yard, and recognized as the most significant historical industrial complex in the state, the museum engages people of all ages in Nevada's past through on-site exhibits and educational programs and off-site school activities. Public outreach fosters partnerships with regional educational, cultural and tourism entities. The Boulder City Railroad Museum in Boulder City serves the public with excursion train rides on the historic Boulder Branch Line, exhibitions, and public programming. Once fully operational, the museum will interpret, through a working excursion railroad, exhibitions and public programs, the story of railroads and the importance of transportation systems in the development of southern Nevada since the turn of the century, with a special focus on the role of the railroad in the construction of Hoover Dam. The Boulder City Railroad Museum operates up to 3 days a week. Statutory Authority: NRS 381.

ENHANCEMENT

E251 WORKING ENVIRONMENT AND WAGE

The purpose of this enhancement unit is to restore two (2) positions (Management Assistant III and a Maintenance Repair Specialist I) and associated train ride operating costs that were deleted in the 2003-05 budget request. When questioned by the Legislature during the budget hearings, it was noted that the positions and associated operational costs would be deferred and the agency would be allowed to re-requested the positions when the museum geared up its train ride operations. If approved, this decision unit would allow the agency to reach a 3-5 day-a-week operation cycle by July 2006. The funding for these positions would be provided by 50% general fund appropriation in the first year, and reduced to 25% the second year as ridership and attendance are increased due to extended operations.

ENHANCEMENT

E251 WORKING ENVIRONMENT AND WAGE

Request to increase the in-state travel budget. Previously one of the investigator positions was housed in Las Vegas. However, for operational effectiveness and sharing of resources all the positions are now housed in Carson City. This reduces the needs for additional rent, equipment, leases, etc., however, it does create a small increase in in-state travel costs. This decision unit, reflects an estimate of 12 round trips to Las Vegas per year, each approximately 4 days long, to conduct investigations.

PUBLIC SAFETY TECHNOLOGY DIVISION

201-4733

PROGRAM DESCRIPTION

The Department of Public Safety, Technology Division (PSTD) has a dual mission: 1) to provide technical support and computer resources to criminal justice and public safety agencies throughout the State using the Nevada State Criminal Justice Information System (NCJIS); and 2) to provide technical support and resources to the divisions within the Department to include local area networks, wide area networks, programming, help desk, field support and technical planning. NCJIS includes computing and personnel resources for criminal justice and public safety applications, statewide networks for access to criminal justice and public safety information and communications to other state, regional, federal and international law enforcement agencies. The communication services provided are commonly known as the "state switch." The "switch" is actually a sophisticated messaging software system. Applications that run within the NCJIS include criminal history repository, wanted persons, dangerous offender notification system, Brady firearms name checks, narcotics/investigation system, civil applicant name check program, hazardous materials repository, restraining order program and the parole and probation tracking system. Applications being developed include a sex offender repository, concealed weapon permits, state traffic accident and citations repository, Department integrated records managements systems, Lives can interfaces, and sending TPO's to the Federal Bureau of Investigation. The development of these programs has been assigned by legislative orders: Criminal History Repository.

Request for two (2) Computer Network Technician I - Grade 33 positions. The Department has provided service through a continuously staffed justice center help desk without an increase in personnel to support the function. In addition to technical support provided to users, the operations center also monitors and manages the computer system, maintains the computer facility and environmental controls, monitors the networks, trouble shoots problems, and performs maintenance. The number of system users has grown from 7,000 to nearly 13,000 during this same period of time. The Department network has grown to include nearly 1,100 PCs and an additional 300 stand-alone computers.

E900 TRANSFER FROM 4713 TO 4733

Transfer of two Public Safety Dispatcher 3 positions - Grade 29 to Budget Account 4733 Public Safety Technology Division (PSTD). The two Highway Patrol positions have been assigned under the supervision of the Division of Records and Technology management through PSTD. The enhancement unit will allow the permanent transfer of these two positions housed in the computer operations center and will be cost allocated along with the other operations personnel in technology; thus maintaining budget integrity and relieving the Highway Patrol of maintaining these technology related positions.

PUBLIC SAFETY, JUSTICE ASSISTANCE ACT
101-4708

PROGRAM DESCRIPTION

The Department of Public Safety, Justice Assistance Act budget is the pass-through account for seven grants received from the U.S. Department of Justice. Grant funds are distributed to State and local government agencies which contribute to the efforts of reducing and preventing crime, violence and drug abuse, and improving the functioning of the criminal justice system while maintaining the integrity of the federal funds. Administrative funds are passed through to the Office of Criminal Justice Assistance, Budget Account 4736. The Omnibus Crime Control and Safe Streets Act determines each state's grant amount by formula. Each grant requires matching funds, set-asides or percentages to locals and contains specific guidelines for the use of funds. Statutory Authority: NRS 481.051

BASE

Base budget remains at FY04 actuals. Since we are not able to anticipate what future grant award amounts will be, there are no accompanying M-150's to increase these line items.

PROGRAM DESCRIPTION

Under the authority of Nevada Revised Statute 414, Division of Emergency Management coordinates the efforts of the state and its political subdivisions together in partnership with private and volunteer organizations and tribal nations in reducing the impact of emergencies. The Division of Emergency Management is given oversight and coordination for all statewide emergency preparedness, pre and post emergency mitigation efforts, and the development, review, approval, and integration of state emergency response planning. This includes the integration of volunteer organizations and the private sector in to the state emergency management process as well as oversight of response exercises, training and emergency operations planning. The division of emergency management is responsible for assuring the state's readiness and ability to respond to and recover from natural and technological emergencies and disasters by assisting local governments with their emergency preparedness, response, and recovery efforts while providing a crucial link for accessing state/federal assistance and support.

PUBLIC SAFETY, CRIMINAL HISTORY REPOSITORY

101-4709

PROGRAM DESCRIPTION

The mission of the Nevada Criminal History Repository(CHR)is to provide the criminal justice community, the public, and many other authorized clients and contributors with centralized, complete, and documented criminal justice information for use in making informed public safety, criminal justice, and regulatory decisions concerning crime and criminal offenders. In addition, the Criminal History Repository will provide support for the larger endeavor to protect our homeland. The Criminal History Repository will also assist Nevada's businesses in matters pertaining to licensing, employment background checks and instant firearm checks. Statutory Authority: NRS 179A, 179B, 179C

CHR administers the Nevada Criminal Justice Information System (NCJIS) and is the State's clearinghouse for criminal history records information, crime statistic, and information and activities that support a wide variety of public safety interests. It serves as the Control Terminal Agency (CTA) for the Western Identification Network (WIN), the National Criminal Information Center (NCIC), the Nevada Law Enforcement Telecommunications System (NLETS), California Law Enforcement Telecommunications System (CLETS), and Nevada's Uniform Crime Reporting System (UCR). The program is a participant in the FBI's Interstate Identification Index (III)and the National Crime Prevention and Privacy Compact. The program is further designated as the "Chief Law Enforcement Official" for the purpose of administering the Brady Handgun Violence Prevention Act. Services and sub-programs support criminal history record and forensic identification services, a Point-of-Sale Firearms Program, the State's Domestic Violence Protection Order Registry, Dangerous Offender Notification System, Sex Offender Registry and Civil Name Check Program.

Funding for nonprofit organizational background checks. The program was originally established by the 1999 Legislature which set up a reduced rate for background checks for nonprofit organizations. Donations to support this program were received in 2001 and since that time no further donations have been made. Funding will be transferred to BA 4710 and balanced forward at the end of each fiscal year until depleted.

E804 COST ALLOCATION

The purpose of this dispatch cost allocation proposal is to ensure compliance with Article 9, Section 5 of the Nevada Constitution limiting the use of Highway Funds and to maintain fiscal integrity and accountability of the Division's funding source. Pursuant to a Legislative Letter of Intent dated September 5, 2003, DPS-NHP was directed to study expenses related to the FY04-05 dispatch services provided to non-Highway Funded agencies and to submit a proposal to repay the Highway Fund from appropriate funding sources during the FY06-07 biennium. The proposal also addresses future services and allocates the expenses appropriately.

E900 TRANSFER FROM 4713 TO 4733

Transfer of two Public Safety Dispatcher 3 positions - Grade 29 to Budget Account 4733 Public Safety Technology Division (PSTD). The two (2) Highway Patrol positions have been assigned under the supervision of the Division of Records and Technology management through PSTD. The enhancement unit will allow the permanent transfer of these two positions housed in the computer operations center and will be cost allocated along with the other operations personnel in technology; thus maintaining budget integrity and relieving the Highway Patrol of maintaining these technology related positions.

PUBLIC SAFETY, NARCOTICS CONTROL

101-3744

PROGRAM DESCRIPTION

The Department of Public Safety, Investigation Division, Narcotics Control's mission is to deter and disrupt the trafficking and availability of narcotics and dangerous drugs statewide. Narcotics Control is funded by 75% Byrne Federal Narcotics Grant and 25% Forfeiture Funds. Supervising and participating in the multi-jurisdictional task forces within 13 of Nevada's 17 counties have proven to be the most effective and efficient method to address street to mid-level violators in our communities. Statutory Authority: NRS 480.140, NRS 480.400 through 480.610, NRS 453.271, NRS 179; and primary enforcement of NRS Chapters 453 and 454.

ENHANCEMENT

E125 EQUITABLE, STABLE TAX STRUCTURE

A bill draft request (BDR) establishing a one-time fee of \$10.00 per offender has been submitted. Presently, the Division's budget includes approximately \$24,500 to provide training for new and existing staff. If approved, the fees collected would be used to provide ongoing training of Parole and Probation staff. These funds would balance forward at the end of each fiscal year, and unspent funds would not revert to the general fund. The Division estimates that \$76,500 would be collected annually (approximately 9,000 new grants of parole or probation annually, with an estimated collection rate of 85%).

E526 OFFICE RELOCATION

Decision unit would provide funding to cover moving costs and lease payments for the Division to relocate its offices out of the Campos Building. A CIP is being recommended for advance planning to replace the Campos Building. A Facility Condition Analysis conducted in February 1998 generated a score that recommends a new facility due to numerous building deficiencies. The facility has continued to degrade since the study, making it imperative that the building be replaced. This enhancement will enable the Division to move its staff out of the Campos Building in FY 06/07. Parole & Probation staff has worked with Buildings & Grounds, DoIT, and other state agencies to establish relocation costs (including rental costs, moving costs, network wiring costs, phone relocation costs, etc.).

Enhancement requests funding for 15 digital camcorders with memory cards and cases. These camcorders would be used during residence searches, thus providing documentation of "consent to search" as well as the discovery of evidence. The Division lost a lawsuit when a defendant consented to a search, but later claimed she was under duress.

E724 NEW EQUIPMENT

This enhancement requests funding to purchase Portable Breath Testers (PBTs). PBTs would allow officers to administer tests "on the scene." Currently, officers must handcuff parolees/probationers and drive them to the nearest law enforcement agency(LEA). They must then wait for access to the jail area and wait for the machine to warm up. By having PBTs in the car, officers could test offenders on site and would only have to take the offender to the local LEA if the PBT was positive.

E726 NEW EQUIPMENT

This enhancement would establish a pool of 12 handheld radios to be maintained at Parole & Probation offices throughout the state. Parole & Probation officers recently received new radios as part of the conversion to the new radio system. Currently, if a radio breaks, we have no radios to "loan" the officer while the assigned radio is repaired. This pool of radios will allow officers to temporarily check out a radio while theirs is being repaired. While this request will meet the need to have radios on hand for use when existing radios are being repaired, the Division anticipates requesting funding in future budgets to establish a radio replacement schedule, similar to the replacement schedule being requested for computers.

E727 NEW EQUIPMENT

Request to provide a 1:1 ratio of vehicles to officers (adjusted for an average vacancy rate). Since vehicles are critical for officers to effectively supervise offenders, a 1:1 ratio is essential. A pool of vehicles is also necessary for District Administrators, Unit Managers and Operations Supervisors for offender supervision, court appearances, employee supervision, frequent law enforcement meetings, etc. By adding 15 motor pool vehicles, the Division would be able to meet the 1:1 ratio with officers and provide a small pool of vehicles for other staff.

PROGRAM DESCRIPTION

The Nevada Capitol Police is a division of the Department of Public Safety. The division is comprised of a Chief, three (3) sergeants, twenty-two (22) officers and one (1) Administrative Assistant IV for a total complement of 27 FTE. The Capitol Police continue to be funded from the Department of Administration, Buildings and Grounds Division. Two officers are funded from the Supreme Court for Las Vegas. The mission of the Nevada Capitol Police is to provide for the safety of persons on designated state property and those facilities. Our goals include improving customer satisfaction and reducing employee turnover. Both of these goals place an emphasis on communication. Capitol Police are assigned to duties at the State Capitol, Supreme Court in both Carson City and Las Vegas, Attorney General's office, Grant Sawyer building and actively patrol designated state locations within Carson City. Statutory Authority: NRS 480.140; 331.140

E239 NEW PROGRAMS

Decision unit is a request for four (4) FTE NHP Trooper II, Grade 37, one (1) P & P Officers II, Grade 37, and one (1) Administrative Assistant I, Grade 23, for the expanded training in Las Vegas with positions and related costs. Due to the large number of recruits and personnel, it is cost effective to create a training center in Las Vegas. This will save travel, lodging, and per diem as they will not be traveling to Carson City.

PROGRAM DESCRIPTION

The Governor was given the power to establish the Office of Traffic Safety in order to secure the full benefits available to this State under the Highway Safety Office and programs. Funds are authorized by Congress at or near the beginning of each federal fiscal year. Funds are expended on a reimbursement basis to local and State agencies that were awarded grants based upon the merit of their proposals to mitigate traffic safety problems in their jurisdictions. Proposals selected implement public information, awareness and education campaigns, fund innovative traffic enforcement programs and other community based countermeasures to improve traffic safety. Statutory Authority: NRS 223.200

BASE

Budget receives funding from federal grants and acts as a pass through account.

PROGRAM DESCRIPTION

The Office of Traffic Safety has been designated by the Governor with the preparation of a comprehensive highway safety program plan detailing how the State of Nevada proposes to progress toward long-range state goals to achieve full compliance with the program standards adopted pursuant to the Highway Safety Act of 1966. It does so with the assistance of the legislative commission, the Supreme Court of Nevada, the Department of Transportation, the Health Division of the Department of Human Resources, the Department of Education and other state agencies and local subdivisions. The Office of Traffic Safety is further charged with making the necessary applications for federal money and to provide required demonstrations that federal money will be matched with state money in the highway safety program planning account. Statutory Authority: NRS 223.200

PROGRAM DESCRIPTION

The State Fire Marshal Division is responsible for fire and life safety inspections, arson investigation, building plan examination, hazardous materials storage permitting, training services, licensing of the fire protection industry, establishing the National Fire Incident Reporting System (NFIRS) throughout the state, and establishing a program to assist local authorities with fire prevention and education. The mission of the State Fire Marshal Division is to provide citizens, visitors and the fire services of the State of Nevada a safe environment in which to live, visit and work. This is accomplished through education, training, inspection, licensing, permitting, informational programs, public service announcements, plans review and investigation. The adoption of codes and regulations are designed to prevent injury or death and property loss due to fire and hazardous materials incidents and man made incidents that may expose the public and first responders to injury in the event of an emergency. Statutory Authority: NRS 477.

M502 FEDERAL MANDATE

The United States Fire Administration (USFA) established the National Fire Incident Reporting System (NFIRS) as a uniform data-reporting method. Each state has the responsibility to establish this program for their own use and submit the data to the USFA. Per NRS 477.030(7), the State Fire Marshal Division is responsible for establishing the NFIRS program throughout the state and publishing an annual report of the data collected. The expenditures in this unit have been adjusted to account for the activity that occurred in FY04 that is being requested to be carried over. The sum of Base and this maintenance unit will match the master travel/training schedule for the NFIRS program.

EMERGENCY RESPONSE COMMISSION

101-4729

PROGRAM DESCRIPTION

The mission of the State Emergency Response Commission (SERC) is to protect the citizens of the State of Nevada against the negative effects of hazardous materials. The State Emergency Response Commission is the executive agency for Nevada's compliance with the Federal Superfund Amendment Reauthorization Act (SARA), Title III, also known as the Emergency Preparedness and Community Right-to-Know Act (EPCRA). As mandated by this Act, the Commission is responsible for collecting information from fixed facilities regarding the use and storage of hazardous materials. The information is provided to the public and first responders for both planning and reference purposes through a combined database coordinated with the State Fire Marshal's Office. Funds support the Local Emergency Planning Committees (LEPCs) in equipment, training, and planning activities needed to prevent and respond to hazardous material incidents. Statutory Authority: NRS 459.735

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007
1.	Percent of Community Right-to-Know information requests filled in 30 days	100%	100%	100%	100%	100%
2.	Percent of Local Emergency Planning Committees (LEPC) whose hazardous material emergency response plans are prepared and reviewed	97%	89%	98%	100%	100%
3.	Percent of LEPCs that exercise their hazardous materials emergency response plan	100%	89%	100%	100%	100%
4.	Percent of fees used for first responder equipment, training and planning activities	100%	100%	100%	100%	100%
5.	SERC member attendance at LEPC meetings	95%	59%	100%	75%	100%

BASE

Various revenues are received through this budget account. Highway Funds support the operations of the SERC. Fees collected and federal grants received support awards of funds to local first responders in preparation for response as related to facility hazardous materials storage. General and specific categories have been assigned to track operation and grant expenditures.

ENHANCEMENT

E200 REWARD MORE EFFICIENT OPERATIONS

Recommends allowing the chairman and all of the commissioners and two staff members from the Carson City office to attend the Association of Paroling Authorities International (APAI) training conference in Las Vegas in FY 06. This is the first time APAI has held their conference in Nevada. Funds are also being recommended to increase the badly needed office space at the Carson City office (without any new positions) and related costs. Also, increase the daily rate paid to parole hearings representatives and enhance support staff training.

E525 OFFICE RELOCATION

The Parole Board's Las Vegas Office is currently located at the Nevada Highway Patrol (NHP) Building at 2601 E. Sahara Ave. NHP and the Board share the Department of Public Safety's network equipment and data lines. NHP will be moving to a new building in February 2005 and Building and Grounds will has requested that the current building be demolished in the next biennium (FY 06 & FY 07). This enhancement is a request for funds for related expenses to move the Parole Board's Las Vegas Office to a new location in FY 07.

COMMISSION ON ECONOMIC DEVELOPMENT
101-1526

PROGRAM DESCRIPTION

The Nevada Commission on Economic Development works to diversify and strengthen the state's economy by bringing high-wage primary jobs to Nevada by attracting companies and subsidiaries, corporate start-ups and investment. The Commission assists in the retention and expansion of current Nevada primary employers and assists rural communities in the achievement and development of wealth and prosperity opportunities. To strengthen and enhance the state's economy, the Commission is focused on diversification into such sectors as technology, manufacturing, logistics, and business services. The Commission encourages and fosters a healthy environment for business and entrepreneurship in Nevada. Statutory Authority: Chapter 231 of NRS.

E151 ECONOMIC DEVELOPMENT

This decision unit recommends \$10 million in General Funds as pass-thru funding from the Commission on Economic Development to the Nevada Development Authority (NDA) and the Economic Development Authority of Western Nevada (EDAWN). Funding will be used to assist these two organizations in recruiting, relocating and retaining the majority of the businesses coming to or expanding in Nevada. This funding would represent an expansion of support already provided to these organizations. Currently, the Commission provides these organizations with \$500,000 a year in grant funding. Funding will be allocated as follows: \$6.5 million (\$3.25 million per year) to NDA and \$3.5 million (\$1.75 million per year) to EDAWN. Funding from these organizations will be made available through grants to rural authorities, expanding the ability of these groups to attract much-needed business and jobs to rural Nevada.

RURAL COMMUNITY DEVELOPMENT

101-1528

PROGRAM DESCRIPTION

The mission of Rural Community Development is to build rural Nevada communities where current and future generations can choose to live healthy, productive and prosperous lives by working with local, state and federal public and private partners. Through collaboration with various government agencies, businesses and non-profit groups, Rural Community Development assists rural communities to remain economically viable by improving living conditions and economic opportunities through the administration of the State Community Development Block Grant Program, training activities, and technical assistance. Rural Community Development helps communities to provide adequate infrastructure, suitable housing and living environments and encourages sustainable development. Activities are focused primarily for the benefit of low-to-moderate income persons. Statutory Authority: Chapter 231 of NRS, 24 CFR Part 570, 24 CFR Part 91.

PROCUREMENT OUTREACH PROGRAM

101-4867

PROGRAM DESCRIPTION

The Procurement Outreach Program (POP) promotes economic diversification of the state's economy by increasing the flow of federal contract dollars to Nevada. This is accomplished by providing Nevada firms with access to federal procurement opportunities and the tools to compete for and win contracts previously awarded in other states. Many businesses consider the idea of selling their products or services to government complicated and daunting. The POP program helps simplify the process and cut through red tape, connecting Nevada businesses with lucrative opportunities. Statutory Authority: Chapter 231 of NRS and Title 10 USC Chapter 142.

COMMISSION ON TOURISM

225-1522

PROGRAM DESCRIPTION

The mission of the Commission on Tourism is to generate tourism revenue for the State of Nevada. Its purpose is to develop and implement an aggressive and competitive marketing campaign designed to promote the State of Nevada to increase the number of domestic and international tourists to the state. The Commission utilizes a broad strategy that consists of an advertising campaign on television and radio as well as print advertising in highly distributed travel publications and magazines; a domestic and international presence at consumer and industry trade shows; international trade missions involving high level government officials; a well defined presence on the Internet; a call center and collateral distribution operation; cooperative efforts and partnerships; a comprehensively effective media campaign; a rural grant program designed to pump marketing and advertising dollars into rural Nevada; niche marketing to untapped markets such as the RV traveler, motorcycle tourist, sports enthusiasts, and outdoor adventurers; and educational opportunities for the tourism industry. Statutory Authority: NRS 231.160 to NRS 231.360.

ENHANCEMENT

E175 INCREASE NON-GAMING BUSINESS

This increases funding for NCOT's TV ad campaign, print collateral, advertising in China and on the Internet. Additionally, this enhancement unit provides funds for a significant re-design and overhaul of NCOT's web and interactive marketing program, including bringing web hosting in-house, extensive web language translation, direct marketing through e-mail blasts, the electronic conversion of all print collateral, third-party reservation provider development, monthly e-subscriptions to Nevada Events and Shows, and the other data cleansing and tracking enhancements.

TOURISM DEVELOPMENT

225-1523

PROGRAM DESCRIPTION

This budget account provides grant funds for the V&T Railroad restoration project and the Tourism Development Grant Program. In support of the revival of the historic V&T Railroad, the Nevada Commission on Tourism (NCOT) committed \$1 million in FY 01 toward its reconstruction. The funding was previously held in Tourism's budget account 1522 and could only be distributed upon Commission approval. In FY 04 that funding was moved to this budget account by approval of the June 2000, Interim Finance Committee in an effort to enhance and expedite investment in non-gaming recreation programs in the Reno-Tahoe region. In 2001, through Senate Bill 583, NCOT along with the Nevada Commission on Economic Development became the administrators of a new grant program created by Lieutenant Governor Hunt to stimulate rural tourism development such as rodeo and/or fair grounds or event centers. Senate Bill 583 set into statute funding in the amount of \$200,000 per biennium in support of this program. This funding, in conjunction with the V&T funds will be utilized as grant funding to local private and public organizations to help enhance or develop tourism/recreational infrastructure needs in Nevada. Funds could also be used for tourism advertising grants to promote special events.

BASE

The adjusted base budget continues what was established in the FY 04-05 biennium: A separate budget account to account for funds dedicated to the V&T Railroad project and the Tourism Development Grant Program, as originally established in the 2001 Legislative Session.

E250 WORKING ENVIRONMENT AND WAGE

This decision unit identifies the resources required to ensure appropriate staffing levels to fully implement new state and federal requirements for the Gas Pipeline Safety program. Two Gas Pipeline Engineers are requested beginning October 1, 2005 and an additional Gas Pipeline Engineer is requested effective July 1, 2006. The federal government reimburses up to 50% of the costs of the program.

E275 MAXIMIZE INTERNET AND TECHNOLOGY

The PUCN desires to pursue an Electronic Filing and Records Management System ("EFRMS") that is designed to implement the technologies and processes necessary to support the acceptance and management of "legally defensible" electronic documents and records, and collect associated fees electronically both over the counter and over the Internet. The resulting EFRM system should be capable of accepting and converting paper documents to electronic formats. The EFRM system should be capable of managing the flow of the electronic documents and records through their entire lifecycle. Documents and records include but are not limited to: filings, pleadings, discovery documents, data requests, annual reports, consumer complaints, resolution documentation, and other documents and records as required (i.e., correspondence, travel requests, financial documents, publications, etc.). Please see attached TIR Form Recap.

DISTRIBUTIVE SCHOOL ACCOUNT

101-2610

PROGRAM DESCRIPTION

The Distributive School Account (DSA) provides direct state financial aid to K-12 public education in Nevada. This aid is to both school districts and charter schools organized under statutory authority. The funding formula, identified by statute as the "NEVADA PLAN", provides school districts a guaranteed dollar amount of basic State support per student plus additional funds for special education, the adult high school diploma program and reimbursement of certain student transportation costs. On a statewide basis, the total guarantee is approximately 80% of the operating revenue available to school districts. The basic support guarantee is comprised of State support paid through the Distributive School Account, a \$0.0225 per \$1.00 Local School Support Tax sales tax, and a \$0.25 per \$100 of assessed valuation property/mining tax on property. School districts and charter schools receive quarterly apportionments from the DSA on the basis of student enrollment. Each school district is guaranteed a specific amount per student, which is developed through a formula that considers the demographic, economic, and wealth characteristics of the district. Allotments of licensed employees and related costs are determined from tables that recognize the differences in costs between rural and urban school districts as well as small and large districts. Transportation costs are incorporated into the allocation process. For purposes of calculating basic support, "enrollment" includes students enrolled in grades 1 to 12, students in ungraded special education classes, and six-tenths of the count of students enrolled in kindergarten and in preschool programs for children with special needs. Additionally, school districts receive support for part-time courses necessary to receive a high school diploma, including programs operated in the Nevada State Corrections system by the Carson City, Clark, Pershing, and White Pine county school districts. The maximum amount available for funding these adult programs is set by each session of the Legislature. Special education is funded on an amount per unit basis as established by each session of the Legislature. School districts and charter schools are partially protected from decreases in enrollment through a two-year prior "hold harmless" statutory provision, which guarantees a payment based on the highest enrollment in the current or prior two years. Further, a school district or charter school receives an additional 2% in basic support guarantee if, after the second month, enrollment is increased by more than 3% of the first month's count and an additional 4% if enrollment is increased by more than 6% of the first month's count. The DSA is funded by an appropriation from the state general fund, sales taxes on out-of-state sales, income from federal mineral land leases, interest from the permanent school fund, a portion of the state taxes on slot machines, and the estate tax. In addition to the state funds received by the school districts through the DSA, the school districts receive the \$0.0225 local school support sales tax that is part of the DSA guarantee, \$0.75 per \$100 of assessed valuation property/mining tax, \$0.25 of which is part of the DSA guarantee, governmental services taxes, franchises taxes and various other local and federal revenues. The budget account also includes several additional state funded programs, including Class Size Reduction, remediation, early childhood, professional development centers, and early literacy programs.

BASE

The adjusted base budget recommends the continuation of the current program. One-time expenditures have been eliminated and partial year expenditures have been annualized. The base budget supports the ongoing programs in the Distributive School Account, such as the basic support for public schools, class size reduction, special education, and adult high school diploma programs. Included in the adjustments to the base are the additional costs of the 2% salary increase supported by the last legislature, the 2% annual movement on scale factor for FY05, as well as the costs of the enrollment increase in FY05.

PROGRAM DESCRIPTION

This budget is designed to accommodate relatively small grants and/or programs funded by the State, school districts, or other entities or individuals. During the 2005-2007 biennium it is anticipated that there will be activity in the following categories: State Apprenticeship Programs; System for Accountability Information in Nevada (SAIN); Educational Technology; Vocational Student Organizations; Peer Mediation; LEA Library Books; NDE Workshops; the Robert C. Byrd Scholarship Program (administrative funding--scholarship funding is in B/A 2709); Public Broadcasting; Project GAIN (The Geographic Alliance in Nevada)--matching funding with the National Geographic Society; and Teacher Signing Bonus. In addition, the budget account would house any special or categorical appropriations that receive the final approval of the Legislature.

NDE - SCHOOL REMEDIATION TRUST FUND

101-2615

PROGRAM DESCRIPTION

NRS 385.357, passed by the 19th special session of the Nevada State Legislature, requires all public schools in Nevada to develop plans to improve the achievement of students. The plans are to identify problem areas that need to be addressed as well as strategies to be used to help students be successful and help schools meet the Adequate Yearly Progress mandated by No Child Left Behind. Many of the strategies require funding in excess of what is now available to the schools. Therefore the Governor is proposing to deposit \$50 million into a trust fund both in FY06 and FY07 (the funding will be accessible beyond the next biennium). The \$100 million funding will be available to support the improvement plans each public school and each school district have developed.

PROGRAM DESCRIPTION

The Education State Programs budget provides financial resources to carry out the responsibilities for education conferred at the State level by the Nevada Constitution and the Nevada Revised Statutes, Title 34, Chapters 385 through 395. It includes: the activities of the State Board of Education; the administrative duties of the State Superintendent of Public Instruction; the management of the State Department of Education and statewide school issues; and the technical expertise of professional persons in various education subjects. Funding is also included in this budget account for Charter School administration, State Board Member Travel, Academic Probation Panels and the Commission on Educational Technology.

BASE

The adjusted base budget recommends continued funding for 26 full-time equivalent positions with associated operating costs. One-time expenditures have been eliminated and partial year expenditures have been annualized.

M200 DEMOGRAPHICS/CASELOAD CHANGES

This decision unit is necessary to provide staffing to support the Department's review of charter school applications and to provide technical assistance to existing schools. Additionally, with the provision that now the State Board of Education must itself be the sponsor of certain charter schools, the Department requires an appropriate level of staffing to carry out the duties of a sponsor to these schools. This decision unit requests the addition of one education consultant for charter schools as well as assume the full salary and costs for the existing charter school consultant, which was previously paid with funding from the federal charter school grant.

PROGRAM DESCRIPTION

This budget account is designed to facilitate accounting for the Department of Education and employees due to the implementation of the Integrated Financial System (IFS). IFS requires bi-weekly timesheet by employee number. The Department had numerous employees funded from more than one revenue source and budget. Many employees were completing several timesheets per cycle.

BASE

The adjusted base budget recommends continued funding for 8 full-time equivalent positions with associated operating costs. One-time expenditures have been eliminated and partial year expenditures have been annualized. This budget was established as a payroll account to enable NDE employees who previously were paid out of more than one budget to have they payroll unified and paid out of this account. Funds are transferred from other budgets to cover the personnel and other related costs.

PROGRAM DESCRIPTION

This budget contains staff and costs associated with the department's grant accounting, reporting, auditing, accounts payable and receivable, payroll and personnel, budgeting, purchasing, networking, and copying. The account is funded by indirect costs charged against other budget accounts that have administrative expenditures. Two rates are calculated each year and negotiated with the United States Department of Education. One rate is for the "restricted" programs that are not permitted to pay certain costs through an indirect cost system (most notably rent) and the other rate is for the other accounts that are not restricted. During the next biennium, it is estimated that the rates will be 19.2% for the restricted programs and 19.7% for the unrestricted programs.

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007

2.	Percent of overtime hours earned by department staff as compared to total authorized FTE hours	4%	5%	4%	5%	5%
3.	Percent of vacant or new professional/technical positions that were filled within 120 days	90%	91%	90%	90%	90%

BASE

The adjusted base budget recommends continued funding for 22 full-time equivalent positions with associated operating costs. One-time expenditures have been eliminated and partial year expenditures have been annualized. This budget is funded by indirect costs assessed against the administrative expenditures of NDE's other budgets. The state appropriation is the projected share of the indirect costs attributed to state funded programs and activities.

If Student Incentive Grants (B/A 2606), Decision Unit E-900 is approved, this decision unit will also need to be approved. DU E-900 transfers the State match and administrative costs previously funded from estate tax from UCCSN to the General Fund. This decision unit eliminates the direct General Fund appropriation in Education Support Services for the related Indirect Cost.

NDE - PROFICIENCY TESTING

101-2697

PROGRAM DESCRIPTION

This budget account funds several testing programs, mandated by the Legislature and administered by the Department of Education. The budget account is primarily funded by the State General Fund. Funding is requested for norm referenced tests (NRTs) in grades 4, 7, & 10, formerly "TerraNova", currently the "Iowa Tests of Basic Skills" and the "Iowa Tests of Educational Development"; necessary resources to oversee the High School Proficiency tests, which students are required to pass before receiving a standard Nevada High School Diploma; a national testing company to administer, score, and report the High School Proficiency tests; and to test the writing skills of all students in grades 4, 8, 11, & 12. Passing this test in grade 11/12 is also a requisite for a High School diploma. Funding is also requested for the development and administration of criterion referenced tests (CRTs) based on the new standards, administrative funding for the Council to Establish Academic Standards, and NDE staff administering the various testing programs. Authority NRS Chapter 387, NRS Chapter 389; 2001 17th Special Session SB2 and SB13.

NDE - SCHOOL HEALTH EDUCATION - AIDS

101-2611

PROGRAM DESCRIPTION

The Coordinated School Health Education Program to Prevent the Spread of HIV/AIDS and other Sexually Transmitted Diseases (STDs) is a federally funded program designed to assist school districts to establish, strengthen, or expand HIV/AIDS and STD prevention education. The program is used to integrate HIV/AIDS prevention education into a coordinated school health education framework for Nevada's middle school and high school students. Funds are used to provide K-12 teacher training, curriculum materials, curriculum development and revisions to include up-to-date information to school districts on the status of the spread of HIV/AIDS and other STDs. It also includes the collection of information on the status of HIV/AIDS education in school districts and monitoring health risk behaviors of adolescent youth in grades 6-12 through survey administration of the Centers for Disease Control's Youth Risk Behavior Survey. Local school districts are provided with their own raw data on results for comparison with the Nevada State results and national data sets from CDC. Authority: NRS 389.065 and a Cooperative Agreement with Centers for Disease Control (CDC), CFDA #93.938.

NDE - GEAR UP
101-2678

PROGRAM DESCRIPTION

The GEAR UP grant is a collaborative effort of the Nevada Governor's Office, University and Community College System of Nevada, the Nevada Department of Education, Wells Fargo Bank and other stakeholders including parents, students, educators, business and agency representatives. Nevada's vision is to change the culture of low achieving students who are economically disadvantaged so they are prepared academically and have the resources to attend and succeed in college. GEAR UP Program resources will be used to support these goals: Improve academic achievement and increase high school proficiency exam scores; decrease high school dropout rate; increase high school graduation rate; and increase enrollment in college preparation coursework.

PROGRAM DESCRIPTION

This budget account includes several federal grants: (1) Homeless Children project; (2) Title III, Language Instruction for Limited English Proficient (LEP) and Immigrant Students Program; (3) Robert C. Byrd Scholarship Program; (4) Refugee School Impact Grant; (5) 21st Century Community Learning Centers; (6) Advance Placement Fee Payment; (7) Advanced Placement Incentive; and (9) English Language Acquisition. All of these programs are completely federally funded. These programs are distinguished from those in Budget account 2706 in that they are subject to a restricted indirect cost rate. Programs 1, 2, 3, 4, & 6 are part of the No Child Left Behind legislation of 2001.

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007

NDE - IMPROVING AMERICA'S SCHOOLS - TITLE I

101-2712

PROGRAM DESCRIPTION

The Title I Programs provide federal assistance to improve instructional programs for educationally disadvantaged students. The programs are directed towards schools with a high concentration of low income families, large numbers of children of migratory agricultural workers, or schools with educationally disadvantaged students such as limited English proficient students. Services are also provided to delinquent or neglected children housed both in juvenile facilities and adult correctional institutions. The passage of the No Child Left Behind Act of 2001 dramatically changed many issues related to accountability for the public education system in the United States. Prior accountability issues such as Adequate Yearly Progress (AYP) which were restricted to Title I schools have been extended to all schools. In addition, greater accountability standards have been placed on reading skills for all students with an emphasis on increased proficiency among subgroups such as Limited English Proficient (LEP) children and children of ethnic minorities. The administration of all Title I programs is the responsibility of the Nevada Department of Education; funds are provided to carry out this responsibility. These programs are 100% federally funded with the exception of Even Start which requires a match from participating agencies. Authority: Title I of the No Child Left Behind Act of 2001, P.L. 107-110.

BASE

The adjusted base budget recommends continued funding for 6 full-time equivalent positions with associated operating costs. One-time expenditures have been eliminated and partial year expenditures have been annualized. This budget accounts for six federal programs that are closely related to the No Child Left Behind legislation.

PROGRAM DESCRIPTION

This budget account provides federal funds to assist state and local educational agencies to improve elementary and secondary education in such areas as programs to assist in reducing the drop-out rate, increasing student achievement including emphasis in reading, mathematics and science, the acquisition of instructional materials, training, and professional development. Four of the programs in the No Child Left Behind federal legislation include: Educational Technology Grants; Teacher and Principal Training and Recruiting Grants; Innovative Education Programs; and State Assessments and Related Activities. This account includes both funding available to the Department to administer the programs and the funding to be provided to school districts to implement the objectives of the programs.

BASE

The adjusted base budget recommends continued funding for 10 full-time equivalent positions with associated operating costs. One-time expenditures have been eliminated and partial year expenditures have been annualized. This budget accounts for five federal programs that are closely related to No Child Left Behind.

NDE - STUDENT INCENTIVE GRANTS

101-2606

PROGRAM DESCRIPTION

The Nevada Student Incentive Grant (NSIG) Program assists states in providing grants to eligible students who attend post-secondary schools and have substantial financial need. To qualify, a student must be enrolled at least half-time in an eligible undergraduate or graduate program in an approved Nevada post-secondary institution. The maximum award is \$5,000. The NDE approves each award. Nevada receives an annual LEAP (Leveraging Educational Assistance Partnership) and SLEAP (Special Leveraging Educational Assistance Partnership) formula grant from the US Department of Education based on the state's eligible post-secondary education enrollments relative to the total number of such students in all states. The federal LEAP allotment must be matched by funds appropriated by the state, and this match must represent an increase in the state-appropriated grant and work-study expenditure over the amount spent during an established base year. The State match and administrative funds are provided through the University of Nevada's Endowment Fund. Federal funds may only be used for disbursement of grants. Authority: Higher Education Act of 1965, Title IV, Part A, CFDA #84.069.

PROGRAM DESCRIPTION

The Department of Education administers occupational education programs that meet the requirements of the Nevada State Plan for Occupational Education. The Plan is based on the needs of students within the State and serves as the application for the Federal Carl D. Perkins Vocational and Technical Education Act funds. The primary mission of the federal program is to improve occupational education programs, focusing on the improvement and development of programs meeting the state criteria that defines high-wage, high-skill programs. Revenue received through the Carl D. Perkins Basic Grants to States has funding set-a-sides including: five percent (5%) or \$250,000, whichever is greater, for state administration; ten percent (10%) for statewide leadership; and eighty-five percent (85%) for basic grant aid to school districts and community colleges. Federal funds administration must be matched by State funds. In addition, maintenance of effort provision requires the State to maintain funding at least at prior year levels. Authority: NRS 388.340(2a),360(3) and the Carl D. Perkins Vocational and Technical Education Act of 1998, as amended, CFDA #84.048 and CFDA #84.243.

PROGRAM DESCRIPTION

This budget account is funded through the federal Adult Education and Family Literacy Act. The purpose of the Act is to provide adult basic education and English as a second language services (ABE/ESL) in order to assist adults to become literate and obtain the knowledge and skills necessary for employment and self sufficiency; to assist adults in the completion of secondary school education; and to assist adults who are parents to obtain the educational skills necessary to become full partners in the education of their children. Funds are granted to eligible educational and community-based organizations to carry out the purpose of the Act. Nevada continues to experience increasing needs for adult education, especially English literacy for the fastest growing Hispanic and Asian populations in the country. The State has the second highest percentage of 18-24 year olds without high school diplomas or equivalent degrees in the nation. The demand for adult education services escalates as the population increases and workplace expectations demand higher levels of literacy.

NDE - NUTRITION EDUCATION PROGRAMS

101-2691

PROGRAM DESCRIPTION

Authority: P.L. 79-396; CFDA #'s: 10.550, Food Distribution; 10.553, School Breakfast Program; 10.555, National School Lunch Program; 10.556, Special Milk Program for Children; 10.558, Child and Adult Care Food Program; 10.559, Summer Food Service Program for Children; 10.560, State Administrative Expenses for Child Nutrition, The National School Lunch Act of 1946, and the Child Nutrition Act of 1966, allot federal funds to Nevada for the nutrition programs listed above. The Federal allotment for each program sponsor is based on a formula, which may consider meal costs or budgets, the number of individuals served and the income level of those individuals. Sponsors are reimbursed monthly at a unit cost for each meal/milk served. The State funding is used to meet the State maintenance of effort (MOE) and match requirements. The required State match \$588,732 is met through a combination of the State funding in this account and in kind contributions by school districts (See B/A 2610, Decision Unit E-300). This budget also provides the funding needed to administer these programs, including the processing of payments, the monitoring of services provided by the program sponsors, and the providing of technical assistance and professional development to the sponsors.

BASE

The adjusted base budget recommends continued funding for 10 full-time equivalent positions with associated operating costs. One-time expenditures have been eliminated and partial year expenditures have been annualized. This budget provides funding to school districts and other agencies for the National School Lunch and School Breakfast programs, as well as for Child and Adult Care Food, Summer Food, and Special Milk programs.

NDE - INDIVIDUALS WITH DISABILITIES (IDEA)

101-2715

PROGRAM DESCRIPTION

The Individuals with Disabilities Education Act (IDEA) provides funding to states through the United States Department of Education. Four federal grants are combined in this budget account: (1) Special education for students ages 3-21; (2) early childhood special education for students ages 3-5; (3) Project PROMISES, a program that provides professional development for teachers of students with disabilities; and (4) Project IMPROVE, a project for the development and implementation of a data system to improve decision-making for special education students as they transition from high school to post-high school endeavors. Also included in this budget is the NRS 395 Program, which provides funding for the education of special students whose individual education programs cannot be met in their home school districts. Authority: P.L. 105-17, NRS 388.440-520; NRS 395.

BASE

The adjusted base budget recommends continued funding for 11 full-time equivalent positions with associated operating costs. One-time expenditures have been eliminated and partial year expenditures have been annualized. This budget includes four federal programs that are part of Individuals with Disabilities Education Act (IDEA). In addition, the "395 Program" matches federal money with state money to fund programs for students whose special needs cannot be met in their local school districts.

COMMISSION ON POSTSECONDARY EDUCATION
101-2666

PROGRAM DESCRIPTION

The Commission on Postsecondary Education is responsible for licensing and inspecting privately owned postsecondary educational institutions and for resolving student complaints. The Commission authorizes academic and non-academic programs leading to degrees or vocational objectives offered by the postsecondary educational institutions. Staff conducts licensing of agents representing in-state and out-of-state private schools in Nevada and approves public and private postsecondary institutions for training programs supported by the U.S. Department of Veterans Affairs. Authority: NRS 394.

PROGRAM DESCRIPTION

The Board of Regents is established by the Nevada Constitution and statutorily endowed with the powers to provide direction and governance for all activities of the University and Community College System of Nevada (UCCSN). The Board of Regents, in conjunction with the employees of the Chancellor's Office, provides direction and coordination for the various activities of the campuses and units of the UCCSN. The Chancellor's Office includes functional areas of academic affairs, budget and financial planning/programming and legal counsel. University - The mission of the universities is to provide a wide range of undergraduate and graduate instructional programs including professional and doctoral work in selected fields; create and maintain library, studio and laboratory services and resources for research; provide cultural opportunities for students and the general public; and provide public service and continuing education opportunities. Community College - The mission of the community colleges is to provide post-secondary educational opportunities that are regionally and financially accessible. This includes providing programs for the development of occupational skills required by business and industry; providing developmental programs to upgrade skills necessary to compete successfully in college courses; providing community service programs and providing assistance to students in planning educational goals through counseling and guidance. State College - The mission of the State College is to meet the needs of students who are interested in bachelor's degrees in much-needed fields such as nursing and education, as well as in other disciplines in the arts and sciences. Course work is fully transferable to both the first tier (universities) and the third tier (community colleges) in Nevada's higher education system. Appropriation allocation for all UCCSN budget accounts is recommended in conjunction with Board of Regents approved adjustments for non-appropriation sources of revenue including tuition adjustments. For campus budgets, the non-appropriation funding sources are primarily from student registration fees and non-resident tuition; however, other available sources of revenue include indirect cost recovery, operating capital recovery and certain federal funds. Constitutional authority: Article 11, Section 4 and NRS 396.

BASE

The base budget continues funding for all classified, professional and other designated employees along with associated operating support.

UCCSN - SPECIAL PROJECTS

101-2977

PROGRAM DESCRIPTION

Special projects and programs not directly related to a specific operating budget have been historically funded in this account. There are E900 decision units which recommend transferring out all campus specific costs to the budget accounts they are related to. Only the Experimental Program to Stimulate Competitive Research (EPSCoR) is recommended to remain in this account.

BASE

The base budget continues funding for all classified, professional and other designated employees along with associated operating support.

E500 ADJUSTMENTS - TRANSFERS IN

This decision unit recommends budgetary transfers (E900's) in an effort to eliminate the various campus specific operating costs from the Special Projects budget account and more appropriately reflect all related costs in the respective UCCSN campus budgets. As a result, the State funding is redistributed and funding percentages increase to 84.40% in FY06 and 84.50% in FY07.

NATIONAL DIRECT STUDENT LOAN PROGRAM

101-2993

PROGRAM DESCRIPTION

This specialty area provides matching funds for the University and Community College System of Nevada to participate in the National Direct Student Loan Program and administers loans granted to undergraduate and graduate students through revolving loan accounts at each campus.

BASE

The base budget reflects on-going expenditures for student loan requirements at the FY05 budgeted level.

E205 REWARD MORE EFFICIENT OPERATIONS

This decision unit recommends retaining 100% indirect cost recovery. The University seeks to retain the 25% allocation of indirect costs received through grant funds that historically have been used by the State as a general fund revenue source. The retained allocations will be used to supplement competitive research activities.

E205 REWARD MORE EFFICIENT OPERATIONS

This decision unit recommends retaining 100% of indirect cost recovery. The University seeks to retain the 25% allocation of indirect costs received through grant funds that historically have been retained by the State and used as a general fund revenue source. The retained allocations will be used to supplement competitive research activities.

UNLV LAW SCHOOL

101-2992

PROGRAM DESCRIPTION

The ambitions of the Boyd School of Law are (1) to serve the State of Nevada and the nation by educating excellent and ethical future lawyers and leaders for our community and nation, by producing high quality legal scholarship, by participating in continuing education programs, by providing a high quality law library, by helping to meet the unmet need for legal services through clinical programs, externships and pro bono services, and by providing a forum for the discussion of important public issues; (2) to play an active and constructive role in the continuing development of UNLV by participating in interdisciplinary teaching, research, and community service programs of the university, and by participating in campus governance; (3) to develop an academic program in which the students will learn of the importance of the legal profession, of the various roles that lawyers play and of the skills and values associated with each of the different dispute avoidance and dispute resolution mechanisms that exist, and of the role and importance of different governmental institutions and sources of law; (4) to provide the opportunity for people of all economic circumstances to apply for admission; and (5) to bring together faculty, staff and students of excellent quality and diverse backgrounds, all of whom will work together in a collegial and supportive environment to maximize the potential of each student.

E500 ADJUSTMENTS - TRANSFERS IN

This decision unit recommends budgetary transfers (E900's) in an effort to eliminate the various campus specific operating costs from the Special Projects budget account and more appropriately reflect all related costs in the respective UCCSN campus budgets. As a result, the State funding is redistributed and funding percentages increase to 84.40% in FY06 and 84.50% in FY07.

GREAT BASIN COLLEGE

101-2994

PROGRAM DESCRIPTION

Great Basin College serves five northeastern Nevada Counties with the main campus in Elko and branch campuses in Ely and Winnemucca. In fall 1999, the college initiated a Bachelor of Arts in Elementary Education. The Bachelor of Applied Science was implemented in the fall of 2001 and the Bachelor of Integrative and Professional Studies was implemented in spring 2002. Other Bachelor Degree programs are under consideration. Two-year degrees offered are the Associate of Arts, Associate of Science, and Associate of General Studies. Two-year Associate of Applied Science degrees are available in business administration, computer office technology, criminal justice, diesel technology, early childhood education, electrical/instrumentation technology, industrial management, industrial plant maintenance, occupational safety and health, and welding technology. Distance education technology is utilized extensively to deliver programs throughout the service area. The college has also added residential housing for approximately 200 students.

E205 REWARD MORE EFFICIENT OPERATIONS

This decision unit recommends retaining 100% indirect cost recovery. The Community College seeks to retain the 25% allocation of indirect costs received through grant funds that historically have been retained by the State and used as a general fund revenue source. The retained allocations will be used to supplement competitive research activities.

PROGRAM DESCRIPTION

Nevada State College's mission is to assist in the education of Nevada's workforce and in the diversification of Nevada's economy. First priority of the college is the preparation of quality teachers and the continuing professional development of all personnel in Nevada's K-12 school districts. A second priority for the college is a special partnership with community colleges to create programs that ensure a successful transition for community college students in their pursuit of baccalaureate degrees. Educational programs and degrees are created as need and the support of the community and employers are demonstrated.

PROGRAM DESCRIPTION

The multi-state Western Interstate Commission for Higher Education (WICHE) is responsible for providing higher educational opportunities and sharing resources to enhance the workflow development in the members states. Through this compact and the UCCSN system, Nevada WICHE is able to provide educational and financial assistance to Nevada residents and to return to the state highly trained, qualified professionals in areas of need. The Governor appoints three commissioners from Nevada in accordance with the Regional Higher Education Compact. One commissioner must be an educator engaged in the field of higher education in Nevada. Statutory Authority: NRS 397

ENHANCEMENT

E400 ACCESS TO HEALTH CARE AND HEALTH INSURANCE

This enhancement represents the funds necessary to continue and enhance WICHE's participation in the National Health Service Corps Federal Loan Repayment Program. Although the funds would fit within the base under the two times rule, they have been moved out of the base per the Legislature's Letter of Intent to not include any new positions for this program in base. The enhancement will allow for two new dental slots in each year of the biennium. The other part of this request is to move the funding of the Health Care Access Program, HCAP, mental health positions, to the National Health Service Corps Federal Loan Repayment Program. Participants in this program will be required to work in state-run mental health clinics.

E402 ACCESS TO HEALTH CARE AND HEALTH INSURANCE

This decision unit requests additional general fund support as a result of a decrease in the projected collection of support fee revenues. The requested additional funds will be necessary to fully fund the on-going need of the budget. If this request is not funded we will not be able to fully fund an in-state support fee increase of 1.5% per year of the biennium.

E403 ACCESS TO HEALTH CARE AND HEALTH INSURANCE

This decision unit is a proposal to request authority to collaborate with the University Medical Center (UMC) in Las Vegas on a pilot project which will assist in alleviating the severe nursing shortage in Nevada. UMC is proposing to match the state dollar for dollar in a loan repayment program that will require students who accept the funds to work at UMC for two years. The proposed collaboration will reduce the general fund need by approximately \$14,000 over the 2005-2007 biennium.

PROGRAM DESCRIPTION

The mission of the Western Interstate Commission for Higher Education (WICHE) is to carry out the goals, objectives, and programs as provided for in the WICHE multi-state regional compact. In keeping with the mission, the agency has continued to reduce the amount of delinquent debt owed the state and the collection methods updated. The WICHE program has taken strides to market and enhance the profile of the program throughout the state by placing emphasis on civic organizations, college fairs, and high school career days. Site relationships have been developed in the underserved portions of the state, and training sessions have been implemented. For increased exposure and information, an expanded, interactive web site has been posted. Statutory Authority: NRS 397.

BASE

The base budget recommends funding for one unclassified employee and two classified employees and associated costs. Dues to the regional WICHE are based on current levels set by the regional board of directors for each year of the biennium.

ENHANCEMENT

E325 SERVICES AT LEVEL CLOSEST TO PEOPLE

Funding authority is requested to add 57 new state employees to take over the security requirements for guarding the three major Army National Guard complexes in Stead, Carson City, and Las Vegas. These new employees will take over the operations currently being performed by troops who were activated after 9/11. The federal government has moved forward to fund this program explaining that they expect the costs to total between \$2 to \$3 million. They are currently spending over \$4.5 million using Federal military troops. This decision unit is 100% federally funded.

E525 OFFICE RELOCATION

This decision unit requests funding authority to provide buildings and grounds support for the new Emergency Operations Center to be built at the National Guard complex in Carson City. The Military will function as landlord and provide for utility, custodial and maintenance support for the new Center. The Military will charge the tenants the same cost per square foot rent that B&G would charge. The rent collected will be used to pay for utilities, custodial and maintenance supplies and three new employees: custodian, maintenance worker and a HVAC repairman. The occupants of the new Center will include: Department of Emergency Management, Homeland Security Coordinator, Nevada Division of Forestry, Highway Patrol Dispatch Center and the National Guard Military Support Office.

E526 OFFICE RELOCATION

This decision unit request funding to fund the costs of utilities, custodial and maintenance support and equipment necessary to bring on line and maintain the new South West Las Vegas Armory. The armory is planned to be approximately 94,000 square feet and is scheduled to be built in calendar 2006 with a planned move-in date of February 2007. Funding will support two additional custodians, one maintenance worker, one grounds keeper and a facilities supervisor. In addition to the utilities and manpower requirements, the decision unit includes funding for a maintenance vehicle and large mechanical floor machine.

E710 REPLACEMENT EQUIPMENT

This decision unit requests funding for the replacement of two maintenance trucks in each of the year in the biennium. The agency currently has two maintenance vehicles over 18 years old which we continue to use for day-to-day maintenance support. These are special use vehicles that have utility beds and ladder racks to store and secure tools and equipment. Also included in this decision unit are funds to replace our office LAN server. DoIT completed a technology survey two years ago and recommended replacing the server every 5 to 6 years. Replace two laptop computers that are currently each going on their fifth year. Necessary software and technician support to bring the equipment on line.

E730 MAINTENANCE OF BUILDINGS AND GROUNDS

This decision unit requests funding for the maintenance and repair projects that are most critical to complete in the near term. These projects include those items listed on the Facility Condition Analysis reports provided to our maintenance personnel by the State Public Works Board inspector. These are projects that are required for safety and security of our facilities. Examples include the most pressing ADA shortcomings, seismic upgrade to a gas line at one armory, extending security fencing in Elko, replacing cracked concrete walks and seriously failing pavement at two of our armories, repairing and sealing the roof and a seriously deteriorating exterior wall in the Henderson facility, the immediate replacement of swamp coolers in the Henderson Armory, correct the drainage and culvert problem at the Henderson and Elko Armories to preclude any further damage. These are the more pressing examples of maintenance that can not be deferred if we want to keep these problems off of the next deferred maintenance list.

NATIONAL GUARD BENEFITS

101-3653

PROGRAM DESCRIPTION

The National Guard Benefit Program encourages the recruitment and retention of active members of the National Guard. The Adjutant General may authorize payment of up to 100% of the credit hour costs incurred within the University and Community College System of Nevada for any guardsman attending as a full or part-time student. Reimbursement is dependent upon being a guard member in good standing, working toward a degree, and receiving passing grades of "C" or higher. Statutory Authority: NRS 412.143.

PEACE OFFICERS STANDARDS & TRAINING COMMISSION

101-3774

PROGRAM DESCRIPTION

The Commission on Peace Officers' Standards and Training (P.O.S.T.) establishes and regulates the minimum qualifications and professional standards for peace officers within the State of Nevada. P.O.S.T. certifies peace officers, conducts law enforcement training, conducts basic law enforcement academy training, certifies and audits continuing education courses, certifies and audits all 137 criminal justice agencies and 20 basic law enforcement training academies, and is the designated state lead agency for the federally funded Nevada Police Corps Program. Effective 7/1/02, the Police Corps Program Budget was separated from the P.O.S.T. Budget and was assigned Budget Account 3772. P.O.S.T. will continue to be the lead agency for the Police Corps Program.

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007
1.	Basic training bureau academies conducted	2	2	2	2	2

6.	Number of peace officers certified	8,700	8,960	9,856	10,841	11,925

BASE

Included in the Base are actual FY04 costs for payroll, operating, state and non-state facilities rent, costs for materials and professional services required to conduct two Academies each year to include dormitory rent, meals, and all live-in accommodation for cadets. Also, travel costs are a major expenditure for the Commission Activities Bureau (CAB) staff for trips to academies and law enforcement agencies throughout the state for audit and oversight requirements in compliance with NRS. In addition, the Commission meets quarterly and requires staff support.

POLICE CORPS PROGRAM

101-3772

PROGRAM DESCRIPTION

The Police Corps Program is a national effort to motivate highly qualified young people to serve our cities and counties for four years as police officers on community patrol in areas of great need. The Nevada Police Corps is responsible for the recruitment, selection and placement of participants for the program.

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007
1.	Number of cadets received and processed	50	22	50	27	42
2.	Number of cadets processed and selected	20	9	20	16	16
3.	Number of cadets sworn in as Peace Officers	20	6	20	16	16
4.	Average rating of Police Corps cadets (4-6=competent)	4	3.4	4	4	4
5.	Average rating of cadets after first year of service (4-6=competent)	4	3.3	4	4	4

BASE

The base year contains costs for personnel, travel for recruitment, and training for up to sixteen (16) participants in the Police Corps Program to attend two regional academies in Utah. There is a two (2) week home training requirement after graduation from the regional academy. Expenditures in the base year reflect vacancies and the commensurate reduction of personnel costs, travel, advertising and recruitment.

PUBLIC EMPLOYEES BENEFITS PROGRAM

625-1338

PROGRAM DESCRIPTION

The mission of the Public Employees' Benefits Program is to design and manage a quality health care program for public employees and retirees in the State of Nevada, so they are assured of excellent service, responsiveness to changing benefit needs over career/life spans, equitable cost sharing among all participant groups, and fiscal soundness for long-term viability of the program. Statutory Authority: NRS 287.

BASE

The base budget continues funding for 25 classified and 7 unclassified permanent staff and reflects a continuance of fiscal year 2004 operating and associated costs such as travel, building rent, insurance product costs as well as self-funded claims. Adjustments have been made to reflect contract costs for the new northern Health Maintenance Organization contract. Any one-time revenue and expenditures incurred during FY04 have been removed.

M101 INFLATION

Inflation-related cost increases for fully insured products and self-insured costs are reflected in this decision unit. Fully insured product costs have been adjusted to match escalation provisions for the remaining terms of each contract. After a contract expires, increases of 10% per year for health maintenance organizations (HMO's) and 5% per year for life, long-term Disability (LTD), accidental death and dismemberment (AD&D) and travel accident insurance products are included. Also included are the following cost increases for the self-insured program, (a combination of medical CPI and utilization changes): 14% for medical (including Rx and vision) for active and non-medicare retirees; 18% for medical (including Rx and vision) for Medicare retirees); 7% for dental for active and non-Medicare retirees, and 10% for dental for medicare retirees.

ENHANCEMENT

E200 REWARD MORE EFFICIENT OPERATIONS

This decision unit creates a rate stabilization reserve for the PEBP as recommended by the actuarial consultants. This reserve is designed to cover contingent plan expenses as well as unexpected increases in medical inflation and/or large claims. This reserve should allow the PEBP to operate throughout a biennium with minimal impacts to the plan design or premium revenues required. Without the reserve, contingent expenses will require benefit changes or increases in the participant and/or employer contributions in order to remain solvent. The reserve will be reviewed biannually and adjusted according to the needs of the Health Benefits Program with offsetting increases or decreases made to the rates in the subsequent biennium.

E251 WORKING ENVIRONMENT AND WAGE

The Public Employees Benefits Program Board has requested that 5% of annual claims cost be set aside to restore benefits. Feedback from focus groups and participant surveys was accumulated to determine participant priorities for benefit restorations. The exact benefits to be restored will be determined during the rate setting process by reviewing the previous benefit cuts, participant feedback and by obtaining actuarial cost estimates to restore the benefits while comparing them with available funding.

RETIRED EMPLOYEE GROUP INSURANCE

101-1368

PROGRAM DESCRIPTION

The Retired Employee Group Insurance Budget Account provides a centralized collection mechanism for the receipt of contributions made by each State entity for the benefit of all retired State employees. These contributions defray a portion of the individual insurance premiums for employees who retire from State government and elect to continue coverage in the state group insurance plan. The program is funded by payroll assessments to agency budgets, and covers all State agencies, boards and commissions; the Judicial Branch; the Legislative Counsel Bureau; the Public Employees Retirement System, and the University and Community College System of Nevada. Statutory Authority: NRS 287.046.

BASE

The adjusted base budget recommends continued funding for group insurance premiums to be paid to the state group insurance plan, administered by the Public Employees' Benefits Program, on behalf of retired employees who elect to continue coverage in the state group insurance plan.

MAINTENANCE

M101 INFLATION

This decision unit reflects the state retiree subsidy share of the inflation-related costs increases for fully insured products and and self-insured costs. Fully insured product costs have been adjusted to match escalation provisions for the remaining terms of each contract. After a contract expires, increases of 10% per year for health maintenance organizations (HMO's) and 5% per year for life, long-term Disability (LTD), accidental death and dismemberment (AD&D) and travel accident insurance products are included. Also included are the following cost increases for the self-insured program, (a combination of medical CPI and utilization changes): 14% for medical (including Rx and vision) for active and non-medicare retirees; 18% for medical (including Rx and vision) for Medicare retirees; 7% for dental for active and non-Medicare retirees, and 10% for dental for medicare retirees.

ACTIVE EMPLOYEES GROUP INSURANCE

101-1390

PROGRAM DESCRIPTION

The Active Employee Group Insurance Budget Account is being proposed to provide a centralized collection mechanism for the receipt of contributions made by each State entity for the benefit of their active employees. These contributions defray a portion of the individual insurance premiums for active employees of State government who elect to participate in the state group insurance plan. The program is funded by payroll assessments to participating entities, and covers all State agencies, boards and commissions; the Judicial Branch; the Legislative Counsel Bureau; the Public Employees Retirement System, and the University and Community College System of Nevada. Statutory Authority: NRS 287.044.

ENHANCEMENT

E225 ELIMINATE DUPLICATE EFFORT

PUBLIC EMPLOYEES' RETIREMENT SYSTEM

101-4821

PROGRAM DESCRIPTION

Established by NRS 286.110, the purpose of the Public Employees' Retirement System of Nevada is to provide public workers and their dependents with a retirement program that provides a reasonable base income for retirement or for periods where a disability has removed a worker's earning capacity. Additionally, it is to encourage those workers to enter into and remain in government service for such periods of time to give public employers and the people of the State of Nevada the full benefit of their training and experience.

DEPARTMENT OF TAXATION

101-2361

PROGRAM DESCRIPTION

The Department of Taxation is responsible for providing consistent, equitable and effective administration of the tax programs for the state, local government entities and the taxpayers of Nevada. The Department collects and distributes statewide sales and use tax, estate tax, net proceeds of mines tax and the property tax on interstate and inter-county companies as well as excise taxes and fees on liquor, cigarettes, other tobacco products, tire tax, short term lessor fee and the insurance premium tax. The 2003 Legislature added the responsibility of administering and collecting the Modified Business Tax, an expanded and annual business license fee, the real property transfer tax, the live entertainment tax, and the bank excise tax. In addition, the Department establishes statewide assessment standards and revenue limits, and certifies property tax rates for all local entities. Through the Division of Assessment Standards, the Department develops uniform procedures and trains county assessment personnel for property tax collection. Additionally, the Department provides annual estimates of Nevada's population, its counties and incorporated cities. Statutory Authority: NRS 354, 360, 361, 361A, 362, 363A&B, 364.125, 364A, 368A, 369, 370, 370A, 372, 372A, 374, 374A, 375A&B, 376A, 377, 377A&B, 387.332, 444A.090, 482.313, 585.497, 680B.

OFFICE OF THE GOVERNOR

101-1000

PROGRAM DESCRIPTION

The supreme executive power of the state is vested in the Governor of Nevada, and he shall see that all laws are faithfully executed. The Governor serves as chairman for the State Board of Examiners, the Board of Directors for the Department of Transportation, the Board of Prisons Commissioners, the Board of Pardons Commissioners, the Executive Branch Audit Committee, and he serves as the Commander in Chief of the State Military forces. The Governor is required to communicate by message on the condition of the State, recommend any legislation he deems necessary, and submit a proposed executive budget at each regular session of the Legislature. Authority: Article 5 of the Nevada Constitution, NRS 223.

BASE

The base budget continues funding for the Governor and authorized non-classified employees along with associated operating support.

NEVADA PROTECTION ACCOUNT

101-1004

PROGRAM DESCRIPTION

In 2001, Governor Guinn established the Nevada Protection Fund to carry out the State's opposition to the Yucca mountain project before the Congress and the Courts.

BASE

All base expenditures have been eliminated per the Interim Finance Committee's resolution dated November 8, 2004 that states any remaining balance of the \$1,100,000 Contingency Fund allocation reverts to the Contingency Fund on June 30, 2005.

E350 ENVIRONMENTAL POLICIES AND PROGRAMS

This decision unit recommends the continuation of the Nevada Protection Fund to allow the state to effectively protect Nevada's interests in any licensing proceeding before the NRC. Funding would be used to continue certain scientific activities and engage scientific experts; and to pay for legal representation and related activities before the NRC. It is recommended that the appropriation be authorized for use in both years of the biennium.

LIEUTENANT GOVERNOR

101-1020

PROGRAM DESCRIPTION

The Mission of the Lieutenant Governor's Office is to foster and nurture global business and tourism opportunities for the people and the State of Nevada, while protecting the pioneer entrepreneurial spirit that built our great state. The Lieutenant Governor leads Economic Development and Tourism efforts on a national and international level. The Lieutenant Governor is elected to a four-year term and is the President of the Senate. The Lieutenant Governor assumes the powers and duties of the Governor if the Governor is unable to discharge his duties. The Lieutenant Governor is the chair of the Nevada Commission on Economic Development, the Nevada Commission on Tourism, and serves as vice-chair of the Board of Directors of the States Department of Transportation. The Governor appointed the Lieutenant Governor to his Cabinet, to the Fundamental Review Steering Committee and to the Executive Branch Audit Committee. Constitutional Authority: Article 5, Section 17 and 18. Statutory Authority: NRS 224.

BASE

The base continues funding for the Lieutenant Governor and 6.0 FTE unclassified positions along with associated operating support. The Lieutenant Governor's salary and travel support is increased in the second year of the biennium to reflect legislative responsibilities. One time and discontinued costs have been eliminated per budget instructions.

SECRETARY OF STATE

101-1050

PROGRAM DESCRIPTION

The mission of the Office of Secretary of State is to effectively and efficiently serve the public by performing statutory duties to ensure the integrity of elections, facilitate business filings, protect consumers against securities fraud, preserve public records, and to promote public awareness and education in these and related areas. Constitutional Authority: Article 5, Section 20.

BASE

The base budget continues funding for the Secretary of State and authorized unclassified and classified positions along with associated operating support. Funding for the positions are supported from a general fund appropriation of approximately 53.5% and a transfer from the Secretary of State Special Services Fund of approximately 46.5%. Associated costs have been cost allocated between these two sources. A vacancy factor has been used to adjust salaries and fringe benefits. Funding has been increased in the second year for election expense obligations per the NRS, and one-time costs have been eliminated.

E218 NEW PROGRAMS

The Secretary of State is requesting funding for the fifth deputy position as authorized in NRS 225.040. This request is based on the fact that the authorized FTE for the office is 133.55 and is comprised of mostly clerical positions and only four deputy positions. This results in a lack of upper management positions for the existng FTE.

With the major new HAVA mandated Statewide Voter Registration System, and the new eSOS commercial recordings system, there will be a need to utilize outside skills specialists to supplement the skill sets currently available in the small eSOS technical staff. These are expected in the infrastructure architecting and setup areas as well as in application requirements and design in cutting edge web based front-end enhancements to the base SOS system. These may be specialists in voter registration/election systems, electronic imaging and storage, specialized database design and management, disaster recovery, infrastructure, network and security specialists, web application and architecture specialists, and others. The \$135,000 figure assumes 1,000 hours @ \$135 per hour (including expenses).

This recommends adding General funds for the Securities Division's enforcement activities have been funded entirely out of its revolving fund (1053) for the past 3 fiscal years. Pursuant to NRS 90.851, all money received by the division as a result of an action for the enforcement of the provisions of the Securities Act are deposited into this account. As a result of the division's expenses incurred during the last 3 years and due to the legislature's transferring \$3,875,000 out of this account in 2003, the division is concerned that there will not be sufficient funds remaining in the revolving account to fund our enforcement operations and other expenses paid out of this account after June 30, 2005.

PROGRAM DESCRIPTION

Established by the Constitution of Nevada, the Office of the Attorney General is responsible for providing legal services to the executive branch of state government. The Attorney General's responsibility is also to the citizens of the state, and as an independent constitutional officer, the Attorney General must ensure the law is being administered fairly and correctly. As the state's chief law enforcement officer, the Attorney General represents the people of Nevada before trial and appellate courts of Nevada and the United States in criminal and civil matters; serves as legal counsel to state officers, most boards, commissions and departments; and assists the 17 district attorneys of the state. Constitutional Authority: Article 5, Section 19 of the Nevada Constitution.

SPECIAL FUND

101-1031

PROGRAM DESCRIPTION

The Attorney General Special Litigation Fund is established for payment of expenses directly related to investigation, preparation, prosecution, and defense of suits unknown at the time of budget preparation. Certain expenses are reimbursable by other state or county agencies. The Nuclear Waste Litigation category covers any costs of litigation against the United States. The General Fund supports the general litigation category and the state portion of Nuclear Waste litigation. Statutory Authority: NRS Chapter 228. This budget is supported by general funds and reimbursements of legal cost from client agencies.

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007
1.	Number of invoices received for payment of litigation expenses	115	119	122	125	125
2.	Percent of invoices paid within 15 days of receipt	80%	73%	80%	80%	85%

BASE

The base budget continues costs associated with investigation and litigation of existing and future suits on behalf of the State. It is recommended that this account be allowed to use the appropriation in both years of the biennium, per previous practice.

PROGRAM DESCRIPTION

The Medicaid Fraud Control Unit (MFCU) is charged with the responsibility of investigating and prosecuting: 1. Medical provider fraud in the Nevada Medicaid Program; 2. Neglect or abuse of patients in Medicaid funded medical facilities; and 3. Misappropriation of patient trust funds at medical facilities receiving Medicaid funding. (NRS 228.410(3)). MFCU jurisdiction was extended by act of Congress in 1999 to allow investigation of fraud in all federally funded health care programs, and to investigate resident-abuse or neglect in non-Medicaid funded board and care facilities. (42 U.S.C. 1396b(q)). In addition to criminal prosecutions, the MFCU may also seek civil monetary penalties as set forth in NRS 422.580. Statutory Authority: NRS Chapter 228 and 422.

E125 EQUITABLE, STABLE TAX STRUCTURE

This decision unit recommends the replacement of recoveries revenue with appropriations from the general fund. Historically the MFCU has been able to pay for the state's share of the federal grant out of recoveries. The unit is heavily involved in pharmacy related litigation that may suppress the recovery of investigative costs for the foreseeable future.

PROGRAM DESCRIPTION

The Workers Compensation Fraud Unit (WCFU) is responsible for the investigation and prosecution of all workers compensation fraud committed in the State of Nevada by employers, employees (claimants), or medical providers against either companies providing insurance or any of Nevada's self-insured employers. The Unit is also generally responsible for any fraud committed in the administration of workers compensation and is now the sole government agency responsible for such prosecutions. Statutory Authority: NRS Chapters 228 and 616D.

This budget is supported by assessments to employers and recoveries that are paid by criminal defendants for restitution of the Unit's investigative prosecutorial costs.

E600 BUDGET REDUCTIONS

This decision unit recommends budget reductions as a result of the reorganization that will combine the Insurance Fraud Unit with the Workers Compensation Fraud Unit. The reorganization will include the reclassification of the Regional Chief Deputy Attorney General to a Chief Deputy Attorney General, the reclassification of the Chief Workers Compensation Fraud Investigator to a Senior Investigator and will also eliminate two Workers Compensation Fraud investigator positions.

ATTORNEY GENERAL TORT CLAIM FUND
715-1348

PROGRAM DESCRIPTION

The Tort Claim Fund is established for payment of claims which are the obligations of the state pursuant to NRS 41.0349 and 41.037. Typical claims against the state include automobile accidents, injuries on the state's premises or highways, and damages claimed for violation of the civil rights of convicts, state employees, or the general population. Statutory Authority: NRS 331.187. The Tort Claims Fund is an internal service fund financed by funds collected from state agencies. Each agency is assessed an amount based on the number of its automobiles, and its employees' experience. The amount that needs to be collected per automobile or employee is determined by an independent actuary who reviews the state's experience bi-annually.

PROGRAM DESCRIPTION

The Uniform Criminal Extradition Act requires Governors of each state to have any person charged in another state with treason, felony, or other crimes who has fled from justice and is subsequently apprehended, be returned to the State in which the crime was committed and the Interstate Agreement on Detainers provides for the administrative temporary transfer of inmates who are wanted by jurisdictions outside the state in which they are imprisoned for trial on criminal charges. The Extradition Coordinator, who also serves as Nevada's Agreement Administrator is responsible for ensuring that the ends of justice are promoted by effectuating the return and/or temporary transfer of fugitives who have taken asylum in this State to the requesting states, and effectuating the return and/or temporary transfer to Nevada of fugitives who have taken asylum in other states within the statutorily prescribed methods, procedures and time limits; recover the monetary costs to which the State is entitled by virtue of this undertaking; and provide high quality continuing legal education on all aspects of extradition and detainer laws. Statutory Authority: NRS Chapters 178 and 179.

AG COUNCIL FOR PROSECUTING ATTORNEYS

101-1041

PROGRAM DESCRIPTION

The mission of the Advisory Council for Prosecuting Attorneys is to develop and implement a training program for prosecutors in the state; to coordinate the development of policies for conducting criminal and civil prosecutions; and to coordinate proposed legislation for submission to the legislature. Statutory Authority: NRS 214A.010 to NRS 214Aa.090. In 2001, the Legislature enacted AB 548, which authorizes the Advisory Council for Prosecuting Attorneys to receive as funding a portion of administrative assessments, in addition to a minimal general fund amount. See NRS 176.059. In addition, the Council is authorized to receive grant funding pursuant to NRS 241A.090.

The Nevada Commission on Ethics, is to enhance the faith and confidence the people of the State of Nevada have in the integrity and impartiality of public officers and employees. The Commission performs five main functions in this role: Interpreting and providing guidance to public officers and employees on the provisions of the Ethics in Government law (NRS 281.411 - 281.581); investigating and adjudicating third-party ethics complaints against public officers and employees for violating the provisions of ethics laws; administering NRS 294A.345 and 294A.346, which prohibit impeding the success of a campaign; educating public officers and employees regarding ethical provisions and prohibitions under Nevada law; and accepting financial disclosure statements of certain public officers.

BASE

The base represents the continuation of 3.00 FTEs as authorized by the 1999 Legislature and 1.00 additional FTE as authorized by the Interim Finance Committee on 9/15/04 and operating support costs. The base costs include the agency's share of the cost of services allocated by the Division of Administrative Services of the Department of Administration for accounting, personnel and other administrative functions provided to the agency. Adjustments for the annualization of part-year expenses, removal of any one-time expenditures and the ability to maintain current available authority are reflected in the decision unit as authorized by the budget instructions.

E326 SERVICES AT LEVEL CLOSEST TO PEOPLE

This decision unit requests 1.0 FTE Investigator position to provide the Executive Director with investigative assistance and support. If approved, the position will be based in the Las Vegas office and will perform much of the leg work revolving around cases in southern Nevada. The Investigator will assist in reducing the investigation and jurisdictional backlogs and in keeping pace with the increased caseload. If this decision unit is not approved, then agency will need additional authority in Category 15, Investigations/Paralegal Services, to hire an investigator on contract.

BOND INTEREST & REDEMPTION

395-1082

PROGRAM DESCRIPTION

Bond Interest and Redemption provides the funds necessary to redeem debt instruments issued by the State. The State Constitution, Article 9, Section 3, limits the State's debt to two percent of assessed valuation. Debt incurred for the protection and preservation of property or natural resources is exempt from the limit. The State's estimated assessed valuation for fiscal year 2005 is \$69,700,111,729. The State has \$959,070,000 in outstanding debt subject to the limit, much of it for capital improvement projects, and \$1,622,465,359 in outstanding debt not subject to the limit. In addition, \$262,343,824 in debt is authorized, but unissued. General Obligation bonds are paid with a 16 cent property tax, which also acts as a limit on the debt that can be issued by the State. Measure 1, a proposal to issue natural resource bonds passed in the 2002 election, increases the rate by an additional one cent which is dedicated to Measure 1 debt service.

BASE

The base budget continues the funding for principal and interest payments for outstanding debt instruments issued by the State. All anticipated revenues are included in the base budget. Funding requirements for additional projects will translate into a reduction in the budgeted reserve.

MUNICIPAL BOND BANK REVENUE

745-1086

PROGRAM DESCRIPTION

The Municipal Bond Bank, administered by the State Treasurer, was created by the 1981 Legislature for support of certain municipal projects through a bond bank. The Bond Bank allows the State to sell its General Obligation bonds to provide funds to purchase local bonds. The State's higher bond rating saves local entities substantial amounts of interest payments. NRS 350A.150 authorizes the State Board of Examiners, at the request of the State Treasurer, to issue up to \$1.8 billion.

BASE

The base budget continues the funding for principal and interest payments for existing obligations. Work programs will be generated if and when eligible local governments request the issuance of additional debt through the Bond Bank, a refunding takes place, or any other securities activity occurs.

CONTROLLER'S OFFICE

101-1130

PROGRAM DESCRIPTION

The state Controller is the Chief Fiscal Officer of the state, elected to a four-year term. The office administers the state accounting system to permit fair, accurate, and consistent financial reporting in accordance with generally accepted accounting principles (GAAP) and provides agencies with current and historic financial information to facilitate their decision-making process. The office pays claims against the state, ensures compliance with state fiscal and federal revenue laws, and administers the state's Debt Collection Program. Constitutional Authority: Article 5, Section 19.

PROGRAM DESCRIPTION

The mission of the Department of Employment, Training and Rehabilitation (DETR) is to connect Nevada's businesses with a qualified workforce and ensure equal employment opportunities. The Department of Administration consists of a director's office and centralized administrative services that support four divisions: Employment Security, Rehabilitation, Information Development and Processing and the Nevada Equal Rights Commission. The department is the lead state agency responsible for the administration of the Workforce Investment Act in Nevada, including serving as staff to the Governor's Workforce Investment Board, which oversees the state's workforce investment system, Nevada JobConnect. Statutory Authority: NRS 232.910.

E805 CLASSIFIED POSITION RECLASSIFICATIONS

An error in the unclassified pay bill approved in the prior session, understated the salary dollars for the two DETR Deputy Directors. Their salary was to be equivalent to a grade/step 46-9 (\$95,192), however the salary for a grade/step 45-9 was used. This decision unit rectifies the miscalculation.

E275 MAXIMIZE INTERNET AND TECHNOLOGY

The purpose of this request is to purchase additional processing capacity to accommodate new growth in data warehousing applications. The purchase of this system (SUN V480) will allow the current and planned applications to be spread out over two machines, providing backup, redundancy and high availability to the critical Unemployment Insurance Data Validation (UIDV) and America's One Stop Operating System (AOSOS) for Employment Services data warehouse applications. (See TIR for additional detail). The purchase of the Sun V480 will require two additional Oracle database tier licenses.

PROGRAM DESCRIPTION

The mission of the Research and Analysis (R&A) Bureau is to provide reliable and timely labor market services and products to support the programs administered by the Department and the State and Local Workforce Investment Boards. R&A is responsible for the collection, development and dissemination of labor market information which includes labor force, employment, occupational and general economic and demographic data. Many of R&A's statistical systems are funded by the Bureau of Labor Statistics of the U.S. Department of Labor and operated cooperatively. R&A is also responsible for maintaining and marketing the Nevada Career Information System, which provides a comprehensive source of occupational and career information to the State's school districts and Nevada JobConnect System.

E325 SERVICES AT LEVEL CLOSEST TO PEOPLE

Due to the implementation of Priority Charge Handling Procedures (PCHP), approved in the 2003 Legislative session, NERC is continuing to reduce the ongoing EEOC complaint caseload. Although the EEOC contract generally increases each year, it is doubtful that NERC will have a backlog of cases substantial enough to maximize the EEOC contract as has been their standard. Because of the reduction in EEOC complaint inventory, staff will be able to accommodate acceptance of HUD housing complaints resulting in revenues of at least \$115,000 for the first three years. The HUD contract will become effective October 1, 2005. The Division is projecting the EEOC contract at 1,191 case closures in FY 06 and 1,200 case closures in FY 07. With the steady decline of backlog, the Division will have the capacity to train and assign staff members to handle HUD housing complaints.

DETR, DISABILITY ADJUDICATION

101-3269

PROGRAM DESCRIPTION

The mission of the Bureau of Disability Adjudication (BDA) is to provide quality, timely, professional disability decisions to individuals in Nevada who claim benefits under the Social Security disability programs. The Bureau of Disability Adjudication is 100 percent federally funded by the Social Security Administration and administered by the Rehabilitation Division of the Department of Employment, Training and Rehabilitation. The Bureau is responsible for processing all applications for disability benefits under the Social Security Disability Income (SSDI) and Supplemental Security Income (SSI) disability programs and for conducting evidentiary hearings for those disability beneficiaries who are recommended for benefit termination.

E710 REPLACEMENT EQUIPMENT

Funding is recommended for the replacement of 38 desktop computers, three laptop computers, the associated software for each, and five network laser jet printers according to the DETR's five-year PC replacement program. In addition, the agency is requesting to replace 13 desk chairs that are worn and no longer ergonomically sound, and 38 modular workstations that no longer meet functional needs such as maintaining client privacy, or that do not maintain an acceptable public image. The agency also requests funding for the purchase of minor equipment costing less than \$1,000 at \$150 per FTE for 96 FTEs per the DETR equipment standard.

PROGRAM DESCRIPTION

The mission of the Bureau of Services to the Blind and Visually Impaired (BSBVI) is to provide information and services needed to improve the ability of visually impaired individuals to become independent, productive and when appropriate, employed. Statutory Authority: NRS 426; Public Law 105-205 Title IV, Subtitle I and Subtitle VII, Chapter 2; The Social Security Act, Section 222 (d) and 1615. The BSBVI provides a full range of services to persons who are blind, deaf/blind or severely visually impaired under the authorities of the Rehabilitation Act of 1973, as amended, and NRS 426. The bureau administers an array of vocational rehabilitation, independent living, life skills training, recreation therapy and low vision programs.

E256 WORKING ENVIRONMENT AND WAGE

Under the Workforce Investment Act (WIA), the Local Workforce Investment Boards are responsible for establishing the network of One-Stop offices, through which WIA services will be delivered. The Southern Workforce Investment Board has indicated that it plans to establish three JobConnect offices in the Las Vegas area during the upcoming biennium. As a result, the current Rehabilitation Division office, located at 628 Belrose, no longer meets the business needs of the Bureau. We are anticipating that staff currently located at the Belrose office will be relocated into the Nevada JobConnect offices, to be determined by the Southern Nevada Workforce Investment Board. Based on similar moves in the past, we are estimating \$800 per FTE will be required to pay the moving costs.

DETR, BLIND BUSINESS ENTERPRISE PROGRAM

101-3253

PROGRAM DESCRIPTION

The mission of the Blind Business Enterprise Program (BEP) is to provide information, assessment, training and placement of blind individuals in vending and business opportunities in public buildings. Statutory Authority: NRS 426, Randolph-Sheppard Vending Stand Act Amendments of 1974. The Bureau of Services to the Blind and Visually Impaired (BSBVI) administers the business enterprise account for the Blind (a non-reverting fund) under the authority of the Randolph-Sheppard Act amendments of 1974, NRS 426 and NAC 426. The primary source of revenue for this fund consists of a percentage of net profits from blind operators of vending facilities that are licensed by BSBVI. These facilities are located in federal, state and municipal buildings statewide.

ENHANCEMENT

E325 SERVICES AT LEVEL CLOSEST TO PEOPLE

This decision unit recommends budget authority to maintain, improve and expand business facilities such as snack bars and vending operations for blind operators seeking self sufficiency. The program's strategic plan and performance indicators call for remodeling two facilities in FY 06 and one facility in FY 07. They also call for establishing four new facilities during the biennium.

PROGRAM DESCRIPTION

The mission of the Employment Security Division is to provide a statewide labor exchange, conduct programs that promptly pay unemployment benefits, improve the employment stability of those collecting unemployment insurance, and administer an effective tax system. The Division participates as a full partner in the Nevada JobConnect system, which offers training and reemployment services to Nevada employers and workers. The Employment Service (ES) programs, which include ES/Public Labor Exchange, Foreign Labor Certification (FLC), Work Opportunity Tax Credit (WOTC), Rapid Response, North America Free Trade Agreement (NAFTA), Trade Adjustment Assistance (TAA), Migrant Seasonal Farm Worker (MSFW) and Veterans Employment and Training Service (VETS), provide job placement services and labor market information to employers and job seekers. These programs are designed to assist employers in meeting their workforce needs and aid job seekers in returning to work through job referrals, short-term skill enhancement training and career guidance. The Division is also responsible for the administration and oversight of Workforce Investment Act funds. The Unemployment Insurance (UI) program is a joint state/federal insurance program that provides temporary partial wage replacement to protect workers against the hardships of unemployment. Nevada's UI program is organized into two sections. The Benefits Section ensures the timely and proper payment of benefits to unemployed persons. The Contributions Section is responsible for maintaining the employer tax system. The New Hire Directory Reporting Unit, which operates within the Contributions Section, collects and enters information provided by employers on newly hired employees into a database for transmission to the Nevada State Welfare Division to locate parents who are not paying child support.

Statutory Authority: NRS 612.

PROGRAM DESCRIPTION

The mission of the Career Enhancement Program (CEP) is to provide skills enhancement training and reemployment services for unemployed Nevadans to assist them in overcoming the negative impact of job loss, to increase their earnings potential, and to meet the growing demand of Nevada employers for better-trained and productive employees. The program is funded by Nevada employers through an assessment of 0.05% of taxable wages reported to the Employment Security Division. CEP collaborates with other workforce development partners through the state's one-stop career system, Nevada JobConnect, to create training and employment opportunities for job seekers. The program also works with unemployment insurance claimants in jeopardy of exhausting their benefits to provide intensive services required by the federally mandated Worker Profiling and Reemployment Services Programs. In 2003, the program was expanded to include training for incumbent workers to support job retention and assist Nevada businesses to remain competitive in the national and global economies. Statutory Authority: NRS 612.606-608 inclusive.

This decision unit funds up to 10 intermittent positions to continue the Reemployment Services Program, which has been funded by the U.S. Department of Labor since July 1, 2001, but will expire on June 30, 2005. In 2003, this highly successful program resulted in savings of more than \$1.4 million to Nevada's Unemployment Trust Fund, as well as a reduction in charges to Nevada employer accounts, by reducing the duration of benefits for program participants.

DETR, EMPLOYMENT SECURITY - SPECIAL FUND**235-4771****PROGRAM DESCRIPTION**

The Employment Security Fund is created in NRS 612.615 as a special revenue fund which may be used to cover expenditures for which federal funds have been requested but not yet received, and to pay costs of administration of employment security laws that may not be charged against federal grants including capital improvements. The sources of revenue for this fund are all interest and forfeitures collected from employers for non or late payment of unemployment taxes. All monies in the fund are continuously available to the administrator and do not lapse at any time. The division utilizes the fund to support maintenance of agency-owned buildings, contract services for outside legal counsel, and technological enhancements to programs for which federal funds are not available.

E275 MAXIMIZE INTERNET AND TECHNOLOGY

The 1999 and 2001 Legislatures approved the re-write of the Legacy unemployment insurance contributions system. Significant changes in the technology employed in DETR's Information Development and Processing Division have necessitated the submission of a revised TIR document to DoIT. This decision unit establishes the authority needed for FY 06, in which the project is scheduled for completion.

ENHANCEMENT

E250 WORKING ENVIRONMENT AND WAGE

This recommends 39 full-time new positions, to keep up with current state demographic trends and the state's rapidly growing population. To effectively meet the present and future transportation needs created by the State's increasing population, the Department must expand its work force.

E275 MAXIMIZE INTERNET AND TECHNOLOGY

The Information Services Division is requesting funding to lease a new Storage Area Network System (SANS). The system that currently provides NDOT's access, management, and storage of vital records, maps, drawings, and other information will no longer be supported by the manufacturer as of May, 2005. This request is for a replacement system to accommodate the department's data/document storage needs which are estimated to be 12 Terabytes by May, 2005. By the end of 2006, with the needs of IRWIN, other document management support and the support of new applications and web development, storage needs are estimated to grow to 16 to 20 Terabytes. The storage system would be scaleable and compatible with other storage systems at other state agencies for interoperability and disaster recovery purposes.

E325 SERVICES AT LEVEL CLOSEST TO PEOPLE

The Nevada Department of Transportation and its Las Vegas Area partners have identified a need for a freeway and arterial management system (FAST) to help manage traffic during fluctuating periods of vehicle demand on freeways and arterials, as well as provide enhanced incident response capabilities. The goal of the FAST system is to maximize the return on public investment in the highway system. Ideally, the FAST system will also improve overall transportation mobility and better serve the rapidly growing travel demand. This funds FAST.

E851 SPECIAL PROJECTS

The Department identifies existing and projected needs for the State's highway system. These needs encompass new roadway construction and reconstruction, safety improvements, replacement or rehabilitation of bridges and interchanges, and maintenance projects. The Department of Transportation Board of Directors will be requesting that the State Board of Finance issue special obligation bonds in the amount of \$200,000,000 in FY 06 and \$200,000,000 in FY 07 to be used on various projects around the State. This increases the amount in base to \$200,000,000 each year.

PROGRAM DESCRIPTION

The mission of the Department of Wildlife is to protect, preserve, manage and restore wildlife and its habitat for their aesthetic, scientific, educational, recreational and economic benefit to citizens of Nevada and the United States, and to promote the safety of persons using vessels on the waters of this state. The Department is comprised of seven bureaus including Administrative Services, Conservation Education, Fisheries Management, Game Management, Habitat, Law Enforcement, and Wildlife Diversity. Statutory authority is found in the Nevada Revised Statute Chapters 488, 501, 502, 503, 504, 505, and 506.

E250 WORKING ENVIRONMENT AND WAGE

This decision unit represents program elements that are essential to the completion of the agency mission as defined by the Comprehensive Strategic Plan and bureau program plans but are not included in the base budget. These elements allow the agency to complete the specific program objectives by providing budgetary support of ongoing and emerging programs such as the Clark County shooting range; ditch, fence, and road maintenance at wildlife management areas statewide; and increased training for staff.

E252 WORKING ENVIRONMENT AND WAGE

The Department of Wildlife is a user funded agency that receives revenue from the sale of licenses based on fees established in statute. The fees established for user groups such as senior, youth, serviceman and native Americans are significantly lower than those for regular licenses. This decision unit requests annual "low cost" license replacement revenue from the state General Fund in an amount equal to the difference between regular and low cost fees collected in the previous biennium.

E350 ENVIRONMENTAL POLICIES AND PROGRAMS

This decision unit requests expenditure authority for continuing maintenance, repair, and replacement of department facilities such as agency owned housing, out buildings, wells, fuel storage, fire protection systems, and water storage/delivery systems. All projects are consistent with the agency facilities management plan and support the goals in the department comprehensive strategic plan.

WILDLIFE - BOATING PROGRAM

101-4456

PROGRAM DESCRIPTION

The Department of Wildlife is responsible for the administration of the Nevada Boat Act, relating to operation of recreational watercraft on all waters of the state. Elements of the program include boat registration and titling, boating safety law enforcement, boater education, navigational aids, and boating facilities. The desired outcome of this program is knowledgeable boaters engaged in safe and enjoyable recreation on Nevada's waters. Statutory Authority is found in the Nevada Revised Statute Chapters 488, and 501.

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007

WILDLIFE ACCOUNT - TROUT MANAGEMENT

101-4454

PROGRAM DESCRIPTION

The Department of Wildlife collects trout stamp fees from Nevada anglers, deposits them in this account with matching federal aid in Sport Fish Restoration funds and state bond sale proceeds, to implement a Fish Hatchery Refurbishment Project to refurbish three state fish hatcheries in the current and coming biennium. Funds from this account are used to pay construction costs and repay bonded indebtedness for the Hatchery Refurbishment Project. Statutory authority is found in the Nevada Revised Statute Chapters 501 and 502.

WILDLIFE OBLIGATED RESERVE

101-4458

PROGRAM DESCRIPTION

The 1995 Legislature created budget account 4458, Wildlife Obligated Reserve, to distinguish restricted program funding sources and expenditures. Funds placed in the account include duck stamp, elk damage compensation, mining assessments, gifts and donations, and Operation Game Thief. The 2003 Legislature added the upland game stamp and habitat conservation fee programs to the budget account.
