HR, EARLY INTERVENTION SERVICES

101-3208

PROGRAM DESCRIPTION

In July 2003 through the Legislative process, Nevada's system for early intervention was consolidated by moving programs from two divisions into one. The Bureau of Early Intervention Service was created within the Health Division. As a result, there are two regions for service delivery that emerged from the existing programs. The First Step and Special Children's Clinic in Las Vegas were combined into Nevada Early Intervention Services Southern/Rural Region. HAPPY, Infant Enhancement Program, and Special Children's Clinic in Reno were combined into the Northern/Rural Region. With regional sites in the Las Vegas (4), Reno, Carson City, and Elko areas, Nevada Early Intervention Services provides comprehensive, family-center community-based, and multi-disciplinary early intervention services as required by the Individuals with Disabilities Education Act (IDEA-P.L. 105-17). Statutory Authority: Part C of the Individuals with Disabilities Education Act (IDEA) Amendments of 1997, P.L. 105-17, NRS Chapter 442 and Title V of the Social Security Act.

BASE

The base budget provides funding for 113.45 full-time equivalent positions and their associated costs. Adjustments are made to the base budget to eliminate one-time costs, provide for the incremental increase for employee longevity pay, and to provide for increases in non-State owned and State-owned building rent/lease agreements.

E805 CLASSIFIED POSITION RECLASSIFICATIONS

This decision unit recommends funding to reclassify 3 Administrative Assistants III to 3 Family Specialists II, 5 Speech and Language Pathologists to 5 Developmental Specialists IV, and 2 Speech and Language Pathologists to 2 Developmental Specialists III. These 2 additional Developmental Specialists III will increase the caseload by 35 children. The reclassification of Developmental Specialist IV positions will provide the necessary supervision for the increased number of employees at the regional sites; Developmental Specialist III positions will increase the number of children receiving direct services; and family specialists will assist in scheduling intakes and providing family support in a timely manner. This request also includes reclassification of an Administrative Assistant II to Administrative Assistant III position in the Elko office.

BASE

The base budget provides funding for 11.01 full-time equivalent positions and associated costs for the administration of a statewide program of early intervention services to children with developmental delays. Adjustments are made to the base budget to eliminate one-time costs; to provide for the incremental increase for employee's longevity pay, and to provide for increases in non-state owned building rent/lease agreements.

PROGRAM DESCRIPTION

The purpose of the Women, Infants, and Children (WIC) Program is to improve the nutritional health status of low-income women, infants, and young children to age five during critical periods of growth and development. This is accomplished by providing eligible participants with nutrition education, vouchers or smart cards (EBT) for supplemental foods, and referral to other community resources.

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007

PROGRAM DESCRIPTION

Assembly Bill 474 created the Trust Fund for Public Health during the 1999 Legislative Session. As a result of the legislation, ten percent of all Tobacco Settlement proceeds are allocated to the Trust Fund, which is administered and managed by the Office of the State Treasurer. AB 474 limits Trust Fund expenditures to the interest and income generated by the Trust Fund for grants to: 1) promote public health and programs for disease or illness prevention, 2) conduct research issues related to public health, and 3) provide direct health care services to children and senior citizens. An eleven-member board of trustees was created by the legislation to provide strategic direction for how the funds will be expended. Statutory Authority: NRS 439.

PUBLIC HEALTH PREPAREDNESS PROGRAM

101-3218

PROGRAM DESCRIPTION

The mission of the Public Health Preparedness Program is to prepare for and manage the response to public health emergencies, caused either by naturally-occurring disasters or terrorism. These activities are supported through grants from the Centers for Disease Control and Prevention and the Health Resources and Services Administration. Funds are used to enhance the public health infrastructure within the State, as well as develop and exercise response plans for biological, chemical, radiological, nuclear and explosive events.

E901 TRANSFER IN QUALITY ASSURANCE POSITION FROM SNAMHS

This decision unit recommends the transfer of the Quality Assurance Specialist position from Southern Nevada Adult Mental Health Services (SNAMHS) to the MHDS Administration office. All Quality Assurance positions are supervised and budgeted from the Administration budget. The transfer of this position will put all QA positions in the same budget account. This decision unit includes the transfer of travel funds to attend quarterly performance improvement meetings in Carson City. All operating expenses will continue to be paid from Southern Nevada Adult Mental Health Services' budget.

E902 TRANSFER ASO II TO RURAL REGIONAL CENTER

This decision unit recommends the transfer of 1.00 FTE Administrative Services Officer II position to Rural Regional Center, budget account 3167. This will better reflect the duties of this position, as the duties that this position performs are strictly for Rural Regional Center. Also, it will allow each agency within MHDS to have a supervising fiscal person. Currently, Rural Regional Center is without any supervising fiscal personnel.

ENHANCEMENT

E225 ELIMINATE DUPLICATE EFFORT

This decision unit recommends converting the State-run laundry facility at Northern Nevada Adult Mental Health Services (NNAMHS) to a private contract, thereby resulting in General Fund savings. The laundry equipment and buildings are very old and will need to be replaced if this decision unit is not approved. NNAMHS would retain one laundry worker position, Grade 20, to deliver and pick up laundry around the campus. If this decision unit were not approved, then NNAMHS would request new washers and dryers in each year of the biennium at a cost of \$27,887 in FY 06 and \$29,397 in FY 07.

E428 ENABLE, MOTIVATE AND REWARD SELF SUFFICIENCY

This decision unit recommends the conversion of an existing professional position to two Consumer Services Assistants. The Consumer Services Assistant Program hires former clients as state employees to assist other clients in accessing services as well as teaching other staff about treatment issues from the client perspective. The expansion of this program by two positions will enhance the ability of the agency to develop the drop-in center/clubhouse and expand the program into the hospital setting.

HR, FACILITY FOR THE MENTAL OFFENDER

101-3645

PROGRAM DESCRIPTION

The mission of the Lake's Crossing Center facility is to provide statewide forensic mental health services in a secure facility to mentally disordered offenders who are referred from the court system so their competency can be restored and they can be referred back to the court system to stand trial. Lake's Crossing Center also occasionally treats very difficult to manage patients from other facilities in the State until they can return to a less restrictive setting. Statutory Authority: NRS 178 and 433

ENHANCEMENT

E710 REPLACEMENT EQUIPMENT

Many equipment items in the facility have become worn with use and need to be replaced in order to maintain their function and preserve safety of the staff who use these items. Sophisticated surveillance equipment is utilized 24 hours a day and must periodically be replaced when it is no longer functioning in order to maintain security. Other client related equipment such as televisions are in use many hours a day and are necessary to maintain the inmate population in a safe and therapeutic manner. Computer equipment must be replaced on a regular basis to maintain functionality for forensic examiners and transcriptionists who provide reports and documents to the court on a daily basis.

E325 SERVICES AT LEVEL CLOSEST TO PEOPLE

This decision unit recommends a new mental health clinic for Laughlin and the surrounding area. Rural Clinics' proposed program would provide basic mental health services, including psychotherapy, service coordination, psychosocial rehabilitation, medication clinic, and emergency services, 24-hours per day, 7 days a week. The staffing for this clinic will include a Clinical Program Manager I, a Psychologist, a Clinical Social Worker, a Psychiatric Caseworker II, a Psychiatric Nurse II, a Mental Health Technician and 1.51 FTE support staff, for a total of 7.51 FTE. A contract psychiatrist (3 days per month) is also included. Projected caseload is approximately 270 - 330 clients per year.

E402 ACCESS TO HEALTH CARE AND HEALTH INSURANCE

Behavioral Health Redesign for Children in Rural Nevada: This decision unit recommends decreasing the staffing ratio for outpatient counseling from the current 75:1 for adults and children to 35:1 for children with Severe Emotional Disturbance (SED), and service coordination from the current 35:1 for adults and children to 12:1 for children with SED. Based on the current caseload, an additional 44 FTEs would be needed; however, due to the high cost of adding this many positions, the agency requests to add half this amount, or 23.01 FTEs, for the 2005-07 biennium and the other half during the next biennium. Positions include a Clinical Program Manager II, 10.51 FTE Mental Health Counselor IIs, 5.50 Mental Health Technician IIs, 2.0 Psychiatric Caseworker IIs and 4.0 support staff.

M425 DEFERRED FACILITIES MAINTENANCE

Southern Nevada Adult Mental Health Services became JCAHO accredited in January 2004, and JCAHO requirements dictate a high level of maintenance of the environment of care. This decision unit recommends addressing numerous deferred building maintenance needs. Projects and costs are based on the State Public Works Board Facility Condition Analysis prepared in 2000. Projects include deep cleaning of air ducts and carpet, major boiler maintenance, bird/rodent control, fire sprinkler system installation, electrical upgrades, exterior and interior finishing, and roof repairs.

ENHANCEMENT

E326 SERVICES AT LEVEL CLOSEST TO PEOPLE

This decision unit recommends establishing pharmacy services at the East Las Vegas medication clinic, at a substantial savings to the General Fund. Currently this site remains the only medication clinic in the SNAMHS treatment system without the capacity to fill medication prescriptions and provide medication counseling services to clients. This decision unit produces general fund savings by switching from a private contractor to a state run pharmacy. This decision includes 1.0 FTE Pharmacist I.

E426 ENABLE, MOTIVATE AND REWARD SELF SUFFICIENCY

This decision unit recommends increasing the in-patient psychiatric beds from 77 beds to 120 beds for a total increase of 43 beds in the new psychiatric hospital effective May 1, 2006. Funding for only 15 beds are included in this decision unit. The remaining 28 beds are included in decision unit M150. The 28 beds in M150 are a result of the emergency beds approved by IFC in August, 2004. In addition, this decision would create a State Medical Laboratory rather than contracting out laboratory services as is the current case. This request funds 95.06 FTE and associated operating costs.

E901 TRANSFER QUALITY ASSURANCE POSITION TO ADMIN

This decision unit recommends the transfer of a Quality Assurance Specialist position from SNAMHS to the MHDS Administration office. All Quality Assurance positions are supervised and budgeted from the Administration office. The transfer of this position will put all QA positions in the same budget account. This decision unit includes the transfer of travel funds to attend quarterly performance improvement meetings in Carson City. All operating expenses will continue to be paid by SNAMHS.

PROGRAM DESCRIPTION

The Southern MHDS Food Service budget funds the operation of the state-owned central kitchen by a private food management contractor. This budget, administered by Desert Regional Center, provides prepared meals and snacks to Desert Regional Center, Southern Nevada Adult Mental Health Services, and to the Division of Child and Family Services' Desert Willow Treatment Center and is funded by these three budgets.

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007
1.	Desert Regional Center average cost of food per resident per day	\$10.54	\$9.89	\$12.02	\$11.99	\$12.68
2.	Southern Nevada Adult Mental Health Services average cost of food per bed per day	\$13.74	\$14.07	\$14.04	\$10.44	\$9.83
3.	Division of Child and Family Services average cost of food per resident per day	\$14.05	\$12.87	\$14.35	\$14.42	\$14.31

BASE

The base budget recommends continuing 3.0 FTE and associated operating costs. Partial year expenditures have been annualized, and one-time expenditures have been eliminated. Base is also adjusted for the 28-bed emergency hospital annex approved by IFC in August 2004.

E427 ENABLE, MOTIVATE AND REWARD SELF SUFFICIENCY

This decision unit recommends increases in the food services budget in order to maintain 39 beds in the existing Psychiatric Hospital because the fourth phase of the new hospital (40-bed capacity) won't be ready in time to completely alleviate the emergency room crisis in Clark County. Calculations are based upon an effective date of 7/1/06. There is a corresponding decision unit in SNAMHS' budget that increases funding for food for these 39 beds.

E450 EFFECTIVENESS OF FAMILY SERVICES

Desert Regional Center is proposing the conversion of six ICF/MR (in-patient) beds to the community to comply with the Olmstead criteria projected for FY 06 and FY 07. This decision unit recommends a reduction in the food budget as a result of this conversion. There is a corresponding decision unit in Desert Regional Center's budget that reduces funding in the source budget for food.

PROGRAM DESCRIPTION

The mission of Sierra Regional Center is to provide residential and community-based services for people in Northern Nevada with developmental disabilities and related conditions. The Center provides person-centered planning so that people can make choices about their lives, live in the least restrictive manner possible and live productively as part of the community. Statutory authority: NRS 433 and 435

M200 DEMOGRAPHICS/CASELOAD CHANGES

This decision unit recommends an increase in staffing resulting from caseload growth for service coordination (64 persons phased in through FY 07), family support (18 persons phased in through FY 07), residential supports (36 persons phased in through FY 07), and jobs and day training (25 persons phased in through FY 07). These services are designed to keep people in community living and avoid demands for expensive, entitled institutional services. Positions include 2.53 FTE Developmental Disabilities Specialists and a 0.50 administrative support staff for a total of 3.03 FTE for the biennium.

E425 ENABLE, MOTIVATE AND REWARD SELF SUFFICIENCY

This decision unit recommends the consolidation of the Family Preservation Program (FPP) between the Division of MHDS and the Welfare Division into one budget account, 3166, in MHDS. This will simplify the administration of the program for both divisions, standardize procedures and improve clarity to the public. The \$470,400 TANF funds from the Welfare Division that are used to support 112 families annually will now be collected by the Developmental Services Regional Centers (Desert, Sierra, and Rural) as reimbursement for services provided. In return, General Funds from the Regions will be transferred into the Family Preservation Program budget via decision units E904, E905, and E906. Once funds are in the FPP budget, they will be transferred into Category 10, the proper payment category.

E450 EFFECTIVENESS OF FAMILY SERVICES

This decision unit recommends the conversion of 10 State institutional beds to community living. This decision unit continues the agency's efforts from the last 3 biennia to convert State institutional beds to community living and provides community-based options for the persons best qualified and interested in community living at this time. Ten State-run institutional beds are converted to community living through private providers. 14.03 FTE are phased out as part of the conversion.

E903 TRANSFER IN CLINICAL PRG PLANNER FROM ADMIN

This decision unit recommends the transfer in of 1.0 FTE Clinical Program Planner II from the Administration budget to Sierra Regional Center. This will better reflect the duties of this position, as the duties that this position performs are primarily for Sierra Regional Center and the Family Preservation Program.

E425 ENABLE, MOTIVATE AND REWARD SELF SUFFICIENCY

This decision unit recommends the consolidation of the Family Preservation Program (FPP) between the Division of MHDS and the Welfare Division into one budget account, 3166, in MHDS. This will simplify the administration of the program for both divisions, standardize procedures and improve clarity to the public. The \$470,400 TANF funds from the Welfare Division that are used to support 112 families annually will now be collected by the Developmental Services Regional Centers (Desert, Sierra, and Rural) as reimbursement for services provided. In return, General Funds from the Regions will be transferred into the Family Preservation Program budget via decision units E904, E905, and E906. Once funds are in the FPP budget, they will be transferred into Category 10, the proper payment category.

E452 EFFECTIVENESS OF FAMILY SERVICES

This unit recommends converting 4 privately-operated institutional care facilities with six people in each home for a total of 24 people to supported living arrangements in the community. The reduction in decision unit E452 in the Medicaid budget (B/A 3243) offsets most of the cost of this decision unit in Desert Regional Center's budget.

PROGRAM DESCRIPTION

The Family Preservation Program (FPP) provides financial assistance on a monthly basis to low-incomes families residing in Nevada who are providing care in their home for family members with profound or severe mental retardation. Also covered are children under 6 years of age who have developmental delays that require support equivalent to that required by a person with profound or severe mental retardation or a related condition. The purpose of this assistance is to help off-set expenses necessary to meet the special needs of the person with mental retardation and to help strengthen and support families, thereby keeping families intact and reducing the need for out-of-home placement. Families use assistance payments to obtain specialized supplies or equipment (wheelchairs, clothing, diapers, therapy services, special diets, transportation services) and general income supplementation. Statutory Authority NRS 435.365

ENHANCEMENT

E425 ENABLE, MOTIVATE AND REWARD SELF SUFFICIENCY

This decision unit recommends phasing in 30 new families over the course of the FY 05-07 biennium at the payment level of \$310.05 per month. Total projected to be served by the end of FY 07 would be 466 families.

E426 ENABLE, MOTIVATE AND REWARD SELF SUFFICIENCY

This decision unit recommends standardizing the payment amount for families participating in the MHDS Family Preservation Program (FPP) to the current Welfare Division FPP rate of \$350/family/month. This will ensure an equitable and predictable amount for all recipients. The standardized \$350 payment creates consistency across all recipients and also provides some adjustment for inflation erosion for the families in the MHDS Family Preservation Program. Currently, the amount of payments differ for the families enrolled in the Welfare FPP versus the MHDS-FPP. The TANF payment, from the Welfare Division, is \$350 per family per month, while the MHDS-FPP payment has fluctuated depending upon the number of families served. (An increase in the number of families served has meant a decrease in the payment/family/month.) Payment to these families averaged \$300.92 in FY 04 and has rarely exceeded \$330/family. Inflation has not been addressed in 6 years.

PROGRAM DESCRIPTION

Rural Regional Center provides or purchases services for people with developmental disabilities and their families. The agency serves all Nevada counties except Washoe and Clark. Service goals are community inclusion, greater self-sufficiency, and productivity. The agency purchases or provides Service Coordination (case management), Community Residential Supports, Jobs, Day Training, Family Supports, and Quality Assurance. Most services are funded by Title XIX through the Home and Community Based (HCB) Waiver, Targeted Case Management and the private ICF/MR Small programs. Statutory Authority: NRS 433 and 435

M200 DEMOGRAPHICS/CASELOAD CHANGES

This decision unit recommends additional staffing to address caseload growth for service coordination (79 persons phased in through FY 07), family support (26 persons phased in through FY 07), residential supports (42 persons phased in through FY 07), and jobs and day training (35 persons phased in through FY 07). These services are designed to keep people in community living and avoid demands for expensive, entitled institutional services. Positions include 3.79 FTE Developmental Disabilities Specialists, 0.51 Psychiatric Nurse, and 2.02 administrative support staff for a total of 6.32 FTE for the biennium.

M502 FEDERAL MANDATE

This decision unit recommends adding 1.0 FTE Quality Assurance Specialist and 0.25 FTE Administrative Assistant to provide quality assurance oversight of the existing Medicaid/Waiver caseload. The U.S. Centers for Medicare and Medicaid Services and the State Division of Health Care, Financing and Policy (State Medicaid) require that each Medicaid/Waiver provider and each person receiving Medicaid/Waiver services must have a Quality Assurance review annually to ensure that no incidents of client neglect or abuse have occurred. Additional staffing is needed to comply with this requirement.

E425 ENABLE, MOTIVATE AND REWARD SELF SUFFICIENCY

This decision unit recommends the consolidation of the Family Preservation Program (FPP) between the Division of MHDS and the Welfare Division into one budget account, 3166, in MHDS. This will simplify the administration of the program for both divisions, standardize procedures and improve clarity to the public. The \$470,400 TANF funds from the Welfare Division that are used to support 112 families annually will now be collected by the Developmental Services Regional Centers (Desert, Sierra, and Rural) as reimbursement for services provided. In return, General Funds from the Regions will be transferred into the Family Preservation Program budget via decision units E904, E905, and E906. Once funds are in the FPP budget, they will be transferred into Category 10, the proper payment category.

E452 EFFECTIVENESS OF FAMILY SERVICES

This decision unit recommends converting 2 privately-operated institutional care facilities with six people in each home for a total of 12 people to supported living arrangements in the community. The reduction in decision unit E452 in the Medicaid budget (B/A 3243) offsets most of the cost of this decision unit in Rural Regional Center's budget.

E902 TRANSFER IN ASO II FROM ADMINISTRATION

This decision unit recommends the transfer in of 1.00 FTE Administrative Services Officer II position from the MHDS Administration budget to Rural Regional Center. This will better reflect the duties of this position, as the duties that this position performs are strictly for Rural Regional Center. Also, it will allow each agency within MHDS to have a supervising fiscal person. Currently, Rural Regional Center is without any supervising fiscal personnel.

PROGRAM DESCRIPTION

This budget enables a more direct and accountable management of the Mental Health Management Information System used across all Mental Health agencies. This budget has been committed primarily to information technology (IT) implementation projects and ongoing information technology improvements to the Management Information System used in all mental health agencies, and the Mental Health and Developmental Services Central Office local area network in Carson City. It has been expanded to include Division-wide information technology planning, requirements analysis, IT related staff development, and IT system upgrades and improvements.

E275 MAXIMIZE INTERNET AND TECHNOLOGY

This decision unit recommends funding for a Gap Analysis between the division's current information system and the new AVATAR client information and billing system. The goal of the analysis is to determine whether or not the AVATAR software system, as recently implemented on the Mental Health side of the division, could be used by the three Developmental Services' Regional Centers: Desert, Sierra, and Rural.

PROGRAM DESCRIPTION

The Office of the Nevada State Public Defender provides equal protection under the law and in accordance with the Nevada and United States Constitution by representing indigent adults and juveniles accused of committing crimes in certain rural areas of Nevada, or in one of Nevada's prisons. This representation is performed from arrest through trial, sentencing and appeal. In addition to representing indigent adults and juveniles, the Office handles appeals from denial of post-conviction habeas corpus petitions for state prison inmates accused of a crime. Statutory Authority: NRS Chapters 180 and 260.

PROGRAM DESCRIPTION

The Welfare Administration budget account funds the administrative expenses associated with ensuring that public assistance programs are administered in accordance with federal and state regulations. This includes providing the necessary support to allow field staff to provide quality, timely and temporary services enabling Nevada families, the disabled, and the elderly to achieve the highest levels of self-sufficiency. There are currently 125 full time positions in this budget, located primarily in the Carson City central office. Statutory authority for the Welfare Administration budget account is provided in the Nevada Revised Statutes, Chapter 422.

M502 FEDERAL MANDATE

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (federal Medicare reform legislation) requires the Welfare Division to establish and determine eligibility for two new categories of Medicare Part D beginning January 2006. A premium subsidy program must be established for qualified individuals. The first is a Full Premium Subsidy and the second is a Partial Premium Subsidy program. An additional Program Specialist II position is requested to establish policy and state plan provisions, provide training, assist in designing and maintaining support, conduct management evaluation reviews, and managing these categories of Medicaid. This position will also provide support for the Program Specialist III who is responsible for the other twenty-nine categories of Medicaid the agency administers. The federal government has not finalized the regulations for these new provisions, so part of the impact cannot be qualified at this time. Specifically the work that will be required to modify NOMADS.

M503 FEDERAL MANDATE

The Improper Payments Information Act of 2002 (Public Law 107-300), is mandating the Welfare division reinstitute their full recipient quality control reviews as identified as part of the claims sample obtained from the Division of Health Care Financing and Policy. This will become mandatory in October 2005 and is also a Government Performance and Results Act (GPRA) goal. This decision unit adds two new Quality Control Specialist positions.

E900 TRANSFER FROM DHC FP (B/A 3158)

This decision unit transfers a Management Analyst III and related costs from the Division of Health Care Financing and Policy Administration to the Welfare Division Administration. This position was out-stationed at Welfare to work on the E-application and other Medicaid and Nevada Check Up related interface issues. From a management standpoint, it is more effective to have the position budgeted in the Welfare Division and cost allocated to the Division of Health Care Financing and Policy based upon actual work assignments.

PROGRAM DESCRIPTION

The Field Services budget provides for staff salaries and operating expenses for the various programs administered by the Welfare Division. This budget account consists of Family Services Specialists (FSSs) who determine eligibility for the major program areas which include: Temporary Assistance for Needy Families (TANF), Food Stamps, and various Medicaid programs including Medical Assistance to the Aged, Blind and Disabled. Other FSSs and Social Workers provide employment and support services to assist the needy in overcoming barriers to self-sufficiency. In response to the unprecedented caseload growth experienced by the Welfare Division, the 2003 Legislature authorized 129 new positions for the current biennium bringing the total number to 954 FTE positions in FY 05. Statutory Authority: NRS Chapter 422.

M502 FEDERAL MANDATE

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003, federal Medicare reform legislation, requires the Welfare Division to establish and determine eligibility for two new categories of Medicare Part D, beginning January 2006. The federal government has not finalized the regulations for these new provisions, so some of the impact cannot be quantified at this time. Specifically, the number of staff that will be necessary to administer this new program in the Field Services budget account cannot be determined until the federal government provides further clarification. A preliminary estimate of 11 additional staff over the course of the biennium was used in this decision unit.

PROGRAM DESCRIPTION

The Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA) replaced the entitlement for Aid to Families with Dependent Children (AFDC) with a block grant covering cash assistance, welfare employment and training activities. This legislation gave the State of Nevada the flexibility to design its own self-sufficiency program to assist welfare recipients find and keep jobs using elements such as capped funding, time limits on program eligibility, and work requirements. The mission of the Temporary Assistance for Needy Families (TANF) is four-fold:

- 1) Provide assistance to needy families (including non-custodial parents) so children may be cared for in their homes or in the homes of relatives;
- 2) End the dependence of needy parents on governmental benefits by promoting job preparation, work, and marriage;
- 3) Reduce out-of-wedlock pregnancies; and
- 4) Encourage the formation and maintenance of two-parent families. Statutory authority for the Temporary Assistance for Needy Families (TANF) budget account is provided in the Nevada Revised Statutes, Chapter 422.

HR, CHILD SUPPORT ENFORCEMENT PROGRAM

101-3238

PROGRAM DESCRIPTION

The mission of the Child Support Enforcement Program is to help strengthen families and reduce welfare dependency by ensuring parents live up to the responsibility of supporting their children. In Nevada, this program is administered by the Welfare Division and jointly operated through each county District Attorneys' Offices through cooperative agreements. The Child Support Enforcement Program provides five basic services: 1) location of absent parents; 2) establishment of parentage; 3) establishment of child support orders; 4) collection of support payments; and 5) enforcement of private medical insurance.

PROGRAM DESCRIPTION

The Child Support Federal Reimbursement budget account is used to pass through federal payments to local District Attorneys' offices for the federal share of costs and incentive payments associated with their local Child Support Enforcement programs. The Child Support Enforcement program was enacted to help strengthen families and to reduce welfare dependency by ensuring parents live up to the responsibility of supporting their children. Nevada district attorneys provide intake, location of non-custodial parents, paternity establishment, financial and medical support order establishment and other enforcement activities. The Child Support Federal Reimbursement budget account was created in the 1999 budget process to separate the Child Support program's state administrative costs (B/A 3238) from collections/disbursements and pass-throughs of federal funds to the local District Attorneys. Measurement indicators for the Child Support Program are contained in the Child Support Enforcement Program budget account (B/A 3238) and not in this budget account since this is a pass-through budget account for autonomous local operations.

BASE

The base budget provides for the pass through of federal payments to local district attorney offices and incentive payments associated with thier local child support enforcement programs at the SFY 2004 levels.

ENHANCEMENT

E425 ENABLE, MOTIVATE AND REWARD SELF SUFFICIENCY

County partners assist the Welfare Division in moving clients toward self sufficiency through the enforcement of child support regulations. Due to expected caseload growth of 9% during the biennium, county costs will increase as they ensure service is maintained at its present level. Incentives are projected to increase due to development and implementation of a data reliability corrective action plan during the FY04/05 biennium.

HR, ASSISTANCE TO AGED AND BLIND

101-3232

PROGRAM DESCRIPTION

The mission of the Assistance to the Aged and Blind program is to provide supplemental income to low income aged and blind individuals and provide adult group care facilities with supplements to assist recipients in avoiding or delaying institutionalization. The federal government began the Supplemental Security Income (SSI) program on January 1, 1974. The program is administered by the Social Security Administration (SSA). States were given the option to make payments in addition to the amount paid by the federal government. Nevada has paid state supplements to the aged and blind since the beginning of the program. The prevention of institutionalization results in Medicaid program cost savings. The Welfare Division contracts with the Social Security Administration for the determination of eligibility and issuance of the state supplement.

HR, CHILD ASSISTANCE AND DEVELOPMENT

101-3267

PROGRAM DESCRIPTION

The mission of the Child Care Assistance and Development Program is to assist Nevada's low-income families with their childcare needs. These services assist people to become and remain self-sufficient, thereby reducing long-term dependency and the associated expenditures to public assistance programs. The Child Care and Development Block Grant (CCDBG) funds the following childcare programs:

1. NEON Program, childcare services are provided to current TANF clients who are participating in various NEON components such as orientation, education and vocational training, employment seeking and work participation. The estimated number of children served is reflected in measurement indicator #1. 2. Assistance with Childcare for the Employed (ACE) pays a portion of childcare expenses for individuals who become ineligible for TANF as a result of earned income. ACE families participate in the childcare costs through a co-payment mechanism calculated based upon a sliding fee scale. This assistance may be provided for up to 12 months. Currently, this assistance is provided for 6 months, after which the families may transition to the at-risk or discretionary categories of assistance, dependent upon income. 3. The At-Risk category funds child care payments for non-TANF clients who are income eligible for TANF. At-risk families participate in the childcare costs through a co-payment mechanism calculated based upon a sliding fee scale. 4. The Discretionary category funds childcare and related payments for non-TANF eligible clients. Discretionary category families participate in the childcare costs through a co-payment mechanism calculated based upon a sliding fee scale.

PROGRAM DESCRIPTION

The mission of the Energy Assistance Program (EAP), formerly known as Low Income Home Energy Assistance (LIHEA), is to assist eligible Nevada citizens in meeting their heating and cooling needs. The EAP provides payments for eligible households, which can be applied to either the heating provider, the cooling provider, or split between the two.

Funding for EAP payments is provided by the Low Income Home Energy Assistance (LIHEA) block grant, CFDA 93.568. Funding for energy assistance for low-income Nevadans is also provided through the fund for energy assistance and conservation (B/A 6031), which was created as a result of legislation approved during the 2001 legislative session to collect a universal energy charge (UEC) from certain electric/gas utilities. No state general fund appropriation is requested in this budget account. Statutory Authority: NRS Chapter 422 and 702

ENHANCEMENT

E251 WORKING ENVIRONMENT AND WAGE

This decision unit recommends annual out-of-state conference for Washington D.C., to be attended by the Energy Assistance Program Manager and one Program Officer. Also recommends two additional in-state visits to Las Vegas by the program officer, for the purpose of monitoring operations in the south; semi-annual visits to Las Vegas by the Program Manager for project oversight and evaluation; and one 3 day trip to Carson City by the Las Vegas supervisor for the annual Policy & Program meeting. Staff was unable to execute planned travel during FY 04 due to staffing constraints, as well as developing and executing an intense Outreach campaign. Travel will resume in FY 05.

E425 ENABLE, MOTIVATE AND REWARD SELF SUFFICIENCY

This decision unit accompanies the BDR that requests an increase in the 3% cap on administrative expenses. Based on projected caseload, an additional 4% is required to meet administrative expenses associated with the delivery of benefits to clients. In FY 04, \$250,000 of administrative expenses were charged to Housing Bond funds because the LIHEA and UEC admin caps were reached. These expenses must be redistributed when the Housing Bond funding expires in FY 05.

PROGRAM DESCRIPTION

State law mandates that the Nevada Board of Agriculture adopt standards relating to fuel used in internal combustion engines as similar to the laws and rules of the State of California as practicable. In order to enforce these standards, the Division of Measurement Standards conducts fuel sampling throughout the state. Weights and Measures inspectors then investigate any possible violations for submittal to the Board of Agriculture. Statutory Authority: NRS 590.010 - NRS 590.150

PROGRAM DESCRIPTION

The Grade and Certification Account supports the registration, inspection and certification activities for a variety of grower and USDA programs. Seed fields, primarily garlic and alfalfa, are inspected and certified to meet specific standards. Potatoes and onions are inspected and assigned a USDA grade at the shipping point. Passengers, cargo and other material arriving on foreign flights are inspected under a contract with the USDA. Hay is inspected for shipment to foreign countries, and the weed free forage program is also in this account. Shell eggs are inspected and graded, according to USDA standards. The Nevada Certified Organic program is also located in this account. Garlic and onions are certified according to industry standard prior to dehydration. Statutory Authority: NRS 587.015 - 123 and NRS 583

BASE

The base budget recommends continued funding for seasonal intermittent positions in FY 06 and 07, and 1.0 FTE Agriculturist in FY 06. Funding supporting the Agriculturist ends on 6/30/05, and the position is not continued for FY 07. 1.0 FTE Agricultural Inspectors with related operating expenditures to continue inspection, registration and certification activities for various grower and USDA programs. All revenue is budgeted in base.

AGRI, AGRICULTURE REGISTRATION/ENFORCEMENT

101-4545

PROGRAM DESCRIPTION

The Agricultural Registration and Enforcement Account supports the registration, inspection and sampling laboratory analysis of existing antifreezes, fertilizers and pesticide products offered for sale. Under an Environmental Protection Agency (EPA) cooperative enforcement agreement, the program also provides product inspection at the retail level and monitors the application of pesticides. Also enforced are the groundwater protection, worker protection and endangered species protection programs under the EPA Enforcement Grant. Another grant is received from the EPA for the certification and training of restricted use pesticide applicators. Under a U.S. Department of Agriculture grant, record keeping requirements on restricted use pesticides are monitored and training is provided for applicators.

The Department also participated in the Environmental Public Health Tracking System program, which was funded by the Nevada Division of Health. Statutory Authority: NRS 586, 588, and 590.

AGRI, LIVESTOCK INSPECTION

101-4546

PROGRAM DESCRIPTION

The Division of Livestock Identification is responsible for protecting livestock owners from the theft or loss of their animals and from unfair business practices. The Division staff records and accounts for all brands in the State by registering and inspecting brands, returning stray animals, enforcing all livestock laws, investigating livestock theft and enforcing livestock dealer licensing requirements. Additionally, the Division provides education to the industry regarding rural crime prevention.

Authority: NRS 202, 225, 561, 564, 565, and 575

PROGRAM DESCRIPTION

The Veterinary Medical Services account is responsible for regulatory control and disease surveillance programs. The Division establishes protective health requirements for domestic and wild animals moving into and within the state, monitors health compliance, tests animals for diseases of economic and public significance and conducts animal health surveys to provide information regarding domestic and wild animal production. Operational costs for the Virginia Range Management program are also located in this account. Statutory Authority: NRS 561, 571 and 576

Large Animal Necropsy Operations - UNR Main Experiment Station has remodeled a facility to allow large animal necropsies and animal disposal. UNR is willing to allow the Department to utilize these facilities for a modest cost to reflect the cost of utilities and incineration charges. This will allow safe necropsies of animals affected with disease causing agents like anthrax and rabies.

AGRI, NEVADA JUNIOR LIVESTOCK SHOW BOARD
101-4980

PROGRAM DESCRIPTION

The Nevada Junior Livestock Show Board (NJLSB) is composed of seven members appointed by the Governor. The Nevada Junior Livestock Show Board provides an opportunity for 4-H and Future Farmers of America (FFA) members to exhibit their livestock projects before the public; thus promoting and providing incentive for achieving excellence in livestock production, skills and practices. Participation in these opportunities also encourages sportsmanship, leadership, citizenship and responsibility. NRS 563.010 through 563.140.

DoIT DIRECTOR'S OFFICE

721-1373

PROGRAM DESCRIPTION

The Department of Information Technology (DoIT) is charged with providing information technology leadership, centralized oversight, and delivery of effective and efficient information services to enhance the service provided by state agencies, while ensuring the agencies employ the most productive and cost effective use of information technology. The Chief Information Officer (CIO) is responsible for the guidelines, policies, coordination, and oversight of the technology used to process and move electronic information for State government. The CIO reports to the Governor and chairs the Nevada Information Technology Operations Committee (NITOC). The Director's Office provides the executive leadership and fiscal resources for the operating units within DoIT. Functions performed through the Director's Office include billing by the Fiscal Unit for all services performed by the operating units; budgetary oversight for each of the units; and planning and preparation of biennial budget requests. Additionally, the Contract Administration Unit is responsible for developing and issuing Requests for Proposals that include information technology components, contract review and monitoring, and coordination and monitoring of state agency requests for information technology consultants through DoIT Master Service Agreements. The IT Security Unit addresses all IT security issues, planning, state IT security program development and administration, and assists all state agencies in implementing IT security for their operating environment. Statutory Authority: NRS 242.

PROGRAM DESCRIPTION

The Planning, Policy, Research, and Oversight Division contains three functional units: Planning, Policy & Research, and Project Oversight. The Planning Unit assists agencies in planning for information technology (IT), assists them in evaluating and acquiring cost estimates for IT alternatives, and provides guidance and technical assistance in completing appropriate IT budget request forms. The Project Oversight Unit provides project management and quality assurance management oversight for State IT projects. The Policy & Research unit provides enterprise-wide planning, policy, and research by strategic planning that identifies and documents the IT vision, supporting strategies, and guiding principles to meet the State's current business needs and support long-term strategies and capacity planning and management that ensures the State anticipates future IT resource requirements and plans for sufficient computer and communication capacity in a cost-effective manner to meet the service need of all users.

E250 WORKING ENVIRONMENT AND WAGE

This decision unit recommends funding for the operating, equipment, and training related expenditures of a position previously located at the Health Division (#315). The Department of Information Technology (DoIT) funded the salary and fringe of this position; however, the Health Division was responsible for all other costs. This decision unit requests funding to house the position within DoIT.

PROGRAM DESCRIPTION

The Department of Information Technology's Application, Design and Development unit and Database Administration unit provides training, guidance, methodology, and monitoring on various state reporting, documentation and tracking applications for required Information Technology (IT) projects. These units provide numerous project and support services using several types of system platforms and technologies and are responsible for all aspects of application development, production support, and maintenance. Tasks include application development services from concept analysis through functional requirements, programming, implementation and testing, database development, technical documentation, and production support. Production tasks include ongoing technical support, maintenance programming, web page development, database administration, change management, version control, technical library control, and system monitoring. Statutory authority: NRS 242.

DoIT DATA COMMUNICATIONS & TECHNICAL SERVICES

721-1386

PROGRAM DESCRIPTION

Data Communications and Technical Services consists of the Network Engineering (Wide Area Network or WAN) Unit and the Technical Services (PC Technician) Unit of the Communications Division. It is one of three budget accounts used by the Communications Division to provide data communications, local area network, and personal computer related services. The Network Engineering Unit is responsible for developing, operating, and maintaining statewide data communications infrastructure. Most of this effort is focused on the WAN termed SilverNet. Also included is maintaining "connectivity with the outside world" such as Internet access for the state and dedicated purpose circuits (federal program connections). Staff tasks include installing and troubleshooting data circuits; installing, operating, and maintaining routers and data switches that tie the circuits and channels together; and engineering, analyzing, and troubleshooting the WAN. The Technical Services Unit provides personal computer (PC) and local area network (LAN) support to requesting agencies. Staff tasks include PC setup; software installation and application troubleshooting; LAN server installation and setup; and PC/LAN troubleshooting. Staff in this budget account support over 8,500 network nodes representing personal computers, non-intelligent workstations, servers, and network devices (routers and switches) in more than 100 locations throughout the State. Customers include all Executive Branch agencies, Constitutional Offices, the Judicial Branch, and (to a limited extent) the Legislative Branch.

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007
1.	Percent of time the Silvernet's delay (network latency) is less than 70 milliseconds	100%	100%	100%	100%	100%
2.	Percent of time Silvernet is up and operational	99.00%	98.2%	99%	99%	99%

DoIT COMMUNICATIONS

721-1388

PROGRAM DESCRIPTION

The Communication Systems Unit is responsible for tasks related to delivery of basic communication transport circuits and provision of communication facilities, including operation of the state microwave system and remote communication sites. Staff tasks include design and development of backbone communication infrastructure; installation, operation and maintenance of microwave and fiber optic communication equipment; troubleshooting complex transport system problems; and maintenance and development of remote communication sites and facilities. Services provided (corresponding directly to cost pools) include: site space rent, channel rent, DS1 circuit and site power recovery. Staff directly support public safety agencies including 27 state agencies and various local and federal government agencies such as BLM, USFS, FBI, LV Metro, and county sheriffs. Also supported are other DoIT communication units which use large transport circuits for data communications and telephone, thereby indirectly supporting most state agencies. Staff are directly responsible for approximately 2,600 miles of data communication transport equipment, with approximately 92,000 circuit miles operating over the systems. Staff is also responsible for 49 communications sites: 13 urban terminals and 36 mountaintop sites.

PROGRAM DESCRIPTION

The Insurance Division is charged with protecting the rights of the consumer and the public's interest in dealings with the insurance industry and is responsible under Title 57 of the NRS for regulation of the insurance industry. The Division regulates and licenses insurance producers and other professionals, sets ethical and financial standards for insurance companies and reviews rates. The Division also reviews programs operated by self-insured employers for worker's compensation. Statutory Authority: NRS 232.230, 449, 452, 616, 617 and Title 57

BASE

The Base Budget in this account supports the general operations of the Division. Sixty-three positions are authorized in Base. Revenues have been enhanced over the 2004 Legislatively Approved figures to depict actual end-of-year collections. Category 01 Personnel, depicts the calculated costs for retaining all sixty-three authorized positions. Base expenditure levels, with the exception of one-time expenses, are the minimum necessary to enable the Division to perform its statutory functions. Any reduction in the authorized amounts will create a tension between the Division's capacity and its statutory responsibilities.

E710 REPLACEMENT EQUIPMENT

By the end of the biennium, all of the division's workstations will be older than DoIT's recommended replacement schedule. Additionally most of the division's hardware is too limited to support an upgrade to the operating system. The division abided by the Governor's request not to replace equipment during the last budget cycle but can not defer replacement and upgrade again. The division proposes to replace 47 antiquated PCs and to upgrade the operating system and software.

Reclassification (due to a gradual accumulation of duties): Program Officer 3 (PCN 9100), Grade 35, Step 9 to Insurance Examiner 2, Grade 39, Step 7; the Chief of the Producer Licensing Section should be on a par with other managers supervised by the Chief of Corporate and Finance (C&F). This decision unit is also being used to reclassify two of the three technical assistants in the Corporate & Financial Section to achieve compensation and classification equity. Administrative Assistants 4, Grade 29: although all three technicians in C&F perform comparable work, two of the three are classified at a lower grade.

B&I, INSURANCE EXAMINERS

223-3817

PROGRAM DESCRIPTION

The Insurance Examination Fund was established to provide for examination of the affairs, transaction accounts, records, and assets of each authorized insurer. Each authorized insurer is examined not less than every five years and each insurer applying for an initial Certificate of Authority is examined. Examinations are financial or market conduct and the examined company pays the cost of the examination and an administrative fee designed to defray expenses incurred by the division. Statutory Authority: NRS 679B.230 679B.300

ENHANCEMENT

E275 MAXIMIZE INTERNET AND TECHNOLOGY

Most insurance examinations are now conducted on a proprietary software, TeamMate. The software enables the examiner in the field to analyze company data and create workpapers electronically. If each of the analysis staff in the Corporate and Financial section were licensed for TeamMate, the review and approval of examination reports would be enhanced. The purpose of this decision unit is to purchase 7 TeamMate licenses. (Note: most zone examinations are now done utilizing TeamMate protocols and access to TeamMate by division examiners and staff is critical to maintaining the division's presence on zone examinations).

B&I, CAPTIVE INSURERS

101-3818

PROGRAM DESCRIPTION

The Captive Insurers budget was established by the 1999 Legislative session. NRS 694C.460 accounts for the regulation and supervision of captive insurers. All fees and assessments received by the Division pursuant to this chapter must be credited to the account. A non-refundable application fee of \$500 and costs for a qualifying examination of an applicant are established in NRS 694C.220. A \$300 license issuance fee and a \$300 annual renewal fee are authorized by NRS 694C.230. In addition, 10% of the premium tax imposed under NRS 694C.540 must be deposited for the regulation and supervision of captive insurers. At the end of each fiscal year, that portion of the balance in the account which exceeds \$100,000 must be transferred to the state general fund. Work Program 13595, approved by the Interim Finance Committee on September 15, 2004 authorized a new position - Chief Insurance Examiner - and associated expenses in this account. Statutory Authority: NRS 694C

PROGRAM DESCRIPTION

The Manufactured Housing Division's principal responsibility is to ensure that manufactured homes, mobile homes, travel trailers, commercial coaches, and manufactured buildings are constructed and/or installed in a manner which provides reasonable safety and protection to owners and users (NRS 489). The division also provides resolution of landlord/tenant complaints (NRS 118B), and consumer product complaints (NRS 489). The division tests and issues licenses to manufactured home dealers, salespersons, installers, servicemen, rebuilders, and manufactureres and provides continuing education/training for licensees and inspectors, (NRS 489). The division maintains "title" records, issues certificates of ownership, conversions to real property and liens (NRS 489). The Lot Rent Subsidy Program, established in 1993, provides financial assistance to low-income individuals.

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007

PROGRAM DESCRIPTION

The Manufactured Housing Education and Recovery program administers, monitors, and maintains educational and training programs for the manufactured housing industry. The recovery fund is used to compensate consumers who incur losses based on the actions of individuals and/or businesses licensed by the Division. These payments are made through the recovery of court ordered payments to consumers in legal actions against licensees for fraud, misrepresentation, or deceit. Statutory Authority: NRS 489.4979 and 489.4971

B&I, REAL ESTATE ADMINISTRATION

101-3823

PROGRAM DESCRIPTION

The Nevada Real Estate Division safeguards and promotes the public interest in real estate transactions by developing an informed public and a professional real estate industry. The Division carries out the statutory duties of administration and enforcement of laws and regulations governing real estate licensees, appraisers of real estate, qualified intermediaries, timeshare agents, property managers, community association managers, and inspectors of structures. In addition, the Division regulates the subdivision of land, timeshare development and sales, campground sales, and common-interest community associations. Statutory Authority: NRS 119.114; 119A.652; 119B.380; 16.31139; 645.045; 645C.170; 645D.110, and 113.

ENHANCEMENT

E250 WORKING ENVIRONMENT AND WAGE

This decision unit requests \$5,000 for a counter remodel for the Las Vegas Licensing customer service counter area. This counter area acts as an emergency exit for staff working in the Southwest corner of the Bradley Building. The emergency exit is a large heavy section of countertop which must be lifted and held up while passing through. This is not an ADA compliant egress. The new design should include an acceptable emergency exit, as well as counters which will restrict public access to computer wiring.

B&I, REAL ESTATE RECOVERY ACCOUNT

216-3827

PROGRAM DESCRIPTION

Real estate salesman and broker's license fees initially are deposited into this budget account to pay recovery claims against licensees as may be ordered by a court of law. At the end of the fiscal year, the balance of the funds in excess of \$50,000 is transferred to the Real Estate Education and Research budget account (B/A 216-3826). Statutory Authority: NRS 645.841 through 645.8491.

BASE

The Base Budget supports the operations of the account.

B&I COMMON INTEREST COMMUNITIES

101-3820

PROGRAM DESCRIPTION

This office assists and educates boards and owners who live within common-interest communities in understanding and properly applying the laws that regulate them and investigate and assist in resolving disputes. The five-member Commission for Common-Interest Communities was created in 2003 to conduct disciplinary hearings, adopt regulations, and act in an advisory capacity. Statutory Authority: NRS 38.300 through 38.360, 116.1116 and 116.600 through 795.

BASE

This fee-based budget supports the Office of the Ombudsman for Common-Interest Communities and the Commission for Common-Interest Communities. This program is funded by fees collected annually from each registered homeowner association and from filing fees for Alternative Dispute Resolution (ADR), along with the interest collected on these funds. The Office of the Ombudsman is required to assist and educate boards and owners who live within common-interest communities in understanding and properly applying the laws that regulate them, to publish materials related to those rights and responsibilities, to investigate disputes, and to assist in resolving disputes involving provisions of the law and the governing documents of the association.

ENHANCEMENT

E325 SERVICES AT LEVEL CLOSEST TO PEOPLE

This Decision Unit requests 5 additional FID Examiner II positions, assuring the Division the ability to conduct more annual examinations with the end result of generating more revenue for the Division. This Division is required by statute and Departmental policy to conduct an annual examination on all licensees. As the number of licensees increases so does the need for more examiners. In FY04 approximately 200 new applications were received with 114 new licenses issued.

PROGRAM DESCRIPTION

Budget Account #3805 is the Division's Investigative Account, which funds the costs associated with one Gaming Control Board Investigator, and one and one half Deputy Attorney General. This account covers other costs associated with the investigation of new applicants regulatory action against licensees and unlicensed activities, related contracts for outside investigative matters, and computer equipment. The account acts as a contingency for costs associated with events otherwise unfundable.

BASE

The base provides for the continuation of one investigative position through an Interagency Agreement with the Gaming Control Board and contract services for out of the state court record searches and credit checks, and court reporter services for administrative hearings. The base has been adjusted for one-time expenditures of computer hardware and software. A reduction for in-state travel expenses associated with the completion of examinations of licensees has also been reflected.

DIVISION OF MORTGAGE LENDING

101-3910

PROGRAM DESCRIPTION

The Division of Mortgage Lending is authorized to enforce the rules and regulations related to the mortgage lending industry. The function and purpose of the Division includes: licensing mortgage brokers, mortgage bankers, escrow companies and individuals as mortgage agents and escrow agents; issuing certificates of exemptions to companies qualifying for an exemption from licensing; conducting examinations of licensees; handling consumer complaints; investigates unlicensed activity; initiating action as a result of examinations, investigations and complaints; coordinating with industry groups for purposes of statute and rule making issues; enhancing the professionalism and ethics of the mortgage lending industry; and ultimately providing consumers with a meaningful resolution process.

BASE

The base budget recommends funding for 19.00 FTE, classified and unclassified positions and associated personnel costs. The base budget has been adjusted to eliminate one-time costs, provide for changes in employee longevity pay, and a provision for ongoing operating costs. An increase in funding is recommended for non-state owned building rent lease agreements, to allow for relocation of the Carson City office to a larger office space. Note: the six new positions requested originally in decision unit E503 have been added to base, since the September 15, 2004 Interim Finance Committee approved these positions be added in FY05.

ENHANCEMENT

E275 MAXIMIZE INTERNET AND TECHNOLOGY

This module requests funding for a Technology Investment Request approved in conjunction with the Real Estate Division TIR. A new database system is being designed for the Real Estate Division. An additional user may purchase rights to the same software package for a reduced fee, instead of paying a much higher cost to establish a separate database. The Division of Mortgage Lending has been approved as the additional user.

NOTE: E275 decision unit replaces E506.

B&I, WEATHERIZATION

101-4865

PROGRAM DESCRIPTION

The Weatherization Program works in combination with the Federal Dept. of Energy's Weatherization Program and the State's Uniform Energy Charge (tax) to create expanded opportunities to assist low income families improving energy efficiency for their homes and thereby minimizing utility costs. Most funds are expended through subcontractors who are carefully monitored in their efforts to test for weather related air and water leakages in homes of low income families throughout the State. Once a home is determined to need specific assistance, retrofitting of certain types of insulation, windows, doors, heaters and water heaters are procured and installed. The staff conduct quality control audits, training programs and assist in outreach efforts.

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007

B&I, INSURANCE RECOVERY

101-3821

PROGRAM DESCRIPTION

The Insurance Recovery Fund was created to provide a means of partially satisfying claims against persons licensed under NRS683A, 684A, 685A and 692A, replacing the bonding requirements for brokers, surplus lines brokers and adjusters. Statutory Authority: NRS679B.305, 683A, 684A, 685A and 692A.

BASE

The base budget provides for the inclusion of recovery fees. Any amount in excess of the \$40,000 maximum fund balance is transferred to the Insurance Education and Research budget. Enactment of the Division's omnibus Bill Draft in 2001 had the unintended consequence of increasing collections of Insurance Recovery Fees. In FY04, this increase was over \$150,000 and the Division expects the increases to continue.

B&I, INSURANCE EDUCATION & RESEARCH

101-3824

PROGRAM DESCRIPTION

The Insurance Education and Research account was established to fund insurance education and research, to include staff training and professional development, for the Insurance Division. Insurance training includes education in the concept of insurance actuarial studies. The budget also funds projects to educate the general public, insurance companies, licensees and legislators through various publications such as newsletters, bulletins and guides. Statutory Authority: NRS 679B.305

B&I, NAT. ASSOC. OF INSURANCE COMMISSIONERS

101-3828

PROGRAM DESCRIPTION

The National Association of Insurance Commissioners account was created to provide funding to assist the Insurance Division with the costs necessary to communicate on insurance issues with insurance officials from other states, provinces, or countries. As a member of the National Association of Insurance Commissioners (NAIC), state representatives are assigned to various committees and task forces for the purposes of resolving insurance problems affecting many states and developing uniform laws and model regulations. The fund helps pay for the reasonable and necessary travel and related expenses incurred by state staff to attend association meetings as well as staff training associated with national accreditation standards. Statutory Authority: NRS 679B.200, 680B.070

BASE

The base decision unit reflects FY 04 actual revenues and expenditures for the account.

B&I, INSURANCE COST STABILIZATION

101-3833

PROGRAM DESCRIPTION

The purpose of Insurance Cost Stabilization is to develop methods of stabilizing prices for property and casualty insurance, to encourage competition, and to ensure that adequate insurance is provided at reasonable rates. Set financial standards for insurance companies, ensure the financial solvency of insurers, and review rates. The Division must make this information available to the public and must present a report of findings to the Legislature. Statutory Authority: NRS 679B.450

PROGRAM DESCRIPTION

The purpose of the Self-Insured Workers Compensation Program is to establish requirements for self-insured employers and to certify operation of self-insured programs. NRS 616B.300 provides that qualified employers and groups of employers may self-insure their worker's compensation programs for industrial insurance and occupational diseases in lieu of participation in the private insurance market. Statutory Authority: NRS 616B.300

ENHANCEMENT

E275 MAXIMIZE INTERNET AND TECHNOLOGY

In conjunction with the Division's plan to replace all out dated PCs, DoIT has advised the Division to use this opportunity to upgrade its operating system and accompanying software. This request will accomplish the recommended upgrades for the 5 new PCs in the Workers' Compensation section.

E710 REPLACEMENT EQUIPMENT

By the end of the biennium, all of the Division's workstations will be older than DoIT's recommended replacement schedule. Additionally the memory capacity of most of the Division's hardware is too limited to support an upgrade to the operating system. Replaces 5 PCs assigned to Workers' Compensation.

PROGRAM DESCRIPTION

This budget consists of the Administrator's Office, the Workers' Compensation Section (WCS), the Administrative Services Unit and the Legal Section. The WCS regulates Nevada's workers' compensation programs to ensure that injured workers receive timely and accurate delivery of wage loss compensation, physical impairment compensation, medical compensation, and rehabilitation benefits through a comprehensive program of training, auditing, investigation, and enforcement. The Workers' Compensation Section is also responsible for the regulation of self-insured employers, associations of public and private self-insured employers, private workers' compensation carriers, third party administrators, managed care organizations, and health care providers. The WCS Compliance Unit enforces the statutory requirement that all employers with one or more employee maintain a policy of workers' compensation. In a non-regulatory capacity WCS oversees the administration of uninsured claims. The Administrative Services Unit provides support services and technical assistance to the Division and its Sections in the areas of accounting, budgeting, accounts payable, purchasing, inventory, payroll, personnel, and information systems.

BASE

Base recommends continued funding for 80 FTE, classified and unclassified positions and associated personnel costs. The base budget has been adjusted to eliminate one-time costs, provide for the incremental increase for employee longevity pay, an increase in the non-state owned building rent lease agreement and a provision for ongoing operating costs.

PROGRAM DESCRIPTION

The Occupational Safety and Health Enforcement Section (OSHES) enforces occupational safety and health standards promulgated under the Nevada Occupational Safety and Health Act. OSHES ensures the safe and healthful working environments for Nevada employees by conducting workplace inspections and investigations. OSHES staff investigate employee safety and health complaints, employee discrimination complaints, and industrial accidents. Boiler, elevators, pressure vessels, and all other related equipment are inspected by the mechanical staff.

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007
1.	Number of worksite safety and health inspections conducted	2,900	3,070	29,00	2,900	2,900
2.	Number of complaints and referrals handled	1,250	1,459	1,250	1,250	1,250

5.	Number of boilers, elevators and like equipment inspected	19,000	20,105	14,000	19,000	19,000
6.	Approximate number of safety and health hazards eliminated that could have caused injury and/or illness	10,000	9,282	10,000	10,000	10,000

BASE

The base budget recommends continued funding for 80 FTE, classified and unclassified positions and associated personnel costs. The base budget has been adjusted to eliminate one-time costs, provide for the incremental increase for employee longevity pay, an increase in the non-state owned building rent lease agreement and a provision for ongoing operating costs. Funding is also requested for ongoing training for the Occupational Safety and Health Inspectors and staff. Funding for out of state travel for the Chief of Occupational Safety and Health (OSHA) to attend Federal Steering Committee meetings and Federal OSHA conferences. Continued in-state travel funds for inspection activities and accident investigations.

ENHANCEMENT

E275 MAXIMIZE INTERNET AND TECHNOLOGY

The new fee system for the mechanical program will be a direct offset to the Workers Compensation and Safety Fund which reduces the amount the insured are assessed. Without this database the Division Mechanical staff will be doing duplicative effort. The fee records would also not be tied to the actual owners and objects, which could lead to tracking errors.

PROGRAM DESCRIPTION

The Safety Consultation and Training Section (SCATS) assists Nevada's employers to develop and implement effective safety and health programs and reduce workplace hazards by identifying unsafe or unhealthful working conditions through on-site safety and health consultations. Additionally, SCATS offers formal classroom safety and health regulatory awareness training sessions for employers and employees, and provides informational services and technical advice. The primary goal of SCATS is to strive to ensure Nevada workers are provided with safe and healthful working conditions. Statutory Authority: NRS 618

BASE

The base budget recommends continued funding for 27 FTE, classified and unclassified positions and associated personnel costs. The base budget has been adjusted to eliminate one-time costs, provide for the incremental increase for employee longevity pay, an increase in the non-state owned building rent lease agreement, and a provision for ongoing operating costs. Funding is also requested for ongoing training for the Safety Consultation and Training (SCATS) trainer and staff. Funding for out-of-state travel for the Chief of Safety Consultation and Training to attend Federal OSHA conferences. Continued in-state travel funds are needed for voluntary inspection and training activities.

ENHANCEMENT

E325 SERVICES AT LEVEL CLOSEST TO PEOPLE

Requesting increased funding of \$75,000 in each year of the budget cycle so that total multi-media funding would be \$100,000 each budget year. Even with this increase, total funding would still only amount to 47% of the funding that was approved in the FY00-01 budget. Most of the media promotion materials will need to be updated and reproduced this budget cycle. The small amount of money currently available has not allowed SCATS to properly promote training programs in either English or Spanish, exemption programs such as SHARP, or on-site consultation services. Thin funding has played a large part in not being able to properly promote training classes resulting in 19 class cancellations during the first 9 months of FY04.

This decision unit includes remotes for laptops (7) to be used by trainers to provide training presentations. A DVD cabinet (1) will provide better public service to store training videos. An overhead cart (1) is to be used for training when the training room is split. Older staff, while instructing long training classes, will use the sit/stand chairs (2). electric staplers (2) will be used for larger items and reduce injury potential. A Flip Chart (1) is to be used for off-site training activities. Luggage carts (5) will reduce lifting hazards for training sessions off-site. Tables (4) are needed for splitting the training and conference rooms for training use. The duress alarm desk (1) is to be used in the reception area for security purposes.

PROGRAM DESCRIPTION

The Mine Safety and Training Section (MSATS) provides mine inspection, technical assistance, consultation, and safety training to protect Nevada's miners pursuant to the Nevada Revised Statutes, Chapter 512. The section's mission is to reduce the frequency of accidents, reduce the severity of accidents which occur, and assist Nevada's mining industry in compliance with State and Federal standards. Statutory Authority: NRS 512

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007
1.	Number of mine safety and health inspections	510	617	510	540	540

6.	Number of serious accident investigations completed	36	23	36	36	36

BASE

The base budget recommends continued funding for 14 FTE, classified and unclassified positions and associated personnel costs. The base budget has been adjusted to eliminate one-time costs, provide for the incremental increase for employee longevity pay, an increase in the non-state owned building rent lease agreement, and a provision for ongoing operating costs. Funding is also requested for ongoing training for the Mine Safety and Training (MSTS) inspectors, trainers and staff. Funding for out-of-state travel for the Chief of Mine Safety and Training to attend Federal MSTS conferences. Continued in-state travel funds are needed for inspection and training activities.

B&I, NV ATTORNEY FOR INJURED WORKERS

101-1013

PROGRAM DESCRIPTION

The Nevada Attorney for Injured Workers (NAIW) represents injured workers in the Nevada workers' compensation litigation procedure to ensure their equal opportunity to fair hearings of their cases, and NAIW further provides free access to accurate information to all inquirers regarding that system. Statutory Authority: NRS 616A.435-616A.465.

BASE

The base budget represents funding for 31.02 classified and unclassified positions and associated personnel costs. Adjustments to base are made to: eliminate one-time costs; provide for the incremental increase for employee longevity pay; maintain funding for out-of-state travel and freight charges to move closed case files; increase contract, consulting services and legal court expenses, non-state owned building rent, publications, and phone listings to accommodate increased vendor costs.

E275 MAXIMIZE INTERNET AND TECHNOLOGY

The Legislature approved funding for FY04 to replace NAIWs Case Management System. Approval was based on and supported by a 1998 LCB audit report, and subsequently DoIT completed 2002 Functional Requirements Definition and Request for Information. The bids received to the RFP posted December, 2003, were substantially greater than the funds allocated. NAIW is seeking funds for bid of a redesigned and more effective management database tool than its partially modified 1992 data base to more efficiently manage soft copy files, litigation tasks and schedule events. Based on the recently experienced funding issues, which could not be resolved in part due to time limitations, NAIW, with the support of DoIT and the Department of Administration, is making a special request for enabling authorization to extend funding over the biennium.

B&I, DAIRY COMMISSION

233-4470

PROGRAM DESCRIPTION

The Nevada State Dairy Commission operates under the authority of N.R.S. 584 inclusive. The mission of the Nevada State Dairy Commission is to ensure that the people of the State of Nevada reap the benefits of a viable dairy industry by ensuring an adequate and healthful supply of dairy products are available to the consumer at a reasonable price, milk and dairy products produced and/or processed in Nevada are free from harmful contaminants, and unfair trade practices which might threaten the existence of a strong domestic dairy industry are controlled or eliminated.

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007
1.	Growth in Nevada fluid milk sales	3.0 %	3.0 %		3.0 %	3.0 %
2.	Investigations completed	4500	3616		4500	4500
3.	Percent of audits showing substantial compliance with state law	100 %	100 %		100 %	100 %
4.	Percent of licensees audited within the past two years	100 %	100 %		100 %	100 %
5.	Percent of inspections completed within federal timeframes	100 %	100 %		100 %	100 %
6.	Federal check rating of Dairy Commission at 90 or above.	YES	YES		YES	YES

BASE

The base budget recommends funding for 17 FTE classified and unclassified positions, and associated personnel costs. Revenue projections include continued growth to support agency operations through the Dairy Commission Fund. Travel costs will continue to be based upon the location of the annual International Association of Milk Control Agencies conference. Adjustments are made to the base budget to eliminate one-time costs; to provide for the incremental increase for employee longevity pay; to provide for increases in non-state owned building rent lease agreements.

ENHANCEMENT

E600 BUDGET REDUCTIONS

Reorganization of the staff responsibilities by the Executive Director has allowed for the elimination of three positions. Moving position #0017 to Reno from Las Vegas allows one Compliance/Audit Investigator in each areas of the state. Position #0012 responsibilities are being are being handled by the Operations Manager position #0002 now located in Las Vegas rather than Reno. Positions #0013, #0011, and #0015 will be changed to the Compliance/Audit Investigator classification. These reclassifications will allow multiple duties and increased efficiency. The upgrades to our IT system have allowed us to gain in manpower efficiency. The upgrades to our technology system have allowed us to gain in manpower efficiency in both of our offices.

B&I, ATHLETIC COMMISSION

101-3952

PROGRAM DESCRIPTION

The Athletic Commission regulates all contests or exhibitions of unarmed combat including boxing, wrestling, and full-contact martial arts. The commission has total jurisdiction over contests of unarmed combat. It supervises and regulates boxers, kickboxers, mixed martial arts contestants, elimination boxers, wrestlers, ring officials, managers, promoters and matchmakers. Fees are collected from the sale of tickets to view boxing, kickboxing, mixed martial arts, elimination boxing, and wrestling and from the sale or lease of television or motion picture rights. All revenue collected is deposited into the general fund. The commission is comprised of five members appointed by the Governor for staggered three year terms. The Medical Advisory Board is appointed by the governor and makes recommendations to the commission on the physical or mental condition of contestants as well as standarization of medical tests.

BASE

The base budget provides funding for 4 positions and associated personnel costs including overtime for scheduled weekend events. Continued funding is recommended for independent contract services for fight inspectors and to continue funding for the Executive Director to attend the Association of Boxing Commission meetings and conferences. Additionally, the base budget recommends continuation of grant monies to support amateur boxing clubs throughout Nevada and funding for the Medical Advisory Board members to attend meetings, boxing events and conventions.

B&I, LABOR COMMISSIONER

101-3900

PROGRAM DESCRIPTION

The Office of the Labor Commissioner enforces all Nevada labor laws, the enforcement of which is not specifically and exclusively vested in any other officer, board or commission. Major program areas include: investigating claims for unpaid wages; public works and prevailing wages; child labor; licensure of private employment agencies; licensing of entertainment producers-promoters and apprenticeship training/State Apprenticeship Council. Statutory Authority: NRS 338, 607, 608, 609, 610, 611, 613 (except 613.040-070, 613.160 and 613.310-435), 614, 618.720, 706.776, 412.1329, and 418.045.

B&I, EMPLOYEES MANAGEMENT RELATIONS BOARD
101-1374

PROGRAM DESCRIPTION

The Local Government Employee-Management Relations Board (EMRB) was created by the Local Government Employee Management Relations Act of 1969 (NRS 288) to provide for the collective bargaining between local government employers and the organizations representing their employees and, as necessary, to hear and decide disputes arising out of the interpretation of NRS 288. The Board has jurisdiction over 70 city, county, school, hospital and special district employers engaged in collective bargaining with employee organizations representing 212 bargaining units and involving an excess of some 63,000 employees.

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007
1.	Number of employees represented by organizations, associations, or unions through collective bargaining	64,000	63,385	65,000	64,500	65,000
2.	Number of public employee bargaining units recognized by the public employers	204	212	204	214	216
3.	Number of cases filed	34	37	34	40	43
4.	Number of cases completed	16	13	30	30	30
5.	Board hearings and meetings held	27	27	27	30	32
6.	Number of decisions/orders issued	16/50	3/56	16/50	8/50	8/50

BASE

The base budget recommends funding for 2 unclassified positions, three Board members and associated personnel costs. The base budget has been adjusted to eliminate one-time costs, provide for the incremental increase for employee longevity pay, an increase in the state owned building rent, for ongoing operating costs, and continued funding for in-state travel for Board members and Commissioner to conduct hearings pursuant to NRS 288.100.

PROGRAM DESCRIPTION

The Taxicab Authority is charged with the responsibility of regulating the taxicab industry in counties whose population is 400,000 or more. The Authority is governed by a Board of five members appointed by the Governor. The Board conducts hearings and makes final decisions regarding the administration and enforcement of NRS 706.881 to NRS 706.885, inclusive. The mission of the Taxicab Authority is to protect and provide for the taxicab user through the regulation of the taxicab industry in Clark County, including the issuance and transfer of Certificates of Public Convenience and Necessity to taxicab companies; determination of the number of taxicabs authorized per certificated company; issuance, suspension and revocation of drivers permits; determination of the safety, mechanical operation, and comfort standards of taxicabs; determination of the fares to be charged and conducting criminal investigations in conjunction with other law enforcement agencies. The goals and objectives of the Authority are to ensure an adequate and more efficient supply of taxicabs to meet the demand.

PRINTING OFFICE

741-1330

PROGRAM DESCRIPTION

The Legislative Counsel Bureau's (LCB) Printing Office provides printing services to the divisions of the LCB and to other State agencies as needed, for a fee. These fees are intended to recover the Printing Office's costs, and to allow it to replace plant equipment as needed. The Printing Office produces all session publications and the reprints of the Nevada Revised Statutes and similar publications. The Printing Office was transferred to the LCB on July 1, 2003.

SUPREME COURT

101-1494

PROGRAM DESCRIPTION

The Supreme Court is the highest court of record in Nevada's court system. Pursuant to Section 4 of Article 6 of the Nevada Constitution, the Nevada Supreme Court has appellate jurisdiction in all civil cases arising in district court, and on questions of law alone in all criminal cases in which the offense charged is within the original jurisdiction of the district courts. Additionally, the Nevada Supreme Court establishes rules for its own government, and provides leadership and administrative direction to the Nevada judiciary and to the State Bar of Nevada. Offices are maintained in Carson City and Las Vegas. The Supreme Court consists of five departments: The Office of the Clerk of the Court, the Justices' Chambers, Central Legal Staff, the Law Library, and the Administrative Office of the Courts. Included in the Supreme Court budget are expenditures on behalf of the Justices' Chambers, the Clerk's Office, Central Legal Staff, and the Court Interpreters' Certification program.

BASE

The Supreme Court base budget recommends continued funding for 87 existing positions and their associated expenses including travel, operating and training costs. The base budget also provides for the Court's general operating expenses, including printing costs for opinions, rent for the Carson City and Las Vegas offices, and the cost of the settlement and court interpreters' certification programs.

Court Document Specialist Position - M-200 provides for a court document/publications specialist position within the Court. This position will enable the Court to process documents in-house and send electronic files to the Printing Office. These files will go immediately to press, similar to the process followed by the Legislative Counsel Bureau. The costs associated with this position will be offset by a decrease in printing expense in ledger 7045.

E252 WORKING ENVIRONMENT AND WAGE

This decision unit requests a salary increase for the Justices' law clerks commensurate to the level found in other courts statewide. Currently, law clerks serve a term of one year. The Court would like to extend the normal term to a two year period, to provide consistency of legal assistance in Chambers. A salary increase is necessary to attract candidates of sufficient quality to warrant retention for a two year period.

E253 WORKING ENVIRONMENT AND WAGE

This decision unit will provide for an expansion and enhancement of the Court's modest in-house staff attorney training program. Currently, we host an annual writing seminar for the new law clerks and other staff. The budget for that one day seminar is \$5,000. This seminar would be extended to two days and would be offered twice annually. The scope of the seminar would be expanded to train not only entry level attorneys, but could address the more complex areas of appellate work performed by our senior attorneys. Economies of scale would be utilized to hold the cost of both seminars to \$15,000 annually. With 49 lawyers on staff (including Justices) who would attend at least one seminar annually, the average cost per person for this focused training would be approximately \$300.

E711 REPLACEMENT EQUIPMENT

This decision unit requests funding to replace the existing Lanier tape recording system in Carson City with a digital recording system identical to that used in the Legislative Building. This type of system provides ease of use, dependability, as well as the highest quality of sound possible and the elimination of tapes, since the system records to CDs. The current system is very old, undependable, and no longer supported by Lanier.

E720 NEW EQUIPMENT

This decision unit requests funding for the Court's E-Court initiative. The primary objective of E-Court is to create an integrated electronic filing and public access system that allows filing of documents and viewing of vital case information via the Internet. The system, using an Intranet, will also provide the Court with electronic distribution, editing, signing and filing of orders and opinions. The benefits of E-Court are efficient management of documents and case files, elimination of duplicate documents, integration with E-Filing, document management and case management, reduction of physical storage space, centralized repository for documents, and improved electronic workflow. Phase 1 of this project, implementation of the document management system, began in FY05. Phase 2, implementation of E-Filing and integration of E-Filing with the Document Management System and the Court's CMS, is projected for FY06 and FY07.

PROGRAM DESCRIPTION

The Administrative Office of the Courts (AOC) provides administrative support to the Nevada Supreme Court including payroll, personnel, budget development and monitoring, accounting and information technology. The AOC also staffs special projects initiated by the Court. The AOC provides significant support to the statewide court system by administering judicial education, statewide court statistics and trial court technology programs. Pursuant to NRS 1.360, the AOC is responsible for recommending operational improvements in the trial courts to the Supreme Court. The Director of the AOC serves as the Secretary to both the State Judicial Council and the Judicial Selection Commission. This budget account is funded entirely by Administrative Assessments collected in the State's municipal and justices courts.

DIVISION OF PLANNING & ANALYSIS

101-1484

PROGRAM DESCRIPTION

The Division of Planning and Analysis was created by the legislature to research, plan, and implement the Uniform System for Judicial Records (USJR), NRS 176.059(8)(a)(2). The USJR includes the collecting, analyzing, and reporting of statewide court and judicial statistics as well as implementing technology to assist the courts in maintaining judicial records and collecting the necessary statistics. The budget also administers the Court Improvement Program (CIP) grant.

E325 SERVICES AT LEVEL CLOSEST TO PEOPLE

The Supreme Court's Judicial Council of the State of Nevada created a Commission on Rural Courts. Subsequent to recommendations from the Rural Courts Commission, SCR 32 of the 2003 Legislature created an Interim Study Committee for the Criminal Justice System in Rural Nevada and Transitional Housing for Released Offenders. Recommendation #3 from the SCR 32 Committee is to hire a Rural Courts Coordinator. This position would be responsible for writing and administering grant funds, locating sources of funding, coordination of circuit counseling services and other necessary judicial support services.

M200 DEMOGRAPHICS/CASELOAD CHANGES

This decision unit requests the addition of a Data Base Specialist 2 in fiscal year 2007. As the Multi-County Integrated Justice Information System (MC-IJIS) approaches full development, with single interfaces being created for numerous agencies and many XML documents being generated to transfer criminal justice information, the Judicial Branch Information Technology Project Support Section will move the support of this program in-house. Beginning July 1, 2006, the Technology Project Support Section will need the services of a full-time Database/Program Administrator to assist in the continuous analysis, enhancement, testing, implementation, documentation and maintenance of this mission-critical software application. The incumbent will evaluate, maintain, operate, troubleshoot, repair and upgrade the Oracle database on which the software resides and the application itself. This position is essential to maintain uninterrupted service from the MC-IJIS program.

SPECIALTY COURT 101-1495

PROGRAM DESCRIPTION

Assembly Bill 29 of the 2003 Legislative Session created a new assessment on misdemeanor convictions entitled specialty court assessment, to provide support for existing, new and expanded specialty courts in Nevada. In previous sessions there were General Fund appropriations in support of the Washoe, Clark and Western Regional Drug Courts only. The new assessment was intended to replace the previous General Fund appropriations and create additional funds for these programs.

JUDICIAL TRAVEL AND SUPPORT

101-1493

PROGRAM DESCRIPTION

Judicial Travel and Support provides for the travel, and reasonable and necessary expenses of district judges, senior justices and senior judges incurred in the performance of judicial duties, and, thereafter, for other expenditures deemed reasonable and necessary by the Supreme Court. Pursuant to NRS 3.040, all district judges serve as ex-officio Circuit Judges. In that capacity, each judge performs such duties as may be designated by the Supreme Court. This process expedites judicial business, equalizes the work in districts with congested calendars, and provides replacements for those judges who are disqualified or unable to act. This budget account is funded 100% by peremptory challenge fees pursuant to Supreme Court Rule 48.1. This budget account also funds one position that serves as a statewide Court Program Coordinator by assisting trial courts in establishing and implementing new court programs, ensuring timely and accurate communication, coordination and collaboration between individual trial courts and the AOC.

BASE

Recommends continued funding for district judges' travel and related expenditures as deemed reasonable and necessary by the Supreme Court, and salary and expenses of one full-time position.

RETIRED JUSTICE DUTY FUND

101-1496

PROGRAM DESCRIPTION

Article 6, Section 19, of the Nevada Constitution authorizes the Chief Justice to recall to active service any justice or judge who consents to such recall and who has not been removed for cause or defeated for retention in office. Former judges are recalled to expedite judicial business, assist in districts with congested calendars and to act for those who are disqualified or unable to perform. This budget funds the salaries of these "senior judges and justices." The assignment of former judges is a cost-effective method for state and county governments to avoid the costs associated with funding full-time judicial positions and providing additional courtroom facilities and staff. This budget is funded primarily from administrative assessments.

BASE

The base budget provides for the continuation of the existing senior judge program into the 2006-2007 biennium.

JUDICIAL SELECTION

101-1498

PROGRAM DESCRIPTION

The Commission on Judicial Selection is authorized by Article 6, Section 20, of the Nevada Constitution and by NRS 1.380 et seq. The mission of the Commission is to select three nominees for any vacancy that might occur before the expiration of any term of office in the Supreme Court or district court. The Commission's workload depends on the number of mid-term vacancies that occur during the biennium and the number of applicants per vacancy. The sole purpose of the Judicial Selection budget is to support the Commission's judicial selection process. It is funded by the General Fund.

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007

2.	Number of applicants for each judicial vacancy reviewed and interviewed by the Commission on Judicial Selection	New Indicator	38	20	20	20

BASE

The base budget provides funding to hold judicial selections. There were 3 selections in fiscal year 2004. The base budget has been adjusted to reflect the cost of 2 selections per year, the average number over the last 17 years. A chart displaying the number of selections, applicants, and annual costs is available upon request.

LAW LIBRARY

101-2889

PROGRAM DESCRIPTION

The Supreme Court Library serves as a comprehensive, current and archival resource for legal research performed by the Justices and staff of the Nevada Supreme Court, and supplements the in-house legal resources of the Office of the Attorney General, the Legislature, local area government, and the private bar. The library's resources are also available to the general public. The library provides well-trained staff to assist users in meeting their research needs. It makes its collections widely available through a web-based catalog of its holdings, and cooperates with other libraries in participating in interlibrary loans state-wide. The library's meeting room is used by the court for meetings, settlement conferences and training programs and by other state agencies for meetings or hearings. The library is funded largely through State General Fund appropriations. Two revenue line items have been established to accept user fees to reimburse the library for non-court use of photocopiers and for computer research services. These amounts approximate the actual costs to the library for the services provided.

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007

JUDICIAL DISCIPLINE

101-1497

PROGRAM DESCRIPTION

The Nevada Commission on Judicial Discipline was created by Constitutional Amendment on November 2, 1976, and charged with the responsibility of investigating allegations of misconduct, violations of the code of judicial conduct or disability of judges. On November 8, 1994, the jurisdiction of the Commission was expanded to include censure of Justices of the Peace and Municipal Court Judges. The seven-member Commission receives and investigates complaints against judges and was governed by administrative and procedural rules of the Nevada Supreme Court; however, on February 21, 2003, the Nevada Supreme Court repealed Part VII of its Rules and the Commission has adopted its own procedural rules to govern its proceedings. ADKT No. 346.

BASE

The base budget recommends continued funding for 2.51 positions and related on-going expenditures.

COLORADO RIVER COMMISSION

296-4490

PROGRAM DESCRIPTION

The Colorado River Commission is empowered to acquire, manage and protect all of Nevada's water and hydropower resources from the Colorado River. In addition it is to provide electric power resources to certain customers from any available source for needs over and above the hydropower allocations. These resources are primarily centered in and benefit southern Nevada. In addition, the Commission has acquired certain lands in the Laughlin area, which it is to develop and dispose of in accordance with state and federal laws and regulations. The Colorado River Commission Fund, budget account 4490, acts as the general fund for all Commission activities. All personnel costs for Commission staff are recorded in this fund. All of the basic activities and functions performed in fulfilling the Commission's legislative mandate are recorded in this account. The Colorado River Basin states are in almost constant contact regarding the issues of the lower basin, and it is to California and Arizona that the bulk of Commission travel occurs. In addition the Commission has extensive involvement with a number of agencies of the federal government including the Bureau of Reclamation, Western Area Power Administration, Fish and Game, Environmental Protection Agency, Bureau of Land Management, and others.

BASE

The base budget continues funding for 29 unclassified and 13.51 classified personnel staff and all associated operating costs. The Commission is entirely funded by its customers and receives no state or federal funds in carrying out its activities.

FORT MOHAVE DEVELOPMENT FUND

296-4496

PROGRAM DESCRIPTION

The Fort Mohave Development Fund is used to record the sale of land in the Fort Mohave Transfer Area. The transfer area was established by Congress in the Fort Mohave Transfer Act (Public Law 86-433) in April of 1960. The transfer area is located in the area adjacent to the town of Laughlin in the southern tip of the State. The Commission has completed the purchase of all of the land available to Nevada under the Act, approximately 15,000 acres. Of this amount, the Commission has sold all but approximately 9,000 acres. This land is currently available for sale. Under State law, the proceeds from the sale of this land are to go to Clark County to be used in the development of infrastructure in the Laughlin area. Pursuant to the requirements of the law, the Town of Laughlin is to develop a list of potential infrastructure projects in compliance with the County master plan and submit the list of projects to the County for review and approval. Once approved by the County Commission, the list of projects is submitted to the Colorado River Commission for inclusion (to the extent monies are available) in the Commission's budget. Over the years, this fund has provided in excess of \$20,000,000 in funding for this purpose. Statutory Authority: NRS 321.480-321.536.

BASE

The base budget provides for travel and allocatons from the Colorado River Commission, BA 4490, to reimburse staff effort on behalf of this program.

CRC RESEARCH AND DEVELOPMENT

296-4497

PROGRAM DESCRIPTION

The Research and Development Fund provides for the costs of engineering studies, analyses, negotiations and other efforts in protecting the interests of the State in the development of any of the resources under the control of the Commission. This fund is now used primarily for specific resource programs of the Commission, approved and funded on an individual basis through contractual agreements with Commission customers. In addition some small projects may be funded from this account as approved by the Director. The major current use of the fund is as a pass through account for the costs related to the Lower Colorado River Multi-Species Conservation Program (LCRMSCP). Funding is provided to the Commission by its water and power contractors in accordance with the Multi-Species funding contracts, and collections under the contracts are used to fund the development of the LCRMSCP plan. The LVRMSCP Program will be funded based on new contracts with Commission customers and is anticipated to be accounted for in this fund. Authority: NRS 538.191.

BASE

The base budget supports specific resource programs of the Commission, approved and funded on an individual basis through contractual agreements with the Commission's customers and also serves as a pass thru account for costs related to the Lower Colorado River Multi-Species Conservation Program (LCRMSCP).

E350 ENVIRONMENTAL POLICIES AND PROGRAMS

This decision unit provides for the estimated increase in the cost of the Lower Colorado River Multi-Species Conservation Program (LCRMSCP) planning phase for the biennium. The account serves primarily as a pass-through account for costs related to the LCRMSCP program.

Funding is provided to the Commission by its water and power contractors in accordance with the Multi-Species funding contracts and collections under the contracts are used to fund the development of the LCRMSCP plan.

POWER DELIVERY SYSTEM

502-4501

PROGRAM DESCRIPTION

This fund represents activity related to the Power Delivery Project. This project is a high voltage transmission, transformer, and distribution system designed and tied into the Southern Nevada Water Authority's water delivery system. This fund accounts for all of the power purchases for the water deliveries in southern Nevada, and for all of the operation and maintenance costs associated with the project. The funding for this activity is provided by the SNWA under a funding contract. The contract provides for detailed line item costs to be approved by the SNWA at the beginning of each year. The authorization for this fund provides for all necessary and appropriate costs of the project within the approved SNWA budget.

BASE

The base budget request is to continue current ongoing operations costs, power sales, power contracts and related travel/meetings in the new biennium.

POWER MARKETING FUND

505-4502

PROGRAM DESCRIPTION

The Power Marketing fund is required by the bond resolution authorizing the financing of Nevada's share of the cost of uprating the generating facilities at Hoover Dam. It is used to record purchases and sales of power, debt service related to the Hoover Uprating Bonds, and operational costs of the Basic Substation project. This fund accounts for all power related activities except those dedicated to the southern Nevada water system and SB211 customers. All transactions related to all other customers of the Commission are recorded in this account. All hydropower allocations to the State of Nevada, administered by the Commission are recorded in this account. The Southern Nevada Water Authority (SNWA) and SB211 customers of the Commission do not receive any hydropower allocations.

BASE

The base budget continues funding provided in fiscal year 2004 for power costs as well as funding provided thru monthly billings to the hydropower customers. The base budget also represents the costs incurred for the purchase of power and to fund the debt.

PROGRAM DESCRIPTION

The Director's Office of the Department of Conservation & Natural Resources provides administrative, technical, budgetary, and supervisory support to the divisions of Conservation Districts, Environmental Protection, Forestry, Natural Heritage, State Parks, Water Resources, Wildlife and the Wild Horse Commission. In addition staff supports the Natural Resources Advisory Board, which reviews and helps set natural resources policy. Statutory Authority: NRS 232.010-232.070.

BASE

The adjusted base budget contains continued funding for 13 unclassified and classified positions and appropriate operating costs. This budget account supported by four revenue accounts and one balance forward account. The bulk of the funding comes from general funds. There are five positions that are funded from a collection of general and non-general funds.

ENHANCEMENT

E525 OFFICE RELOCATION

The director's office will be one of the agencies moving to the new Carson City office building. The construction timeline includes opening the building July 1, 2005, which is the beginning of the FY06-07 biennium. The bulk of the relocation expenses will consist of new office furniture and office supplies. For example, the new office building is designed around the concept of compact steel shelving, so the department will need to use a new style of file folder to take full advantage of the compact steel shelving.

NEVADA NATURAL HERITAGE

101-4101

PROGRAM DESCRIPTION

The Nevada Natural Heritage Program is responsible for developing and maintaining comprehensive databases on the locations, habitats, population status, and biology of sensitive species throughout Nevada. Data are mapped and computerized to allow retrieval in a variety of formats, including Arc View GIS. These data are increasingly important in planning for developments and conservation endeavors, including species recovery, revegetation efforts, habitat restoration, impacts of invasive plants and animals, and community vegetation analyses. The Program publishes a "Scorecard" of high priority sites, that focuses on our most vulnerable areas, where intervention is needed to avoid population declines or serious losses, and is charged with the development of a Statewide Wetlands Plan.

E350 ENVIRONMENTAL POLICIES AND PROGRAMS

This request is for the support of a Biologist II position (PCN 8009) charged with entry of sensitive species data into our database. The Biologist II position will be needed to enter sensitive species data into the new Biotics Software system that NatureServe is providing to Natural Heritage Programs nationwide. The current staff is not able to handle this task. The Program is requesting this position be split between the Dept. of Transportation and a grant with USFWS - Biodiversity Initiative. For the Department of Transportation funding the costs associated with the Biologist II position are located in the traditional categories (ex. 02, 03, 04, 26). For the USFWS - Biodiversity Initiative Grant the costs are located in Cat. 31, to help track all federal costs.

E353 ENVIRONMENTAL POLICIES AND PROGRAMS

The Department of Transportation in past Biennial Budgets fully funded the Biologist III position PCN 0003. When funding from BLM was considered reliable, a portion of the funds were used to support this position. Now that this funding source has become unreliable the need for Department of Transportation to fully fund this position has arisen. It is the Programs intent that if the BLM fund becomes available, it will be used to help support a Department of Transportation position.

This request is for the general fund to fully support the operating costs of the Program Manager position (PCN 0002). General fund supports the Program Manager position but with limited funding for operating costs. Currently, the monies received do not support all of the operating costs for this position. Operating costs are distributed on an percentage of FTE basis. In SFY 04, there were 8 FTE (12.5% per FTE) In SFY 06/07 there will only be 6 FTE (16.67% per FTE). This reduction of FTE increases the operating costs for this position.

E356 ENVIRONMENTAL POLICIES AND PROGRAMS

The decision unit supports an Environmental Scientist III, wetlands planner, charged with developing a state wide wetlands plan and database inventory of wetlands. The wetlands plan is a requirement to maintain the state of Nevada eligible for Land & Water Conservation Funding. Position was previously funded by EPA grant, which was not renewed. This decision unit splits funding between the general fund and a matching grant from State Parks from Land & Water Conservation Funds.

DIVISION OF CONSERVATION DISTRICTS

101-4151

PROGRAM DESCRIPTION

The Division of Conservation Districts and the State Conservation Commission regulate the activities of Nevada's 28 locally elected conservation districts. Conservation districts work for the conservation and proper development of the state's renewable natural resources by taking available technical, financial, and educational resources, and focusing and coordinating them so that they meet the needs of individual landowners and users, often working in cooperation with counties, the USDA Natural Resource Conservation Service, and other public and private agencies for conservation of soil, water, and related resources. Statutory Authority: NRS 548, 232.090, and 232.125

E351 ENVIRONMENTAL POLICIES AND PROGRAMS

Authority is requested to enhance the agency's Lake Tahoe Land Bank program. The purpose of this program is to acquire and retire land development rights in the Lake Tahoe basin. 60% of one staff position supports this program, and this request enhances travel and operating expenses for this position. This program is non-general fund and is supported by mitigation fees collected by the Tahoe Regional Planning Agency and forwarded to the Nevada Division of State Lands.

E353 ENVIRONMENTAL POLICIES AND PROGRAMS

The agency requests funds for one new land agent I and associated support costs. The state land office has a heavy workload of increasing complexity, especially related to finding new sites for state projects in the Las Vegas area, and implementing new lease/purchase projects. The existing staff of four land agents is unable to keep up with this workload, resulting in a backlog of about 250 transactions. An additional land agent is urgently needed to enable the agency to respond to the state's land needs.

E805 CLASSIFIED POSITION RECLASSIFICATIONS

As a result of an occupational study completed in FY 04, the land use planner position was revised to allow for promotion to senior land use planner upon demonstration of the proper qualifications. The agency must budget to allow for such a promotion. The current incumbent is expected to qualify for promotion within about a year. This position has in the past had very high turnover, in large part because there was no opportunity for promotion.

E840 CONSERVATION BOND - ASSEMBLY BILL 9

This decision unit enhances the continued implementation of "Question 1," the Conservation and Natural Resources Protection bond act approved by the Legislature in 2001 and by the voters in 2002. The act requires the agency to implement a program of grants to local governments and other qualified entities for a variety of natural resource purposes. Funds requested will provide for increasing travel and operating support for three positions. All funding is from bond proceeds, and there is no general fund impact.

STATE PARKS

101-4162

PROGRAM DESCRIPTION

The Nevada Division of State Parks' mission is to acquire, plan, develop, interpret, operate, and maintain a system of parks and recreational areas and to preserve areas of scenic, historic and scientific significance for the use and enjoyment of residents and visitors. Major programs include acquisition, planning, development, administration, protection, operations, maintenance, resource management and interpretation of cultural and natural resources. The Division's Headquarters are in Carson City, with regional offices in Carson City, Fallon, Panaca and Las Vegas. The 24 State park units are located throughout the state. Statutory Authority: NRS 353.205 (1) (b) and 353.210 (4).

ENHANCEMENT

E175 INCREASE NON-GAMING BUSINESS

Park Ranger II position for Big Bend State Park.

This position will assist with park operations and law enforcement as necessary. The park is growing in size and with the construction of the new campground with 70 campsites and a group use area, the visitation will continue to grow. This position will be needed in the second year of the biennium when the campground comes online which is estimated in October 2006.

E181 INCREASE NON-GAMING BUSINESS

State Parks is proposing to increase Big Bend State Park to a 70 unit campground. Presently, there are no developed campsites at Big Bend. The increased campsites with hookups should double the overall annual visitors count and allow an increase of user fees. The new revenue collection is estimated at \$447,125. The estimated revenue is based upon a 60 to 70 percent occupancy rate. A market analysis will be conducted as a part of the planning and development process to help determine site design and to better estimate potential occupancy.

PROGRAM DESCRIPTION

The mission of the Division of Water Resources is to conserve, protect, manage, and enhance the State's water resources for Nevada's citizens through the appropriation and reallocation of the public waters. In addition, the Division is responsible for quantifying existing rights; monitoring water use; distributing water in accordance with court decrees; reviewing water availability for new subdivisions and condominiums; reviewing the construction and operation of dams; appropriating geothermal water; licensing and regulating well drillers and water right surveyors; reviewing flood control projects; collecting and monitoring water resource data and records; and providing technical assistance to the public and governmental agencies. The Division also provides technical assistance and information to governmental agencies and the public concerning state, regional and local water resource planning and provides flood plain management planning and mitigation assistance to communities throughout the state. The funds requested in the attached budget are to support the administration of the provisions of the Nevada Water Law set forth under NRS Chapters 532, 533, 534, 534A, 535, 536, 538, 540 and 543. The Division includes the Carson City main office and branch offices in Winnemucca, Elko and Las Vegas.

ENVIRONMENTAL PROTECTION ADMINISTRATION

101-3173

PROGRAM DESCRIPTION

The Division of Environmental Protection's mission is to protect and enhance the environment of the State consistent with the public health and enjoyment, the propagation and protection of terrestrial and aquatic life, the operation of existing industries, the pursuit of agriculture, and economic development of the State. Statutory Authority: NRS 232.136, 278.335 - .377, 444.440 - .645, 444.010 - .110, 445A.060 - .730, 445B.100 - .640, 459.380 - .856, 486.010 - .180, 519A.010 - .280, 590.700 - 920, 618.775

BASE

This decision unit recommends continued funding for the Division Administrator and 25 classified personnel. These staff positions are located in Carson City (23) and Las Vegas (3). In addition to the costs incurred to support the activities of the administration positions, the account incurs several division-wide costs including insurance, printing, postage and phone. The base budget has been adjusted for one time costs and longevity pay.

ENHANCEMENT

E275 MAXIMIZE INTERNET AND TECHNOLOGY

This decision unit provides for the technical training needs for the Division's information technology staff. Given the rapid pace of change in information technology and our increasing reliance on this technology to serve critical business processes, it is vitally important for support staff to remain current with new developments.

E350 ENVIRONMENTAL POLICIES AND PROGRAMS

This decision unit provides for the Department of Environmental Protection's significant increase in enforcement appeals and litigation in all programs that have demanded additional Attorney General time and services. The Decision unit also provides for additional travel needed that was not reflected in the base year due to increased expenditure obligations (i.e. Rent, AG Cost Allocation, SWICAP) and cash flow. These trips are necessary for the Administrative staff to schedule meetings with U.S. EPA Region IX, in San Francisco, California regarding numerous issues relating to air quality, water pollution control, water quality, waste management and corrective actions. In addition, the Administrator travels to locations throughout the State to meet with affected interests regarding environmental programs and issues. Decision unit also receives IDC charges from other NDEP budgets with E 350 enhancement decision units.

E805 CLASSIFIED POSITION RECLASSIFICATIONS

This decision unit proposes to reclassify a Management Analyst II position to an Agency Program Information Specialist II. This position serves as the Agency's Geographic Information Systems (GIS) specialist. While there is no classification for GIS specialist, the agency believes that the class specifications for Agency, Program Information Specialist II more accurately describes the duties of a GIS specialist than the Management Analyst series.

101-3185

PROGRAM DESCRIPTION

The mission of the Bureaus of Air Quality Planning and Air Pollution Control is to achieve and maintain levels of air quality which will protect human health and safety, prevent injury to plant and animal life, prevent damage to property, and preserve visibility and scenic, esthetic and historic values of the state. To accomplish this mission, staff assigned to these bureaus plan, direct, coordinate and control air quality monitoring, permitting and compliance assurance. Statutory Authority: 445B.100 - 445B.845 and 486A.010 - 486.180

E351 ENVIRONMENTAL POLICIES AND PROGRAMS

The Clean Air Act requires the State to evaluate and track the status of air quality in areas triggered for the prevention of significant deterioration (PSD) program to ensure that federal standards are not exceeded as industrial and economic development occurs in those areas. Complete emissions inventories for these areas, including area and mobile sources, modeling to identify impacts from the sources and their overall affect on the air quality must be determined and tracked. The Clean Air Act also requires the State to ensure that the overall air quality is maintained at levels below the federal air quality standards. It has been determined that the Pahrump Valley has exceeded the acceptable level of air quality particulate matter (PM10). This designation has required the State to prepare an implementation plan to bring the Valley back into compliance with the federal standard. To evaluate the effectiveness of the plan, the State has had to conduct more ambient air quality monitoring in the Pahrump Valley.

E720 NEW EQUIPMENT

The State air quality regulations provide limitations on air borne pollutants that result in odors that may negatively impact public health and safety. Industrial and economic development within the State has increased substantially and is expected to continue to increase. With that growth there has been an increase in air borne pollutants, many of which have noxious odors associated with them. Odor complaints associated with these increases in pollutants has also increased. This decision unit includes funding for purchasing an odor analyzer that will be used to collect air pollutant odors, lab analysis of the samples collected and the costs for shipping the samples to the lab.

DEP WATER POLLUTION CONTROL

101-3186

PROGRAM DESCRIPTION

The Bureau of Water Pollution Control ensures compliance with water pollution control laws by issuing permits to discharge to surface and/or ground water. Facilities are inspected to ensure compliance and enforcement actions are taken if necessary. Staff reviews the design of waste water treatment plants and infrastructure. Subdivisions are reviewed to ensure that adequate systems are in place to treat waste water. The Bureau provides low interest loans to municipalities for waste water plant construction as well as drinking water facilities. Grants are also provided to drinking water treatment plants through the Water Grants Program in BA 4155.

Administrative Assistant II - Las Vegas, Grade 25 position is needed to meet increasing demands for clerical support in the Las Vegas Office. With the addition of a stormwater position, the Bureau is lacking in support for filing, typing, reception duties, etc. Additionally, the Branch was moved from the main NDEP office to another building and the high traffic (approx. 30/wk) requires front office coverage for the public. Furthermore, the position will assist Bureau staff to maintain databases necessary for programs.

PROGRAM DESCRIPTION

The Bureau of Water Quality Planning (Bureau) consists of 19 FTEs. The Bureau protects Nevada's limited surface water through the establishment of water quality standards, monitoring, public education and funding of water quality improvement projects. The Bureau develops local, regional, and statewide plans to ensure water quality standards are maintained and impaired surface waters are restored where possible. The Bureau also administers a laboratory certification program to ensure laboratories performing water analysis for the purposes of meeting the Safe Drinking Water and/or Clean Water Act are adhering to prescribed methods and procedures.

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007
1.	Percent of perennial water bodies assessed for impairment	28%	30%	30%	32%	34%
2.	Tons of sediment/nutrient reduced in water bodies by nonpoint source pollution control projects	1,200 tons	1,200 tons	1,200 tons	1,200 tons	1,200 tons
3.	Percent of water quality standards reviewed (Clean Water Act triennial review)	33%	33%	33%	33%	33%

BASE

The Base shows 1.7 million dollars expended for water quality improvement projects within the State in FY 04. Also reflected in the Base are operating and travel expenses for 21 FTEs within the Bureau of Water Quality Planning. Staff members are responsible for carrying out various provisions of the Clean Water Act.

SAFE DRINKING WATER REGULATORY PROGRAM

101-3197

PROGRAM DESCRIPTION

The Public Health Engineering (PHE) section implements the Public Water System Supervision Program, authorized under the federal Safe Drinking Water Act (SDWA). It ensures that Nevada's public water systems comply with state and federal drinking water standards, enforces the requirements for surface water treatment and corrosion control, and reports to the US Environmental Protection Agency. Statutory authority is provided in NRS 445A.800 through 445A.955.

	PERFORMANCE INDICATORS	PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007
1.	Enforcement actions taken against public water systems not meeting primary drinking water standards	100	91	100	125	110
2.	Number of public water systems (PWS) consistently out of compliance (EPA arsenic rule will increase FY 06)	5	4	5	25	10

SAFE WATER DRINKING ACT

746-3211

PROGRAM DESCRIPTION

The Safe Drinking Water Program funds loans, at or below market rates, to public water systems for projects addressing public health and infrastructure needs. It also provides funds to develop information management systems and provide technical assistance and education to public water systems and their customers. Statutory Authority is provided by NRS 445A.200 through 445A.295.

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007
1.	Dollar value of drinking water SRF loans issued vs. dollar value of loan funds available (millions)		\$41/\$65.9	\$45/\$66	\$50/69	\$53/71

BASE

This Base decision unit supported 5 FTEs to implement the Safe Drinking Water State Revolving Fund throughout Nevada. This program provides low interest loans to communities for construction of drinking water treatment plants. This program also covers technical assistance subsidy.

DEP WASTE MGMT AND FEDERAL FACILITIES

101-3187

PROGRAM DESCRIPTION

Budget account 3187 will represent 70 FTEs in the Bureaus of Corrective Actions, Waste Management and Federal Facilities. There are 55 existing FTEs in the Bureaus of Corrective Actions and Waste Management; 2 additional requested FTEs in the Bureau of Corrective Actions; 14 FTE transferring in from the Bureau of Federal Facilities, B/A 3198; and 1 FTE transferring out to B/A 3173. The budget account receives no general fund revenue and is entirely supported by federal grants and fees. In the last biennium, the Bureau of Federal Facilities was transferred to a new budget account (3198) in an effort to simplify the respective accounts. In fiscal year 06 & 07, cat 71, 72, and 82 are being transferred back to budget account 3187. The Bureau of Corrective Action is responsible for the analysis and remediation of contaminated sites, certification of environmental consultants, regulation of underground storage tanks, remediation of leaking underground storage tanks and administration of the Petroleum Claims Fund. The Bureau of Waste Management is responsible for enforcing the provisions of the Chemical Accident Prevention program; ensuring safe management of hazardous waste by regulating its handling, transportation, treatment, storage and disposal; ensuring safe collection and disposal of solid waste; and encouraging businesses, institutions and individuals to reduce the amount of waste generated, participate in recycling programs and conserve natural resources. Statutory authority: NRS 444.440 - 444.645; 444A. 010 - 444A.110; 445A.060 - 445A.730; 459.380 - 459.3874; 459.400 -459.600; 459.800 - 459.856; and 590.700 - 590.920.

BASE

The base decision unit for budget account 3187 represents continuing funding for 55 existing FTEs in the Bureaus of Corrective Actions and Waste Management. The budget account receives no general fund revenue and is entirely supported by federal grants and fees. Expenses include FTE costs with related support items such as travel, general operating, operating supplies, medical monitoring, vendors and contracts, support to counties, etc.

ENHANCEMENT

E350 ENVIRONMENTAL POLICIES AND PROGRAMS

This enhancement will increase the efficiency and effectiveness of program staff, enhance knowledge through programmatic training and provide valuable contract assistance. Many of the contract budgets provide ongoing support of services at a level that permits the Bureaus to be responsive to the needs of public health and the environment.

E351 ENVIRONMENTAL POLICIES AND PROGRAMS

Nevada Revised Statute 459.537, requires the State to ensure that if a responsible party leaks, spills and or has an accident involving hazardous waste, hazardous material or a regulated substance and does not act promptly and appropriately to clean and decontaminate the affected area properly and if their inaction presents an imminent and substantial hazard to human health public safety or the environment, that the State shall intercede with appropriate mitigative actions. Actions may include responding to the leak, spill or accidents; coordinating the efforts of state, local and federal agencies responding to the leak, spill or accident; managing the cleaning and decontamination of an area; removing or contracting for the removal of material; and other services rendered in responding to the leak, spill or accident. The State may use money from the account for the Management of Hazardous Waste and shall demand reimbursement of the account for money expended from the responsible party for the accident, leak, spill, or whomever owns or controls the hazardous waste, hazardous material or regulated substance. This program enhancement provides environmental oversight services to be located in the NDEP Las Vegas office, which is geographically closer to the projects that this new position will be tasked with. The enhancement will improve the delivery of service in a more cost effective manner and in a mode that is closer to the people of the community. This position will be staffed with an Environmental Scientist IV to assign the position with supervisory responsibilities.

E352 ENVIRONMENTAL POLICIES AND PROGRAMS

As described in the National Contingency Plan (NCP), the Federal On-Scene Coordinator (FOSC) directs response efforts and coordinates all other efforts on behalf of the federal government at the scene of a discharge of oil or release of hazardous substances. FOSCs are pre-designated by the lead federal agency. The U.S. EPA provides FOSCs for discharges and releases in the inland zone. Furthermore, as described within the NCP, each state governor is also requested to designate a lead state agency that will direct state-lead response operations, which brings these governmental and environmental response services from the Federal level to one that is closer to the people of Nevada. The NDEP is responsible for designating the lead state response official for federal and/or state-lead response actions, and coordinating/communicating with other state agencies, as appropriate. The Response Coordinator within NDEP will perform the role of State On-Scene Coordinator for hazardous materials incidents, other than those occurring on state highways, within the State of Nevada. This position will be staffed with an Environmental Scientist III.

The Nevada State Comprehensive Emergency Management Plan (SCEMP) identifies the NDEP as the primary agency for response and/or recovery for Emergency Support Functions 10, with support functions to ESF 13-1 and 14. The Operational Module of the SEMP outlines the State's response and recovery strategies using the sixteen (16) Emergency Support Functions. The NDEP is required to create and maintain a current State Hazardous Material Plan (HAZMAT). The existing plan is being updated to address preparing for and responding to incidents involving Weapons of Mass Destruction. This plan includes identifying the roles and responsibilities of the various State agencies in responding to hazardous materials incidents.

BUREAU - FEDERAL FACILITIES

101-3198

PROGRAM DESCRIPTION

Budget account 3198 was created to represent the Bureau of Federal Facilities (BFF). The Bureau of Federal Facilities is funded entirely by federal grants. The bureau is responsible for overseeing the remediation of historic contamination on the following Department of Defense Installations: Nellis Air Force Base, Nevada Test and Training Range, Indian Springs Air Force Base, Naval Air Station Fallon, Hawthorne Army Depot, Wendover Air Force Auxiliary Field Range, and 72 Formally used Defense Sites (FUDS). The Bureau of Federal Facilities also provides regulatory oversight of the clean up of thousands of historic contaminated sites on the Department of Energy's Nevada Test Site (NTS) and at several locations off of the NTS.

BASE

This Decision Unit provides for the personnel and associated costs and revenue for 16 FTE associated with the EPA One-Stop Grant, the State Health Division Grant, the Federal Department of Energy (DOE) Grant covering activities mandated by the Agreement in Principle (AIP), the funding mandated under the Federal Facilities Agreement and Consent Order (FFACO), and the Federal Department of Defense (DoD) Grant covering activities mandated by the DMSOA Agreement.

E350 ENVIRONMENTAL POLICIES AND PROGRAMS

This decision unit provides for continuation of environmental oversight of Department of Defense and Department of Energy activities throughout Nevada. This decision unit item reflects the continuation of activities under the Federal Department of Energy (DOE) Grant covering activities mandated by the Agreement in Principle (AIP) between DOE and the State of Nevada, Division of Environmental Protection (NDEP). The purpose of this grant is to provide NDEP with funding for oversight of environmental management and related activities at the Nevada Test Site. This decision unit also reflects the continuation of activities under the Federal Facilities Agreement and Consent Order (FFACO) between DOE and the Nevada Division of Environmental Protection (NDEP). The terms and conditions of the order provides for oversight of DOE activities conducted under the FFACO, such as site characterization and remediation. This decision unit also reflects the continuation of activities under the Federal Department of Defense (DoD) Grant covering activities mandated by the DMSOA Agreement between the DoD and the State of Nevada, Division of Environmental Protection (NDEP). The purpose of this grant is to provide NDEP with funding for oversight of environmental management and corrective action activities at DoD sites throughout Nevada.

E710 REPLACEMENT EQUIPMENT

This Decision Unit provides for replacement of equipment and furniture. The furniture will replace existing furniture that is not adequate for document storage or does not provide a good ergonomic work environment. In addition, two replacement vehicles are requested (one in Fiscal Year 2006 and one in 2007). The vehicles slated for replacement are 1991 Jeep Cherokees and have currently driven over 110,000 miles.

E927 TRANSFERS E275 TO B/A 3187

This Decision Unit transfers the E275 Decision Unit from Budget Account 3198 to Budget Account 3187. This Decision Unit is used primarily for purchase and maintenance of GIS software. The GIS software is compatible with existing GIS software and will be used to provide the agency and the public with internet-based data regarding environmental restoration of the Nevada Test Site and other Department of Energy facilities.

This Decision Unit transfers the E710 Decision Unit from Budget Account 3198 to Budget Account 3187. This Decision Unit provides for replacement of equipment and furniture. The furniture will replace existing furniture that is not adequate for document storage or does not provide a good ergonomic work environment. In addition, two replacement vehicles are requested (one in Fiscal Year 2006 and one in 2007). The vehicles slated for replacement are 1991 Jeep Cherokees and have currently driven over 110,000 miles.

DEP MINING REGULATION/RECLAMATION

PROGRAM DESCRIPTION

Budget account 3188 is comprised solely of the Bureau of Mining Regulation and Reclamation. This Bureau is responsible for the Mining Regulatory Program developed pursuant to NRS 445A.300 through 445A.730 (Nevada Water Pollution Control Law), NAC 445A.070 through 445A.447 (Mining Regulations), NRS 519A.010 through 519A.280 (Nevada Mined Land Reclamation Law), and NAC 519A.010 through 519A.415 (Reclamation Regulations). The bureau established a system which is responsive to both the environmental and economic concerns associated with the development of Nevada's natural resources. A number of regulatory and procedural revisions were implemented in the past five years to address bankruptcies and abandonments of mining operations due to low metals prices. Measures were taken to enhance the strength and security of the regulations, especially in the areas of mine closure and bonding. Nevada's mining regulatory programs address the design, construction, operation, closure and reclamation of mining and exploration operations. Principle objectives include protection of human health, ground and surface water resources, and completion of reclamation activities which provide for a productive post-mining land use. Major program elements consist of permitting, inspection, compliance monitoring, enforcement, and plan and report review.

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007
1.	Percent of reclamation inspections completed out of the total number of regulated mining operations	40%	43%	40%	40%	40%
2.	Percent of mining reclamation operations requiring financial assurance that have such assurance	98%	98%	98%	98%	98%
3.	Percent of scheduled mining regulation compliance inspections completed	80%	88%	85%	90%	95%
4.	Percent of regulated mine sites with water degradation issues that are being addressed	N/A	N/A	75%	80%	85%

BASE

The base year, FY 04, was a relatively quiet year for the mining industry. Gradually increasing metals prices resulted in steady growth, an increase in new projects and a reduction in financial crises. WGA and EPA were relatively quiet as well, resulting in few trips out of state. Base supported operating and travel for 18 FTEs to implement the Mining Regulation, Closure and Reclamation of environmental programs.

ENHANCEMENT

E350 ENVIRONMENTAL POLICIES AND PROGRAMS

The base year, FY 04, was a quiet year for the mining industry with slow steady growth. The bureau was able to realize significant cost savings during FY 04 in areas such as travel and training, due to fewer bankruptcies and low personnel turnover. This includes costs anticipated to occur in the future that did not occur in FY 04. These costs are not related to E351.

STATE ENVIRONMENTAL COMMISSION

101-4149

PROGRAM DESCRIPTION

The Nevada Environmental Commission serves as the primary rulemaking, variance, and appeal body for environmental regulations in Nevada. The Commission is an eleven member body that meets to establish regulations and resolve appeal actions for the Division of Environmental Protection.

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007
1.	Number of regulatory petitions upheld or not objected to by the Legislative Commission relative to the number of petitions adopted by the SEC	7	7	7	7	10
2.	Number of appeal hearing decisions rendered by the SEC	3	3	3	3	3
3.	Number of appeal hearing decisions accepted by appellants and not appealed to District Court	3	3	3	3	3

BASE

The State Environmental Commission is an eleven member body that meets to establish regulations and resolve appeal actions for the Division of Environmental Protection. The base budget for the SEC supports travel, per-diem, and salary expenses for commissioners attending SEC meetings. The budget also support SEC operational expenses, such as legal fees for court reporting services (i.e. to support appeal hearings) and fees associated with drafting of regulations, which is done by the Legislative Counsel Bureau; other operational expenses cover postage and mailing as well as advertising costs for printing SEC public notices in Nevada newspapers.

E525 OFFICE RELOCATION

Forestry was approved for inclusion in the new Emergency Operations Center funded by the 2003 Legislature. This decision unit requests funds that were not included in the CIP for office furnishings or moving costs. Additionally, the square footage that Forestry occupies will be reduced and the rent will change from B&G-owned space to Non-B&G owned space. Forestry will rent the space from the Military Department.

PROGRAM DESCRIPTION

This program provides funding for expenses necessary to protect life, property and natural resources from fires, floods and other natural or human caused emergencies. The program is funded with a combination of General Fund and reimbursement for fire fighting efforts. The agency may approach the Board of Examiners Statutory Contingency Fund and the Interim Finance Committee if funds are depleted.

PROGRAM DESCRIPTION

Forestry Conservation Camps Program coordinates and supervises the outside work related to Forestry and Conservation activities performed by inmates of the Department of Corrections who reside in Forestry Conservation Camps. The camp programs provide manpower for labor intensive work projects and emergency wildland fire suppression activities. Inmates are provided training in both project assignments and approved wildland fire suppression courses. There are approximately 92 inmate hand-crews in ten conservation camps Statewide under the supervision of NDF crew supervisors.

ENHANCEMENT

E225 ELIMINATE DUPLICATE EFFORT

Request to reorganize the conservation camps into four zones. Eliminates ten assistant camp supervisor positions and funds four zone coordinators, a program officer and camps training office in the State Headquarters. The zones will of the Northern Zone to include perhaps Wells, Humboldt and Carlin; the Southern Zone to include perhaps Jean, and Indian Springs; the Southern Zone; Central Zone to include perhaps Pioche Tonopah and Ely; and the Western Zone to include perhaps Stewart and Silver Springs. Exact make up of zones is still to be determined. The Zone Chiefs will report to the Conservation Camp Coordinator.

TAHOE REGIONAL PLANNING AGENCY

101-4204

PROGRAM DESCRIPTION

Jointly created by the States of Nevada and California, and the U.S. Congress, the Tahoe Regional Planning Agency's (TRPA) mission is to cooperatively lead the effort to preserve, restore, and enhance the unique natural and human environment of the Lake Tahoe region now and in the future. TRPA's vision is to have a lake and environment that is clean, healthy and sustainable for the community and future generations. Under the compact, Nevada pays one-third of the State of California/Nevada costs to support TRPA's operation. As a planning agency, TRPA has the power to exercise effective environmental controls, and perform other essential functions over the water, land, air, wildlife and development of the Lake Tahoe region. Statutory Authority: NRS 277.190 - 277.220. Starting in 1997 with the Nevada and California Governors' MOU and the Presidential forum, TRPA has led the cooperative efforts of funding Environmental Improvement Programs.

BASE

This decision unit requests continued funding of the Tahoe Regional Planning Agency according to the one-third:two-thirds match with the State of California prescribed by the federal Compact creating the Agency. Base budget supports 74.2 FTE, and 8-10 seasonals as well as continues numerous ongoing programs in areas of permitting, Environmental Improvement Program, Pathways 2007, water and air quality monitoring, long range and transportation planning.

PROGRAM DESCRIPTION

The mission of the Department of Motor Vehicles is to provide progressive and responsive service delivery to our citizens. We maintain the highest controls to ensure the accurate collection and timely distribution of all revenues. We improve the safety of those driving on our highways through our licensing, monitoring and intervention practices. We assist Nevada in meeting its federally mandated air quality standards. We protect state consumers and businesses against fraud and unfair business practices. We ensure the integrity and privacy of our records. The Director's Office establishes policy for the department and directs and controls the operations of the agency. The Director's Office handles all media inquiries through the Public Information Officers. Additionally, internal controls, review of operations, policies and procedures, and the Personnel Unit fall under the responsibility of this office. Statutory Authority: NRS 481.047; 481.051; 481.052; 481.055

PROGRAM DESCRIPTION

The Administrative Services Division is charged with providing professional, timely and accurate support services to the director, various divisions of the department, and other associated agencies. Support services include fiscal accounting, budgeting, travel arrangements, payroll, warehousing, inventory control, mail services, purchasing services, contract management, facilities management and revenue and bad debt service. Through its centralized functions it provides services in a manner that crosses all divisional lines. With the centralized services, the department is able to ensure consistency, accuracy, and compliance with laws and regulations for all divisions. Our vision is to be recognized as a model organization enabling other agencies to successfully accomplish their mission and goals. Our philosophy is to lead with the strength of integrity, honesty, and dedication. Mutual respect, open communication, and consistency will result in self-fulfillment and personal growth.

201-4740

PROGRAM DESCRIPTION

Budget account 4740 is the primary account for the Compliance Enforcement Division, which is the regulatory arm of the Motor Vehicle Branch. The division serves as the umbrella organization for budget accounts 4690 (Salvage/Wreckers/Body Shops) and 4722 (Emission Control). Administrative and operational oversight is funded through budget account 4740. The main function of this account, however, is to support the activities of division investigators whose primary purpose is to regulate the automobile industry as it relates to the sale or transfer of ownership of vehicles. By conducting investigations, taking enforcement actions, and providing advice to members of the industry, investigators seek to gain voluntary compliance with the various laws and regulations governing the business practices of vehicle manufacturers, distributors, dealers, lessors, and salesmen. Compliance is intended to prevent or reduce the incidents of fraud or abuse imposed upon the citizens of Nevada, and protect and promote the industry itself by eliminating unfair competitive advantages. The service population for the division includes the following groups: Members of the automobile industry, law enforcement agencies, local governments and Federal and State agencies.

Division activities in this account for the biennium are funded through a direct appropriation from the Highway Fund. Statutes related to this account are: NRS 481.0473, 481.0475, 481.048, Chapters 108, 482, 483, and 487.

PROGRAM DESCRIPTION

The Department of Motor Vehicles, Field Services Division, is responsible for the direct customer service operations for our driver licensing and vehicle registration functions. Field Services assures that only safe, knowledgeable drivers receive the privilege to drive on our highways. It also registers vehicles, collects appropriate fees and taxes imposed upon the owners and operators of vehicles, provides service in the insurance verification program. The activities of this budget are funded primarily from Highway Fund revenues, Governmental Services, Tax Commissions and Penalties. PROGRAM DESCRIPTION

The Compliance Enforcement Division, through budget account 4690, is responsible for ensuring compliance with Nevada laws and regulations as provided for under Chapter 487 of the Nevada Revised Statutes and Nevada Administrative Code as they relate to the business activities of automobile wreckers (dismantling, scraping, and processing of wrecked vehicles), salvage pools (sale of vehicles acquired from insurance companies as a result of a settlement), body shops (fixing, replacement or repair of the body and/or painting of automobiles), and registration of automobile repair garages (service to engine, diagnostic testing, alignment and other mechanical services related to motor vehicles). Through education, audit and enforcement, the Compliance Enforcement Division protects the interests of regulated businesses by eliminating unfair competitive and business practices while safeguarding the financial well being of Nevada citizens by protecting property interests in vehicles and reducing instances of fraud and misrepresentation in connection with repair, salvage and disposal of motor vehicles. This program is funded through the collection of fees for licensing and through administrative fines assessed against program violators. Statutory Authority: NRS Chapter 487, 597, 481.

DMV, MOTOR VEHICLE POLLUTION CONTROL

101-4722

PROGRAM DESCRIPTION

The Compliance Enforcement Division, through budget account 4722, is responsible for ensuring compliance with Nevada's laws and regulations (Chapter 445B of the Nevada Revised Statutes and Nevada Administrative Code) as they relate to the vehicle emission standards in Clark and Washoe Counties. As such, the Division is designated as the implementation and enforcement component of the State's Air Quality Program as it relates to on-road vehicle emissions. The Division carries out its role by: providing training and certification of applicants seeking employment as Emission Inspectors; conducting audits and inspections at licensed emission stations; investigating potential program evaders; and applying appropriate sanctions against program violators. Additionally, the Division: cooperates with the various planning agencies (State and Local) involved in the Air Quality Program to evaluate air quality standards and identify strategies to improve them; participates in the Advisory Committee on the control of emissions from motor vehicles; and conducts periodic public information programs regarding motor vehicle emissions. Statutory Authority: NRS Chapter 445B, 481.0475, 481.0477, 481.0481, 482.461, 482.465

PROGRAM DESCRIPTION

The Department of Motor Vehicles, Hearings Office ensures the public's right to an administrative hearing on issues that range from the suspension or revocation of a citizen's driving privilege or vehicle registration, to the revocation or suspension of a license to conduct business involving motor vehicles in the State of Nevada. Administrative Law Judges assigned to this budget account are the presiding officers in the adjudicative proceedings and their final decision significantly affects public interest and may impact the lives/property of thousands of Nevadans. The Department initiates and conducts all hearings in a timely, fair, and impartial manner. The program is supported primarily from Highway Fund revenues. Statutory Authority: NRS 366, 445B, 482, 483, 484, 485, 487, 706, 481 and administrative hearings are conducted in accordance with and pursuant to the provisions in the Nevada Administrative Procedures Act, Chapter 233B.

PRISON MEDICAL CARE

101-3706

PROGRAM DESCRIPTION

The mission of the Medical Division of the Nevada Department of Corrections (NDOC) is to provide quality health care to all inmates regardless of race, creed, color, national origin, citizenship, sexual orientation, financial status, criminal history or diagnosis; to treat inmates with as much dignity, confidentiality and compassion as possible within the confines of the prison environment; to identify inmates with mental health problems, to provide necessary treatment of good quality, and to administer mental health care in the least restrictive environment possible consistent with public safety; to promote the patient's movement toward increasing levels of health, to assist in detecting signs of illness and disability; to care for the patient while ill and, as his/her condition improves, to promote rehabilitation and personal growth in order to return the individual to self-care functioning in the correctional setting as soon as possible, and to support and reduce the suffering of the dying patient to the fullest extent possible; to manage current financial operations, and to anticipate and plan for future requirements so that resources are consistently and cost-effectively available to meet the clinical objectives. To fulfill its mission, the Medical Division operates infirmaries at all NDOC institutions. The major medical facility for the Department is the Regional Medical Facility (RMF), integrated into the operation and perimeter of the Northern Nevada Correctional Center (NNCC), providing inpatient medical care for serious medical ailments, surgical aftercare, and mental health inpatient services. Mental health inpatient care is also provided at High Desert State Prison (HDSP). The Camps and Restitution Center obtain medical services from institutions specifically assigned to their support. The Medical Division now provides medical services, previously provided by private contractors, at the Ely State Prison (ESP), and Ely Conservation Camp (ECC) as of July 1, 2003, and Southern Nevada Women's Correctional Facility (SNWCF) as of October 1, 2004.

PROGRAM DESCRIPTION

In 2003, the Nevada Legislature approved a reorganization of existing staff positions to form NDOC's first Correctional Programs Division. The division is headed by an Administrator who manages substance abuse treatment, religious services, vocational training, counseling and therapy for the general population (i.e., out-patient mental health), educational liaison, re-entry and transitional services, special programs (for youth, the elderly, etc.), and Intake assessments. Program staff includes counselors, psychologists, social workers, chaplains, program officers, caseworkers, and support staff. The division's inmate programs are funded in part by grants obtained by NDOC or by partnerships with community organizations that obtain the grants and bring services to Nevada's inmates.

ELY STATE PRISON
101-3751

PROGRAM DESCRIPTION

Ely State Prison (ESP) is a maximum security custody institution, located nine miles north of Ely, with an emergency capacity of 1,042 beds. The site for ESP was acquired in 1987. Phase I was completed in July 1989, and Phase II construction was completed in November 1990. This facility is equipped to house and care for the most unmanageable inmates, and provide protective custody and segregation. The Ely State Prison converted to maximum security custody housing, upon the opening of Phase I of the medium security Lovelock Correctional Center. ESP has a prison textile industry that manufactures drapes, bedspreads, etc. Religious, substance-abuse, and educational programs are offered to the inmates. Recreational and other work experience programs are also available.

HIGH DESERT STATE PRISON

PROGRAM DESCRIPTION

High Desert State Prison (HDSP) is constructed on land west of the Southern Desert Correctional Center, near Indian Springs. In 1995, the Legislature approved a core facility design with a 1,500-inmate (Phase I) bed facility. The initial objective of the project was to develop the master plan for a 3,000-bed facility. A reconfiguration of the initially planned two-phase project, resulted in a three-phase construction cycle. Phases I and II opened in September 2000, with an emergency capacity of 1,848 beds. Phase III was planned to be completed in March 2003. That included an additional four-housing units and another 1,008 beds. The Department requested this phase be delayed to allow for the construction of less expensive beds. Staff for the facility came from the closure of Southern Nevada Correctional Center and new recruitments. HDSP is currently the intake center for male inmates in Southern Nevada.

PROGRAM DESCRIPTION

The Northern Nevada Correctional Center (NNCC) is a medium security institution, located east of the Stewart Complex in Carson City. NNCC receives and evaluates all male inmates sentenced to the Department of Corrections by the courts in Northern Nevada. The center provides inmate industries in metal fabrication, office furnishings, manufacturing, and upholstery. Vinyl Products, a private enterprise, also manufactures waterbed mattresses at the institution. Educational programs, including evening classes by the Western Nevada Community College, are offered to inmates as well as religious, substance-abuse, and sexual offender programs. The Regional Medical Facility (RMF), a 112-bed facility, opened July 1993, for inpatient mental health programs. The medical and dental sections opened in January 1994, and offer extended medical care to male and female inmates throughout the state.

NEVADA STATE PRISON

101-3718

PROGRAM DESCRIPTION

The Nevada State Prison, located in Carson City, is one of the oldest prisons still in operation in the United States. Established in 1862, when the Nevada Legislature purchased the Warm Springs Hotel and 20 acres of land for \$80,000, NSP has been in continuous operation since this time. The original structure burned down in 1867. On several occasions, NSP has been remodeled and expanded. The design capacity of NSP was 600 inmates, and the operating capacity was 739 during FY 02. In August 2002, Units 2 & 3 were closed to reduce costs, which reduced the operating capacity to 696 inmates, where it was in FY 04. The FY 04 average population was 685 inmates. The Nevada State Prison operates as a medium security prison, although it retains some maximum-security beds. Although inmates under the sentence of death are incarcerated at the Ely State Prison, executions are still conducted at the Nevada State Prison. Many religious programs of multiple faiths are available in which inmates may participate. In addition, a recent remodeling has allowed NSP to establish a chapel for religious services. Wide ranges of psychology programs are also available to inmates including parenting, anger management and individual counseling. Inmates are employed in the several institutional work assignments: food service, janitorial, maintenance, yard labor crews, laundry, gymnasium, school, law library, and infirmary. Over 60 inmates are employed in the Department of Motor Vehicles and Public Safety's License Plate Factory and in the Prison Industries Bookbindery and Print Shop and the Mattress and Soap Factory programs. There is an extensive inmate recreational program including organized sport leagues, football, basketball, and soccer. Any general population inmate may participate in these activities. The Carson City School District provides the high school education programming for inmates. The district assigns five teachers to the institution for this purpose. The Western Nevada Community College program has an enrollment of 61. In a recent class conducted by WNCC staff, offenders learned basic building trade skills while remodeling the education area. The department provides a Literacy Program to enable inmates to acquire those skills necessary to enter the high school diploma or GED certificate programs.

PROGRAM DESCRIPTION

The Southern Desert Correctional Center (SDCC) is a male medium security institution, located approximately nine miles south of Indian Springs, and forty miles north of Las Vegas. The institution opened in 1982 with five housing units. Subsequently, additional housing units were constructed in 1984, 1988, and 1994, bringing the total at this facility to eight units. SDCC houses general population, disciplinary, and administrative segregation inmates. SDCC provides educational and vocational opportunities through Prison Industry Programs including auto maintenance, auto restoration, furniture manufacturing, and stained glass fixtures. A federally funded Therapeutic Community (OASIS) was added in FY02. The program is designed as a four-phase system followed by the possibility of a community based aftercare program, in conjunction with the Division of Parole and Probation. The Southern Desert Correctional Center Youthful Offender Program (YOP) is designed to address the needs of the Youthful Offender, ages 14-21. To address these needs, a four-level system has been developed that will enable a youthful offender to demonstrate his growth and development in preparation for entering the institution's general population.

PROGRAM DESCRIPTION

The Lovelock Correctional Center (LCC) is a medium security institution that was approved by the 1989 Legislature. Construction of Phase I was completed in October 1995 and Phase II was completed in November 1997. Self-improvement opportunities such as religious programs and educational programs sponsored by the Pershing County School District are available to the inmates. In addition, LCC has a sex offender treatment program. Silver State Industry projects include the manufacture of wood products and prison clothing for all NDOC institutions.

PROGRAM DESCRIPTION

The Southern Nevada Correctional Center (SNCC) is an all male medium security facility located approximately 30 miles south of Las Vegas in Jean, Nevada. The institution opened in January 1978 as a medium-security facility. It was closed in September 2000 with the opening of the High Desert State Prison in Indian Springs. All inmates, staff and canine units were transferred to HDSP, with the exception of two maintenance personnel who remain at SNCC to perform basic maintenance. Now that the SNCC remodel is completed, the facility is scheduled to reopen in August, 2006 as a Youthful Offender Correctional Center.

PROGRAM DESCRIPTION

The Warm Springs Correctional Center (WSCC), formerly known as the Nevada Women's Correctional Center (NWCC), was converted from a female to a male facility on September 20, 1997. WSCC provides a full range of education and work programs. In October of 2000, the Wild Horse Gentling Program was launched at WSCC. This is a joint venture between the Department of Agriculture and the Department of Corrections. Endangered horses removed from the Virginia Range in western Nevada are brought to a holding facility at the Stewart Conservation Camp (Prison Ranch). From there, they are transported to the gentling facility at WSCC, where inmates, working under the guidance of a vocational instructor, practice "resistance free" training methods. Gentled horses are offered to the public during adoption days.

SOUTHERN NEVADA WOMEN'S CORRECTIONAL CENTER

PROGRAM DESCRIPTION

This institution houses female inmates at the Southern Nevada Women's Correctional Center (SNWCC). Since the 1996 creation of the facility in Las Vegas to house women incarcerated in the Nevada Department of Corrections, many changes have occurred with regard to the original planning. The facility was owned by Corrections Corporation of America (CCA) until its purchase by the State of Nevada in October 2001. Maintenance, operation, programs and health care had always been provided by CCA for the women incarcerated at SNWCC. Originally, CCA subcontracted the health care to another private contractor. Eventually, CCA discontinued that contract and provided their own health care. Effective October 1, 2004, the Department of Corrections took possession of the the facility, eliminating the need to contract with CCA.

PROGRAM DESCRIPTION

Assembly Bill 553 appropriated from the State General Fund the sum of \$2,163,960 to Interim Finance Committee for allocation to the Department of Corrections for the fiscal year beginning July 1, 2004, and ending June 30, 2005 for staffing and operation of a transitional housing facility. Money appropriated may only be allocated for staffing and operation of a transition housing facility upon submittal of a comprehensive transition housing plan by the Department and upon approval of the State Board of Examiners and the Interim Finance Committee or for inmate housing expenses if a comprehensive transition housing plan is not submitted by the Department or not approved by the State Board of Examiners and the Interim Finance Committee. The Department submitted this comprehensive transition housing plan for review and approval by the State Board of Examiners and the Interim Finance Committee, pursuant to AB 553 requirements. Approval was granted in June, 2004. The facility is scheduled to open in FY 06.

RESTITUTION CENTER-NORTH

101-3724

PROGRAM DESCRIPTION

The Northern Nevada Restitution Center is the only restitution center currently operating in the Corrections System. The Center is located in Reno and functions as a trustee facility, housing male inmates who are employed in the community. From earned income, inmates make restitution payments to victims and to criminal justice agencies. Inmates may accumulate funds above restitution payments to facilitate their release in the community. The Warden of the Warm Springs Correctional Center administers NNRC. The Restitution Center Manager provides local supervision. The Center moved to its current site in April 1993. The capacity of the facility is 88 inmates with the FY 2004 average population being 99.

PROGRAM DESCRIPTION

The Stewart Conservation Camp (SCC) houses minimum and community trustee custody inmates in an open facility, immediately adjacent to the Northern Nevada Correctional Center in Carson City. The majority of the Stewart inmates support the Nevada Division of Forestry conservation projects and fire suppression activities; other inmates are assigned employment at the prison ranch and in state agencies. The capacity of the institution is 240 inmates.

PROGRAM DESCRIPTION

The Indian Springs Conservation Camp (ISCC) is a minimum custody facility, located immediately adjacent to the Southern Desert Correctional Center (SDCC) at Indian Springs. It houses a male inmate population in an open facility. The ISCC was opened in 1982, with the DUI center added in 1991. In 1993, the camp layout was restructured for better security. The institution opened with a 108-bed capacity, but was expanded to 150 beds in 1990, and expanded again to 248 inmates in 1994. The inmates at ISCC support the Nevada Division of Forestry's (NDF) programs for conservation and fire suppression. In addition to NDF program, there is a Regimental Discipline Program. The Regimental Discipline Program (commonly known as the Boot Camp) includes intensive instruction in military bearing, courtesy, drills, ceremony and physical exercise.

JEAN CONSERVATION CAMP

101-3748

PROGRAM DESCRIPTION

The Jean Conservation Camp (JCC) houses female minimum custody inmates in an open facility, immediately adjacent to the Southern Nevada Correctional Center in Jean. The camp was originally occupied in August 1988. New construction, completed in the spring of 1999, replaced existing housing units and increased capacity from 112 to 240 inmates. The inmates housed at this facility support the Nevada Division of Forestry's program for conservation and fire suppression. When the High Desert State Prison opened in September 2000, JCC was converted to a female institution.
