Trusted. Essential.

2008

Invented by Adobe Systems and perfected over 15 years, Portable Document Format (PDF) lets you capture and view robust information — from almost any application, on any computer system — and share it with virtually anyone, anywhere. Individuals, businesses, and government agencies around the world trust and rely on PDF to communicate their ideas and vision.

Liberating information and the flow of ideas

Now an open standard — PDF is now a formal open standard known as ISO 32000. Maintained by the International Organization for Standardization, ISO 32000 will continue to be developed with the objective of protecting the integrity and longevity of PDF, providing an open standard for the more than one billion PDF files in existence today.

Multiplatform — PDF files are viewable and printable on virtually any platform — Mac OS, Microsoft® Windows®, UNIX®, and many mobile platforms.

Extensible — More than 1,800 vendors worldwide offer PDF-based solutions including creation, plug-in, consulting, training, and support tools.

Trusted and reliable — More than 250 million PDF documents on the web today, along with countless PDF files in governments and businesses around the world, serve as evidence of the number of organizations that rely on PDF to capture information.

Rich in file integrity — PDF files look like original documents and preserve source file information — text, drawings, video, 3D, maps, full-color graphics, photos, and even business logic — regardless of the application used to create them.

More secure — Digitally sign or password-protect PDF documents created with [Adobe® Acrobat®](#) or [Adobe LiveCycle®](#) software.

Searchable — Leverage text-search features in documents and metadata.

Accessible — PDF documents work with assistive technology to help make information accessible to people with disabilities.

THE GENERAL FUND

The State's General Fund receives all revenues and accounts for all expenditures not otherwise provided by law to be accounted for in any other fund. The *Executive Budget* for each fiscal year of a biennium must provide for a General Fund reserve of not less than 5% nor more than 10% of the total of all proposed appropriations from the State General Fund for the operation of all departments, institutions, and agencies of State Government and authorized expenditures from the State General Fund for the regulation of gaming for that fiscal year.

The General Fund balance forecast in the *Executive Budget* for July 1, 2006 is \$4,669,245 higher than required. The July 1, 2007 balance is \$4,695,666 above the requirement.

THE FUND TO STABILIZE THE OPERATION OF STATE GOVERNMENT

The Fund to Stabilize the Operation of State Government is a trust fund. The Fund is also referred to as the “Rainy Day Fund” or “Stabilization Fund.” A direct appropriation to the Fund may be made. In addition, at the close of each fiscal year, the State Controller deposits to the Fund two-fifths of the unrestricted General Fund balance which remains after subtracting an amount equal to 5% of ongoing appropriations. This resulted in a \$70,609,836 deposit into the Fund at year-end FY 2004. In FY 2005, a \$50,000,000 deposit into the Fund will be “triggered” in accordance with the provisions set forth in SB 8 (20th Special Session).

Money from the Fund may be appropriated only if total General Fund revenue for the biennium falls short of the anticipated amount by 5% or more, or if the Legislature and the Governor declare that a fiscal emergency exists.

The *Executive Budget* provides an additional \$3,000,000 in FY 2006, and \$68,000,000 in FY 2007. In addition, anticipated year-end deposits by the Controller will total \$8,006,963 through the end of the next biennium.

*Unclaimed property revenue (G/L 3255) will be reduced by \$7,600,000 in each year of the next biennium. This will provide the resources necessary to service the debt on roughly \$100,000,000 in securities, the proceeds of which will serve as an infusion into the Millennium Scholarship Program.

----------------------	---------------------	---------------------	--------------

A special or "one-time" appropriation is made for a particular purpose that is not anticipated to be continued. The appropriation usually does not add to a previous appropriation, but is generally a new appropriation. It often becomes effective during the fiscal year in which it is made and usually does not revert during the current fiscal period, in contrast to regular appropriations which normally apply to a particular fiscal year.

Sec. 33. Of the amounts appropriated by sections 2 through __ of this act, amounts appropriated in fiscal year 2005-2006 to finance an information technology project in excess of \$50,000 are available for both fiscal years 2005-2006 and 2006-2007 and may be transferred within the same budget account from one year to the other with the approval of the Interim Finance Committee upon the recommendation of the Governor. Any amount transferred must be used to complete the information technology project as approved by the Legislature.

Sec. 34. Of the amounts appropriated by sections 2 through __ of this act, amounts appropriated in fiscal year 2005-2006 to finance deferred facilities maintenance are available for both fiscal years 2005-2006 and 2006-2007 and may be transferred within the same budget account from one year to the other with the approval of the Interim Finance Committee upon the recommendation of the Governor. Any amount transferred must be used to complete the deferred maintenance as approved by the Legislature.

Sec. 35. Amounts appropriated pursuant to sections _ and _ of this act to finance specific programs as outlined in this section are available for both Fiscal Years 2005-2006 and 2006-2007 and may be transferred from one fiscal year to the other with the approval of the Interim Finance Committee upon the recommendation of the Governor as follows:

1. Of the amounts appropriated to the Commission on Economic Development pursuant to section _ of this act, a total of \$500,000 in both Fiscal Year 2005-2006 and Fiscal Year 2006-2007 to support the Train Employees Now Program.
2. Of the amount appropriated to the Department of Education, other state education programs, pursuant to section _ of this act:

- (a) A total of \$49,803 in Fiscal Year 2005-2006 for Peer Mediation Programs;
- (b) A total of \$51,429 in both Fiscal Year 2005-2006 and Fiscal Year 2006-2007 for successful completion of the National Board Teacher Certification Program;
- (c) A total of \$5,114,000 in both Fiscal Year 2005-2006 and Fiscal Year 2006-2007 for new teacher signing bonuses; and

3. Of the amounts appropriated to the Department of Education, proficiency testing, pursuant to section _ of this act:

- (a) A total of \$530,559 in Fiscal Year 2005-2006 and \$552,470 in Fiscal Year 2006-2007 for the state norm-referenced examination;
- (b) A total of \$1,402,692 in Fiscal Year 2005-2006 and \$1,460,623 in Fiscal Year 2006-2007 for the high school proficiency examination;
- (c) A total of \$1,335,548 in Fiscal Year 2005-2006 and \$1,390,717 in Fiscal Year 2006-2007 for the criterion-referenced examinations;
- (d) A total of \$366,348 in Fiscal Year 2005-2006 and \$381,595 in Fiscal Year 2006-2007 for the state writing proficiency examinations.

4. Of the amounts appropriated to the Department of Wildlife, pursuant to section _ of this act:

- (a) A total of \$300,000 in Fiscal Year 2005-2006 for implementation the Governor's Nevada Sage Grouse Conservation plan.

Sec. 36. 1. The sums appropriated to the Legislative Fund by section _ of this act for the support of the Legislative Commission, the various divisions of the Legislative Counsel Bureau and Interim Legislative Operations are available for both Fiscal Years 2005-2006 and 2006-2007, and may be transferred among the Legislative Commission, the various divisions of the Legislative Counsel Bureau and the Interim Legislative Operations and from one fiscal year to another with the approval of the Legislative Commission upon the recommendation of the Director of the Legislative Counsel Bureau. The provisions of chapter 338 of NRS do not apply to projects undertaken pursuant to those appropriations.

2. The sums appropriated for the support of salaries and payroll costs must be applied pursuant to the budget approved by the Legislature notwithstanding the provisions of NRS 281.123.

Sec. 37. The sums appropriated to the Welfare Division by section _ of this act may be transferred among the various budget accounts of the Welfare Division with the approval of the Interim Finance Committee upon the recommendation of the Governor.

Sec. 38. The sums appropriated to Nevada Medicaid and the Nevada Check-Up Program by section _ of this act may be transferred between each budget with the approval of the Interim Finance Committee upon the recommendation of the Governor.

Sec. 39. The sums appropriated to the Department of Corrections by section _ of this act may be transferred among the various budget accounts of the Department of Corrections in the same manner and within the same limits as allowed for revisions of work programs in NRS 353.220.

Sec. 40. Of the amounts appropriated to the Department of Public Safety by sections _ and _ of this act, amounts appropriated to the various budget accounts enumerated in those sections for the support of payment to the Public Safety Information Services Section may be transferred among the various budgets of the Department of Public Safety as enumerated in sections _ and _ of this act for the support of payment to the Public Safety Information Services Section with the approval of the Interim Finance Committee upon the recommendation of the Governor. The amount transferred between accounts is limited to the total amount appropriated in the accounts for the support of payment to the Public Safety Information Services Section.

Sec. 41. The sums appropriated to any division, agency or section of any department of state government for the support of salaries and payroll costs may be transferred to any other division, bureau, agency or section of the same department for the support of salaries and payroll costs with the approval of the Interim Finance Committee upon the recommendation of the Governor. The amount transferred into a budget account is limited to the amount budgeted for vacancy savings. Such transfers are also limited only to those activities which are supported by State General Fund or State Highway Fund appropriations.

Sec. 42. In addition to the requirements of NRS 353.225, for the Fiscal Years 2005-2006 and 2006-2007, the Board of Regents of the University and Community College System of Nevada shall comply with any request by the Governor to set aside money from the appropriations made by this act in any specified amount.

Sec. 43. 1. Of the sums appropriated by section _ of this act, any amounts utilized to match research grants in the University and Community College System of Nevada, Special Projects account, which are not

committed for expenditure by June 30 of each fiscal year may be carried forward for a maximum of 2 fiscal years after which time any unexpended amounts revert to the State General Fund.

2. All money appropriated by section _ of this act other than the sums designated in subsection 1 to support Special Projects research is subject to the provisions of section 45 of this act.

Sec. 44. The appropriations made to the Tahoe Regional Planning Agency in section _ of this act are available contingent upon the State of California providing its two-thirds share of funding.

Sec. 45. 1. Except as otherwise provided in sections 45 and 54 of this act, unencumbered balances of the appropriations made in this act for the Fiscal Years 2005-2006 and 2006-2007 must not be committed for expenditure after June 30 of each fiscal year. Except as otherwise provided in subsection 2, unencumbered balances of these appropriations revert to the fund from which appropriated.

2. Any encumbered balance of the appropriations made to the Legislative Fund by section _ of this act does not revert to the State General Fund but constitutes a balance carried forward.

Sec. 46. The State Controller shall provide for the payment of claims legally obligated in each fiscal year on behalf of state agencies until the last business day of the August immediately following the end of each fiscal year. The State Controller shall process any transactions requested by the Director of the Department of Administration from the prior fiscal period until the third Friday in September immediately following the end of the fiscal year.

Sec. 47. The State Controller shall transfer among the appropriate accounts and funds the amounts necessary to carry out the budget approved by the Legislature, and the amounts so transferred shall be deemed appropriated.

Sec. 48. The State Controller shall pay the annual salaries of Supreme Court Justices, District Court Judges, the Governor, the Lieutenant Governor, the Secretary of State, the State Treasurer, the State Controller and the Attorney General in biweekly installments for each day worked up to and including the date of payment. The payment of a portion of the annual salaries of these officers at the end of a calendar year for the purpose of reconciling the amount of the salary paid during that calendar year with the amount of the salary set forth in statute for that office must not be made if it will result in the issuance of a separate check.

Sec. 49. 1. If the Attorney General determines that delays in the receipt of recovery revenue for the Medicaid Fraud Control Unit will result in insufficient revenues to pay authorized expenditures, he may

submit a request for a temporary advance from the State General Fund to the Director of the Department of Administration to pay authorized expenditures to support the operations of the Unit.

2. The Director of the Department of Administration shall notify the State Controller and the Fiscal Analysis Division of the Legislative Counsel Bureau if he approves a request made pursuant to subsection 1. The State Controller shall draw a warrant upon receipt of such a notification.

3. An advance from the State General Fund approved by the Director of the Department of Administration as authorized pursuant to this section is limited to the total estimated amounts due from outstanding billings for recoveries and must not exceed the total authorized recoveries in the appropriate fiscal year.

4. Any money, which is temporarily advanced from the State General Fund to the Medicaid Fraud Control Unit pursuant to this section, must be repaid on or before the last business day in August immediately following the end of the fiscal year.

Sec. 50. 1. If the Executive Director for Veterans' Services determines that delays in the receipt of federal reimbursement for services provided by the Veterans' Home in Southern Nevada will result in insufficient revenues to pay authorized expenditures, he may submit a request for a temporary advance from the State General Fund to the Director of the Department of Administration to pay authorized expenditures to support operational costs of the Veterans' Home.

2. The Director of the Department of Administration shall notify the State Controller and the Fiscal Analysis Division of the Legislative Counsel Bureau if he approves a request made pursuant to subsection 1. The State Controller shall draw a warrant upon receipt of such a notification.

3. An advance for the State General Fund approved by the Director of the Department of Administration as authorized pursuant to this section is limited to the total estimated reimbursement due from the Federal Government for operational costs incurred by the Veterans' Home in Southern Nevada.

4. Any money, which is temporarily advanced from the State General Fund to the Veterans' Home in Southern Nevada pursuant to this section, must be repaid on or before the last business day in August immediately following the end of the fiscal year.

Sec. 51. 1. If the Director of the State Department of Conservation and Natural Resources determines that, because of delays in the receipt of revenue for services billed to the Federal Government, local governments and other state governments, the amount of current claims for expenses incurred in the

suppression of fire or response to emergencies exceeds the amount of money available to pay such claims within 30 days, he may request from the Director of the Department of Administration a temporary advance from the State General Fund to pay authorized expenses.

2. The Director of the Department of Administration shall notify the State Controller and the Fiscal Analysis Division of the Legislative Counsel Bureau if he approves a request made pursuant to subsection 1. The State Controller shall draw a warrant upon receipt of such a notification.

3. An advance from the State General Fund:

(a) May be approved by the Director of the Department of Administration only for expenses incurred in the suppression of fires or response to emergencies charged to the budget account for forest fire suppression/emergency response of the Division of Forestry of the State Department of Conservation and Natural Resources. Before approving the advance, the Director shall verify that billings for reimbursement have been sent to the agencies of the Federal Government, local governments or other state governments responsible for reimbursing the Division of Forestry for costs incurred in fire suppression or emergency response activities;

(b) Is limited to the total due from outstanding billings for reimbursable expenses incurred in the suppression of fires or response to emergencies as approved for payment to the State by agencies of the Federal Government, local governments, and other state governments.

4. Any money, which is temporarily advanced from the State General Fund to the budget account for forest fire suppression/emergency response pursuant to this section, must be repaid on or before the last business day in August immediately following the end of the fiscal year.

Sec. 52. 1. If the Governor orders the Nevada National Guard into active duty as described in NRS 412.122 for an emergency as described in NRS 353.263 and the Adjutant General of the Nevada National Guard determines expenditures will be required, the Adjutant General may request from the Director of the Department of Administration a temporary advance from the State General Fund for the payment of authorized expenses.

2. The Director of the Department of Administration shall notify the State Controller and the Fiscal Analysis Division of the Legislative Counsel Bureau of the approval of a request made pursuant to subsection 1. The State Controller shall draw his warrant upon receipt of the approval by the Director of the Department of Administration.

3. An advance from the State General Fund:

(a) Must be approved by the Director of the Department of Administration for expenses incurred as a result of activation of the Nevada National Guard;

(b) Is limited to \$25,000 per activation as described in subsection 1.

4. Any money which is temporarily advanced from the State General Fund to an account pursuant to subsection 3 must be repaid as soon as possible, and must come from the emergency account established under NRS 353.263.

Sec. 53. If the State of Nevada is required to make payment to the United States Treasury under the provisions of Public Law 101-453, the Cash Management Improvement Act of 1990, the State Controller, upon approval of the State Board of Examiners, may make such payments from the interest earnings of the State General Fund or interest earnings in other funds when interest on federal money has been deposited in those funds.

Sec. 54. 1. Any amounts provided to support the Challenge Grant Program which are not committed for expenditure by June 30 of each fiscal year may be carried forward for a maximum of 2 fiscal years after which time any unexpended amounts revert to the State General Fund. If a challenge grants project is completed in less than 3 fiscal years, any unexpended money must not be reallocated and reverts to the State General Fund at the close of the fiscal year.

2. All money appropriated by section _ of this act to support the Challenge Grant Program is subject to the provisions of section 45 of this act.

Sec. 55. 1. Sections 1 to 55, inclusive, of this act become effective on July 1, 2005.

EXECUTIVE BUDGET

This Budget document has a three-part format with revenue and expenditure detail for each of the components of Base, Maintenance, and Enhancements. Comparison information is provided for the past actual year, the current year's work program, and each fiscal year of the upcoming biennium. Agencies' requests and the Governor's recommendations are shown for the upcoming biennium. This section contains brief explanations of certain areas of the budget and brief definitions of common terms employed in the budget.

DEFINITIONS

ADJUSTED BASE BUDGET - Adjusted base budget includes last year's actual expenditures adjusted for specific factors:

Actual Expenditures

- One-time expenditures including all equipment
- + Annualized salaries and operating expenses
- + Merit salary increases (net of any special adjustments)
- + Across-the-board pay increases previously granted by the Legislature
- +/- Differences in number of working days
- +/- Annualization of new programs approved by the previous Legislature or by Interim Finance Committee, and of programs sunseted by the previous Legislature
- +/- Changes in already signed contracts, such as leases
- +/- Expenses required every other year

= Adjusted Base Budget

APPROPRIATIONS - A Legislative authorization to spend a set amount of State funds for a particular purpose. Appropriations are normally made from the General Fund and the Highway Fund. Expenditures from a given appropriation need not - and generally do not - exactly coincide with the amount of the appropriation, since less than full amounts of the appropriation may be spent within the specified period.

ASSESSED VALUES - For those portions of the Executive Budget dependent upon property assessments and/or local property tax collections, assessed value forecasts generated and certified by the Department of Taxation are used. These forecasts are highlighted below, along with historical information, from the Department of Taxation, *Ad Valorem Tax Rates for Nevada Local Governments*. Actuals established annually in April; includes net proceeds of mines; excludes redevelopment agencies and other general exemptions.

Fiscal Year	Assessed Value	Percent Change
Actual:		
1998	\$37,313,864,077	9.4%
1999	\$40,814,503,598	9.4%
2000	\$44,967,465,094	10.2%
2001	\$49,749,247,957	10.6%
2002	\$52,943,737,483	6.4%
2003	\$57,768,732,697	9.1%
2004	\$62,958,855,390	9.0%
2005	\$69,700,111,729	10.7%
Forecast:		
2006	\$75,566,277,158	8.4%
2007	\$82,497,674,585	9.2%

AUTHORIZATIONS - This is the authority granted by the Legislature that allows State agencies to collect and expend funds from sources other than the General Fund or Highway Fund. A primary source of authorization is federal funds. Other sources may include county funds, gifts, grants, donations, fees, sales, etc.

BASE - Last year's actual expenditures. See also Adjusted Base Budget.

BUDGET CUTS – Planned budget reductions.

COST ALLOCATION TOTALS- A number of agency budgets contain indirect cost allocations within the agency organization to fund various administrative efforts. Each individual decision in a single budget account can affect the total administrative assessment within the Department. To avoid creating separate decision units to incrementally allocate portions of each recommended decision, one maintenance and one enhancement decision unit have been created to capture the cumulative effect of all allocations within a budget account for the maintenance and enhancement portions of the budget. Separate spreadsheets have been individually prepared outside the Executive Budget for review by legislators and/or their staff to view the effect of each individual decision.

CLASSIFIED EMPLOYEES - Employees covered under the State's merit system. Classified employees are paid on a biweekly basis at levels based on a compensation plan, which includes salary increases approved by the Legislature. Salaries for recommended new classified positions and requested reclassifications are shown at approximate classification levels. After establishment by the Legislature, the Department of Personnel may review these positions to determine the appropriate classification level.

DECISION UNITS - A separate component built into a budget account to display the cost associated with the decision to fund a new program, change the configuration of an existing program, or to add or subtract from ongoing budgetary levels. Each decision unit has a numerical heading, such as E-800, and a title, such as Cost Allocation.

E-600-605 BUDGET CUTS DECISION UNITS – Planned budget reductions for the coming biennium.

E-730 MAINTENANCE OF BUILDINGS AND GROUNDS - Maintenance and renovations for buildings and grounds, including major and minor building improvements. See M-425.

E-800 – COST ALLOCATION - A number of agency budgets contain indirect cost allocations within the agency organization to fund various administrative efforts. Each individual decision in a single budget account can affect the total administrative assessment within the Department. To avoid creating separate decision units to incrementally allocate portions of each recommended decision, one maintenance and one enhancement decision unit have been created to capture the cumulative effect of all allocations within a budget account for the maintenance and enhancement portions of the budget. Separate spreadsheets have been individually prepared outside the Executive Budget for review by legislators and/or their staff to view the effect of each individual decision.

E-805 - E808 - SIGNIFICANT RECLASSIFICATIONS - The incremental costs to fund reclassifying one or more positions.

E-809 - SWORN SALARY ADJUSTMENTS – A pay increase for law enforcement staff and correctional officers in the departments of Corrections, Public Safety, and Wildlife, and the Division of State Parks.

E-810 – OTHER SALARY ADJUSTMENTS – A two grade pay increase for nurses, dispatchers, and some youth correctional staff.

E-811 – UNCLASSIFIED SALARY ADJUSTMENTS – Adjustments to the unclassified pay scale to create consistency and equity between similar positions.

E-900 - PROGRAM TRANSFERS – For transferring a program from one budget account to another. The budget receiving the proposed transfer will have positive (+) numbers, while the budget from which the program is transferred out will have negative (-) numbers. If several decision units from the originating budget are proposed to be transferred, a series of E-900 decision units, i.e., E-901, E-902, etc. may be displayed. Position transfers are included in these modules.

ECONOMIC FORUM - The Economic Forum consists of experts from the private sector who forecast State General Fund revenues. The Forum's forecast is binding on both the Executive and Legislative branches of government. The Executive Budget uses the Forum's December 1 forecast. The Forum will issue a revised forecast May 1.

ENHANCEMENT DECISION UNITS - Recommendations to fund program expenses or positions in agency budgets to address the Governor's functional goals. Also includes program improvements or changes in levels of service not related specifically to a functional goal.

EXECUTIVE BUDGET - This is the Governor's recommended program for the coming biennium expressed in dollar terms. It is an overall plan of recommended expenditures necessary to execute his proposed program, together with an estimate of income expected to be available to support these expenditures.

EXPENDITURE LIMITATION - The Nevada Revised Statutes places limitations on General Fund (exclusive of construction projects) appropriations in the Executive Budget. Appropriations are constrained by growth in the State's population and inflation. More specifically, base expenditures, against which appropriations growth is calculated, are defined as Legislatively Approved appropriations for the 1975 - 1977 biennium. General Fund appropriations in the 2005 - 2007 biennium must not exceed the base expenditures adjusted for an allowable increase equal to the percentage growth in the State's population since 1974 and adjusted for an additional allowable increase equal to the percentage growth in consumer prices, as measured by the Consumer Price Index, over the same period.

FY 1976 - FY 1977 Base Expenditures	\$388,993,276
<u>Population Adjustment:</u>	
July 1974 population	597,000
July 2004 population	2,372,821
Percent Change	297.5%
Base Expenditures Adjusted for Population	\$1,546,082,771
<u>Inflation Adjustment:</u>	
July 1974 Consumer Price Index	49.4
July 2004 Consumer Price Index	189.4
Percent Change	283.4%
Allowable Expenditures Adjusted for Population and Inflation	\$5,927,693,862
Executive Budget Appropriations	\$5,712,017,524

FISCAL YEAR – The state financial accounting year runs July 1 through June 30, and overlaps two calendar years. We are currently in fiscal year 2004-2005. This may be abbreviated using the last calendar year of the fiscal year, so the current year may be abbreviated fiscal year 2005, FY 2005, or FY 05. The federal fiscal year (FFY) runs from October 1 through September 30. Agencies that receive federal funds may use the abbreviation SFY to distinguish the state fiscal year from its federal counterpart.

FRINGE BENEFIT ADJUSTMENTS – Includes the impact of all fringe benefit recommendations as shown in the rates table. Fringe benefit adjustments include retirement, group insurance, retirement group insurance, workers' compensation, personnel assessments, and unemployment compensation changes.

FTE – FULL-TIME EQUIVALENT - Most state employees are full-time, but some positions are part-time, and some full-time positions are funded by more than one budget account, so in an individual budget account they would appear as part-time positions. Two half-time positions, at 0.50 each, would add up to the equivalent of one full time position: $0.50 + 0.50 = 1.00$ full-time equivalent or FTE. If a position is budgeted at exactly 0.50, the state must pay into both Social Security (FICA) and the Public Employees' Retirement System (PERS), two retirement payments, so half-time positions are often budgeted at 0.51, and the state makes only one retirement payment, to PERS. Thus three half-time positions might show up as 1.53 FTE (0.51×3).

FUNCTIONAL GOALS – Many enhancement decision units link to the Governor’s functional goals:

E-125 - Provide a tax structure that is equitable, stable, and keeps taxes and fees to a minimum.

E-150 - Develop incentives that encourage economic development.

E-175 - Protect the State’s interest and competitive advantage in gaming and tourist-related industries, but increase the share of non-gaming business in Nevada’s economy.

E-200 - Provide meaningful incentives or rewards to State departments and employees to encourage more efficient operations.

E-225 - Eliminate duplication of services and effort among State agencies and other local or nonprofit entities.

E-250 - Maintain lean but appropriate State staffing levels sufficient to ensure public health and safety, and provide State employees with a good working environment and a competitive wage.

E-275 - Maximize the use of the Internet and other technology to make government more accessible and more economical.

E-300 - Improve pupil achievement in elementary and secondary schools, and increase the number of students going on to higher education in Nevada.

E-325 - Foster the delivery of government services at the level closest to the people.

E-350 - In developing environmental policies and programs, use cost-benefit analyses that consider all relevant social, economic, and legal factors.

E-375 - Reduce the recidivism rate of prison inmates and reduce the incidence of juvenile violence.

E-400 - Increase the percentage of Nevadans who have access to health care and who have health insurance.

E-425 - Provide a social service system that enables, motivates, and rewards self-sufficiency.

E-450 - Increase the effectiveness of family services in the State.

GENERAL FUND – The General Fund is the major operating fund of the State. It received all revenues and accounts for all expenditures not otherwise required by statute to be in any other fund. The Executive Budget must recommend a General Fund reserve for each fiscal year of between 5% and 10% of proposed General Fund appropriations and authorizations for the operation of state government. The fund presently receives its income from the Sales Tax, Gaming Taxes, Insurance Premium Tax, Modified Business Tax, Live Entertainment Tax, Real Property Transfer Tax, and other taxes and miscellaneous sources such as interest, licenses, fees and fines.

HIGHWAY FUND – The Highway Fund derives its income from State gasoline taxes and fees on the use and operation of motor vehicles. The Highway Fund is restricted to the construction, maintenance and repair of public highways and related administrative costs. The Highway Fund provides support to the Departments of Transportation, Motor Vehicles, and Public Safety, plus the Transportation Services Authority.

M-100 DECISION UNIT – See also Maintenance. Decision unit M-100 includes inflationary increases for electricity and natural gas, plus changes in internal service fund rates such as Motor Pool, State-owned building rent, Attorney General employee tort, employee bond, Department of Information Technology (DoIT) assessment and rates, property and contents insurance rates, and vehicle insurance. See the rate table for details.

M-101 DECISION UNIT – Agency specific inflation, often covering increased pharmaceutical prices, included in some budgets.

M-300 - FRINGE BENEFIT ADJUSTMENTS - Includes the impact of all fringe benefit recommendations as shown in the rates table. Fringe benefit adjustments include retirement, group insurance, retirement group insurance, workers’ compensation, personnel assessments, and unemployment compensation changes.

M-303 - OCCUPATIONAL STUDIES - Budgeted amounts display the costs of implementing an occupational group study for the Rehabilitation subgroup of Social Services & Rehabilitation. See also occupational studies.

M-304 – CLASSIFIED 2% COLA – Cost of living pay increase of 2% each year for all K-12 education employees and state and university classified employees.

M-305 – UNCLASSIFIED / NON-CLASSIFIED 2% COLA – Cost of living pay increase of 2% each year for unclassified and non-classified employees.

M-306 – UCCSN PROFESSIONAL 2% COLA – Cost of living pay increase of 2% each year for university professional staff.

M-425 – FACILITY MAINTENANCE - Preventive facility maintenance, addressing deferred maintenance and issues that contribute to an unhealthy work environment for employees, clients, and the public, and for maintenance of buildings and equipment to make sure they last their intended life span.

M-800 COST ALLOCATION - A number of agency budgets contain indirect cost allocations within the agency organization to fund various administrative efforts. Each individual decision in a single budget account can affect the total administrative assessment within the Department. To avoid creating separate decision units to incrementally allocate portions of each recommended decision, one maintenance and one enhancement decision unit have been created to capture the cumulative effect of all allocations within a budget account for the maintenance and enhancement portions of the budget. Separate spreadsheets have been individually prepared outside the Executive Budget for review by legislators and/or their staff to view the effect of each individual decision.

MAINTENANCE – Portions of the costs to continue existing programs are affected by external factors. These costs are separated from the adjusted base budget into maintenance decision units. Included are costs associated with inflation, demographic/caseload changes, occupational study recommendations, fringe benefit rate adjustments, federal mandates, court orders, and consent decrees.

OCCUPATIONAL STUDIES – Personnel conducts occupational studies to: 1) Ensure that the class specifications for an occupational group or subgroup are effective recruitment and classification tools; 2) Consolidate classes when possible and create generic classes that encompass a broad ranges of duties; 3) Abolish obsolete classes; and 4) Evaluate changes in the work performed and the required knowledge, skills, and abilities in relation to the established grade level. Occupational studies require the approval of the Personnel Commission and funding by the Legislature prior to implementation. Decision M-303 includes budgeted amounts for the costs of implementing an occupational group study for the Rehabilitation subgroup of Social Services & Rehabilitation.

ONE-TIME APPROPRIATIONS – Also known as one-shot or special appropriations. An appropriation made for a particular purpose that is not anticipated to be continued. A one-time appropriation usually does not add to a previous appropriation, but is generally a new appropriation. It often becomes effective during the fiscal year in which it is made and usually does not revert until the end of the new biennium. In contrast, regular appropriations normally are for continuing expenses and revert after a single fiscal year. See reversions.

OPERATION AND MAINTENANCE OF NEW BUILDINGS AND FACILITIES - Information on the operation and maintenance of new buildings recommended for funding in this Executive Budget will be provided to the Legislature with the Capital Improvement Program.

PROGRAM TRANSFERS – Decision units in the E-900 series are used for transferring a program from one budget account to another. The budget receiving the proposed transfer will have positive (+) numbers, while the budget from which the program is transferred out will have negative (-) numbers. If several decision units from the originating budget are proposed to be transferred, a series of E-900 decision units, i.e., E-901, E-902, etc. may be displayed. Position transfers are included in these modules.

RECLASSIFICATIONS – The incremental costs to fund reclassifying one or more positions.

REVERSIONS - The balance of an appropriation remaining after the close of the specific time period allowed for expenditures is a reversion. Reversions are returned to the original source of the appropriation.

SALARIES - The individual salary figures for the upcoming biennium are based on the current compensation plan for State employees. Changes in salary amounts from year to year reflect step adjustments within existing pay grades and may also indicate changes in incumbents. Those employees currently covered under the employer-paid retirement system and all new employees are budgeted as employer-paid.

STRATEGIC PLAN - The Governor adopted the following Vision, Mission and Philosophy for Nevada State Government. See Functional Goals for his goals and their relationship to Enhancement decision units.

Vision: We envision a Nevada that honors and defends fundamental principles of trust, honesty and hard work; a Nevada where all citizens are made welcome and have the opportunity for a quality education and stable, rewarding employment; a Nevada whose people are secure in their health, their homes and their property; and a prosperous Nevada, where families and individuals find work meaningful, recreation plentiful, and the wonders of our natural environment preserved.

Mission: To enable all Nevadans to exercise their individual rights, enjoy equality of opportunity, and accept responsibility for themselves and their families; to preserve Nevada's cultural, historic, and environmental resources and economic prosperity for future generations; to provide other essential government services both efficiently and cost-effectively; and to keep governmental intrusion in our citizens' personal lives to a minimum, while ensuring public health and safety.

Philosophy: Government cannot solve every problem or meet every need. State government must focus on essential services and priorities, and do them well. To that end, we will be responsive to the public, prudent with its money, and protective of its interest. We will be cooperative, forthright, and dedicated. We will use innovation and creativity to provide the highest level of service possible within available resources. We will exhibit an abiding commitment to Nevada and the future of its people, and we will be honest and ethical in all our dealings with others.

Finally, we will promote and defend time-honored principles of individual responsibility, common civility, and compassion of others.

SUPPLEMENTAL APPROPRIATION – A supplemental appropriation is an additional appropriation to meet an actual or anticipated deficit in an ongoing program. A supplemental appropriation adds funds to an appropriation made by a preceding Legislative Session.

TRANSFERS – Decision units in the E-900 series are used for transferring a program from one budget account to another. The budget receiving the proposed transfer will have positive (+) numbers, while the budget from which the program is transferred out will have negative (-) numbers. If several decision units from the originating budget are proposed to be transferred, a series of E-900 decision units, i.e., E-901, E-902, etc. may be displayed. Position transfers are included in these modules.

GOVERNOR'S REPORT ON STAFF PERQUISITES

NRS 63.170 - Housing and other Perquisites for employees; Report to Legislature. If the superintendent of a facility determines that it is necessary or desirable that any employee reside at the facility, the Administrator of the Division of Child and Family Services may grant perquisites to the employee or pay for services rendered to the employee. The Administrator of the Division of Child and Family Services shall submit to the Director of the Department of Human Resources, for transmission to each regular session of the Legislature, a report of any perquisites granted to an employee and any payments made for services rendered to an employee. (Added to NRS by 2003, 1098) [Currently in use by the Division of Child and Family Services in Elko and Caliente. The Division is not planning to use this provision in the upcoming biennium.]

NRS 63.130 - Superintendent: Housing and other perquisites. If a residence is available on the grounds of or near a facility, the superintendent of the facility shall reside at the residence, as provided for in this section. In addition to his salary, the superintendent of a facility is entitled to: (a) The use of a residence on the grounds of or near the facility, if such a residence is available, which must be maintained by the State of Nevada. (b) Heat, electricity and water for the residence. (c) The use of any appliances and furnishings for the residence which are reasonably necessary, as determined by the Administrator of the Division of Child and Family Services. (d) Meals at the facility without charge when supervising personnel or children. The superintendent of a facility shall not receive any perquisites except those provided for in this section. (Added to NRS by 2003, 1096) [Currently in use by the Division of Child and Family Services in Elko and Caliente. The Division is not planning to use this provision in the upcoming biennium.]

NRS 209.181 - Officers and employees residing at institution or facility: Charges and perquisites; notice to Legislature. If the Director finds that it is necessary or desirable that any officer or employee reside at an institution or facility, perquisites granted to the officer or employee or charges for services rendered to him are at the discretion of the Board. The Director shall notify the Legislature at each regular session of the existing charges and perquisites. (Added to NRS by 1977, 847; A 1983, 721) [No longer in use by the Department of Corrections]

NRS 423.065 Perquisites. Each Superintendent is entitled to meals at the children's home without charge when supervising personnel or children. Neither Superintendent may receive any other perquisite. (Added to NRS by 1960, 103; A 1963, 908; 1973, 1627; 1983, 394) [Children's Homes are no longer open]

NRS 423.095 Employees: Charges and perquisites. If the Superintendent finds that it is necessary or desirable that any employee reside at the children's home, perquisites granted to such persons or charges for services rendered to such persons shall be at the discretion of the Administrator. The Administrator shall submit to the Director, for transmission to each regular session of the Legislature, a report of the existing charges and perquisites. [Children's Homes are no longer open] (Added to NRS by 1960, 104; A 1963, 29; 1973, 1628)

NRS 433.254 - Division of Mental Health and Mental Retardation. If the Administrator finds that it is necessary or desirable that any employee reside at a facility operated by the Division or receive meals at such a facility, perquisites granted or charges for services rendered to that person are at the discretion of the Governor. [No longer in use by the Division of Mental Health and Developmental Services]

NRS 433 B.130 - Additional Provisions Relating to Children. If the Administrator finds that it is necessary or desirable that any employee reside at a facility operated by the Division or receive meals at such a facility, perquisites granted or charges for services rendered to that person are at the discretion of the Governor. [Currently in use by the Division of Child and Family Services in Elko and Caliente. The Division is not planning to use this provision in the upcoming biennium.]

INTERIM FINANCE CONTINGENCY FUND ACTIVITY

(Interim Finance Contingency Fund)

State agencies requesting allocations from the Interim Finance Contingency Fund must petition the Board of Examiners. If the request is recommended by the Board of Examiners, the Interim Finance Committee meets and considers the recommendation. If approved by the Committee, amounts may be transferred to State agency accounts. The following is an accounting of receipts and disbursements in the Fund since the 2003 Legislative Session.

GAMING CONTROL BOARD

101-4061

PROGRAM DESCRIPTION

The Gaming Control Board is responsible for regulating Nevada's gaming industry. Its purpose is to protect the stability of the gaming industry through investigations, licensure and enforcement of laws and regulations; to ensure the collection of gaming taxes, which are an essential source of State revenue; and to maintain public confidence in gaming.

M425 DEFERRED FACILITIES MAINTENANCE

The Board's non-state owned office buildings in Carson City, Laughlin, Elko and Reno require semiannual carpet cleaning. In addition, the Carson City office requires the replacement of carpeting which will be over 8 years old by 2006. This funding request also allows for the State recommended deep cleaning to prevent mold and other environmental matters that may arise as a result of continually deferred cleaning costs.

GAMING CONTROL BOARD INVESTIGATION FUND

244-4063

PROGRAM DESCRIPTION

The investigative fund was created in NRS 463.331 as a special revenue fund for the purpose of paying all expenses incurred by the Board and the Commission to investigate a gaming application. Due to the unpredictable and fluctuating nature of the investigations and the subsequent funding to pay for them, it is difficult to predict the amount of money that will pass through this account and the type of expenditures which will occur.

BASE

This decision unit provides funding for ongoing operations and costs associated with investigative personnel.

BUDGET AND PLANNING

101-1340

PROGRAM DESCRIPTION

The Budget and Planning Division is primarily responsible for preparing and presenting the Governor's Executive Budget for the executive branch of state government. Other responsibilities include: 1) financial oversight of executive agencies including approval of work programs and other financial matters; 2) evaluating policies and providing direction involving the services of executive agencies and assisting them to strategically plan and develop performance measurements; 3) monitoring and forecasting state revenues; and 4) coordinating all Board of Examiner meetings and providing recommendations and support in relation to its operations. Statutory Authority: NRS 353.

GENERAL FUND SALARY ADJUSTMENTS

101-4883

PROGRAM DESCRIPTION

The General Fund Salary Adjustment account is funding 80% of the 2% Cost of Living increase for classified, unclassified and non-classified employees. In addition, it also funds a two-grade increase for nurses, dispatchers and some youth correctional staff; a pay increase for sworn officers in the Department of Corrections; Department of Public Safety; Department of Wildlife; Department of Conservation & Natural Resources, State Parks Division; and provides the funding necessary to create equity between positions that perform similar job duties in the unclassified service including positions within the Office of the Attorney General; Secretary of State; and the State Controller.

HIGHWAY FUND SALARY ADJUSTMENT

201-4881

PROGRAM DESCRIPTION

The Highway Fund Salary Adjustment account is funding 80% of the 2% Cost of Living increase for classified, unclassified and non-classified employees. In addition, it also funds a two-grade increase for nurses, dispatchers and some youth correctional staff; a pay increase for sworn officers in the Department of Corrections, Department of Public Safety, Department of Wildlife, and Department of Conservation & Natural Resources, State Parks Division; and provides the funding necessary to create equity between positions that perform similar job duties in the unclassified service.

DEFERRED COMPENSATION COMMITTEE

101-1017

PROGRAM DESCRIPTION

The purpose of the Deferred Compensation Fund is to provide reimbursement for operational expenses of the Deferred Compensation Committee. Members of the committee are appointed by the Governor, pursuant to NRS 287.330, and are responsible for the administration of the State of Nevada Employees Deferred Compensation Plan. Meetings of the committee are held quarterly, or upon the call of the chair, to discuss and determine plan activity such as investment options, investment performance, issues dealing with the providers and appeals of hardship applications. The Committee contracts with Hartford and ING for enrollment, investment and administration services associated with member accounts. As of June 30, 2004, there were 9,139 participants enrolled in the voluntary deferred compensation plan; member accounts totaled \$268,515,476 in deposits. Over the last sixteen years this is an increase from 500 active participants with total plan assets of \$8 million. Statutory Authority: NRS 287.250 - 287.480

BASE

The adjusted base budget recommends the continuation of the current program. One-time expenditures have been eliminated and partial year expenditures have been annualized.

MERIT AWARD BOARD

101-1345

PROGRAM DESCRIPTION

The Merit Award Program was established in 1967 to recognize state employees for ideas that improve the operation of state government or reduce state expenditures. The board is comprised of five members: two members of the State of Nevada Employees Association, one member from the Budget Division of the Department of Administration, one member from the Department of Personnel, and one member appointed by and representing the Governor. Statutory Authority: NRS 285

BASE

The adjusted base budget recommends continued funding for the operation of the Merit Award Board, for monetary service awards issued to state employees, and for related costs. The Merit Award Board may spend up to \$1,000 of its \$5,000 annual budget for the operation of the board.

INFORMATION TECHNOLOGY PROJECTS

PROGRAM DESCRIPTION

This budget account will be used to monitor and control expenditures for designated information technology (IT) projects. The benefit of pooling IT projects into one budget account is to provide a larger total contingency amount than could be justified in any individual project budget based on the probability that a few IT projects might overrun their budgets, but it is extremely unlikely that all IT projects would overrun project budgets. By providing this flexibility, the fiscal success of these projects is more assured. Providing sufficient contingency funds for IT projects has been an expressed desire of the Legislature in previous sessions.

BASE

The base budget has been eliminated since all expenditures were one-time in nature related to one-shot information technology projects.

This decision unit recommends funding Phase 4 of the Digital Microwave and Fiber Optic System for the Department of Information Technology (DoIT). Phase 4 will complete the reconstruction and upgrade of the State communications infrastructure system, replacing the 35-year-old analog microwave system. This system is used to transport telephone and teleconferencing services; internet, email, and data services; and public safety radio service.

This decision unit recommends funding the Nevada Executive Budget System (NEBS) Data Mart for the Department of Administration's Budget Division. This Data Mart will expand reporting and analysis possibilities, including multi-biennium inquiries, for all users of the budget system. This application will allow users to research such inquiries themselves, producing a more accurate, relevant result in a shorter amount of time. The technique of separating the reporting database (data warehouse or data mart) from the operational system has proven invaluable with the other components of the Integrated Financial System (IFS).

This decision unit recommends funding the Offender Tracking Information System for the Department of Corrections (NDOC). This system will replace the legacy NCIS which is supported by a single individual, and has limitations on its functionality based upon its use of obsolete technology. This system is critical to the department's mission and is relied on to execute the orders of Nevada courts that place offenders under the department's jurisdiction. Permanent, on-going positions requested for this system are requested in Budget Account 3710, NDOC Director's Office, in Decision Unit E275.

INSURANCE & LOSS PREVENTION

715-1352

PROGRAM DESCRIPTION

The mission of the Risk Management Division is to provide effective loss prevention tools, information, risk transfer options and loss funding mechanisms to State agencies to protect the State's assets, including personnel, from accidental losses, and to adopt and promote effective loss prevention and safety programs. The division's statutory authority is found in NRS 331.182 through 331.188. The required services and programs of the division are described in NRS 616A through 617 inclusive, 618.375, 618.383, 618.385 and 618.395.

INDIGENT ACCIDENT ACCOUNT

628-3245

PROGRAM DESCRIPTION

The purpose of the Indigent Accident Fund is to reimburse hospitals for care to indigent persons who are injured in motor vehicle accidents in Nevada. A five-member Board of Trustees, consisting of county commissioners appointed by the Governor, administers the fund. Once it is determined that an injured person is indigent, the board may reimburse the hospital which provided the medical care for a portion of unpaid charges. Within available resources, the Fund participates when the claim exceeds \$3,000. County governments reimburse claims less than \$3,000. Funding involves a transfer to the State Treasurer from each county of an amount equal to 1.5 cents for each \$100 of assessed valuation of all taxable property in the county. Statutory Authority: NRS 428.115 - 428.255

BASE

The adjusted base budget recommends continued funding of the Indigent Accident Account and associated operating costs. One time expenditures have been removed and partial year expenditures have been annualized.

DIVISION OF INTERNAL AUDIT

101-1342

PROGRAM DESCRIPTION

The Division of Internal Audits provides innovative and useful recommendations to improve the efficiency and effectiveness of state agencies. The division also provides quality training, assistance, and monitoring of state agencies' financial administration and safeguarding of state funds. The division consists of three sections: the Internal Audits section, which provides innovative solutions to improve the efficiency and effectiveness of executive branch agencies; the Financial Management section, which reviews executive branch agencies' internal controls and provides training to ensure effective financial administration; and the Post Review section, which statistically samples executive branch agency transactions for compliance with laws, regulations, guidelines, and contract stipulations. The Internal Audits section also independently reports to the Executive Branch Audit Committee, which the Governor chairs and includes the Lieutenant Governor, Secretary of State, State Treasurer, State Controller, Attorney General, and a representative of the public. Statutory Authority: Nevada Revised Statutes 353A and 353.090.

MOTOR POOL

711-1354

PROGRAM DESCRIPTION

The Nevada State Motor Pool operates under the authority of NRS 336. There are Motor Pool facilities in Carson City, Las Vegas and Reno. The State Motor Pool services and maintains approximately 744 agency owned vehicles for use by authorized State employees on official State business. The primary objective of the State Motor Pool is to provide a safe, reliable means of transportation for State employees in an easily accessible, professional and economic manner. Statutory Authority: NRS 232.213 and 336.

MOTOR POOL VEHICLE PURCHASE 711-1356

PROGRAM DESCRIPTION

The Motor Pool Vehicle Purchase account serves as a holding account for accumulation of funds realized from vehicle disposals, insurance recoveries from vehicles that are total losses from accidents, depreciation allowances for fleet replacement and general fund appropriations used to purchase additional vehicles for agencies use. Funds for depreciation expense in the State Motor Pool budget (B/A 1354), are transferred to the Motor Pool Vehicle Purchase budget as revenue. Statutory Authority: NRS 336

BASE

The adjusted base budget recommends the continuation of the current program. One-time expenditures have been eliminated and partial year expenditures have been annualized.

PROGRAM DESCRIPTION

The Purchasing Division is responsible for all functions related to purchasing, renting or leasing of supplies, materials and equipment needed by state agencies and political subdivisions, either by performing these functions directly or by delegating them to the using agencies. Its purpose is to obtain supplies, equipment and services in a timely manner, to secure the best value, and to give all vendors an equal opportunity to do business with the state. Staff also handles the disposal of state property and maintains the state fixed assets. Statutory Authority: NRS 333 and 334

COMMODITY FOOD PROGRAM

101-1362

PROGRAM DESCRIPTION

Under the direction of the Department of Administration's Purchasing Division, the Food Distribution Program administers the distribution of food received by the United States Department of Agriculture under Federal Regulation, CFR part 250-253. All food program entitlement and benefits are authorized annually by Congress and are intended to provide aid to the American farmer under a food price support and surplus removal process, along with an objective to reduce hunger and improve the nutritional standards for the recipients of the program. The distribution of food is carried out under one of three sub-programs. The first and basic program is the distribution of food to schools, child care sites, charitable institutions, senior nutrition programs and summer camps. The second program is the Food Distribution Program on Indian reservations and involves the distribution of food to needy households residing on rural Indian reservations. The third program is the Emergency Food Assistance Program which distributes surplus products to food banks for redistribution to low income households statewide. The Food Distribution Program serves approximately 210 agencies and 10 Indian reservations throughout the State. Statutory Authority: NRS 333.

PROGRAM DESCRIPTION

The Buildings and Grounds Division provides physical maintenance, housekeeping and security for most State-owned and leased buildings and grounds in Carson City, Reno, and Las Vegas and negotiates leases for State agencies. Services offered range from general janitorial and grounds maintenance to minor remodeling. The Capitol Police section of the Department of Public Safety provides building security for the Capitol Complex in Carson City and the Grant Sawyer Building in Las Vegas. Capitol Police is funded through Buildings and Grounds, which recovers the cost as part of the rent rate charged to State agencies. Additionally, the Buildings & Grounds Division provides management of Central Mail Services, Marlette Lake Water System and Clear Creek Youth Center for which separate budgets are maintained. Statutory Authority: NRS 331

ENHANCEMENT

E250 WORKING ENVIRONMENT AND WAGE

A .25 full-time equivalent (FTE) Water System Operator (Grade 31) position is requested. This position will serve a dual role for the operation of the Marlette Lake Water System (B/A 1366) (75%) and the Stewart Facility Water Treatment Plant (25%). Both facilities are a non-stop 24 hour (24/7/365) operation and currently have only one full-time licensed operator and one nine-month seasonal employee. The new position will replace the seasonal employee and have the license(s) required by the State Division of Health in order to back-up the existing licensed operator. This new position is necessary to improve the efficiency, reliability and client service of these two very important water systems.

713-1346

PROGRAM DESCRIPTION

The Mail Services Section of the Buildings and Grounds Division provides mail services to most State agencies in the Carson City, Reno, and Las Vegas areas. This includes all incoming, outgoing, certified, and express mail. It also includes overnight mail service between Carson City and Las Vegas, inter-office mail delivery and pick-up in the Reno/Carson City and Las Vegas areas and a folding, inserting and addressing and bulk mailing services. The previous consolidation of Statewide mail services and the expansion of the State Mailroom have increased the effectiveness of State mail delivery and operations. Statutory Authority: NRS 331.

E805 CLASSIFIED POSITION RECLASSIFICATIONS

This request is to reclassify a part-time student position to a permanent full-time position. The current position has been vacant since May 22, 2002 because student workers under 18 years old may not be assigned to a State vehicle. The workload of Mail Services requires this position to be assigned a mail route.

MAIL SERVICES - EQUIPMENT PURCHASE

713-1347

PROGRAM DESCRIPTION

The Mail Services Equipment Purchase budget accumulates reserves for equipment replacement needs within the Buildings & Grounds Division, Mail Services Section. Funding is from the Mail Services budget account (B/A 1346) through depreciation of existing equipment.

BASE

The adjusted base budget recommends the continuation of the current program. One-time expenditures have been eliminated and partial year expenditures have been annualized.

ENHANCEMENT

E710 REPLACEMENT EQUIPMENT

As of January 1, 2005, the manufacturer of the current Jetstar 1500 mail sorter will no longer support various obsolete components on the system. This machine applies a barcode, which saves the State of Nevada nearly \$1,000,000 annually. By December 31, 2006, United States Post Office regulations (Plan for Secure Postage meters Technology) will require four postage mailing machines and Computerized Accounting System, including 15 terminals affixed to various machines to be replaced. The current accounting system and units are reaching obsolescence and will not interface with new digital equipment.

CLEAR CREEK YOUTH CENTER

101-1353

PROGRAM DESCRIPTION

The Clear Creek Youth Center near Carson City was built by the Federal Government as a Job Corp Center. In 1969, the Federal Government announced the closing of the center, and in 1970 the State of Nevada obtained a five year special use permit to operate the center as a State facility. The special use permit was renewed in July 1980, with one year use permits being obtained for FY86 and FY87. In February 1988, transfer of the Center to State ownership was effected. The center is currently in a mothballed status. Statutory Authority: NRS 331

MARLETTE LAKE

PROGRAM DESCRIPTION

The Marlette Lake Water System was authorized to be purchased by the 1963 session of the Nevada Legislature from the Curtiss-Wright Corporation at a cost of \$1,650,000. The administration of the system is the responsibility of the Buildings and Grounds Division of the Department of Administration and the lands, which are part of this system, are administered and controlled by the Department of Conservation and Natural Resources. The major objectives of this system are: to preserve and protect the sources of water; to provide adequate supplies of water to the areas served; to maintain the system in a condition calculated to assure dependable supplies of water; and to sell water under equitable and fiscally sound contractual arrangements. This system is funded from water sales to Carson City, Storey County, and State agencies. In Fiscal Year 2000, the Carson water treatment plant was closed because it was no longer economical to treat water for resale. The agency entered into an agreement with Carson City to lease the water tank. Statutory Authority: NRS 331.160

ENHANCEMENT

E250 WORKING ENVIRONMENT AND WAGE

A .75 full-time equivalent (FTE) position for a Water System Operator (Grade 31) position is requested. This position will serve a dual role for the operation of the Marlette Lake Water System (75%) and the Stewart Facility Water Treatment Plant (B/A 1349) (25%). Both facilities are a non-stop 24 hour (24/7/365) operation and currently have only one full-time licensed operator and one nine-month seasonal employee. The new position would replace the seasonal employee and have the license(s) required by the State Division of Health in order to back-up the existing licensed operator. This new position is necessary to improve the efficiency, reliability and client service of these two very important water systems.

E277 MAXIMIZE INTERNET AND TECHNOLOGY

This decision unit request funding to establish an electronic storage system for plans and specifications documents associated with State Public Works Board projects. Both the State Public Works Board and the State Library and Archives are running out of room to store these documents. This solution will involve an outside vendor that scans existing paper plans and hosts the electronic versions on a secure server. Afterwards, anyone with an Internet connection and appropriate security clearance can access the plans and specifications.

The State Public Works Board plans to work with the Division of Emergency Management during implementation of this technology. This technology will allow controlled yet immediate access to these documents via the Internet. In the event of an emergency, responders will benefit greatly from such rapid access to building plans and specifications. In addition, this technology will be an excellent tool when planning maintenance and remodel projects for State buildings.

PUBLIC WORKS INSPECTION

401-1562

PROGRAM DESCRIPTION

In accordance with NRS 341.145, the Nevada State Public Works Board has the final authority for approval of architecture and acceptance of completed buildings; solicitation, revision, acceptance, and rejection of bids for construction or repair; execution of contracts and modification of the scope of work; and supervision and inspection of construction and repairs. It is this statute that establishes the Inspection Division (Project Management) of the Public Works Board. In addition, the Public Works Board, as required by NRS 393, is responsible to provide written approval of plans for the construction and/or alteration of any school building, including accessibility plan reviews, to the board of trustees of a district. Statutory Authority: NRS 341, NRS 338, NRS 393, and NRS 444.

ENHANCEMENT

E225 ELIMINATE DUPLICATE EFFORT

This enhancement unit establishes an expenditure category to pay for outsourced plans checking services on non-CIP projects. This will improve the Public Works Board's ability to perform its building official role with agencies that are managing their own construction projects with their own funds. This will allow the Board to collect a single check from the using agency to pay for its inspection fees as well as its outsourced plans check professionals.

E251 WORKING ENVIRONMENT AND WAGE

This is a request to increase training for project managers and inspectors. Management believes this training is necessary to maintain acceptable knowledge levels in project management and building inspection. Increasing turnover in the inspection area is driving a need for more inspector training. The skill areas in this decision unit include: Pavement and pavement maintenance; Americans with Disabilities Act; indoor air quality and certification; concrete testing and inspection; uniform mechanical code; uniform plumbing code; national electrical code; MS office training.

E252 WORKING ENVIRONMENT AND WAGE

This is a request for an additional copier and cell phones for the Project Management staff. The Public Works Board Carson City office has one copy machine. Approximately three times a month, the copy machine breaks down and needs repairs. A second copy machine will help us through increasing down-times being experienced with the agency's only copier. This request also includes 18 cell phones for project managers and project coordinators. This will enable communication with the project managers and inspectors while they are in the field. Using agencies, contractors, architects, engineers and SPWB staff have complained about the accessibility of project managers. SPWB management believes this will alleviate that problem and enable staff to work more efficiently.

M525 AMERICANS WITH DISABILITIES ACT

The Hearings Division is requesting funding to replace doors into the hearings office and appeals office as well as two entries into the building. We frequently have persons with disabilities visit our offices. We have had several complaints that our doors are too difficult to open, particularly for people in wheelchairs. We are requesting upgrades to these doors so that our offices are more easily accessible to persons with these disabilities. The costs will be distributed between the Hearings and Appeals Division and Victims of Crime.

ENHANCEMENT

E250 WORKING ENVIRONMENT AND WAGE

Legal Secretary II - The Hearings Division relocated its offices in October of 2003 to larger quarters. This relocation divided the division into 2 separate offices and reception desks. Due to this and the numerous Hearings and Appeals cases being filed with the division and with District Court and the complexity of these cases which cause them to remain open for prolonged periods of time, the burden placed on the existing staff is requiring them to request this position to assist as backup for absences, vacations, processing of records on appeal, processing new appeals, resetting of cases, and the overall enhancement of the work environment.

VICTIMS OF CRIME

287-4895

PROGRAM DESCRIPTION

The Victims of Crime Program provides compensation to Nevada residents and visitors who are victims of violent crimes committed in the state, including counseling, lost wages, financial losses to those responsible for maintaining the victim, living expenses when necessary, and funeral and burial expenses. Victims have one year from the date of the crime to file an application, except in cases of minor victims of sexual abuse or pornography, who have until age 21 to apply. Victims must report the crime to the police and cooperate with the investigation; however, prosecution is not mandatory. Statutory Authority: NRS 217.260

M501 HIPAA - HEALTH INSURANCE PORTABILITY

This decision unit requests funding to remodel the Victims of Crime interview rooms into a conference room. The original design was intended to provide interview cubicles where the compensation officer could interview the victim. Unfortunately, the design as implemented allowed for virtually no privacy. The redesign will provide adequate space for victim interviews as well as provide space for staff meetings and conferences.

M525 AMERICANS WITH DISABILITIES ACT

This decision unit is requesting funding to replace office doors as well as two entries into the building. We frequently have persons with disabilities visit our offices. We have had several complaints that our doors are too difficult to open, particularly for people in wheelchairs. We are requesting upgrades to these doors so that our offices are more easily accessible to persons with these disabilities. The cost will be distributed between Victims of Crime at 8% and the Hearing and Appeals Division at 92%.

E250 WORKING ENVIRONMENT AND WAGE

Request for funding to contract for a security guard for our non-state owned building. Capitol Police are unable to provide security outside state owned buildings. It is necessary for the safety and security of our staff that we provide security for our offices. The cost will be shared with the Hearings and Appeals Division and Nevada Attorneys for Injured Workers.

PROGRAM DESCRIPTION

The Department of Human Resources (DHR) promotes the health and well-being of Nevadans through the delivery or facilitation of essential services to ensure families are strengthened, public health is protected and individuals achieve their highest level of self-sufficiency. The Director's Office manages the various services and programs administered and operated by the Department's divisions within their respective subject areas. The Department consists of seven divisions: Aging Services, Child and Family Services, Health, Health Care Financing and Policy, Mental Health and Developmental Services, Welfare and the Public Defender's Office. Three programs are managed within the Director's Office, including: the Senior Rx program, Office of Disability Services, and the Grants Management Unit. Administrative support is also provided to the Indian Commission and the Nevada Prostate Cancer Task Force. Statutory Authority: NRS 232.290-465.

ENHANCEMENT

E451 EFFECTIVENESS OF FAMILY SERVICES

The Department of Human Resources Director's Office is requesting a Public Information Officer to address the large volume of high profile issues of interest to the public and the media. Recent examples are the financial troubles experienced by the Economic Opportunity Board in Las Vegas, the Las Vegas mental health emergency, the Waterfall fire in Carson City, and the trauma center designation in Las Vegas. These high profile issues generate a large volume of inquiries and contacts by the press. A Public Information Officer would focus on collecting more complete information and providing more timely responses to the press. Due to time constraints, the department is currently faced with putting together quick responses that are not always fully responsive and complete. Adding a PIO would allow the remainder of the staff to carry out their assigned duties without distraction.

E453 EFFECTIVENESS OF FAMILY SERVICES

The Statewide Suicide Prevention Coordinator, under direction of the DHR director, will be responsible for developing, disseminating, and implementing a statewide suicide awareness and prevention program throughout Nevada. This will include public education activities, building community networks, and enhancement of crisis services. The purpose of the state plan/program is to reduce the number of attempted and completed suicides in Nevada. The state plan should address the risk factors related to suicide and identify populations most at risk.

COMMUNITY BASED SERVICES

101-3266

PROGRAM DESCRIPTION

The mission of the Office of Disability Services (ODS) is to provide resources at the community level, which assists people with severe disabilities and their families to help themselves, to live as independently as possible, and to live in the most integrated setting. ODS assists those who are ineligible for services through public entitlement programs or for whom services do not exist. ODS strives to save tax dollars by diverting individuals from institutional care and by helping individuals access resources available from family, friends and community resources.

HEALTHY NEVADA FUND

262-3261

PROGRAM DESCRIPTION

The Fund for a Healthy Nevada Administration budget is organizationally placed within the Department of Human Resources's Director's Office. The Director's Office administers the Senior Rx prescription subsidy program that provides coverage to Nevada's senior citizens for prescription drugs and assists with payment of prescription drugs for each enrolled senior. Grants to prevent, reduce, and treat the use of tobacco and its consequences, and grants to improve the health of children and the disabled also are administered by Director's Office staff. The Director's Office provides the Task Force for the Fund for a Healthy Nevada with administrative support and develops policies and procedures necessary to administer grants for the programs. The Director's Office provides an annual evaluation of the grant programs to ensure all allocations for expenditures are carried out as directed by the Task Force. Grant Funding is transferred to the Grants Management Unit in the Director's Office.

ENHANCEMENT

E400 ACCESS TO HEALTH CARE AND HEALTH INSURANCE

This decision unit requests funding for staff training. For example, the Senior Rx staff often deal with Spanish-speaking clients. One of our staff is currently enrolled in a conversational Spanish class. This type of education will be very beneficial to the people served by the Senior Rx program.

E402 ACCESS TO HEALTH CARE AND HEALTH INSURANCE

This decision unit funds changing the structure of Senior Rx from an insured program to a self-insured program which will result in additional duties for the staff. Some duties currently performed by the insurance administrator are now being done by Senior Rx program staff. These additional responsibilities include communicating with the Pharmacy Benefit Manager (PBM) on formulary issues, resolving formulary issues between members and the PBM, staffing the 800#, and mailing out packets to new and existing members. It is anticipated that one more full-time employee (Management Analyst I) is needed to complete the increased tasks.

HR, GRANTS MANAGEMENT UNIT

101-3195

PROGRAM DESCRIPTION

The Grants Management Unit consolidates the functions and management of grant programs which primarily pass funds through to community-level sub-recipients. The Grants Management Unit was created to allow for the standardization of procedures, simplification of accounting, and co-location of staff. This has created efficiencies which have allowed us to use fewer funds for administrative purposes and pass more funds to grantees providing direct services. Grantees have also benefited from the standardized procedures used to request funding.

ENHANCEMENT

E325 SERVICES AT LEVEL CLOSEST TO PEOPLE

Problem gambling is a broad term that refers to all of the patterns of gambling behavior that compromise, disrupt, and damage personal, family or vocational pursuits. The Legislature funded the Department of Human Resources to contract for a study of gambling prevalence rates and the distribution of problem gambling in Nevada. The study was completed by Gemini Research Ltd. and submitted in March 2002. The report included many recommendations: public education and prevention, supporting industry programs to minimize problem gambling, expanding training opportunities to educate various treatment professionals, establishing a state-level gambling counselor certification program and increasing funding to support treatment of problem gambling. This decision unit supports the creation of a problem gambling program within the DHR Director's Office, Grants Management Unit. The funds will be distributed via an RFA process and will be closely coordinated with existing programs within the Bureau of Alcohol and Drug Abuse (BADA). General funds will provide the means for program start-up. Similiar amounts of funding are expected through grants, gifts and donations.

E452 EFFECTIVENESS OF FAMILY SERVICES

This decision unit represents the consolidation of three different advisory groups currently advising the Grants Management Unit. Currently, the Block Grant Commission advises on the distribution of Title XX and Family-To- Family funds. The Committee for the Protection of Children advises on the distribution of the Children's Trust Fund. The Local Governing Board advises on the distribution of the Family Resource Centers funds. Since consolidating the grants evaluation and monitoring in the Grants Management Unit, the Department feels that greater coordination and efficiency can be achieved by similiary consolidating the public advisory functions. Since expenditures currently made for the existing boards will fund the new consolidated board, this decision unit is revenue-neutral.

E500 ADJUSTMENTS - TRANSFERS IN

This decision unit is to establish the budget for the Children's Trust Fund revenue transfer to the Grants Management Unit. Activities for the Children's Trust Fund are managed by GMU personnel. However, revenues for the Children's Trust Fund are being transfered and re-established in BA 3201. This will allow for the collection of Treasurer's Interest without the need for the GMU to perform daily manual accounting for the trust fund cash balances.

E901 TRANS TO CHILDRENS TRUST FUND

In order to facilitate the payment of interest on revenue on deposit by the Children's Trust Fund as required by statute, NRS 432.131, budget account 3201 is being re-established. This budget account retains all the funding plus a transfer category to reimburse the Grants Management Unit for expenditures. The operation of the Children's Trust Fund will remain a part of the Grants Management Unit.

HR, CHILDREN'S TRUST ACCOUNT

101-3201

PROGRAM DESCRIPTION

Effective July 1, 1985, Chapter 432 of the Nevada Revised Statutes (NRS) was amended to create a Children's Trust Account. Revenues for this account are derived from a \$3.00 fee on Nevada birth and death certificates. Additionally, Nevada has received a federal grant which was awarded in accordance with section 201 of Title II of the Child Abuse Prevention and Treatment Act (Community-Based Family Resource Program) Public Law 103-252. The account is administered by the Committee for the Protection of Children.

Monies in the Trust Account are to be used to fund programs and services designed to prevent abuse and neglect of children. The Committee for the Protection of Children makes awards from this account to agencies of the state or its political subdivisions and non-profit community organizations or educational institutions which provide or will provide child abuse/neglect prevention services. Statutory Authority: NRS 432.131 - NRS 432.139.

E901 TRANS TO CHILDRENS TRUST FUND

In order to facilitate the payment of interest on revenue on deposit by The Children's Trust Fund as required by statute, NRS 432.131, its own budget account is being re-established. This budget account will retain all the funding and a transfer category to reimburse the Grants Management Unit for all the expenditures. The operation of the Children's Trust Fund will remain a part of the Grants Management Unit.

HEALTH CARE FINANCING & POLICY

101-3158

PROGRAM DESCRIPTION

The mission of the Division of Health Care Financing and Policy (DHCFP) is to purchase and ensure the provision of quality health care services, including Medicaid and Nevada Check Up, to low-income Nevadans in the most efficient manner; promote equal access to health care at an affordable cost to the taxpayers of Nevada; restrain the growth of health care costs; and review Medicaid, Nevada Check Up, and other State health care programs to determine federal revenue maximization. This budget account reflects the expenditures and activities associated with the administration of the Division of Health Care Financing and Policy. The budget account reflects the expenditures for the Administration, Accounting, Budgeting, Personnel, Rates, Compliance, Surveillance, Utilization Review, Privacy, Recipient Rights, Provider Enrollment, and Information Technology functions. This budget account also contains the expenditures associated with the cost containment function required under NRS 439B.

M200 DEMOGRAPHICS/CASELOAD CHANGES

This decision unit requests the addition of one Management Analyst I and one Management Analyst II positions to the Budget Unit; one Management Analyst IV to the Rates and Cost Containment Unit; and two Computer Network Technician II positions to the Information Technology Unit. Increased Medicaid caseload and the implementation of the Medicaid Management Information System (MMIS) and the Decision Support System (DSS) have added duties and responsibilities to each of these units.

M502 FEDERAL MANDATE

This decision requests an additional Management Analyst I and one Accounting Technician I position for the Accounting Unit. The implementation of the MMIS and DSS have added responsibilities to the Fiscal Accounting Unit as well as requiring both the Accounting and Budget Units to monitor and track expenditures in greater detail. The requested positions will be responsible for assuming these new duties. Since the implementation of the MMIS and DSS, several staff have been required to work an increasing amount of overtime to meet the demands of processing and/or approving all financial transactions (advance payments/voids/re-issues/cash receipts), extensive monitoring of the Fiscal Agent processes and procedures, tracking data, and auditing duties generated by the implementation and operations of the MMIS and DSS systems.

M503 FEDERAL MANDATE

The Centers for Medicare and Medicaid Services (CMS) is implementing a Payment Error Rate Measurement (PERM) program for all State Medicaid and State Children's Health Insurance Program (SCHIP) in Nevada known as Nevada Check Up. The program becomes mandatory in FFY 06. The PERM program will require Medicaid and Nevada Check Up claims, both fee-for-service and managed care, to undergo three forms of review: Claims processing validation, medical reviews, and eligibility verification. Subsequent to the submission of agency request, the draft regulations were released. These regulations significantly increased the projected workload. The process validations will require the skills of an Auditor II and for medical reviews the skills of two Health Care Coordinator IIIs and one Administrative Assistant II.

This decision unit transfers a Management Analyst III and related costs from DHCFP Administration (BA 3158) to Welfare Administration (BA 3228). This position was out-stationed at Welfare to work on the E-application and other Medicaid and Nevada Check Up related interface issues. From a management standpoint, it is more effective to have the position budgeted in the Welfare Division and cost allocated to the Division of Health Care Financing and Policy (DHCFP) based upon actual work assignments.

PROGRAM DESCRIPTION

The mission of the Division of Health Care Financing and Policy is to purchase quality, accessible, and economical health care services for eligible Nevadans. Medicaid services are authorized by Congress under the Title XIX of the Social Security Act. Federal Regulations define mandatory groups to be covered and Nevada generally covers only those mandatory groups. Federal regulations also define mandatory services. Optional services are also covered. Eligibility determinations for Medicaid are performed by the Welfare Division. Washoe and Clark County perform eligibility for child custody cases in those counties. The Welfare Division projection model provides caseload growth projections for Medicaid. Cost per eligible data is produced from medical claims processing activities in the MMIS and is factored with the caseload projections to produce budgeted medical expenditures. Authority: NRS Chapter 422

M101 INFLATION

This decision unit contains the mandatory provider rate increases and annualizes the rate increases already provided. It includes rate increases for physician, pharmacy, health maintenance organizations, community based services, dental, waiver services (PCA), other professional services and all other services. It is calculated at SFY 06 and SFY 07 rates multiplied by FY 06 and FY 07 caseload and then subtracting the cost of caseload demographic changes (M-200).

M200 DEMOGRAPHICS/CASELOAD CHANGES

This decision unit as presented in the executive budget is based upon the caseload and costs included in the agency request budget. While the Welfare caseload projections decreased between the June 2004 and December 2004 Medicaid Payment Projection model (MPP) by 6,290 in FY 06 and 8,343 in FY 07, costs increased significantly. The division believes that implementation of the Medicaid Management Information system may be skewing the data resulting in an over projection of medical cost per eligible. Due to the uncertainty over the actual cost per eligible, it was determined that the prudent option was to use the agency request budget with the higher than currently projected caseloads but lower than currently projected costs. In addition to medical costs, the Division is requesting 15 new positions in FY 06 and 5 positions in FY 07 to address the caseload. The majority of these positions are staff for the district offices.

M501 HIPAA - HEALTH INSURANCE PORTABILITY

This decision unit requests new HIPAA compliant filing systems for District Offices in Las Vegas and Reno. The current systems consist of open filing racks located in employee work areas or conventional file cabinets which display client protected health information (PHI) for unprotected viewing. Closed files are stored in an unsecured storage area. All of these files contain PHI. Due to HIPAA privacy standards all files containing PHI must be stored in locked files at all times. Use of a rotary and lateral filing systems will enable storage of up to three times more files than traditional filing systems and can be accommodated in the available floor space for file storage.

Acquisition of new rotary and lateral filing systems will ensure compliance with HIPAA privacy standards and make best use of available floor space for filing storage.

M502 FEDERAL MANDATE

This decision unit estimates the impact of the prescription drug benefit which will be provided to eligible Medicaid recipients who are also eligible for Medicare (dual eligibles) under the Medicare Modernization Act (MMA). Under the MMA individuals eligible for Medicare will be offered pharmaceutical coverage through Medicare. The MMA will require the states refund a portion of their savings on prescription drugs back to Medicare (clawback). The clawback will be calculated as the average per capita spending for prescription coverage for dual eligible individuals minus the related reduction in state drug rebate income multiplied by the number of full benefit dual eligibles multiplied by the monthly adjustment factors. Effective January 1, 2006 Federal matching funds will not be available to states that provide prescription benefits to dual eligible recipients, except for drugs excluded from the Medicare plan. The final information on drug coverage is not yet available. Implementation issues, such as the formulary, have not been resolved.

M592 WELFARE OMNIBUS BUDGET RECONCILIATION ACT

This decision unit seeks to increase the base contract budget for the External Quality Review Organization. The increase is necessary to include federally mandated tasks not included or performed in the previous contract years. These tasks include: annual validation of managed care performance measures and performance improvement projects per 42 CFR 438.240B and 438.358B #1,2 & 3; external quality review (EQR) annual technical report per 42 CFR 438.364; and, project/tracking management of State Quality Strategy and on-site reviews per 42 CFR 438.200. Approval of this decision unit will ensure compliance with the Balanced Budget Act of 1997 and its corresponding regulations and protocols with reference to External Quality Review of Managed Care Programs.

ENHANCEMENT

E401 ACCESS TO HEALTH CARE AND HEALTH INSURANCE

This decision unit requests rate increases for providers where access to services is negatively impacted by the failure to provide regular rate increases. The following provider rate increases or methodology changes that result in an increase are ranked by priority:

1. Air Ambulance: Reimbursement for air ambulance providers is substantially lower than Medicare rates. Providers have complained that with inflation, the price increases in fuel and maintenance costs, they will be forced to refuse service to Medicaid recipients.
2. Mental Health Rehabilitative Treatment Services Rate Increases: the proposal is to set rates and service descriptions to those recommended by AB 513 Rates Task Force. For most services, there will be a significant reduction in rates, however, in some cases the rates will increase.
3. Home Infusion Therapy Rate Increase: The DHCFP has adopted the ANSI X112 for Home Infusion Therapy claims which means per diem S codes will be utilized for billing supplies and pharmacy dispensing fees. All drugs will be billed using J codes. Tocology, TPN and most other IV therapies are expected to remain budget neutral. Antibiotic therapy administration will increase to become consistent with current Medicaid policy. For all other allowable infusion therapies, the per diem rate of \$23.13 for supplies has been developed and will be added to the pharmacy dispensing fee of \$4.76 for an all-inclusive per diem rate of \$27.89.

E402 ACCESS TO HEALTH CARE AND HEALTH INSURANCE

This decision unit seeks to modify the delivery system for behavioral health services by allowing earlier interventions for families to avoid the escalation of undiagnosed and untreated mental illness. The proposal includes expanding qualified providers under a specialty clinic model and the scope of services under the Medicaid mental health rehabilitation option. This unit allows DHCFP to coordinate proper utilization management for mental health rehabilitative services and ensures federal compliance to Medicaid regulations. In addition to allowing earlier intervention, the decision unit will increase recipient access to behavioral health services. One Health Care Coordinator III position is requested to provide oversight of the Utilization Review function. The new program and services would begin January 1, 2006.

E426 ENABLE, MOTIVATE AND REWARD SELF SUFFICIENCY

This decision unit requests elimination of patient liability from the Community Home-Based Initiatives Program (CHIP) Waiver. Currently patient liability is assessed on recipients earning over twice of the Supplemental Security Income (SSI) level. Income in excess of 200% of SSI is collected from recipients to cover some of their medical costs and cannot exceed the actual cost of services. Patient liability is determined by the Nevada State Welfare Division and billed and collected by the Division for Aging Services (DAS), a time consuming and expensive process for these agencies. CHIP is the only Medicaid waiver currently requiring patient liability. This is the first step toward consolidating the CHIP and Group waivers. \$126,877 was budgeted for patient liability in FY 04. This decision unit requests replacement of patient liability with Federal Title XIX and general funds, based on current Federal Medical Assistance Percentage (FMAP) projections.

E452 EFFECTIVENESS OF FAMILY SERVICES

To fulfill the objectives of the Olmstead decision by moving patients from an institutional setting to a community based program. This decision unit moves 60 individuals from private Intermediate Care Facilities for the Mentally Retarded (institutional) to a Supportive Living Arrangement (community based). This unit removes the expenditures from Category 14. Decision Unit E-800 includes the federal portion for the SLA expenditures under Category 18 -MHMR. Category 18 passes through federal funds only to MHDS. The general funds are in the MHDS budgets.

E455 EFFECTIVENESS OF FAMILY SERVICES

This decision unit requests additional waiver slots to address the projected waiting list of disabled individuals who need assistance with the activities of daily living (ADL), bathing, feeding, and toileting, as required by Senate Bill 174 of the 2001 Legislative session. A review of the current waiver wait list identified 16.25% of those on the wait list had needs for assistance in all three ADL categories. Therefore, 16 slots are requested in this decision unit, 16.25% of the projected wait list at July 1, 2006. This decision unit also requests to add one Case Manager, Health Care Coordinator II.

E456 EFFECTIVENESS OF FAMILY SERVICES

This decision unit requests additional disabled waiver slots to address the projected waiting list for services. The Division projects that they will have a waiting list of 97 by October 2005. Decision Unit E-455 requests funding for 16 additional slots under the direction of Senate Bill 174 which requires immediate placement for persons who need assistance with bathing, toileting and eating. This decision unit requests funding for the remaining 81 slots. The slots are phased starting with 11 in October 2005 and approximately 11 additional slots are added each month until April 2006. The staffing ratio for the Disabled Waiver Program is one case manager for every 37 recipients. This decision unit requests to add two case managers, Health Care Coordinator IIs.

PROGRAM DESCRIPTION

The State Child Health Insurance Program (SCHIP) or Nevada Check Up, as it is known in Nevada, is currently available only to children whose family income is above the Medicaid income level (133% of the federal poverty level-FPL) through 200% of the FPL. A HIFA Waiver allows the states to expand coverage while limiting financial risk (through limiting number of recipients, total expenditures, or both) as compared to a State Plan amendment for either Medicaid or SCHIP. A HIFA Waiver also allows flexibility in federal funding by allowing a combination of Medicaid-Title XIX and SCHIP-Title XXI. Nevada has not historically used all of its available SCHIP grant awards from the federal government, some of which can be used to fund a HIFA Waiver.

Coverage groups in the proposal are: 1) Pregnant women between 133% and 185% of FPL, 2) Small Employer Insurance Programs (EIP)-individuals employed by small business (2-50 employees) with incomes less than 200% of FPL enrolled in their employers qualified health plan-receive a \$100 per month maximum subsidy for insurance premiums; and 3) Catastrophic Event coverage-individuals up to 150% of FPL covered for a single catastrophic event. Group is a subset of individuals qualified for limited medical coverage from counties pursuant to NRS Chapter 422. These costs are currently paid through the County Indigent Accident Fund (IAF) and the County Supplemental Fund without the benefit of matching federal dollars.

ENHANCEMENT

E409 ACCESS TO HEALTH CARE AND HEALTH INSURANCE

This decision unit provides for contractual services to perform medical eligibility determinations, claim processing, case files for catastrophic events and informational system program development. Staffing and other administrative costs are contained in B/A 3158 DHCAP Administration, Decision Unit #E409.

INCREASED QUALITY OF NURSING CARE

101-3160

PROGRAM DESCRIPTION

This account was created by Assembly Bill 395 of the 2003 Legislative session; which instituted a tax on freestanding long term care facilities of not more than six percent of total annual accrual basis gross revenue. The proceeds of the tax, excluding up to one percent for administration, must be used only to increase the rates paid to nursing facilities for providing services pursuant to the Medicaid program and must not be used to replace existing state expenditures paid to nursing facilities for providing services pursuant to the Medicaid program. Funds received from the tax are deposited to this account and then transferred to the Medicaid Budget (BA 3243) to pay the non-federal portion of the costs of the rate increase. Funds are also transferred to the administration budget to support one full time position and related costs.

BASE

The State Plan Amendment to implement the rates supported by the long term care provider tax was effective July 18, 2004. Due to Center for Medicaid and Medicare Services (CMS) concerns over the allowability of the tax, a waiver of certain federal regulations was required. The waiver was approved effective April 1, 2004. The Division was able to collect the tax on the full year's accrual basis revenue and fund the rate increase authorized in the State Plan Amendment.

HR, HCF&P, NEVADA CHECK-UP PROGRAM

101-3178

PROGRAM DESCRIPTION

The Nevada Check Up Program was initiated by the Department of Human Resources and endorsed by the Interim Finance Committee during FY 1998. The authority for federal participation was created within the Balanced Budget Act of 1997 and the creation of Federal Title XXI, known as the State Children's Health Insurance Program (SCHIP), Title XXI provides options for states to cover health care costs for low-income uninsured children not eligible for Medicaid, at or below 200% of the federal poverty level. Services are provided in a mandatory managed care environment in Clark and Washoe Counties and in a fee-for-service environment in Nevada's remaining fifteen counties. Health Maintenance Organizations (HMOs) receive monthly capitated rates to provide services under managed care, and private providers in areas not served by HMOs are paid Medicaid reimbursement rates for services provided. Nevada Check Up was created as a stand-alone program. Nevada Check Up is not an entitlement program and families are assessed quarterly premiums ranging from \$15 to \$70 per quarter, based upon family size and income.

BASE

This base budget continues funding for 19.51 full-time positions and operating costs. Service costs for the Actuary and External Quality Review Organization are allocated between Medicaid and Nevada Check Up based upon percent of enrollment in the managed care plans. Operating costs are directly charged where possible. Administrative support provided by the division administrative and support staff are allocated based upon percentage of time spent on Nevada Check Up related issues from the time tracking system. The federal revenues to support the administrative and support staff are cost allocated in the administrative budget account. Average annual medical cost for the base year was \$1,140, and average monthly caseload was 25,025.

M101 INFLATION

This decision unit represents the additional costs to be incurred by Nevada Check Up for mandatory rate increases. The FY 04 rate is increased by the FY 06 and FY 07 levels and multiplied by the June 2005 projected caseload to develop the amounts in this maintenance unit. HMO capitation payments must be actuarially certified. Therefore, increases were projected at 7.1%, 7.5%, and 7.5% for FY 05, 06 and 07 respectively. Pharmaceutical costs are paid at 85% of average wholesale price. The division has no control over average wholesale price. Pharmaceutical cost increases were projected at 13.5%, 13.1% and 12.5% for FY 05, 06 and 07 respectively. Projected increases were obtained from the CMS statistical website on national health expenditure projections.

M501 HIPAA - HEALTH INSURANCE PORTABILITY

This decision unit requests a new HIPAA compliant rotary filing system. The current system consists of open filing racks located in the employee work area. Closed files are stored in an unsecured storage area. All of these files contain protected health information (PHI). Due to HIPAA privacy standards all files containing PHI must be stored in locked files at all times. Use of a rotary filing system will enable storage of up to three times more files in the same areas as traditional filing systems and will fit the available floor space for file storage. Acquisition of a new rotary filing system will ensure compliance with HIPAA privacy standards and make best use of available floor space for filing storage.

ENHANCEMENT

E401 ACCESS TO HEALTH CARE AND HEALTH INSURANCE

This decision unit requests rate increases for providers where access to services is negatively impacted by the failure to provide regular rate increases. The following provider rate increases are ranked by priority:

1. Air Ambulance - Increase reimbursement to 100% of Medicare rates.
2. Mental Health Rehabilitative Treatment Services - Set rates as recommended by the AB 513 Rates Task Force.

E425 ENABLE, MOTIVATE AND REWARD SELF SUFFICIENCY

Nevada Check Up is not an entitlement program, projected caseload growth is shown as an enhancement rather than a maintenance decision unit. This caseload projection uses a 12.68% annual increase for FY 05 and 06, consistent with FY 04 actual average caseload growth. FY 07 enrollment is capped at 30,000. Medical costs are based on FY 04 actual costs, increased by mandatory rate increases from pharmacy and HMO. Three Family Services Specialists (FFS) II - one each in Las Vegas, Reno, and Carson City - are requested in FY 06 to handle caseload growth. In September 2003, decentralization of Nevada Check Up eligibility functions resulted in improvements in business practices and consequently increased duties for FSS staff. Redeterminations of eligibility at the one year anniversary date and the regular disenrollment of families who do not pay premiums in a timely fashion are now scheduled activities which are current and performed timely. Based on the increased volume of eligibility and increased enrollment projected at 12.68% for FY 05 and 06, additional FFS staff will be needed to sustain improvements and accommodate eligibility processing for increased enrollment.

E800 COST ALLOCATION

Federal funds are passed through to the Health Division for Nevada Check Up enrollees use of the state provided vaccines. Vaccines are purchased and administered by the Health Division under its existing participation in the Vaccines for Children (VFC) program. Vaccines are provided to Nevada Check Up providers, who administer the immunizations to Nevada Check Up enrollees in accordance with the immunization schedules approved by the Advisory Committee on Immunization Practices (ACIP), the American Academy of Pediatrics (AAP), and the American Academy of Family Physicians (AAFP). This decision unit represents the projected federal funds needed to pass through to the Health Division for this immunization program for Nevada Check Up enrollees for FY 06 and FY 07.

PROGRAM DESCRIPTION

The State Child Health Insurance Program (SCHIP) or Nevada Check Up , as it is known in Nevada, is currently available to children whose family income is above the Medicaid income level (133% of the federal poverty level-FPL) through 200% of the FPL. A HIFA Waiver allows the states to expand coverage while limiting financial risk (through limiting number of recipients, total expenditures, or both) as compared to a State Plan Amendment for either Medicaid or SCHIP. A HIFA Waiver also allows flexibility in federal funding by allowing a combination of Medicaid Title XIX and SCHIP Title XXI. Nevada has not historically used all of its available SCHIP funding allocations from the federal government, some of which can be used to fund a HIFA Waiver. Coverage groups in the proposal are: 1) Pregnant women between 133% and 185% of FPL; 2) Small Employer Insurance Programs (EIP)-individuals employed by small business (2-50 employees) with incomes less than 200% of FPL, enrolled in their employers qualified health plan-receive a \$100 per month maximum subsidy for insurance premiums; and 3) Catastrophic Event coverage-individuals up to 150% of FPL covered for a single catastrophic event. Catastrophic Event Coverage is a subset of individuals qualified for limited medical coverage from counties pursuant to NRS Chapter 422. These costs are currently paid through the County Indigent Accident Fund (IAF) and the County Supplemental Fund without the benefit of matching federal dollars.

ENHANCEMENT

E409 ACCESS TO HEALTH CARE AND HEALTH INSURANCE

The HIFA Waiver is funded via 50% state and 50% of IAF funds as state match plus Federal Title XIX Medicaid and Federal Title XXI SCHIP funds.

HCF&P INTERGOVERNMENTAL TRANSFER PROGRAM

101-3157

PROGRAM DESCRIPTION

The Intergovernmental Transfer (IGT) account collects monies from counties pursuant to NRS 422.380 through 422.390 to fund hospitals that treat a disproportionate share of Medicaid patients, indigent patients, or other low-income patients. The IGT also collects monies from counties to support Upper Payment Limit (UPL) rates paid to non-state public hospitals. This program allows the Division to make supplemental payments to non-state public hospitals so that their Medicaid payments approximately equal what they would have been paid under the Medicare program. The operation of this budget account collects the Intergovernmental transfers from the counties for the DSH and UPL programs and transfers it to the Medicaid budget where payments are processed.

BASE

This decision unit continues the Intergovernmental Transfers to support the Medicaid unit at the FY 04 base level. Only reserve and balance forwards have been changed to reflect interest earnings.

HR, MHDS ADMINISTRATION

101-3168

PROGRAM DESCRIPTION

Working in partnership with consumers, families, advocacy groups, agencies, and diverse communities, the Division of Mental Health and Developmental Services (MHDS) provides responsive services and informed leadership to ensure quality outcomes. The Division's mission includes treatment in the least restrictive environment, prevention, education, habilitation, and rehabilitation for Nevadans challenged with mental illness or mental retardation. These services are designed to maximize each individual's degree of independence, functioning, and satisfaction.

E901 TRANSFER IN QUALITY ASSURANCE POSITION FROM SNAMHS

This decision unit recommends the transfer of the Quality Assurance Specialist position from Southern Nevada Adult Mental Health Services (SNAMHS) to the MHDS Administration office. All Quality Assurance positions are supervised and budgeted from the Administration budget. The transfer of this position will put all QA positions in the same budget account. This decision unit includes the transfer of travel funds to attend quarterly performance improvement meetings in Carson City. All operating expenses will continue to be paid from Southern Nevada Adult Mental Health Services' budget.

E902 TRANSFER ASO II TO RURAL REGIONAL CENTER

This decision unit recommends the transfer of 1.00 FTE Administrative Services Officer II position to Rural Regional Center, budget account 3167. This will better reflect the duties of this position, as the duties that this position performs are strictly for Rural Regional Center. Also, it will allow each agency within MHDS to have a supervising fiscal person. Currently, Rural Regional Center is without any supervising fiscal personnel.

ENHANCEMENT

E225 ELIMINATE DUPLICATE EFFORT

This decision unit recommends converting the State-run laundry facility at Northern Nevada Adult Mental Health Services (NNAMHS) to a private contract, thereby resulting in General Fund savings. The laundry equipment and buildings are very old and will need to be replaced if this decision unit is not approved. NNAMHS would retain one laundry worker position, Grade 20, to deliver and pick up laundry around the campus. If this decision unit were not approved, then NNAMHS would request new washers and dryers in each year of the biennium at a cost of \$27,887 in FY 06 and \$29,397 in FY 07.

E428 ENABLE, MOTIVATE AND REWARD SELF SUFFICIENCY

This decision unit recommends the conversion of an existing professional position to two Consumer Services Assistants. The Consumer Services Assistant Program hires former clients as state employees to assist other clients in accessing services as well as teaching other staff about treatment issues from the client perspective. The expansion of this program by two positions will enhance the ability of the agency to develop the drop-in center/clubhouse and expand the program into the hospital setting.

PROGRAM DESCRIPTION

The mission of the Lake's Crossing Center facility is to provide statewide forensic mental health services in a secure facility to mentally disordered offenders who are referred from the court system so their competency can be restored and they can be referred back to the court system to stand trial. Lake's Crossing Center also occasionally treats very difficult to manage patients from other facilities in the State until they can return to a less restrictive setting. Statutory Authority: NRS 178 and 433

ENHANCEMENT

E710 REPLACEMENT EQUIPMENT

Many equipment items in the facility have become worn with use and need to be replaced in order to maintain their function and preserve safety of the staff who use these items. Sophisticated surveillance equipment is utilized 24 hours a day and must periodically be replaced when it is no longer functioning in order to maintain security. Other client related equipment such as televisions are in use many hours a day and are necessary to maintain the inmate population in a safe and therapeutic manner. Computer equipment must be replaced on a regular basis to maintain functionality for forensic examiners and transcriptionists who provide reports and documents to the court on a daily basis.

E325 SERVICES AT LEVEL CLOSEST TO PEOPLE

This decision unit recommends a new mental health clinic for Laughlin and the surrounding area. Rural Clinics' proposed program would provide basic mental health services, including psychotherapy, service coordination, psychosocial rehabilitation, medication clinic, and emergency services, 24-hours per day, 7 days a week. The staffing for this clinic will include a Clinical Program Manager I, a Psychologist, a Clinical Social Worker, a Psychiatric Caseworker II, a Psychiatric Nurse II, a Mental Health Technician and 1.51 FTE support staff, for a total of 7.51 FTE. A contract psychiatrist (3 days per month) is also included. Projected caseload is approximately 270 - 330 clients per year.

E402 ACCESS TO HEALTH CARE AND HEALTH INSURANCE

Behavioral Health Redesign for Children in Rural Nevada: This decision unit recommends decreasing the staffing ratio for outpatient counseling from the current 75:1 for adults and children to 35:1 for children with Severe Emotional Disturbance (SED), and service coordination from the current 35:1 for adults and children to 12:1 for children with SED. Based on the current caseload, an additional 44 FTEs would be needed; however, due to the high cost of adding this many positions, the agency requests to add half this amount, or 23.01 FTEs, for the 2005-07 biennium and the other half during the next biennium. Positions include a Clinical Program Manager II, 10.51 FTE Mental Health Counselor IIs, 5.50 Mental Health Technician IIs, 2.0 Psychiatric Caseworker IIs and 4.0 support staff.

M425 DEFERRED FACILITIES MAINTENANCE

Southern Nevada Adult Mental Health Services became JCAHO accredited in January 2004, and JCAHO requirements dictate a high level of maintenance of the environment of care. This decision unit recommends addressing numerous deferred building maintenance needs. Projects and costs are based on the State Public Works Board Facility Condition Analysis prepared in 2000. Projects include deep cleaning of air ducts and carpet, major boiler maintenance, bird/rodent control, fire sprinkler system installation, electrical upgrades, exterior and interior finishing, and roof repairs.

ENHANCEMENT

E326 SERVICES AT LEVEL CLOSEST TO PEOPLE

This decision unit recommends establishing pharmacy services at the East Las Vegas medication clinic, at a substantial savings to the General Fund. Currently this site remains the only medication clinic in the SNAMHS treatment system without the capacity to fill medication prescriptions and provide medication counseling services to clients. This decision unit produces general fund savings by switching from a private contractor to a state run pharmacy. This decision includes 1.0 FTE Pharmacist I.

E426 ENABLE, MOTIVATE AND REWARD SELF SUFFICIENCY

This decision unit recommends increasing the in-patient psychiatric beds from 77 beds to 120 beds for a total increase of 43 beds in the new psychiatric hospital effective May 1, 2006. Funding for only 15 beds are included in this decision unit. The remaining 28 beds are included in decision unit M150. The 28 beds in M150 are a result of the emergency beds approved by IFC in August, 2004. In addition, this decision would create a State Medical Laboratory rather than contracting out laboratory services as is the current case. This request funds 95.06 FTE and associated operating costs.

E901 TRANSFER QUALITY ASSURANCE POSITION TO ADMIN

This decision unit recommends the transfer of a Quality Assurance Specialist position from SNAMHS to the MHDS Administration office. All Quality Assurance positions are supervised and budgeted from the Administration office. The transfer of this position will put all QA positions in the same budget account. This decision unit includes the transfer of travel funds to attend quarterly performance improvement meetings in Carson City. All operating expenses will continue to be paid by SNAMHS.

PROGRAM DESCRIPTION

The Southern MHDS Food Service budget funds the operation of the state-owned central kitchen by a private food management contractor. This budget, administered by Desert Regional Center, provides prepared meals and snacks to Desert Regional Center, Southern Nevada Adult Mental Health Services, and to the Division of Child and Family Services' Desert Willow Treatment Center and is funded by these three budgets.

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007
1.	Desert Regional Center average cost of food per resident per day	\$10.54	\$9.89	\$12.02	\$11.99	\$12.68
2.	Southern Nevada Adult Mental Health Services average cost of food per bed per day	\$13.74	\$14.07	\$14.04	\$10.44	\$9.83
3.	Division of Child and Family Services average cost of food per resident per day	\$14.05	\$12.87	\$14.35	\$14.42	\$14.31

BASE

The base budget recommends continuing 3.0 FTE and associated operating costs. Partial year expenditures have been annualized, and one-time expenditures have been eliminated. Base is also adjusted for the 28-bed emergency hospital annex approved by IFC in August 2004.

E427 ENABLE, MOTIVATE AND REWARD SELF SUFFICIENCY

This decision unit recommends increases in the food services budget in order to maintain 39 beds in the existing Psychiatric Hospital because the fourth phase of the new hospital (40-bed capacity) won't be ready in time to completely alleviate the emergency room crisis in Clark County. Calculations are based upon an effective date of 7/1/06. There is a corresponding decision unit in SNAMHS' budget that increases funding for food for these 39 beds.

E450 EFFECTIVENESS OF FAMILY SERVICES

Desert Regional Center is proposing the conversion of six ICF/MR (in-patient) beds to the community to comply with the Olmstead criteria projected for FY 06 and FY 07. This decision unit recommends a reduction in the food budget as a result of this conversion. There is a corresponding decision unit in Desert Regional Center's budget that reduces funding in the source budget for food.

PROGRAM DESCRIPTION

The mission of Sierra Regional Center is to provide residential and community-based services for people in Northern Nevada with developmental disabilities and related conditions. The Center provides person-centered planning so that people can make choices about their lives, live in the least restrictive manner possible and live productively as part of the community. Statutory authority: NRS 433 and 435

M200 DEMOGRAPHICS/CASELOAD CHANGES

This decision unit recommends an increase in staffing resulting from caseload growth for service coordination (64 persons phased in through FY 07), family support (18 persons phased in through FY 07), residential supports (36 persons phased in through FY 07), and jobs and day training (25 persons phased in through FY 07). These services are designed to keep people in community living and avoid demands for expensive, entitled institutional services. Positions include 2.53 FTE Developmental Disabilities Specialists and a 0.50 administrative support staff for a total of 3.03 FTE for the biennium.

E425 ENABLE, MOTIVATE AND REWARD SELF SUFFICIENCY

This decision unit recommends the consolidation of the Family Preservation Program (FPP) between the Division of MHDS and the Welfare Division into one budget account, 3166, in MHDS. This will simplify the administration of the program for both divisions, standardize procedures and improve clarity to the public. The \$470,400 TANF funds from the Welfare Division that are used to support 112 families annually will now be collected by the Developmental Services Regional Centers (Desert, Sierra, and Rural) as reimbursement for services provided. In return, General Funds from the Regions will be transferred into the Family Preservation Program budget via decision units E904, E905, and E906. Once funds are in the FPP budget, they will be transferred into Category 10, the proper payment category.

E450 EFFECTIVENESS OF FAMILY SERVICES

This decision unit recommends the conversion of 10 State institutional beds to community living. This decision unit continues the agency's efforts from the last 3 biennia to convert State institutional beds to community living and provides community-based options for the persons best qualified and interested in community living at this time. Ten State-run institutional beds are converted to community living through private providers. 14.03 FTE are phased out as part of the conversion.

E452 EFFECTIVENESS OF FAMILY SERVICES

This decision unit recommends the conversion of 4 privately-operated institutional care facilities with six people in each home for a total of 24 people to supported living arrangements in the community. The reduction in decision unit E452 in the Medicaid budget (B/A 3243) offsets most of the cost of this decision unit in Sierra Regional Center's budget.

This decision unit recommends adding 0.51 FTE Developmental Specialist III position to perform pre-admission screening and resident review (PASRR) follow-up for Medicaid for existing children in Southern Nevada nursing homes. Each child residing in a nursing home will receive active treatment services. There are 29 people in six different nursing homes located throughout Clark County. PASRR screening includes quarterly contacts in the nursing home, coordination of day program services, and advocacy and coordination for problems identified.

E425 ENABLE, MOTIVATE AND REWARD SELF SUFFICIENCY

This decision unit recommends the consolidation of the Family Preservation Program (FPP) between the Division of MHDS and the Welfare Division into one budget account, 3166, in MHDS. This will simplify the administration of the program for both divisions, standardize procedures and improve clarity to the public. The \$470,400 TANF funds from the Welfare Division that are used to support 112 families annually will now be collected by the Developmental Services Regional Centers (Desert, Sierra, and Rural) as reimbursement for services provided. In return, General Funds from the Regions will be transferred into the Family Preservation Program budget via decision units E904, E905, and E906. Once funds are in the FPP budget, they will be transferred into Category 10, the proper payment category.

E452 EFFECTIVENESS OF FAMILY SERVICES

This unit recommends converting 4 privately-operated institutional care facilities with six people in each home for a total of 24 people to supported living arrangements in the community. The reduction in decision unit E452 in the Medicaid budget (B/A 3243) offsets most of the cost of this decision unit in Desert Regional Center's budget.

PROGRAM DESCRIPTION

The Family Preservation Program (FPP) provides financial assistance on a monthly basis to low-incomes families residing in Nevada who are providing care in their home for family members with profound or severe mental retardation. Also covered are children under 6 years of age who have developmental delays that require support equivalent to that required by a person with profound or severe mental retardation or a related condition. The purpose of this assistance is to help off-set expenses necessary to meet the special needs of the person with mental retardation and to help strengthen and support families, thereby keeping families intact and reducing the need for out-of-home placement. Families use assistance payments to obtain specialized supplies or equipment (wheelchairs, clothing, diapers, therapy services, special diets, transportation services) and general income supplementation. Statutory Authority NRS 435.365

E426 ENABLE, MOTIVATE AND REWARD SELF SUFFICIENCY

This decision unit recommends standardizing the payment amount for families participating in the MHDS Family Preservation Program (FPP) to the current Welfare Division FPP rate of \$350/family/month. This will ensure an equitable and predictable amount for all recipients. The standardized \$350 payment creates consistency across all recipients and also provides some adjustment for inflation erosion for the families in the MHDS Family Preservation Program. Currently, the amount of payments differ for the families enrolled in the Welfare FPP versus the MHDS-FPP. The TANF payment, from the Welfare Division, is \$350 per family per month, while the MHDS-FPP payment has fluctuated depending upon the number of families served. (An increase in the number of families served has meant a decrease in the payment/family/month.) Payment to these families averaged \$300.92 in FY 04 and has rarely exceeded \$330/family. Inflation has not been addressed in 6 years.

PROGRAM DESCRIPTION

Rural Regional Center provides or purchases services for people with developmental disabilities and their families. The agency serves all Nevada counties except Washoe and Clark. Service goals are community inclusion, greater self-sufficiency, and productivity. The agency purchases or provides Service Coordination (case management), Community Residential Supports, Jobs, Day Training, Family Supports, and Quality Assurance. Most services are funded by Title XIX through the Home and Community Based (HCB) Waiver, Targeted Case Management and the private ICF/MR Small programs. Statutory Authority: NRS 433 and 435

M200 DEMOGRAPHICS/CASELOAD CHANGES

This decision unit recommends additional staffing to address caseload growth for service coordination (79 persons phased in through FY 07), family support (26 persons phased in through FY 07), residential supports (42 persons phased in through FY 07), and jobs and day training (35 persons phased in through FY 07). These services are designed to keep people in community living and avoid demands for expensive, entitled institutional services. Positions include 3.79 FTE Developmental Disabilities Specialists, 0.51 Psychiatric Nurse, and 2.02 administrative support staff for a total of 6.32 FTE for the biennium.

M502 FEDERAL MANDATE

This decision unit recommends adding 1.0 FTE Quality Assurance Specialist and 0.25 FTE Administrative Assistant to provide quality assurance oversight of the existing Medicaid/Waiver caseload. The U.S. Centers for Medicare and Medicaid Services and the State Division of Health Care, Financing and Policy (State Medicaid) require that each Medicaid/Waiver provider and each person receiving Medicaid/Waiver services must have a Quality Assurance review annually to ensure that no incidents of client neglect or abuse have occurred. Additional staffing is needed to comply with this requirement.

E425 ENABLE, MOTIVATE AND REWARD SELF SUFFICIENCY

This decision unit recommends the consolidation of the Family Preservation Program (FPP) between the Division of MHDS and the Welfare Division into one budget account, 3166, in MHDS. This will simplify the administration of the program for both divisions, standardize procedures and improve clarity to the public. The \$470,400 TANF funds from the Welfare Division that are used to support 112 families annually will now be collected by the Developmental Services Regional Centers (Desert, Sierra, and Rural) as reimbursement for services provided. In return, General Funds from the Regions will be transferred into the Family Preservation Program budget via decision units E904, E905, and E906. Once funds are in the FPP budget, they will be transferred into Category 10, the proper payment category.

E452 EFFECTIVENESS OF FAMILY SERVICES

This decision unit recommends converting 2 privately-operated institutional care facilities with six people in each home for a total of 12 people to supported living arrangements in the community. The reduction in decision unit E452 in the Medicaid budget (B/A 3243) offsets most of the cost of this decision unit in Rural Regional Center's budget.

E902 TRANSFER IN ASO II FROM ADMINISTRATION

This decision unit recommends the transfer in of 1.00 FTE Administrative Services Officer II position from the MHDS Administration budget to Rural Regional Center. This will better reflect the duties of this position, as the duties that this position performs are strictly for Rural Regional Center. Also, it will allow each agency within MHDS to have a supervising fiscal person. Currently, Rural Regional Center is without any supervising fiscal personnel.

PROGRAM DESCRIPTION

This budget enables a more direct and accountable management of the Mental Health Management Information System used across all Mental Health agencies. This budget has been committed primarily to information technology (IT) implementation projects and ongoing information technology improvements to the Management Information System used in all mental health agencies, and the Mental Health and Developmental Services Central Office local area network in Carson City. It has been expanded to include Division-wide information technology planning, requirements analysis, IT related staff development, and IT system upgrades and improvements.

ENHANCEMENT

E275 MAXIMIZE INTERNET AND TECHNOLOGY

This decision unit recommends funding for a Gap Analysis between the division's current information system and the new AVATAR client information and billing system. The goal of the analysis is to determine whether or not the AVATAR software system, as recently implemented on the Mental Health side of the division, could be used by the three Developmental Services' Regional Centers: Desert, Sierra, and Rural.

PROGRAM DESCRIPTION

The Health Division promotes and protects the health of all Nevadans and visitors to the state through its leadership in public health matters and enforcement of laws and regulations pertaining to public health. According to NRS 439.170, the Health Division's mission is to take such measures as may be necessary to prevent the spread of sickness and disease. The Health Division accomplishes its mission through direct services, as well as coordination and collaboration with other agencies, private industries (including those regulated by the Division), community-based service organizations, professional organizations, and consumer groups. The Division works closely with the Clark County and Washoe County health districts and provides direct public health services to the other fifteen, primarily rural, counties. The Division also investigates causes of disease outbreaks, seeks to control the spread of communicable diseases and lower the incidence of preventable diseases, and studies morbidity and mortality occurring within the state.

ENVIRONMENTAL PUBLIC HEALTH TRACKING SYSTEM

101-3203

PROGRAM DESCRIPTION

The Environmental Public Health Tracking System (EPHTS) is funded through the Centers for Disease Control and Prevention. The program is still in the phase of building state infrastructure and identifying community partners, health and environmental professionals and agencies to establish the Nevada Planning Consortium which will be tasked with identifying community priorities and concerns in the areas of health and environment. The short term goal of the program is to build a state of readiness at the county, community and state partners level in order to continue the program during the impementation phase during the next biennium.

BASE

The Base budget continues 3 FTE and associated costs of the program.

PROGRAM DESCRIPTION

This budget account provided state funds to the Clark, Washoe, and Carson City health departments, in addition to other categorical federal grant flow-through funds from the Health Division, on a per capita basis in return for those districts providing full-time public health services to the citizens in those counties. All other counties in the state receive public health services through the Health Division of the Department of Human Resources. This budget account was reduced to \$100 for the SFY2003-2005 biennium.

PROGRAM DESCRIPTION

The Public Health Engineering (PHE) section implements the Public Water System Supervision Program, authorized under the federal Safe Drinking Water Act (SDWA). It ensures that Nevada's public water systems comply with state and federal drinking water standards, enforces the requirements for surface water treatment and corrosion control, and reports to the US Environmental Protection Agency.

The Environmental Health Section (EHS) permits, inspects, and investigates complaints regarding temporary and permanent food establishments in the state, excluding Clark, Washoe, and Carson City Counties, which have their own health departments. The section also inspects and permits bottled water plants and distributors, shellfish distributors, drug and cosmetic plants, public bathing places, individual sewage disposal systems, and septic tank pumping companies. Inspections and plan reviews are performed to identify conditions of sanitation in public institutions, schools, childcare facilities, public accommodations, recreational vehicle parks, public water and sewer systems, private water and sewer facilities, and solid waste sites. All food-borne illness complaints are investigated, as well as truck wrecks and fires that involve food and drugs. Incidents of vector transmission of disease, such as plague and hanta virus, are investigated and resolved by the EHS. Staff provide public education in a variety of fields and give sanitation courses for food service workers and managers.

Statutory Authority: NRS 202, 278, 278A, 430, 432A, 439, 444, 445A, 446, 447, 449, 452, 583, and 585.

PROGRAM DESCRIPTION

The Radiological Health Section protects public health by regulating sources of radiation and providing information regarding health hazards from radiation. The RHS licenses and inspects radioactive material users; registers and inspects X-ray machines statewide; certifies mammography operators and registers and inspects mammography X-ray machines; performs oversight of the USDOE Nevada Test Site and monitoring site performance at the closed low-level waste site near Beatty, Nevada; educates and informs the public of radon hazard in the home and the work place; and conducts statewide radiological emergency response activities. Statutory Authority: NRS 457, 459.

E710 REPLACEMENT EQUIPMENT

The Bureau would like to begin a 3 year replacement cycle of computer equipment. This equipment was purchased in early SFY04, with the replacement cycle to begin in FY 07. The \$174 in SFY 06 is for relocation of a phone line. The bureau will lease the computers at a cost of \$555 per year, with repair and replacement included. By being able to have new equipment at least every 3 years the BLC will maintain a higher technological advantage.

PROGRAM DESCRIPTION

Through the Community Health Services Program, Community Health Nurses provide public health services in Nevada's 15 rural and frontier counties. Individual health services include immunizations for children and adults, screening for breast and cervical cancer, well-child clinics, hypertension screening and counseling, skin testing for exposure to tuberculosis, identification and treatment of sexually-transmitted diseases, and screening and referral of children with special health care needs. The mission of the Family Planning Program is to promote optimal individual and family health in Nevada's fifteen rural and frontier counties through family planning programs, fostering personal responsibility for planning and spacing children, preventive care, and education to reduce unintended pregnancies, improve the health of women, and reduce welfare dependency. Statutory Authority: NRS 439

PROGRAM DESCRIPTION

NRS 441A: Regulations governing the control of communicable diseases in this state, including regulations specifically relating to the control of such diseases in educational, medical and correctional institutions.

The Communicable Disease Control Section is tasked with developing programs and implementing regulations to control communicable diseases in Nevada. There are six programs in this budget account: (Women's Health Connection, Tuberculosis Control and Elimination Program, Tobacco Control, Comprehensive Cancer Control, Diabetes and Arthritis Prevention and Control Programs). The mission of the Women's Health Connection's (WHC) Nevada Breast and Cervical Cancer Early Detection Program (NBCCEDP) is to reduce breast cancer mortality and the incidence of cervical cancer. The mission statement of the Nevada Tuberculosis Control Program is to prevent and eliminate tuberculosis in Nevada as defined by NRS 441A.370. The Tobacco Prevention and Education Program's mission is to reduce the overall prevalence of tobacco use among Nevada residents. The Comprehensive Cancer Control Program was funded through the Centers of Disease Control and Prevention beginning FY 04 as a 3 year planning grant. The mission of the Diabetes Prevention and Control Program is to define the nature, extent, distribution, and causes of the burden of diabetes, and to develop new approaches to reduce the burden of diabetes in Nevada. The mission of the Arthritis Prevention and Control Program is to improve the quality of life among persons in Nevada affected by arthritis.

PROGRAM DESCRIPTION

The mission of the STD Program is to work with local health authorities and the general public to prevent and control sexually transmitted disease (STD) in Nevada, including HIV and AIDS. Primary activities include: surveillance of reportable STDs and the development of an annual integrated HIV/AIDS epidemiological profile; coordination of statewide HIV community planning and the development of an annual comprehensive HIV prevention plan; provision of drug treatment and home and community-based services to individuals infected and affected with HIV/AIDS; and the provision of training and technical assistance to local health authorities and community-based organizations that offer screening and testing, risk reduction education and counseling, drug treatment, and other community-based wellness activities. Statutory Authority: NRS 441A

HR, IMMUNIZATION PROGRAM

101-3213

PROGRAM DESCRIPTION

The major functions of the immunization program are to work with state and county health agencies and the private medical community to promote immunizations among infants, children and adults; respond to vaccine preventable disease outbreaks; develop and promote maternal and adult immunization education programs; develop and enforce state immunization and vaccine preventable disease regulations and laws; provide immunization education to health care professionals and consumers; develop and implement systems to assess immunization levels; conduct immunization audits of county health districts, public health clinics and private physicians who administer state-supplied vaccines; and prevent the transmission of hepatitis B in Nevada through the Perinatal and Universal Hepatitis B Prevention Programs. Statutory Authority: NRS 392.435, 394.192, and 432.

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007

E800 COST ALLOCATION

Federal funds are passed through to the Health Division for Nevada Check-Up enrollees use of the state provided vaccines. Vaccines are purchased and administered by the Health Division under its existing participation in the Vaccines for Children (VFC) program. Vaccines are provided to Nevada Check Up providers, who administer the immunizations to Nevada Check Up enrollees in accordance with the immunization schedules approved by the Advisory Committee on Immunization Practices (ACIP), the American Academy of Pediatrics (AAP), and the American Academy of Family Physicians (AAFP).

This decision unit represents the projected federal funds needed to pass through to the Health Division for this immunization program for Check Up kids for FY 06 and FY 07.

PROGRAM DESCRIPTION

In July 2003 through the Legislative process, Nevada's system for early intervention was consolidated by moving programs from two divisions into one. The Bureau of Early Intervention Service was created within the Health Division. As a result, there are two regions for service delivery that emerged from the existing programs. The First Step and Special Children's Clinic in Las Vegas were combined into Nevada Early Intervention Services Southern/Rural Region. HAPPY, Infant Enhancement Program, and Special Children's Clinic in Reno were combined into the Northern/Rural Region. With regional sites in the Las Vegas (4), Reno, Carson City, and Elko areas, Nevada Early Intervention Services provides comprehensive, family-center community-based, and multi-disciplinary early intervention services as required by the Individuals with Disabilities Education Act (IDEA-P.L. 105-17). Statutory Authority: Part C of the Individuals with Disabilities Education Act (IDEA) Amendments of 1997, P.L. 105-17, NRS Chapter 442 and Title V of the Social Security Act.

BASE

The base budget provides funding for 113.45 full-time equivalent positions and their associated costs. Adjustments are made to the base budget to eliminate one-time costs, provide for the incremental increase for employee longevity pay, and to provide for increases in non-State owned and State-owned building rent/lease agreements.

E805 CLASSIFIED POSITION RECLASSIFICATIONS

This decision unit recommends funding to reclassify 3 Administrative Assistants III to 3 Family Specialists II, 5 Speech and Language Pathologists to 5 Developmental Specialists IV, and 2 Speech and Language Pathologists to 2 Developmental Specialists III. These 2 additional Developmental Specialists III will increase the caseload by 35 children. The reclassification of Developmental Specialist IV positions will provide the necessary supervision for the increased number of employees at the regional sites; Developmental Specialist III positions will increase the number of children receiving direct services; and family specialists will assist in scheduling intakes and providing family support in a timely manner. This request also includes reclassification of an Administrative Assistant II to Administrative Assistant III position in the Elko office.

5.	Early intervention programs' satisfaction rate with technical assistance and training	90%	93%	90%	90%	90%

BASE

The base budget provides funding for 11.01 full-time equivalent positions and associated costs for the administration of a statewide program of early intervention services to children with developmental delays. Adjustments are made to the base budget to eliminate one-time costs; to provide for the incremental increase for employee's longevity pay, and to provide for increases in non-state owned building rent/lease agreements.

HR, WIC FOOD SUPPLEMENT

101-3214

PROGRAM DESCRIPTION

The purpose of the Women, Infants, and Children (WIC) Program is to improve the nutritional health status of low-income women, infants, and young children to age five during critical periods of growth and development. This is accomplished by providing eligible participants with nutrition education, vouchers or smart cards (EBT) for supplemental foods, and referral to other community resources.

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007
1.	Percent of WIC infants partially breastfed	62%	59%	64%	66%	68%
2.	Percent of WIC-eligible clients served	75.5%	76.9%	77.5%	78%	80%

HR, HEALTH PUBLIC HEALTH TOBACCO FUND

263-3212

PROGRAM DESCRIPTION

Assembly Bill 474 created the Trust Fund for Public Health during the 1999 Legislative Session. As a result of the legislation, ten percent of all Tobacco Settlement proceeds are allocated to the Trust Fund, which is administered and managed by the Office of the State Treasurer. AB 474 limits Trust Fund expenditures to the interest and income generated by the Trust Fund for grants to: 1) promote public health and programs for disease or illness prevention, 2) conduct research issues related to public health, and 3) provide direct health care services to children and senior citizens. An eleven-member board of trustees was created by the legislation to provide strategic direction for how the funds will be expended. Statutory Authority: NRS 439.

HR, WELFARE ADMINISTRATION

101-3228

PROGRAM DESCRIPTION

The Welfare Administration budget account funds the administrative expenses associated with ensuring that public assistance programs are administered in accordance with federal and state regulations. This includes providing the necessary support to allow field staff to provide quality, timely and temporary services enabling Nevada families, the disabled, and the elderly to achieve the highest levels of self-sufficiency. There are currently 125 full time positions in this budget, located primarily in the Carson City central office. Statutory authority for the Welfare Administration budget account is provided in the Nevada Revised Statutes, Chapter 422.

M502 FEDERAL MANDATE

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (federal Medicare reform legislation) requires the Welfare Division to establish and determine eligibility for two new categories of Medicare Part D beginning January 2006. A premium subsidy program must be established for qualified individuals. The first is a Full Premium Subsidy and the second is a Partial Premium Subsidy program. An additional Program Specialist II position is requested to establish policy and state plan provisions, provide training, assist in designing and maintaining support, conduct management evaluation reviews, and managing these categories of Medicaid. This position will also provide support for the Program Specialist III who is responsible for the other twenty-nine categories of Medicaid the agency administers. The federal government has not finalized the regulations for these new provisions, so part of the impact cannot be qualified at this time. Specifically the work that will be required to modify NOMADS.

M503 FEDERAL MANDATE

The Improper Payments Information Act of 2002 (Public Law 107-300), is mandating the Welfare division reinstitute their full recipient quality control reviews as identified as part of the claims sample obtained from the Division of Health Care Financing and Policy. This will become mandatory in October 2005 and is also a Government Performance and Results Act (GPRA) goal. This decision unit adds two new Quality Control Specialist positions.

E900 TRANSFER FROM DHCFP (B/A 3158)

This decision unit transfers a Management Analyst III and related costs from the Division of Health Care Financing and Policy Administration to the Welfare Division Administration. This position was out-stationed at Welfare to work on the E-application and other Medicaid and Nevada Check Up related interface issues. From a management standpoint, it is more effective to have the position budgeted in the Welfare Division and cost allocated to the Division of Health Care Financing and Policy based upon actual work assignments.

PROGRAM DESCRIPTION

The Field Services budget provides for staff salaries and operating expenses for the various programs administered by the Welfare Division. This budget account consists of Family Services Specialists (FSSs) who determine eligibility for the major program areas which include: Temporary Assistance for Needy Families (TANF), Food Stamps, and various Medicaid programs including Medical Assistance to the Aged, Blind and Disabled. Other FSSs and Social Workers provide employment and support services to assist the needy in overcoming barriers to self-sufficiency. In response to the unprecedented caseload growth experienced by the Welfare Division, the 2003 Legislature authorized 129 new positions for the current biennium bringing the total number to 954 FTE positions in FY 05. Statutory Authority: NRS Chapter 422.

M502 FEDERAL MANDATE

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003, federal Medicare reform legislation, requires the Welfare Division to establish and determine eligibility for two new categories of Medicare Part D, beginning January 2006. The federal government has not finalized the regulations for these new provisions, so some of the impact cannot be quantified at this time. Specifically, the number of staff that will be necessary to administer this new program in the Field Services budget account cannot be determined until the federal government provides further clarification. A preliminary estimate of 11 additional staff over the course of the biennium was used in this decision unit.

E426 ENABLE, MOTIVATE AND REWARD SELF SUFFICIENCY

This decision unit requests funding for the relocation of the Henderson office. The current office space of 25,000 square feet is being reduced to a desired 20,000 square feet. The smaller space is necessary due to a shift of caseload (zip codes responsibilities) to other welfare offices.

PROGRAM DESCRIPTION

The Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA) replaced the entitlement for Aid to Families with Dependent Children (AFDC) with a block grant covering cash assistance, welfare employment and training activities. This legislation gave the State of Nevada the flexibility to design its own self-sufficiency program to assist welfare recipients find and keep jobs using elements such as capped funding, time limits on program eligibility, and work requirements. The mission of the Temporary Assistance for Needy Families (TANF) is four-fold:

- 1) Provide assistance to needy families (including non-custodial parents) so children may be cared for in their homes or in the homes of relatives;
- 2) End the dependence of needy parents on governmental benefits by promoting job preparation, work, and marriage;
- 3) Reduce out-of-wedlock pregnancies; and
- 4) Encourage the formation and maintenance of two-parent families. Statutory authority for the Temporary Assistance for Needy Families (TANF) budget account is provided in the Nevada Revised Statutes, Chapter 422.

HR, CHILD SUPPORT ENFORCEMENT PROGRAM

101-3238

PROGRAM DESCRIPTION

The mission of the Child Support Enforcement Program is to help strengthen families and reduce welfare dependency by ensuring parents live up to the responsibility of supporting their children. In Nevada, this program is administered by the Welfare Division and jointly operated through each county District Attorneys' Offices through cooperative agreements. The Child Support Enforcement Program provides five basic services: 1) location of absent parents; 2) establishment of parentage; 3) establishment of child support orders; 4) collection of support payments; and 5) enforcement of private medical insurance.

HR, CHILD SUPPORT FEDERAL REIMBURSEMENT 101-3239

PROGRAM DESCRIPTION

The Child Support Federal Reimbursement budget account is used to pass through federal payments to local District Attorneys' offices for the federal share of costs and incentive payments associated with their local Child Support Enforcement programs. The Child Support Enforcement program was enacted to help strengthen families and to reduce welfare dependency by ensuring parents live up to the responsibility of supporting their children. Nevada district attorneys provide intake, location of non-custodial parents, paternity establishment, financial and medical support order establishment and other enforcement activities. The Child Support Federal Reimbursement budget account was created in the 1999 budget process to separate the Child Support program's state administrative costs (B/A 3238) from collections/disbursements and pass-throughs of federal funds to the local District Attorneys. Measurement indicators for the Child Support Program are contained in the Child Support Enforcement Program budget account (B/A 3238) and not in this budget account since this is a pass-through budget account for autonomous local operations.

BASE

The base budget provides for the pass through of federal payments to local district attorney offices and incentive payments associated with thier local child support enforcement programs at the SFY 2004 levels.

ENHANCEMENT

E425 ENABLE, MOTIVATE AND REWARD SELF SUFFICIENCY

County partners assist the Welfare Division in moving clients toward self sufficiency through the enforcement of child support regulations. Due to expected caseload growth of 9% during the biennium, county costs will increase as they ensure service is maintained at its present level. Incentives are projected to increase due to development and implementation of a data reliability corrective action plan during the FY04/05 biennium.

HR, ASSISTANCE TO AGED AND BLIND

101-3232

PROGRAM DESCRIPTION

The mission of the Assistance to the Aged and Blind program is to provide supplemental income to low income aged and blind individuals and provide adult group care facilities with supplements to assist recipients in avoiding or delaying institutionalization. The federal government began the Supplemental Security Income (SSI) program on January 1, 1974. The program is administered by the Social Security Administration (SSA). States were given the option to make payments in addition to the amount paid by the federal government. Nevada has paid state supplements to the aged and blind since the beginning of the program. The prevention of institutionalization results in Medicaid program cost savings. The Welfare Division contracts with the Social Security Administration for the determination of eligibility and issuance of the state supplement.

HR, CHILD ASSISTANCE AND DEVELOPMENT

101-3267

PROGRAM DESCRIPTION

The mission of the Child Care Assistance and Development Program is to assist Nevada's low-income families with their childcare needs. These services assist people to become and remain self-sufficient, thereby reducing long-term dependency and the associated expenditures to public assistance programs. The Child Care and Development Block Grant (CCDBG) funds the following childcare programs:

1. NEON Program, childcare services are provided to current TANF clients who are participating in various NEON components such as orientation, education and vocational training, employment seeking and work participation. The estimated number of children served is reflected in measurement indicator #1. 2. Assistance with Childcare for the Employed (ACE) pays a portion of childcare expenses for individuals who become ineligible for TANF as a result of earned income. ACE families participate in the childcare costs through a co-payment mechanism calculated based upon a sliding fee scale. This assistance may be provided for up to 12 months. Currently, this assistance is provided for 6 months, after which the families may transition to the at-risk or discretionary categories of assistance, dependent upon income. 3. The At-Risk category funds child care payments for non-TANF clients who are income eligible for TANF. At-risk families participate in the childcare costs through a co-payment mechanism calculated based upon a sliding fee scale. 4. The Discretionary category funds childcare and related payments for non-TANF eligible clients. Discretionary category families participate in the childcare costs through a co-payment mechanism calculated based upon a sliding fee scale.

PROGRAM DESCRIPTION

The mission of the Energy Assistance Program (EAP), formerly known as Low Income Home Energy Assistance (LIHEA), is to assist eligible Nevada citizens in meeting their heating and cooling needs. The EAP provides payments for eligible households, which can be applied to either the heating provider, the cooling provider, or split between the two.

Funding for EAP payments is provided by the Low Income Home Energy Assistance (LIHEA) block grant, CFDA 93.568. Funding for energy assistance for low-income Nevadans is also provided through the fund for energy assistance and conservation (B/A 6031), which was created as a result of legislation approved during the 2001 legislative session to collect a universal energy charge (UEC) from certain electric/gas utilities. No state general fund appropriation is requested in this budget account. Statutory Authority: NRS Chapter 422 and 702

ENHANCEMENT

E251 WORKING ENVIRONMENT AND WAGE

This decision unit recommends annual out-of-state conference for Washington D.C., to be attended by the Energy Assistance Program Manager and one Program Officer. Also recommends two additional in-state visits to Las Vegas by the program officer, for the purpose of monitoring operations in the south; semi-annual visits to Las Vegas by the Program Manager for project oversight and evaluation; and one 3 day trip to Carson City by the Las Vegas supervisor for the annual Policy & Program meeting. Staff was unable to execute planned travel during FY 04 due to staffing constraints, as well as developing and executing an intense Outreach campaign. Travel will resume in FY 05.

E425 ENABLE, MOTIVATE AND REWARD SELF SUFFICIENCY

This decision unit accompanies the BDR that requests an increase in the 3% cap on administrative expenses. Based on projected caseload, an additional 4% is required to meet administrative expenses associated with the delivery of benefits to clients. In FY 04, \$250,000 of administrative expenses were charged to Housing Bond funds because the LIHEA and UEC admin caps were reached. These expenses must be redistributed when the Housing Bond funding expires in FY 05.

PROGRAM DESCRIPTION

Budget account 3140 supports the Independent Living Grants of the Fund for a Healthy Nevada. The Independent Living Grants enhance the independent living of older Nevadans through services enabling older persons to remain at home and avoid institutional placement. Funding is provided by the Tobacco Settlement. There are no state general funds in this budget account. Funding supports salaries and associated operating for a Grants and Projects Analyst I position and an Auditor II position. All remaining funds are used for Independent Living Grants.

E800 COST ALLOCATION

This decision unit recognizes the cost allocation applicable to this budget account for the replacement equipment built into budget account #3151 - Older Americans Act, module E-710 for all Aging budget accounts. Replacement equipment items such as network printers, shredders, and a domain server need to be cost allocated to other Aging budget accounts in the E-800 module series. Cost allocations are based on the division's cost allocation plan.

PROGRAM DESCRIPTION

The mission of the Division for Aging Services is to develop, coordinate and deliver a comprehensive support system in order for Nevada's senior citizens to lead independent, meaningful and dignified lives (statutory authority: NRS 427). The Division for Aging Services (DAS) serves primarily Nevadans aged 60 years and older. The Division is administered through four units established by functions: Elder Rights, Fiscal, Grants and Resource Development, and Community Based Care. Budget Account 3151 includes DAS administration as well as the Grants and Resource Development, Elder Rights, and Fiscal Services Units. The DAS administers five budget accounts: Aging Older Americans Act - #3151; Senior Services Program - #3146; Elder Protective Services/Homemaker Programs - #3252, Aging Services Grants - #3140; and Senior Citizens Property Tax Assistance - #2363. DAS staff are located in four regional offices: Las Vegas, Reno, Carson City, and Elko. The Grants and Resource Development Unit (GRD) is responsible for grants administration, and community resource development. GRD manages federal, state, and Tobacco Settlement Independent Living Grants to support statewide senior services. The Elder Rights Unit is established under Title III of the Older Americans Act and the Elder Rights Attorney under NRS 427A.123. The Community Ombudsmen are authorized by NRS 427A.300, which outlines their duties, and NRS 427A.125 authorizes Advocates (Long Term Care Ombudsman Program). The Unit's responsibilities include: statewide repository of Elder Abuse Reports, coordination of protective services, legal services development, ombudsman functions for institutionalized elderly, community ombudsman activities for elderly in the community, benefits counseling, and the Eldercare Helpline. The Fiscal Unit provides the financial services necessary for the internal administration of the agency and completes the functions necessary to support the responsibilities of the other units.

BASE

Base expenditures fund 49.51 FTE. Staff includes Division administration and three units (Grants and Resource Development, Elder Rights, and Fiscal Services). The state general fund appropriation supports the Division administration, provides the required match for federal funds, supplements older volunteer programs, senior transportation and rural senior services. Federal funds are received from the Administration on Aging under Title III of the Older Americans Act. Additional federal funds are also received from the Department of Labor under Title V and the Community Services Block Grant Act. Also, other funding is received from the Taxicab Authority to operate the Senior Ride Program in Clark County.

ENHANCEMENT

E710 REPLACEMENT EQUIPMENT

This decision unit provides for the replacement of office equipment and data processing hardware and software. The division has adopted the recommended replacement schedule developed by DoIT, which includes a 25 percent replacement of computer equipment each fiscal year. Replacement equipment items (such as printers, shredders, and a domain server) were built into this decision unit and cost allocated to other Aging budget accounts in the E-800 module series. Cost allocations are based on the division's cost allocation plan.

E800 COST ALLOCATION

This decision unit recognizes the cost allocation of the replacement equipment built into module E-710 for all Aging budget accounts. Replacement equipment items such as network printers, shredders, and a domain server need to be cost allocated to other Aging budget accounts in the E-800 module series. Cost allocations are based on the division's cost allocation plan.

HR, SENIOR SERVICES PROGRAM

101-3146

PROGRAM DESCRIPTION

There are four division offices located in Reno, Carson City, Elko, and Las Vegas. The Division is administered through four units established by functions: Elder Rights, Fiscal, Grants and Resource Development and Community Based Care. The Community Based Care unit (CBC), under budget account 3146, provides service to those seniors most at risk through two Medicaid waivers and a state funded program. The Community Home-based Initiatives Program (CHIP) and the Waiver for Elderly in Adult Residential Care (WEARC), provide alternatives to nursing home placement. The scope of services includes long-range planning, information and referral, identification of clients, assessment, case management, level of care screening, development of service providers, billing for reimbursement, processing payments for providers, quality assurance, education and training, continuous monitoring of clients, assistance with benefit applications, counseling of family members and management of a data base to meet federal reporting mandates. Each CBC Social Worker is projected to carry a caseload of 50 clients, which includes 45 approved cases and 5 in-process cases.

BASE

Base expenditures support seventy-nine FTE and their associated operating, travel and data processing costs. The staff budgeted in this account are a combination of administrative, fiscal, and positions that provide direct services to those seniors most at risk under the Community Based Care Unit (CBC) for various programs. There are four programs funded under this account - two Medicaid waiver programs and two state funded programs.

M200 DEMOGRAPHICS/CASELOAD CHANGES

Medicaid (Title XIX) funding is recommended to provide four new direct service positions and support costs of those positions. The general fund match (44.95 percent in FY 2006 and 45.03 percent in FY 2007) is in budget account 3243 (Division of Health Care Financing and Policy). The positions are one administrative assistant, two social workers and one social worker supervisor with a start date of 10/1/05. This will allow the Division to increase the number of clients receiving Medicaid Waiver Services under the Community Home-Based Initiative Program (CHIP).

PROGRAM DESCRIPTION

The Division is managed through the three functional units detailed in B/A 3151 and through the Community Based Care Unit detailed in B/A 3146. DAS staff are located in four regional offices: Las Vegas, Reno, Carson City, and Elko. The Homemaker Program serves both senior citizens and younger disabled adults. This program is part of the Community Based Care Unit. Services include case management, housekeeping, laundry, shopping, meal prep and stand-by assist with bathing. The Elder Protective Services Program, which is part of the Elder Rights Unit, investigates reports of elder abuse, neglect, exploitation or isolation.

ENHANCEMENT

E456 EFFECTIVENESS OF FAMILY SERVICES

This decision unit requests funding for four positions (two Social Work Supervisors and two Elder Protective Services Social Workers) to increase the efficiency and effectiveness of the Elder Protective Services Program. By statute, (NRS 200.5091 et. Seq.) Aging Services is required to receive reports of elder abuse, neglect, exploitation and isolation; act as a repository for these statewide reports; and investigate appropriate reports within three working days. With existing staff, the division is unable to conduct a face-to-face investigation within three working days for all reports.

SENIOR CITIZENS' PROPERTY TAX ASSISTANCE

101-2363

PROGRAM DESCRIPTION

The Senior Citizens' Property Tax Program was transferred to the division from the Department of Taxation effective October 1, 2001. This program provides relief to eligible senior citizens who are carrying an excessive residential property tax burden in relation to their income and to those senior citizens who, through rent payments, pay a disproportionate amount of their income for property taxes. Statutory Authority: NRS 427A.450 - 427A.600. Existing personnel for this program include one Program Officer II and one Administrative Assistant III.

ENHANCEMENT

E710 REPLACEMENT EQUIPMENT

This decision unit provides for the replacement of office equipment and data processing hardware and software. The division has adopted the recommended replacement schedule developed by DoIT, which includes a 25 percent replacement of computer equipment each fiscal year. The cost for replacement equipment items which need to be cost allocated across Aging budget accounts (such as network printers, shredders and a domain server) are reflected in the E-800 module.

CFS JUVENILE JUSTICE PROGRAMS

101-1383

PROGRAM DESCRIPTION

The Division of Child and Family Services receives funding through the Federal Office of Juvenile Justice and Delinquency Prevention Formula Grants to States and through state general funds. The funds are passed through to units of local government or to local private agencies to operate programs consistent with the intent of the federal laws and the State Legislature. The programs include removal of juveniles from adult jails, de-institutionalization of status offenders, programs to address the reduction of disproportionate incarceration of minority offenders, special programs for Native American youth, and community-based delinquency prevention programs. The Nevada Juvenile Justice Commission makes the grant award recommendations to the Division. Statutory Authority: NRS chapter 62 and the Federal Juvenile Justice Act.

PROGRAM DESCRIPTION

The Division of Child and Family Services was created by legislation approved during the 1991 Legislative Session to provide services to children and adolescents. The mission of the Division of Child and Family Services is: protection and permanency for children, preservation of families, unifying of communities and correctional services for youth.

PROTECTION AND PERMANENCY FOR CHILDREN: The Division strives to support permanency, safety, and security within the child's biological and extended family so children may grow and develop within stable environments. The Division also recognizes the responsibility to create and support alternative permanent environments when biological families are unable or incapable of caring for their children.

PRESERVATION OF FAMILIES: The Division supports the value that the family is the best and most efficient structure to assure stability, nurturing, care and safety of its members. Services are designed to build upon family strengths, honoring the family's culture, values and privacy.

CHILD PROTECTIVE SERVICES: The Division receives, assesses, investigates and initiates appropriate child protection activities for reports of abuse, sexual abuse and neglect in fifteen of the State's seventeen counties. NRS 432B.325 assigns the responsibility to make initial investigations to each county whose population is 100,000 or more. Services must be provided in accordance with uniform standards adopted by the Division.

FAMILY PRESERVATION SERVICES: Family preservation services are delivered to families who are at immediate risk of dissolution or of having one or more of the children placed outside of the home. These treatment services are delivered in the family home by specially trained staff and focus on preventing the removal of children. Services include clinical consultation to Child welfare staff and crisis assessments for children who may be, or are being, placed in out-of-home care.

FOSTER CARE/SUBSTITUTE CARE CASE MANAGEMENT: When a child cannot remain at home, a licensed social worker is assigned by the Division to arrange the necessary care and services for the child. The social worker provides direct counseling to the child, biological parent, and the foster/substitute care provider. The social worker is the accountability and communication link between district court, the child, the biological parent, and the foster/substitute care provider.

ADOPTION CASE MANAGEMENT: When children cannot be raised by their biological parents, the Division often arranges an adoption to create permanency for the child. Licensed social workers are assigned to evaluate prospective adoptive families and to coordinate the counseling and legal activities that accomplish the adoption process.

FOSTER HOME LICENSING/RECRUITMENT AND TRAINING: Under NRS. 424, the Division is responsible for licensing, monitoring, training and providing technical assistance to family foster and group foster homes to reduce the risk of harm to children placed in care. The licensing process helps to determine whether the foster care applicant can provide suitable care for the children placed. To assure an acceptable level of care is maintained, the licenses are renewed annually.

SPECIALIZED FAMILY AND CHILD ASSESSMENTS: The Division's clinical staff assesses nearly all children entering the custody of the Division as a result of abuse, neglect, or sexual abuse. These assessments assist staff in selecting the most appropriate services and placements for children and youth who can no longer live in their own home and assists in assessing the potential for parent-child reunification, relative placement and/or adoption.

PROGRAM DESCRIPTION

With the passage of AB1, 17th Special Legislative Session, Nevada adopted a new integrated child welfare service delivery model. Under this model, case management functions for foster care and adoptions, family preservation, centralized intake, family foster care and emergency care, foster care/group home licensing, eligibility, and foster care recruitment would transfer from the Division of Child and Family Services to the counties whose population is 100,000 or more.

AB1 also provided for increased access to mental health services for children with Serious Emotional Disturbance (SED). Funding was provided to phase in a new wrap-around service model of care for approximately 327 children with SED in the Child Welfare system.

This budget account will continue to be used to reflect the costs of transferring Child Welfare services to Clark County. Budget Account 3141, Washoe County Integration, has been established to reflect the costs of transferring Child Welfare Services to Washoe County. The costs associated with the Division's Regulatory Oversight, Rural Match-Up, and SACWIS Compliance positions approved in AB1 are recommended to transfer to the appropriate DCFS budget accounts. The costs associated with the new wrap-around service model of care for children with SED are recommended to transfer to the Northern Nevada Child and Adolescent Services budget for North and Rural Regions and to Southern Nevada Child and Adolescent Services for the Southern Region.

BASE

The base budget recommends continuing the final phase of Child Welfare Integration by transferring the remaining 101.51 FTE to Clark County. The transfers were effective on October 1, 2004, leaving 23.0 FTE State positions. These remaining 23 positions will transfer out to other division budgets as part of the division's efforts to align positions and costs with the appropriate regional budget account.

M201 DEMOGRAPHICS/CASELOAD CHANGES

This decision unit recommends funding for six Washoe County staff in FY 2006 to support caseload increases for Foster Care Placements in Washoe County. E936 recommends the transfer of this decision unit to the new Washoe County Integration budget account, 3141. The caseload increase is based upon actual FY 2004 caseloads and an estimated population increase for the age group of 0-19 years of age based upon information from the State Demographer. The addition of these staff will maintain a 1:28 staffing ratio for Foster Care Placement staff.

M206 DEMOGRAPHICS/CASELOAD CHANGES

This decision unit recommends funding for one Clark County staff member in FY 2006 to support caseload increases in the Interstate Compact on the Placement of Children (ICPC) Unit in Clark County. The ICPC Unit currently has eight workers who average 40 cases or 75 children. The national average is 35 cases per ICPC caseworker. With the current caseloads, workers are unable to complete the once a month visit, quarterly reports, and initial home studies in a timely manner as agreed upon in the Compact. An additional worker would reduce the caseload to the recommended 35 families, which would be approximately 57 children.

WASHOE COUNTY INTEGRATION

PROGRAM DESCRIPTION

With the passage of AB1 during the 17th Special Legislative Session, Nevada adopted a new integrated child welfare service delivery model. Under this model, case management functions for foster care and adoptions, family preservation, centralized intake, family foster care and emergency care, foster care/group home licensing, eligibility, and foster care recruitment would transfer from the Division of Child and Family Services to the counties whose population is 100,000 or more.

AB1 also provided for increased access to mental health services for children with Serious Emotional Disturbance (SED). Funding was provided to phase in a new wrap-around service model of care for approximately 327 children with SED in the Child Welfare system.

Budget Account 3141, Washoe County Integration, has been established to reflect the costs of transferring Child Welfare Services to Washoe County. The costs associated with the Division's Regulatory Oversight, Rural Match-Up, and SACWIS Compliance positions approved in AB1 are recommended to transfer to the appropriate DCFS budget accounts. The costs associated with the new wrap-around service model of care for children with SED are recommended to the NNCAS budget (BA 3281) for North and Rural Regions and SNCAS (BA 3646) for the Southern Region.

ENHANCEMENT

E930 TRANSFER IN CATEGORY 50 BASE COSTS FROM RURAL

This decision unit recommends the transfer of base expenditures for Category 50 - IVE Washoe County (IVE pass-thru) from the Rural Child Welfare budget account, 3229, to the new Washoe County Integration budget account as part of the division's budget realignment process. This will allow all Washoe County expenditures to be tracked in one budget account. This decision unit accompanies decision unit E931.

PROGRAM DESCRIPTION

The purpose of this budget is to provide for the maintenance and operation of the automated child welfare case management application known as UNITY. The application is supported by the Information Management Services (IMS) unit within the Division of Child & Family Services. Unified Nevada Information Technology for Youth (UNITY) is the Nevada-specific acronym for the federally mandated Statewide Automated Child Welfare Information System (SACWIS). Child Welfare agencies nationwide are required to submit adoption and foster care information electronically to the Administration for Children and Families, as per Public Law 103-66 (Omnibus Reconciliation Act). The UNITY application became fully operational statewide in September, 2003. It has significantly enhanced the quality and availability of information regarding the children and families served in Nevada. Child Protective Services intake and case management has been fully automated to ensure timely and accurate communications between State and county entities. During the Child & Family Services Review, conducted by the federal government in February of 2004, the information system (UNITY) was found to be in substantial conformity. Federal participation is 45.38% Title IV-E, 1.20% Title XIX, and 53.42% State General Funds.

ENHANCEMENT

E500 ADJUSTMENTS - TRANSFERS IN

This decision unit recommends category corrections associated with the E905 transfer decision unit, which transfers in two positions and mainframe costs from the Clark County Integration budget account to the UNITY budget. The Clark County Integration budget account used Categories 12 and 36 to track the expenditures associated with these positions and mainframe costs. The E500 decision unit moves those expenditures to Category 26, which is the proper category in the UNITY budget account.

PROGRAM DESCRIPTION

The mission of the Bureau of Services for Child Care is to license and monitor child care facilities through training and enforcement of appropriate licensing standards to ensure the health, safety and proper treatment of children receiving out-of-home care. Under NRS 432A, to reduce the risk of harm to children placed in care outside of their own home, the Bureau has the responsibility for initial licensing, continued monitoring and providing technical assistance to child care facilities caring for five or more children not licensed by local entities. Facilities include child care centers, on-site centers, care for ill children, special needs centers, pre-schools, nurseries for infants and toddlers, accommodation facilities, family care homes, group care homes, institutions and outdoor youth programs. All areas of responsibility are also monitored for illegal, unlicensed child care operations with complaints investigated to bring facilities into compliance with state laws by licensing or reducing the number of children in care. Child care training is delivered mainly through contract services. The policy-making Board for Child Care adopts Regulations and Standards for Child Care. Licenses are renewed on an annual basis with a minimum of two unannounced surveys conducted during the annual licensing period. The Child Care Board determines license fees for child care facilities.

The mission of the Division's regional foster care licensing unit is to reduce the risk of harm to children placed in care by the Division. The licensing process helps to determine whether the foster care applicant can provide suitable, safe care for the children placed in the home. To assure an acceptable level of care is maintained, the licenses are renewed annually. An on-site visit to the home must be made for each annual and renewal license issued. These functions include family foster and group foster care providers. Foster care licenses include applicants for family foster, group foster, adoption, Interstate Compact, and relative care. With the passage of AB1, foster care licensing will transfer from the Division of Child and Family Services to counties whose population is 100,000 or more.

ENHANCEMENT

E451 EFFECTIVENESS OF FAMILY SERVICES

This decision unit recommends approval of 1.0 FTE Child Care Surveyor II position in Northern Nevada, and associated operating costs, to assume the child care licensing facility caseload transferred by the City of Carson City, Environmental Health Department. Carson City Environmental Health has requested transfer of their child care licensing duties to the division per NRS 432A.131. The division has twelve months by statute in which to comply with the City's request.

TRANSITION FROM FOSTER CARE

606-3250

PROGRAM DESCRIPTION

The purpose of this budget is to account for fees and interest collected and to pay for goods and services for persons who attained the age of 18 while in foster care in Nevada to make the transition from foster care to self-sufficiency. AB 94, 2001 Session, authorized \$1 for recording a document, instrument, notice, deed or other writing to be used to assist persons formerly in foster care. Funds may be (a) disbursed on behalf of qualifying persons on the basis of need to obtain goods and services, including: job training, housing assistance, and medical insurance, (b) granted to non-profit community organizations; or (c) expended to provide matching money required as a condition of a federal grant. Money in this budget account at the end of any fiscal year remains in the account and does not revert to any other fund but is balanced forward into the next fiscal year.

CHILD DEATHS REVIEW

101-3251

PROGRAM DESCRIPTION

The Account to Review the Death of Children is established pursuant to NRS 432B.409(3) in the State General Fund from death certificate fees to be administered by the Division of Child and Family Services. The primary purpose of the account is to support statewide child death review activities of the mandated Administrative Team and the Executive Committee to Review the Death of Children. The activities of the child death review committees include the development of statewide protocols, training and multidisciplinary teams, and the compilation of child death statistics and an annual report of recommendations on improving the laws, regulations, or policies related to child death.

HR, CHILD WELFARE TRUST

645-3242

PROGRAM DESCRIPTION

The Child Welfare Trust Fund account was established for purposes of receiving children's benefits including Social Security, Supplemental Security Income, Veteran's Administration and court-ordered support payments. These funds are used to reimburse the Division of Child and Family Services for the cost of care provided to the children in its custody. Funds are maintained in a separate account for each child, and any remaining funds not used for the cost of care are returned to the child or to the legal guardian when the child leaves state custody. Statutory Authority: NRS 432.037

BASE

The base budget recommends continuing the Child Welfare Trust account.

HR, VICTIMS OF DOMESTIC VIOLENCE

101-3181

PROGRAM DESCRIPTION

The Division of Child and Family Services has responsibility under NRS chapter 217 for monitoring domestic violence programs. Effective July 1, 1993, the Division assumed responsibility for granting funds from the domestic violence account, maintaining financial records, evaluating services provided and assuring compliance with NRS 217.400 through 217.460. The Nevada State Legislature has established that \$20.00 of each marriage license sold in the state will go toward the provision of services to victims of domestic violence and their dependents (AB 94, sec 9.3 - effective January 1, 2003). AB 94 also established that \$5.00 from each marriage performed by a Justice of the Peace will be deposited to the account for aid for victims of domestic violence (Sec 6.5 - effective October 1, 2001). In addition, AB 94 established (Sec 9.7 - effective July 1, 2001) that \$5.00 from each marriage solemnized by a Commissioner of Civil Marriages will be deposited to the same account.

HR, CHILD ABUSE AND NEGLECT

101-3271

PROGRAM DESCRIPTION

The Division of Child and Family Services receives funding from the federal government to assist state efforts to improve the child protective service systems in areas such as investigations of reports, case management, child protective services training and general service enhancement. Through grants and contracts, federal Child Abuse and Neglect Prevention Act (CAPTA) funds are used for child protective services training for state and county child protective services staff, funding consultation, training and technical assistance to multi-disciplinary teams, establishing and maintaining statewide multi-agency task force committees which address child abuse and neglect, and implementing new requirements under CAPTA as authorized. The Child Abuse and Neglect Account was established for purposes of managing these funds.

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007
1.	Number of child abuse and neglect reports	12,176	12,176	12,250	12,250	12,250
2.	Number of substantiated child abuse and neglect reports	2,468	2,468	2,500	2,500	2,500

BASE

The base budget recommends continued funding of 2.0 FTE and associated travel and operating costs. One-time costs have been eliminated, and partial year costs have been annualized or adjusted for such things as longevity, contracts, and rent.

HR, DCFS - JUVENILE ACCOUNTABILITY BLOCK GRANT

101-3262

PROGRAM DESCRIPTION

The Division of Child and Family Services receives funding under the Juvenile Accountability Block Grant (JABG) to run the Juvenile Justice and Delinquency Prevention Program. This program assists communities in juvenile delinquency prevention, intervention, and accountability functions. Seventy-five percent of the grant passes through to units of local government and to local private, non-profit agencies. Twenty percent of the discretionary funding is transferred to the Summit View Youth Correctional Center budget (B/A 3148) to support the operation of that facility. The remaining five percent is reserved for administrative expenses.

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007
1.	Number of juvenile offenders successfully completing a life skills and/or treatment program	340	410	400	380	360
2.	Commitment rate to State youth correctional facilities for males aged 12-18	0.38%	0.39%	0.40%	0.42%	0.45%
3.	Commitment rate to State youth correctional facilities for females aged 12-18	0.11%	0.11%	0.12%	0.14%	0.16%
4.	Maintain projects on an equitable basis between the nine judicial districts	9	9	9	9	9

BASE

The base budget recommends not continuing 2.51 FTE and the associated operating and travel costs, as funds from the Juvenile Accountability Block Grant will be insufficient to cover these positions in FYs 06 & 07.

HR, YOUTH ALTERNATIVE PLACEMENT

101-3147

PROGRAM DESCRIPTION

Alternative placement funds are necessary to provide correctional care for chronic and/or violent male and female youth whose needs cannot be met at existing State facilities. The provision of professional contractual residential services allows the State to meet the needs of these youth. Alternative placement funds and support of County camps also helps to alleviate overcrowding in State facilities, and consequently, problems with safety and security. Statutory authority: NRS 62B.140-160, NRS 63.440, NRS 232.400.

PROGRAM DESCRIPTION

Senate Bill 495, passed by the 1997 Legislature, gave the Departments of Administration and Human Resources the authority to privately construct and operate a maximum security juvenile correctional facility in Clark County. Summit View Youth Correctional Center reopened to accept youth on January 26, 2004, in Clark County near Nellis Air Force Base. Summit View is a 96-bed structurally secure facility designed to segregate serious and violent juvenile offenders from lower level offenders in the state programs. The facility is owned and operated by the State of Nevada. Summit View Youth Correctional Center provides a maximum-security sanction to hold young male offenders accountable for their delinquent behavior and provide protection for the public. Statutory authority: NRS 63.

PROGRAM DESCRIPTION

The Caliente Youth Center (CYC) is a staff secure, co-educational juvenile residential facility located 150 miles north of Las Vegas on the east side of U.S. Highway 93, in Caliente, Nevada. There are 7 housing units situated on 35 acres with a maximum capacity of 140 youth in residence. CYC serves youths between the ages of 12 and 18 years of age. Four units are for males, and three are for females. The Caliente Youth Center is authorized and governed by NRS Chapter 63, "Juvenile Correction Institutions," and those applicable statutes contained within NRS Chapter 62A, "Juvenile Courts". The mission of this agency, while acting under the direction of the Division of Child and Family Services, is to protect the community while providing a secure and caring environment that encourages students to develop competencies, repay their victims, and to reduce or eliminate recidivism. Our program addresses the delinquent youth who also may have been victims of abuse, abandonment, and neglect. We work closely with both public and private agencies in accomplishing our goals. We coordinate with Nevada Youth Parole Bureau and with the Interstate Compact on Juveniles to ensure that the youths receive the best possible aftercare services once they are released from CYC's jurisdiction.

M101 INFLATION

This decision unit recommends a special inflationary adjustment for potable water. Caliente Youth Center's current usage fee for potable water is a flat rate of \$1,245, using approximately 1,100,000 gallons per month, supplied by a 4-inch main. Usage was based upon per person use at another juvenile facility in the state. In FY 05, the City of Caliente is installing water meters, as directed by AB 198. Based on the proposed rate table provided by the City of Caliente, in addition to a \$144.00 monthly fee for the meter for a 4-inch main, Caliente Youth center will be charged \$2,880 thereafter, an increase of \$1,635 per month.

M502 FEDERAL MANDATE

This decision unit recommends establishing an operational staff-to-student ratio of 1:8 during service hours (16 hours each day) and 1:16 during sleeping hours. These ratios have been recommended by the U.S. Department of Justice and are recognized as national practiced standards in Juvenile Justice. This request was presented to the 2003 Legislature but was deferred until the 05-07 biennium.

PROGRAM DESCRIPTION

The Nevada Youth Training Center supports the operation of a 160-bed residential juvenile correctional facility that serves male youths between the ages of 12 and 18 years. It is located in Elko, Nevada. The center operates a Junior/Senior High School program that offers required and elective academic subjects, remedial programs (reading, math, language), special education, vocational education, and interscholastic activities. Youths also receive counseling, conducted individually or in small and large groups, monthly treatment team meetings, and substance abuse counseling. Statutory authority: NRS 210.010.

PROGRAM DESCRIPTION

Northern Nevada Child and Adolescent Services (NNCAS) is responsible for providing a continuum of mental health services to severely emotionally disturbed (SED) children and their families. These services include: Early Childhood Mental Health, Outpatient Counseling, Case Management, Family Learning Homes and the Adolescent Treatment Center. The agency strives to provide quality care and treatment services within the least restrictive environment and, when possible, uses community-based, family oriented, individualized services developed to address the treatment needs of the children and families.

E453 EFFECTIVENESS OF FAMILY SERVICES

This decision unit recommends the addition of 3.0 FTE to provide utilization management for Medicaid's Mental Health Rehabilitative Services Program. Skilled medical professionals are needed in order to provide the required prior authorizations, review requests in accordance with Medicaid policy and medical necessity, issue notice of decision upon denials, and authorize continued stay according to appropriate criteria. Without appropriate staff and resources to conduct utilization review, Medicaid recipients may not be able to receive the services they need, or may receive unnecessary, inappropriate services.

PROGRAM DESCRIPTION

Southern Nevada Child and Adolescent Services provides assessment, care coordination, and a comprehensive continuum of behavioral healthcare services for emotionally disturbed children and adolescents from birth through 18 years of age in accordance with NRS 433B. Services are provided in five neighborhood-based sites and include individual and family counseling, case management, day treatment, and residential services at selected locations. Over 85% of children served exhibit serious and debilitating forms of emotional disturbance such as schizophrenia, autism, affective disorders and conduct disorders. Over 2/3 of the services are provided to children enrolled in public assistance programs such as Medicaid. At least 50% of children served are involved in the child welfare or juvenile justice systems.

E454 EFFECTIVENESS OF FAMILY SERVICES

This decision unit recommends adding 5 positions and associated operating costs to provide utilization management for Medicaid's Mental Health Rehabilitative Services Program. These skilled medical professionals are needed in order to provide the required prior authorizations, review requests in accordance with Medicaid policy and medical necessity, issue notice of decision upon denials, and authorize continued stay according to appropriate criteria. Without resources to conduct utilization review, Medicaid recipients may not be able to receive the services they need or may receive unnecessary, inappropriate services.

E500 ADJUSTMENTS - TRANSFERS IN

This decision unit recommends a revenue correction from the transfer in of 7.51 FTE from the Administration account, as recommended in decision unit E911. E500 reflects that the funding for these positions will now come from Medicaid Case Management Revenue (GL 3861) instead of General Funds and federal Title IV-E money.

E931 TRANSFER MEDICAID TO SNCAS

This decision unit recommends an adjustment to base in the Medicaid budget to transfer general funds to the Division of Child and Family Services, Southern Nevada Child and Adolescent Services (SNCAS). This transfer is for medical services to Medicaid recipients billable by SNCAS. Placement of general funds in this agency budget will bring its budget in line with other DHR sister agencies and MMIS program capabilities.

PROGRAM DESCRIPTION

The Office of the Nevada State Public Defender provides equal protection under the law and in accordance with the Nevada and United States Constitution by representing indigent adults and juveniles accused of committing crimes in certain rural areas of Nevada, or in one of Nevada's prisons. This representation is performed from arrest through trial, sentencing and appeal. In addition to representing indigent adults and juveniles, the Office handles appeals from denial of post-conviction habeas corpus petitions for state prison inmates accused of a crime. Statutory Authority: NRS Chapters 180 and 260.

PROGRAM DESCRIPTION

Budget account 3140 supports the Independent Living Grants of the Fund for a Healthy Nevada. The Independent Living Grants enhance the independent living of older Nevadans through services enabling older persons to remain at home and avoid institutional placement. Funding is provided by the Tobacco Settlement. There are no state general funds in this budget account. Funding supports salaries and associated operating for a Grants and Projects Analyst I position and an Auditor II position. All remaining funds are used for Independent Living Grants.

HR, AGING OLDER AMERICANS ACT

101-3151

PROGRAM DESCRIPTION

The mission of the Division for Aging Services is to develop, coordinate and deliver a comprehensive support system in order for Nevada's senior citizens to lead independent, meaningful and dignified lives (statutory authority: NRS 427). The Division for Aging Services (DAS) serves primarily Nevadans aged 60 years and older. The Division is administered through four units established by functions: Elder Rights, Fiscal, Grants and Resource Development, and Community Based Care. Budget Account 3151 includes DAS administration as well as the Grants and Resource Development, Elder Rights, and Fiscal Services Units. The DAS administers five budget accounts: Aging Older Americans Act - #3151; Senior Services Program - #3146; Elder Protective Services/Homemaker Programs - #3252, Aging Services Grants - #3140; and Senior Citizens Property Tax Assistance - #2363. DAS staff are located in four regional offices: Las Vegas, Reno, Carson City, and Elko. The Grants and Resource Development Unit (GRD) is responsible for grants administration, and community resource development. GRD manages federal, state, and Tobacco Settlement Independent Living Grants to support statewide senior services. The Elder Rights Unit is established under Title III of the Older Americans Act and the Elder Rights Attorney under NRS 427A.123. The Community Ombudsmen are authorized by NRS 427A.300, which outlines their duties, and NRS 427A.125 authorizes Advocates (Long Term Care Ombudsman Program). The Unit's responsibilities include: statewide repository of Elder Abuse Reports, coordination of protective services, legal services development, ombudsman functions for institutionalized elderly, community ombudsman activities for elderly in the community, benefits counseling, and the Eldercare Helpline. The Fiscal Unit provides the financial services necessary for the internal administration of the agency and completes the functions necessary to support the responsibilities of the other units.

BASE

Base expenditures fund 49.51 FTE. Staff includes Division administration and three units (Grants and Resource Development, Elder Rights, and Fiscal Services). The state general fund appropriation supports the Division administration, provides the required match for federal funds, supplements older volunteer programs, senior transportation and rural senior services. Federal funds are received from the Administration on Aging under Title III of the Older Americans Act. Additional federal funds are also received from the Department of Labor under Title V and the Community Services Block Grant Act. Also, other funding is received from the Taxicab Authority to operate the Senior Ride Program in Clark County.

ENHANCEMENT

E710 REPLACEMENT EQUIPMENT

This decision unit provides for the replacement of office equipment and data processing hardware and software. The division has adopted the recommended replacement schedule developed by DoIT, which includes a 25 percent replacement of computer equipment each fiscal year. Replacement equipment items (such as printers, shredders, and a domain server) were built into this decision unit and cost allocated to other Aging budget accounts in the E-800 module series. Cost allocations are based on the division's cost allocation plan.

E800 COST ALLOCATION

This decision unit recognizes the cost allocation of the replacement equipment built into module E-710 for all Aging budget accounts. Replacement equipment items such as network printers, shredders, and a domain server need to be cost allocated to other Aging budget accounts in the E-800 module series. Cost allocations are based on the division's cost allocation plan.

HR, SENIOR SERVICES PROGRAM

101-3146

PROGRAM DESCRIPTION

There are four division offices located in Reno, Carson City, Elko, and Las Vegas. The Division is administered through four units established by functions: Elder Rights, Fiscal, Grants and Resource Development and Community Based Care. The Community Based Care unit (CBC), under budget account 3146, provides service to those seniors most at risk through two Medicaid waivers and a state funded program. The Community Home-based Initiatives Program (CHIP) and the Waiver for Elderly in Adult Residential Care (WEARC), provide alternatives to nursing home placement. The scope of services includes long-range planning, information and referral, identification of clients, assessment, case management, level of care screening, development of service providers, billing for reimbursement, processing payments for providers, quality assurance, education and training, continuous monitoring of clients, assistance with benefit applications, counseling of family members and management of a data base to meet federal reporting mandates. Each CBC Social Worker is projected to carry a caseload of 50 clients, which includes 45 approved cases and 5 in-process cases.

BASE

Base expenditures support seventy-nine FTE and their associated operating, travel and data processing costs. The staff budgeted in this account are a combination of administrative, fiscal, and positions that provide direct services to those seniors most at risk under the Community Based Care Unit (CBC) for various programs. There are four programs funded under this account - two Medicaid waiver programs and two state funded programs.

M200 DEMOGRAPHICS/CASELOAD CHANGES

Medicaid (Title XIX) funding is recommended to provide four new direct service positions and support costs of those positions. The general fund match (44.95 percent in FY 2006 and 45.03 percent in FY 2007) is in budget account 3243 (Division of Health Care Financing and Policy). The positions are one administrative assistant, two social workers and one social worker supervisor with a start date of 10/1/05. This will allow the Division to increase the number of clients receiving Medicaid Waiver Services under the Community Home-Based Initiative Program (CHIP).

PROGRAM DESCRIPTION

The Division is managed through the three functional units detailed in B/A 3151 and through the Community Based Care Unit detailed in B/A 3146. DAS staff are located in four regional offices: Las Vegas, Reno, Carson City, and Elko. The Homemaker Program serves both senior citizens and younger disabled adults. This program is part of the Community Based Care Unit. Services include case management, housekeeping, laundry, shopping, meal prep and stand-by assist with bathing. The Elder Protective Services Program, which is part of the Elder Rights Unit, investigates reports of elder abuse, neglect, exploitation or isolation.

ENHANCEMENT

E456 EFFECTIVENESS OF FAMILY SERVICES

This decision unit requests funding for four positions (two Social Work Supervisors and two Elder Protective Services Social Workers) to increase the efficiency and effectiveness of the Elder Protective Services Program. By statute, (NRS 200.5091 et. Seq.) Aging Services is required to receive reports of elder abuse, neglect, exploitation and isolation; act as a repository for these statewide reports; and investigate appropriate reports within three working days. With existing staff, the division is unable to conduct a face-to-face investigation within three working days for all reports.

PROGRAM DESCRIPTION

The Senior Citizens' Property Tax Program was transferred to the division from the Department of Taxation effective October 1, 2001. This program provides relief to eligible senior citizens who are carrying an excessive residential property tax burden in relation to their income and to those senior citizens who, through rent payments, pay a disproportionate amount of their income for property taxes. Statutory Authority: NRS 427A.450 - 427A.600. Existing personnel for this program include one Program Officer II and one Administrative Assistant III.

CFS JUVENILE JUSTICE PROGRAMS

101-1383

PROGRAM DESCRIPTION

The Division of Child and Family Services receives funding through the Federal Office of Juvenile Justice and Delinquency Prevention Formula Grants to States and through state general funds. The funds are passed through to units of local government or to local private agencies to operate programs consistent with the intent of the federal laws and the State Legislature. The programs include removal of juveniles from adult jails, de-institutionalization of status offenders, programs to address the reduction of disproportionate incarceration of minority offenders, special programs for Native American youth, and community-based delinquency prevention programs. The Nevada Juvenile Justice Commission makes the grant award recommendations to the Division. Statutory Authority: NRS chapter 62 and the Federal Juvenile Justice Act.

HR, CHILD AND FAMILY SERVICES ADMINISTRATION

101-3145

PROGRAM DESCRIPTION

The Division of Child and Family Services was created by legislation approved during the 1991 Legislative Session to provide services to children and adolescents. The mission of the Division of Child and Family Services is: protection and permanency for children, preservation of families, unifying of communities and correctional services for youth.

PROTECTION AND PERMANENCY FOR CHILDREN: The Division strives to support permanency, safety, and security within the child's biological and extended family so children may grow and develop within stable environments. The Division also recognizes the responsibility to create and support alternative permanent environments when biological families are unable or incapable of caring for their children.

PRESERVATION OF FAMILIES: The Division supports the value that the family is the best and most efficient structure to assure stability, nurturing, care and safety of its members. Services are designed to build upon family strengths, honoring the family's culture, values and privacy.

CHILD PROTECTIVE SERVICES: The Division receives, assesses, investigates and initiates appropriate child protection activities for reports of abuse, sexual abuse and neglect in fifteen of the State's seventeen counties. NRS 432B.325 assigns the responsibility to make initial investigations to each county whose population is 100,000 or more. Services must be provided in accordance with uniform standards adopted by the Division.

FAMILY PRESERVATION SERVICES: Family preservation services are delivered to families who are at immediate risk of dissolution or of having one or more of the children placed outside of the home. These treatment services are delivered in the family home by specially trained staff and focus on preventing the removal of children. Services include clinical consultation to Child welfare staff and crisis assessments for children who may be, or are being, placed in out-of-home care.

FOSTER CARE/SUBSTITUTE CARE CASE MANAGEMENT: When a child cannot remain at home, a licensed social worker is assigned by the Division to arrange the necessary care and services for the child. The social worker provides direct counseling to the child, biological parent, and the foster/substitute care provider. The social worker is the accountability and communication link between district court, the child, the biological parent, and the foster/substitute care provider.

ADOPTION CASE MANAGEMENT: When children cannot be raised by their biological parents, the Division often arranges an adoption to create permanency for the child. Licensed social workers are assigned to evaluate prospective adoptive families and to coordinate the counseling and legal activities that accomplish the adoption process.

FOSTER HOME LICENSING/RECRUITMENT AND TRAINING: Under NRS. 424, the Division is responsible for licensing, monitoring, training and providing technical assistance to family foster and group foster homes to reduce the risk of harm to children placed in care. The licensing process helps to determine whether the foster care applicant can provide suitable care for the children placed. To assure an acceptable level of care is maintained, the licenses are renewed annually.

SPECIALIZED FAMILY AND CHILD ASSESSMENTS: The Division's clinical staff assesses nearly all children entering the custody of the Division as a result of abuse, neglect, or sexual abuse. These assessments assist staff in selecting the most appropriate services and placements for children and youth who can no longer live in their own home and assists in assessing the potential for parent-child reunification, relative placement and/or adoption.

CLARK COUNTY INTEGRATION

PROGRAM DESCRIPTION

With the passage of AB1, 17th Special Legislative Session, Nevada adopted a new integrated child welfare service delivery model. Under this model, case management functions for foster care and adoptions, family preservation, centralized intake, family foster care and emergency care, foster care/group home licensing, eligibility, and foster care recruitment would transfer from the Division of Child and Family Services to the counties whose population is 100,000 or more.

AB1 also provided for increased access to mental health services for children with Serious Emotional Disturbance (SED). Funding was provided to phase in a new wrap-around service model of care for approximately 327 children with SED in the Child Welfare system.

This budget account will continue to be used to reflect the costs of transferring Child Welfare services to Clark County. Budget Account 3141, Washoe County Integration, has been established to reflect the costs of transferring Child Welfare Services to Washoe County. The costs associated with the Division's Regulatory Oversight, Rural Match-Up, and SACWIS Compliance positions approved in AB1 are recommended to transfer to the appropriate DCFS budget accounts. The costs associated with the new wrap-around service model of care for children with SED are recommended to transfer to the Northern Nevada Child and Adolescent Services budget for North and Rural Regions and to Southern Nevada Child and Adolescent Services for the Southern Region.

BASE

The base budget recommends continuing the final phase of Child Welfare Integration by transferring the remaining 101.51 FTE to Clark County. The transfers were effective on October 1, 2004, leaving 23.0 FTE State positions. These remaining 23 positions will transfer out to other division budgets as part of the division's efforts to align positions and costs with the appropriate regional budget account.

M200 DEMOGRAPHICS/CASELOAD CHANGES

This decision unit recommends funding for Washoe County caseload increases for Foster Care Placements as well as an increase for Adoption Subsidies. E935 recommends the transfer of this decision unit to the new Washoe County Integration budget account, 3141. The caseload increase is based upon actual FY 2004 caseloads and an estimated population increase for the age group of 0-19 years of age based upon information from the State Demographer.

M201 DEMOGRAPHICS/CASELOAD CHANGES

This decision unit recommends funding for six Washoe County staff in FY 2006 to support caseload increases for Foster Care Placements in Washoe County. E936 recommends the transfer of this decision unit to the new Washoe County Integration budget account, 3141. The caseload increase is based upon actual FY 2004 caseloads and an estimated population increase for the age group of 0-19 years of age based upon information from the State Demographer. The addition of these staff will maintain a 1:28 staffing ratio for Foster Care Placement staff.

M202 DEMOGRAPHICS/CASELOAD CHANGES

This decision unit recommends funding for the Washoe County Cost Allocation Plan (Cost Pool) that was recently completed. This plan, using Federally approved allocation methodologies, distributes central services agency costs for all of Washoe County. E937 recommends the transfer of this decision unit to the new Washoe County Integration budget account, 3141.

M206 DEMOGRAPHICS/CASELOAD CHANGES

This decision unit recommends funding for one Clark County staff member in FY 2006 to support caseload increases in the Interstate Compact on the Placement of Children (ICPC) Unit in Clark County. The ICPC Unit currently has eight workers who average 40 cases or 75 children. The national average is 35 cases per ICPC caseworker. With the current caseloads, workers are unable to complete the once a month visit, quarterly reports, and initial home studies in a timely manner as agreed upon in the Compact. An additional worker would reduce the caseload to the recommended 35 families, which would be approximately 57 children.

M207 DEMOGRAPHICS/CASELOAD CHANGES

This decision unit recommends funding for eight Clark County staff members in FY 2006 and one additional staff in FY 2007 to support caseload increases in the Foster Care Licensing Unit. The foster care licensing workers in Clark County average over 100 foster homes each, which is higher than any other part of the state. This request would reduce the caseloads to 1:70.

ENHANCEMENT

E456 EFFECTIVENESS OF FAMILY SERVICES

This decision unit recommends funding for 6 Washoe County staff in FY 06 and 6 more in FY 07 to reduce the foster care placement caseload in Washoe County from 1:28 to 1:25 in FY 06 and 1:22 in FY 07. With the current caseloads, workers are unable to complete the once a month visits, quarterly reports, and home studies in a timely manner as required by Federal law. Decision unit E943 recommends the transfer of E456 to the new Washoe County Integration budget account, 3141.

WASHOE COUNTY INTEGRATION

101-3141

PROGRAM DESCRIPTION

With the passage of AB1 during the 17th Special Legislative Session, Nevada adopted a new integrated child welfare service delivery model. Under this model, case management functions for foster care and adoptions, family preservation, centralized intake, family foster care and emergency care, foster care/group home licensing, eligibility, and foster care recruitment would transfer from the Division of Child and Family Services to the counties whose population is 100,000 or more.

AB1 also provided for increased access to mental health services for children with Serious Emotional Disturbance (SED). Funding was provided to phase in a new wrap-around service model of care for approximately 327 children with SED in the Child Welfare system.

Budget Account 3141, Washoe County Integration, has been established to reflect the costs of transferring Child Welfare Services to Washoe County. The costs associated with the Division's Regulatory Oversight, Rural Match-Up, and SACWIS Compliance positions approved in AB1 are recommended to transfer to the appropriate DCFS budget accounts. The costs associated with the new wrap-around service model of care for children with SED are recommended to the NNCAS budget (BA 3281) for North and Rural Regions and SNCAS (BA 3646) for the Southern Region.

ENHANCEMENT

E930 TRANSFER IN CATEGORY 50 BASE COSTS FROM RURAL

This decision unit recommends the transfer of base expenditures for Category 50 - IVE Washoe County (IVE pass-thru) from the Rural Child Welfare budget account, 3229, to the new Washoe County Integration budget account as part of the division's budget realignment process. This will allow all Washoe County expenditures to be tracked in one budget account. This decision unit accompanies decision unit E931.

PROGRAM DESCRIPTION

The purpose of this budget is to provide for the maintenance and operation of the automated child welfare case management application known as UNITY. The application is supported by the Information Management Services (IMS) unit within the Division of Child & Family Services. Unified Nevada Information Technology for Youth (UNITY) is the Nevada-specific acronym for the federally mandated Statewide Automated Child Welfare Information System (SACWIS). Child Welfare agencies nationwide are required to submit adoption and foster care information electronically to the Administration for Children and Families, as per Public Law 103-66 (Omnibus Reconciliation Act). The UNITY application became fully operational statewide in September, 2003. It has significantly enhanced the quality and availability of information regarding the children and families served in Nevada. Child Protective Services intake and case management has been fully automated to ensure timely and accurate communications between State and county entities. During the Child & Family Services Review, conducted by the federal government in February of 2004, the information system (UNITY) was found to be in substantial conformity. Federal participation is 45.38% Title IV-E, 1.20% Title XIX, and 53.42% State General Funds.

ENHANCEMENT

E500 ADJUSTMENTS - TRANSFERS IN

This decision unit recommends category corrections associated with the E905 transfer decision unit, which transfers in two positions and mainframe costs from the Clark County Integration budget account to the UNITY budget. The Clark County Integration budget account used Categories 12 and 36 to track the expenditures associated with these positions and mainframe costs. The E500 decision unit moves those expenditures to Category 26, which is the proper category in the UNITY budget account.

PROGRAM DESCRIPTION

The mission of the Bureau of Services for Child Care is to license and monitor child care facilities through training and enforcement of appropriate licensing standards to ensure the health, safety and proper treatment of children receiving out-of-home care. Under NRS 432A, to reduce the risk of harm to children placed in care outside of their own home, the Bureau has the responsibility for initial licensing, continued monitoring and providing technical assistance to child care facilities caring for five or more children not licensed by local entities. Facilities include child care centers, on-site centers, care for ill children, special needs centers, pre-schools, nurseries for infants and toddlers, accommodation facilities, family care homes, group care homes, institutions and outdoor youth programs. All areas of responsibility are also monitored for illegal, unlicensed child care operations with complaints investigated to bring facilities into compliance with state laws by licensing or reducing the number of children in care. Child care training is delivered mainly through contract services. The policy-making Board for Child Care adopts Regulations and Standards for Child Care. Licenses are renewed on an annual basis with a minimum of two unannounced surveys conducted during the annual licensing period. The Child Care Board determines license fees for child care facilities.

The mission of the Division's regional foster care licensing unit is to reduce the risk of harm to children placed in care by the Division. The licensing process helps to determine whether the foster care applicant can provide suitable, safe care for the children placed in the home. To assure an acceptable level of care is maintained, the licenses are renewed annually. An on-site visit to the home must be made for each annual and renewal license issued. These functions include family foster and group foster care providers. Foster care licenses include applicants for family foster, group foster, adoption, Interstate Compact, and relative care. With the passage of AB1, foster care licensing will transfer from the Division of Child and Family Services to counties whose population is 100,000 or more.

ENHANCEMENT

E451 EFFECTIVENESS OF FAMILY SERVICES

This decision unit recommends approval of 1.0 FTE Child Care Surveyor II position in Northern Nevada, and associated operating costs, to assume the child care licensing facility caseload transferred by the City of Carson City, Environmental Health Department. Carson City Environmental Health has requested transfer of their child care licensing duties to the division per NRS 432A.131. The division has twelve months by statute in which to comply with the City's request.

TRANSITION FROM FOSTER CARE

606-3250

PROGRAM DESCRIPTION

The purpose of this budget is to account for fees and interest collected and to pay for goods and services for persons who attained the age of 18 while in foster care in Nevada to make the transition from foster care to self-sufficiency. AB 94, 2001 Session, authorized \$1 for recording a document, instrument, notice, deed or other writing to be used to assist persons formerly in foster care. Funds may be (a) disbursed on behalf of qualifying persons on the basis of need to obtain goods and services, including: job training, housing assistance, and medical insurance, (b) granted to non-profit community organizations; or (c) expended to provide matching money required as a condition of a federal grant. Money in this budget account at the end of any fiscal year remains in the account and does not revert to any other fund but is balanced forward into the next fiscal year.

CHILD DEATHS REVIEW

101-3251

PROGRAM DESCRIPTION

The Account to Review the Death of Children is established pursuant to NRS 432B.409(3) in the State General Fund from death certificate fees to be administered by the Division of Child and Family Services. The primary purpose of the account is to support statewide child death review activities of the mandated Administrative Team and the Executive Committee to Review the Death of Children. The activities of the child death review committees include the development of statewide protocols, training and multidisciplinary teams, and the compilation of child death statistics and an annual report of recommendations on improving the laws, regulations, or policies related to child death.

HR, CHILD WELFARE TRUST

645-3242

PROGRAM DESCRIPTION

The Child Welfare Trust Fund account was established for purposes of receiving children's benefits including Social Security, Supplemental Security Income, Veteran's Administration and court-ordered support payments. These funds are used to reimburse the Division of Child and Family Services for the cost of care provided to the children in its custody. Funds are maintained in a separate account for each child, and any remaining funds not used for the cost of care are returned to the child or to the legal guardian when the child leaves state custody. Statutory Authority: NRS 432.037

BASE

The base budget recommends continuing the Child Welfare Trust account.

HR, VICTIMS OF DOMESTIC VIOLENCE

101-3181

PROGRAM DESCRIPTION

The Division of Child and Family Services has responsibility under NRS chapter 217 for monitoring domestic violence programs. Effective July 1, 1993, the Division assumed responsibility for granting funds from the domestic violence account, maintaining financial records, evaluating services provided and assuring compliance with NRS 217.400 through 217.460. The Nevada State Legislature has established that \$20.00 of each marriage license sold in the state will go toward the provision of services to victims of domestic violence and their dependents (AB 94, sec 9.3 - effective January 1, 2003). AB 94 also established that \$5.00 from each marriage performed by a Justice of the Peace will be deposited to the account for aid for victims of domestic violence (Sec 6.5 - effective October 1, 2001). In addition, AB 94 established (Sec 9.7 - effective July 1, 2001) that \$5.00 from each marriage solemnized by a Commissioner of Civil Marriages will be deposited to the same account.

HR, CHILD ABUSE AND NEGLECT

101-3271

PROGRAM DESCRIPTION

The Division of Child and Family Services receives funding from the federal government to assist state efforts to improve the child protective service systems in areas such as investigations of reports, case management, child protective services training and general service enhancement. Through grants and contracts, federal Child Abuse and Neglect Prevention Act (CAPTA) funds are used for child protective services training for state and county child protective services staff, funding consultation, training and technical assistance to multi-disciplinary teams, establishing and maintaining statewide multi-agency task force committees which address child abuse and neglect, and implementing new requirements under CAPTA as authorized. The Child Abuse and Neglect Account was established for purposes of managing these funds.

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007
1.	Number of child abuse and neglect reports	12,176	12,176	12,250	12,250	12,250
2.	Number of substantiated child abuse and neglect reports	2,468	2,468	2,500	2,500	2,500

BASE

The base budget recommends continued funding of 2.0 FTE and associated travel and operating costs. One-time costs have been eliminated, and partial year costs have been annualized or adjusted for such things as longevity, contracts, and rent.

HR, DCFS - JUVENILE ACCOUNTABILITY BLOCK GRANT

101-3262

PROGRAM DESCRIPTION

The Division of Child and Family Services receives funding under the Juvenile Accountability Block Grant (JABG) to run the Juvenile Justice and Delinquency Prevention Program. This program assists communities in juvenile delinquency prevention, intervention, and accountability functions. Seventy-five percent of the grant passes through to units of local government and to local private, non-profit agencies. Twenty percent of the discretionary funding is transferred to the Summit View Youth Correctional Center budget (B/A 3148) to support the operation of that facility. The remaining five percent is reserved for administrative expenses.

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007
1.	Number of juvenile offenders successfully completing a life skills and/or treatment program	340	410	400	380	360
2.	Commitment rate to State youth correctional facilities for males aged 12-18	0.38%	0.39%	0.40%	0.42%	0.45%
3.	Commitment rate to State youth correctional facilities for females aged 12-18	0.11%	0.11%	0.12%	0.14%	0.16%
4.	Maintain projects on an equitable basis between the nine judicial districts	9	9	9	9	9

BASE

The base budget recommends not continuing 2.51 FTE and the associated operating and travel costs, as funds from the Juvenile Accountability Block Grant will be insufficient to cover these positions in FYs 06 & 07.

HR, YOUTH ALTERNATIVE PLACEMENT

101-3147

PROGRAM DESCRIPTION

Alternative placement funds are necessary to provide correctional care for chronic and/or violent male and female youth whose needs cannot be met at existing State facilities. The provision of professional contractual residential services allows the State to meet the needs of these youth. Alternative placement funds and support of County camps also helps to alleviate overcrowding in State facilities, and consequently, problems with safety and security. Statutory authority: NRS 62B.140-160, NRS 63.440, NRS 232.400.

PROGRAM DESCRIPTION

Senate Bill 495, passed by the 1997 Legislature, gave the Departments of Administration and Human Resources the authority to privately construct and operate a maximum security juvenile correctional facility in Clark County. Summit View Youth Correctional Center reopened to accept youth on January 26, 2004, in Clark County near Nellis Air Force Base. Summit View is a 96-bed structurally secure facility designed to segregate serious and violent juvenile offenders from lower level offenders in the state programs. The facility is owned and operated by the State of Nevada. Summit View Youth Correctional Center provides a maximum-security sanction to hold young male offenders accountable for their delinquent behavior and provide protection for the public. Statutory authority: NRS 63.

HR, CALIENTE YOUTH CENTER

101-3179

PROGRAM DESCRIPTION

The Caliente Youth Center (CYC) is a staff secure, co-educational juvenile residential facility located 150 miles north of Las Vegas on the east side of U.S. Highway 93, in Caliente, Nevada. There are 7 housing units situated on 35 acres with a maximum capacity of 140 youth in residence. CYC serves youths between the ages of 12 and 18 years of age. Four units are for males, and three are for females. The Caliente Youth Center is authorized and governed by NRS Chapter 63, "Juvenile Correction Institutions," and those applicable statutes contained within NRS Chapter 62A, "Juvenile Courts". The mission of this agency, while acting under the direction of the Division of Child and Family Services, is to protect the community while providing a secure and caring environment that encourages students to develop competencies, repay their victims, and to reduce or eliminate recidivism. Our program addresses the delinquent youth who also may have been victims of abuse, abandonment, and neglect. We work closely with both public and private agencies in accomplishing our goals. We coordinate with Nevada Youth Parole Bureau and with the Interstate Compact on Juveniles to ensure that the youths receive the best possible aftercare services once they are released from CYC's jurisdiction.

M101 INFLATION

This decision unit recommends a special inflationary adjustment for potable water. Caliente Youth Center's current usage fee for potable water is a flat rate of \$1,245, using approximately 1,100,000 gallons per month, supplied by a 4-inch main. Usage was based upon per person use at another juvenile facility in the state. In FY 05, the City of Caliente is installing water meters, as directed by AB 198. Based on the proposed rate table provided by the City of Caliente, in addition to a \$144.00 monthly fee for the meter for a 4-inch main, Caliente Youth center will be charged \$2,880 thereafter, an increase of \$1,635 per month.

PROGRAM DESCRIPTION

The Nevada Youth Training Center supports the operation of a 160-bed residential juvenile correctional facility that serves male youths between the ages of 12 and 18 years. It is located in Elko, Nevada. The center operates a Junior/Senior High School program that offers required and elective academic subjects, remedial programs (reading, math, language), special education, vocational education, and interscholastic activities. Youths also receive counseling, conducted individually or in small and large groups, monthly treatment team meetings, and substance abuse counseling. Statutory authority: NRS 210.010.

PROGRAM DESCRIPTION

The Youth Parole Services account supports the operations of the Division's Youth Parole Bureau. The Bureau provides supervision and case management services for delinquent youth committed to the Division of Child and Family Services, Youth Correctional Services. The Bureau's caseloads consist of: 1) Delinquent youth committed to and paroled from state juvenile institutions at the Nevada Youth Training Center, Caliente Youth Center, or Summit View Youth Correctional Center; 2) China Springs Youth Camp and Aurora Pines Girls Facility; 3) Youth referred to Nevada for parole supervision from other states through the Interstate Compact on Juveniles (NRS 62.I); 4) Youth committed to the Division of Child and Family Services who require both correctional and mental health residential treatment; and, 5) Youth under the age of 12 years that are committed to the Division of Child and Family Services for correctional care but cannot by law be placed in a correctional program.

PROGRAM DESCRIPTION

Northern Nevada Child and Adolescent Services (NNCAS) is responsible for providing a continuum of mental health services to severely emotionally disturbed (SED) children and their families. These services include: Early Childhood Mental Health, Outpatient Counseling, Case Management, Family Learning Homes and the Adolescent Treatment Center. The agency strives to provide quality care and treatment services within the least restrictive environment and, when possible, uses community-based, family oriented, individualized services developed to address the treatment needs of the children and families.

E453 EFFECTIVENESS OF FAMILY SERVICES

This decision unit recommends the addition of 3.0 FTE to provide utilization management for Medicaid's Mental Health Rehabilitative Services Program. Skilled medical professionals are needed in order to provide the required prior authorizations, review requests in accordance with Medicaid policy and medical necessity, issue notice of decision upon denials, and authorize continued stay according to appropriate criteria. Without appropriate staff and resources to conduct utilization review, Medicaid recipients may not be able to receive the services they need, or may receive unnecessary, inappropriate services.

E900 TRANSFER ACCOUNTING ASST FROM ADMINISTRATION

This decision unit recommends the transfer in of an accounting assistant position from the Administration budget (3145) to Northern Nevada Child and Adolescent Services (NNCAS) as part of the division's budget realignment process. This position is part of the fiscal unit located at NNCAS and should be included in the NNCAS budget.

E932 TRANSFER MEDICAID TO NNCAS

This decision unit recommends an adjustment for the Medicaid budget to transfer in general funds to the Division of Child and Family Services, Northern Nevada Child and Adolescent Services (NNCAS). This transfer is for medical services to Medicaid recipients billable to NNCAS. Placement of general funds in this agency budget will bring its budgets in line with other DHR sister agencies and the MMIS program capabilities.

PROGRAM DESCRIPTION

Southern Nevada Child and Adolescent Services provides assessment, care coordination, and a comprehensive continuum of behavioral healthcare services for emotionally disturbed children and adolescents from birth through 18 years of age in accordance with NRS 433B. Services are provided in five neighborhood-based sites and include individual and family counseling, case management, day treatment, and residential services at selected locations. Over 85% of children served exhibit serious and debilitating forms of emotional disturbance such as schizophrenia, autism, affective disorders and conduct disorders. Over 2/3 of the services are provided to children enrolled in public assistance programs such as Medicaid. At least 50% of children served are involved in the child welfare or juvenile justice systems.

E454 EFFECTIVENESS OF FAMILY SERVICES

This decision unit recommends adding 5 positions and associated operating costs to provide utilization management for Medicaid's Mental Health Rehabilitative Services Program. These skilled medical professionals are needed in order to provide the required prior authorizations, review requests in accordance with Medicaid policy and medical necessity, issue notice of decision upon denials, and authorize continued stay according to appropriate criteria. Without resources to conduct utilization review, Medicaid recipients may not be able to receive the services they need or may receive unnecessary, inappropriate services.

E500 ADJUSTMENTS - TRANSFERS IN

This decision unit recommends a revenue correction from the transfer in of 7.51 FTE from the Administration account, as recommended in decision unit E911. E500 reflects that the funding for these positions will now come from Medicaid Case Management Revenue (GL 3861) instead of General Funds and federal Title IV-E money.

PROGRAM DESCRIPTION

The mission of the Division of Health Care Financing and Policy (DHCFP) is to purchase and ensure the provision of quality health care services, including Medicaid and Nevada Check Up, to low-income Nevadans in the most efficient manner; promote equal access to health care at an affordable cost to the taxpayers of Nevada; restrain the growth of health care costs; and review Medicaid, Nevada Check Up, and other State health care programs to determine federal revenue maximization. This budget account reflects the expenditures and activities associated with the administration of the Division of Health Care Financing and Policy. The budget account reflects the expenditures for the Administration, Accounting, Budgeting, Personnel, Rates, Compliance, Surveillance, Utilization Review, Privacy, Recipient Rights, Provider Enrollment, and Information Technology functions. This budget account also contains the expenditures associated with the cost containment function required under NRS 439B.

M502 FEDERAL MANDATE

This decision requests an additional Management Analyst I and one Accounting Technician I position for the Accounting Unit. The implementation of the MMIS and DSS have added responsibilities to the Fiscal Accounting Unit as well as requiring both the Accounting and Budget Units to monitor and track expenditures in greater detail. The requested positions will be responsible for assuming these new duties. Since the implementation of the MMIS and DSS, several staff have been required to work an increasing amount of overtime to meet the demands of processing and/or approving all financial transactions (advance payments/voids/re-issues/cash receipts), extensive monitoring of the Fiscal Agent processes and procedures, tracking data, and auditing duties generated by the implementation and operations of the MMIS and DSS systems.

M503 FEDERAL MANDATE

The Centers for Medicare and Medicaid Services (CMS) is implementing a Payment Error Rate Measurement (PERM) program for all State Medicaid and State Children's Health Insurance Program (SCHIP) in Nevada known as Nevada Check Up. The program becomes mandatory in FFY 06. The PERM program will require Medicaid and Nevada Check Up claims, both fee-for-service and managed care, to undergo three forms of review: Claims processing validation, medical reviews, and eligibility verification. Subsequent to the submission of agency request, the draft regulations were released. These regulations significantly increased the projected workload. The process validations will require the skills of an Auditor II and for medical reviews the skills of two Health Care Coordinator IIIs and one Administrative Assistant II.

E900 TRANSFERS

This decision unit transfers a Management Analyst III and related costs from DHCFP Administration (BA 3158) to Welfare Administration (BA 3228). This position was out-stationed at Welfare to work on the E-application and other Medicaid and Nevada Check Up related interface issues. From a management standpoint, it is more effective to have the position budgeted in the Welfare Division and cost allocated to the Division of Health Care Financing and Policy (DHCFP) based upon actual work assignments.

PROGRAM DESCRIPTION

The mission of the Division of Health Care Financing and Policy is to purchase quality, accessible, and economical health care services for eligible Nevadans. Medicaid services are authorized by Congress under the Title XIX of the Social Security Act. Federal Regulations define mandatory groups to be covered and Nevada generally covers only those mandatory groups. Federal regulations also define mandatory services. Optional services are also covered. Eligibility determinations for Medicaid are performed by the Welfare Division. Washoe and Clark County perform eligibility for child custody cases in those counties. The Welfare Division projection model provides caseload growth projections for Medicaid. Cost per eligible data is produced from medical claims processing activities in the MMIS and is factored with the caseload projections to produce budgeted medical expenditures. Authority: NRS Chapter 422

M101 INFLATION

This decision unit contains the mandatory provider rate increases and annualizes the rate increases already provided. It includes rate increases for physician, pharmacy, health maintenance organizations, community based services, dental, waiver services (PCA), other professional services and all other services. It is calculated at SFY 06 and SFY 07 rates multiplied by FY 06 and FY 07 caseload and then subtracting the cost of caseload demographic changes (M-200).

M200 DEMOGRAPHICS/CASELOAD CHANGES

This decision unit as presented in the executive budget is based upon the caseload and costs included in the agency request budget. While the Welfare caseload projections decreased between the June 2004 and December 2004 Medicaid Payment Projection model (MPP) by 6,290 in FY 06 and 8,343 in FY 07, costs increased significantly. The division believes that implementation of the Medicaid Management Information system may be skewing the data resulting in an over projection of medical cost per eligible. Due to the uncertainty over the actual cost per eligible, it was determined that the prudent option was to use the agency request budget with the higher than currently projected caseloads but lower than currently projected costs. In addition to medical costs, the Division is requesting 15 new positions in FY 06 and 5 positions in FY 07 to address the caseload. The majority of these positions are staff for the district offices.

M501 HIPAA - HEALTH INSURANCE PORTABILITY

This decision unit requests new HIPAA compliant filing systems for District Offices in Las Vegas and Reno. The current systems consist of open filing racks located in employee work areas or conventional file cabinets which display client protected health information (PHI) for unprotected viewing. Closed files are stored in an unsecured storage area. All of these files contain PHI. Due to HIPAA privacy standards all files containing PHI must be stored in locked files at all times. Use of a rotary and lateral filing systems will enable storage of up to three times more files than traditional filing systems and can be accommodated in the available floor space for file storage.

Acquisition of new rotary and lateral filing systems will ensure compliance with HIPAA privacy standards and make best use of available floor space for filing storage.

M502 FEDERAL MANDATE

This decision unit estimates the impact of the prescription drug benefit which will be provided to eligible Medicaid recipients who are also eligible for Medicare (dual eligibles) under the Medicare Modernization Act (MMA). Under the MMA individuals eligible for Medicare will be offered pharmaceutical coverage through Medicare. The MMA will require the states refund a portion of their savings on prescription drugs back to Medicare (clawback). The clawback will be calculated as the average per capita spending for prescription coverage for dual eligible individuals minus the related reduction in state drug rebate income multiplied by the number of full benefit dual eligibles multiplied by the monthly adjustment factors. Effective January 1, 2006 Federal matching funds will not be available to states that provide prescription benefits to dual eligible recipients, except for drugs excluded from the Medicare plan. The final information on drug coverage is not yet available. Implementation issues, such as the formulary, have not been resolved.

M592 WELFARE OMNIBUS BUDGET RECONCILIATION ACT

This decision unit seeks to increase the base contract budget for the External Quality Review Organization. The increase is necessary to include federally mandated tasks not included or performed in the previous contract years. These tasks include: annual validation of managed care performance measures and performance improvement projects per 42 CFR 438.240B and 438.358B #1,2 & 3; external quality review (EQR) annual technical report per 42 CFR 438.364; and, project/tracking management of State Quality Strategy and on-site reviews per 42 CFR 438.200. Approval of this decision unit will ensure compliance with the Balanced Budget Act of 1997 and its corresponding regulations and protocols with reference to External Quality Review of Managed Care Programs.

ENHANCEMENT

E401 ACCESS TO HEALTH CARE AND HEALTH INSURANCE

This decision unit requests rate increases for providers where access to services is negatively impacted by the failure to provide regular rate increases. The following provider rate increases or methodology changes that result in an increase are ranked by priority:

1. Air Ambulance: Reimbursement for air ambulance providers is substantially lower than Medicare rates. Providers have complained that with inflation, the price increases in fuel and maintenance costs, they will be forced to refuse service to Medicaid recipients.
2. Mental Health Rehabilitative Treatment Services Rate Increases: the proposal is to set rates and service descriptions to those recommended by AB 513 Rates Task Force. For most services, there will be a significant reduction in rates, however, in some cases the rates will increase.
3. Home Infusion Therapy Rate Increase: The DHCFP has adopted the ANSI X112 for Home Infusion Therapy claims which means per diem S codes will be utilized for billing supplies and pharmacy dispensing fees. All drugs will be billed using J codes. Tocology, TPN and most other IV therapies are expected to remain budget neutral. Antibiotic therapy administration will increase to become consistent with current Medicaid policy. For all other allowable infusion therapies, the per diem rate of \$23.13 for supplies has been developed and will be added to the pharmacy dispensing fee of \$4.76 for an all-inclusive per diem rate of \$27.89.

E402 ACCESS TO HEALTH CARE AND HEALTH INSURANCE

This decision unit seeks to modify the delivery system for behavioral health services by allowing earlier interventions for families to avoid the escalation of undiagnosed and untreated mental illness. The proposal includes expanding qualified providers under a specialty clinic model and the scope of services under the Medicaid mental health rehabilitation option. This unit allows DHCFP to coordinate proper utilization management for mental health rehabilitative services and ensures federal compliance to Medicaid regulations. In addition to allowing earlier intervention, the decision unit will increase recipient access to behavioral health services. One Health Care Coordinator III position is requested to provide oversight of the Utilization Review function. The new program and services would begin January 1, 2006.

E426 ENABLE, MOTIVATE AND REWARD SELF SUFFICIENCY

This decision unit requests elimination of patient liability from the Community Home-Based Initiatives Program (CHIP) Waiver. Currently patient liability is assessed on recipients earning over twice of the Supplemental Security Income (SSI) level. Income in excess of 200% of SSI is collected from recipients to cover some of their medical costs and cannot exceed the actual cost of services. Patient liability is determined by the Nevada State Welfare Division and billed and collected by the Division for Aging Services (DAS), a time consuming and expensive process for these agencies. CHIP is the only Medicaid waiver currently requiring patient liability. This is the first step toward consolidating the CHIP and Group waivers. \$126,877 was budgeted for patient liability in FY 04. This decision unit requests replacement of patient liability with Federal Title XIX and general funds, based on current Federal Medical Assistance Percentage (FMAP) projections.

E452 EFFECTIVENESS OF FAMILY SERVICES

To fulfill the objectives of the Olmstead decision by moving patients from an institutional setting to a community based program. This decision unit moves 60 individuals from private Intermediate Care Facilities for the Mentally Retarded (institutional) to a Supportive Living Arrangement (community based). This unit removes the expenditures from Category 14. Decision Unit E-800 includes the federal portion for the SLA expenditures under Category 18 -MHMR. Category 18 passes through federal funds only to MHDS. The general funds are in the MHDS budgets.

E455 EFFECTIVENESS OF FAMILY SERVICES

This decision unit requests additional waiver slots to address the projected waiting list of disabled individuals who need assistance with the activities of daily living (ADL), bathing, feeding, and toileting, as required by Senate Bill 174 of the 2001 Legislative session. A review of the current waiver wait list identified 16.25% of those on the wait list had needs for assistance in all three ADL categories. Therefore, 16 slots are requested in this decision unit, 16.25% of the projected wait list at July 1, 2006. This decision unit also requests to add one Case Manager, Health Care Coordinator II.

E456 EFFECTIVENESS OF FAMILY SERVICES

This decision unit requests additional disabled waiver slots to address the projected waiting list for services. The Division projects that they will have a waiting list of 97 by October 2005. Decision Unit E-455 requests funding for 16 additional slots under the direction of Senate Bill 174 which requires immediate placement for persons who need assistance with bathing, toileting and eating. This decision unit requests funding for the remaining 81 slots. The slots are phased starting with 11 in October 2005 and approximately 11 additional slots are added each month until April 2006. The staffing ratio for the Disabled Waiver Program is one case manager for every 37 recipients. This decision unit requests to add two case managers, Health Care Coordinator IIs.

HR, HCF&P, HIFA MEDICAL 101-3247

PROGRAM DESCRIPTION

The State Child Health Insurance Program (SCHIP) or Nevada Check Up, as it is known in Nevada, is currently available only to children whose family income is above the Medicaid income level (133% of the federal poverty level-FPL) through 200% of the FPL. A HIFA Waiver allows the states to expand coverage while limiting financial risk (through limiting number of recipients, total expenditures, or both) as compared to a State Plan amendment for either Medicaid or SCHIP. A HIFA Waiver also allows flexibility in federal funding by allowing a combination of Medicaid-Title XIX and SCHIP-Title XXI. Nevada has not historically used all of its available SCHIP grant awards from the federal government, some of which can be used to fund a HIFA Waiver.

Coverage groups in the proposal are: 1) Pregnant women between 133% and 185% of FPL, 2) Small Employer Insurance Programs (EIP)-individuals employed by small business (2-50 employees) with incomes less than 200% of FPL enrolled in their employers qualified health plan-receive a \$100 per month maximum subsidy for insurance premiums; and 3) Catastrophic Event coverage-individuals up to 150% of FPL covered for a single catastrophic event. Group is a subset of individuals qualified for limited medical coverage from counties pursuant to NRS Chapter 422. These costs are currently paid through the County Indigent Accident Fund (IAF) and the County Supplemental Fund without the benefit of matching federal dollars.

INCREASED QUALITY OF NURSING CARE

101-3160

PROGRAM DESCRIPTION

This account was created by Assembly Bill 395 of the 2003 Legislative session; which instituted a tax on freestanding long term care facilities of not more than six percent of total annual accrual basis gross revenue. The proceeds of the tax, excluding up to one percent for administration, must be used only to increase the rates paid to nursing facilities for providing services pursuant to the Medicaid program and must not be used to replace existing state expenditures paid to nursing facilities for providing services pursuant to the Medicaid program. Funds received from the tax are deposited to this account and then transferred to the Medicaid Budget (BA 3243) to pay the non-federal portion of the costs of the rate increase. Funds are also transferred to the administration budget to support one full time position and related costs.

BASE

The State Plan Amendment to implement the rates supported by the long term care provider tax was effective July 18, 2004. Due to Center for Medicaid and Medicare Services (CMS) concerns over the allowability of the tax, a waiver of certain federal regulations was required. The waiver was approved effective April 1, 2004. The Division was able to collect the tax on the full year's accrual basis revenue and fund the rate increase authorized in the State Plan Amendment.

HR, HCF&P, NEVADA CHECK-UP PROGRAM

101-3178

PROGRAM DESCRIPTION

The Nevada Check Up Program was initiated by the Department of Human Resources and endorsed by the Interim Finance Committee during FY 1998. The authority for federal participation was created within the Balanced Budget Act of 1997 and the creation of Federal Title XXI, known as the State Children's Health Insurance Program (SCHIP), Title XXI provides options for states to cover health care costs for low-income uninsured children not eligible for Medicaid, at or below 200% of the federal poverty level. Services are provided in a mandatory managed care environment in Clark and Washoe Counties and in a fee-for-service environment in Nevada's remaining fifteen counties. Health Maintenance Organizations (HMOs) receive monthly capitated rates to provide services under managed care, and private providers in areas not served by HMOs are paid Medicaid reimbursement rates for services provided. Nevada Check Up was created as a stand-alone program. Nevada Check Up is not an entitlement program and families are assessed quarterly premiums ranging from \$15 to \$70 per quarter, based upon family size and income.

BASE

This base budget continues funding for 19.51 full-time positions and operating costs. Service costs for the Actuary and External Quality Review Organization are allocated between Medicaid and Nevada Check Up based upon percent of enrollment in the managed care plans. Operating costs are directly charged where possible. Administrative support provided by the division administrative and support staff are allocated based upon percentage of time spent on Nevada Check Up related issues from the time tracking system. The federal revenues to support the administrative and support staff are cost allocated in the administrative budget account. Average annual medical cost for the base year was \$1,140, and average monthly caseload was 25,025.

M101 INFLATION

This decision unit represents the additional costs to be incurred by Nevada Check Up for mandatory rate increases. The FY 04 rate is increased by the FY 06 and FY 07 levels and multiplied by the June 2005 projected caseload to develop the amounts in this maintenance unit. HMO capitation payments must be actuarially certified. Therefore, increases were projected at 7.1%, 7.5%, and 7.5% for FY 05, 06 and 07 respectively. Pharmaceutical costs are paid at 85% of average wholesale price. The division has no control over average wholesale price. Pharmaceutical cost increases were projected at 13.5%, 13.1% and 12.5% for FY 05, 06 and 07 respectively. Projected increases were obtained from the CMS statistical website on national health expenditure projections.

M501 HIPAA - HEALTH INSURANCE PORTABILITY

This decision unit requests a new HIPAA compliant rotary filing system. The current system consists of open filing racks located in the employee work area. Closed files are stored in an unsecured storage area. All of these files contain protected health information (PHI). Due to HIPAA privacy standards all files containing PHI must be stored in locked files at all times. Use of a rotary filing system will enable storage of up to three times more files in the same areas as traditional filing systems and will fit the available floor space for file storage. Acquisition of a new rotary filing system will ensure compliance with HIPAA privacy standards and make best use of available floor space for filing storage.

ENHANCEMENT

E401 ACCESS TO HEALTH CARE AND HEALTH INSURANCE

This decision unit requests rate increases for providers where access to services is negatively impacted by the failure to provide regular rate increases. The following provider rate increases are ranked by priority:

1. Air Ambulance - Increase reimbursement to 100% of Medicare rates.
2. Mental Health Rehabilitative Treatment Services - Set rates as recommended by the AB 513 Rates Task Force.

E425 ENABLE, MOTIVATE AND REWARD SELF SUFFICIENCY

Nevada Check Up is not an entitlement program, projected caseload growth is shown as an enhancement rather than a maintenance decision unit. This caseload projection uses a 12.68% annual increase for FY 05 and 06, consistent with FY 04 actual average caseload growth. FY 07 enrollment is capped at 30,000. Medical costs are based on FY 04 actual costs, increased by mandatory rate increases from pharmacy and HMO. Three Family Services Specialists (FFS) II - one each in Las Vegas, Reno, and Carson City - are requested in FY 06 to handle caseload growth. In September 2003, decentralization of Nevada Check Up eligibility functions resulted in improvements in business practices and consequently increased duties for FSS staff. Redeterminations of eligibility at the one year anniversary date and the regular disenrollment of families who do not pay premiums in a timely fashion are now scheduled activities which are current and performed timely. Based on the increased volume of eligibility and increased enrollment projected at 12.68% for FY 05 and 06, additional FFS staff will be needed to sustain improvements and accommodate eligibility processing for increased enrollment.

E800 COST ALLOCATION

Federal funds are passed through to the Health Division for Nevada Check Up enrollees use of the state provided vaccines. Vaccines are purchased and administered by the Health Division under its existing participation in the Vaccines for Children (VFC) program. Vaccines are provided to Nevada Check Up providers, who administer the immunizations to Nevada Check Up enrollees in accordance with the immunization schedules approved by the Advisory Committee on Immunization Practices (ACIP), the American Academy of Pediatrics (AAP), and the American Academy of Family Physicians (AAFP). This decision unit represents the projected federal funds needed to pass through to the Health Division for this immunization program for Nevada Check Up enrollees for FY 06 and FY 07.

PROGRAM DESCRIPTION

The State Child Health Insurance Program (SCHIP) or Nevada Check Up , as it is known in Nevada, is currently available to children whose family income is above the Medicaid income level (133% of the federal poverty level-FPL) through 200% of the FPL. A HIFA Waiver allows the states to expand coverage while limiting financial risk (through limiting number of recipients, total expenditures, or both) as compared to a State Plan Amendment for either Medicaid or SCHIP. A HIFA Waiver also allows flexibility in federal funding by allowing a combination of Medicaid Title XIX and SCHIP Title XXI. Nevada has not historically used all of its available SCHIP funding allocations from the federal government, some of which can be used to fund a HIFA Waiver. Coverage groups in the proposal are: 1) Pregnant women between 133% and 185% of FPL; 2) Small Employer Insurance Programs (EIP)-individuals employed by small business (2-50 employees) with incomes less than 200% of FPL, enrolled in their employers qualified health plan-receive a \$100 per month maximum subsidy for insurance premiums; and 3) Catastrophic Event coverage-individuals up to 150% of FPL covered for a single catastrophic event. Catastrophic Event Coverage is a subset of individuals qualified for limited medical coverage from counties pursuant to NRS Chapter 422. These costs are currently paid through the County Indigent Accident Fund (IAF) and the County Supplemental Fund without the benefit of matching federal dollars.

ENHANCEMENT

E409 ACCESS TO HEALTH CARE AND HEALTH INSURANCE

The HIFA Waiver is funded via 50% state and 50% of IAF funds as state match plus Federal Title XIX Medicaid and Federal Title XXI SCHIP funds.

HCF&P INTERGOVERNMENTAL TRANSFER PROGRAM

101-3157

PROGRAM DESCRIPTION

The Intergovernmental Transfer (IGT) account collects monies from counties pursuant to NRS 422.380 through 422.390 to fund hospitals that treat a disproportionate share of Medicaid patients, indigent patients, or other low-income patients. The IGT also collects monies from counties to support Upper Payment Limit (UPL) rates paid to non-state public hospitals. This program allows the Division to make supplemental payments to non-state public hospitals so that their Medicaid payments approximately equal what they would have been paid under the Medicare program. The operation of this budget account collects the Intergovernmental transfers from the counties for the DSH and UPL programs and transfers it to the Medicaid budget where payments are processed.

BASE

This decision unit continues the Intergovernmental Transfers to support the Medicaid unit at the FY 04 base level. Only reserve and balance forwards have been changed to reflect interest earnings.

PROGRAM DESCRIPTION

The Health Division promotes and protects the health of all Nevadans and visitors to the state through its leadership in public health matters and enforcement of laws and regulations pertaining to public health. According to NRS 439.170, the Health Division's mission is to take such measures as may be necessary to prevent the spread of sickness and disease. The Health Division accomplishes its mission through direct services, as well as coordination and collaboration with other agencies, private industries (including those regulated by the Division), community-based service organizations, professional organizations, and consumer groups. The Division works closely with the Clark County and Washoe County health districts and provides direct public health services to the other fifteen, primarily rural, counties. The Division also investigates causes of disease outbreaks, seeks to control the spread of communicable diseases and lower the incidence of preventable diseases, and studies morbidity and mortality occurring within the state.

BASE

The base budget continues 40 FTE and associated costs. The budget is funded by an indirect cost allocation from federal and fee supported programs administered by the division and by administrative assessments on other grants in lieu of indirect costs. The General Fund supports the Administrator, Deputy, State Health Officer, Executive Assistant and the HIPAA Privacy Officer, and operating expenses for these general fund positions as well as the the Mammography Vehicle expenses in Category 20.

ENVIRONMENTAL PUBLIC HEALTH TRACKING SYSTEM

101-3203

PROGRAM DESCRIPTION

The Environmental Public Health Tracking System (EPHTS) is funded through the Centers for Disease Control and Prevention. The program is still in the phase of building state infrastructure and identifying community partners, health and environmental professionals and agencies to establish the Nevada Planning Consortium which will be tasked with identifying community priorities and concerns in the areas of health and environment. The short term goal of the program is to build a state of readiness at the county, community and state partners level in order to continue the program during the impementation phase during the next biennium.

BASE

The Base budget continues 3 FTE and associated costs of the program.

PROGRAM DESCRIPTION

This budget account provided state funds to the Clark, Washoe, and Carson City health departments, in addition to other categorical federal grant flow-through funds from the Health Division, on a per capita basis in return for those districts providing full-time public health services to the citizens in those counties. All other counties in the state receive public health services through the Health Division of the Department of Human Resources. This budget account was reduced to \$100 for the SFY2003-2005 biennium.

PROGRAM DESCRIPTION

The Public Health Engineering (PHE) section implements the Public Water System Supervision Program, authorized under the federal Safe Drinking Water Act (SDWA). It ensures that Nevada's public water systems comply with state and federal drinking water standards, enforces the requirements for surface water treatment and corrosion control, and reports to the US Environmental Protection Agency.

The Environmental Health Section (EHS) permits, inspects, and investigates complaints regarding temporary and permanent food establishments in the state, excluding Clark, Washoe, and Carson City Counties, which have their own health departments. The section also inspects and permits bottled water plants and distributors, shellfish distributors, drug and cosmetic plants, public bathing places, individual sewage disposal systems, and septic tank pumping companies. Inspections and plan reviews are performed to identify conditions of sanitation in public institutions, schools, childcare facilities, public accommodations, recreational vehicle parks, public water and sewer systems, private water and sewer facilities, and solid waste sites. All food-borne illness complaints are investigated, as well as truck wrecks and fires that involve food and drugs. Incidents of vector transmission of disease, such as plague and hanta virus, are investigated and resolved by the EHS. Staff provide public education in a variety of fields and give sanitation courses for food service workers and managers.

Statutory Authority: NRS 202, 278, 278A, 430, 432A, 439, 444, 445A, 446, 447, 449, 452, 583, and 585.

M504 MANDATES

This decision unit requests a Health Facilities Surveyor and and an Administrative Assistant 2, effective October 1, 2005, to keep up with the mandated work load in Medical Laboratories. These positions were eliminated in the last biennial cycle due to funding shortfalls. We have been utilizing temporary help, and overtime in order to maintain the work load. Funded by Medical Laboratories and Clinical Lab (CLIA).

E710 REPLACEMENT EQUIPMENT

The Bureau would like to begin a 3 year replacement cycle of computer equipment. This equipment was purchased in early SFY04, with the replacement cycle to begin in FY 07. The \$174 in SFY 06 is for relocation of a phone line. The bureau will lease the computers at a cost of \$555 per year, with repair and replacement included. By being able to have new equipment at least every 3 years the BLC will maintain a higher technological advantage.

PROGRAM DESCRIPTION

Through the Community Health Services Program, Community Health Nurses provide public health services in Nevada's 15 rural and frontier counties. Individual health services include immunizations for children and adults, screening for breast and cervical cancer, well-child clinics, hypertension screening and counseling, skin testing for exposure to tuberculosis, identification and treatment of sexually-transmitted diseases, and screening and referral of children with special health care needs. The mission of the Family Planning Program is to promote optimal individual and family health in Nevada's fifteen rural and frontier counties through family planning programs, fostering personal responsibility for planning and spacing children, preventive care, and education to reduce unintended pregnancies, improve the health of women, and reduce welfare dependency. Statutory Authority: NRS 439

PROGRAM DESCRIPTION

NRS 441A: Regulations governing the control of communicable diseases in this state, including regulations specifically relating to the control of such diseases in educational, medical and correctional institutions.

The Communicable Disease Control Section is tasked with developing programs and implementing regulations to control communicable diseases in Nevada. There are six programs in this budget account: (Women's Health Connection, Tuberculosis Control and Elimination Program, Tobacco Control, Comprehensive Cancer Control, Diabetes and Arthritis Prevention and Control Programs). The mission of the Women's Health Connection's (WHC) Nevada Breast and Cervical Cancer Early Detection Program (NBCCEDP) is to reduce breast cancer mortality and the incidence of cervical cancer. The mission statement of the Nevada Tuberculosis Control Program is to prevent and eliminate tuberculosis in Nevada as defined by NRS 441A.370. The Tobacco Prevention and Education Program's mission is to reduce the overall prevalence of tobacco use among Nevada residents. The Comprehensive Cancer Control Program was funded through the Centers of Disease Control and Prevention beginning FY 04 as a 3 year planning grant. The mission of the Diabetes Prevention and Control Program is to define the nature, extent, distribution, and causes of the burden of diabetes, and to develop new approaches to reduce the burden of diabetes in Nevada. The mission of the Arthritis Prevention and Control Program is to improve the quality of life among persons in Nevada affected by arthritis.

PROGRAM DESCRIPTION

The mission of the STD Program is to work with local health authorities and the general public to prevent and control sexually transmitted disease (STD) in Nevada, including HIV and AIDS. Primary activities include: surveillance of reportable STDs and the development of an annual integrated HIV/AIDS epidemiological profile; coordination of statewide HIV community planning and the development of an annual comprehensive HIV prevention plan; provision of drug treatment and home and community-based services to individuals infected and affected with HIV/AIDS; and the provision of training and technical assistance to local health authorities and community-based organizations that offer screening and testing, risk reduction education and counseling, drug treatment, and other community-based wellness activities. Statutory Authority: NRS 441A

HR, IMMUNIZATION PROGRAM

101-3213

PROGRAM DESCRIPTION

The major functions of the immunization program are to work with state and county health agencies and the private medical community to promote immunizations among infants, children and adults; respond to vaccine preventable disease outbreaks; develop and promote maternal and adult immunization education programs; develop and enforce state immunization and vaccine preventable disease regulations and laws; provide immunization education to health care professionals and consumers; develop and implement systems to assess immunization levels; conduct immunization audits of county health districts, public health clinics and private physicians who administer state-supplied vaccines; and prevent the transmission of hepatitis B in Nevada through the Perinatal and Universal Hepatitis B Prevention Programs. Statutory Authority: NRS 392.435, 394.192, and 432.

PERFORMANCE INDICATORS		PROJECTED FY 2004	ACTUAL FY 2004	PROJECTED FY 2005	PROJECTED FY 2006	PROJECTED FY 2007

E800 COST ALLOCATION

Federal funds are passed through to the Health Division for Nevada Check-Up enrollees use of the state provided vaccines. Vaccines are purchased and administered by the Health Division under its existing participation in the Vaccines for Children (VFC) program. Vaccines are provided to Nevada Check Up providers, who administer the immunizations to Nevada Check Up enrollees in accordance with the immunization schedules approved by the Advisory Committee on Immunization Practices (ACIP), the American Academy of Pediatrics (AAP), and the American Academy of Family Physicians (AAFP).

This decision unit represents the projected federal funds needed to pass through to the Health Division for this immunization program for Check Up kids for FY 06 and FY 07.
