**PROGRAM DESCRIPTION**

The Landlord/Tenant section of the Division addresses complaints made by tenants in the manufactured home communities by determining compliance with NRS 118B. This chapter insures that tenants receive fair treatment by landlords through the Division's investigation and resolution of landlord/tenant complaints/disputes. Statutory Authority: NRS 118B.010 - 118B.210. The primary source of revenue for this program is the mobile home lot fee the Division collects annually from the manufactured/ mobile home communities in Nevada. This fee is set by NRS 118B.185 and is \$5 per space, per year, excluding lots with park owned homes. The landlord/tenant budget collects fees on 644 additional spaces that are not subject to the Lot Rent Subsidy Fee. NRS118B.185(3) All expenses related to the regulation of manufactured home parks must be paid from the account. The account must not be used for any other purpose.

## B&I - REAL ESTATE RECOVERY ACCOUNT

216-3827

### PROGRAM DESCRIPTION

The Real Estate Recovery Fund is statutorily authorized in NRS 645.841 as a special revenue fund. The fund is to be used for satisfying claims against persons licensed under Chapter 645. A special fee of \$40 is assessed to each real estate salesman and broker upon each application and renewal of a license. The fee is initially deposited into this budget account and is maintained to pay potential recovery claims against licensees as may be ordered by a court of law. At the end of the fiscal year, the balance of the fund in excess of \$300,000 is transferred to the Real Estate Education and Research budget account for use by the Administrator, after approval of the Real Estate Commission, for real estate education and research (B/A 216-3826). Statutory Authority: NRS 645.841 through 645.8491.

## B&I - COMMON INTEREST COMMUNITIES

**101-3820**

### PROGRAM DESCRIPTION

This office assists and educates boards and owners who live within common-interest communities in understanding and properly applying the laws that regulate them and investigates and assists in resolving disputes. The five-member Commission for Common-Interest Communities was created in 2003 to conduct disciplinary hearings, adopt regulations, and act in an advisory capacity. Statutory Authority: NRS 38.300 through 38.360, 116.1116 and 116.600 through 795.

This fee-based budget supports the Office of the Ombudsman for Common-Interest Communities and the Commission for Common-Interest Communities. This program is funded by fees collected annually from each registered homeowner association and from filing fees for Alternative Dispute Resolution (ADR), along with the interest collected on these funds. The Office of the Ombudsman is required to assist and educate boards and owners who live within common-interest communities in understanding and properly applying the laws that regulate them, to publish materials related to those rights and responsibilities, to investigate disputes, and to assist in resolving disputes involving provisions of the law and the governing documents of the association.

## B&I - WEATHERIZATION

101-4865

### PROGRAM DESCRIPTION

The Weatherization Program works in combination with the Federal Department of Energy's Weatherization Grant Program and the State's Universal Energy Charge (tax) to create expanded opportunities to assist low income families improving energy efficiency for their homes and thereby minimizing utility costs. Most funds are expended through subcontractors who are carefully trained and monitored in their efforts to test for weather related air and water leakages in homes and multifamily projects of low income families throughout the State. Once a dwelling unit is determined to need specific assistance, retrofitting of certain types of insulation, windows, doors, heaters and water heaters are procured and installed. The staff conduct quality control audits, training programs and assist in outreach efforts. Statutory authority: NRS 702.250.

## B&I - INDUSTRIAL RELATIONS

210-4680

### PROGRAM DESCRIPTION

This budget consists of the Administrator's Office, the Workers' Compensation Section (WCS), the Administrative Services Unit and the Legal Section. The WCS regulates Nevada's workers' compensation programs to ensure that injured workers receive timely and accurate delivery of wage loss compensation, physical impairment compensation, medical compensation, and rehabilitation benefits through a comprehensive program of training, auditing, investigation, and enforcement. The Workers' Compensation Section is also responsible for the regulation of self-insured employers, associations of public and private self-insured employers, private workers' compensation carriers, third party administrators, managed care organizations, and health care providers. The WCS Compliance Unit enforces the statutory requirement that all employers with one or more employee maintain a policy of workers' compensation. In a non-regulatory capacity WCS oversees the administration of uninsured claims. The Administrative Services Unit provides support services and technical assistance to the Division and its Sections in the areas of accounting, budgeting, accounts payable, purchasing, inventory, payroll, personnel, and information systems.

## B&I - ATHLETIC COMMISSION

101-3952

### PROGRAM DESCRIPTION

The Athletic Commission regulates all contests or exhibitions of unarmed combat including boxing, wrestling, and full-contact martial arts. The commission has total jurisdiction over contests of unarmed combat. It supervises and regulates boxers, kickboxers, mixed martial arts contestants, wrestlers, ring officials, managers, promoters and matchmakers. Fees are collected from the sale of tickets to view boxing, kickboxing, mixed martial arts, and wrestling and from the sale or lease of television or motion picture rights. All revenue collected is deposited into the general fund. The commission is comprised of five members appointed by the Governor for staggered three year terms. The Medical Advisory Board is appointed by the Governor on staggered terms and makes recommendations to the commission on the physical or mental condition of contestants as well as standardization of medical tests. NRS 467 and NAC 467.

## ECONOMIC DEVELOPMENT- PROCUREMENT OUTREACH PROGRAM

101-4867

### PROGRAM DESCRIPTION

The Procurement Outreach Program (POP) promotes economic diversification of the state's economy by increasing the flow of government and commercial contract dollars to Nevada. This is accomplished by providing Nevada firms with access to procurement opportunities and the tools to compete for and win contracts previously awarded in other states. Many businesses consider the idea of selling their products or services to government and corporate purchasing activities complicated and daunting. The POP program helps simplify the process and cut through red tape, connecting Nevada businesses with lucrative opportunities. Statutory Authority: NRS Chapter 231 and Title 10 USC Chapter 142.

**TOURISM - TOURISM DEVELOPMENT**

**225-1523**

**PROGRAM DESCRIPTION**

This budget account provides grant funds for the Tourism Development Grant Program. In 2001, through Senate Bill 583, NCOT along with the Nevada Commission on Economic Development became the administrators of a new grant program created to stimulate rural tourism development such as rodeo and/or fair grounds or event centers. Senate Bill 583 set into statute funding in the amount of \$200,000 per biennium in support of this program. This funding will be utilized as grant funding to local private and public organizations to help enhance or develop tourism/recreational infrastructure needs in Nevada. Funds could also be used for tourism advertising grants to promote special events.

**BASE**

Continues the Tourism Development Grant Program, as established in the 2001 Legislative Session.

**HHS - GRANTS MANAGEMENT UNIT  
101-3195**

**PROGRAM DESCRIPTION**

The Grants Management Unit consolidates the functions and management of grant programs that pass funds through to community level sub-recipients. The Grants Management Unit was created to ensure the standardization of procedures, simplification of accounting, and co-location of staff. The efficiencies realized have allowed the department to use fewer funds for administrative purposes and pass more funds to grantees providing direct services. Grantees have also benefited from the standardized procedures used to request funding.

**PROGRAM DESCRIPTION**

Effective July 1, 1985, Chapter 432 of the Nevada Revised Statutes (NRS) was amended to create a Children's Trust Account. Revenues for this account are derived from a \$3.00 fee on Nevada birth and death certificates. Additionally, Nevada has received a federal grant that was awarded in accordance with section 201 of Title II of the Child Abuse Prevention and Treatment Act (Community-Based Family Resource Program) Public Law 103-252. The federal grant is recorded in Budget Account 3195, the Department of Health and Human Services Grants Management Unit. Funds in the Trust Account are to be used to support programs and services designed to prevent abuse and neglect of children. The Department of Health and Human Services' Director makes awards from this account to state agencies and/or its political subdivisions, non-profit community organizations or educational institutions that provide child abuse/neglect prevention services. Requests for awards from the account must be reviewed by the Grants Management Advisory Committee created by NRS 232.383. Statutory Authority: NRS 432.131 - NRS 432.133.

**ENHANCEMENT**

**E252 WORKING ENVIRONMENT AND WAGE**

Requests funding four Auditor positions to comply with increased frequency and intensity of federal reviews of the Medicaid program. The functions would include administrative review of the fiscal agent, administrative review of cost allocations and internal operations. Also recommends a Budget Analyst II and two Budget Analysts I for the Accounting and Budget Unit to provide resources for implementing and monitoring the budget. This includes development of the biennial budget, tracking revenue and expenditures against budgeted authority and ensuring compliance with Nevada Revised Statutes. Additionally, an Accountant III, an Accountant I, and a Grants and Projects Analyst for the Accounting and Budget Unit are required to comply with state and federal accounting requirements. The benefit would be to provide a higher review level for accounting functions including payroll, accounts payable, travel processing, cash receipts, Centers for Medicare and Medicaid Services (CMS) reporting, state reporting, provider payment monitoring, and reconciliations.

## HCF&P - NEVADA MEDICAID, TITLE XIX

101-3243

### PROGRAM DESCRIPTION

This budget account represents Medicaid medical costs for the Division of Health Care Financing and Policy (DCHFP) as authorized by Federal Title XIX of the Social Security Act. The mission of DCHFP is to purchase quality, accessible, and economical health care services for eligible Nevadans. Federal regulations define mandatory recipient groups to be covered, Nevada generally covers only those mandatory groups. The Welfare and Supportive Service Division's projection model provides caseload projections. Cost-per-eligible data is produced from the Medicaid Management Information System (MMIS) and is based on paid medical claims history. This data is factored with the caseload projections to produce budgeted medical expenditures. Nevada Revised Statute (NRS) authority: NRS 422, NRS 439B, Federal Title XIX of the Social Security Act, Section 42 Code of Federal Regulations, and the Nevada State Plan.

**M200 DEMOGRAPHICS/CASELOAD CHANGES**

Funds proposed caseload increases for FY 2008 and FY 2009, which are calculated by multiplying FY 2006 actual expenditures and projected caseload growth by category. Total costs are projected using time series forecasting models and are based on caseload increases, historical cost increases, and anticipated time of payment. The decision unit also includes cost increases due to changes in operating expenditures that are caseload driven.

**HCF&P - NEVADA CHECK-UP PROGRAM**

**101-3178**

**PROGRAM DESCRIPTION**

In 1998, Nevada initiated a State Children's Health Insurance Program (SCHIP) known as Nevada Check-Up. Under Title XXI of the Social Security Act, SCHIP provides options for states to cover health care costs for low-income, uninsured children not eligible for Medicaid whose family income is at or below 200% of the federal poverty level (FPL). The Nevada Check-Up Program is a stand-alone program. It is not an entitlement program nor is it part of the Medicaid Program. Families are assessed quarterly premiums based on family size and income. Statutory authority: NRS 432A.300, NRS 422, Federal Title XXI of the Social Security Act and Section 43 of the Code of Federal Regulations (CFR).

101-3247

### PROGRAM DESCRIPTION

This budget account funds medical services under the Health Insurance Flexibility and Accountability (HIFA) waiver. The state share of the funding is provided by a transfer from Budget Account 3155 - HIFA Holding Account. Statutory authority: NRS 422.2726 through 422.2729.

### BASE

## HCF&P - HIFA HOLDING ACCOUNT

101-3155

### PROGRAM DESCRIPTION

The Health Insurance Flexibility Accountability (HIFA) Waiver uses Federal Title XXI State Children Health Insurance Program (SCHIP) funds to extend Medicaid coverage to pregnant women whose income is between 133% and 185% of federal poverty level (FPL), and the small Employer Insurance Program (EIP). This program subsidizes insurance premiums for individuals who have children and/or are pregnant, with incomes less than 200% of FPL, employed by a small business (2-50 employees), and enrolled in their employers qualified health plan. The HIFA Holding Account includes a State General Fund appropriation and a matching transfer from the Supplemental Account for Medical Assistance to Indigent Persons to pay the state share of HIFA program costs. Statutory authority: NRS 422.2726 and 428.305.

**HCF&P - INTERGOVERNMENTAL TRANSFER PROGRAM**

**101-3157**

**PROGRAM DESCRIPTION**

The Intergovernmental Transfer (IGT) account collects payments from counties to be used as state matching funds for Medicaid expenditures, thus reducing the need for General Fund revenue. Specifically, payments are collected from Clark and Washoe counties in support of supplemental Disproportionate Share Hospital (DSH) payments to hospitals. DSH payments support facilities that serve a disproportionate share of Medicaid patients, indigent patients, or other low-income patients. This reduces the burden of uncompensated costs for these facilities. The IGT also collects payments from counties to support supplemental Upper Payment Limit (UPL) payments to non-state public hospitals. The UPL program allows supplemental payments to non-state public hospitals so that their overall Medicaid payments approximately equal what they would have been paid under the Federal Medicare program. The proceeds are deposited to this account and transferred as needed to Budget Account 3243 - Medicaid for the DSH and UPL payments, to Budget Account 3158 - HCF&P Administration for related administrative costs, to Budget Account 3178 - Nevada Check-Up to defray expenses, with the remainder balanced forward in reserve. Statutory authority: NRS 422.380 through 422.390 and the Nevada State Plan under Title XIX of the Social Security Act.

## HCF&P - INCREASED QUALITY OF NURSING CARE

101-3160

### PROGRAM DESCRIPTION

The 2003 Legislature instituted a Long Term Care (LTC) provider tax on freestanding long term care facilities to increase the quality of long term nursing care in Nevada. The tax is an established uniform rate based on non-Medicare patient day equivalent to six percent (6%) until October 2007, then five and one-half (5.5%) thereafter annual accrual basis gross revenue. The proceeds of the tax are deposited to this account and then transferred, as needed, to Medicaid (B/A 3243) to pay rate increases to skilled nursing facilities caring for Medicaid recipients, up to one percent (1%) to DHCF&P Administration (B/A 3158) for administrative costs, and the remainder balanced forward to reserve. Statutory authority: NRS 422.3755 through 422.379.

## HHS - FAMILY PRESERVATION PROGRAM

101-3166

### PROGRAM DESCRIPTION

The Family Preservation Program (FPP) provides financial assistance on a monthly basis to low-income families residing in Nevada who are providing care in their home for family members with profound or severe mental retardation. Also covered are children under 6 years of age who have developmental delays that require support equivalent to that required by a person with profound or severe mental retardation or a related condition. The purpose of this assistance is to help off-set expenses necessary to meet the special needs of the person with mental retardation and to help strengthen and support families, thereby keeping families intact and reducing the need for out-of-home placement. Families use assistance payments to obtain specialized supplies or equipment (wheelchairs, clothing, diapers, therapy services, special diets, transportation services) and general income supplementation. Statutory Authority NRS 435.365.

## HHS - MENTAL HEALTH INFORMATION SYSTEM

101-3164

### PROGRAM DESCRIPTION

This budget was created in July, 1997 to enable a more direct and accountable management of the mental health management information system used across all Mental Health agencies. Previously, the resources for Mental Health were spread across several budgets. This budget has been committed primarily to information technology (IT) implementation projects and ongoing information technology improvements to the management information system used in all mental health agencies, and the Mental Health and Developmental Services Central Office local area network in Carson City. The program has been expanded to include division-wide information technology planning, requirements analysis, IT related staff development, and IT system upgrades and improvements. This program will develop necessary data infrastructure to report statewide legislative and federally required data.

## HHS - ALCOHOL TAX PROGRAM

101-3255

### PROGRAM DESCRIPTION

The mission of the Alcohol Tax Program is to treat alcohol addiction in Nevada. Nevada Revised Statute (NRS) 369.174 states that the tax in excess of \$3.45 per wine gallon on liquor containing more than 22 percent of alcohol by volume, will be transferred to this budget account. NRS 458.097 states that this money will be used to increase services for the prevention of alcohol and drug abuse through detoxification and rehabilitation services.

### BASE

The adjusted base budget reflects the collection of additional liquor tax revenues and the annualization of alcohol grants.

## HHS - VITAL STATISTICS

101-3190

### PROGRAM DESCRIPTION

The Office of Vital Records is a "vital" and integral part of the public health. It issues copies of birth and death certificates, and collects data to be used by health statisticians. It is a key element in the often-complicated adoption process, establishing paternities, and most importantly in establishing identities that enable the general population to become eligible to secure benefits and services from both public and private sector agencies. The Center for Health Data and Research produces, analyzes and disseminates data. The Center's Data Warehouse includes data on births, deaths, abortions, marriages, divorces, and over twenty additional data systems. Data are produced in both annual and special reports and are often displayed on the Division's interactive web-based data site. Statutory Authority: NRS 440.

## HHS - CONSUMER HEALTH PROTECTION

101-3194

### PROGRAM DESCRIPTION

The Environmental Health Section (EHS) permits, inspects, and performs plan reviews of food establishments, bottled water plants and distributors, drug and cosmetic plants, public bathing places, individual sewage disposal systems, and septic tank pumping companies. Inspections and plan reviews are performed to identify conditions of sanitation in public institutions, schools, childcare facilities, public accommodations, recreational vehicle parks, public water and sewer systems, private water and sewer facilities, and solid waste sites. All food-borne illness complaints are investigated, as well as truck wrecks and fires that involve food and drugs. Incidents of vector transmission of disease, such as plague and hanta virus, are investigated and resolved by the EHS. Staff provide public education in a variety of fields including sanitation courses for food service workers and managers. Section staff operate throughout the entire state, and also permit and inspect state-owned and Bureau of Licensure and Certification (BLC)-permitted facilities in Washoe, Clark and Carson Counties. Offices are located in Carson City, Elko, Winnemucca, Ely, Fallon, Tonopah and Las Vegas. Statutory Authority: NRS 432A, NRS 439, NRS 444, NRS 445A, NRS 446, NRS 447, NRS 449, NRS 583, and NRS 585.

**HHS - PUBLIC HEALTH TOBACCO FUND**

**263-3212**

**PROGRAM DESCRIPTION**

Assembly Bill 474 created the Trust Fund for Public Health during the 1999 Legislative Session. As a result of the legislation, ten percent of all Tobacco Settlement proceeds are allocated to the Trust Fund, which is administered and managed by the Office of the State Treasurer. AB 474 limits Trust Fund expenditures to the interest and income generated by the Trust Fund for grants to: 1) promote public health and programs for disease or illness prevention, 2) conduct research issues related to public health, and 3) provide direct health care services to children and senior citizens. An eleven-member board of trustees was created by the legislation to provide strategic direction for how the funds will be expended. Statutory Authority: NRS 439.

## WELFARE - ADMINISTRATION

101-3228

### PROGRAM DESCRIPTION

The Welfare Administration budget account funds the administrative expenses associated with ensuring public assistance programs are administered in accordance with federal and state regulations. This includes providing the necessary support to allow field staff to provide quality, timely and temporary services enabling Nevada families, the disabled, and the elderly to achieve the highest levels of self-sufficiency. These supports include but are not limited to fulfilling federal reporting requirements, adoption of state plans and regulations, quality control and management evaluations, issuance of policy manuals and support for personnel, including discipline, work performance, American Disabilities Act and Family Medical Leave Act compliance. There are currently 162 positions in this budget, located primarily in the Carson City central office. Statutory authority for the Welfare Administration budget account is provided in the Nevada Revised Statutes, Chapter 422A.

**WELFARE - TANF**

**101-3230**

**PROGRAM DESCRIPTION**

The Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA) replaced the entitlement for Aid to Families with Dependent Children (AFDC) with a Temporary Assistance for Needy Families (TANF) block grant covering cash assistance, welfare employment and training activities and other activities meeting the goals of TANF. This legislation gave the State of Nevada the flexibility to design its own self-sufficiency program to assist welfare recipients in finding and keeping jobs using elements such as capped funding, time limits on program eligibility, and work requirements. The mission of TANF is four-fold: 1) Provide assistance to needy families (including non-custodial parents) so children may be cared for in their homes or in the homes of relatives; 2) End the dependence of needy parents on governmental benefits by promoting job preparation, work, and marriage; 3) Reduce out-of-wedlock pregnancies; and 4) Encourage the formation and maintenance of two-parent families. TANF is federally funded through a block grant from the Department of Health and Human Services. The annual federal TANF block grant is \$43,976,750 and is anticipated to remain at that level. Due to Nevada's high population growth, the state receives a supplemental grant. In prior years the amount of the supplemental grant had escalated annually but since Federal Fiscal Year 2001, the amount has been frozen at \$3,733,532. Under the maintenance of effort (MOE) provision in the federal regulations, states are required to contribute money equal to 80% of the amount spent on Aid to Families with Dependent Children (AFDC) and AFDC-related programs during FY 1994. The 80% MOE can be reduced to 75% for each year the work participation rates are met. For Nevada, the total TANF MOE is \$27,188,122 of which \$24,607,702 is in the TANF budget account. The remaining \$2,580,420 is spent in the Child Care budget (3267). These funds are counted as MOE for both TANF and Child Care. Statutory authority for the Temporary Assistance for Needy Families (TANF) budget account is provided in the Nevada Revised Statutes, Chapter 422A.

**E325 SERVICES AT LEVEL CLOSEST TO PEOPLE**

County partners assist the Welfare and Supportive Services Division in moving clients toward self sufficiency through the enforcement of child support regulations. Due to caseload growth of 8% during the biennium, county reimbursements are anticipated to increase proportionally. The request proposes an 8% increase over Base and was applied with the assumption of a 4% for FY 2007 in addition to an anticipated 4% in FY 2008. A 4% increase is also projected for FY 2009.

## WELFARE - CHILD SUPPORT FEDERAL REIMBURSEMENT

101-3239

### PROGRAM DESCRIPTION

The Child Support Federal Reimbursement budget account is used to pass through federal payments to local District Attorneys' offices for the federal share of costs and incentive payments associated with their local Child Support Enforcement programs. The Child Support Enforcement program was enacted to help strengthen families and to reduce welfare dependency by ensuring parents live up to the responsibility of supporting their children. Nevada District Attorneys participating in the program under contract provide intake, location of non-custodial parents, paternity establishment, financial and medical support order establishment and other enforcement activities. The Child Support Federal Reimbursement budget account was created in the 1999 budget process to separate the Child Support program's state administrative costs (B/A 3238) from collections/disbursements and pass-throughs of federal funds to the local District Attorneys. Measurement indicators for the Child Support Program are contained in the Child Support Enforcement Program budget account (B/A 3238) and not in this budget account since this is a pass-through budget account for autonomous local operations.

### BASE

Includes federal funding passed through to the Legislative Commission for a performance audit of child support enforcement and collection functions. This audit will be completed in FY 2007. The Federal share of unclaimed property is also accounted for and disbursed as claimants are identified.

## WELFARE - ASSISTANCE TO AGED AND BLIND

101-3232

### PROGRAM DESCRIPTION

The mission of the Assistance to the Aged and Blind Program is to provide supplemental income to low income aged and blind individuals and provide adult group care facilities with supplements to assist recipients in avoiding or delaying institutionalization. The federal government began the Supplemental Security Income (SSI) program on January 1, 1974. The program is administered by the Social Security Administration (SSA). States were given the option to make payments in addition to the amount paid by the federal government. Nevada has paid state supplements to the aged and blind since the beginning of the program. The prevention of institutionalization results in Medicaid program cost savings. The Division of Welfare and Supportive Services (DWSS) contracts with the Social Security Administration for the determination of eligibility and issuance of the state supplement. Prior to Federal Fiscal Year 1994 this service was provided free of charge by SSA. The Omnibus Reconciliation Act of 1993 provided that, beginning in Federal Fiscal Year 1994, states would pay a per check charge for SSI payments made. The per check charge is \$9.29 in Federal Fiscal Year 2006 and \$9.69 in Federal Fiscal Year 2007. It will increase according to the Consumer Price Index (CPI) in subsequent federal fiscal years. Assuming a CPI increase of 3% each year, per check charges are estimated to be \$9.98 in Federal Fiscal Year 2008 and \$10.28 in Federal Fiscal Year 2009. The state supplement and federal payment are paid monthly to the recipient by one check from SSA.

**WELFARE - ENERGY ASSISTANCE PROGRAM**

**101-4862**

**PROGRAM DESCRIPTION**

The mission of the Energy Assistance Program (EAP), formerly known as Low Income Home Energy Assistance (LIHEA), is to assist eligible Nevada citizens in meeting their heating and cooling needs. The EAP provides payments for eligible households, which can be applied to either the heating provider, the cooling provider, or split between the two. EAP payment funding is provided by the Low Income Home Energy Assistance (LIHEA) block grant, CFDA 93.568. Funding for energy assistance for low-income Nevadans is also provided through the Fund for Energy Assistance and Conservation (B/A 6031), which was created as a result of legislation approved during the 2001 Legislative Session to collect a universal energy charge (UEC) from certain electric/gas utilities. No state general fund appropriation is requested in this budget account. Statutory Authority: NRS Chapters 422A and 702.

## HHS - AGING OLDER AMERICANS ACT

**101-3151**

### PROGRAM DESCRIPTION

The mission of the Division for Aging Services is to develop, coordinate and deliver a comprehensive support system in order for Nevada's senior citizens to lead independent, meaningful, and dignified lives (statutory authority: NRS 427). The Division for Aging Services (DAS) primarily serves Nevadans aged 60 years and older. The division is administered through four units: Elder Rights, Fiscal, Resource Development, and Community Based Care. Budget account 3151 includes DAS administration, as well as the Resource Development, Elder Rights, and Fiscal Services Units. The Resource Development Unit is responsible for grants administration and community resource development. The Elder Rights Unit is established under Title III of the Older Americans Act and the Elder Rights Attorney under NRS 427A.123. The Community Ombudsmen are authorized by NRS 427A.300, which outlines their duties, and NRS 427A.125 authorizes advocates (Long Term Care Ombudsman Program). The Fiscal Unit provides the financial services necessary for the internal administration of the agency.

## HHS - SENIOR SERVICES PROGRAM

### PROGRAM DESCRIPTION

The division is administered through four units: Elder Rights, Fiscal, Grants and Resource Development, and Community Based Care (CBC). The CBC unit, under BA 3146, provides services to those seniors most at risk through three Medicaid waivers and a state funded program. The Community Home-based Initiatives Program (CHIP), the Waiver for Elderly in Adult Residential Care (WEARC), and the Assisted Living Waiver (AL) provide alternatives to nursing home placement. Each CBC Social Worker is projected to carry a caseload of 50 clients, which includes 45 approved cases and 5 in-process cases.

## HHS - UNITY/SACWIS

101-3143

### PROGRAM DESCRIPTION

UNITY is the Nevada-specific acronym for the federally mandated Statewide Automated Child Welfare Information System (SACWIS). Child Welfare agencies nationwide are required to submit adoption and foster care information electronically to the Administration for Children and Families as per Public Law 103-66 (Omnibus Reconciliation Act). The UNITY application became fully operational statewide in September, 2003. It has significantly enhanced the quality and availability of information regarding the children and families served in Nevada. Child Protective Services intake and case management has been fully automated to ensure timely and accurate communications between state and county entities. During the Child and Family Services Review, conducted by the federal government in February of 2004, the information system (UNITY) was found to be in substantial conformity.

The purpose of this budget is to provide the maintenance and operation of the information systems that currently support the mission of the Division of Child and Family Services (DCFS). The Information Management Services (IMS) unit within DCFS currently supports two primary applications: UNITY and Avatar.

## HHS - CHILD CARE SERVICES

101-3149

### PROGRAM DESCRIPTION

The Bureau of Services for Child Care is responsible for licensing and monitoring child care facilities under the provisions granted in Nevada Revised Statutes (NRS) 432A, Services and Facilities for Care of Children and Nevada Administrative Code (NAC) 432A, Regulations and Standards for Child Care Facilities. The Bureau has the responsibility for initial licensing, continued monitoring and providing technical assistance to child care facilities caring for five or more children not licensed by local entities. Facilities include child care centers, on-site centers, care for ill children, special needs centers, pre-schools, nurseries for infants and toddlers, accommodation facilities, family care homes, group care homes, institutions and outdoor youth programs. These functions are statewide and jurisdiction includes all rural counties, the incorporated areas of Clark County and designated federal, state and county operated programs for children. All areas of responsibility are also monitored for illegal, unlicensed child care operations with complaints investigated to bring facilities into compliance with state laws by licensing or reducing the number of children in care. Childcare training is delivered mainly through contracted services. The policy-making board for Child Care Services adopts Regulations and Standards for Child Care. The Child Care Board consists of five members appointed by the Division Administrator with the concurrence of the Director of the Department of Health and Human Services. Federal Bureau of Investigation (FBI) background checks are required for all child care providers and facility residents 18 years of age and older. Licenses are renewed on an annual basis with a minimum of two unannounced surveys conducted during the annual licensing period. The Child Care Board determines license fees for child care facilities.

**ENHANCEMENT**

**E325 SERVICES AT LEVEL CLOSEST TO PEOPLE**

Child Care Services has historically been funded with Child Care Development Funds (CCDF) and General Funds. Last biennium, DCFS received additional CCDF funds from the Welfare Division, which covered their budget request. However, this biennium General Funds are again needed to fully fund necessary expenditures. This enhancement requests General Funds for a Child Care Development Surveyor II, which is currently filled, to continue services at the current level.

## HHS - TRANSITION FROM FOSTER CARE

606-3250

### PROGRAM DESCRIPTION

The Transition from Foster Care budget account was established to assist persons who attained the age of 18 years while in foster care in Nevada to make the transition from foster care to economic self-sufficiency. Assembly Bill 94 of the 2001 Legislative Session authorized the collection of a \$1 fee for recording a document, instrument, notice, deed or other writing to be used to assist persons formerly in foster care. Funds may be (a) disbursed on behalf of qualifying persons on the basis of need to obtain goods and services, including: job training, housing assistance, and medical insurance; (b) granted to non-profit community organizations; or (c) expended to provide matching money required as a condition of a federal grant. Money in this budget account at the end of any fiscal year remains in the account and does not revert to any other fund, but is balanced forward into the next fiscal year.

## HHS - VICTIMS OF DOMESTIC VIOLENCE

101-3181

### PROGRAM DESCRIPTION

The Victims of Domestic Violence program awards grants to non-profit agencies statewide to provide direct services to victims of domestic violence and sexual assault. Services include shelter, crisis phone access, emergency assistance, advocacy, hospital accompaniment and counseling. Viable programs are sustained in all 17 Nevada counties with trained staff and volunteers. The Division of Child and Family Services has responsibility for monitoring domestic violence programs to ensure compliance with NRS 217.400 through 217.460, for granting funds from the domestic violence account, maintaining financial records, and evaluating services provided. Funding for this program comes from marriage license fees. The Victims of Domestic Violence account was established for purposes of managing these funds. Chapter 217 of the Nevada Revised Statutes established that \$20.00 of each marriage license sold in the state would go toward the provision of services to victims of domestic violence and their dependents and \$5.00 from each marriage solemnized by the Commissioner of Civil Marriages will be deposited to the account for aid for victims of domestic violence. Statutory Authority: NRS Chapter 217

## HHS - YOUTH ALTERNATIVE PLACEMENT

101-3147

### PROGRAM DESCRIPTION

The Youth Alternative Placement account was established to "pass through" funding to the counties for the China Spring Youth Camp and Aurora Pines in Douglas County and Spring Mountain Youth Camp in Clark County. The China Spring Youth Camp is a 40-bed residential treatment program for male youths between the ages of 12 and 18 whom Nevada Courts have adjudicated delinquent. The program provides for the therapeutic, educational, social, medical, and recreational needs of youth to 16 Nevada counties. The China Spring Youth Camp is funded by joint participation between the State of Nevada and 16 of the 17 Nevada counties. The Aurora Pines Girls Facility is a 24-bed facility co-located on the same grounds as the China Spring Youth Camp. The program is dedicated to helping female, mid-level offenders between the ages of 12 and 18 develop skills, knowledge and experience to promote health and resiliency, arrest progression of problems caused by delinquent behavior and interpret and avoid high risk behavior patterns in an emotionally safe, comforting, challenging and nurturing environment. The Spring Mountain Youth Camp and its community-based program (Residential Treatment Center) provide residential treatment for youth between the ages of 12 and 18 who have been adjudicated delinquent. The programs at Spring Mountain Youth Camp provide for the therapeutic, education, social, medical, and recreational needs of approximately 112 male youths receiving daily services. The treatment teams maintain custody of 100 adjudicated delinquent youth and attempts to rehabilitate them through education, counseling, recreation, athletics, training, and work. Counseling and therapy are provided to the youth as needed through Clark County's psychological services. This program operates in cooperation with, and is supported by local law enforcement agencies, the Clark County School District, and various State agencies. Statutory Authority: NRS 62B.150

**PROGRAM DESCRIPTION**

Summit View Youth Correctional Center (SVYCC) provides a maximum-security sanction to hold young male offenders accountable for their delinquent behavior and provide protection for the public. Unlike the two staff secure State Training Centers located in rural communities, Summit View is located near the Las Vegas urban center which allows greater access to community support services such as psychiatric, substance abuse, and sex offender treatment services, as well as increased opportunities for family involvement and development of local employment resources for youth. In addition to essential juvenile correctional management and operational requirements, the operation of the facility requires the following services for youth incarcerated in the facility: comprehensive admission, screening, and orientation process; an accredited academic program that meets the requirements of the Nevada State Department of Education; vocational training; substance abuse counseling; group, individual, and family counseling; social and group living skills development; self-awareness and enrichment learning opportunities; healthy living and personal hygiene training; victim restoration; recreation and leisure activities; and case management and individual treatment plans provided by degreed professionals. On site medical, dental, psychological, and psychiatric services must also be provided. Statutory Authority: NRS Chapter 63

## HHS - CALIENTE YOUTH CENTER

101-3179

### PROGRAM DESCRIPTION

The Caliente Youth Center (CYC) is a staff secure, co-educational juvenile residential facility located 150 miles north of Las Vegas on the east side of U.S. Highway 93, in Caliente, Nevada. There are 7 housing units situated on 35 acres with a maximum capacity of 140 youth in residence. CYC serves clients between the ages of 12 and 18 years of age. Four units are for males and three are for females. The Caliente Youth Center is authorized and governed by NRS Chapter 63, "Juvenile Correction Institutions" and those applicable statutes contained within NRS Chapter 62A, "Juvenile Courts". The programming at CYC address delinquent youth who also may have been victims of abuse, abandonment, and neglect, working closely with both public and private agencies in accomplishing goals. Staff from CYC coordinate with the Nevada Youth Parole Bureau and the Interstate Compact on Juveniles to ensure that the youth receive the best possible aftercare services once they are released from CYC's jurisdiction. The Caliente Youth Center uses a cognitive behavioral restructuring treatment modality. Cognitive restructuring programs are recognized to be one of the best-practice tools for addressing criminal thinking and favorably impacting recidivism among juveniles within a correctional population, particularly with the appropriate classification of youth to the State's system of graduated sanctions. Empirical data supports the modality and effectiveness in these facilities, school settings, and serves mental health clients as well. CYC's programs are "goal" directed. Each youth is provided with an individualized written program that addresses his "treatment areas" and an achievement level required for parole. Youth who apply themselves to reach their goals in the shortest amount of time possible typically achieve parole release within six to seven months. Statutory Authority: NRS Chapter 63

## HHS - NEVADA YOUTH TRAINING CENTER

101-3259

### PROGRAM DESCRIPTION

The Nevada Youth Training Center (NYTC) budget account supports the operation of a 160 bed residential juvenile correctional facility that serves male youths between the ages of 12 and 18 years who are committed by the States District Courts for correctional care. The facility is located in Elko Nevada and operates a Junior/Senior High School program that offers required and elective academic subjects, remedial programs (reading, math, language), special education, vocational education, and interscholastic activities. Youth also receive counseling, conducted individually or in small and large groups, monthly treatment team meetings, and substance abuse counseling. NYTCs programs are "goal" directed. Each youth is provided with an individualized written program that addresses his "problem areas" and an achievement level required for parole. Youth who apply themselves to reach their goals in the shortest amount of time possible typically achieve parole release within six to seven months. Statutory Authority: NRS Chapter 63

**ENHANCEMENT**

**E325 SERVICES AT LEVEL CLOSEST TO PEOPLE**

Requests funding for restoration of a portion of the SFY06 level of expense authority in the Youth Parole Placement category (Category 14) to continue placement and treatment services. The mental health redesign that was effective January 1, 2006 had a significant impact on non-Medicaid eligible youth ability to access these services. The division has worked hard to author a number of contracts and/or agreements with new as well as former providers to ensure access for these youth.

Reclassifies the classified position, the Chief, Youth Parole Bureau to an unclassified employee, Bureau Chief, Social Services. The Chief, Youth Parole Bureau manages the statewide operations of Youth Parole. Youths formerly institutionalized at one of our three youth correctional centers are paroled. The Superintendents at each of the three facilities are unclassified employees and since the Youth Parole Bureau Chief roughly correlates to the head of an agency, this position should be changed to an unclassified position as well.

### PROGRAM DESCRIPTION

Northern Nevada Child and Adolescent Services (NNCAS) provides assessment, care coordination, and a comprehensive continuum of behavioral healthcare services for emotionally disturbed children and adolescents from birth through 18 years of age in accordance with NRS 433B. Services are provided in two community-based centers and at Washoe County Department of Social Services. NNCAS center services include early childhood mental health services and outpatient mental health services providing individual, group and family therapies, intensive clinical case management and early childhood day treatment. Intensive clinical case management services through the Wraparound in Nevada for Children and Families (WIN) are provided from the Washoe County offices (see BA 3278). Residential services are provided at selected sites and include the Family Learning Homes and the Adolescent Treatment Center. Psychiatric services are provided for children in early childhood mental health, outpatient and residential services. ## HHS - SOUTHERN NEVADA CHILD & ADOLESCENT SERVICES

101-3646

### PROGRAM DESCRIPTION

Southern Nevada Child and Adolescent Services (SNCAS) provides assessment, care coordination and a comprehensive continuum of behavioral healthcare services for emotionally disturbed children and adolescents from birth through 18 years of age in accordance with NRS 433B. Services are provided in five Neighborhood Family Service Centers. SNCAS center services are both office and home-based and include early childhood mental health services and outpatient children's clinical services providing individual, group and family therapies, intensive clinical case management and early childhood day treatment. Intensive clinical case management services through the Wraparound in Nevada for Children and Families (WIN) are also provided from the five centers (see BA 3278). Residential services are provided at the West Charleston campus and include the Oasis On-Campus Treatment Homes which provides intensive treatment home services and Desert Willow Treatment Center which provides inpatient acute psychiatric and residential treatment center services. Psychiatric services are provided for children in early childhood mental health, outpatient and residential services. Services are provided in strengths-based, individualized processes that respect and value the family's decision-making and culture. The goal for every child is to provide services within the least restrictive environment and support remaining in or returning to family care with the support of community-based services. Statutory Authority: NRS Chapters 433A and B

### PROGRAM DESCRIPTION

The Department of Employment, Training, and Rehabilitation's (DETR) Information Development and Processing Division (IDP) provides data processing and information technology (IT) support services throughout the department. IDP ensures high levels of system availability and performance for each of DETR's administered programs. The Division is organized into three primary functional areas: Information Systems Applications and Customer Support Services (ISACS), Technical Services (TS), and Special Project and Quality Assurance (SPQA) Services.

**DETR - BLIND BUSINESS ENTERPRISE PROGRAM**

**101-3253**

**PROGRAM DESCRIPTION**

The mission of the Blind Business Enterprise Program (BEP) is to provide information, assessment, training and placement of blind individuals in vending and business opportunities in public buildings. The Bureau of Services to the Blind and Visually Impaired (BSBVI) administers the business enterprise account for the blind (a non-reverting fund) under the authority of the Randolph-Sheppard Act amendments of 1974, NRS 426 and NAC 426. The primary source of revenue for this fund consists of a percentage of net profits from blind operators of vending facilities that are licensed by BSBVI. These facilities are located in federal, state and municipal buildings statewide. Statutory Authority: NRS 426, Randolph-Sheppard Vending Stand Act Amendments of 1974.

## DETR - EMPLOYMENT SECURITY

### PROGRAM DESCRIPTION

The mission of the Employment Security Division (ESD) is to provide a statewide labor exchange, conduct programs that promptly pay unemployment benefits, improve the employment stability of those collecting unemployment insurance, and administer an effective tax system. The division participates as a full partner in the Nevada JobConnect system, which offers training and reemployment services to Nevada employers and workers. The Employment Service (ES) programs, which include ES/Public Labor Exchange, Foreign Labor Certification (FLC), Work Opportunity Tax Credit (WOTC), Rapid Response, North America Free Trade Agreement (NAFTA), Trade Adjustment Assistance (TAA), Migrant Seasonal Farm Worker (MSFW) and Veterans Employment and Training Service (VETS), provide job placement services and labor market information to employers and job seekers. These programs are designed to assist employers in meeting their workforce needs and aid job seekers in returning to work through job referrals, short-term skill enhancement training and career guidance. The Division is also responsible for the administration and oversight of Workforce Investment Act funds. The Unemployment Insurance (UI) program is a joint state/federal insurance program that provides temporary partial wage replacement to protect workers against the hardships of unemployment. Nevada's UI program is organized into two sections. The Benefits Section ensures the timely and proper payment of benefits to unemployed persons. The Contributions Section is responsible for maintaining the employer tax system. The New Hire Directory Reporting Unit, which operates within the Contributions Section, collects and enters information provided by employers on newly hired employees into a database for transmission to the Nevada State Welfare Division to locate parents who are not paying child support.

Statutory Authority: NRS 612.

**DETR - CAREER ENHANCEMENT PROGRAM**

**205-4767**

**PROGRAM DESCRIPTION**

The mission of the Career Enhancement Program (CEP) is to provide skills enhancement training and reemployment services for unemployed Nevadans to assist them in overcoming the negative impact of job loss, to increase their earnings potential, and to meet the growing demand of Nevada employers for better-trained and productive employees. The program is funded by Nevada employers through an assessment of 0.05% of taxable wages reported to the Employment Security Division (ESD). CEP collaborates with other workforce development partners through the state's one-stop career system, Nevada JobConnect, to create training and employment opportunities for job seekers. The program also works with unemployment insurance claimants in jeopardy of exhausting their benefits to provide intensive services required by the federally mandated Worker Profiling and Reemployment Services Programs. In 2003, the program was expanded to include training for incumbent workers to support job retention and assist Nevada businesses to remain competitive in the national and global economies. Statutory Authority: NRS 612.606-608 inclusive.

**DETR - EMPLOYMENT SECURITY - SPECIAL FUND**

**235-4771**

**PROGRAM DESCRIPTION**

The Employment Security Fund is created in NRS 612.615 as a special revenue fund which may be used to cover expenditures for which federal funds have been requested but not yet received, and to pay costs of administration of employment security laws that may not be charged against federal grants including capital improvements. The sources of revenue for this fund are interest and forfeitures collected from employers for non or late payment of unemployment taxes. All monies in the fund are continuously available to the administrator and do not lapse at any time. The division utilizes the fund to support maintenance of agency-owned buildings, contract services for outside legal counsel, and technological enhancements to programs for which federal funds are not available.

**BASE**

Supports the maintenance of agency-owned buildings, contract services of outside legal counsel, and technological enhancements to programs for which federal funds are not available.

## NDOC - PRISON MEDICAL CARE

101-3706

### PROGRAM DESCRIPTION

The mission of the Medical Division of the Nevada Department of Corrections (NDOC) is to provide quality health care to all inmates regardless of race, creed, color, national origin, citizenship, sexual orientation, financial status, criminal history or diagnosis; to treat inmates with as much dignity, confidentiality and compassion as possible within the confines of the prison environment; to identify inmates with mental health problems, to provide necessary treatment of good quality, and to administer mental health care in the least restrictive environment possible consistent with public safety; to promote the patient's movement toward increasing levels of health, to assist in detecting signs of illness and disability; to care for the patient while ill and, as his/her condition improves, to promote rehabilitation and personal growth in order to return the individual to self-care functioning in the correctional setting as soon as possible, and to support and reduce the suffering of the dying patient to the fullest extent possible; to manage current financial operations, and to anticipate and plan for future requirements so that resources are consistently and cost-effectively available to meet the clinical objectives. To fulfill its mission, the Medical Division operates infirmaries at all NDOC institutions. The major medical facility for the Department is the Regional Medical Facility (RMF), integrated into the operation and perimeter of the Northern Nevada Correctional Center (NNCC), providing inpatient medical care for serious medical ailments, surgical aftercare, and mental health inpatient services. Mental health extended care is provided at High Desert State Prison (HDSP). The Camps and Restitution Center obtain medical services from institutions specifically assigned to their support.

## NDOC - CORRECTIONAL PROGRAMS

101-3711

### PROGRAM DESCRIPTION

In 2003, the Nevada Legislature approved a reorganization of existing staff positions to form NDOC's first Correctional Programs Division. The division is headed by an Administrator who manages substance abuse treatment, religious services, vocational training, counseling and therapy for the general population (i.e., out-patient mental health), educational liaison, re-entry and transitional services, special programs (for youth, the elderly, etc.), and Intake assessments. Program staff includes counselors, psychologists, social workers, chaplains, program officers, caseworkers, and support staff. The division's inmate programs are funded in part by grants obtained by NDOC or by partnerships with community organizations that obtain the grants and bring services to Nevada's inmates.

**PROGRAM DESCRIPTION**

The Northern Nevada Correctional Center (NNCC) is a medium security institution, located east of the Stewart Complex in Carson City. NNCC receives and evaluates all male inmates sentenced to the Department of Corrections by the courts in Northern Nevada. The center provides inmate industries in metal fabrication, office furnishings, manufacturing, and upholstery. Vinyl Products, a private enterprise, also manufactures waterbed mattresses at the institution. Educational programs, including evening classes by the Western Nevada Community College, are offered to inmates as well as religious, substance-abuse, and sexual offender programs. The Regional Medical Facility (RMF), a 112-bed facility, opened July 1993, for inpatient mental health programs. The medical and dental sections opened in January 1994, and offer extended medical care to male and female inmates throughout the state.

## NDOC - NEVADA STATE PRISON

101-3718

### PROGRAM DESCRIPTION

The Nevada State Prison, located in Carson City, is one of the oldest prisons still in operation in the United States. Established in 1862, when the Nevada Legislature purchased the Warm Springs Hotel and 20 acres of land for \$80,000, NSP has been in continuous operation since this time. The original structure burned down in 1867. On several occasions, NSP has been remodeled and expanded. The design capacity of NSP was 600 inmates, and the operating capacity was 739 during FY 02. In August 2002, Units 2 & 3 were closed to reduce costs, which reduced the operating capacity to 696 inmates, where it was in FY 04. The FY 06 average population was 882 inmates. The Nevada State Prison operates as a medium security prison, although it retains some maximum-security beds. Although inmates under the sentence of death are incarcerated at the Ely State Prison, executions are still conducted at the Nevada State Prison. Many religious programs of multiple faiths are available in which inmates may participate. In addition, a recent remodeling has allowed NSP to establish a chapel for religious services. Wide ranges of psychology programs are also available to inmates including parenting, anger management and individual counseling. Inmates are employed in the several institutional work assignments: food service, janitorial, maintenance, yard labor crews, laundry, gymnasium, school, law library, and infirmary. Over 60 inmates are employed in the Department of Motor Vehicles and Public Safety's License Plate Factory and in the Prison Industries Bookbindery/Print Shop and the Mattress Factory programs. There is an extensive inmate recreational program including organized sport leagues, football, basketball, and soccer. Any general population inmate may participate in these activities. The Carson City School District provides the high school education programming for inmates. The district assigns five teachers to the institution for this purpose. The Western Nevada Community College program has an enrollment of 61. In a recent class conducted by WNCC staff, offenders learned basic building trade skills while remodeling the education area. The department provides a Literacy Program to enable inmates to acquire those skills necessary to enter the high school diploma or GED certificate programs.

**PROGRAM DESCRIPTION**

The Southern Desert Correctional Center (SDCC) is a male medium security institution, located approximately nine miles south of Indian Springs, and forty miles north of Las Vegas. The institution opened in 1982 with five housing units. Subsequently, additional housing units were constructed in 1984, 1988, and 1994, bringing the total at this facility to eight units. SDCC houses general population, disciplinary, and administrative segregation inmates. SDCC provides educational and vocational opportunities through Prison Industry Programs including auto maintenance, auto restoration, furniture manufacturing, and stained glass fixtures. A Therapeutic Community (OASIS) was added in FY02. The program is designed as a four-phase system followed by the possibility of a community based aftercare program.

**PROGRAM DESCRIPTION**

The Southern Nevada Correctional Center (SNCC) is a medium security facility located approximately 30 miles south of Las Vegas in Jean, Nevada. The institution opened in January 1978 as a medium-security facility. It was closed in September 2000 with the opening of the High Desert State Prison in Indian Springs. All inmates, staff and canine units were transferred to HDSP, with the exception of two maintenance personnel who remain at SNCC to perform basic maintenance. Now that the SNCC remodel is completed, the facility reopened in 2006 as a Youthful Offender Correctional Center.

## NDOC - WARM SPRINGS CORRECTIONAL CENTER

101-3716

### PROGRAM DESCRIPTION

The Warm Springs Correctional Center (WSCC), formerly known as the Nevada Women's Correctional Center (NWCC), was converted from a female to a male facility on September 20, 1997. In July 2003 it was converted to a minimum custody facility. WSCC provides a full range of education and work programs. In October of 2000, the Wild Horse Gentling Program was launched at WSCC. This is a joint venture between the Department of Agriculture and the Department of Corrections. Endangered horses removed from the Virginia Range in western Nevada are brought to a holding facility at the Stewart Conservation Camp (Prison Ranch). From there, they are transported to the gentling facility at WSCC, where inmates, working under the guidance of a vocational instructor, practice "resistance free" training methods. Gentled horses are offered to the public during adoption days.

**PROGRAM DESCRIPTION**

This institution houses female inmates at the Southern Nevada Women's Correctional Center (SNWCC). Since the 1996 creation of the facility in Las Vegas to house women incarcerated in the Nevada Department of Corrections, many changes have occurred with regard to the original planning. The facility was owned by Corrections Corporation of America (CCA) until its purchase by the State of Nevada in October 2001. Maintenance, operation, programs and health care had always been provided by CCA for the women incarcerated at SNWCC. Originally, CCA subcontracted the health care to another private contractor. Eventually, CCA discontinued that contract and provided their own health care. Effective October 1, 2004, the Department of Corrections took possession of the facility, eliminating the need to contract with CCA.

**NDOC - NORTHERN NEVADA RESTITUTION CENTER**

**101-3724**

**PROGRAM DESCRIPTION**

The Northern Nevada Restitution Center is located in Reno and functions as a trustee facility, housing male inmates who are employed in the community. From earned income, inmates make restitution payments to victims and to criminal justice agencies. Inmates may accumulate funds above restitution payments to facilitate their release in the community. The Warden of the Nevada State Prison administers NNRC. A Correctional Lieutenant provides on-site management. The Center moved to its current site in April 1993.

**NDOC - INDIAN SPRINGS CONSERVATION CAMP**

**101-3725**

**PROGRAM DESCRIPTION**

The Indian Springs Conservation Camp (ISCC) is a minimum custody facility, located immediately adjacent to the Southern Desert Correctional Center (SDCC) at Indian Springs. It houses a male inmate population in an open facility. The ISCC was opened in 1982, with the DUI center added in 1991. In 1993, the camp layout was restructured for better security. The institution opened with a 108-bed capacity, but was expanded to 150 beds in 1990, and expanded again to 248 inmates in 1994. The inmates at ISCC support the Nevada Division of Forestry's (NDF) programs for conservation and fire suppression. In addition to NDF program, there is a Regimental Discipline Program. The Regimental Discipline Program (commonly known as "Boot Camp") includes intensive instruction in military bearing, courtesy, drills, ceremony and physical exercise.

## NDOC - JEAN CONSERVATION CAMP

101-3748

### PROGRAM DESCRIPTION

The Jean Conservation Camp (JCC) houses female minimum custody inmates in an open facility, immediately adjacent to the Southern Nevada Correctional Center in Jean. The camp was originally occupied in August 1988. New construction, completed in the spring of 1999, replaced existing housing units and increased capacity from 112 to 240 inmates. The inmates housed at this facility support the Nevada Division of Forestry's program for conservation and fire suppression. When the High Desert State Prison opened in September 2000, JCC was converted to a female institution.

## NDOC - OFFENDERS' STORE FUND

240-3708

### PROGRAM DESCRIPTION

The Offenders' Store Fund (OSF) is a Special Revenue Fund generated by proceeds from the inmate stores and coffee shops, located at most of the institutions, and the inmate telephone system. The account funds its own inventory, operating costs, data processing costs, travel, and equipment. Profits from the operations are transferred to the Inmate Welfare Fund (Budget Account 240-3763), to maintain the inmate law libraries and for the welfare and benefit of all inmates. In addition, costs absorbed by the Medical Division and the Director's Office on behalf of indigent inmates are reimbursed by the profits from the Store Fund.
