ENHANCEMENT

E325 SERVICES AT LEVEL CLOSEST TO PEOPLE

This request represents a change to the funding methodology for the department and is a response to revenue challenges and not due to increased expenditure activity. This solution aligns the department as a "Highway Funded" agency, removes the dependency on revenue streams that have no relation to workload and reduces the spending limitation from 22% to 20%.

PROGRAM DESCRIPTION

The Department of Motor Vehicles, Field Services Division, is responsible for direct customer service operations for the driver licensing and vehicle registration functions. Field Services assures that only safe, knowledgeable drivers receive the privilege to drive on our highways. It also registers vehicles, collects appropriate fees and taxes imposed upon the owners and operators of vehicles, and provides service in the insurance verification program. This budget is funded primarily from Highway Fund revenues, governmental services tax commissions and penalties. Statutory Authority: NRS 108, 293, 366, 481, 481A, 482, 483, 484, 485, 486, 487 and 706.

DMV - MOTOR CARRIER

201-4717

PROGRAM DESCRIPTION

The Motor Carrier Division is responsible for ensuring compliance with Nevada's Fuel Tax laws by special fuel and motor fuel suppliers and motor carriers in order to collect and distribute the maximum amount of fuel tax revenue owed to Nevada. Additionally, the Motor Carrier Division is responsible for licensing all commercial vehicles over 26,000 pounds; licensing all vehicles with apportioned registrations; and conducting audits of motor carriers and fuel suppliers to ensure compliance with Nevada laws and regulations, the International Registration Plan (IRP), and the International Fuel Tax Agreement (IFTA). Statutory Authority: NRS 233B, 360A, 365, 366, 371, 373, 482, 590, and 706.

ENHANCEMENT

E325 SERVICES AT LEVEL CLOSEST TO PEOPLE

This request represents a change to the funding methodology for the department and is a response to revenue challenges and not due to increased expenditure activity. This solution aligns the department as a "Highway Funded" agency, removes the dependency on revenue streams that have no relation to workload and reduces the spending limitation from 22% to 20%.

DPS - JUSTICE ASSISTANCE ACT

101-4708

PROGRAM DESCRIPTION

The Department of Public Safety, Justice Assistance Act budget is a pass-through account for several grants received from the U.S. Department of Justice. Grant funds are distributed to state and local government agencies which contribute to the efforts of reducing and preventing crime, violence and drug abuse, and improving the functioning of the criminal justice system while maintaining the integrity of the federal funds. Administrative funds are passed through to the Office of Criminal Justice Assistance, budget account 4736. The Omnibus Crime Control and Safe Streets Act determines each state's grant amount by formula. Each grant requires matching funds, set-asides or percentages to locals and contains specific guidelines for the use of funds. Created by the Anti-Drug Abuse Act of 1986, Section 1308 of the Act states that the chief executive of each state shall designate a State Administrative Agency. In 1987 the Office of Criminal Justice Assistance was designated by the Governor as the State Administrative Agency (SAA) for Nevada. In November of 2000, the office of Criminal Justice Assistance was designated by the Governor as the State Point of Contact for the 1033 Dept. of Defense Excess Property Program, and the State Coordinator for the 1122 General Services Administration (GSA) Purchasing Program.

BASE

Continues funding to pass through federal funding to various state and local law enforcement agencies.

PROGRAM DESCRIPTION

The Department of Public Safety, Office of Criminal Justice Assistance obtains, administers, and sub-grants to state and local government agencies, grant funds from the U.S. Department of Justice for programs that address illegal drug use, trafficking, violent crime, and improvement of the functioning of the criminal justice system. The objective is to coordinate education, prevention, treatment, and law enforcement to achieve a comprehensive solution to the problems of drug abuse and violent crime. Funding for this budget comes from 75% federal grants with a required 25% General Fund appropriation. Created by the Anti-Drug Abuse Act of 1986, Section 1308 of the Act states that the chief executive of each state shall designate a State Administrative Agency. In 1987, the Office of Criminal Justice Assistance was designated by the Governor as the State Administrative Agency (SAA) for Nevada. In November of 2000, the Office of Criminal Justice Assistance was designated by the Governor as the State Coordinator for the 1033 Department of Defense Excess Property Program, and the State Point of Contact for the 1122 General Services Administration (GSA) Purchasing Program. Statutory Authority: NRS 480.800

DPS - HOME DISASTER ASSISTANCE PROGRAM

101-3672

PROGRAM DESCRIPTION

Homeowners Disaster Assistance Program (HDAP) was created in the 2005 Legislative Session under Assembly Bill 552 to provide funds to homeowners who have had their homes damaged or destroyed by a disaster and who are not eligible for other forms of assistance. In the 24th Special Legislative Session, AB 3 transferred \$3,500,000 of the reserve amount to the General Fund. Funding for this program is anticipated to be exhausted at the end of fiscal year 2010.

BASE

This request continues funding to homeowners who have incurred damage or had their homes destroyed by disaster. One-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

Under the authority of NRS 414, the Division of Emergency Management coordinates the efforts of the state and its political subdivisions together in partnership with private and volunteer organizations and tribal nations in reducing the impact of emergencies. The Division of Emergency Management is given oversight and coordination responsibility for all statewide emergency preparedness, pre and post emergency mitigation efforts, and the development, review, approval and integration of state emergency response planning. This includes the integration of volunteer organizations and the private sector in the state emergency management process as well as oversight of response exercises, training and emergency operations planning. The Division of Emergency Management is responsible for assuring the state's readiness and ability to respond to and recover from natural and technological emergencies and disasters by assisting local governments with their emergency preparedness, response, and recovery efforts while providing a crucial link for accessing state and federal assistance and support.

PROGRAM DESCRIPTION

Since 2006, this budget account has been a pass-through account for federal funds received to reduce the impact of emergencies within the State of Nevada. It also provided operational support to the Division of Emergency Management budget account 3673. This arrangement created intolerable duplication and redundancy in workload and accounting transactions. This budget account is proposed to be merged back with budget account 3673.

PROGRAM DESCRIPTION

The Department of Public Safety, Highway Patrol Division receives several federal grants which are administered through this budget account. The granting agency is the U. S. Department of Transportation, Federal Motor Carrier Safety Administration (FMCSA), whose focus is accident, fatality and injury reduction of commercial motor vehicle (CMV) related crashes. These reductions are accomplished through consistent, uniform and effective CMV safety programs. The federal grants include:

Motor Carrier Safety Assistance Program (MCSAP). The MCSAP grant is committed to a reduction in the frequency and severity of CMV related crashes. Federal funds are used for MCSAP eligible activities designed to promote safety on Nevada highways by supporting enforcement of CMV regulations, CMV inspections and CMV/non-CMV traffic enforcement. This grant requires a 20% soft match which is comprised of trooper time spent on MCSAP eligible activities.

New Entrant Safety Audit Program (New Entrant). The New Entrant program is a continuing program to conduct safety audits on new CMV operators based in Southern Nevada. This grant funds 100% of these activities which are supported by two FTE positions.

Statutory Authority: NRS 480.300, 480.330, 480.340, and 480.360.

PROGRAM DESCRIPTION

The Department of Public Safety, Investigation Division, Narcotics Control's mission is to deter and disrupt the trafficking and availability of narcotics and dangerous drugs statewide. Supervising and participating in the multi-jurisdictional task forces within thirteen of Nevada's seventeen counties has proven to be the most effective and efficient method to address street to mid-level violators in our communities. Statutory Authority: NRS 480.140, NRS 480.400 through 480.610, NRS 453.271, NRS 179; and primary enforcement of NRS Chapters 453 and 454.

PROGRAM DESCRIPTION

Established by the 1985 Legislature, the Central Repository for Nevada Records of Criminal History is administered by the Department of Public Safety, Records and Technology Division, Records Bureau under the authority and provisions of NRS 179A and 179D. The Records Bureau administers the Nevada Criminal Justice Information System (NCJIS) and is the state's clearinghouse for criminal history record information, crime statistics, and information and activities that support a wide variety of public safety interests. In addition, it is the portal through which law enforcement statewide accesses criminal history record information of the Federal Bureau of Investigation (FBI) and other national and state criminal history databases. The bureau is a member of the Western Identification Network, a regional consortium of nine western states that share fingerprint images and criminal history record information, and is a participant in the FBI's Interstate Identification Index and in the National Crime Prevention and Privacy Compact for the release of criminal history record information for non-criminal justice purposes. The bureau is further designated as the Chief Law Enforcement Official for the purposes of administering the Brady Handgun Violence Prevention Act of 1993.

The repository includes the Uniform Crime Reporting program, the Point-of-Sale firearms program (Brady), the Nevada Domestic Violence Protection Order Registry, the Nevada Sex Offender Registry, the Civil Name Check Program, and the Program Development and Compliance Unit.

The 2007 Legislature formally codified the establishment of the Records and Technology Division within the Department of Public Safety with the passage of SB 38.

DPS - TECHNOLOGY DIVISION

201-4733

PROGRAM DESCRIPTION

The 2007 Legislature formally codified the establishment of the Records and Technology Division within the Department of Public Safety with the passage of SB 38. The Technology Bureau provides to the department and statewide criminal justice agencies 24 x 7 technical support, computer resources, application development, connectivity, and security guidance. The bureau's fifty-two employees support over 15,000 users statewide. There are 1,745 Department of Public Safety network (internal) users and over 13,500 external users. The external customers access a variety of applications through the Justice Link (Jlink) message switch. In addition, the bureau ensures all users are in compliance with the Federal Bureau of Investigation's Criminal Justice Information System (CJIS) Security Policies and with the State of Nevada Criminal Justice Information System (NCJIS) security policies.

DPS - STATE EMERGENCY RESPONSE COMMISSION

201-4729

PROGRAM DESCRIPTION

The mission of the State Emergency Response Commission (SERC) is to protect the citizens of the State of Nevada against the negative effects of hazardous materials. The State Emergency Response Commission is the executive agency for Nevada's compliance with the Federal Superfund Amendment Reauthorization Act (SARA), Title III, also known as the Emergency Preparedness and Community Right-to-Know Act (EPCRA). As mandated by this Act, the commission is responsible for collecting information from fixed facilities regarding the use and storage of hazardous materials. The information is provided to the public and first responders for both planning and reference purposes through a combined database coordinated with the State Fire Marshal's Office. Funds support the Local Emergency Planning Committees (LEPCs) in equipment, training, and planning activities needed to prevent and respond to hazardous material incidents. Statutory Authority: 42 U.S.C. 11001; NRS 459.735 through NRS 459.744.

DPS - TRAFFIC SAFETY

101-4687

PROGRAM DESCRIPTION

The Governor was given the power to establish the Office of Traffic Safety in order to secure the full benefits available under the Highway Safety Office and programs. Funds are authorized by Congress at or near the beginning of each federal fiscal year. Funds are expended on a reimbursement basis to local and state agencies that were awarded grants based upon the merit of their proposals to mitigate traffic safety problems in their jurisdictions. Proposals selected implement public information, awareness and education campaigns, fund innovative traffic enforcement programs and other community based countermeasures to improve traffic safety. Statutory Authority: NRS 223.200

BASE

This budget receives funding from federal grants and functions as a pass-through account to other state and local government entities.

CRC - COLORADO RIVER COMMISSION

296-4490

PROGRAM DESCRIPTION

The Colorado River Commission is empowered to acquire, manage and protect all of Nevada's water and hydropower resources from the Colorado River. In addition, it is to provide electric power resources to certain customers from any available source for needs over and above the hydropower allocations. These resources are primarily centered in and benefit Southern Nevada. In addition, the Commission has acquired certain lands in the Laughlin area to develop and dispose of in accordance with state and federal laws and regulations. The Colorado River Commission Fund acts as the general fund for all commission activities. All personnel costs for commission staff and all of the basic activities and functions performed in fulfilling the Commission's legislative mandate are recorded in this account. The Commission is entirely funded by its customers and receives no state or federal funds in carrying out its activities. The Colorado River Basin states are in constant contact regarding the issues of the lower basin; the bulk of commission travel occurs in California and Arizona. In addition, the Commission has extensive involvement with a number of agencies of the federal government including the Bureau of Reclamation, Western Area Power Administration, Fish and Game, Environmental Protection Agency, Bureau of Land Management, and others. Statutory Authority: NRS 538

CRC - RESEARCH AND DEVELOPMENT

296-4497

PROGRAM DESCRIPTION

The Research and Development Fund provides for the costs of engineering studies, analyses, negotiations and other efforts in protecting the interests of the state in the development of any of the resources under the control of the commission. This fund is now used primarily for specific resource programs of the commission, approved and funded on an individual basis through contractual agreements with commission customers. In addition, some small projects may be funded from this account as approved by the Director. The major current use of the fund is as a pass-through account for the costs related to the Lower Colorado River Multi-Species Conservation Program (LCRMSCP). Funding is provided to the commission by its water and power contractors in accordance with the Multi-Species funding contracts, and collections under the contracts are used to fund the development of the LCRMSCP plan. Statutory Authority: NRS 538.191.

CRC - POWER DELIVERY SYSTEM

502-4501

PROGRAM DESCRIPTION

This delivery system represents activity related to the Power Delivery Project. This project is a high voltage transmission, transformer, and distribution system designed and tied into the Southern Nevada Water Authority's (SNWA) water delivery system. This fund accounts for all of the power purchases for the water deliveries in Southern Nevada, and for all of the operation and maintenance costs associated with the project. The funding for this activity is provided by the SNWA under a funding contract. The contract provides for detailed line item costs to be approved by the SNWA at the beginning of each year. The authorization for this fund provides for all necessary and appropriate costs of the project within the approved SNWA budget.

CRC - POWER MARKETING FUND

505-4502

PROGRAM DESCRIPTION

The Power Marketing fund is required by the bond resolution authorizing the financing of Nevada's share of the cost of upgrading the generating facilities at Hoover Dam. It is used to record purchases and sales of power, debt service related to the Hoover Upgrading Bonds, and operational costs of the Basic Substation project. This fund accounts for all power related activities except those dedicated to the Southern Nevada water system and its customers. All transactions related to all other customers of the Commission are recorded in this account. All hydropower allocations to the State of Nevada, administered by the Commission are recorded in this account.

DCNR - TAHOE REGIONAL PLANNING AGENCY

101-4204

PROGRAM DESCRIPTION

Jointly created by the States of Nevada and California, and the U.S. Congress, the Tahoe Regional Planning Agency's (TRPA) mission is to cooperatively lead the effort to preserve, restore, and enhance the unique natural and human environment of the Lake Tahoe region now and in the future. TRPA's vision is to have a lake and environment that is clean, healthy and sustainable for the community and future generations. Under the compact, Nevada pays one-third of the State of California/Nevada costs to support TRPA's operation. As a planning agency, TRPA has the power to exercise effective environmental controls, and perform other essential functions over the water, land, air, wildlife and development of the Lake Tahoe region. Starting in 1997 with the Nevada and California Governors' Memorandum of Understanding and the Presidential forum, TRPA has led the cooperative efforts of funding the Environmental Improvement Program. Statutory Authority: NRS 277.190 - 277.220s.

DCNR - FORESTRY

101-4195

PROGRAM DESCRIPTION

The Nevada Division of Forestry's (NDF) core mission is to protect natural resources and property from wildfire. In support of its mission, NDF manages and coordinates all forestry, nursery, endangered plant species, and watershed resource activities on qualified public, state and private lands. In conjunction with other state agencies NDF also takes action and provides coordination for responses to natural disasters including floods and earthquakes. DCNR - FOREST FIRE SUPPRESSION

101-4196

PROGRAM DESCRIPTION

The Forest Fire Suppression Account funds expenses necessary to protect life, property and natural resources from fire, flood and other natural or human caused emergencies. The program is funded with a combination of general fund, reimbursement paid to NDF for fire fighting efforts made on behalf of others, and FEMA Fire Management Assistance Grants and subgrants. The agency turns to the Interim Finance Contingency Fund and the Disaster Relief Fund when funds are insufficient to meet the state's obligations each year. Although costs have steadily increased over the last ten years, they are a fraction of the cost that the state would be responsible for if it were to rely solely on federal and local government cooperators to provide these services. (NRS 472)

PROGRAM DESCRIPTION

The Forestry Conservation Camp Program coordinates, directs and supervises the work activities performed by inmates of the Department of Corrections who reside in Forestry Conservation Camps located throughout the State of Nevada. The Conservation Camp Program provides the work force for labor-intensive forestry and conservation work projects, wildfire management and other emergency activities. There are approximately 78 inmate crews in ten conservation camps statewide under the supervision of NDF conservation crew supervisors. In SFY2008 the Conservation Camp Program had 142,000 inmate project days and 52,000 emergency response days on 238 incidents.

ENHANCEMENT

E225 ELIMINATE DUPLICATE EFFORT

The Division of Forestry previously, through a cooperative agreement, provided fire protection and prevention services to Douglas County. Since Douglas County has formed its own fire protection district, this request reallocates the cost of a shared Battalion Chief position between Storey County and Carson City.

PROGRAM DESCRIPTION

The Nevada Nursery Program, under the oversight of the Nevada Division of Forestry Natural Resource Program, was first established in 1957 to provide technical assistance and conservation plant materials - tree seedlings, shrubs, forbs and seed - to meet the conservation needs of Nevada's private landowners and public land management agencies. The nurseries also offer custom growing services for conservation plants native to or adapted to the Mojave Desert, Great Basin Desert and Sierra Nevada. They produce low-cost native or adapted plant species, acclimated to Nevada's environmental conditions, for conservation purposes including windbreaks, greenstrips, stream bank stabilization, wetland and riparian restoration, mine reclamation, reforestation, wildlife habitat enhancement and rehabilitation of wildfire damaged lands or other disturbed sites.

The Nevada Nursery Program is comprised of two nursery facilities, one in Washoe Valley and one in the Las Vegas Valley. The program operates statewide to provide technical assistance and conservation plant materials that meet the conservation needs of Nevada's private landowners and public land management agencies. The Nevada Seedbank was established in 1995 and provides seed, equipment and other materials to rehabilitate wildland fire and fire suppression related damages, and assists private landowners and public agencies with conservation treatments on their lands to reduce soil erosion, increase plant diversity, improve wildlife habitat and reduce the threat of wildland fire. The Nevada Seedbank facility is co-located with the Nursery in Washoe Valley. The Nursery and Seedbank programs are rooted in the agencies overall mission and are an integral part of all programs under both the fire and resources sections of the Division of Forestry. Both are enterprise accounts that operate on the sale of conservation plant materials. (NRS 472, 527 & 528)

PROGRAM DESCRIPTION

The Division of State Parks' mission is to acquire, plan, develop, interpret, operate and maintain a system of parks and recreational areas and to preserve areas of scenic, historic and scientific significance for the use and enjoyment of residents and visitors. Major programs include, planning, development, administration, protection, operation, maintenance, resource management and interpretation of cultural and natural resources. In addition, the division administers the Land & Water Conservation Fund and the Recreation Trails programs, which provide federal funding for the development of trails and outdoor recreation projects. Statutory Authority: NRS 353.205 (1) (b) and 353.210 (4).

The philosophy of the Division of State Parks is connected to its mission and statutory authority. Each of the division's twenty-five units and individual programs is organized and operated to provide the citizens and visitors to the State the best possible experience while preserving the unique natural, cultural and scientific areas administered by the Division of State Parks. To measure the effectiveness of programs, staff and park development, the division distributes questionnaires to park visitors and carefully evaluates their response on a monthly, quarterly, and annual basis. In the past, park visitors rated their experience as good to excellent over 90% of the time.

ENHANCEMENT

E125 EQUITABLE, STABLE TAX STRUCTURE

This request includes a General Fund appropriation to replace the recurring funding transfer that came from the Tourism Development account. This is in response to the Executive Budget recommendation to reclassify the Nevada State Tourism budget from a non-General Fund account to General Fund account. Currently that budget account is funded primarily with Lodging Tax revenues and has been providing supplemental funding to the State Parks budget account over several biennia.

PROGRAM DESCRIPTION

The mission of the Division of Water Resources is to conserve, protect, manage, and enhance the state's water resources for Nevada's citizens through the appropriation and reallocation of public waters. In addition, the division is responsible for quantifying existing rights, monitoring water use, distributing water in accordance with court decrees, reviewing water availability for new subdivisions and condominiums, reviewing the construction and operation of dams, appropriating geothermal water, licensing and regulating well drillers and water right surveyors, reviewing flood control projects, collecting and monitoring water resource data and records; and providing technical assistance to the public and governmental agencies. The division also provides technical assistance and information to governmental agencies and the public concerning state, regional and local water resource planning and provides flood plain management, planning, and mitigation assistance to communities throughout the state. Statutory authority is found under NRS Chapters 532, 533, 534, 534A, 535, 536, 538, 540 and 543.

PROGRAM DESCRIPTION

State Lands acquires, holds, and disposes of all state lands and interests in lands; provides technical land-use planning assistance, training, and information to local government units and other agencies; develops policies and plans for the use of lands under federal management; represents the state in its dealings with federal land management agencies; coordinates various state programs at Lake Tahoe; and implements Question 1 (Conservation Bond Act). The mission of the agency is to uphold the conservation and land resource values of Nevadans through responsible land use planning, resource programs that protect and enhance the natural environment, and land stewardship worthy of the lands entrusted to us.

DCNR - DIVISION OF CONSERVATION DISTRICTS

101-4151

PROGRAM DESCRIPTION

The Division of Conservation Districts and the State Conservation Commission regulate the activities of Nevada's 28 locally elected conservation districts. Conservation districts work for the proper development and conservation of the state's renewable natural resources by taking available technical, financial, and educational resources, and focusing and coordinating them so that they meet the needs of individual landowners and users, often working in cooperation with counties, the United States Department of Agriculture's Natural Resources Conservation Service, and other public and private agencies for conservation of soil, water, and related resources. Statutory Authority: NRS 548, 232.090, and 232.125.

PERFORMANCE INDICATORS		PROJECTED FY 2008	ACTUAL FY 2008	PROJECTED FY 2009	PROJECTED FY 2010	PROJECTED FY 2011

PROGRAM DESCRIPTION

The Nevada Natural Heritage Program is responsible for developing and maintaining comprehensive databases on the locations, habitats, population status, and biology of rare and at-risk species throughout Nevada. This data is mapped and computerized to allow retrieval in a variety of formats and is used in planning development and conservation endeavors, species recovery, revegetation efforts, habitat restoration, impact of invasive plants and animals, and community vegetation analyses. The program publishes a list of high priority sites that focuses on the most vulnerable areas where intervention is needed to avoid population declines or serious losses. The program is also responsible for developing a statewide wetlands plan and inventory system, tracking infestations of invasive weeds and for surveying springs throughout the state as part of a comprehensive Springs Conservation Plan.

ENHANCEMENT

E350 ENVIRONMENTAL POLICIES AND PROGRAMS

This decision unit is contingent upon approval of decision unit E351. Decision unit E351 changes the funding mix for the Biologist III position from 50% Transfer From the Nevada Department of Transportation (NDOT) and 50% User Fees to 100% Transfer from NDOT. If approved the user fees currently collected to support this position would be reverted to NDOT up to an amount equal to the cost of the position.

DCNR - DEP WATER POLLUTION CONTROL

101-3186

PROGRAM DESCRIPTION

The Bureau of Water Pollution Control ensures compliance with water pollution control laws by issuing permits to discharge to surface and/or ground water. Facilities are inspected to ensure compliance and enforcement actions are taken if necessary. Staff reviews the design of waste water treatment plants and infrastructure. Subdivisions are reviewed to ensure that adequate systems are in place to treat waste water.

PROGRAM DESCRIPTION

The Bureau of Corrective Actions is responsible for the analysis and remediation of contaminated sites, certification of environmental consultants, regulation of underground storage tanks (UST), remediation of leaking underground storage tanks and administration of the Petroleum Claims Fund. The Bureau of Federal Facilities provides oversight of all operational activities and cleanups on the Nevada Test Site and several off-site locations to ensure compliance with environmental regulations. The Bureau of Waste Management is responsible for ensuring safe management of hazardous waste by regulating its handling, transportation, treatment, storage and disposal; ensuring safe collection and disposal of solid waste; and encouraging businesses, institutions and individuals to reduce the amount of waste generated, participate in recycling programs and conserve natural resources. Statutory authority: NRS 444.440 - 444.645; 444A.010 - 444A.110; 445A.060 - 445A.730; 459.400 -459.600; 459.800 - 459.856; and 590.700 - 590.920.

DCNR - DEP MINING REGULATION/RECLAMATION

PROGRAM DESCRIPTION

This bureau is responsible for the Mining Regulatory Program developed pursuant to NRS 445A.300 through 445A.730 (Nevada Water Pollution Control Law), NAC 445A.070 through 445A.447 (Mining Regulations), NRS 519A.010 through 519A.280 (Nevada Mined Land Reclamation Law), and NAC 519A.010 through 519A.415 (Reclamation Regulations). The bureau established a system which is responsive to both environmental and economic concerns associated with the development of Nevada's natural resources. The workload of the bureau is dependent to a certain extent upon rising and falling metals prices, which cause fluctuations in mining activity. Since 2000, metals prices have risen dramatically. A number of regulatory and procedural revisions were implemented in the past ten years to address bankruptcies and abandonment's of mining operations due to low metals prices. Measures were taken to enhance the strength and security of the regulations, especially in the areas of mine closure and bonding. Nevada's mining regulatory programs address the design, construction, operation, closure and reclamation of mining and exploration operations. Principle objectives include protection of human health, ground and surface water resources, and completion of reclamation activities which provide for a productive post-mining land use. Major program elements consist of permitting, inspection, compliance monitoring, enforcement, and plan and report review.

DCNR - DEP WATER QUALITY PLANNING

101-3193

PROGRAM DESCRIPTION

The Bureau of Water Quality Planning (BWQP) is responsible for implementing programs to meet requirements of the Clean Water Act (CWA) and Nevada water quality statutes and regulations that protect and/or improve the chemical, physical and biological integrity of the waters of Nevada. BWQP staff conduct water quality, bioassessment and physical habitat monitoring; develop and/or revise water quality standards for adoption by the State Environmental Commission; develop the impaired waters list; develop total maximum daily loads (TMDLs) and TMDL and/or watershed implementation plans to address water quality impairments; issue 401 certifications to ensure that proposed discharges meet applicable effluent limitations and water quality standards; assist in the development and review of 208 area-wide waste management plans; mitigate the adverse effects from nonpoint source pollution through implementation of water quality improvement and public education projects; promote intra and inter-agency program coordination; and provide technical assistance. A small General Fund appropriation partially supports the monitoring and water quality standards program and provides the required state match for the Federal 106 grant. The Bureau also implements a laboratory certification program to ensure that water and soil samples collected to meet requirements of the Safe Drinking Water Act, CWA and the Resource, Conservation and Recovery Act are analyzed according to EPA and State approved methods.

DCNR - DEP SAFE DRINKING WATER REGULATORY PROGRAM

101-3197

PROGRAM DESCRIPTION

The Bureau of Safe Drinking Water (BSDW) implements the Public Water System Supervision Program (PWSSP) authorized under the Federal Safe Drinking Water Act (SDWA) and maintains primacy for the State of Nevada. State implementation of the PWSSP ensures Nevada's public water systems comply with state and federal drinking water standards by enforcing the sampling and monitoring requirements for water quality, enforcing requirements for surface water treatment and corrosion control. The program assesses water sources (including identification of potential contaminant sources), conducts annual sanitary surveys, certifies the qualifications of public water system operators, and requires public notification when systems are out of compliance. The BSDW also reviews engineering plans for public water systems and the subdivision of land. Additionally, PWSSP provides training, information transfer, and regulatory update presentations at meetings of water industry associations. Statutory authority: NRS 445A.800 through 445A.955.

PROGRAM DESCRIPTION

The mission of the Department of Wildlife (NDOW) is to protect, preserve, manage and restore wildlife and its habitat for their aesthetic, scientific, educational, recreational and economic benefit to the citizens of Nevada and the United States, and to promote the safety of persons using vessels on the waters of this state. The department is comprised of seven bureaus including Administrative Services, Conservation Education, Fisheries Management, Game Management, Habitat, Law Enforcement, and Wildlife Diversity. Statutory authority is found in the Nevada Revised Statute Chapters 488, 501, 502, 503, 504, 505, and 506.

WILDLIFE - BOATING PROGRAM

101-4456

PROGRAM DESCRIPTION

The Department of Wildlife is responsible for the administration of the Nevada Boat Act, relating to operation of recreational watercraft on all waters of the state. Elements of the program include boat registration and titling, boating safety law enforcement, boater education, navigational aids, and boating facilities. The desired outcome of this program is knowledgeable boaters engaged in safe and enjoyable recreation on Nevada's waters. Statutory Authority is found in the Nevada Revised Statute Chapters 488, and 501.

WILDLIFE - TROUT STAMP PROGRAM

101-4454

PROGRAM DESCRIPTION

The Department of Wildlife collects trout stamp fees from Nevada anglers, deposits them in this account with matching federal aid in Sport Fish Restoration funds and state bond sale proceeds to repay bonded indebtedness for the Hatchery Refurbishment Project and minor maintenance projects at the various hatcheries. Statutory authority is found in the Nevada Revised Statute Chapters 501 and 502.

WILDLIFE - OBLIGATED RESERVE

101-4458

PROGRAM DESCRIPTION

The 1995 Legislature created budget account 4458, Wildlife Obligated Reserve, to distinguish restricted program funding sources and expenditures. Funds placed in the account include duck stamp, elk damage compensation, mining assessments, gifts and donations, and Operation Game Thief. The 2003 Legislature added the upland game stamp and habitat conservation fee programs to the budget account.

NDOT, BOND CONSTRUCTION

201-4663

PROGRAM DESCRIPTION

The Bond Construction account is required by the bond covenants to provide a separate accounting of expenditures relating to bond-funded construction projects. Bond proceeds will be directed to projects such as new roadway construction and reconstruction, safety improvements, and replacement or rehabilitation of bridges and interchanges. The Department of Transportation (NDOT) does not anticipate selling bonds during the FY 2010-2011 biennium. Revenue and expenditures during this period are related to bonds sold in prior years. Reference budget account 4660 for NDOT's mission, program statement and performance indicators.

BASE

This request continues funding of the current program. One-time expenditures have been eliminated and partial year costs have been annualized.

ENHANCEMENT

E225 ELIMINATE DUPLICATE EFFORT

This request funds application development and design activities related to the Integrated Financial System (IFS) applications that are performed by the Department of Information Technology (DoIT). This enhancement is a companion to E908, which transfers two IT Professional positions to DoIT. These positions are currently assigned to IFS applications and this transfer will create efficiencies through consolidation for administering the IFS environment.

PUBLIC EMPLOYEES' RETIREMENT SYSTEM

101-4821

PROGRAM DESCRIPTION

Established by NRS 286.110, the purpose of the Public Employees' Retirement System of Nevada is to provide public workers and their dependents with a retirement program that provides a reasonable base income for retirement or for periods where a disability has removed a worker's earning capacity. Additionally, it is to encourage those workers to enter into and remain in government service for such periods of time to give public employers and the people of the State of Nevada the full benefit of their training and experience.

RETIRED EMPLOYEE GROUP INSURANCE

680-1368

PROGRAM DESCRIPTION

The Retired Employee Group Insurance budget account provides a centralized collection mechanism for contributions made by each state entity for the benefit of all retired state employees. These contributions defray a portion of the individual insurance premiums for employees who retire from state government and elect to continue coverage in the state group insurance plan. The program is funded by payroll assessments to agency budgets and covers all state agencies, boards and commissions, the Judicial Branch, the Legislative Counsel Bureau, the Public Employees Retirement System, and the Nevada System of Higher Education. Pre-funding of the Retired Employee Group Insurance liability has been suspended for 2009-2011 biennium. Statutory Authority: NRS 287.046.

BASE

Continues funding for group insurance premiums to be paid to the state group insurance plan, administered by the Public Employees' Benefits Program, on behalf of retired employees who elect to continue coverage in the state group insurance plan.

ACTIVE EMPLOYEES GROUP INSURANCE

625-1390

PROGRAM DESCRIPTION

The Active Employee Group Insurance Subsidy budget account collects contributions made by each state entity for the benefit of their active employees. These contributions defray a portion of the individual insurance premiums for active employees of state government who elect to participate in the state group insurance plan. The program is funded by payroll assessments and covers all state agencies, boards and commissions; the Judicial Branch; the Legislative Counsel Bureau; the Public Employees Retirement System; and the Nevada System of Higher Education. Statutory Authority: NRS 287.044.

BASE

Continues funding for group insurance premiums to be paid to the state group insurance plan, administered by the Public Employees' Benefits Program on behalf of active employees who elect coverage in the state group insurance plan.

PROGRAM DESCRIPTION

The Nevada Public Employees Deferred Compensation Program, a voluntary tax-deferred supplemental state retirement plan (IRC 457(b)), provides participants and their beneficiaries with a reasonable supplement to their Nevada Public Employees Retirement Program, Social Security and any other retirement savings. The Program operates solely in the interest of plan participants and beneficiaries. The Committee, appointed by the Governor pursuant to NRS 287.325, oversees the Program and strives to provide quality investment options at minimal costs while maintaining high standards of customer service. The Committee and its Executive Officer monitor the program providers, communicate the importance of supplemental savings through seminars, newsletters and other informational efforts, and administer the Program in accordance with state and federal guidelines. All Program expenses are paid from reimbursement by its private sector providers.

MILITARY EMERG OPERATIONS CENTER

101-3655

PROGRAM DESCRIPTION

This budget account provides revenue and expense authorizations to provide for custodial, maintenance and utility support for the Emergency Operations Center (EOC) building within the Office of the Military complex in Carson City. The Office of the Military performs these functions much like Buildings and Grounds does for other state buildings.

PROGRAM DESCRIPTION

The Nevada State Veterans' Home (NSVH) is a 180 bed state-skilled nursing care facility. The home was dedicated on June 28, 2002. The home admitted its first residents on August 12, 2002. The Home provides 24-hour skilled nursing care to eligible veterans, spouses of veterans, and Gold Star Parents (parents who had a child who died while in military service). A minimum of seventy-five percent (75%) of the home's residents must be veterans. The 180 bed home consists of three 60 bed wings and is located on 50 acres in Boulder City. One of the home's three wings houses a secured care unit intended for residents with severe dementia. The NSVH is certified by Medicaid, Medicare, and the Department of Veterans Affairs. The home provides a full range of services including: physicians, laboratory, pharmacy, physical, occupational, respiratory and speech therapy, dental, social services, spiritual, medical records, activities, transportation, maintenance, dietary, barber, laundry, housekeeping, and financial services. The home's primary mission is: "Caring for America's Heroes". Statutory Authority: NRS Chapter 417.

DEFINITIONS

This section contains brief explanations of certain areas of the budget and brief definitions of common terms employed in the budget.

Adjusted Base Budget — The budget after adjustments have been made to the Base budget to eliminate one-time expenditures, or to increase revenues and expenditures for ongoing programs that were not operational for the entire base year. See also Base.

Actual Expenditures

- One-time expenditures including all equipment
- + Annualized salaries and operating expenses
- + Merit salary increases (net of any special adjustments)
- + Across-the-board pay increases previously granted by the Legislature
- +/- Differences in number of working days
- +/- Annualization of new programs approved by the previous Legislature or by Interim Finance Committee, and of programs sunsetted by the previous Legislature
- +/- Changes in already signed contracts, such as leases
- +/- Expenses required every other year
- = **Adjusted Base Budget**

Appropriation — A legislative allocation from the General Fund or Highway Fund for a specific purpose or for the support or operation of an agency. Expenditures from a given appropriation need not, and generally do not, exactly coincide with the amount of the appropriation, since less than full amounts of the appropriation may be spent within the specified period.

Authorization — The authority granted by the Legislature that allows state agencies to collect and expend funds from sources other than the General Fund or Highway Fund. A primary source of authorization is federal funds. Other sources may include county funds, gifts, grants, donations, fees, sales, etc.

Base — Last year's actual expenditures. See also Adjusted Base Budget.

Budget Reduction Decision Unit — A stand-alone component of a budget account that displays the savings associated with a given action. See also Decision Unit, Enhancement Decision Unit, Federal Stimulus Package Decision Unit, Functional Goal Decision Unit, and Maintenance Decision Unit.

E670: Temporary 6% Salary Reduction — A temporary salary reduction of 6% for the 2009-2011 biennium.

E671: Suspend Merit Salary Inc for FY10 & FY11 — A suspension of merit pay increases for the 2009-2011 biennium.

E672: Suspend Longevity for FY10 & FY11 — A suspension of longevity payments for the 2009-2011 biennium.

E673: Implement SAGE Commission Recommendation — The implementation of the Spending and Government Efficiency (SAGE) Commission recommendations regarding the Active Employee Group Insurance Subsidy and the Retired Employee Group Insurance Subsidy. See also Spending and Government Commission.

Building Construction Outside Cap — Construction spending that is excluded from limitations specified by NRS 353.213 upon the total proposed expenditures from the General Fund included in the Executive Budget. Building Construction Outside Cap is designated by Maintenance Decision Unit M750.

Capital Improvements Projects (CIP) — Construction of a new building and the furniture, fixtures and equipment (FFE) for that building; all modifications to structures for existing state buildings; remodeling, repairs, and maintenance work for projects over \$100,000 of a non-structural nature; and advanced planning for future projects.

Caseload — The incremental costs of providing existing services to an increased/decreased number of clients. Only agencies with pre-approved caseload formulas are authorized to use the M200 Decision Unit once their Base Caseload is adjusted in M150 based on applicable activities.

Classified Employee — An employee who is selected and governed by the state's merit system as specified in the Nevada Administrative Code and Nevada Revised Statutes. Classified employees are paid on a biweekly basis at levels based on a compensation plan that includes salary increases approved by the Legislature. Salaries for recommended new classified positions and requested reclassifications are shown at approximate classification levels. After establishment by the Legislature, the Department of Personnel may review these positions to determine the appropriate classification level. See also Non-classified Employee and Unclassified Employee.

Cost Allocation — A means whereby agencies funded by revenues outside the General Fund can reimburse the General Fund for administrative services rendered by agencies funded by the General Fund. Each individual decision in a single budget account can affect the total administrative assessment within the department. To avoid creating separate decision units to incrementally allocate portions of each recommended decision, one maintenance and one enhancement decision unit have been created to capture

the cumulative effect of all allocations within a budget account for the maintenance and enhancement portions of the budget. Separate spreadsheets have been individually prepared outside the Executive Budget for review by legislators or their staff to view the effect of each individual decision. Cost allocations are designated by Enhancement Decision Units E800 to E804 and Maintenance Decision Units M800 to M804.

Court Orders — Orders issued by a Court of Law that directly impact the level of programs or services provided by an agency. These costs are reported in Maintenance Decision Units M606 to M609.

Decision Unit — A stand-alone component of a budget account that displays the revenues and expenditures associated with the decision to fund a new program, to change the configuration of an existing program, or to add to or subtract from ongoing budgetary levels. Each decision unit has a numerical heading, such as E800, and a title, such as Cost Allocation. See also Budget Reduction Decision Unit, Enhancement Decision Unit, Federal Stimulus Package Decision Unit, Functional Goal Decision Unit, and Maintenance Decision Unit.

Economic Forum — A five-member committee from the private sector directed to provide a forecast of future State General Fund revenues by December 1 of even-numbered years and May 1 of odd-numbered years. The forecasts are based on the existing revenue structure and are used by agencies, the Governor, and the Legislature in recommending and approving the new budget. See also NRS 353.226 - 353.229.

Enhancement Decision Unit — A stand-alone component of a budget account that displays the cost associated with a given program or action, including program improvements or changes in levels of service not related specifically to a functional goal. See also Decision Unit, Budget Reduction Decision Unit, Federal Stimulus Package Decision Unit, Functional Goal Decision Unit, and Maintenance Decision Unit.

E710: Replacement Equipment — Replacement of computer hardware and associated software per Department of Information Technology's recommended schedule.

E730 - E734: Maintenance of Buildings and Grounds — Maintenance and renovations for buildings and grounds, including major and minor building improvements. See also M425.

E750: Building Construction Outside Cap — See Building Construction Outside Cap.

E800 - E804: Cost Allocation — See Cost Allocation.

E805 - E811: Significant Reclassifications — The incremental costs to fund reclassifying one or more positions.

E817: NDOT Radio Cost Allocation — Mechanism for sharing costs for the operation and maintenance of the Nevada Department of Transportation 800 MHz radio system.

E900 - E998: Transfers — Movement of a program from one budget account to another. If several decision units from the originating budget are proposed to be transferred, a series of E900 decision units, i.e., E901, E902, etc. may be displayed. See Program Transfer.

Executive Budget — The Governor's recommended program for the coming biennium, which contains expected revenues and proposed expenditures and compares the current biennium to the next biennium. It is an overall plan of expenditures necessary to execute the Governor's proposed program, together with an estimate of income expected to be available to support these expenditures.

E100 - E400 — See Functional Goal Decision Unit.

E417 — See Federal Stimulus Package Decision Unit.

E670 - E673 — See Budget Reduction Decision Unit.

E710 - E998 — See Enhancement Decision Unit.

Federal Mandates — Orders issued by the Federal Government that directly impact the level of programs or services provided by an agency. These costs are reported in Maintenance Decision Units M501 to M597.

Federal Stimulus Package Decision Unit — A stand-alone component of a budget account that displays anticipated funding changes from the Federal Stimulus Package. See also Decision Unit, Budget Reduction Decision Unit, Enhancement Decision Unit, Budget Reduction Decision Unit, Functional Goal Decision Unit, and Maintenance Decision Unit.

E417: 8% FMAP Increase — Federal funding changes from the Federal Stimulus Package, which is anticipated to increase the Federal Medical Assistance Percentage (FMAP) by 8%, from 50% to 58% for federal fiscal years 2010 and 2011.

Fiscal Year — The State's financial accounting year, which runs July 1 through June 30. We are currently in fiscal year 2008-2009. This may be abbreviated fiscal year

2009, FY 2009, FY 09 or FY 2008-09. The federal fiscal year (FFY) runs from October 1 through September 30. Agencies that receive federal funds may use the abbreviation SFY to distinguish the state fiscal year from its federal counterpart.

Fringe Benefit Adjustment — The impact of all fringe benefit recommendations as shown in the rates table. Fringe benefit adjustments include retirement, group insurance, retirement group insurance, workers' compensation, personnel assessments, and unemployment compensation changes.

Full-time Equivalent (FTE) — A means of expressing the number full-time and part-time state government positions as the comparable number of full-time positions. Most state employees are full-time, but some positions are part-time, and some full-time positions are funded by more than one budget account, so in an individual budget account they would appear as part-time positions. Two half-time positions, at 0.50 each, would add up to the equivalent of one full time position: $0.50 + 0.50 = 1.00$ full-time equivalent or FTE.

Functional Goal Decision Units — A stand-alone component of a budget account that displays the cost associated with a given program or action related specifically to one of the Governor's functional goals. See also Decision Unit, Budget Reduction Decision Unit, Enhancement Decision Unit, and Maintenance Decision Unit.

E125: Equitable Stable Tax Structure — Provide a tax structure that is equitable, stable, and keeps taxes and fees to a minimum.

E175: Increase Non-Gaming Business — Protect the state's interest and competitive advantage in gaming and tourist-related industries, but increase the share of non-gaming business in Nevada's economy.

E225: Eliminate Duplicate Effort — Eliminate duplication of services and effort among state agencies while providing an environment where state agencies and employees operate more efficiently.

E250: Working Environment and Wage — Maintain lean but appropriate state staffing levels and provide state employees with a good working environment and a competitive wage.

E275: Maximize Internet and Technology — Maximize the use of the Internet and other technologies to make government more accessible and economical.

E300: Improve Pupil Achievement — Improve pupil achievement in elementary and secondary schools and increase the number of students going on to higher education in Nevada.

E325: Service at Level Closest to the People — Foster the delivery of government services at the level closest to the people.

E375: Reduce Recidivism Rate and Juvenile Violence — Reduce the recidivism rate of prison inmates and reduce the incidence of juvenile violence.

E400: Access to Health Care and Health Insurance — Increase the percentage of Nevadans who have access to health care and who have health insurance.

General Fund — The major operating fund of the State. It receives all revenues and accounts for all expenditures not otherwise required by statute to be in any other fund. The Executive Budget must recommend a General Fund reserve for each fiscal year of between 5% and 10% of proposed General Fund appropriations and authorizations for the operation of state government. The fund presently receives its income from the Sales Tax, Gaming Taxes, Insurance Premium Tax, Modified Business Tax, Live Entertainment Tax, Real Property Transfer Tax, and other taxes and miscellaneous sources such as interest, licenses, fees, and fines.

Highway Fund — The fund that derives its income from state gasoline taxes and fees on the use and operation of motor vehicles. The Highway Fund is restricted to the construction, maintenance and repair of public highways, and related administrative costs. The Highway Fund provides support to the Departments of Transportation, Motor Vehicles, and Public Safety, plus the Transportation Services Authority.

Maintenance Decision Unit — A stand-alone component of a budget account that displays the revenues and expenditures associated with continuing an existing program that required increased funding levels because of external factors such as expansion due to pre-approved increased caseloads, federal mandates, court decisions, consent decrees, inflation, population growth, etc. See also Decision Unit, Budget Reduction Decision Unit, Enhancement Decision Unit, Federal Stimulus Package Decision Unit, and Functional Goal Decision Unit.

M100: Inflation (Statewide) — Reflects rate changes for internal service funds such as the Department of Information Technology, Attorney General, Motor Pool, State-owned building rent, vehicle insurance, personnel assessments, and property and contents insurance.

M101: Inflation (Agency Specific) — Reflects inflation adjustments on items, such as pharmaceuticals, that are unique to an agency.

M150: Adjustment to Base — Changes made to last year's actual expenditures to account for specific factors. See also Adjusted Base Budget.

M160: Continuation of Budget Reductions — Extends the budget reductions approved during the 2007-2009 biennium into the 2009-2011 biennium.

M200: Caseload Increases — Adjustments made to cover changes in the number of clients served by a given agency.

M300: Fringe Benefit Adjustment — See Fringe Benefit Adjustment.

M425: Facility Maintenance — Preventive facility maintenance, addressing deferred maintenance and issues that contribute to an unhealthy work environment for employees, clients, and the public, and for maintenance of buildings and equipment to ensure they last their intended life span. See also E730 - E734.

M501 - M597: Mandates — See Federal Mandates.

M600 - M609: Court Orders — See Court Orders.

M750: Building Construction Outside Cap — See Building Construction Outside Cap.

M800 - M804: Cost Allocation — See Cost Allocation.

M100 - M804 — See Maintenance Decision Unit.

Non-classified Employee — An employee in the office of the Governor or the Judicial or Legislative Branch of State Government.

One-Time Appropriation — An appropriation, also known as a one-shot or special appropriation, made for a particular purpose that is not anticipated to continue. A one-time appropriation is generally a new appropriation. It often becomes effective during the fiscal year in which it is made and usually does not revert until the end of the new biennium. In contrast, regular appropriations normally are for continuing expenses and revert after a single fiscal year. See also Reversions.

Operation and Maintenance of New Buildings and Facilities — Funding for the operation and maintenance of new buildings recommended for funding in this Executive Budget. See also Capital Improvement Program.

Program Transfer — Movement of a program from one budget account to another. Position transfers are included in these modules. The budget receiving the proposed transfer will have positive (+) numbers, while the budget from which the program

is transferred out will have negative (-) numbers. Funding for program transfers are reported in Enhancement Decision Unit E900 - E998.

Reclassification — The incremental costs to fund reclassifying one or more positions. Reclassification costs are reported in Enhancement Decision Units E805 - E811.

Reversion — The balance of an appropriation remaining after the close of the specific time period. Reversions are returned to the original source of the appropriation.

Salary — Compensation costs for state employees. Changes in salary amounts from year to year reflect step adjustments within existing pay grades and may also indicate changes in incumbents. Those employees currently covered under the employer-paid retirement system and all new employees are budgeted as employer-paid.

Spending and Government Efficiency (SAGE) Commission — A privately funded, bipartisan panel created by Executive Order of Governor to review state government operations that fall under the Executive Branch and to provide the Governor with recommendations for streamlining operations, improving customer service and maximizing the use of taxpayer dollars. The implementation of SAGE Commission recommendations are reported in Budget Reduction Decision Unit E673.

Supplemental Appropriation — A request by an agency funded by general fund or highway fund appropriations for additional funding to cover unforeseen and/or unanticipated expenditures. A supplemental appropriation adds funds to an appropriation made by a preceding Legislative Session.

Sworn Position — A public official or law enforcement officer, such as a sheriff or constable, who is responsible for maintaining civil peace and enforcing and preserving public order.

Transfers — See Program Transfers.

Unclassified Employee — State officers or employees in the Executive Department of the State Government who receive annual salaries for their services, including: members of boards and commissions, and heads of departments, agencies and institutions required by law to be appointed; all persons required by law to be appointed by the Governor or heads of departments or agencies appointed by the Governor or by boards; all employees other than clerical in the Office of the Attorney General and the State Public Defender required by law to be appointed by the Attorney General or the State Public Defender; and officers and members of the teaching staff of state institutions of learning such as the Nevada System of Higher Education.

RATE TABLES

The rate tables that follow detail the charges specific state agencies levy against other agencies in the state for services provided. The charges are a method of recouping costs incurred by the centralized agencies providing the services and allows for an equitable distribution of costs and planning for future personnel and infrastructure needs.

GOVERNOR'S REPORT ON STAFF PERQUISITES

Division of Child and Family Services

NRS 63.170 Housing and other perquisites for employees; report to Legislature.

1. If the superintendent of a facility determines that it is necessary or desirable that any employee reside at the facility, the Administrator of the Division of Child and Family Services may grant perquisites to the employee or pay for services rendered to the employee.

2. The Administrator of the Division of Child and Family Services shall submit to the Director of the Department of Health and Human Services, for transmission to each regular session of the Legislature, a report of any perquisites granted to an employee and any payments made for services rendered to an employee.

(Added to NRS by 2003, 1098) [The Division of Child and Family Services is not planning to use this provision in the upcoming biennium.]

Division of Child and Family Services

NRS 63.130 Superintendent: Housing and other perquisites.

1. If a residence is available on the grounds of or near a facility, the superintendent of the facility shall reside at the residence, as provided for in this section.

2. In addition to his salary, the superintendent of a facility is entitled to:

(a) The use of a residence on the grounds of or near the facility, if such a residence is available, which must be maintained by the State of Nevada.

(b) Heat, electricity and water for the residence.

(c) The use of any appliances and furnishings for the residence which are reasonably necessary, as determined by the Administrator of the Division of Child and Family Services.

(d) Meals at the facility without charge when supervising personnel or children.

3. The superintendent of a facility shall not receive any perquisites except those provided for in this section.

(Added to NRS by 2003, 1096)

[The Division of Child and Family Services is not planning to use this provision in the upcoming biennium.]

Department of Corrections

NRS 209.181 Officers and employees residing at institution or facility: Charges and perquisites; notice to Legislature.

1. If the Director finds that it is necessary or desirable that any officer or employee reside at an institution or facility, perquisites granted to the officer or employee or charges for services rendered to him are at the discretion of the Board.

2. The Director shall notify the Legislature at each regular session of the existing charges and perquisites.

(Added to NRS by 1977, 847; A 1983, 721)

[No longer in use by the Department of Corrections]

Division of Mental Health and Mental Retardation

NRS 433.254 Administrator: Powers and duties.

3. If the Administrator finds that it is necessary or desirable that any employee reside at a facility operated by the Division or receive meals at such a facility, perquisites granted or charges for services rendered to that person are at the discretion of the Governor. (Added to NRS by 1975, 1592; A 1979, 811; 1985, 423, 2264; 1989, 429) [No longer in use by the Division of Mental Health and Developmental Services]

Division of Child and Family Services

NRS 433 B.130 Additional Provisions Relating to Children.

If the Administrator finds that it is necessary or desirable that any employee reside at a facility operated by the Division or receive meals at such a facility, perquisites granted or charges for services rendered to that person are at the discretion of the Governor. (Added to NRS by 1993, 2709; A 1999, 103) [The Division of Child and Family Services is not planning to use this provision in the upcoming biennium.]

INTERIM FINANCE CONTINGENCY FUND ACTIVITY

State agencies requesting allocations from the Interim Finance Contingency Fund must petition the Board of Examiners. If the request is recommended by the Board of Examiners, the Interim Finance Committee meets and considers the recommendation. If approved by the Committee, amounts may be transferred to State agency accounts. The table at right is an accounting of receipts and disbursements in the Fund since the 2007 Legislative Session.
