B&I - REAL ESTATE RECOVERY ACCOUNT

216-3827

PROGRAM DESCRIPTION

The Real Estate Recovery Fund is statutorily authorized by NRS 645.841 as a special revenue fund. The fund is to be used for satisfying claims against persons licensed under NRS 645. A special fee of \$40 is assessed to each real estate salesman and broker upon each application and renewal of a license. The fee is initially deposited into this budget account and is maintained to pay potential recovery claims against licensees that may be ordered by a court of law. At the end of the fiscal year, the balance of the fund in excess of \$300,000 is transferred to the Real Estate Education and Research budget account for use by the administrator, after approval of the Real Estate Commission, for real estate education and research (B/A 216-3826). Statutory Authority: NRS 645.841 through 645.8491.

B&I - COMMON INTEREST COMMUNITIES

101-3820

PROGRAM DESCRIPTION

This office assists and educates boards and owners who live within common-interest communities and condominium hotels in understanding and properly applying the laws that regulate them and investigates and assists in resolving disputes. The five-member commission for Common-Interest Communities was created in 2003 to conduct disciplinary hearings, adopt regulations, and act in an advisory capacity. The commission's statutory authority was subsequently expanded with AB 431 which created the Commission for Common Interest Communities and Condominium Hotels. Statutory Authority: NRS 38.300 through 38.360, 116.615 .795 and 116B.800 through .815.

This fee-based budget supports the Office of the Ombudsman for Common-Interest Communities and the Commission for Common-Interest Communities and Condominium Hotels. This program is funded by fees collected annually from each registered homeowner association and from filing fees for Alternative Dispute Resolution (ADR), along with the interest collected on these funds. The Office of the Ombudsman is required to assist and educate boards and owners who live within common-interest communities and condominium hotels in understanding and properly applying the laws that regulate them, to publish materials related to those rights and responsibilities, to investigate disputes, and to assist in resolving disputes involving provisions of the law and the governing documents of the association.

B&I - WEATHERIZATION

101-4865

PROGRAM DESCRIPTION

The Weatherization Program works in combination with the Federal Department of Energy's (DOE) Weatherization Grant Program and the state's Universal Energy Charge (tax) to create expanded opportunities to assist low income families improving energy efficiency for their homes and thereby minimizing utility costs. Most funds are expended through subcontractors who are carefully trained and monitored in their efforts to test for weather-related air and water leakages in homes and multifamily projects of low income families throughout the state. Once a dwelling unit is determined to need specific assistance, retrofitting of certain types of insulation, windows, doors, heaters and water heaters are procured and installed. The staff conduct quality control audits, training programs and assist in outreach efforts. Statutory authority: NRS 702.250.

PROGRAM DESCRIPTION

This budget consists of the Administrator's Office, the Workers' Compensation Section (WCS), the Administrative Services Unit and the Legal Section. The WCS regulates Nevada's workers' compensation programs to ensure that injured workers receive timely and accurate delivery of wage loss compensation, physical impairment compensation, medical compensation, and rehabilitation benefits through a comprehensive program of training, auditing, investigation, and enforcement. The WCS is also responsible for the regulation of self-insured employers, associations of public and private self-insured employers, private workers' compensation carriers, third party administrators, managed care organizations, and health care providers. The WCS Compliance Unit enforces the statutory requirement that all employers with one or more employees maintain a policy of workers' compensation. In a non-regulatory capacity WCS oversees the administration of uninsured claims. The Administrative Services Unit provides support services and technical assistance to the division and its sections in the areas of accounting, budgeting, accounts payable, purchasing, inventory, payroll, personnel, and information systems.

PROGRAM DESCRIPTION

The Athletic Commission regulates all contests or exhibitions of unarmed combat including boxing, kickboxing, and full-contact martial arts. The commission has total jurisdiction over contests of unarmed combat. It supervises and regulates boxers, kickboxers, mixed martial arts contestants, ring officials, managers, promoters and matchmakers. Fees are collected from the sale of tickets to view boxing, kickboxing, and mixed martial arts, and from the sale or lease of television or motion picture rights. All revenue collected is deposited into the General Fund. The commission is comprised of five members appointed by the Governor for staggered three year terms. The Medical Advisory Board is appointed by the commission and makes recommendations to the commission on the physical or mental condition of contestants as well as standardization of medical tests. NRS 467 and NAC 467.

ECONOMIC DEVELOPMENT- PROCUREMENT OUTREACH PROGRAM

101-4867

PROGRAM DESCRIPTION

The Procurement Outreach Program (POP) promotes economic diversification of the state's economy by increasing the flow of government and commercial contract dollars to Nevada. This is accomplished by providing Nevada firms with access to procurement opportunities and the tools to compete for and win contracts previously awarded in other states. Many businesses consider the idea of selling their products or services to government and corporate purchasing activities complicated and daunting. Major focuses are retention, expansion and diversification. The POP program helps simplify the process and cut through red tape, connecting Nevada businesses with lucrative opportunities. Statutory Authority: NRS Chapter 231 and Title 10 USC Chapter 142.

PROGRAM DESCRIPTION

The mission of the Commission on Tourism is to generate tourism revenue for the State of Nevada. It accomplishes this by developing and implementing an aggressive and competitive marketing campaign designed to promote the State of Nevada and increase the number of domestic and international tourists to the state. The commission utilizes a broad strategy that consists of advertising campaigns including television and internet as well as print advertising in travel publications and magazines; a domestic and international presence at consumer and industry trade shows; international trade missions involving high level government officials; a well defined presence on the internet; a call center and collateral distribution operation; cooperative efforts and partnerships; a rural grant program designed to allocate marketing and advertising dollars into rural Nevada; close collaboration with a network of tourism volunteers throughout Nevada, representing the state's six "territories"; and educational opportunities for the tourism industry through the Governor's Conference on Tourism and the Rural Roundup annual conferences. Statutory Authority: NRS 231.160 to NRS 231.360.

ENHANCEMENT

E125 EQUITABLE, STABLE TAX STRUCTURE

This request changes the funding mechanism for the Commission on Tourism. This action will reclassify Lodging Tax revenues as a General Fund revenue and remove this funding source from the Tourism Development Fund account. Lodging Tax revenue will be deposited directly to the General Fund and the Commission on Tourism accounts would be funded with a General Fund appropriation.

TOURISM - TOURISM DEVELOPMENT

225-1523

PROGRAM DESCRIPTION

This budget account provides grant funds for the Tourism Development Grant Program. In 2001, through Senate Bill 583, Nevada Commission on Tourism (NCOT) along with the Nevada Commission on Economic Development became the administrators of a new grant program created to stimulate rural tourism development such as rodeo and/or fair grounds or event centers. Senate Bill 583 set into statute funding in the amount of \$200,000 per biennium in support of this program. This funding will be utilized as grant funding to local private and public organizations to help enhance or develop tourism/recreational infrastructure needs in Nevada. Funds could also be used for tourism advertising grants to promote special events.

BASE

This request continues funding for the Tourism Development Grant Program, as established in the 2001 Legislative Session. Any one-time expenditures have been eliminated and partial year costs have been annualized.

PROGRAM DESCRIPTION

The Grants Management Unit consolidates the function and management of grant programs that pass funds through to community level sub-recipients. The Grants Management Unit was created to ensure the standardization of procedures, simplification of accounting, and co-location of staff. The efficiencies realized allow the department to use fewer funds for administrative purposes and to pass more funds to grantees providing direct services. Grantees have also benefited from the standardized procedures used to request funding.

ENHANCEMENT

E665 PROGRAM REDUCTIONS/REDUCTIONS TO SERVICES

This request eliminates the HIFA waiver, which provides insurance premium subsidies of up to \$100 per month to low-income employees of small businesses (three recipients) and provides coverage for pregnant women up to 185% of the federal poverty level (ninety-four recipients). Federal regulations require that the HIFA coverage be eliminated in order to cap Nevada Check-Up enrollment.

PROGRAM DESCRIPTION

The mission of the Division for Aging Services (DAS) is to develop, coordinate and deliver a comprehensive support system in order for Nevada's senior citizens to lead independent, meaningful, and dignified lives. DAS primarily serves Nevadans aged sixty years and older. The division is administered through four units: Elder Rights, Fiscal, Resource Development, and Community Based Care.

This account includes DAS administration, as well as the Resource Development, Elder Rights, and Fiscal Services Units. The Resource Development Unit is responsible for grants administration and community resource development. The Elder Rights Unit is established under Title III of the Older Americans Act and the Elder Rights Attorney under NRS 427A.123. The Ombudsmen for Aging Persons, otherwise known as Advocates for Elders, are authorized by NRS 427A.300, which outlines their duties to provide assistance to persons who are sixty years of age or older and do not reside in facilities for long term care, and NRS 427A.125 authorizes advocates for residents of facilities for long term care. The Fiscal Unit provides the financial services necessary for the internal administration of the agency.

PROGRAM DESCRIPTION

The mission of the Office of Disability Services (ODS) is to provide resources at the community level that assist people with severe disabilities and their families to help them, to live as independently as possible, and to live in an integrated setting. ODS assists those who are ineligible for services through public entitlement programs or for whom services do not exist. ODS strives to save tax dollars by diverting individuals from institutional care and by helping individuals leverage resources available from family, friends and non-profit community organizations.

HCF&P - HIFA HOLDING ACCOUNT

101-3155

PROGRAM DESCRIPTION

The Health Insurance Flexibility Accountability (HIFA) Waiver uses Federal Title XXI State Children Health Insurance Program (SCHIP) funds to extend Medicaid coverage to pregnant women whose income is between 133% and 185% of federal poverty level (FPL), and the Employer Insurance Program (EIP) for small businesses. This program subsidizes insurance premiums for individuals who have children and/or are pregnant, with incomes less than 200% of FPL, employed by a small business (2-50 employees) and enrolled in their employer's health plan. The HIFA Holding Account includes a State General Fund appropriation and a matching transfer from the Supplemental Account for Medical Assistance to Indigent Persons to pay the state share of HIFA program costs.

Statutory authority: NRS 422A.015, 422.2726, 422.2727, 422.2728 and 428.305.

This request eliminates the HIFA waiver, which provides insurance premium subsidies of up to \$100 per month to low-income employees of small businesses (3 total recipients) and provides coverage for pregnant women up to 185% FPL (94 total recipients). HCF&P - INTERGOVERNMENTAL TRANSFER PROGRAM

101-3157

PROGRAM DESCRIPTION

The Intergovernmental Transfer (IGT) account collects payments from counties to be used as state matching funds for Medicaid expenditures, thus reducing the need for state General Fund revenue. Payments are collected from Clark and Washoe counties in support of supplemental Disproportionate Share Hospital (DSH) payments to hospitals. DSH payments support facilities that serve a disproportionate share of Medicaid, indigent or other low-income patients. This reduces the burden of uncompensated costs for these facilities. The IGT also collects payments from counties to support supplemental Upper Payment Limit (UPL) payments to non-state public hospitals. The UPL program allows supplemental payments to non-state public hospitals so that their overall Medicaid payments approximately equal what they would have been paid under the federal Medicare program. The proceeds are deposited to this account and transferred as needed to Budget Account 3243 - Medicaid for the DSH and UPL payments, to Budget Account 3158 - HCF&P Administration for related administrative costs, to Budget Account 3178 - Nevada Check-Up to defray expenses, and the remainder balanced forward to reserve.

Statutory authority: NRS 422.380 through 422.390 and the Nevada State Plan under Title XIX of the Social Security Act.

E901 TRANSFER TO BA 3158 - ADMINISTRATION

This request transfers administrative expenditures to budget account 3158, Division of Health Care Financing and Policy Administration. The division receives separate federal grants for administration and medical services, which must be reported separately to the federal government. Since a substantial portion of the administrative expenditures are included in the Medicaid budget, this transfer would simplify budgeting, accounting, federal reporting requirements and allow for a more effective cost allocation of expenditures. This request includes the transfer of 151 employees and related expenses.

HCF&P - INCREASED QUALITY OF NURSING CARE

101-3160

PROGRAM DESCRIPTION

The 2003 Legislature instituted a Long Term Care (LTC) provider tax on freestanding long term care facilities to increase the quality of long term nursing care in Nevada. The tax rate is based on non-Medicare patient day equivalents at six percent until October 2007, then five and one-half percent thereafter. The proceeds of the tax are deposited to this account and then transferred, as needed, to Medicaid (B/A 3243) to pay rate increases to skilled nursing facilities caring for Medicaid recipients, up to one percent to the Division of Health Care Financing & Policy Administration (B/A 3158) for administrative costs, and the remainder balanced forward to reserve.

Statutory authority: NRS 422.3755 through 422.379.

BASE

This request continues categorical expenditures at FY 2008 levels.

HCF&P - NEVADA CHECK-UP PROGRAM

101-3178

PROGRAM DESCRIPTION

Nevada initiated a State Children's Health Insurance Program (SCHIP) in 1998, known as Nevada Check-Up. Under Title XXI of the Social Security Act, SCHIP provides options for states to cover health care costs for low-income, uninsured children not eligible for Medicaid whose family income is at or below 200% of the federal poverty level (FPL). The Nevada Check-Up Program is a stand-alone program. It is not an entitlement program nor is it part of the Medicaid Program. Families are assessed quarterly premiums based on family size and income. Statutory authority: NRS 432A.300, NRS 422, Federal Title XXI of the Social Security Act and Section 43 of the Code of Federal Regulations (CFR).

PROGRAM DESCRIPTION

This budget account represents Medicaid medical costs for the Division of Health Care Financing and Policy as authorized by Federal Title XIX of the Social Security Act. The mission of the division is to purchase quality, accessible, and economical health care services for eligible Nevadans. Federal regulations define mandatory recipient groups to be covered, Nevada generally covers only those mandatory groups. The Welfare and Supportive Services Division and the Department of Health and Human Services' Unemployment projection model provides caseload forecasts. Cost-per-eligible data is produced from the Medicaid Management Information System (MMIS) and is based on paid medical claims history. This data is factored with the caseload projections to produce budgeted medical expenditures.

Statutory authority: NRS 422, NRS 439B, Federal Title XIX of the Social Security Act, Section 42 Code of Federal Regulations, and the Nevada State Plan.

M101 INFLATION - AGENCY SPECIFIC

This request includes agency specific inflation for medical services, mandatory rate increases for HMO and non-emergency transportation, as these are capitated programs; Centers for Medicare and Medicaid Services (CMS) mandated annual rate increases for federally Qualified Health Centers, Rural Health Centers, Indian Health Services, hospice and miscellaneous CPT codes. This also includes a rate increase that resulted from approval of a Medicaid State Plan Amendment governing Residential Treatment Centers. As a condition of this approval, the division is required to unbundle rates, which will increase provider reimbursements. It does not include any pharmacy inflation rate increases; though pharmacy rates are increased annually, the Division has experienced no increase in pharmacy Cost Per Eligibles (CPE). This is attributable, in part, to implementation of a requirement that all drug claims must include a National Drug Code (NDC), which has reduced pharmacy utilization.

E901 TRANSFER TO BA 3158 - ADMINISTRATION

This request transfers administrative expenditures to budget account 3158, Division of Health Care Financing and Policy Administration. The division receives separate federal grants for administration and medical services, which must be reported separately to the federal government. Since a substantial portion of the administrative expenditures are included in the Medicaid budget, this transfer would simplify budgeting, accounting, federal reporting requirements and allow for a more effective cost allocation of expenditures. This request includes the transfer of 151 employees and related expenses.

PROGRAM DESCRIPTION

Environmental Health Services (EHS) involves those aspects of public health concerned with the factors, circumstances, and conditions in the environment or surroundings of humans that can exert an influence on health and well-being. The EHS section uses tools such as permitting, management, education, enforcement, consultation, and emergency response for the purpose of prevention of environmental health hazards and the promotion and protection of the public health and the environment in the following areas: food protection; bottled water plants and distributors; cosmetic plants; childcare facilities; public accommodations; recreational vehicle parks; institutional environmental health; land use; recreational swimming areas and waters; solid and liquid waste management; onsite septic systems; water sanitation; and emergency preparedness. All food-borne illness complaints are investigated, as well as truck wrecks and fires that involve food and drugs. Staff provides public education in a variety of fields including sanitation courses for food service workers and managers. Section staff operates throughout the entire state. Offices are located in Carson City, Elko, Winnemucca, Ely, Fallon, Tonopah and Las Vegas.

In order to maximize service delivery and to collaborate with other departments and agencies, the Environmental Health Services program was expanded in 2008 to become part of the developing Frontier & Rural (FaR) Public Health Services Program promoting optimal wellness in rural/frontier Nevada through the delivery of Public Health Nursing, Environmental Health Services (EHS), Public Health Preparedness (PHP), and assistance with Early Intervention Services (EIS) for eligible children, preventive health care and education.

Meetings are held throughout the year with county administrators and county commissioners to base service delivery models on individual community needs. Statutory Authority: NRS 432A, NRS 439, NRS 444, NRS 445A, NRS 446, NRS 447, NRS 449, NRS 583, and NRS 585.

HHS - PUBLIC HEALTH TOBACCO FUND

263-3212

PROGRAM DESCRIPTION

Assembly Bill 474 created the Trust Fund for Public Health during the 1999 Legislative Session. As a result of the legislation, ten percent of all Tobacco Settlement proceeds are allocated to the Trust Fund, which is administered and managed by the Office of the State Treasurer. AB 474 limits Trust Fund expenditures to the interest and income generated by the Trust Fund for grants to promote public health and programs for disease or illness prevention; conduct research issues related to public health; and provide direct health care services to children and senior citizens. An eleven-member board of trustees was created by the legislation to provide strategic direction for how the funds will be expended. Statutory Authority: NRS 439.

PROGRAM DESCRIPTION

The Special Supplemental Food Program for Women, Infants, and Children, commonly known as WIC, provides nutritious foods to supplement the diets of limited income pregnant, postpartum and breastfeeding women, infants, and children under age 5 who have been determined to be at nutritional risk. At WIC, participants get food instruments for healthy foods, advice on good nutrition, health screening, information on health care services like immunizations, prenatal care, family planning, and information about other family support services available in their community.

Applicant(s) must be an infant or child under five years of age, a pregnant woman, a postpartum woman (up to 6 months after giving birth), or a breastfeeding woman (up to the breastfed infants first birthday); must be a Nevada resident and physically live in Nevada at the time of application; must be at or below 185% of the federal poverty level; and must be at nutritional risk as determined by a Competent Professional Authority (CPA) at the WIC clinic.

PROGRAM DESCRIPTION

The mission of the Bureau of Licensure and Certification (BLC) is to protect the safety and welfare of the public through promotion and advocacy of quality health care through licensing, regulation, enforcement and education. The BLC evaluates the quality of health care provided to residents/patients of medical facilities, laboratories, and facilities for the dependent. The BLC also has an agreement with the federal government, Centers for Medicare and Medicaid Services (CMS), to certify certain health facilities in the Medicare/Medicaid reimbursement programs. The BLC also has an agreement with CMS to certify certain laboratories for compliance with the Clinical Laboratory Improvement Amendments (CLIA). The laboratory section also certifies and licenses technical laboratory personnel and laboratory directors throughout the state. The BLC is responsible for dissemination of health care regulation information and education for the public, providers and governmental agencies.

This budget account includes two of the Bureau's three sections: Health Facilities and Medical Laboratories. Statutory Authority: NRS 449, 455A and 652. Titles XVIII and XIX of the Social Security Act; Clinical Laboratory Improvement Amendments (CLIA)

HHS - COMMUNITY HEALTH SERVICES

PROGRAM DESCRIPTION

Historically, the Community Health Nursing (CHN) program provided Public Health Nursing services to assist the individual, family and community in attaining their highest level of holistic health in fourteen of Nevada's rural and frontier counties. In 2008, in order to maximize service delivery and to collaborate with other departments and agencies, the CHN program expanded to become the Frontier & Rural (FaR) Public Health Services Program promoting optimal wellness in rural/frontier Nevada through the delivery of Public Health Nursing, Environmental Health (EH) services, Public Health Preparedness (PHP), and assistance with Early Intervention Services (EIS) for eligible children, preventive health care and education. Essential public health services include adult and child immunizations, Early Periodic Screening Diagnosis and Treatment (EPSDT) examinations, including lead testing; additionally family planning, cancer screening, and identification/treatment of communicable diseases such as Tuberculosis (TB), Sexually Transmitted Infections (STI) and Human Immunodeficiency Virus (HIV) are offered. Three Community Health Nurses (CHNs) function as the school nurse in those rural districts without school nurses.

Meetings are being held throughout the year with county administrators and county commissioners to base service delivery models on individual community needs.

E277 MAXIMIZE INTERNET AND TECHNOLOGY

This request increases employee efficiency an additional 20% through an incremental and dedicated technology initiative to: 1) develop a web-based interactive benefit application and self service module, 2) implement document imaging to digitally scan documents and electronically route for processing, 3) introduce service oriented architecture providing a common presentation and retrieval overlay, 4) flatten security to allow state wide access and processing of regional activities, and 5) allow utilization of Family Resource Centers (FRC) to connect households with DWSS administered programs. Operational efficiencies and cost-avoidance result in savings of \$13 to \$16 million per year after full implementation and ramp up. This request includes nine new information technology positions for system support and is linked to decision unit E-589, which contains the Technology Information Request (TIR).

WELFARE - TANF

PROGRAM DESCRIPTION

The Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA) replaced the entitlement for Aid to Families with Dependent Children (AFDC) with a Temporary Assistance for Needy Families (TANF) block grant covering cash assistance, welfare employment and training activities and other activities meeting the four goals of TANF: 1) provide assistance to needy families so children may be cared for in their homes or in the homes of relatives; 2) end the dependence of needy parents on government benefits by promoting job preparation, work and marriage; 3) prevent and reduce the incidence of out-of-wedlock pregnancies and 4) encourage the formation and maintenance of two-parent families.

Although significantly curtailed by the Deficit Reduction Act of 2005, this legislation gave the State of Nevada the flexibility to design its own self-sufficiency program to assist welfare recipients in finding and keeping jobs using elements such as capped funding, time limits on program eligibility, and work requirements. There are currently five different types of TANF benefit programs:

1) New Employees of Nevada (NEON); 2) Child only for households containing no-work eligible individuals; 3) Temporary Program (TEMP) providing short term assistance for a discreet episode of need; 4) Self-Sufficiency Grant providing a lump sum payment removing specific barriers to employment and 5) TANF Loan Program providing monthly benefits to a family anticipating a future lump sum payment. TANF is federally funded through a block grant from the U.S. Department of Health and Human Services. The annual federal TANF block grant is \$43,917,907 and is anticipated to remain at that level. Due to Nevada's high population growth, the state receives a supplemental grant which has remained at \$3,733,532 for the last several years and which has been extended through Federal Fiscal Year 2009. Under the maintenance of effort (MOE) provision in the federal regulations, states are required to contribute money equal to 80% of the amount spent on Aid to Families with Dependent Children (AFDC) and AFDC-related programs during FY 1994. The 80% MOE can be reduced to 75% for each year the work participation rates are met. For Nevada, the total TANF MOE is \$27,188,122 of which \$24,565,852 is in the TANF budget account. The remaining \$2,580,420 is spent in the Child Care budget account. These funds are counted as MOE for both TANF and Child Care.

The TANF program mandates the state to participate in a Child Support Enforcement Program (CSEP) which is funded through budget accounts 3238 and 3239.

Portions of the TANF funds are transferred to other divisions within the Nevada Department of Health and Human Services (DHHS), Clark County and Washoe County in support of various programs administered by these organizations utilizing TANF eligibility rules and for the intended purpose of TANF funds.

WELFARE - ASSISTANCE TO AGED AND BLIND

101-3232

PROGRAM DESCRIPTION

The State Supplemental Assistance Program provides supplemental income to low income aged and blind individuals and provides adult group care facilities with supplements to assist recipients in avoiding or delaying institutionalization. The federal government began the Supplemental Security Income (SSI) program on January 1, 1974. The program is administered by the Social Security Administration (SSA). States were given the option to make payments in addition to the amount paid by the federal government. Nevada has paid state supplements to the aged and blind since the beginning of the program. The prevention of or delay in institutionalization results in cost savings for the Medicaid program. The Department of Welfare and Supportive Services contracts with the Social Security Administration for the determination of eligibility and issuance of the state supplement. States pay a per check charge for SSI payments made. The per check charge is \$9.95 in Federal Fiscal Year 2008 and \$10.25 in Federal Fiscal Year 2009. Per check charges are indicated to be \$10.56 in Federal Fiscal Year 2010 and \$10.88 in Federal Fiscal Year 2011. The state supplement and federal payment are paid monthly to the recipient and combined in one check from the Social Security Administration.

Statutory authority: Nevada Revised Statutes, Chapter 422A.

WELFARE - FIELD SERVICES

101-3233

PROGRAM DESCRIPTION

The Field Services budget provides staff salaries and operating expenses for the various programs administered by the Division of Welfare and Supportive Services (DWSS). This budget account primarily consists of Family Services Specialists who determine eligibility for the major program areas which include: Temporary Assistance for Needy Families (TANF), Food Stamps, and various Medicaid programs including medical assistance to the aged, blind and disabled. Family Services Specialists and Social Workers provide employment and support services to assist the needy in overcoming barriers to self-sufficiency. The Federal Government mandates specific quality and performance measures for eligibility, client support and re-determination. The state is subject to penalties in the form of grant reductions for non-compliance with the performance measures. If penalized the state is required to replace the grant reductions with General Fund monies restoring the available program funding to the pre-penalty level. Field Services is required to provide service to anyone seeking access to DWSS administered programs. All requests are provided a consistent level of quality service. If adequate staff is not available to meet the case load demand, timeliness of service is compromised. The current budget is presented, based on the SFY 08 caseload, with a 12% reduction in staffing levels designed to meet specific General Fund expenditure targets. Maintenance units have been proposed to request additional staffing for projected incremental increases in caseload over the biennium.

Statutory authority: Nevada Revised Statutes, Chapter 422A.

WELFARE - CHILD SUPPORT ENFORCEMENT PROGRAM

101-3238

PROGRAM DESCRIPTION

In Nevada, this program is administered by the Department of Welfare and Supportive Services (DWSS) and jointly operated through participating county district attorneys' offices through cooperative agreements. The Child Support Enforcement Program provides five basic services: 1) location of absent parents; 2) establishment of parentage; 3) establishment of child support and medical support orders; 4) enforcement of child support and medical support orders; and 5) collection and disbursement of child support and medical support payments. Funding is matched 34% by the state and county and 66% by the Federal Child Support Enforcement Grant. The 34% state share is funded through State Share of Collections (SSC). The SSC is the amount of TANF dollars allowed to be retained by the state according to federal rules, which are collected through assigned child support payments.

Statutory Authority: Nevada Revised Statutes Chapter 425.

101-3239

PROGRAM DESCRIPTION

The Child Support Federal Reimbursement budget account is used to pass through federal payments to local district attorneys' offices for the federal share of costs and incentive payments associated with their local child support enforcement programs. Nevada district attorneys participating in the program under contract to provide intake, location of non-custodial parents, paternity establishment, financial and medical support order establishment and other enforcement activities. The Child Support Federal Reimbursement budget account was created in the 1999 budget process to separate the child support program's state administrative costs (B/A 3238) from the pass-through of federal funds to the local district attorneys.

Statutory Authority: Nevada Revised Statutes Chapter 425.

BASE

The base budget provides for the pass-through of federal payments to local district attorney offices and incentive payments associated with their local child support enforcement programs at the SFY 2008 levels. The federal share of unclaimed property is also accounted for and disbursed as claimants are identified.

WELFARE - ENERGY ASSISTANCE PROGRAM

101-4862

PROGRAM DESCRIPTION

The mission of the Energy Assistance Program (EAP), formerly known as Low Income Home Energy Assistance (LIHEA), is to assist eligible Nevada citizens in meeting their heating and cooling needs. The Energy Assistance Program provides payments for eligible households, which can be applied to either the heating provider, the cooling provider, or split between the two. EAP payment funding is provided by the Low Income Home Energy Assistance block grant and through the Fund for Energy Assistance and Conservation (B/A 6031), which was created as a result of legislation approved during the 2001 Legislative Session to collect a Universal Energy Charge (UEC) from certain electric/gas utilities.

Statutory authority: Nevada Revised Statutes, Chapters 422A and 702.

HHS - FAMILY PRESERVATION PROGRAM

101-3166

PROGRAM DESCRIPTION

The Family Preservation Program (FPP) provides financial assistance to low-income families residing in Nevada who are providing care in their home for family members with profound or severe mental retardation. Also covered are children under six years of age who have developmental delays that require support equivalent to that required by a person with profound or severe mental retardation or a related condition. The purpose of this assistance is to help offset expenses necessary to meet the special needs of the person with mental retardation and to help strengthen and support families, thereby keeping families intact and reducing the need for out-of-home placement. Statutory Authority NRS 435.365.

PROGRAM DESCRIPTION

Information Management Services (IMS) is the unit within the Division of Child and Family Services (DCFS) that supports the division in its technological needs. IMS maintains two major computer applications: UNITY and Avatar.

UNITY is the Nevada-specific acronym for the federally mandated Statewide Automated Child Welfare Information System (SACWIS). Child Welfare agencies nationwide are required to submit adoption and foster care information electronically to the Administration for Children and Families as per Public Law 103-66 (Omnibus Reconciliation Act). Child Protective Services intake and case management has been fully automated to ensure timely and accurate communications between state and county entities.

Avatar is the Health Insurance Portability and Accountability Act (HIPAA) compliant case management and billing system that supports children's mental health. It has been operational since August 2005 and has greatly improved the accuracy of billing, which in turn has increased revenues for the division.

In addition to maintaining these two applications, IMS provides helpdesk support, training, network, and desktop computer support for the division.

HHS - YOUTH ALTERNATIVE PLACEMENT

101-3147

PROGRAM DESCRIPTION

The Youth Alternative Placement account was established to "pass through" funding to the counties for the Spring Mountain Youth Camp in Clark County and China Spring Youth Camp and Aurora Pines Girls Facility in Douglas County.

The Spring Mountain Youth Camp and its community-based program provide residential treatment for youth between the ages of twelve and eighteen who have been adjudicated delinquent. The programs at Spring Mountain Youth Camp provide for the therapeutic, educational, social, medical, and recreational needs of approximately 112 male youths receiving daily services. The treatment teams maintain custody of 100 adjudicated delinquent youth and attempt to rehabilitate them through education, counseling, recreation, athletics, training, and work. Counseling and therapy are provided to the youth as needed through Clark County's psychological services. Aftercare services are provided by a team that includes probation officers and a mental health therapist who begin contact with youth prior to placement and continues through completion of probation. This program operates in cooperation with and is supported by local law enforcement agencies, the Clark County School District, and various state agencies.

The China Spring Youth Camp is a 40-bed residential treatment program for male youths between the ages of twelve and eighteen who have been adjudicated delinquent by Nevada courts. The program provides for the therapeutic, educational, social, medical, and recreational needs of youth from sixteen of Nevada's seventeen counties. The China Spring Youth Camp is funded by joint participation between the State of Nevada and the 16 counties whose youth are served. The Aurora Pines Girls Facility is a 24-bed facility co-located on the same grounds as the China Spring Youth Camp. The program is dedicated to helping female, mid-level offenders between the ages of twelve and eighteen develop skills, knowledge and experience to promote health and resiliency, arrest progression of problems caused by delinquent behavior and interpret and avoid high risk behavior patterns in an emotionally safe, comforting, challenging and nurturing environment. PROGRAM DESCRIPTION

Child Care Services is responsible for licensing and monitoring child care facilities under the provisions granted in Nevada Revised Statutes (NRS) 432A, Services and Facilities for Care of Children and Nevada Administrative Code (NAC) 432A, Regulations and Standards for Child Care Facilities. Child Care Services has the responsibility for initial licensing, continued monitoring and providing technical assistance to child care facilities caring for five or more children not licensed by local entities. Facilities include child care centers, on-site centers, care for ill children, special needs centers, pre-schools, nurseries for infants and toddlers, accommodation facilities, family care homes, group care homes, institutions and outdoor youth programs. These functions are statewide and jurisdiction includes all rural counties, the incorporated areas of Clark County and designated federal, state and county operated programs for children. All areas of responsibility are also monitored for illegal, unlicensed child care operations with complaints investigated to bring facilities into compliance with state laws by licensing or reducing the number of children in care. Child care training is delivered mainly through contracted services. The policy-making board for Child Care Services adopts Regulations and Standards for Child Care. The Child Care Board consists of five members appointed by the division administrator with the concurrence of the director of the Department of Health and Human Services. Federal Bureau of Investigation (FBI) background checks are required for all child care providers and facility residents eighteen years of age and older. Licenses are renewed on an annual basis with a minimum of two unannounced surveys conducted during the annual licensing period. The Child Care Board determines license fees for child care facilities.

PROGRAM DESCRIPTION

The Caliente Youth Center (CYC) is a staff secure, co-educational juvenile residential facility located 150 miles north of Las Vegas on the east side of U.S. Highway 93, in Caliente, Nevada. There are seven housing units situated on thirty-five acres with a maximum capacity of 140 youth in residence. Caliente Youth Center serves clients between the ages of twelve and eighteen years of age. Four units are for males and three are for females. Caliente Youth Center is authorized and governed by NRS Chapter 63 Juvenile Correction Institution and those applicable statutes contained within NRS Chapter 62A Juvenile Courts. The programming at CYC addresses delinquent youth who also may have been victims of abuse, abandonment, and neglect, working closely with both public and private agencies in accomplishing goals. Staff from CYC coordinate with the Nevada Youth Parole Bureau and the Interstate Compact on Juveniles to ensure that the youth receive the best possible aftercare services once they are released from CYC's jurisdiction. Youth who apply themselves to reach their goals in the shortest amount of time possible typically achieve parole release within six to seven months. Statutory Authority: NRS Chapter 63

HHS - VICTIMS OF DOMESTIC VIOLENCE

101-3181

PROGRAM DESCRIPTION

The Victims of Domestic Violence program awards grants to non-profit entities statewide to provide direct services to victims of domestic violence and sexual assault. Services include shelter, crisis phone access, emergency assistance, advocacy, hospital accompaniment, and counseling. Viable programs are sustained in all seventeen Nevada counties with trained staff and volunteers. The Division of Child and Family Services has responsibility for monitoring domestic violence programs to ensure compliance with NRS 217.400 through 217.460 for granting funds from the domestic violence account, maintaining financial records, and evaluating services provided. Funding for this program comes from marriage license fees. The Victims of Domestic Violence account was established for the purpose of managing these funds. Statutory Authority: NRS Chapter 217

HHS - YOUTH PAROLE SERVICES

101-3263

PROGRAM DESCRIPTION

Youth Parole Services provides supervision and case management services to delinquent youth committed to the Division of Child and Family Services (DCFS) Youth Correctional Services. Caseloads consist of delinquent youth committed to state youth institutions, youth on parole from such institutions, youth referred to Nevada for parole supervision from other states through the Interstate Compact on Juveniles (NRS 62I), youth committed to DCFS who require both correctional and mental health residential treatment, and youth under the age of twelve who are committed to DCFS for correctional care, but who cannot by law be placed in an institutional setting.

Parole aftercare services are provided to youth through a continuum of services starting with client and family assessment, institutional visitation and pre-release parole planning with youth while the youth are in the state youth correctional facilities. Based on these contacts, youth are provided with a reputable placement and appropriate parole programming. Youth unable to return to parents or guardians are provided residential care through division contracts for foster care, group care, and residential treatment programs. While on parole, each youth is supervised to ensure compliance with conditions of parole and state and local laws. Counseling and guidance is provided to facilitate the youth's successful participation in an educational and/or vocational program. Through day treatment classes and individual and group counseling, Youth Parole counselors assist parolees in the development of competencies in their personal lives. Issues of anger control, substance abuse, gender specific issues, gang membership, impulse control, social skills and decision-making are addressed on an individual basis. Youth Parole Services operates the Interstate Compact on Juveniles which regulates the transfer of juvenile probation and parole supervision across state boundaries and is charged with arranging the return of delinquent runaways on demand. Statutory Authority: NRS Chapters 62, 62I, and 63

PROGRAM DESCRIPTION

Southern Nevada Child and Adolescent Services (SNCAS) provides assessment, care coordination and a comprehensive continuum of behavioral health care services for emotionally disturbed children and adolescents from birth through eighteen years of age in accordance with NRS 433B. Services are provided in five Neighborhood Family Service Centers. SNCAS center services are both office and home-based and include early childhood mental health services and outpatient children's clinical services providing individual, group and family therapies, intensive clinical case management and early childhood day treatment. Intensive clinical case management services through the Wraparound in Nevada Program (WIN), budget account 3278, are also provided from the five centers. Residential services are provided at the West Charleston campus and include the Oasis On-Campus Treatment Homes which provides intensive treatment home services and Desert Willow Treatment Center which provide inpatient acute psychiatric and residential treatment center services. Psychiatric services are provided for children in early childhood mental health, outpatient and residential services. Services are provided in strength-based, individualized processes that respect and value the family's decision-making and culture. The goal for every child is to provide services within the least restrictive environment and support remaining in or returning to family care with the support of community-based services. Statutory Authority: NRS Chapters 433, 433A and 433B

PROGRAM DESCRIPTION

The mission of the Blind Business Enterprise of Nevada Program, commonly referred to as BEN, is to provide information, assessment, training and placement of blind individuals in vending and business opportunities in public buildings. The primary source of revenue for this fund consists of a percentage of net profits from blind operators of vending facilities that are licensed by BSBVI. These facilities are located in federal, state and municipal buildings statewide. Statutory Authority: NRS 426, Randolph-Sheppard Vending Stand Act Amendments of 1974.

DETR - EMPLOYMENT SECURITY - SPECIAL FUND

235-4771

PROGRAM DESCRIPTION

The Employment Security Fund is created in NRS 612.615 as a special revenue fund to cover expenditures for which federal funds have been requested but not yet received, and covers costs to administer employment security laws that may not be charged against federal grants. The revenue sources for this fund are interest and forfeitures collected from employers for non or late payment of unemployment taxes. All monies in the fund are continuously available to the administrator and do not lapse at any time. The division uses the fund to support and maintain agency-owned buildings, cover contract services for outside legal counsel, and pay for technological enhancements to programs for which federal funds are not available. Statutory Authority: NRS 612.615

BASE

This request funds continued maintenance of agency-owned buildings, contract services for outside legal counsel, and technological enhancements to programs for which federal funds are not available. One-time expenditures have been eliminated and partial year expenditures have been annualized.

NDOC - PRISON MEDICAL CARE

101-3706

PROGRAM DESCRIPTION

The mission of the Medical Division of the Nevada Department of Corrections (NDOC) is to provide quality constitutionally mandated health care using an efficient system of managed care that is professional, humane and appropriate. Inmate health care is comprised of medical, dental, and clinical mental health care. To fulfill its mission, the Medical Division operates infirmaries or clinics at all NDOC institutions. The major medical facility for the department is the Regional Medical Facility (RMF), integrated into the operation and perimeter of the Northern Nevada Correctional Center (NNCC), providing inpatient medical care for serious medical ailments, surgical aftercare, inpatient mental health care, structured living unit for mental health patients after discharge from inpatient services and long term care for fragile, aging and disabled inmates. Mental health extended care is provided at High Desert State Prison (HDSP). The camps and Restitution Center obtain medical services from institutions specifically assigned to support them. In fiscal year 2003, the Medical Division resumed the provision of health care services for Ely State Prison (ESP) and in fiscal year 2005 resumed the provision of health care services for Florence McClure Womens' Correctional Facility from two different private health care contractors. In fiscal year 2004, inmate programming was moved from the Medical Division and organized into a separate Programs Division (budget account 3711), which was funded by the Legislature. The Medical Division is not NCCHC certified (National Commission on Correctional Health Care); however, NCCHC standards are used as a guideline for policy and procedure development.

PROGRAM DESCRIPTION

In 2003, the Nevada Legislature approved a reorganization of existing staff positions to form the Nevada Department of Corrections' (NDOC) first Correctional Programs Division. The division provides substance abuse treatment, religious services, vocational training, counseling and therapy for the general population (i.e., out-patient mental health), educational liaison, re-entry and transitional services, special programs (for youth, the elderly, etc.), and intake assessments. Program staff includes counselors, psychologists, social workers, chaplains, program officers, caseworkers, and support staff. The division's inmate programs are funded in part by grants obtained by NDOC or by partnerships with community organizations that obtain the grants and bring services to Nevada's inmates.

PROGRAM DESCRIPTION

The Northern Nevada Correctional Center (NNCC) is a medium security institution, located east of the Stewart Complex in Carson City. In 2007, the facility expanded via a modular unit which houses 240 inmates. NNCC receives and evaluates all male inmates sentenced to the Department of Corrections by the courts in Northern Nevada. The center provides inmate industries in metal fabrication, office furnishings, manufacturing, and upholstery. Vinyl Products, a private enterprise, also manufactures mattresses and other products at the institution. The center also houses the majority of elderly inmates with disabilities. Educational programs, including evening classes by the Western Nevada College, are offered to inmates as well as religious, substance-abuse, and sexual offender programs. The Regional Medical Facility (RMF), a 112-bed facility, opened July 1993, for inpatient mental health programs. The medical and dental sections opened in January 1994, and offer extended medical care to male and female inmates throughout the state. NNCC has also been the groundbreaking facility for the BioMass project utilizing the generation of electricity and placing it on a power grid for Sierra Pacific.

NDOC - NEVADA STATE PRISON

PROGRAM DESCRIPTION

The Nevada State Prison, located in Carson City, is one of the oldest prisons operating in the United States. Established in 1862, when the Nevada Legislature purchased the Warm Springs Hotel and twenty acres of land for \$80,000, NSP has been in continuous operation. The Nevada State Prison operates as a medium-security prison, although it retains some maximum-security beds. Inmates under sentence of death are incarcerated at the Ely State Prison, but executions are still conducted at the Nevada State Prison. Many religious programs of multiple faiths are available for inmates to participate. In addition, a recent remodeling has allowed NSP to establish a chapel for religious services. A wide range of psychology programs is also available to inmates, including parenting, anger management, and individual counseling. Inmates are employed in several institutional work assignments: food service, janitorial, maintenance, yard labor crews, the laundry, gymnasium, school, law library, and the infirmary. Over sixty inmates are employed in the Department of Motor Vehicles License Plate Factory and in the Prison Industries Bookbinding/Print Shop and Mattress Factory programs. There is an extensive inmate recreational program including organized sport leagues, football, basketball, and soccer. Any general population inmate may participate in these activities. The Carson City School District provides high school education programs for inmates. The district assigned four teachers to the institution in 2008 for this purpose. The Western Nevada College (WNC) has an average semester enrollment of sixty. In a recent class conducted by WNC staff, offenders learned basic building trade skills while remodeling the education area. During a semester there are about twelve instructors from WNC. Normally, there are about two hundred inmates assigned to either full-time or part-time academics. The department provides a Literacy Program to enable inmates to acquire those skills necessary to enter the high school diploma or GED certificate programs. Nevada State Prison utilizes volunteer services for religious programming as well as Alcoholics Anonymous and Alternatives to Violence.

PROGRAM DESCRIPTION

The Southern Desert Correctional Center (SDCC) is a male medium security institution, and is located approximately nine miles south of Indian Springs, and forty miles north of Las Vegas. The institution opened in 1982 with five housing units. Subsequently, additional housing units were constructed in 1984, 1988, and 1994, bringing the total at this facility to eight units. SDCC houses general population, disciplinary, and administrative segregation inmates. SDCC provides educational and vocational opportunities through Prison Industry programs including auto maintenance, auto restoration, furniture manufacturing, stained glass fixtures and other various industries. A Therapeutic Community (OASIS) was added in fiscal year 2002. The program is designed as a four-phase system followed by the possibility of a community-based aftercare program. Level Excellence and Programming (LEAP) unit is a high-intensity programming unit for those offenders who have made the decision to take control of their lives. The program is designed to provide education and programming opportunities that will enable the active participants to improve their lives within the system and upon release.

PROGRAM DESCRIPTION

The Lovelock Correctional Center (LCC) is primarily a medium-security institution but has a large population of close custody protective segregation inmates requiring special handling and security. LCC was approved by the 1989 Legislature with Phase I becoming operational in October 1995 and Phase II in November 1997. LCC has an active, broad based religious program available to all inmates. Coal Canyon High School, sponsored by the Pershing County School District, runs literacy programs, GED and high school diploma courses, a variety of college level classes and several vocational programs. Vocational programs include horticulture, an auto shop, and dry cleaning certification. In addition, LCC has a sex offender treatment, drug and alcohol counseling, the Structured Living Program (SLP), and mental health programs. In addition, prison clothing for all Nevada Department of Corrections institutions is manufactured here by Silver State Industries.

PROGRAM DESCRIPTION

The Southern Nevada Correctional Center (SNCC) is a medium-security facility located approximately 30 miles south of Las Vegas in Jean, Nevada. The institution opened in January 1978, and closed in September 2000 when the High Desert State Prison (HDSP) opened in Indian Springs. All inmates, staff, and canine units were transferred to HDSP, with the exception of two maintenance personnel who remained at SNCC to perform basic maintenance. SNCC was remodeled and reopened in August 2006 as a Youthful Offender Correctional Center. It was closed again in June 2008, with all inmates and staff (except one maintenance worker) being transferred to other facilities in Southern Nevada. Plans to lease the facility are in progress.

PROGRAM DESCRIPTION

The Warm Springs Correctional Center (WSCC), formerly known as the Nevada Womens' Correctional Center (NWCC), was converted from a female to a male medium-custody facility on September 20, 1997. In July 2003, it was converted to a minimum-custody facility, and in July 2008, it reverted to a men's medium-custody institution. WSCC provides a full range of education and work programs. Prison Industries also runs the Card Cutting Program, which employs thirty inmates recycling playing cards from the casinos for resale in the gift shops. Other programs have included the WINGS (Willing Inmates in Nevada Gaining Sobriety) treatment program, the SLP (Structured Living Program), and the PUP (Puppies Up for Parole) program. Educational programs offered by the Carson City School District are a priority, and include earning high school diplomas, GEDs, ESL, and literacy. Structured groups and counseling are offered by the psychologists on staff. Volunteers play a major roll assisting inmates with self-help programs such as Narcotics Anonymous, Alcoholics Anonymous, and Gamblers Anonymous in addition to religious services. WSCC utilizes a full-time coach funded through Inmate Services, who offers a wide range of recreational activities year round.

PROGRAM DESCRIPTION

Since the 1996 creation of the facility in Las Vegas to house women incarcerated in the Nevada Department of Corrections, many changes have occurred with regard to the original planning. Corrections Corporation of America (CCA) owned the facility until its purchase by the State of Nevada in October 2001. CCA provided maintenance, operation, and programs for the women incarcerated at the facility. Originally, CCA subcontracted health care to a private contractor; but eventually discontinued that contract and provided health care themselves. Effective October 1, 2004, the Department of Corrections took possession of the facility, eliminating the need to contract with CCA. Formerly known as the Southern Nevada Womens' Correctional Center (SNWCC), SB 330 renamed the facility in May 2007 to the Florence McClure Womens' Correctional Center (FWWCC) in honor of her contributions to improving conditions for incarcerated women.

NDOC - NORTHERN NEVADA RESTITUTION CENTER

101-3724

PROGRAM DESCRIPTION

The Northern Nevada Restitution Center is located in Reno and functions as a trustee facility, housing male inmates who are employed in the community. From earned income, inmates make restitution payments to victims and to criminal justice agencies. Inmates may accumulate funds above restitution payments to facilitate their release in the community. The center moved to its current site in April 1993. A new site is under construction and will be named Eagle's Nest. It is anticipated that the new facility will be completed in 2011 and will house approximately 104 male and 32 female inmates. The new facility will be located approximately one mile west of the current site.

PROGRAM DESCRIPTION

The Three Lakes Valley Conservation Camp (TLVCC) is a minimum custody facility, located immediately adjacent to the Southern Desert Correctional Center (SDCC) at Indian Springs. It houses a male inmate population in an open facility. The TLVCC was opened in 1982, with the DUI center added in 1991. In 1993, the camp layout was restructured for better security. The institution opened with a 108-bed capacity, but was expanded to 150 beds in 1990, expanded again to 248 inmates in 1994, and in 2007 was expanded to its absolute capacity of 404. The inmates at TLVCC support the Nevada Division of Forestry (NDF) programs for conservation and fire suppression. In addition to the NDF program, The Program of Regimental Discipline (commonly known as "Boot Camp") includes intensive instruction in discipline, respect, motivation, leadership, life skills and substance abuse counseling and physical exercise.

PROGRAM DESCRIPTION

The Jean Conservation Camp (JCC) houses female minimum-custody inmates in an open facility. Its parent institution is the Florence McClure Womens' Correctional Center, 45 miles away. The inmates housed at this facility support the Nevada Division of Forestry program for conservation and fire suppression. The camp was originally occupied in August 1988. New construction, completed in the spring of 1999, replaced existing housing units and increased capacity from 112 to 240 inmates. JCC was converted to a female institution when the High Desert State Prison opened in September 2000.

NDOC - SILVER SPRINGS CONSERVATION CAMP

PROGRAM DESCRIPTION

The Silver Springs Conservation Camp (SSCC) is a minimum-security, female-custody facility, located approximately 30 miles east of Carson City. The facility was authorized by the 1989 Legislature and opened in September 1991. Inmates worked primarily for the Nevada Division of Forestry on conservation, fire suppression, and public service projects. The Warden of the Warm Springs Correctional Center administered SSCC with a Correctional Lieutenant and Sergeant providing on-site management. With a declining female inmate population, SSCC closed in July 2008 and the remaining inmates were transferred to other institutions.

NDOC - PRISON INDUSTRY

525-3719

PROGRAM DESCRIPTION

The mission of Prison Industries (Silver State Industries) is to reduce government operating costs, provide inmates the skills necessary to successfully re-enter society, and enhance the safe operation of correctional facilities. To fulfill its mission, Prison Industries operates as a self-supporting operation, providing meaningful work and job training for prison inmates in the production of goods and services, at little or no direct cost to the taxpayer. Operations include furniture and metal fabrication shops at Northern Nevada Correctional Center (NNCC), mattress and printing/bindery shops at Nevada State Prison (NSP), a garment sewing factory at Lovelock Correctional Center (LCC), a drapery sewing shop at Ely State Prison (ESP), and an automobile refurbishing/repair and motorcycle manufacturing/repair shop at Southern Desert Correctional Center (SDCC.) Prison Industries also operates used playing card recycling operations at Warm Springs Correctional Center (WSSC), High Desert State Prison (HDSP), SDCC, and Florence McClure Womens' Correctional Center (FMWCC). Private businesses include Vinyl Products, Inc. at NNCC, Shelby North America at SDCC, Jacobs Trading Company at FMWCC, Alpine Steel at HDSP, and RDRC at Jean Conservation Camp (JCC) which employ inmates as part of the Prison Industries program. In addition, the state's Department of Motor Vehicles has a license plate plant at NSP. Employment is currently provided for approximately 800 inmates.

NDOC - PRISON DAIRY

PROGRAM DESCRIPTION

The mission of Prison Industries (Silver State Industries) is to reduce government operating costs, provide inmates the skills necessary to successfully re-enter society, and enhance the safe operation of correctional facilities. To fulfill its mission, Prison Industries operates as a self-supporting operation, providing meaningful work and job training for prison inmates, in the production of goods and services, at little or no direct cost to the taxpayer. One of Prison Industries' operations is the Prison Ranch. The Prison Ranch is self-supporting, operating from revenue derived from processed milk sold to the Department of Corrections and other state agencies, as well as from the sale of cream and surplus raw milk to private vendors. Additional income is generated from the sale of livestock, hay grown on-site, renting unused grazing land to private vendors and boarding of both estray horses (Department of Agriculture) and wild horses (Bureau of Land Management), until they have been adopted or sold to private individuals or moved to another holding facility.

DMV - REAL ID

201-4746

PROGRAM DESCRIPTION

On May 11, 2005, President Bush signed into law the REAL ID Act of 2005 which was attached to the Emergency Supplemental Appropriation for Defense, the Global War on Terror, and Tsunami Relief, 2005. The REAL ID Act requires certain standards and procedures for issuing drivers licenses and identification cards (DL/ID). Under the Act, a federal agency may not accept a drivers license or personal identification card after May 11, 2008, unless the state has been certified by the U.S. Department of Homeland Security in consultation with the U.S. Department of Transportation to meet the requirements of the law. As written, an individual could not board a commercial airline, apply for federal benefits, or enter a federal building unless in possession of a REAL ID compliant driver's license or identification card. The final rules require states to be materially compliant by December 31, 2009 in order to request an extension until 2011. All states must be issuing REAL ID compliant cards by May 11, 2011. Nevada is working toward that end with a blend of federal grants and Highway Fund Authorizations.

PROGRAM DESCRIPTION

The Compliance Enforcement Division is the regulatory arm of the Department of Motor Vehicles. The division serves as the umbrella organization for budget account 4722 Emission Control. Administrative and operational oversight is funded through this budget account. The main function of this account is to support the activities of division investigators whose primary purpose is to regulate the automobile industry as it relates to the sale or transfer of ownership of vehicles and to investigate fraudulent issues relating to department documents. In addition, this account is responsible for licensing and registering wreckers, salvage pools and body shops as well as registering automobile repair garages. By conducting investigations, taking enforcement actions, and providing advice to members of the industry, investigators seek to gain voluntary compliance with the various laws and regulations governing the business practices of vehicle manufacturers, distributors, dealers, lessors, and salesmen, as well as preventing identity and other related fraud. Through education, audit and enforcement, the Compliance Enforcement Division protects the interests of regulated businesses by eliminating unfair competitive and business practices while safeguarding the financial well-being of Nevada citizens by protecting property interests in vehicles and reducing instances of fraud and misrepresentation in connection with repairs, salvage and disposal of motor vehicles. Division activities in this account for the biennium are funded through a direct appropriation from the Highway Fund. Statutory Authority: NRS 481.0473, 481.0475, 481.048, Chapters 108, 482, 483, and 487.
