## **STATE-SUPPORTED OPERATING BUDGET**

### **FISCAL YEAR 2006-2007**

#### **OVERVIEW**

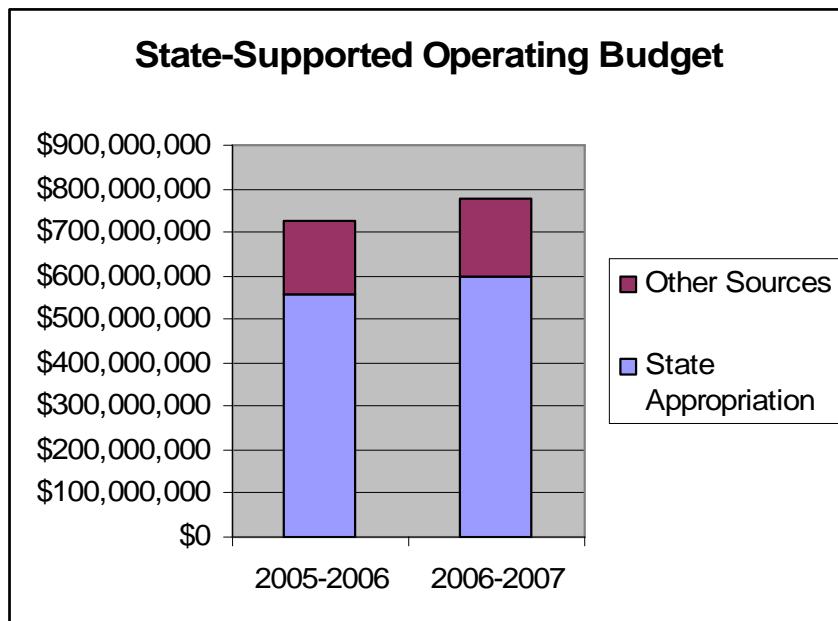

The Nevada System of Higher Education (NSHE) budget comprises 25 appropriation areas within the State of Nevada budget. As with other state agencies, NSHE receives legislative authorization for its operating budget on a biennial cycle. Fiscal year 2006-2007 is the second year of the biennial cycle.

The NSHE 2006-2007 total operating budget for State Appropriations and Authorized Expenditures (State-Supported Operating Budget) totals \$779.3 million. This compares to \$727.7 million in FY 2005-2006 and represents a 7% increase.

Appropriations of state funds for FY 2006-2007 increased 6.8% to \$597.9 million, representing 76.7% of the State-Supported Operating Budget. This compares to \$559.6 million and 76.9% of the budget in FY 2005-2006.

Other revenue sources budgeted in the State-Supported Operating Budget (including registration fees, non-resident tuition, and investment income) total \$181.4 million in FY 2006-2007 and account for approximately 23.3% of the total. This is an increase in total dollars of 7.9% over the FY 2005-2006 amount of \$168.1 million.

Student fees (including registration fees, non-resident tuition, and miscellaneous student fees), which make up the majority of the “other” revenue sources, increased from \$152.2 million in 2005-2006 to \$165.0 million in 2006-2007. As a percentage of the total State Supported Operating Budget, student fees remained constant at approximately 21%.

### Formula Funding:

The universities, state college, and community colleges of the NSHE continue to be funded based on a formula mechanism. The Legislature funds the instructional institution's budgets based on the formulas developed by the Committee to Study the Funding of Higher Education in Nevada as established by Senate Bill 443 (2001 Legislative Session). The Committee's formulas, which are summarized below, are published in detail in the Legislative Council Bureau's Bulletin No. 01-4 titled *Committee to Study the Funding of Higher Education*. The primary focus of the Committee was to address the equitable distribution of funds within the higher education system with the understanding that it would be unlikely that the State could fully fund the amount recommend in the formulas at 100%. As such, the Committee recommended expenditure flexibility when the formulas are not fully funded.

In FY 2006 and 2007, NSHE saw a slight increase in its overall formula percentage.

	2003-2004	2004-2005	2005-2006	2006-2007
Funding as a Percent of Formula	84.45 %	84.09 %	84.40%	84.50%

The approved formula has several components:

#### Instructional:

Instructional formula funding is based on Legislatively-approved student/faculty ratios and projected student full time equivalent (FTE) enrollments. Student/faculty ratios are adjusted by relative discipline cost (low, medium, high, and clinical) and by levels of instruction (lower, upper, masters, doctoral). Projected student FTE counts are made for each discipline cost and level of instruction combination. For all institutions except Nevada State College, the projected FTE enrollments used in the formulas are based on a weighted three year rolling average. Due to its status as a rapidly growing new institution, Nevada State College submitted, and the Legislature approved, projections based on a thorough analysis of all relevant enrollment factors. It is anticipated that NSC will be included in the standard student enrollment projection methodology in future biennia.

#### Academic Support:

Academic Support formula funding for the universities and state college are driven by three components: the number and size of colleges/ schools at each university, the size of the libraries and the number of volumes held by each, and the size of the respective instruction budgets.

Community college academic support formulas are calculated based on a fixed percentage of the instruction budget.

Student Services:

Student Services formula funding for the universities, state college, and community colleges is based on the combined student headcount and student FTE enrollment.

Institutional Support:

Institutional Support formula funding for the universities, state college, and community colleges is based on a percentage of the institution's total formula funded budget.

Operation and Maintenance of Plant:

Operation and Maintenance of Plant formula funding for the universities, state college, community colleges, and Desert Research Institute is based on a calculation of maintained building square footage (adjusted for age) and improved land acreage. The formula provides for custodial, building maintenance/ supervision positions, and for general operating and equipment. Utilities, insurance and rent/lease costs are budgeted separately and adjustments are based upon consumption, rate changes, contractual agreements and the addition of any new or modified facilities.

Graduate Assistants:

Graduate Assistant formula funding for the universities is based on the number of graduate student FTE's.

Library Acquisitions:

Library Acquisition formula funding for the universities and state college is driven by the number of faculty, the number of students, and the number of masters and doctoral programs offered.

The Library Acquisition formula for the community colleges is based on the number of FTE students.

Hold Harmless:

When the original formula was adopted, it included a 'hold harmless' provision when funding was below 100%. The hold harmless provision allowed individual institutions to retain their base funding levels when the formula calculations fell below that amount. This provision originally expired with the 2003-2005 biennium; however the Legislature extended it one additional biennium for Great Basin College.

## **BASE BUDGET ADJUSTMENTS**

One of the most significant base budget adjustments was the Legislature's approval of NSHE's retention of the full amount of indirect cost recovery (ICR) on grants. The State had traditionally retained portions of the ICR revenues, with retentions gradually decreasing from 75% in FY 1984 to 25% in FY 2005. Beginning this biennium NSHE will retain its entire ICR amount, less an offset of \$913,954 in FY 06 and \$1,260,000 in FY 07 for amounts not included in the approved budget. The Legislature also issued a Letter of Intent advising NSHE of its ability to retain 100% without offsets in future biennia.

Adjustments to the NSHE base budget also include funding for professional merit at 2.5%, classified merit-based step increases and classifications upgrades, including a 2 grade increase for the University Police Officer series. Additionally, the adjusted base incorporates known increases to existing contractual obligations such as leases or service agreements and decreases in property insurance premiums.

The adjusted base budget included a direct appropriation to the intercollegiate athletics accounts of both universities for continuation of athletic fee waivers. This appropriation is capped at the FY 2005-2006 level for both years of the biennium, and the program does not extend to the community colleges.

Also included in base budget adjustments are incremental changes in the amount of mandated vacancy savings. The Legislature approved reductions in personnel funding for anticipated savings due to normal employee turnover. These mandated vacancy savings are included in budgets with over 10 FTE only, which excludes University Press. Vacancy savings calculations totaling 1% of professional salaries/ fringe and 3% of classified salaries/ fringe are applied to formula budgets. Vacancy savings calculations totaling 2% of professional salaries/ fringe and 3% classified salaries/ fringe are applied to non-formula budgets.

## MAINTENANCE BUDGET ADJUSTMENTS

### Inflation and Per Unit Adjustments

The approved budget provided for a number of changes including increases in natural gas, electricity, and allied health student malpractice premiums and decreases in employee bond insurance and tort claims assessments.

## Nevada Legislature

September 15, 2005

Jim Rogers, Chancellor  
Nevada System of Higher Education  
2601 Enterprise Road  
Reno, Nevada 89512-1666

Dear Chancellor Rogers:

As discussed on a number of occasions by the legislative money committees, the total shares of student registration fee revenues dedicated to the Nevada System of Higher Education (NSHE) state-supported operating budgets have steadily declined since FY 2000-01. At all campus levels, the fee distributions approved by the Regents for the 2005-07 biennium allocate less than 50 percent of fee increase revenues to the state-supported budget. Further, in one instance, only \$0.25 of the \$1.75 (14 percent) in approved increases were allocated to the state-supported budget. If similar allocations continue into the future, overall percentages of student fee revenues allocated to the state-supported budgets would eventually dip below 50 percent.

The Legislature recognizes that allocating fee revenues to student access relieves the state of the burden of meeting access demands. Further the Legislature recognizes and respects the Board of Regents' authority to establish NSHE fee policy. However, decreasing percentages of student fee allocations to the state-supported budget results in higher General Fund operating appropriations than would otherwise occur. As a result, the money committees wish to communicate that any future Regent-approved fee allocations to the state-supported budget that are below current cumulative percentages may not be supported by the Legislature in corresponding General Fund appropriations.

In a related fee issue, the money committees wish to communicate to the NSHE that the disparate treatment of student fee increases for new and continuing students at the

## Nevada Legislature

September 15, 2005

Jim Rogers, Chancellor  
Nevada System of Higher Education  
2601 Enterprise Road  
Reno, Nevada 89512-1666

Dear Chancellor Rogers:

To supplement competitive research activities, the Governor recommended in the 2005-07 Executive Budget to allow the Nevada System of Higher Education (NSHE) to retain 100 percent of Indirect Cost Recoveries (ICR) charged to grantor or contracting agencies. The state had traditionally retained portions of the ICR revenues, but the retentions had decreased gradually over time from 75 percent (prior to 1985) to the 25 percent rate used during the 2003-05 biennium. The retention had been viewed as partial reimbursement for state funding provided to create and maintain the infrastructure necessary to generate NSHE contracts and grants.

To replace the ICR revenues, the Governor recommended General Fund appropriations of \$5.09 million per year - the full amount requested by the NSHE under items for special consideration. However, the recommended amounts did not fully remove ICR revenues from the NSHE state-supported budgets. After replacing the \$5.09 million per year, ICR revenues remaining in the legislatively-approved budgets total \$913,954 in FY 2005-06 and \$1.26 million in FY 2006-07.

The Legislature concurred with the Governor's recommendation to allow the NSHE to retain 100 percent of Indirect Cost Recoveries. The Legislature did not add General Fund appropriations to enable the NSHE to reach the 100 percent retention level during the 2005-07 biennium. However, it is the intent of the money committees that the state-supported budgets for the 2007-09 biennium should fully exclude Indirect Cost Recoveries. Correspondingly, the NSHE should retain all ICR revenues during the 2007-09 biennium.

## Nevada Legislature

September 15, 2005

Jim Rogers, Chancellor  
Nevada System of Higher Education  
2601 Enterprise Road  
Reno, Nevada 89512-1666

Dear Chancellor Rogers:

As you will recall, on October 4, 2004, the Assistant Chancellor wrote to the Board of Regents indicating that effective January 1, 2005, the Nevada System of Higher Education (NSHE) will join the State of Nevada FICA alternative plan administered by the state's Deferred Compensation Committee. At that time, the Assistant Chancellor indicated that the plan would allow the NSHE's part-time, seasonal and temporary employees to contribute 7.5 percent of their pre-tax earnings to their own personal investment accounts rather than Social Security. Participation in the FICA alternative plan would allow the NSHE to eliminate the matching employer contribution for those employees participating in the plan, resulting in savings.

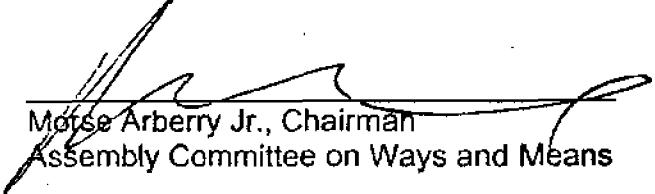

To resolve legal issues, the NSHE deferred implementation of the FICA alternative plan to July 1, 2005. The money committees asked the NSHE to provide savings estimates associated with the system's potential participation in the FICA alternative plan. The NSHE responded that the system was not able to accurately determine the savings for the upcoming biennium. Because no savings estimates were available when the NSHE's budgets were being considered, the Legislature was unable to make necessary adjustments to General Fund appropriations. Accordingly, through this letter, the money committees wish to advise the NSHE that it is the intent of the Senate Committee on Finance and the Assembly Committee on Ways and Means that the NSHE reserve for reversion, any savings that accrue from implementation of the FICA alternative plan during the 2005-07 biennium.

The committee must meet at least twice a year at a time and place specified by the chairman. Current law provides that a report of the committee's activities must be provided biennially to the NSHE Presidents and the State Board of Health. The bill amends the reporting requirement to provide that the Governor and the Director of the Legislative Counsel Bureau must also receive the biennial report.

In addition, SB 193 requires the committee to charge and collect certain fees from institutions within the NSHE and any other entity which receives dead bodies for medical science purposes. In addition, SB 267 provides that in posting notice for a public meeting if the meeting will be closed to consider the character, alleged misconduct or professional competence of a person, or to take administrative action against a person, his or her name must be noted as such on the agenda. A person who is being considered by a public body during a closed meeting may waive the closure of the meeting and request that the meeting be

held in public. Further, such a person must be allowed to attend the closed meeting, have an attorney present during the closed meeting, and present written evidence and provide testimony.

Boyd School of Law from a list submitted by the Dean of the Law School, who will serve 4 year terms.

This measure is effective on July 1, 2005.

**Senate Bill 338** (Chapter 459, *Statutes of Nevada 2005*) provides, in part, that if the NSHE sells, leases, transfers or conveys land to, or exchanges land with, a domestic or foreign limited-liability company, the Board of Regents must require the company to submit a disclosure to the Board setting forth the name of any person who holds ownership interest of one percent or more in the company. Upon request, the disclosure must be made available to the public for inspection.

This measure is effective on October 1, 2005.

**Senate Bill 410** (Chapter 204, *Statutes of Nevada 2005*), a measure requested by the Board of Regents, exempts the Nevada System of Higher Education from the requirement to purchase prescription drugs, pharmaceutical services, or medical supplies and related services through the Purchasing Division of the Department of Administration.

This measure is effective upon passage and approval.

**Senate Bill 421** (Chapter 373, *Statutes of Nevada 2005*) mandates that all meetings of public bodies, public or closed, must be recorded, the tapes of which must be retained for at least one year. Failures to record proceedings of a public body due to factors beyond its control (e.g. a power failure) will not constitute a violation of the law.

This measure is effective on July 1, 2005.

**Senate Bill 426** (Chapter 509, *Statutes of Nevada 2005*) provides that the general provisions and wage provisions of state law concerning public works projects apply to

any contract for construction work of the NSHE for which the estimated cost exceeds \$100,000 even if the construction work does not qualify as a public work. Further, the measure authorizes the NSHE for a temporary period to enter into installment-purchase and lease-purchase agreements under certain circumstances.

This measure is effective on July 1, 2005.

**Senate Bill 461** (Chapter 481, *Statutes of Nevada 2005*) provides for the enrollment of certain pupils in a university school for profoundly gifted pupils in lieu of enrolling in the schools that such pupils are otherwise scheduled to attend. The measure defines “university school for profoundly gifted pupils” to mean a school that is located on the campus of a university within the NSHE, is operated through a written agreement with the university, is operated by or is itself a non-profit corporation, demonstrates at least 5 years of successful experience providing educational services to profoundly gifted students, provides a full-time alternative program for education, and does not charge tuition to enrolled pupils.

This measure is effective on July 1, 2005.

**Senate Bill 522** (Chapter 510, *Statutes of Nevada 2005*) authorizes all non-appropriated expenditures for State agencies. For the NSHE, authorized funds are comprised primarily of Student Fee revenues and discretionary income used to support budgeted personnel and operational costs. The measure also includes the General Fund salary adjustment revenue transfers which must be justified by the NSHE in order to obtain full funding for the Legislatively-approved professional and classified salary adjustments. Further, the bill maintains language established during the 2003 Legislative Session that allows the NSHE to expend excess student fee revenues on salaries and benefits for additional faculty hired to provide additional class sections without the approval of the Interim Finance Committee. In total, the act provides the NSHE institutions with \$177.3 million in FY 2006 and \$200.4 million in FY 2007.

The primary provisions of the act are effective July 1, 2005.

**Senate Bill 524** (Chapter 398, *Statutes of Nevada 2005*) provides funding for capital improvement projects through a combination of state funds and the issuance of general obligation bonds. The measure also authorizes state agencies, including the NSHE, to expend other funds, such as private donations and estate tax, to supplement the state funds approved for capital projects. For the NSHE, the bill authorizes a total of \$256.6 million for capital projects (\$20.5 million in General Fund, \$144.4 million in general obligation bonds, and \$91.7 million in other funds). Specific projects include FF&E for CCSN’s Health Sciences Building, NSC’s first building, UNLV’s Science/Engineering/Technology Building, TMCC’s Red Mountain Project, UNLV’s College of Urban Affairs Building, UNR’s Science and Math Education Building, the CAVE facility at DRI, the Automotive Technology Building and an expanded classroom addition at CCSN, UNLV’s Student Services Addition, planning for UNR’s Academic Medical Center and the Biotechnology/Genomics Teaching/Research Facility, and

several health and safety code projects at WNCC. Also included is authorization to expend \$15.0 million for NSHE's campus maintenance projects financed through a combination of HECC (general obligation bonds) and SHECC funds. In addition, the measure maintains debt service within the current tax code of 15.85 cents in order to finance the capital improvement projects.

The majority of the measure is effective upon passage and approval.

### **22<sup>ND</sup> SPECIAL SESSION**

**Assembly Bill 3** (Chapter 2, *Statutes of Nevada 22<sup>nd</sup> Special Session*) concerns energy, conservation, construction and renovation, and creates incentives and standards for green building. Among its provisions, AB 3 provides that any committee or task force on sustainable energy created by a governing body must consider factors including standards for efficient use of water and energy, performance guidelines for new and remodeled buildings and retrofit projects. In addition, each occupied public building whose construction is sponsored or financed by the State must meet the requirements to be certified with the Leadership in Energy and Environmental Design Green Building Rating System or an equivalent standard, as adopted by the Office of Energy. The Commission on Economic Development shall grant partial abatement of property tax (for not more than 10 years and not exceeding 50 percent of the property tax payable) on a property whose building meets the equivalent of the silver level or higher of the aforementioned rating system. In addition, the NSHE must be given the essentials of green building construction and design to assist students in preparing for the Leadership in Energy and Environmental Design Professional Accreditation Exam or its equivalent.

This measure is effective upon passage and approval for the purposes of preparatory administrative tasks, and on October 1, 2005, or July 1, 2006, for other purposes depending on the provision of the bill.

**Senate Bill 1** (Chapter 7, *Statutes of Nevada 22<sup>nd</sup> Special Session*) relates to the financial administration of the state, and provides specific appropriations to several state entities. The measure specifies that the bill's appropriations are not intended to finance the ongoing expenditures of state agencies, and may not be included as base budget expenditures in the proposed budget for the Executive Branch of state government for the 2007-2009 biennium.

For the NSHE, the measure provides \$50,000 to replenish the Trust Fund for the Education of Dependent Children created by *Nevada Revised Statutes 396.545*. The fund provides for the financing of higher education for children of slain law enforcement and emergency medical personnel. This provision of the act is effective July 1, 2005.

In addition, the measure appropriates to the Chancellor's Office the sum of \$300,000 for expenses relating to the continuation of the Pediatric Dental Residency Program, effective upon passage and approval. Effective July 1, 2005, the bill appropriates

\$250,000 to the Center for Basque Studies at UNR to establish a Basque Genealogy Center. Further, the measure appropriates \$1.0 million to DRI for the purchase of equipment and services necessary to analyze ground water yields in arid basins, effective upon passage and approval.

**Senate Bill 4** (Chapter 10, *Statutes of Nevada 22<sup>nd</sup> Special Session*) concerns the Millennium Scholarship program. The measure revises the statutory definition of “Millennium Scholarship” to be named the Governor Guinn Millennium Scholarship. In addition, SB 4 mandates that the Board of Regents establish criteria for exempting certain students with disabilities from the eligibility provisions whereby a student must apply for the scholarship within 6 years of graduation from a Nevada high school and enroll in at least 6 credit hours at a community college or 12 credit hours at a university or state college.

Further, the measure specifies that an eligible scholar may receive Millennium Scholarship monies for enrollment in a summer school term. The bill provides that an eligible student may not receive a Millennium Scholarship for more than the cost of 12 credit hours per semester. In addition, the Millennium Scholarship may not be awarded to pay for remedial coursework.

In order to maintain eligibility, a Millennium Scholar must maintain at least a 2.60 grade point average during the first year of enrollment, and at least a 2.75 grade point average during the second year of enrollment and thereafter. Senate Bill 4 also enacts a “two strikes you’re out” provision, where by a student who fails to maintain eligibility in two subsequent semesters of enrollment, will no longer be eligible for a Millennium Scholarship.

The Board of Regents must establish procedures to ensure that any Millennium dollars refunded are refunded to the Trust Fund and not the student. The bill provides that each year the first \$7.6 million from the Abandoned Property Trust Fund must be transferred to the Millennium Scholarship Trust Fund. In addition, the Legislature appropriated \$35 million from the State General Fund to the Millennium Scholarship Fund.

The provisions of Senate Bill 4 regarding the limitation on the number of semester credits to which a student is eligible and the grade point average required in the second year of enrollment are effective on January 1, 2006. The provision concerning transfer of dollars from the Abandoned Property Trust Fund to the Millennium Scholarship Trust Fund are effective on July 1, 2005, and the remaining provisions of the bill are effective upon passage and approval.
