

PREFACE

The Nevada Department of Motor Vehicles has prepared this guide to assist the motor vehicle industry when conducting business with the Department. It was created as an informational and instructional reference, and attention to the detailed information and examples will ensure proper completion of forms required to register and/or title vehicles in the State of Nevada.

Familiarity with the occupational licensing information and compliance with the licensing requirements will ensure that the business records on file with the Department are accurate and that they reflect the correct status of a business license. A vehicle industry occupational license is considered a privileged license. The business principal is responsive for compliance with all requirements pertaining to the documents submitted to the Department.

If you have any suggestions that may help improved this guide, please provide them in writing to:

SECTION I GENERAL INFORMATION

Revised June 2006 SECTION I

GUIDELINES

- Always type or print in black or dark blue ink.
- Owner's full legal name and address information must be recorded on registration and title documents exactly as it reads on the owner's driver's license.
- Ensure that the Vehicle Identification Number (VIN), year, make, odometer readings and registered owner and legal owner information are consistent on all documents.
- Signatures must always be handwritten, unless waived by the Department because the submittal is done by electronic means. A printed release will not be accepted unless accompanied by a notarized or witnessed statement (from the person in question) stating that the signature is a legal signature.
- Do not use correction fluid or correction tape.
- Do not alter any information on the documents.
- A release should be the same as it appears on title documents, i.e., Elizabeth should sign as Elizabeth.
- All documents must be originals, unless certified to be true copies of the original documents.

VEHICLE IDENTIFICATION NUMBER INFORMATION

Since 1954, American automobile manufacturers have used a Vehicle Identification Number (VIN) to identify and describe a vehicle.

Since 1981, all manufacturers of vehicles sold in the United States are required to use a standardized 17-digit VIN structure. When the department is provided with a vehicle with an 18-digit VIN, the first letter or number is dropped.

Variations exist in the location of a VIN and in the systems used for a VIN; they may vary by year of manufacture and between manufacturers.

A VIN should always be verified by a physical inspection of the vehicle.

11th Character: Identifies the assembly plant for the vehicle.

12th to 17th Characters: Identifies the sequence of the vehicle for production as it rolled off

of the manufacturer's assembly line.

IMPORTANCE OF ACCURACY

The Department of Motor Vehicles uses the VIN as the primary identifier for entry and retrieval of records. It is therefore critical that all documents are completed using the correct VIN.

TO AVOID ERRORS:

- Use the entire VIN at all times.
- Ensure the VIN is entered or recorded accurately. It is best to use block letters.
- If the VIN is handwritten, try to avoid the following most common errors:

<u>LETTER</u>	MAY BE MISTAKEN FOR
В	13 or 8
D	0
G	6 or C
J	T or I or 5
R	K
S	5
Υ	4 or H
Z	2 or a 7 on a line

"I" and "1" are often confused. The letter "I" is rarely used in a VIN.

The letter "O" is never used in a VIN, with the exception of VINs that are assigned by the States of Colorado (i.e., COLO123456) or Missouri (DR000000MO or DRMVB000000000MO).

NOTARIES PUBLIC

A licensed Nevada dealer's signature is not required to be acknowledged by a notary public on documents that the dealer must file with the Department, except in regard to deposit in lieu of bond.

If a document must be notarized, the provisions of Nevada Revised Statutes (NRS) 240.010 through 240.150 must be followed.

A notary public may not perform any act authorized by NRS 240.065 if he or she:

- 1. Executed or is named in the instrument acknowledged or sworn to;
- 2. Will receive directly from a transaction relating to the instrument any commission, fee, advantage, right, title or interest, property or other consideration in excess of the authorized fees; or
- 3. Is related to the person whose signature is to be acknowledged or sworn to as a spouse, sibling, or lineal ancestor or descendant.

ATTEMPT TO CONTACT

If the Department of Motor Vehicles requires evidence of an "Attempt to Contact" the owner or lienholder of a vehicle, you must do the following:

- Write to the owner of record asking them to sign the enclosed documents (Bill of Sale, Application for Duplicate Title etc., depending on the requirements) in front of a Notary or to contact you. Caution: Do <u>not</u> mail original ownership documents that are in your possession. Mail photocopies of the ownership documents.
- If you need a signature on an original document, and it is a secure document (i.e., Secure Power of Attorney, Title) a photocopy is not acceptable.
- Send the letter by "Certified Mail Return Receipt Requested." Keep the payment receipt, issued to you by the Post Office, with your records. Retain copies of everything you mail.
- If the letter is returned with a forwarding address filed with the U.S. Postal Service, resend the letter to the forwarding address by "Certified Mail – Return Receipt Requested."
- If the letter is returned to you as "Undeliverable," do not open it; or
- If you receive a signed Post Office Receipt showing the letter was received and fifteen (15) days have passed since the date of receipt:
 - Bring all documents for the vehicle, along with the returned letter or the signed receipt, to the Department of Motor Vehicles.
 - O At that time, the Department of Motor Vehicles should be able to assist you with the vehicle registration and titling of the vehicle.
- If the former owner(s) contact you and provide you with the necessary signatures, the receipt or returned letter is not needed.
- Prior to being issued a vehicle registration or title, you may need to have a vehicle identification number inspection completed on the vehicle.

MOTOR HOMES

Motor homes are vehicles described as permanently attached to a chassis and are designed for use as temporary living quarters. Nevada Revised Statutes define three types of motor homes. Note: The legal maximum width of a recreational vehicle is 102 inches excluding mirrors, lights and other devices required for safety; and an awning and any hardware used to attach the awning, but it cannot extend beyond any mirror.

Mini motor home (NRS 482.066): A vehicular-type unit designed for temporary living quarters for travel, camping or recreational use, which is:

- A structure attached permanently on a self-propelled chassis; or 1.
- A portable unit designed to be affixed permanently to a truck chassis with cab, 2. which is designated as a mini motor home by the manufacturer.

Motor home (NRS 482.071): A structure:

- 1. Attached permanently to a self-propelled motor vehicle chassis;
- Designed as a temporary dwelling for travel, recreational or camping use; and 2.
- When assembled for the road, having a maximum body width of 102 inches. 3.

Chassis-mount camper (NRS 482.0151):

A portable unit designed to be permanently affixed to a truck chassis and cab, and so constructed as to provide temporary living quarters for travel, camping or recreational use.

In all cases, the chassis/frame number is used as the vehicle identification number (VIN). The make of the vehicle is the motor home name, not the chassis/frame manufacturer.

Winnebago makes the Itasca and Fleetwood makes the Tioga. Example:

makes are therefore Itasca and Tioga; Winnebago and Fleetwood are not

used.

The vehicle year is as established by the manufacturer on the vehicle's original documentation.

In all cases, the vehicle length must be included on the registration and title documents as part of the vehicle description. When issuing a Dealer's Report of Sale, indicate the length of the vehicle in the model area.

Recreational park trailer (NRS 482.1005) means a vehicle, which is primarily designed to provide temporary living quarters for recreational, camping or seasonal use and which:

1. Is built on a single chassis mounted on wheels;

- 2. Has a gross trailer area not exceeding 400 square feet in the set-up mode; and
- 3. Is certified by the manufacturer as complying with Standard No. A119.5 of the American National Standards Institute.

Note: The Department will issue a title only as Recreational Park Trailers are over 102 inches. Moving a Recreational Park Trailer requires a special movement permit issued by the Department of Transportation.

TRANSMITTALS TO THE DEPARTMENT

When mailing title documents to the Department, include two copies of the transmittal form. Both copies of the transmittal form will be date stamped upon receipt; one form will be returned to the submitting business and the second retained by the Department for its records.

The transmittal form must be completed in full, and must identify the name and address of the business.

The transmittal form should also be used when resubmitting title documents that were returned by the Department for correction or because of the need for additional information. In cases where title documents are resubmitted, write "RESUBMITTAL" in red across the top of the transmittal form, and include any correspondence provided by the Department. Re-submittals will take priority in processing.

Please note that the Department does not supply the transmittal form. However, the sample form details the information that must be provided when submitting title documents to the Department.

SHORT-TERM LESSORS 6-PERCENT GOVERNMENTAL SERVICES FEE CHARGED ON RENTAL OF PASSENGER VEHICLES

Upon the lease of a passenger car by a short-term lessor in this state, NRS 482.313 requires the short-term lessor to charge and collect from the short-term lessee a fee of 6 percent of the total amount for which the passenger car was leased, excluding any taxes or other fees imposed by a governmental entity.

- The amount of the fee must be included in the lease agreement and listed separately from all other charges.
- The fee must be identified as "Governmental Services Fee" and must be submitted quarterly to the Nevada Department of Taxation.

The Department of Taxation will mail a *Passenger Car, Governmental Services Fee Return* (Form STL-02) to each short-term lessor prior to the end of each calendar quarter.

The Passenger Car, Governmental Services Fee Return (Form STL-02) must be completed in full by short-term lessors reporting leases of passenger vehicles by listing the total dollar amount of all leases on which the 6-percent fee was charged during the previous calendar quarter. The return form must be filed even if no leases were made or fees collected. Two sets (an original and duplicate) of the return forms must be submitted to the Department of Taxation, along with the remittance of fees, on or before the end of the next month following the end of the calendar quarter.

The records, receipts, invoices and other pertinent papers documenting the leases must be available at all times during normal business hours for examination and copying by the Nevada Department of Taxation or the Nevada Department of Motor Vehicles or its authorized agents.

The records, receipts, invoices and other pertinent papers must be preserved intact for at least four years after the date that the record, receipt, invoice or paper was made.

If you have any questions, please contact State of Nevada, Department of Taxation.

SECTION II OWNERSHIP DOCUMENTS AND FORMS

Revised October 2004 Section II

MANUFACTURER'S CERTIFICATE OF ORIGIN NRS 482.423

Manufacturer's Statement of Origin/Certificate of Origin (MSO/MCO) means a document similar to a certificate of title or certificate of ownership issued by a manufacturer that must be completed and executed by the seller of a new vehicle when the vehicle is sold for the first time or when the vehicle is leased for the first time for a fixed period of more than 31 days.

The Manufacturer's Certificate of Origin (MCO or MSO) must be assigned by the manufacturer to the dealer, and properly reassigned by the dealer to the purchaser of the vehicle.

The MCO or MSO is a secure document, which means there are security features contained on it that prevent erasing, altering or unauthorized reproduction.

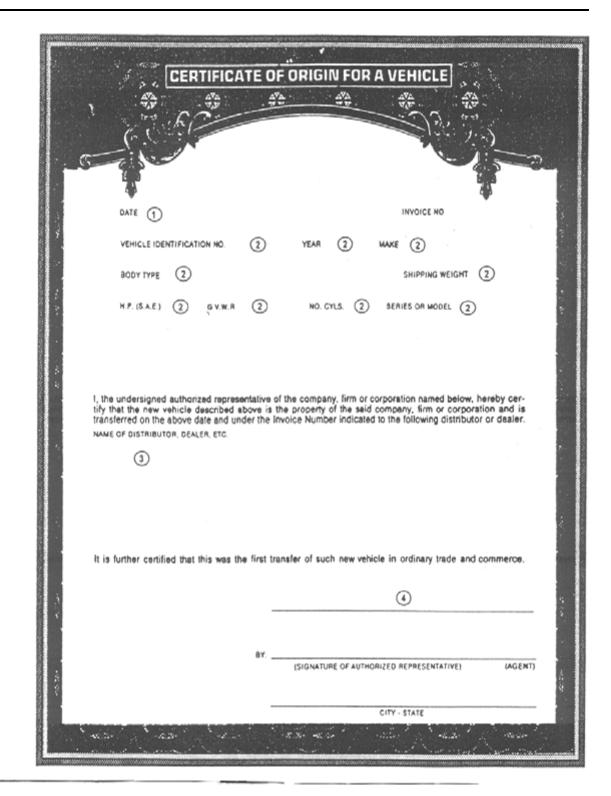

Security features may include:

- Intaglio printing—a printing process where an engraved plate meets the paper under extremely high pressure forcing the paper into the incisions below the surface of the plate.
- High-resolution printing—a printing process that achieves excellent art clarity and detail quality approaching that of the intaglio process.
- Security paper—paper containing a security watermark and/or a security thread.
- Erasure-sensitive background inks—a process whereby the text is printed in a dark color ink over a fine line erasure-sensitive prismatic ink tint.
- Security paper—paper that has been chemically treated to detect chemical alterations.

MANUFACTURER'S CERTIFICATE OF ORIGIN (FRONT)

The MCO contains the following:

- Date The date the MCO was completed by the manufacturer
- Description of Vehicle Must be completed by the manufacturer
- Dealer or Distributor The name of the dealer or distributor the vehicle was initially delivered to
- Issuing Manufacturer's Information The name and address of the manufacturer
 and the original signature of the manufacturer's authorized representative

- 7. Lienholder: The name and address of the lienholder, if applicable. If there is no lienholder, "None" must appear in this section.

Note: A Manufacturer's Certificate of Origin is invalid if it has been altered in any manner. The reassignments can only be completed between dealers. If the vehicle is sold to an individual, the ownership paper work must be submitted to the Department.

NEVADA CERTIFICATE OF TITLE NRS 482.285 and 482.400

There are currently several valid styles of Nevada Certificates of Title (Form RD-2) in circulation. For the purpose of this guide, only the two most recent styles will be addressed (Revision 10/96 and Revision 10/01).

The registered owner or seller must sign the Certificate of Title exactly as the name appears on the face of the Certificate of Title:

- If there is more than one registered owner or seller, and they are joined by "and," the signature of each registered owner or seller is required.
- If there is more than one registered owner or seller, and they are joined by "and/or" or "or," only one of the owner or seller's signature is required.
- If there is more than one registered owner or seller, and they are not joined by "and" or "and/or" or "or" the signature of each registered owner or seller is required. The Department considers no name indicator as "and" in these cases.
- If the owner or seller information is in the name of a business, the name of the business must appear along with the signature of an authorized business representative.

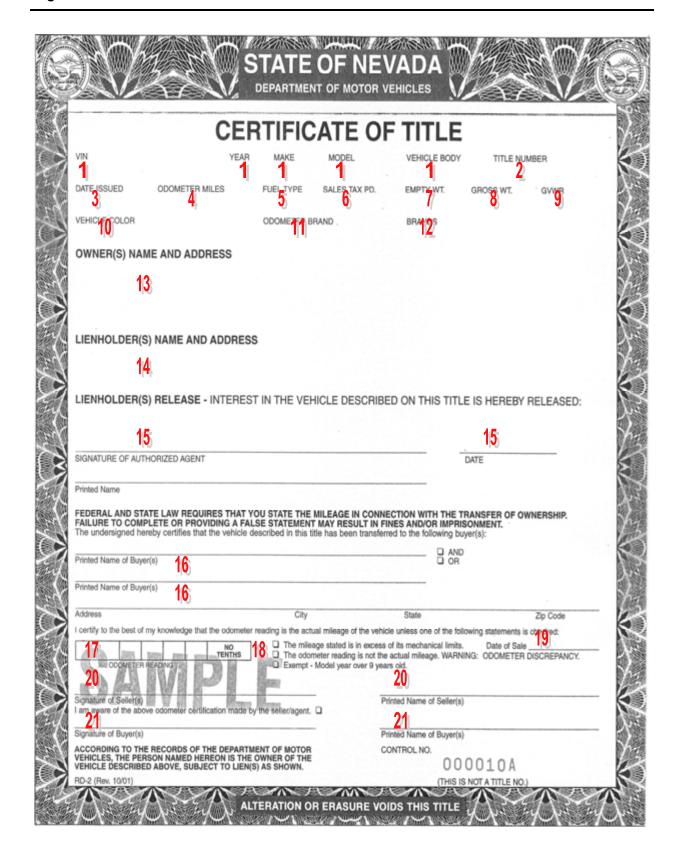

Buyer information must be completed indicating exactly how the new Certificate of Title is to read, and it must show the buyer's full legal name.

NEVADA CERTIFICATE OF TITLE (FORM RD-2) REVISION 10/01 (FRONT)

- 9. GVWR: The gross vehicle weight rating (the weight of the vehicle plus the vehicle's useful or maximum-load).
- 10. Vehicle Color: The color of the vehicle.
- 11. Odometer Brand: The actual status of the odometer reading.
 - A. Actual Mileage; the miles shown on the odometer are the exact miles the vehicle has been driven, required for all vehicles that are nine years and newer and do not meet exemptions in Title 49 Odometer Disclosure.
 - B. Exceeds Mechanical Limits; the vehicle has traveled more miles than the odometer is capable of showing.
 - C. Warning Odometer Discrepancy; the odometer reading is not the actual mileage (the odometer may have been broken or a new odometer may have been installed).
 - D. Exempt; the vehicle is ten years old or older or meets the exemption qualifications in Title 49 Odometer Disclosure.

- 12. Brands: The description of a vehicle that has suffered damage. When more than one brand applies, those brands will be listed:

If the lienholder is a business, the business name must appear along with the signature of an authorized representative of the business.

APPLICATION FOR DUPLICATE NEVADA CERTIFICATE OF TITLE (FORM RD-12)

If a Nevada Certificate of Title has been lost, stolen or mutilated, a duplicate Nevada Certificate of Title may be obtained by completing the Application For Duplicate Nevada Certificate Of Title.

The Application for Duplicate Certificate of Title (Form RD-12) must be completed in full and submitted by the owner of record on file with the Department. The application must be signed and witnessed by a notary public or an authorized Nevada Department of Motor Vehicles representative.

The "Registered Owner(s)" and "Lienholder" areas must be completed exactly as shown on the current title record. If the original Certificate of Title was issued with "and" between the registered owner's names, all owners must sign the application. If the original Certificate of Title was issued without an indicator such as "and" or "or" then all owners must sign the application. The Department considers the lack of a name indicator as "and" in these cases.

If a lienholder is applying for the duplicate Certificate of Title, the lienholder must complete the application.

The "Requested By" area must be completed if the duplicate Certificate of Title is to be mailed to a different address or person. A letter of authorization is also needed unless the requestor is a licensed Nevada Dealer.

An odometer certification is not required for a duplicate Certificate of Title; however, a new odometer reading should be recorded whenever possible on vehicles that are 9 years old or newer, subject to the Federal Truth-In-Mileage Act.

If the lien on the vehicle has been satisfied, a notarized lien release signed by the lienholder is required.

If an original Nevada Certificate of Title was never received, a *Lost Title Affidavit* (Form RD-206) must also be completed in full, notarized or witnessed by an authorized Nevada DMV representative, and submitted with the Application for a Duplicate Nevada Certificate of Title.

APPLICATION FOR DUPLICATE NEVADA CERTIFICATE OF TITLE

INSTRUCTIONS

- If an original Nevada Certificate of Title has been lost, stolen or mutilated, a duplicate title may be applied for 30 days after the certificate of title was issued.
- If an original Nevada Certificate of Title was never received, a "Lost Title Affidavit" (Form RD-206) must also be completed in full, notarized or witnessed by an authorized Nevada DMV Representative, and submitted with the Application for Duplicate Nevada Certificate of Title.
- The application must be completed by the owner of record on file with the Department of Motor Vehicles.
 - The owner of record is the legal owner or lienholder.
 - o If there is no lienholder, the owner of record is the registered owner.
 - If the original title was issued with "AND" between the owners' names, all owners must sign all documents.
 - A company stamp or printed name of the company is required if the title was issued in the name of a company, along with the signature and title of an authorized representative of the company.
- The application must be notarized or witnessed by an authorized Nevada Department of Motor Vehicles Representative.
- If a lien has been satisfied (paid in full), the registered owner may sign the application if it is accompanied by an original notarized lien release.
- If the registered owner is currently a resident of another state, a written statement, from the
 Department of Motor Vehicles in the new state of residence, verifying the fact that the Nevada
 Certificate of Title has not been surrendered to that state is required. The statement must
 include:
 - A description of the vehicle, including the Vehicle Identification Number, year and make of the vehicle; and
 - A statement that the Nevada Certificate of Title has not been surrendered in that state (the information must be on a document issued by the state the applicant is residing in).
- A \$20.00 Duplicate Title fee must be submitted with the application.

The Duplicate Nevada Certificate of Title becomes the valid title. Any attempt to use a previously issued title may constitute fraud, pursuant to NRS 482.436, 482.545 and 482.555, which are considered Gross Misdemeanors.

If you locate an invalid title, return it to the Department immediately for disposal.

ODOMETER MILEAGE DISCLOSURE NRS 482.245, NRS 484.606 to 484.6069

Federal and state laws and regulations require an odometer disclosure be completed upon transfer of ownership for vehicles 9 years old or newer.

The odometer disclosure must be made in writing on the secure title document or on the secure reassignment document if one is used to reassign a title.

If the vehicle has never been titled, i.e., a new vehicle or one coming into the country for the first time, the disclosure should be made on a separate document. This document does not need to be secure, however, the same person (person includes company or corporation) cannot sign the disclosure as both the transferee and transferor.

The seller and purchaser must jointly attest to the odometer reading shown on the vehicle's odometer apparatus at the time of transfer of ownership of the vehicle.

If the odometer reading is not the actual mileage of the vehicle, the appropriate designation must be made on the odometer disclosure.

If a vehicle does not have an odometer, the disclosure must include a statement to that effect, and that the true mileage of the vehicle is not known.

An odometer disclosure must be completed when an out-of-state vehicle is titled for the first time in Nevada, even if there is no ownership change.

An odometer disclosure must include:

- The printed name and signature of each buyer and seller (the buyer and seller cannot be the same person)
- The current address of each buyer and seller
- A complete vehicle description (make, model, year, body type and VIN)
- The current odometer reading, excluding tenths
- The date of the transfer of ownership

A Secure Power of Attorney must be used to disclose the mileage of the vehicle when a Certificate of Title or ownership is physically held by a lienholder or when a duplicate Certificate of Title or ownership is applied for. Refer to Pages II-24 through II-28 for additional information on Secure Power of Attorney.

The original copy of the odometer disclosure statement must be submitted to the Department with the title documents.

LEASED VEHICLES

Before a transfer of ownership is documented, each lessor of a leased motor vehicle shall notify the lessee in writing that the lessee is required to provide a written odometer disclosure to the lessor regarding the mileage. The disclosure may be made on either the Certificate of Title or ownership, or if the reassignment area is filled, using the Dealer Reassignment of Title form. This disclosure must contain a reference to the federal law and must state that failure to complete or providing false information may result in fines and/or imprisonment. Reference may also be made to applicable state law.

The disclosure must be signed by both the lessee and lessor.

REPOSSESSED VEHICLES

The odometer reading for vehicles that have been repossessed must be reported by the legal owner of the vehicle (lienholder).

UNRECOVERED STOLEN VEHICLES

Vehicles that are transferred to an insurance company when a payoff is made on an unrecovered stolen vehicle are exempt from the odometer disclosure requirements due to the unavailability of the vehicle.

MILES VERSUS KILOMETERS

To accurately reflect the true reading of the odometer apparatus, the documents (title, reassignment, etc.) should indicate whether the odometer records the distance traveled in miles or kilometers.

When the title is processed, the kilometers will be converted to miles. The kilometers are multiplied by 0.6214 then round to the nearest whole number, the answer is used as the miles.

SECURE POWER OF ATTORNEY

A Secure Power of Attorney (RD221) is used when a Certificate of Title is physically held by a lienholder, or when a Certificate of Title has been lost. The owner of a vehicle may give power of attorney to a buyer for the purpose of mileage disclosure. The authorization to do so must be conveyed by a secure power of attorney.

The Secure Power of Attorney form may be purchased from any Field Services Office of the Department of Motor Vehicles. This is a \$.50 fee for each form.

Erasures, corrections or the use of correction fluid to correct any information other than an address void the form. If a correction to an address is made, an Erasure Affidavit (Form RD-19) must be completed and attached to the Secure Power of Attorney. The Erasure Affidavit cannot be used for errors made to the Odometer statement.

The buyer and the seller must retain a copy of the statement.

FIRST COPY - To be retained by the dealer for a period of five (5) years.

SECOND COPY - To be given to seller who completed the power of attorney in PART A.

THIS FORM IS FEDERALLY MANDATED NATIONWIDE UNDER THE TRUTH IN MILEAGE ACT OF 1986 (PUBLIC LAW 99-579) AND TITLE IV OF THE PIPELINE SAFETY REAUTHORIZATION ACT OF 1988 (PUBLIC LAW 100-561).

L

SALVAGE TITLES (FORM RD2S)

Salvage Title (NAC 487.010) means a title of ownership issued by the Department to an automobile wrecker authorizing the disposal of the vehicle identified on the salvage title.

The Department will issue a Salvage Title for a vehicle upon application by the:

- Owner of the vehicle
- Person to whom the vehicle is titled
- Insurance company that acquires the vehicle as a salvage vehicle
- Lienholder who acquires title to the vehicle

If the Certificate of Title/Ownership is held by a lienholder, the registered owner must notify the lienholder within 10 days that the vehicle has become a salvage vehicle. The lienholder must, within 30 days of receiving the notice, forward the title and the Application for Salvage Title or Non-Repairable Vehicle Certificate (Form RD213) to the Department.

An Application for Salvage Title or Non-Repairable Vehicle Certificate and all accompanying documents will be returned to the applicant if they are not completed in full.

Salvage Title Fees:

•	Licensed Nevada Automobile Wrecker	No fee
•	Out-of-State Automobile Wrecker	\$10.00
•	Licensed Nevada Salvage Pool	\$10.00
•	In-State or Out-of-State Insurance Companies	\$10.00
•	Out-of-State Vehicle Dealers (must be registered with a Salvage Pool)	\$10.00

An owner of a salvage vehicle may only sell the salvage vehicle to a salvage pool, automobile auction, rebuilder, automobile wrecker, or a new or used automobile dealer. The Authorization for Vehicle Restoration must be obtained prior to the vehicle being rebuilt for vehicles five years old or newer (see page 30). The vehicle must be repaired or restored to operation, complete a RD-64 (see page 31) and have a branded title before the vehicle may be sold to a person other than the businesses listed.

OUT-OF-STATE SALVAGE CERTIFICATES/TITLES

Salvage certificates issued by other states must be properly endorsed and must indicate and document a complete "chain of ownership" for the vehicle.

Contact the Department prior to accepting documents for a salvaged or junked vehicle, as laws from other states vary, and there may be instances where the Department must determine whether the documents can be accepted and whether a Salvage Title can be issued.

RETENTION OF SALVAGE VEHICLES

An insured party (registered owner) may elect to retain a vehicle that has been declared a total loss insurance settlement. The insurance company or authorized agent must obtain the signature of the registered owner on the Application for Salvage Title or Non-Repairable Vehicle Certificate.

The insurance company must apply for a Salvage Title on behalf of the person who is retaining the salvage vehicle. The vehicle may not be sold or transferred until the registered owner has received a Salvage Title.

AUTHORIZATION FOR VEHICLE RESTORATION (FORM RD-209) NRS 487.480

As required by NRS 487.480, the Department will not issue a Certificate of Registration or title for vehicles that have been issued a Salvage Title (if the vehicle is five years old or newer) unless the Department has authorized the restoration of the vehicle. Form RD-209, *Authorization for Vehicle Restoration*, must be completed.

The authorization to restore the vehicle must be obtained prior to the vehicle being rebuilt. Only an authorized Nevada Department of Motor Vehicles Representative may complete the form.

In order to register and/or title the vehicle, the Authorization for Vehicle Restoration, Salvage Title and Certificate of Inspection and Affidavit of Construction for Rebuilt or Specially Constructed Vehicle (RD-64) must be provided. Additional documents may be required as deemed necessary.

*NOTE: Bill of Sale Salvage and Notice of Retention of Salvage Vehicles are obsolete after October 1, 2003.

SECTION III COMPLETING OWNERSHIP DOCUMENTS

Revised June 2007 Section III

DEALER, REBUILDER, OR LESSOR'S REPORT OF SALE OR LEASE (FORM RD-101) Revised 9/2006 NRS 482.423 - 482.424

A Dealer, Rebuilder, or Lessor's Report of Sale or Lease (Form RD-101) is the primary document used to register a vehicle sold or leased to a Nevada resident by a licensed Nevada dealer.

For sales to individuals, the name of the purchaser that appears on the *Dealer or Rebuilder, or Lessor's Report of Sale or Lease* must be the full legal name as it appears on the purchaser's driver's license or state issued identification card.

A Nevada dealer may not issue a *Dealer or Rebuilder, or Lessor's Report of Sale or Lease* to:

- Themselves
- Other dealerships wholesale vehicles to be resold by that dealership
- An out-of-state resident purchasing a vehicle in Nevada
- An out-of-state dealership when handling a sale as a courtesy delivery
- Buyers of off-road vehicles not subject to registration
- For a Recreational Park Trailer. (Recreational Park vehicles are not registered with the Department.)

A Dealer or Rebuilder, or Lessor's Report of Sale or Lease (DRS) is issued the same day the purchase or lease of a vehicle becomes final. The date of transaction cannot be changed.

A dealer must furnish a copy of the DRS to the buyer not less than 10 days before the expiration of the temporary placard, NRS 482.423 and 482.424

A DRS must be issued when another dealer purchases a new or used vehicle for personal or business use that they are not authorized to resell. In addition to issuing a DRS, the selling dealer must collect and remit sales tax.

The DRS must be completed in full and all information on the DRS must match the information contained on the Manufacturer's Certificate of Origin or outstanding title.

The DRS must be typed or printed clearly in ink. If hand-printed, block and upper case letters are recommended.

If an error is made on the DRS, do not use correction fluid or correction tape to correct the information. With the exception of the date of transaction, to correct any error:

- Draw a line through the entire error
- Print or type the correct information above the error
- Stamp or print the dealership's name
- Initial the correction

If any copy of the *Dealer or Rebuilder, or Lessor's Report of Sale or Lease* is lost, **DO NOT ISSUE A SECOND DRS**. Make a photocopy of the lost DRS from the DRS book and write the following statement on the photocopy:

"I hereby certify that this is a true and exact copy of the original."

- The statement must be signed by an authorized agent of the dealership
- The Dealer or Rebuilder, or Lessor's Report of Sale or Lease must include the Dealer's Placard Number issued to the purchaser and the expiration date of the Placard
- After the vehicle is sold, the dealer must submit the required documents to the Department's Carson City office to complete the transfer of ownership
 - o If the vehicle is new, the documents must be submitted within 20 days of the date of transaction
 - If the vehicle is used, the documents must be submitted within 30 days of the date of transaction

Submittals for an extension of time on a *Dealer or Rebuilder, or Lessor's Report of Sale or Lease* may be requested by the dealer (refer to Section X of this guide for additional information).

The DRS consists of three copies distributed as follows:

 The original (white) copy must be attached to all original required title documents and forwarded to:

> Department of Motor Vehicles Attn: Titles 555 Wright Way Carson City, Nevada 89711

- The customer's copy (green) is given to the purchaser. It is used to register the vehicle. The vehicle must be registered within 30 days of the date on the Dealer's Placard. Late fees will be assessed if the vehicle is not registered within the 30-day period. If the 30th day falls on a weekend or a holiday, registration must be completed by the end of the next business day.
- The dealer's copy (yellow) is the dealer's record of sale and must be retained for 3 years from the date of transaction.

Nevada law requires registered owners to maintain insurance coverage on registered vehicles, from an insurance company licensed in the State of Nevada to avoid a \$250 fine.

I INSTRUCTIONS FOR COMPLETING THE DEALER OR REBUILDER, OR LESSOR'S REPORT OF SALE OR LEASE (DRS FORM RD-101)

Below you will find information on the completion of the DRS. Please note; if any information is missing, the DRS will be rejected. If information is found to be missing at the time of registration, the purchaser will be asked to return to the dealership to have the DRS corrected. The title work will also be returned to the dealership for correction. The DRS can be corrected by drawing a line through the incorrect information, then writing the correct information above, or adding the missing data. Use a company stamp, date and sign, or initial on the margin by the correction.

1. Vehicle Identification Number: Completion of Form RD-101 is the dealer's confirmation that a physical inspection of the vehicle identification number was completed. DEALER'S REPORT OF SALE (FORM RD-101) NRS 482.423 - 482.424

A *Dealer's Report of Sale* (Form RD-101) is the primary document used to register a vehicle sold or leased to a Nevada resident by a licensed Nevada dealer.

For sales to individuals, the name of the purchaser that appears on the Dealer's Report of Sale must be the full legal name as it appears on the purchaser's driver's license or identification card.

A Nevada dealer may not issue a Dealer's Report of Sale to:

- Themselves
- Other dealerships wholesale vehicles to be resold by that dealership
- An out-of-state resident purchasing a vehicle in Nevada
- An out-of-state dealership when handling a sale as a courtesy delivery
- Buyers of off-road vehicles not subject to registration
- For a Recreational Park Trailer, these are titled only.

A Dealer's Report of Sale (DRS) is issued the same day the purchase or lease of a vehicle becomes final. The date of sale cannot be changed.

A dealer must furnish a copy of the DRS to the buyer not less than 10 days before the expiration of the temporary placard, NRS 482.423 and 482.424

A DRS should be issued when another dealer purchases a new or used vehicle for personal or business use that they are not authorized to resell. In addition to issuing a DRS, the selling dealer must collect and remit sales tax.

The DRS must be completed in full and all information on the DRS must match the information contained on the Manufacturer's Certificate of Origin or outstanding title.

The DRS must be typed or printed clearly in ink. If hand-printed, block and upper case letters are recommended.

If an error is made on the DRS, do not use correction fluid or correction tape to correct the information. With the exception of the date of sale, to correct any error:

- Draw a line through the entire error
- Print or type the correct information above the error
- Stamp or print the dealership's name
- Initial the correction

If any copy of the Dealer's Report of Sale is lost, **DO NOT ISSUE A SECOND DRS**. Make a photocopy of the lost DRS from the DRS book and write the following statement on the photocopy:

"I hereby certify that this is a true and exact copy of the original."

- The statement must be signed by an authorized agent of the dealership
- The Dealer's Report of Sale must include the Dealer's Report of Sale Placard
 Number issued to the purchaser and the expiration date of the Placard
- After the vehicle is sold, the dealer must submit the required documents to the Department's Carson City office to complete the transfer of ownership
 - o If the vehicle is new, the documents must be submitted within 20 days of the date of sale
 - o If the vehicle is used, the documents must be submitted within 30 days of the date of sale

Submittals for an extension of time on a Dealer's Report of Sale may be requested by the dealer (refer to Section X of this guide for additional information).

The Dealer's Report of Sale consists of three copies distributed as follows:

- The original (white) copy must be attached to all original required title documents and forwarded to the Department's Carson City office, to the attention of the Title Section.
- The customer's copy (green) is given to the purchaser. It is used to register the vehicle. The vehicle must be registered within 30 days of the date of the Dealer's Placard. Late fees will be assessed if the vehicle is not registered within the 30-day period. If the 30th day falls on a weekend or a holiday, registration must be completed by the end of the next business day.
- The dealer's copy (yellow) is the dealer's record of sale and must be retained for at least 3 years from the date of sale.

Nevada law requires registered owners to maintain insurance coverage on registered vehicles, from an insurance company licensed in the State of Nevada to avoid a \$250 fine.

LEASE TERMINATIONS

Lease Assumption means a complete change of registered owner (lessee). The original lessee has turned the vehicle back to the lessor/dealer and it has been leased to another person. The transaction is handled as a new sale or lease.

Lease Buyout (Termination) means a person or business leasing a vehicle that terminates the lease by purchasing the vehicle. This constitutes a sale and is processed as a new transaction.

A Dealer's Report of Sale (DRS) must be completed when a lease is terminated as a result of purchase of a vehicle. If the owner information remains the same as it was during the lease period, the dealer shall:

- Print "Lease Termination" across the top of the DRS
- Attach the completed and properly released Certificate of Title and the \$28.25 title fee
- Submit all three copies of the DRS and the supporting documentation to the Department
- Mark the appropriate box to indicate Sales Tax Collected by Nevada dealers are required to collect sales tax on all retail sales in Nevada, including lease terminations, lease assumption, and lease buy-outs.

The Department's Carson City office will issue a new registration for the vehicle removing the lease information, and mail it to the registered owner. Include \$5 for the new certificate of registration.

If there are changes in the registered owner information, but there is not a complete transfer of ownership or lease assumption, the dealer shall:

- Print "Lease Termination—Correction" across the top of the DRS; and
- Give the green copy of the DRS that shows the modified information to the customer.
- Mark the appropriate box to indicate Sales Tax Collected by Nevada dealers are required to collect sales tax on all retail sales in Nevada, including lease terminations, lease assumption, and lease buy-outs.

The customer will pay the title fee at the time the new registration is issued. The customer retains the original set of license plates.

In all cases, if the vehicle will not be registered, \$20 title fee and \$8.25 title processing fee must be submitted with the title documents when they are sent to the Department's Carson City office.

Note: Please see Section II for Odometer Disclosure Information pertaining to leased vehicles.

LEASE ASSUMPTIONS

A lease assumption is a complete change in the registered owner (lessee). The seller or leasing company handles the transaction as a new sale or lease.

A new Dealer's Report of Sale (DRS) must be issued and submitted with the required documents and title if a licensed Nevada dealer completes the transaction. Mark the appropriate box to indicate Sales Tax Collected. Nevada dealers are required to collect sales tax on all retail sales in Nevada, including lease terminations, lease assumptions, and lease buy-outs.

The purchase price area of the DRS must indicate, "lease assumption."

The dealer must provide the green copy of the DRS to the customer.

The white permit copy of the DRS and original title documents must be submitted by the dealer to the Department's Carson City office.

The \$20.00 title and \$8.25 title processing fees must be submitted with the title documents when they are sent to the Department's Carson City office.

REPOSSESSION AFFIDAVIT (FORM RD-20)

A lienholder, as recorded on a Certificate of Title, may take possession of a vehicle that is in default of the terms of the applicable security agreement. To take such possession, the lienholder must submit the documents and follow the procedures required by Nevada Revised Statutes 482.516 through 482.518 to the Department.

Any person repossessing a vehicle without the knowledge of the registered owner must report the repossession orally to the police or sheriff's office in the county where the repossession is made.

A lienholder must give written notice to the person named as liable on the security agreement of the intent to sell a repossessed vehicle. The written notice must be provided at least 10 days prior to the sale, and must be provided in person or sent by mail to the address as shown on the security agreement. The notice must:

- Inform the person of their right to redeem the vehicle and the total amount required to do so as of the date of the notice
- Inform the person of their privilege of reinstatement of the security agreement, if the lienholder extends such a privilege
- Give notice of the lienholder's intent to resell the vehicle at the expiration of 10 days from the date of the notice
- Disclose the location where the vehicle will be returned to the buyer upon redemption or reinstatement
- Designate the name and address of the person to whom payment must be made

During the period provided under the notice, the person liable on the security agreement may pay the debt in full.

The lienholder must sell the vehicle in a commercially reasonable manner. The proceeds of the sale must be applied in the following order:

- To cover the reasonable expenses of retaking, holding, preparing for sale, selling, and to the extent provided for in the security agreement, reasonable attorney's fees and legal expenses incurred by the secured party
- To satisfy the indebtedness secured by the security interest under which the disposition is made

- To satisfy the indebtedness secured by any subordinate security interest in the collateral if written notification of demand is received before distribution of the proceeds is completed. If requested by the secured party, the holder of a subordinate security interest must furnish reasonable proof of his interest, and unless he does so, the secured party need not comply with his demand
- The payment of any surplus to the debtor

To obtain the Certificate of Title in the lienholder's name for a vehicle that has been repossessed, attach the Repossession Affidavit (Form RD-20) to the outstanding title. The title must be released by the lienholder as shown on the face of the title.

If a vehicle has been resold, usual procedures for transfer of ownership must be followed. The Repossession Affidavit must be submitted with the transfer of ownership documents.

POWER OF ATTORNEY (FORM RD-136)

A power of attorney is a written legal document whereby one individual conveys to another the legal right to act on his or her behalf.

If the right to release interest in a vehicle has been conveyed to another person or firm by power of attorney, the original power of attorney must accompany the title documents, and it must contain a complete description of the vehicle, including the vehicle identification number, year, make and body type.

If a general power of attorney is used to convey an individual's legal rights, a photocopy attached to the title documents is acceptable.

A power of attorney becomes null and void upon the death of the individual who conveyed his or her rights to another.

The power of attorney must be exercised by the person or firm named as representative on the form. To properly exercise the power of attorney, the name of the owner must be listed prior to that of the representative.

Example for an individual:

Sharon Smith by Jane Doe, P of A

Example for a business:

Sharon Smith by Morrison's Garage George Morrison, P of A

The power of attorney must be exercised on the Certificate of Title or document for which the authority was granted. Otherwise, it is null and void.

The power of attorney must be witnessed by a notary public or authorized Nevada Department of Motor Vehicles employee or representative.

When the power of attorney is used to release ownership of a vehicle, the Certificate of Title must be signed in the appropriate area by the individual appointed as power of attorney.

If a specific power of attorney is used to release ownership of a vehicle, a copy is acceptable only if it is a certified copy. The following statement must be included on the copy:

 "I hereby certify that this is a true and exact copy of the original that is being held in our files. I further certify that the original will be available during normal business hours for review by Department of Motor Vehicles personnel if necessary."

If a power of attorney is given to a business, the certification statement must include the business stamp or the printed or typed name of the business, the signature of the individual authorized to act on behalf of the business and the printed or typed name of the person certifying the copy of the specific power of attorney.

A general or specific power of attorney cannot be used to disclose the odometer reading on vehicles nine years old or newer.
