Nevada Department of Motor Vehicles — —

REGISTRATION and TITLE GUIDE

December 2013

PREFACE

The Nevada Department of Motor Vehicles has prepared this guide to assist the motor vehicle industry when conducting business with the Department. It was created as an informational and instructional reference, and attention to the detailed information and examples will ensure proper completion of forms required to register and/or title vehicles in the State of Nevada.

Familiarity with the occupational licensing information and compliance with the licensing requirements will ensure that the business records on file with the Department are accurate and that they reflect the correct status of a business license. A vehicle industry occupational license is considered a privileged license. The business principal is responsible for compliance with all requirements pertaining to the documents submitted to the Department.

If you have any suggestions that may help improved this guide, please provide them in writing to:

SECTION I

GENERAL INFORMATION

GUIDELINES

- Always type or print in black or dark blue ink.
- Owner's full legal name and address information must be recorded on registration and title documents exactly as it reads on the owner's driver's license.
- Ensure the Vehicle Identification Number (VIN), year, make, odometer readings and registered owner and legal owner information are consistent on all documents.
- Signatures must always be handwritten, unless waived by the Department because the submittal is done by electronic means. A printed release will not be accepted unless accompanied by a notarized or witnessed statement (from the person in question) stating the signature is a legal signature.
- Do not use correction fluid or correction tape.
- Do not alter any information on the documents.
- A release should be the same as it appears on title documents, i.e., Elizabeth should sign as Elizabeth.
- All documents must be originals, unless certified to be true copies of the original documents.

VEHICLE IDENTIFICATION NUMBER INFORMATION

Since 1954, American automobile manufacturers have used a Vehicle Identification Number (VIN) to identify and describe a vehicle.

Since 1981, all manufacturers of vehicles sold in the United States are required to use a standardized 17-digit VIN structure. When the department is provided with a vehicle with an 18-digit VIN, the VIN will be verified before the vehicle information is entered.

Variations exist in the location of a VIN and in the systems used for a VIN; they may vary by year of manufacture and between manufacturers.

A VIN should always be verified by a physical inspection of the vehicle.

VIN Schematic/Description

Position	Description
1-3	Manufacturer Identifier
4	Restraint System Type
5	Manufacturer Specification
6	Line, Series, Body Type
7-8	Engine Type

- 1st Character: Identifies the country in which the vehicle was manufactured, i.e., USA (1 or 4), Canada (2), Mexico (3), Japan (J), Korea (K), England (S), Germany (W), Italy (Z).
- 2nd Character: Identifies the manufacturer, i.e., Audi (A), BMW (B), Buick (4), Cadillac (6), Chevrolet (1), Chrysler (C), Dodge (B), Ford (F), GM Canada (7), General Motors (G), Honda (H), Jaguar (A), Lincoln (L), Mercedes Benz (D), Mercury (M), Nissan (N), Oldsmobile (3), Pontiac (2 or 5), Plymouth (P), Saturn (8), Toyota (T), VW (V), Volvo (V).
- 3rd Character: Identifies the vehicle type or manufacturing division.
- 4th to 8th Characters: Identifies vehicle features such as body style, engine type, model, series, etc.
- 9th Character: Identifies the VIN accuracy as a check digit.
- 10th Character: Identifies the model year, i.e., 1988 (J), 1989 (K), 1990 (L), 1991 (M), 1992 (N), 1993 (P), 1994 (R), 1995 (S), 1996 (T), 1997 (V), 1998 (W), 1999 (X), 2000 (Y), 2001 (1), 2002 (2), 2003 (3), 2004 (4), 2005 (5), 2006 (6), 2007 (7), 2008 (8), 2009 (9), 2010 (A), 2011 (B), 2012 (C), 2013 (D), 2014 (E), 2015 (F), 2016 – 2029 use G thru X – 2030 (Y), and 2031-2039 use digits 1 thru 9.
- 11th Character: Identifies the assembly plant for the vehicle.
- 12th to 17th Characters: Identifies the sequence of the vehicle for production as it rolled off of the manufacturer's assembly line.

IMPORTANCE OF ACCURACY

The Department of Motor Vehicles uses the VIN as the primary identifier for entry and retrieval of records. It is therefore critical that all documents are completed using the correct VIN.

TO AVOID ERRORS:

- Use the entire VIN at all times.
- Ensure the VIN is entered or recorded accurately. It is best to use block letters.
- If the VIN is handwritten, try to avoid the following most common errors:

<u>LETTER</u>	<u>MAY BE MISTAKEN FOR</u>
B	13 or 8
D	0
G	6 or C
J	T or I or 5
R	K
S	5
Y	4 or H
Z	2 or a 7 on a line

“I” and “1” are often confused. The letter “I” is rarely used in a VIN.

The letter “O” is never used in a VIN, with the exception of state assigned VINs, such as those that are assigned by the states of Colorado (i.e., COLO123456) or Missouri (DR000000MO or DRMVB0000000000MO).

NOTARIES PUBLIC

A licensed Nevada dealer's signature is not required to be acknowledged by a Notary Public on documents the dealer must file with the Department, except in regard to deposit in lieu of a bond. Nevada Revised Statutes (NRS) 482.3275

If a document must be notarized, the provisions of NRS 240.010 through 240.150 must be followed.

A Notary Public may not perform any act authorized by NRS 240.065 if he or she:

1. Executed or is named in the instrument acknowledged or sworn to;
2. Will receive directly from a transaction relating to the instrument any commission, fee, advantage, right, title or interest, property or other consideration in excess of the authorized fees; or
3. Is related to the person whose signature is to be acknowledged or sworn to as a spouse, sibling, or lineal ancestor or descendant.

ATTEMPT TO CONTACT

If the Department of Motor Vehicles requires evidence of an “Attempt to Contact” the owner or lienholder of a vehicle, you must do the following:

- Write to the owner of record asking them to sign the enclosed documents (Bill of Sale, Application for Duplicate Title etc., depending on the requirements) in front of a Notary or to contact you. Caution: Do not mail original ownership documents that are in your possession. Mail photocopies of the ownership documents.
- If you need a signature on an original document, and it is a secure document (i.e., Secure Power of Attorney, Title) a photocopy is not acceptable.
- Send the letter by “Certified Mail – Return Receipt Requested.” Keep the payment receipt, issued to you by the Post Office, with your records. Retain copies of everything you mail.
- If the letter is returned with a forwarding address filed with the U.S. Postal Service, resend the letter to the forwarding address by “Certified Mail – Return Receipt Requested.”
- If the letter is returned to you as “Undeliverable,” do not open it; or
- If you receive a signed Post Office Receipt showing the letter was received and fifteen (15) days have passed since the date of receipt:
 - Bring all documents for the vehicle, along with the returned letter or the signed receipt, to the Department of Motor Vehicles.
 - At that time, the Department of Motor Vehicles should be able to assist you with the vehicle registration and titling of the vehicle.
- If the former owner(s) contact you and provide you with the necessary signatures, the receipt or returned letter is not needed.
- Prior to being issued a vehicle registration or title, you will need to have a Vehicle Identification Number Inspection VP-15 completed on the vehicle.

MOTOR HOMES

Motor homes are vehicles described as permanently attached to a chassis and are designed for use as temporary living quarters. Nevada Revised Statutes define three types of motor homes.

Note: The legal maximum width of a recreational vehicle is 102 inches excluding mirrors, lights and other devices required for safety; and an awning and any hardware used to attach the awning, but it cannot extend beyond any mirror.

Mini motor home (NRS 482.066): A vehicular-type unit designed for temporary living quarters for travel, camping or recreational use, which is:

1. A structure attached permanently on a self-propelled chassis; or
2. A portable unit designed to be affixed permanently to a truck chassis with cab, which is designated as a mini motor home by the manufacturer.

Motor home (NRS 482.071): A structure:

1. Attached permanently to a self-propelled motor vehicle chassis;
2. Designed as a temporary dwelling for travel, recreational or camping use; and
3. When assembled for the road, having a maximum body width of 102 inches.

Chassis-mount camper (NRS 482.0151):

A portable unit designed to be permanently affixed to a truck chassis and cab, and so constructed as to provide temporary living quarters for travel, camping or recreational use.

In all cases, the chassis/frame number is used as the vehicle identification number (VIN). The make of the vehicle is the motor home name, not the chassis/frame manufacturer.

Example: Winnebago makes the Itasca and Fleetwood makes the Tioga. The makes are therefore Itasca and Tioga; Winnebago and Fleetwood are not used.

The vehicle year is established by the manufacturer on the vehicle's original documentation.

In all cases, the vehicle length must be included on the registration and title documents as part of the vehicle description.

Recreational park trailer (NRS 482.1005) means a vehicle, which is primarily designed to provide temporary living quarters for recreational, camping or seasonal use and which:

1. Is built on a single chassis mounted on wheels;

2. Has a gross trailer area not exceeding 400 square feet in the set-up mode; and
3. Is certified by the manufacturer as complying with Standard No. A119.5 of the American National Standards Institute.

Note: The Department will only issue a title to a Recreational Park Trailer over 102 inches. Moving a Recreational Park Trailer requires a special movement permit issued by the Department of Transportation.

TRANSMITTALS TO THE DEPARTMENT

Include two copies of the transmittal form, when mailing title documents to the Department. Both copies of the transmittal form will be date stamped upon receipt; one form will be returned to the submitting business and the second retained by the Department for its records.

The transmittal form must be completed in full, and must identify the name and address of the business.

The transmittal form should also be used when resubmitting title documents that were returned by the Department for correction or because of the need for additional information. In cases where title documents are resubmitted, write "RESUBMITTAL" in red across the top of the transmittal form, and include any correspondence provided by the Department. Re-submittals will take priority in processing.

Please note the Department does not supply the transmittal form. However, the sample form details the information that must be provided when submitting title documents to the Department.

SHORT-TERM LESSORS 6-PERCENT GOVERNMENTAL SERVICES FEE CHARGED ON RENTAL OF PASSENGER VEHICLES

Upon the lease of a passenger car by a short-term lessor in this state, NRS 482.313 requires the short-term lessor to charge and collect from the short-term lessee a fee of 6 percent of the total amount for which the passenger car was leased, excluding any taxes or other fees imposed by a governmental entity.

- The amount of the fee must be included in the lease agreement and listed separately from all other charges.
- The fee must be identified as “Governmental Services Fee” and must be submitted quarterly to the Nevada Department of Taxation.

The Department of Taxation will mail a *Passenger Car, Governmental Services Fee Return* (Form STS) to each short-term lessor prior to the end of each calendar quarter.

The *Passenger Car, Governmental Services Fee Return* (Form STS) must be completed in full by short-term lessors reporting leases of passenger vehicles by listing the total dollar amount of all leases on which the 6-percent fee was charged during the previous calendar quarter. The return form must be filed even if no leases were made or fees collected. Two sets (an original and duplicate) of the return forms must be submitted to the Department of Taxation, along with the remittance of fees, on or before the end of the next month following the end of the calendar quarter.

The records, receipts, invoices and other pertinent papers documenting the leases must be available at all times during normal business hours for examination and copying by the Nevada Department of Taxation or the Nevada Department of Motor Vehicles or its authorized agents.

The records, receipts, invoices and other pertinent papers must be preserved intact for at least four years after the date the record, receipt, invoice or paper was made.

If you have any questions, please contact State of Nevada, Department of Taxation.

OWNERSHIP DOCUMENTS

AND FORMS

MANUFACTURER'S CERTIFICATE OF ORIGIN NRS 482.423

Manufacturer's Statement of Origin/Certificate of Origin (MSO/MCO) means a document similar to a certificate of title or certificate of ownership issued by a manufacturer that must be completed and executed by the seller of a new vehicle when the vehicle is sold or leased for a fixed period of more than 31 days for the first time.

The Manufacturer's Certificate of Origin (MCO or MSO) must be assigned by the manufacturer to the dealer, and properly reassigned by the dealer to the purchaser of the vehicle.

The MCO or MSO is a secure document, which means there are security features contained on it that prevent erasing, altering or unauthorized reproduction.

Security features may include:

- Intaglio printing—a printing process where an engraved plate meets the paper under extremely high pressure forcing the paper into the incisions below the surface of the plate.
- High-resolution printing—a printing process that achieves excellent art clarity and detail quality approaching that of the intaglio process.
- Security paper—paper containing a security watermark and/or a security thread.
- Erasure-sensitive background inks—a process whereby the text is printed in a dark color ink over a fine line erasure-sensitive prismatic ink tint.
- Security paper—paper that has been chemically treated to detect chemical alterations.

MANUFACTURER'S CERTIFICATE OF ORIGIN (FRONT)

The MCO contains the following:

1. Date – The date the MCO was completed by the manufacturer
2. Description of Vehicle – Must be completed by the manufacturer
3. Dealer or Distributor – The name of the dealer or distributor the vehicle was initially delivered to
4. Issuing Manufacturer's Information – The name and address of the manufacturer and the original signature of the manufacturer's authorized representative

NEVADA CERTIFICATE OF TITLE
NRS 482.285 and 482.400

There are currently several valid styles of Nevada Certificates of Title (Form VP-2) in circulation. For the purpose of this guide, only the four most recent styles will be addressed (Revision 8/10, 1/06, 10/01, and 10/96).

The registered owner or seller must sign the Certificate of Title exactly as the name appears on the face of the Certificate of Title:

- If there is more than one registered owner or seller, joined by “and,” the signature of each registered owner or seller is required.
- If there is more than one registered owner or seller, joined by “and/or” or “or,” only one of the owner or seller’s signature is required.
- If there is more than one registered owner or seller, and not joined by “and” or “and/or” or “or” the signature of each registered owner or seller is required. The Department considers no name indicator as “and” in these cases.
- If the owner or seller information is in the name of a business, the name of the business must appear along with the signature of an authorized business representative.

Buyer information must be completed indicating exactly how the new Certificate of Title is to read, and it must show the buyer’s full legal name.

10. Vehicle Color: Nevada does not print this information at this time.
11. Odometer Brand: The actual status of the odometer reading.
 - A. Actual Mileage; the miles shown on the odometer are the exact miles the vehicle has been driven, required for all vehicles that are nine years and newer and do not meet exemptions in Title 49 Odometer Disclosure.
 - B. Exceeds Mechanical Limits; the vehicle has traveled more miles than the odometer is capable of showing.
 - C. Warning Odometer Discrepancy; the odometer reading is not the actual mileage (the odometer may have been broken or a new odometer may have been installed).
 - D. Exempt; the vehicle is ten years old or older or meets the exemption qualifications in Title 49 Odometer Disclosure.
12. Brands: The description of a vehicle. When more than one brand applies, those brands will be listed:

This is the name that will be recorded on the vehicle registration certificate and Certificate of Title when created. Customers purchasing a vehicle(s) for a business are not required to present their business license.
- Note:
- If the registration is to read "doing business as" enter "DBA" preceding the business name.

APPLICATION FOR DUPLICATE NEVADA CERTIFICATE OF TITLE (FORM VP-12)

If a Nevada Certificate of Title has been lost, stolen or mutilated, a duplicate Nevada Certificate of Title may be obtained by completing the Application for Duplicate Nevada Certificate of Title.

The *Application for Duplicate Certificate of Title* (Form VP-12) must be completed in full and submitted by the owner of record on file with the Department. The application must be signed and witnessed by a notary public or an authorized Nevada Department of Motor Vehicles representative.

The “Registered Owner(s)” and “Lienholder” areas must be completed exactly as shown on the current title record. If the original Certificate of Title was issued with “and” between the registered owner’s names, all owners must sign the application. If the original Certificate of Title was issued without an indicator such as “and” or “or” then all owners must sign the application. The Department considers the lack of a name indicator as “and” in these cases.

If a lienholder is applying for the duplicate Certificate of Title, the lienholder must complete the application.

The “Requested By” area must be completed if the duplicate Certificate of Title is to be mailed to a different address or person. A letter of authorization is also needed unless the requestor is a licensed Nevada Dealer.

An odometer certification is not required for a duplicate Certificate of Title; however, a new odometer reading should be recorded whenever possible on vehicles that are 9 years old or newer, subject to the Federal Truth-In-Mileage Act.

If the lien on the vehicle has been satisfied, a notarized lien release signed by the lienholder is required.

If an original Nevada Certificate of Title was never received, a *Lost Title Affidavit* (Form VP-206) must also be completed in full, notarized or witnessed by an authorized Nevada DMV representative, and submitted with the Application for a Duplicate Nevada Certificate of Title.

LOST TITLE AFFIDAVIT (FORM VP-206)

A Lost Title Affidavit must be completed and accompany the Application for Duplicate Nevada Certificate of Title If an original Nevada Certificate of Title was never received.

The Lost Title Affidavit (Form VP-206) must be completed in full and submitted by the owner of record on file with the Department. The affidavit must be signed and witnessed by a notary public or an authorized Nevada Department of Motor Vehicles representative.

ODOMETER MILEAGE DISCLOSURE NRS 482.245, NRS 484D.300 to 484D.345

Federal and state laws and regulations require an odometer disclosure be completed upon transfer of ownership for vehicles 9 years old or newer.

The odometer disclosure must be made in writing on the secure title document or on the secure reassignment document if one is used to reassign a title.

If the vehicle has never been titled, i.e., a new vehicle or one coming into the country for the first time, the disclosure should be made on a separate document. This document does not need to be secure, however, the same person (person includes company or corporation) cannot sign the disclosure as both the transferee and transferor.

The seller and purchaser must jointly attest to the odometer reading shown on the vehicle's odometer apparatus at the time of transfer of ownership of the vehicle.

If the odometer reading is not the actual mileage of the vehicle, the appropriate designation must be made on the odometer disclosure.

If a vehicle does not have an odometer, the disclosure must include a statement to that effect, and the true mileage of the vehicle is not known.

An odometer disclosure must be completed when an out-of-state vehicle is titled for the first time in Nevada, even if there is no ownership change.

An odometer disclosure must include:

- The printed name and signature of each buyer and seller (the buyer and seller cannot be the same person)
- The current address of each buyer and seller
- A complete vehicle description (make, model, year, body type and VIN)
- The current odometer reading, excluding tenths
- The date of the transfer of ownership

A Secure Power of Attorney must be used to disclose the mileage of the vehicle when a Certificate of Title or ownership is physically held by a lienholder or when a duplicate Certificate of Title or ownership is applied for. **Refer to the Secure Power of Attorney section for additional information.**

The original copy of the odometer disclosure statement must be submitted to the Department with the title documents.

LEASED VEHICLES

Before a transfer of ownership is documented, each lessor of a leased motor vehicle shall notify the lessee in writing the lessee is required to provide a written odometer disclosure to the lessor regarding the mileage. The disclosure may be made on either the Certificate of Title, or if the reassignment area is filled, using the Dealer Reassignment of Title form. This disclosure must contain a reference to the federal law and must state that failure to complete or providing false information may result in fines and/or imprisonment. Reference may also be made to applicable state law.

The disclosure must be signed by both the lessee and lessor.

REPOSSESSED VEHICLES

The odometer reading for vehicles that have been repossessed must be reported by the legal owner of the vehicle (lienholder).

UNRECOVERED STOLEN VEHICLES

Vehicles that are transferred to an insurance company when a payoff is made on an unrecovered stolen vehicle are exempt from the odometer disclosure requirements due to the unavailability of the vehicle.

MILES VERSUS KILOMETERS

To accurately reflect the true reading of the odometer apparatus, the documents (title, reassignment, etc.) should indicate whether the odometer records the distance traveled in miles or kilometers.

When the title is processed, the kilometers will be converted to miles. The kilometers are multiplied by 0.6214 then round to the nearest whole number, the answer is used as the miles.

SECURE POWER OF ATTORNEY

A *Secure Power of Attorney* (VP-221) is used when a Certificate of Title is physically held by a lienholder, or when a Certificate of Title has been lost. The owner of a vehicle may give power of attorney to a buyer for the purpose of mileage disclosure. The authorization to do so must be conveyed by a secure power of attorney.

The Secure Power of Attorney form may be purchased from any Field Services Office of the Department of Motor Vehicles. This is a \$.50 fee for each form.

Erasures, corrections or the use of correction fluid to correct any information other than an address void the form. If a correction to an address is made, an Erasure Affidavit (Form VP-19) must be completed and attached to the Secure Power of Attorney. The Erasure Affidavit cannot be used for errors made to the Odometer statement.

The buyer and the seller must retain a copy of the statement.

OUT-OF-STATE SALVAGE CERTIFICATES/TITLES

Salvage certificates issued by other states must be properly endorsed and must indicate and document a complete “chain of ownership” for the vehicle.

Contact the Department prior to accepting documents for a salvaged or junked vehicle, as laws from other states vary, and there may be instances where the Department must determine whether the documents can be accepted and whether a Salvage Title can be issued.

RETENTION OF SALVAGE VEHICLES

An insured party (registered owner) may elect to retain a vehicle that has been declared a total loss insurance settlement. The insurance company or authorized agent must obtain the signature of the registered owner on the Application for Salvage Title or Non-Repairable Vehicle Certificate.

The insurance company must apply for a Salvage Title on behalf of the person who is retaining the salvage vehicle. The vehicle may not be sold or transferred until the registered owner has received a Salvage Title.

AUTHORIZATION FOR VEHICLE RESTORATION (FORM VP-209) NRS 487.480

As required by NRS 487.480, the Department will not issue a Certificate of Registration or title for vehicles that have been issued a Salvage Title (if the vehicle is five years old or newer) unless the Department has authorized the restoration of the vehicle. Form VP-209, *Authorization for Vehicle Restoration*, must be completed.

The authorization to restore the vehicle must be obtained prior to the vehicle being rebuilt. Only an authorized Nevada Department of Motor Vehicles Representative may complete the form.

In order to register and/or title the vehicle, the Authorization for Vehicle Restoration, Salvage Title and Certificate of Inspection/Affidavit of Vehicle Construction for Rebuilt or Specially Constructed Vehicles (VP-64 or VP-64M) must be provided. Additional documents may be required as deemed necessary.

If any safety equipment that was present in a motor vehicle at the time it was manufactured is repaired or replaced, the equipment must be repaired or replaced to the standards published and commonly applied in the motor vehicle repair industry.

If a motor vehicle has been in an accident and a garageman or operator of a body shop accepts or rebuilder assumes control of the motor vehicle to make any repair, the garageman or operator shall:

OWNERSHIP DOCUMENTS

DEALER, REBUILDER, OR LESSOR'S REPORT OF SALE OR LEASE
(FORM VP-101) Revised 9/2006
NRS 482.423 - 482.424

A *Dealer, Rebuilder, or Lessor's Report of Sale or Lease* (DRS) is the primary document used to register a vehicle sold or leased to a Nevada resident by a licensed Nevada dealer.

For sales to individuals, the name of the purchaser that appears on the DRS must be the full legal name as it appears on the purchaser's driver's license or state issued identification card.

A Nevada dealer may not issue a DRS to:

- Themselves
- Other dealerships – wholesale vehicles to be resold by that dealership
- An out-of-state resident purchasing a vehicle in Nevada
- An out-of-state dealership when handling a sale as a courtesy delivery
- Buyers of off-road vehicles not subject to registration
- For a Recreational Park Trailer. (Recreational Park vehicles are not registered with the Department.)

A DRS is issued the same day the purchase or lease of a vehicle becomes final. The date of transaction cannot be changed.

A dealer must furnish a copy of the DRS to the buyer not less than 10 days before the expiration of the temporary placard, NRS 482.423 and 482.424

A DRS must be issued when another dealer purchases a new or used vehicle for personal or business use that they are not authorized to resell. In addition to issuing a DRS, the selling dealer must collect and remit sales tax.

The DRS must be completed in full and all information on the DRS must match the information contained on the Manufacturer's Certificate of Origin or outstanding title.

The DRS must be typed or printed clearly in ink. If hand-printed, block and upper case letters are recommended.

If an error is made on the DRS, do not use correction fluid or correction tape to correct the information. With the exception of the date of transaction, to correct any error:

- Draw a line through the entire error
- Print or type the correct information above the error
- Stamp or print the dealership's name
- Initial the correction

If any copy of the DRS is lost, **DO NOT ISSUE A SECOND DRS**. Make a photocopy of the lost DRS from the DRS book and write the following statement on the photocopy:

“I hereby certify that this is a true and exact copy of the original.”

- The statement must be signed by an authorized agent of the dealership
- The DRS must include the Dealer’s Placard Number issued to the purchaser and the expiration date of the Placard
- After the vehicle is sold, the dealer must submit the required documents to the Department’s Carson City office to complete the transfer of ownership
 - If the vehicle is new, the documents must be submitted within 20 days of the date of transaction
 - If the vehicle is used, the documents must be submitted within 30 days of the date of transaction

INSTRUCTIONS FOR COMPLETING THE DEALER OR REBUILDER, OR LESSOR'S REPORT OF SALE OR LEASE (DRS FORM VP-101)

Below you will find information on the completion of the DRS. Please note; if any information is missing, the DRS will be rejected. The DRS can be corrected by drawing a line through the incorrect information, then writing the correct information above, or adding the missing data. Use a company stamp, date and sign, or initial on the margin by the correction.

RD101 (Rev. 9/2006)

LEASE TERMINATIONS

Lease Assumption means a complete change of registered owner (lessee). The original lessee has turned the vehicle back to the lessor/dealer and it has been leased to another person. The transaction is handled as a new sale or lease.

Lease Buyout (Termination) means a person or business leasing a vehicle that terminates the lease by purchasing the vehicle. This constitutes a sale and is processed as a new transaction.

A Dealer's Report of Sale (DRS) must be completed when a lease is terminated as a result of purchase of a vehicle. If the owner information remains the same as it was during the lease period, the dealer shall:

- Print "Lease Termination" across the top of the DRS
- Attach the completed and properly released Certificate of Title and the \$28.25 title fee
- Submit all three copies of the DRS and the supporting documentation to the Department
- Mark the appropriate box to indicate Sales Tax Collected by Nevada dealers are required to collect sales tax on all retail sales in Nevada, including lease terminations, lease assumption, and lease buy-outs.

The Department's Carson City office will issue a new registration for the vehicle removing the lease information, and mail it to the registered owner. Include \$5 for the new certificate of registration.

If there are changes in the registered owner information, but there is not a complete transfer of ownership or lease assumption, the dealer shall:

- Print "Lease Termination—Correction" across the top of the DRS; and
- Give the green copy of the DRS that shows the modified information to the customer.
- Mark the appropriate box to indicate Sales Tax Collected by Nevada dealers are required to collect sales tax on all retail sales in Nevada, including lease terminations, lease assumption, and lease buy-outs.

The customer will pay the title fee at the time the new registration is issued. The customer retains the original set of license plates.

In all cases, if the vehicle will not be registered, \$20 title fee and \$8.25 title processing fee must be submitted with the title documents when they are sent to the Department's Carson City office.

Note: Please see Section II for Odometer Disclosure Information pertaining to leased vehicles.

LEASE ASSUMPTIONS

A lease assumption is a complete change in the registered owner (lessee). The seller or leasing company handles the transaction as a new sale or lease.

A new Dealer's Report of Sale (DRS) must be issued and submitted with the required documents and title if a licensed Nevada dealer completes the transaction. Mark the appropriate box to indicate Sales Tax Collected. Nevada dealers are required to collect sales tax on all retail sales in Nevada, including lease terminations, lease assumptions, and lease buy-outs.

The purchase price area of the DRS must indicate, "lease assumption."

The dealer must provide the green copy of the DRS to the customer.

The white permit copy of the DRS and original title documents must be submitted by the dealer to the Department's Carson City office.

The \$20.00 title and \$8.25 title processing fees must be submitted with the title documents when they are sent to the Department's Carson City office.

SELLING GOVERNMENTAL AGENCY VEHICLES

NRS 372.040, 372.055, and 372.325

Dealer licensed to auction:

One or more of your auctioneers may be hired or contracted to assist a governmental agency with the sale or liquidation of one or more of their vehicles.

- Sign onto the title

IMPORTANT: Nevada sales tax exemptions apply to Nevada Government and U.S. Government vehicles only. Government vehicles (state owned) from other states that are brought into Nevada for retail sale, when sold by a licensed dealer or licensed dealer auction, are subject to the collection of sales tax.

Note: Sales tax exemptions only apply to the first sale of U.S. Government owned vehicles being sold, no matter where they are sold or purchased.

Government vehicles (owned by another state) that are purchased in another state and not registered in that state, then brought to Nevada to be registered, are subject to Nevada state sales tax.

Dealer licensed to auction:

One or more of your auctioneers are hired or contracted to assist a governmental agency with the sale or liquidation of one or more of their vehicles.

If the fee is a commission, fee, or other form of compensation derived or associated with the sale of each vehicle or group of vehicles; or the fee is for the sale of each vehicle from each buyer, YOU MUST:

Important: Pursuant to NAC 445B.575: If a vehicle is required by state or federal law to be equipped with an emission device and that device is missing or inoperable, the vehicle cannot be displayed or offered for sale to the public.

However, it may be sold to a Nevada licensed vehicle dealer or auto wrecker. The purchasing dealer should be provided with a written disclosure from the selling dealer advising the purchasing dealer the vehicle is missing the required emission device or that the device is inoperable.

The vehicle may be sold to a Nevada licensed auto wrecker without that disclosure.

ONE AND THE SAME AFFIDAVIT (FORM VP-185)

The One and the Same Affidavit (Form VP-185) is used when an individual is known by more than one name, either the first name or the last name.

The One and the Same Affidavit must be completed in full, and must indicate the county where the form is completed.

The One and the Same Affidavit must be witnessed by a Notary Public or an authorized Nevada DMV representative.

REPOSSESSION AFFIDAVIT (FORM VP-20)

A lienholder, as recorded on a Certificate of Title, may take possession of a vehicle that is in default of the terms of the applicable security agreement. To take such possession, the lienholder must submit the documents and follow the procedures required by Nevada Revised Statutes 482.516 through 482.518 to the Department.

Any person repossessing a vehicle without the knowledge of the registered owner must report the repossession orally to the police or sheriff's office in the county where the repossession is made.

A lienholder must give written notice to the person named as liable on the security agreement of the intent to sell a repossessed vehicle. The written notice must be provided at least 10 days prior to the sale, and must be provided in person or sent by mail to the address as shown on the security agreement. The notice must:

- Inform the person of their right to redeem the vehicle and the total amount required to do so as of the date of the notice
- Inform the person of their privilege of reinstatement of the security agreement, if the lienholder extends such a privilege
- Give notice of the lienholder's intent to resell the vehicle at the expiration of 10 days from the date of the notice
- Disclose the location where the vehicle will be returned to the buyer upon redemption or reinstatement
- Designate the name and address of the person to whom payment must be made

During the period provided under the notice, the person liable on the security agreement may pay the debt in full.

The lienholder must sell the vehicle in a commercially reasonable manner. The proceeds of the sale must be applied in the following order:

- To cover the reasonable expenses of retaking, holding, preparing for sale, selling, and to the extent provided for in the security agreement, reasonable attorney's fees and legal expenses incurred by the secured party
- To satisfy the indebtedness secured by the security interest under which the disposition is made

- To satisfy the indebtedness secured by any subordinate security interest in the collateral if written notification of demand is received before distribution of the proceeds is completed. If requested by the secured party, the holder of a subordinate security interest must furnish reasonable proof of his interest, and unless he does so, the secured party need not comply with his demand
- The payment of any surplus to the debtor

To obtain the Certificate of Title in the lienholder's name for a vehicle that has been repossessed, attach the Repossession Affidavit (Form VP-20) to the outstanding title. The title must be released by the lienholder as shown on the face of the title.

If a vehicle has been resold, usual procedures for transfer of ownership must be followed. The Repossession Affidavit must be submitted with the transfer of ownership documents.

POWER OF ATTORNEY (FORM VP-136)

A Power of Attorney is a written legal document whereby one individual conveys to another the legal right to act on his or her behalf.

If the right to release interest in a vehicle has been conveyed to another person or firm by Power of Attorney, the original Power of Attorney must accompany the title documents, and it must contain a complete description of the vehicle, including the vehicle identification number, year, make and model.

If a general Power of Attorney is used to convey an individual's legal rights, a photocopy attached to the title documents is acceptable.

A Power of Attorney becomes null and void upon the death of the individual who conveyed his or her rights to another.

The Power of Attorney must be exercised by the person or firm named as representative on the form. To properly exercise the Power of Attorney, the name of the owner must be listed prior to that of the representative.

- Example for an individual:

Sharon Smith by *Jane Doe, P of A*

- Example for a business:

Sharon Smith by Morrison's Garage *George Morrison, P of A*

The Power of Attorney must be exercised on the Certificate of Title or document for which the authority was granted. Otherwise, it is null and void.

The Power of Attorney must be witnessed by a Notary Public or authorized Nevada Department of Motor Vehicles employee or representative. A licensed Nevada dealer's signature is not required to be acknowledged by a Notary Public on documents the dealer must file with the Department, except in regard to deposit in lieu of bond. (NRS 482.3275)

When the Power of Attorney is used to release ownership of a vehicle, the Certificate of Title must be signed in the appropriate area by the individual appointed as Power of Attorney.

If a specific power of attorney is used to release ownership of a vehicle, a copy is acceptable only if it is a certified copy. The following statement must be included on the copy:

- “I hereby certify that this is a true and exact copy of the original that is being held in our files. I further certify the original will be available during normal business hours for review by Department of Motor Vehicles personnel if necessary.”

If a power of attorney is given to a business, the certification statement must include the business stamp or the printed or typed name of the business, the signature of the individual authorized to act on behalf of the business and the printed or typed name of the person certifying the copy of the specific power of attorney.

A general or specific power of attorney cannot be used to disclose the odometer reading on vehicles nine years old or newer.

TRANSFER ON DEATH (FORM VP-239)

Transfer on Death allows vehicle owners to add or remove a beneficiary to their title. A title fee, the title, and the application must be submitted to the Department Motor Vehicles to make this change. A new Nevada title will be issued with the beneficiary's name and the "Transfer on Death" designation.

Only one beneficiary can be on the title. A beneficiary cannot be added to the title when there is a lienholder or ownership is designated as "Tenants in Common." The beneficiary does not have interest or control of the vehicle. If a lienholder is added to the title at a later time, the beneficiary will be removed from the title.

To transfer the ownership to the beneficiary, the beneficiary must submit the title (if available), title fee, and certified death certificate of the vehicle's legal owner(s). If more than one owner is on the title, the beneficiary cannot become the vehicle owner until all owners are deceased.

The Nevada Certificate of Title will be branded "Non-US Vehicle" to provide notice to future owners that the vehicle was a foreign or gray market vehicle.

For more information, you may reference the National Automobile Dealers Association (N.A.D.A.) Title and Registration Text Book, PO Box 7800, Costa Mesa, CA 92628, phone number 800-966-6232.

MILES VERSUS KILOMETERS

To accurately reflect the true reading of the odometer apparatus, the documents (title, reassignment, etc.) should indicate whether the odometer records the distance traveled in miles or kilometers.

When the title is processed, the kilometers will be converted to miles. The kilometers are multiplied by 0.6214 then rounded to the nearest whole number; the result is used as the miles.

CANADIAN VEHICLES

A Canadian vehicle is a vehicle that has been previously registered or titled in Canada, or ownership for the vehicle has been filed in Canada.

Documents required to register and title a Canadian vehicle include:

- Current Canadian registration
- A completed Vehicle Inspection Certificate (Form VP-15)
- The results of the lien search from the province where the vehicle was last registered
- The original copy of the notarized lien release, if applicable

SECTION V

REGISTRATION INFORMATION

GENERAL REGISTRATION INFORMATION

The following information is provided so you can assist your customers with Nevada's vehicle registration requirements.

Registration requirements include Nevada liability insurance, a passing emission control certificate when the vehicle is registered in Clark and Washoe Counties, odometer disclosure statements when applicable and payment of sales tax or proof that sales tax in Nevada has been paid.

Nevada law requires registered owners to maintain Nevada insurance coverage on registered vehicles, from a licensed Nevada insurance carrier to avoid a \$250 fine.

Note: An insurance company must be licensed through the State of Nevada, Department of Insurance and approved by the Department of Motor Vehicles to sell vehicle insurance policies in Nevada.

- Minimum insurance amount is:
 - \$15,000 for bodily injury to or death of one person in any one accident;
 - Subject to the limit for one person, in the amount of \$30,000 for bodily injury to or death of two or more persons in any one accident; and
 - \$10,000 for injury to or destruction of property of others in any one accident.

VEHICLE REGISTRATION FEES

Nevada Revised Statutes 482.205 requires that every owner of a vehicle intended to be operated on any Nevada highway apply to the Department or a registered dealer to obtain a valid registration before the vehicle can be operated on Nevada highways.

All vehicles with a declared gross weight in excess of 26,000 pounds must be registered with the Motor Carrier Division. The Motor Carrier Division may prorate new vehicle registrations only for 100% Nevada based vehicles for the balance of the year (if the carrier can prove they did not run prior to registering).

Owners of fleet vehicles (10 or more vehicles) may be registered on a calendar year basis, with the registrations expiring on December 31.

REGISTRATION FEES

Registration fees established by NRS 482.480, 482.482 and 482.483 are as follows:

- Passenger Vehicles \$ 33.00
- Motorcycles 39.00
(registration fee \$33 and \$6 for motorcycle education)
- Travel Trailer 27.00
- Golf Cart 10.00

 - 26,001 to 80,000 lbs 17.00
per thousand pounds or portion thereof

GOVERNMENTAL SERVICES TAXES

Governmental Services Taxes, as required by NRS 371.050, are also due and payable at the time of a vehicle registration. These taxes are based on 35 percent of the Manufacturer's Suggested Retail Price (MSRP) of the vehicle, excluding options and extras, when the vehicle was first offered for sale in Nevada.

Buses, trucks, truck tractors or vehicle combinations having a declared gross weight of 10,000 pounds or more, and trailers and semi-trailers having an unladen weight of 4,000 pounds or more, may be assessed at 85 percent of the original purchase price, in lieu of the MSRP.

The original value of the vehicle may be based on \$.50 per pound, if the Department is unable to determine the original MSRP in Nevada, or the original retail price.

Governmental Services Taxes are based on \$.04 for each \$1.00 of valuation of the vehicle as determined by the Department (NRS 371.040). Vehicles are depreciated for the purpose of the governmental services taxes annually until the vehicle is nine years old. Buses, trucks or truck tractors having a declared gross weight of 10,000 pounds or more and each trailer or semi-trailer having an unladen weight of 4,000 pounds or more are depreciated by the Department annually until they are 10 years old (NRS 371.060).

Governmental Services Taxes are rounded to the nearest dollar.

Note: In Motor Carrier Division, vehicles with a GVW of 26,001 pounds or more are assessed GST and SGST based on the Original Purchase Cost (OPC) chart established by the Division.

SUPPLEMENTAL GOVERNMENTAL SERVICES TAXES

NRS 371.045 authorizes boards of county commissioners to impose additional governmental services taxes of not more than \$.01 per \$1.00 of valuation of the vehicle.

Supplemental Governmental Services Taxes are rounded to the nearest dollar and will be calculated at the time of registration as applicable to the county in which the vehicle is based.

EMISSION CONTROL

NEVADA MOTOR VEHICLE EMISSION CONTROL PROGRAM

SUMMARY

A decentralized, test-and-repair, basic I/M (Inspection and Maintenance) program is operating in Reno (Washoe County). A decentralized, test-and-repair, low-enhanced I/M program is operating in Las Vegas (Clark County).

Model year 1968 and newer vehicles that are over two years old are inspected. All gasoline-powered vehicles (light and heavy duty), and all diesel powered vehicles with a Manufacturer's Gross Vehicle Weight Rating of 14,000 pounds or less that meet this model year criteria are inspected for emissions annually. Vehicle owners that are registering or re-registering their vehicle are required to have their vehicle emission inspected as part of the process (program is registration enforced). The DMV registration database obtains the emission information for vehicles that are involved in the registration process from the vehicle information database (VID). Only gasoline emission analyzers are networked to a vehicle information database (VID) for emissions at this time.

Hybrid Vehicles (Gasoline/Electric), effective October 1, 2007 are exempt from emission testing:

- Based on the model year of the vehicle.
- Exempt for 5 model years. Emission testing will resume in the 6th year.

Note: If vehicle is a 2007 and purchased new in 2008 there is no extension allowed. Emission will be required in the 6th model year, upon renewal in 2013.

VEHICLE RATINGS FOR GASOLINE POWERED VEHICLES

Light-Duty Vehicles Defined

- Trucks with a manufacturer's gross vehicle weight rating less than 8500 pounds
- A passenger motor vehicle that is designed to transport 15 or fewer people
- Van Conversions

Heavy-Duty Vehicles Defined

- Trucks with a manufacturer's gross vehicle weight rating of 8500 pounds or more
- A passenger motor vehicle designed to transport 16 or more people
- Motor home, mini motor home or camper mounted on a chassis

TEST PROCEDURE FOR GASOLINE POWERED VEHICLES

1968 thru 1995 Light Duty Vehicles and 1968 and newer Heavy-Duty Vehicles

- Two-speed emission inspection, measuring for carbon monoxide and hydrocarbons.
- Visual inspection for a properly installed gas cap on all fuel tanks.
- Visual inspection for exhaust smoke and crankcase blowby.
- Visual inspection for tampering of the air injection system, exhaust gas recirculation valve, catalytic converter and fuel inlet restrictor.

Catalytic converters did not become mandatory in American Automobile Industry until 1975. Vehicle model years 1968 to 1974 are not required to have catalytic converters.

1996 and Newer Light Duty Vehicles

Inspection of “Certified on-board Diagnostics” (OBDII) system on 1996 and newer light-duty vehicles.

WAIVER REQUIREMENTS FOR GASOLINE POWERED VEHICLES

Clark County:

- \$450.00 in repairs related to exhaust gas failures only. A waiver will not be granted for an emission failure due to tampering of emission devices, visible smoke or blowby. Repairs must be completed at an Authorized Station licensed to perform emission related repairs (designated a 2G station) to be eligible for an emission waiver.
- Self-repair provisions are not authorized in Clark County.

Washoe County:

- Self Repair: \$200.00 spent on parts related to the exhaust gas failure, other than a catalytic converter, fuel inlet restrictor or air injection system. No waiver for an emission failure due to tampering of emission devices, visible smoke or blowby.

- Shop Repair: \$200.00 related to exhaust gas failures only. No waiver will be granted for an emission failure due to tampering of emission devices, visible smoke or blow-by. Repairs must be completed at an Authorized Station licensed to perform emission related repairs. Facilities also noted as 2G.
- In addition to the requirements mentioned, the customer must have the following items present when applying for a waiver:
 1. First failed emissions test before repairs were performed on the vehicle.
 2. Receipts for parts and labor repairs dated after the first failed test.
 3. Second failed emission test after repairs were performed.
 4. Vehicle must be present for inspection to verify repairs were performed.

Note: Vehicles Inspection Reports are valid for 90 days from the date of the test.

DIESEL VEHICLES REQUIRING AN EMISSION INSPECTION

The following Diesel Vehicles are required to have an emission inspection:

- All passenger vehicles regardless of Manufacturer's Gross Vehicle Weight Rating
- All light Duty Motor Vehicles
- All heavy-duty motor vehicles having a manufacturer's gross vehicle weight rating not exceeding 14,000 pounds

Note that the emission inspection requirement is irrelevant to the weight that the registered owner declares, and that only the Manufacturer's Gross Vehicle Weight Rating is the determining factor. These vehicles are tested for opacity (density of smoke existing in the exhaust). Pursuant to NAC 445B.589, all emission control devices that are listed on manufacturer's emission control label for 1981 and newer vehicles are visually inspected. All vehicles that require testing are inspected for a proper fuel cap on all fuel tanks and are required to be in compliance preceding registration or renewal. The diesel vehicles are tested under a load on a dynamometer. The maximum allowable opacity reading in Washoe County is 40% and in Clark County the maximum is 30%.

DIESEL VEHICLES NOT REQUIRING AN EMISSION INSPECTION

The following Diesel Vehicles are not required to have an emission inspection for registration: Heavy Duty motor vehicles with a Manufacturer's Gross Vehicle Weight Rating of 14,001 pounds or more and, vehicles that carry more than 15 passengers with a Manufacturer's Gross Vehicle Weight Rating of 14,001 lbs. or more. These vehicles are tested at random at roadside inspection stations and are not required to have an emission test for registration purposes. Passenger vehicles powered by diesel are not included in this category with the exception of full time all-wheel drive vehicles such as

Hummers. These types of vehicles can receive an emission exemption from the Departments Emission Control Lab's.

SMOKE HOTLINE

Nevada has a Smoking Vehicle Hotline (686-SMOG in Reno, and 642-SMOG in Las Vegas) so that anyone may report a vehicle that is emitting excessive smoke from its exhaust. The information is collected and researched by the Compliance Enforcement Division of the Department of Motor Vehicles. The registered owner is sent a letter notifying them that their vehicle was reported as a smoking vehicle. The letter requests they repair the vehicle if it in fact emits visible smoke.

If a representative of the Department or a Law Enforcement Officer witnesses a vehicle smoking, a Smoking Vehicle Observation Report form is completed. The Department will then require a response from the registered owner of the smoking vehicle.

For more information on the Smoking Vehicle Program call 1-877-368-7828 or the web at www.dmvnv.com/emission.htm.

VEHICLES FOR SALE

It is unlawful for any person (individual or business) to sell, offer for sale, display, operate or leave standing any vehicle that is required by state or federal law to be equipped with pollution devices unless those devices are correctly installed and in operating order.

DEALER SALES

Any dealer who sells a used vehicle that will be registered in a Nevada Emission Control Program area must provide a certificate of compliance at the time the Dealer's Report of Sale is issued.

LICENSEE OVERVIEW

Facilities that perform emission inspections are licensed as either an Authorized Inspection Station (1G) or Authorized Station (2G). Authorized Inspection Stations (1G) can test vehicles for emissions but cannot perform emission related repairs. Authorized Stations (2G) can test vehicle for emissions and also perform emission related repairs.

Individuals licensed to only perform emission inspections are classified as 1G. Individuals licensed to perform emission inspections and emission related repairs are classified as 2G. There are different levels of training and testing requirements for each level of inspector classifications.

FEE SCHEDULES

Fees for inspections are calculated based upon 35 percent of the average shop labor rate, evaluated within each county during the final quarter of each year. There is a six-dollar vehicle inspection report fee that is charged for each inspection throughout the State of Nevada. Maximum fees for each calendar year are calculated during the last quarter of the calendar year and are based on the annual shop labor rate survey conducted by the Department.

SECTION X

OCCUPATIONAL AND

BUSINESS LICENSING

VEHICLE INDUSTRY OCCUPATIONAL AND BUSINESS LICENSING AND REGULATION

The legislature finds and declares the distribution and sale of motor vehicles in the State of Nevada vitally affects the general economy of the state, the public interest and the public welfare. In the exercise of legislative police power, it is necessary to regulate and license motor vehicle manufacturers, distributors, new and used vehicle dealers, rebuilders, leasing companies, brokers, transporters, salespersons and their representatives doing business in the State of Nevada in order to prevent frauds, impositions and other abuses upon its citizens.

The Department of Motor Vehicles (Department) has been charged with the responsibility of regulating the vehicle industry to ensure the legislative declaration and intent is met.

It is incumbent upon each licensee to know the laws governing the vehicle industry and the business for which the licensee is licensed. This information is intended to assist you in that effort.

BEING CONTACTED BY THE DEPARTMENT AND AVAILABILITY FOR INSPECTION OF BOOKS AND RECORDS

As a public agency the Department serves you and many other customers. The Department may receive complaints against a licensee from the public. The Department's Compliance Enforcement Division will investigate these complaints in order to protect the public interest and prevent unfair practices.

The law provides for inspection by the Department, of your Dealer Reports of Sale (VP101), pertinent records, and vehicle inventory. As a condition of licensing, licensees are required to make their books and records available for inspection during normal business hours. Licensees are required to produce items for inspection within 3 business days of receiving a request from the Department, at the location specified. While records examination is required, we will make every effort to minimize any detrimental impact to the business.

BUSINESS INFORMATION

BUSINESS LICENSE

An additional location of a dealership is considered a separate and new business and must meet all requirements of a new business, with the following exceptions:

- If the principals on the application for an additional location have submitted fingerprint cards, it is not necessary to submit additional fingerprint cards with the application for the second location.
- The bond covering the dealer's principal place of business will cover the additional location if located in the same county and operated under the same name. A rider from the bonding company, acknowledging coverage for the additional location is acceptable. For any business located in a different county and/or operated under a different name, a separate bond is required.
- If the additional location has the same name as the first location, it is not necessary to submit an additional insurance certificate; an amendment to the policy acknowledging coverage for the second location is acceptable.

Application for business license at an additional location is processed in the same manner as an original application. Processing time is one to two weeks. Upon approval, a business license number will be issued. Supplies such as license plates and Dealer's Report of Sale books are issued by business license number and cannot be transferred between locations.

The business license and salesperson license are displayed at the licensee's physical location as listed on the license. Books and records must be made available for inspection by the Department during normal business hours.

CHANGE OF BUSINESS PRINCIPAL INFORMATION

Documentation for change of business information may be submitted at any Occupational and Business Licensing office.

ADDING A BUSINESS PRINCIPAL

To add a principal to an existing business, an updated business license application must be submitted, signed by a current principal of the business, checking the change of business principal box and listing all principal's full legal names in the ownership section.

A Personal History Questionnaire form OBL-242 completed with two sets of fingerprint cards, fingerprint processing fee, completed Child Support form OBL-268 and completed Authorization for Release of Information form OBL-254 must be submitted for the new business principal with the license application.

Updated Personal History Questionnaire form OBL-242 and Child Support form OBL-268 must be completed by existing principal(s).

If the business is either an individual or a partnership, a rider to the bond must be submitted adding the new principal's full legal name.

If the business is LLP, LLC or corporation, new corporate documents reflecting the change of business principals or corporate officers are required.

The Department will conduct a background investigation on the applicant being added to the business and upon determination of eligibility for licensing, update the records of the Department to reflect the new information.

REMOVING A BUSINESS PRINCIPAL

To remove a principal from the business license, an updated business license application reflecting the change of business principal information must be submitted to the Department along with a letter from the principal being removed stating that the principal is resigning from the business or relinquishing interest in the business and wishes to be removed.

An Updated Personal History Questionnaire form OBL-242 must be completed by existing principal(s).

If the business is a LLC or corporation, new corporate documents and corporate filing reflecting the change of officers must be submitted.

New city or county business licenses, rider to the bond, certificate of insurance and photo of the new location reflecting the new address must accompany the updated application form.

If the new location of the business is in a county different from that of the previous location, a new bond or rider to the current bond reflecting the change of county of residence must also be submitted.

Dealers must also submit a Franchise Authority noting the change.

Upon approval, the Department will issue a revised business license, salespersons licenses and registration certificates for any business license plates registered in the name of the business. All licenses will be issued for the remaining portion of the calendar year.

CHANGE OF MAILING ADDRESS

When a licensee changes only the mailing address of the business, an updated business application reflecting the change of mailing address or a letter documenting the new mailing address with this information must be submitted to the Department. No other documentation is needed to change the mailing address only.

RENEWAL OF BUSINESS LICENSE

All business licenses for vehicle dealers, rebuilders, manufacturers, distributors, brokers, salespersons licenses and registration for business license plates expire December 31st of each year. Licenses and registrations issued throughout the year expire on December 31st and pay the same fee; there is no prorating of fees. Licenses issued on or after November 1st, are valid for the following year.

A Renewal Notification is e-mailed to all licensees the first week of November of each year and contains a new Access Code to enter the Motor Vehicle Industry Portal (MVIP). Business Information, Renewal Applications and a link to the DMV Business License Renewal webpage can be found on MVIP. See <http://www.dmvnv.com/olbl.htm> for a tutorial on using MVIP and the DMV Business License Renewal webpage.

Occupational and Business Licensing Section of the Compliance Enforcement Division processes all renewals. Licensees are urged to submit the renewal form and fees early to allow processing time.

If printing and mailing the renewal application, a business principal listed on the renewal form must sign the renewal application. The renewal application will be returned if it is not signed by a business principal. A completed Child Support form OBL-268 must accompany the renewal application for each principal. If the form is missing for any of the principals, the renewal application and fees will be rejected and returned to the business.

If the Department does not receive the renewal application prior to close of business on December 31st, all activity must cease until the license is renewed. Failure to cease business operations until the licensee is renewed may result in administrative fines and/or revocation of the license. Renewal applications submitted more than 30 days after the expiration of the license will not be accepted. Failure to renew prior to expiration or within 30 days of expiration will cause the license to be placed in an out of business status and a new application is required.

If the principal wishes, he may designate an office manager or resident agent, who will have authorization to sign the renewal and any other paperwork on behalf of the business. This authorization must be submitted to an Occupational and Business Licensing office in writing on the "Letter of Authorization" form OBL-276, and signed by a business principal. This person must submit a completed Personal History Questionnaire form OBL-242, a fingerprint card and the \$37.50 fingerprint processing fee.

Any change made to the business requires the submission of documentation with the renewal. See "Change of Business Information" section or contact your local Occupational and Business Licensing office for instructions and/or forms.

Salespersons licenses may be renewed at the time of renewal of the business license. If a licensee does not wish to renew a salespersons license, follow the instructions on the renewal notice. If the renewal application is printed and mailed, a completed Child Support form OBL-268 must accompany the renewal application for each salesperson being renewed. If the form is missing for any of the salespersons, the renewal application and fees will be returned to the business.

Business license plates are renewed at the time of renewal of the business license on the renewal form. If a licensee does not wish to renew a license plate, follow the instructions on the renewal form and return the license plate(s) to the Department. Note on the renewal form if a business license plate is lost or stolen.

The number of motor vehicle dealer license plates that may be issued to a dealer or Rebuilder in a number that is limited to the total number of active principals or officers and salespersons licensed to the business, multiplied by 1.5.

Example: Ten total principal officers and salespersons 10×1.5 plates = 15 dealer license plates

Off-highway vehicle (OHV) dealers are limited to one OHV dealer plate per salesperson associated to either the OHV dealer or motor vehicle dealer numbers.

Example: Ten total principal officers and salespersons associated to DLR000012345 and 5 total principal officers and salespersons associated to OHV00067890 = 15 OHV dealer license plates.

Manufacturers and distributors may obtain business plates. These are limited to a number that does not exceed the number of principals or officers listed on the license.

Enforcement action will be taken against anyone in possession of a Nevada business license plate or Registration Certificate that has been reported as lost or stolen. If a license plate which you have reported lost or stolen is found or turned into your business, the license plate and registration must be returned to the Department. The license plates cannot be reactivated.

BUSINESS LICENSE PLATES

The Department is authorized to issue special license plates to business licensees. The fee for a business license plate is \$12.00 plus a \$3.00 per plate Production Fee and a \$.50 per plate prison industry fee. The business license plate may be renewed for a fee of \$12.00.

Business license plates expire on December 31st of the year of issuance. Fees are not prorated.

A Registration Certificate is issued for each license plate and contains the name, address and license number of the business. The Registration Certificate is issued to the license plate and not for a specific vehicle. This allows for a license plate to be moved from one vehicle to another under the control of the business.

LICENSE PLATE DISPLAY

License plates must be securely attached to the vehicle. License plates may not be displayed loosely in the window or by any other unsecured method.

BUSINESS LICENSE PLATES USAGE

A vehicle displaying manufacturer, distributor or dealer license plates may be operated for personal use by a corporate officer, head of a Department or salesperson of the business who is licensed by the Department.

Additionally, a business license plate may be used by a business representative to carry out normal business activities. This would include display, demonstration, maintenance, sale, or exchange of a vehicle, driving the vehicle to a temporary off-site sale, etc.

Pursuant to NAC 482.048, a manufacturer, distributor, dealer or rebuilder shall not authorize use of a business license plate on:

- Vehicles driven by a member of the family of the principal owner, officer, head of a department or salesperson of the business, if the family member is not licensed as a manufacturer, distributor, dealer, rebuilder or salesperson.
- A vehicle that does not constitute inventory held for sale by the manufacturer, distributor, dealer or rebuilder.
- A vehicle that is owned and has been leased or rented to any person.
- A vehicle operated in the furtherance of the business, i.e., work or service vehicles owned by the manufacturer, distributor, dealer, or rebuilder.
- Vehicles that have been sold.

Pursuant to NRS 482.320.2, dealer license plates may not be used on:

- Work or service vehicles owned or controlled by the dealer/rebuilder.
- Vehicles leased by dealers, except vehicles rented or leased to vehicle salespersons in the course of their employment.
- Vehicles that are privately owned by the owners, officers or employees of the dealer/rebuilder.
- Vehicles that are being used for personal reasons by a person who is not licensed by the Department or identified as an officer, department head or salesperson for the dealer/rebuilder.
- Vehicles that have been given or assigned to persons who work for the dealer/rebuilder.
- Vehicles purchased by a manufacturer, distributor, dealer, or rebuilder for personal use which the licensee is not licensed or authorized to resell.

NEVADA LOAN LICENSE PLATES

Loan license plates may be obtained by a Nevada licensed dealer or rebuilder and may be used on vehicles that constitute inventory held for sale and are loaned to a customer in the course of business. The vehicle may be used by the customer for any purpose. NAC 482.043

The dealer or rebuilder may use a loan license plate on a vehicle loaned to:

- A customer, in the course of business.
- An officer or employee of the State of Nevada in the furtherance of the business of this state.
- An officer or employee of the University or Community College System of Nevada for any purpose authorized by the system.
- An officer or employee of a school district, for the furtherance of the school district business.
- An officer or employee of a county, city or town for the furtherance of county, city or town business.

- An officer, employee or agent of an organization that is tax exempt pursuant to the provision of section 501(c)(3) of the Internal Revenue Code, for the furtherance of the business of the organization.
- A dealer may use no more than six of the loan plates for personal use by the dealer or member of his immediate family.

A customer may not use a loan license plate for more than 10 days in a calendar year. A dealer or rebuilder may not accept any fee, compensation or other form of direct profit from the loan of a vehicle displaying a loan license plate. NAC 482.0435

The dealer or rebuilder must maintain a written record of each vehicle that is loaned to a customer in the course of business and on which a loan license plate is displayed. The written record must be maintained at the established place of business and must be available for inspection by the Department. NAC 482.042 and 482.0425

SUPPLEMENTAL LOAN LICENSE PLATES

Supplemental loan license plates may only be issued to a franchised dealer who is required under the terms of their franchise agreement to provide loan vehicles of the same make to customers whose vehicles are being serviced or repaired.

Supplemental loan license plates must be registered to a specific vehicle and may only be transferred upon completion of a Supplemental Loan License Plates application, form OBL-309 and payment of associated fees.

The requesting franchise dealer must provide a copy of the provisions of the franchise agreement that conflict with the limitation of 40 loan license plates.

A statement on company letterhead indicating the average daily repairs to justify the number of loan license plates requested, must accompany this request. The justification must be based on the number of work or service orders issued by the franchise dealer for vehicles of the same make and line as the vehicles, which are covered by the agreement. NAC 482.040

BUSINESS LICENSE PLATES ISSUED BY OTHER STATES

It is the policy of the Department to honor the use of business license plates issued by states other than Nevada if the use of such license plates is in compliance with the statutes of the issuing state.

GOING OUT OF BUSINESS

When a business licensee goes out of business, the business principal or officer must notify the Department immediately. The licensee must complete an Out of Business Memorandum form OBL-266. This form is documentation that the business voluntarily went out of business and includes the date the business closed.

Supplies issued to the licensee by the Department must be returned at the time the business ceases to operate. Supplies include unused portions of Dealer's Report of Sale books, 15-Day Drive Away Permits, Short-Term Lessor Permits, DRS placards and all business license plates and registrations issued to the business. The dealer or rebuilder is responsible for maintaining all copies of DRS and Short-Term Lessor Permits that were issued by the business for a period of three years from the date of issue.

A new temporary permit will be issued and upon completion and approval of the background check, a Salesperson License will follow.
