We can't forget the kids. We will have holiday refreshments available and two holiday crafts for the kids. What a fun way to make gifts for the family. We hope to see you here **December 11, 2010 from 12-4:00pm.**

E-Cards

The staff at the Society is working on putting a new feature on our website, e-cards. The ecards represent items from the Collections of the Nevada Historical Society, including an assortment of greeting cards.

Keep an eye out for them, we are hoping to launch them right before Christmas.

Society Digital Project

The Society would like to thank our donor for donating money to purchase a new scanner.

The upcoming scanning project will allow the Society to preserve the original Grosh Brother letters. These valu-

able letters help tell the story for the 1859 Comstock Lode discovery.

Once the letters have been scanned, a printed copy will be available to view in the Research library along with the transcript.

The society would like to thank Eric Moody, Ron James and Bob Stewart for working on creating the manuscript for our upcoming book thru *The University Press*, tentatively scheduled for Christmas 2012.

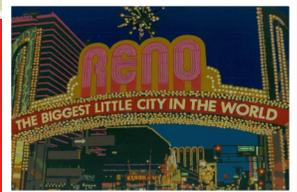

Society Art Collection Highlights

The Society has received a wonderful new donation to the Museum Artifact Collection on November 24, 2010.

The painting is called 'Reno' and it depicts the iconic Reno Arch. It's a great addition that will be placed in our permanent Reno History Gallery.

We would like thank artist, Joseph Konopka, American Cityscapes artist from New Jersey for donating this artwork.

Konopka's artwork is represented in American collections around the United States.
