## **TMCC PRIVACY NOTICE FOR PRINTED MATERIALS**

In accordance with institutional policy and the U.S. Family Education Rights and Privacy Act of 1974 (FERPA), Truckee Meadows Community College vigorously protects the privacy of student education records. The institution does not release private records of individual students, such as grades and class schedules, without prior written consent of the student.

As permitted under federal law, the sole exception to the above practice is the release of "directory" information considered to be public in nature and not generally deemed to be an invasion of privacy. At Truckee Meadows Community College the following categories are defined as "directory" information: student name, address, telephone number, semesters of enrollment, full-time/part-time status, degree(s) awarded, emphasis field(s) and date(s) of graduation.

Students have the right to request non-disclosure of directory information. If they do not restrict release of this information, it is probable that the information will be released and disclosed. Truckee Meadows Community College uses directory information for non-commercial, educational purposes, such as to mail notices to students about changes in policies, services or opportunities. Directory information may also be provided by commercial purpose to businesses affiliated with the institution, honor societies, the alumni association and foundation, or other individuals for purposes that may be beneficial to students. The institution exercises discretion in responding to requests for directory information and may or may not provide such information when requested, depending on the intended purpose of the request. The institution does not sell or rent student information for a fee.

It is important to consider carefully the potential consequences of restricting the release of directory information. If a student restricts release for non-commercial educational purposes, the institution will be unable to place the student's name in publications such as honors and graduation programs; to confirm graduation and dates of attendance to potential employers; to verify enrollment with organizations such as insurance companies; or to send notifications about specialized scholarships without the express written authorization of the student.

If, after due consideration, you wish to restrict the release of directory information, complete this form and submit it to the office of admissions and records. This directive will apply permanently to your record until you choose to reverse it by submitting a written authorization.

- Do not disclose my information for commercial purposes.
- Do not disclose my information for non-commercial, education purposes.
- Do not disclose my information for both commercial and non-commercial purposes.

Visit [rtcwashoe.com](http://rtcwashoe.com)  
to buy your transit  
passes.

The screenshot shows the RTC Online Pass Store interface. On the left, there is a login form for 'Authentication' with fields for 'Username' and 'Password', and links for 'Log in', 'Register', and 'Forgot password'. Below the login is a 'Help' section with links to 'Contact us', 'Privacy statement', and 'Terms & Conditions'. On the right, a 'Welcome to the Regional Transportation Commission Transit Pass Online Store' message is displayed, explaining the benefits of using transit passes. It lists three main categories of passes: '7-Day Pass RTC RIDE', '31-Day Pass RTC RIDE', and '10-Ride Pass RTC RIDE'. Each category has a sub-section for 'RTC INTERCITY' and 'RTC ACCESS'. Below these are 'RTC ACCESS 10-Trip Ticket Book' and 'RTC ACCESS on RTC RIDE 10-Ride Pass'. A shopping cart summary on the right shows a single item: 'RTC ACCESS 10-Trip Ticket Book' with a price of '\$17.50'. The bottom right corner of the screenshot shows a small 'Internet' icon and a battery level indicator.
